TECHNICIANS OF U. S. WORK ON IRISH BASE

By C. D. MILLIGAN
United Press Staff Correspondent
LONDON, July 12.—A colony of United States technicians, workers and laborers, who "like to feel themselves pioneers in America's fight," has been engaged on works in certain areas for a few weeks.

(They reportedly have been engaged in constructing air and naval bases in Northern Ireland.) The men are housed in military barracks, which one of the workers, Max G. Ward of Sault Ste. Marie, Mich., said the soldiers gave up voluntarily and went to live in tents.

"They have given us a grand break here," Ward said. "We like the Irish and although the money for the work we are doing is an attraction, we are glad to feel that we are helping Britain in her fight."

"We like to feel ourselves pioneers in America's fight," he added. "But, of course, we still are neutral."

Some of the workers presently are erecting huts and bomb-proof shelters.

George Wilson, 21, of Boston, and his buddy, Howard Schelter, 23, of Providence, R. I., who are lock-builders, said they were being paid \$30 a week, which they were banking in the United States and were receiving besides a living allowance of \$12 to \$16 a week.

Wilson said he missed his home and his life. "It's quiet here, but the people are very nice."

Schelter was looking forward to the arrival of baseball equipment from the United States. The only suggestions he had were, "We would like to have a place to meet friends, dance, drink, hear music and set our dogs going."

Robert W. Power, 18, of Providence, R. I., speaking for the youngsters among us, said, "We appreciate the Irish girls." Some of the married men brought their wives and families here from the United States.

Jack Creelin of Aberdeen, S. D., reported that "everyone is complaining about the food in the barracks. We sure miss our alfalfa dates and coffee. The coffee is not the same as we are used to getting and the fellows also miss their beer."

They have the vaguest idea of distances here. One wanted to take a taxi-ride to Glasgow. Another wanted to spend an afternoon in Tipperary, 250 miles from here.

Farmer Burns An Entire Wheat Crop To Spite The AAA

JACKSON, Mich., July 12.—Marion Hatt, 55-year-old farmer, started a 17-acre fire today on protest that there is "too much chaff" in government wheat regulations.

Hatt grew 17 acres of wheat on his farm near Vandercook Lake this year. When he applied for an agricultural adjustment administration marketing card, he was told he had planted two acres over his quota. He was told he would have to pay 49 cents a bushel penalty on the excess acreage.

Hatt was shocked and so was his wheat. So he returned home and started burning the entire crop, bundle by bundle.

Defense Bond QUIZ

Q. If I have several Defense Savings Bonds, or one Bond of large denomination, may I obtain part of my money should I need it, and leave part invested?

A. Yes. For example, a Series E Bond may be redeemed on demand at any time after 60 days from date of issue, payable at its cash redemption value. Upon payment in part, the remainder will be released and will be of the date of the original Bond.

Q. Can I get my Defense Stamps money back, if I suddenly need it?

A. Yes. Owner may redeem Stamps at any time.

Note.—To buy Defense Bonds and Stamps, go to the nearest post office or bank, or write to the Treasurer of the United States, Washington, D. C., for an order form.

Nosaes Yllis

It would be easy to write something funny about this, but the idea itself is enough: Albert G. Burns, president of the Inventors of America, is trying out a combination mouse trap and cigarette lighter at the inventors' exhibit in New York.

RAF BOMBERS MAKE NEW RAIDS UPON GERMANY

LONDON, July 12.—British heavy bombers, in strong formations escorted by swarms of fighters, struck savagely at Northern France today after having pounded Germany's big Wilhelmshaven naval base the vital industrial targets in the 32nd night of