NO BIG BILLS WAIT VIEWS OF PRESIDENT

**By James Shepley
United Press Staff Correspondent**
WASHINGTON, July 5.—Congressional leaders today awaited President Roosevelt's view on plans for the largest legislative program since British aid—retention of army units in active service without restriction on their outside the western hemisphere and price control authority. The president as yet has not told his house and senate what his wishes are.

The recent war department memorandum to Mr. Roosevelt on the national guardsmen in service beyond their one-year period has been handed to the staff. Gen. George C. Marshall, chief of staff, asked for authority to assign drafts and reserve officers, as well as guardsmen, and permit use of troops outside the western hemisphere and United States possessions.

The control administrator Henderson submitted a proposal of a bill which would grant broad powers to fix prices in defense areas. His proposal was to be revised in consultation with the drafting service.

Decision on both plans will await the President's conference with his legislative leaders. He usually meets them each Monday.

Mr. Roosevelt and Senate leaders conferred with war department officials on Marshall's proposal for definite arrangements for the discussion have yet made. Noninterventionist opposition is mounting in the senate.

The selective service and guard act provide that men are to serve for one year unless congress authorizes retention for a longer period.

Gen. John F. Williams, chief of the National Guard Bureau, said the 287,000 national guardsmen have expressed a willingness to remain in service "as long as the nation needs them in the present emergency."

Based on his statement on a nearly-completed inspection tour of the four field armies in Tennessee, Texas, Louisiana, and the Pacific coast and Alaska.

Gen. Wavell Sees Three Possible Moves By Nazis

By United Press
CAIRO, July 5.—Gen. Sir Archibald Wavell, retiring British Commander in Chief in the middle East, said in a farewell interview that he foresaw possibilities of German action after the Russian campaign.

One possible course, he said, was that the Germans would try to march through the Caucasus to attack the middle East, a second was that the Germans would make a right-about turn after gaining some successes in Russia and attack the middle East from the European area, and the third was an attempt to invade Britain.

He said it was difficult to say how strong and long a fight Russia would put up but that it had tremendous reserves of man power and great spaces in which to retreat.

Discussing the present situation in the Middle East, Wavell said the Ethiopian campaign was almost over and that there remained but two small Italian pockets of resistance to be cleaned up, one in the southwest, the other in the Gondar area in the northwest.

In Syria, Wavell said, progress had been slow and difficult, but things were going satisfactorily.

LOCAL BOARDS TO DEFER ALL 28 YEAR OLDS

General J. Watt Page, State Selective Service Director, today announced that all Texas local boards have been instructed to defer induction of men who, on July 1, 1941, had reached the age of twenty-eight years.

General Page said that National Selective Service Headquarters has been assured by Congressional leaders that the age provisions of the bill to defer men who had attained the age of twenty-eight years on or before July 1, 1941, will be passed in substantially their present form since there is no difference of opinion as to the merits of these provisions of the bill.

As the bill is now written, General Page pointed out, such men will be subject to discharge if inducted on or after July 1, 1941.

Based on the statements of Congressional leaders and the provisions making the bill retroactive to July 1, 1941, for discharge, Texas local boards have today been informed by state headquarters that the induction of all men who had attained the age of twenty-eight years on or before July 1, 1941, shall be postponed for a period of thirty days pending final action on the bill.

"Of course, in the event the bill is not passed," General Page added, "such men will be subject to induction in the normal manner upon the expiration of the period of postponement."

In Texas, it is estimated, approximately 400,000 of the 825,429 men who registered last October are affected by this order.

NAZIS REPORT GAINS BUT RUSSIANS CLAIM CASUALTIES ARE HIGH

Adolf Hitler's blitzkrieg army reported a 60-mile stab into the main Red Army defense line to Moscow today and claimed steady gains on other sectors of the Eastern Front.

A communique broadcast from Moscow substantiated part of the German claims but the Russians reported that terrible casualties—estimated at 700,000—had been inflicted on the best German troops and that resistance continued in heavy battles of tanks, artillery and airplanes all along the front as well as in guerrilla war behind the Nazi lines.

The Russians admitted that the Germans reached the Dnieper River in the drive toward the Dnieper, but said the Nazis were halted there with terrible losses as they fought on the banks and in the water.

On the Southern Front, the Germans reported advances in cooperation with Rumanian and Hungarian troops which finally forced their way across the Prut River. A Rome radio report said the axis troops had pushed 62 miles through Sovietized Bessarabia to the Dniester River on the frontier of the Ukraine.

In Southern Poland, fierce fighting still raged in the Tarnopol sector and in the far north the Germans reported indefinite advances from Finland.

The Germans, in reaching the Dnieper, had gone eastward from Borisov in the direction of Orsha and Mogilev, important towns on the long railroad line from Leningrad to Kiev and Odessa. The advance Nazi units reported they were only 65 miles from the still more important railroad center of Smolensk, which has been heavily bombed by the Germans, and about 220 miles from Moscow.

BRITISH BOMB FRENCH COAST, HIT VESSELS

**By Ned Russell
United Press Staff Correspondent**
LONDON, July 5.—British bomber-fighter formations sped across the English channel in relays today to hammer Nazi-occupied North France after making heavy night attacks on German warships and U-boats at the naval bases of Brest and Lorient.

The air ministry said that the German battleships, Scharnhorst and Gneisenau and the crack 10,000-ton cruiser Prinz Eugen, berthed at Brest, were straddled with bombs and reported that high explosives fell among moored U-boats at Lorient.

During the operations, in early afternoon, the British formations were believed to be striking at objectives some distance from the coast of North France. Observers on the English side of the channel heard distant explosions.

British bombers, the air ministry said, reached as far north last night as Kristiansund, Norway, where "a factory was hit by a salvo of bombs and fires were started near the west harbor."

At Hagesund, also in Norway, "bombs fell on quays and shipping alongside. A roof was blown off a large warehouse, which was set afire," the air ministry added.

Another plane was reported missing from the raids against Norway.

Lighter bomber forces attacked the docks at Cherbourg, industrial targets in the German Rhineland, where Bremen was subjected to day and night bombings yesterday, and the railway yards at Abbeville in the north of France, the air ministry said. The ministry reported that two German night fighters were shot down and admitted the loss of four British bombers in those operations.

Riddles Russians

Hot shot of Nazi air force is Lieut. Col. Werner Moelders, 28, credited by high command with leading a squadron which shot down 110 Russian planes.

NEW YORK, July 5.—Twenty firemen were injured, some believed seriously, when backdrafts of a fire in a six story downtown office building hurled them across lower Broadway today.

Another fireman, Carl Bischoff, 51, of hook and ladder company eight, was burned to death on the first floor of the building, presumably in one of the two backdrafts that blasted through the structure.

Firemen said the building, occupied by a sporting goods firm, had been closed since Thursday night. They believed the fire started Thursday night or early yesterday. When they broke down a door to reach the blaze, the pent-up smoke and flames burst forth and blew 10 of the firemen across the street. Some were said to have been carried through the air for 25 feet.

Another group replaced the injured firemen and shortly after the second back-draft occurred, injuring 10 more.

Grady Pipkin of Eastland, county chairman of the Eastland County Food Industries Committee has announced a meeting of the member merchants of that organization and their employees for Monday evening at 8 o'clock in the 92d district courtroom in Eastland.

The meeting, called at the suggestion of Homer Brelsford, area supervisor, is said to be of great importance and all merchants and their employees interested in the stamp plan have been urged to attend.

ALICE HENRY IS WINNER IN BEAUTY REVUE

Miss Alice Louise Henry, representing the Commercial State Bank of Ranger won first place in the second annual bathing revue, held at the Municipal Swimming Pool Thursday evening.

Miss Cleoanna Moore, representing the Community Public Service Company, won second place and Miss Muri Dean Murrell, representing the Ranger Times and Miss Mary Louise Savage, representing Strawn, tied for third place. The winner was awarded \$50, winner of second place got \$30 and the third prize of \$20 was divided equally between the other two winners.

Judges of the revue were Grover C. Lee, and Earl Noland, of Strawn; Frank Sparks and Charles Lucas, Eastland, and Mr. and Mrs. H. A. Zeigler, Fort Worth.

The revue was directed by Mrs. Eva Hamill, who also had charge of the first revue parade last year.

Because of a heavy rainstorm which struck the city Thursday afternoon, the loud speaking system which had been installed was drowned out, which slowed up the revue parade some because of difficulty in making the announcements, and also cut down the crowd some, though a near-capacity attendance was noted.

In the junior revue Betty Moore representing the American Legion Auxiliary, won first place, and a \$30 cash prize; Jesse Jean Hansford, representing the Home Guard, won second and \$20 prize; and Norma Jean Walters, representing the Walters Cash Grocery, Eastland, won third place and a \$10 prize.

In the swimming and diving events, held prior to the beauty revue, Frank Jewel won first place in the speed swimming contest, Azzette Joseph won second and Billy Rae Elder third.

Man Prince To Rule In Russia If Germans Win

By United Press
LONDON, July 5.—Reports reached a foreign embassy that Adolf Hitler hopes to appoint Prince Louis Ferdinand, second son of the former German Emperor, to the throne of Russia.

Storms Interfere With War News Communications

By United Press
NEW YORK, July 5.—A severe magnetic storm interfered with communications facilities throughout a large part of the world today and interrupted transmission of war news from the German and Russian war centers for an unusually long period.

All wireless contact with Moscow was broken about midnight and no news dispatches from the Soviet capital have been transmitted since then, according to communications companies, and all European points were cut off or exceedingly difficult to contact.

Wireless contact with Moscow was interrupted before midnight Friday, according to press wires, and had not been restored at 10 a. m. EDT. Radio Corporation of America also said that communication with Moscow had been interrupted since 1 a. m.

Knudsen To Tour Defense Sectors To Make Survey

By United Press
WASHINGTON, July 5.—OPM Director William S. Knudsen will begin a tour Monday of defense areas to make a first hand check of progress on aircraft, shipbuilding and other defense production, it was learned today.

Knudsen's trip, to be made by plane, will place special emphasis on efforts to speed up aircraft production. He will visit shipyards in San Francisco and copper producing areas in Montana.

His schedule: Detroit, July 7 and 8; Minneapolis, July 9; Butte, Mont., July 10; Seattle, July 11 and 12; San Francisco, July 13; Los Angeles, July 14-16; San Diego, July 17; Fort Worth, July 18 and 19; Wichita, Kans., July 20 and return to Washington, D. C., July 21.

State Selective Service Board Wants 160 Negroes

State Selective Service Headquarters today announced the Army's twentieth call on Texas for 160 negro selectees, to be inducted on July 17.

When this call has been completed, Texas will have 31,964 men actually in training under the Selective Training and Service Act, according to General J. Watt Page, State Director.

Gross quotas for the States, General Page said, have been re-adjusted and from time to time will be recomputed so that the actual requirements of the armed forces may be filled promptly and, at the same time, no State or Local Board will furnish a disproportionate share of men to the land and naval forces.

Nuisance Gauge On Mosquito Bites Is Checking Frequency

By United Press
SCHENECTADY, N. Y.—When rare mosquitoes are a nuisance. When they bite every 15 minutes, says a New Jersey state entomologist.

This frequency of the pest determines when the state begins to control the insects in an area, according to Thomas D. Mulhern, one of the men in charge of the New Jersey control program.

"It is very possible that New Jersey's great industries and resorts would never have been developed if scientists had not tackled the mosquito menace."

Food Stamp Plan Meeting Called

Grady Pipkin of Eastland, county chairman of the Eastland County Food Industries Committee has announced a meeting of the member merchants of that organization and their employees for Monday evening at 8 o'clock in the 92d district courtroom in Eastland.

The meeting, called at the suggestion of Homer Brelsford, area supervisor, is said to be of great importance and all merchants and their employees interested in the stamp plan have been urged to attend.

State Deficit Hits New High Mark

By United Press
MARTIN, Texas, July 5.—A deficit of \$29,376,131.27 in the general Revenue fund was reported today by Treasurer Roy Lockhart. The fund was \$20,894.58 in the red on June 30, the date of the last report, and \$29,903.72 in arrears on July 30. Warrants on the general fund were before July 29, 1940, being paid without discount, had not been paid.

ROME, July 5.—The small Italian garrison, which has been holding out at Debra Tabor in Ethiopia for many weeks, has been forced to capitulate, an Italian war communique said today.

New High Cotton Yield Established

By United Press
BAKERSFIELD, Cal.—The Kern county cotton yield in 1940 set a new world cotton yield per acre record, the Kern county farm advisor reported.

The average Kern cotton yield for 1940 was 821 pounds—45 pounds more than the official 776 pounds recorded in 1939 by the bureau of crop statistics.

Marc A. Lindsay, Kern county farm advisor, reported the 1940 Kern cotton crop was valued at approximately \$7,000,000 as compared with the 1939 crop of \$6,000,000.

When the Reasonable Is Unreasonable

When a man owns property, the presumption is that he need part with it only on terms which he believes reasonable in view of his own needs and the inducement offered.

It would be wrong for any man to own great quantities of any kind of goods useless to himself and deny them to others at a reasonable inducement. But it would also be wrong for those others simply to move in, knock the owner senseless, and take what they want.

The great resources of the world's natural wealth are perhaps not quite on so simple a basis. Any reasonable person would agree that it is wrong for any person to sit on indispensable quantities of the world's resources and to deny them to other peoples. One of the world's needs is some means of better distributing and making available the raw materials of the world. The accepted means seem to have worked badly, since several great peoples (the Germans, Italians, and Japanese, for instance) have been loudly clamoring for more and insisting that they have been denied access to them.

What is the alternative? The alternative is to devise peacefully and reasonably new and better means of distributing those resources. Its answer is not simply to open up the world as one gigantic cockpit where the strong shall take what he can and let the devil take the weak.

The pitiful part of it is that the basis for such a reasonable solution has been destroyed, and destroyed by the very people who stand to profit most by such a solution. Japan's "demands" on the Dutch East Indies for a share in the exploitation of the riches of that region are quite reasonable on their face. They want to provide entry of Japanese into the islands for commercial work, entry of Japanese ships to East Indies ports, coastwise navigation privileges, fishing privileges, and the like. Entirely reasonable, but—

Unfortunately, over the past 10 years Japan has destroyed the reputation of her people as willing to confine themselves to these legitimate and reasonable objectives. Does not the world know what the Japanese business men do in a strange country beside business? Does it not know what Japanese ships and fishing vessels do in strange waters beside fish?

Is anyone ignorant of what citizens of Hitler Germany do in foreign lands beside what the rest of the world considers legitimate business? When every drummer, every fisherman, every consul, every traveler, is an agent for international revolution, for government spying, for domestic intrigue and the sowing of dissension, then business is no longer business, and it is not strange that the world no longer so regards it.

That is the tragedy.

Representatives of totalitarian powers have long since proved that no one can trust them to be what they seem to be, to carry on simply the business they say they wish to carry on.

That is why demands, reasonable on their face, are not really reasonable or even tolerable, and must be refused.

The trouble with some men in public life is that they think a lot of political bunk leads to an easy berth.

Whipping Post Is Urged For Minor Crime Punishment

By United Press. HUNDRED, W. Va.—Dr. E. W. Rose, 79-year-old newly elected mayor of Hundred, believes a whipping post is just the thing needed to preserve law and order in this tiny community.

Tunnel Network Runs Under Capitol

By United Press. DENVER—Few people in Colorado are aware of it, but deep down under the 230,000 cubic feet of solid granite that composes the statehouse in Denver is an intricate system of tunnels and caves that would make an ideal air raid shelter.

Reception Honors New Residents
Honoring Dr. and Mrs. G. C. Boswell, Miss Genevieve Boswell, and Mr. and Mrs. E. R. Prising, Mr. and Mrs. B. A. Tunnell and Mr. and Mrs. Hal Hunter entertained with a reception at the Hunter home, Lone Star Plant No. 3, on the Breckenridge highway, Wednesday evening from eight until ten o'clock. The Boswells recently moved from Weatherford to Ranger, where Dr. Boswell is superintendent of schools and president of Ranger Junior College. Mr. Prising, head of the Junior Arts department of Ranger Junior College, and Mrs. Prising were married in Chicago early in June.

Daisies decorated the living room where the guests, all of whom are connected with the Ranger Public schools and Ranger

Junior College were received by the hostesses and honor guests. In the dining room the table was laid with a lace cloth and centered with a crystal bowl of nasturtiums and fern on a reflector flanked by pale yellow tapers in crystal holders. Misses Lynn Pearson, Mercedes Pearson, Billy Jean Crawley, and Mary Frances Hamrick served refreshments to sixty guests.

CHURCHES

PRESBYTERIAN CHURCH

Clarence C. Elrod, Pastor
"The Little Church with a Big Welcome."
"And the Lord shut him in" (Genesis 7:16).
This is the record concerning Noah whom God shut in the ark. It is not only a historical fact but presents a great typical truth. When a soul flees to Jesus for refuge and when God shuts that soul up as sheltered in Christ, there can be no slightest hint of that soul's eternal loss. Thank God for Christ our refuge! Has the reader found refuge in Him? Trust Him today.

Anniversary Sale

Just one year ago this month we opened the door of our present location to fill it with beautiful clothes for women and Juniors. You, our customers have proved your appreciation by making our store your headquarters. This first year has showed you that we buy the same labeled merchandise that you find at The Fair, Washer Bros., and Striplings, in Fort Worth; Neiman-Marcus, A. Harris and Titche-Goettinger, in Dallas.

You know, too, that due to low overhead here we can sell you **this same merchandise** for less money.

And now at the height of our Summer season with 3 long hot months ahead, we offer you a **store-wide clearance sale**.

Women's and Junior's beautiful Summer **Dresses** marked way below cost . . . pastels, whites, prints and dark sheers reduced for the first time.

You'll find great savings in our **Milinery** department. Whites, pastels and dark colors in straws and felts . . . marked so low you can afford to buy 2 or 3.

Slack Suits, Play Dresses, Evening Dresses, Negligees, Skirts and Blouses, all marked for quick disposal.

Gift Shop Sale: Hostesses and gift-seekers will love the choice items marked unusually low to clear.

Come early. You'll be delighted with this sale. You know from past experience that we offer **unusual bargains** when we present a sale. We especially invite our customers and friends to enjoy a slice of our **birthday cake and coffee free**.
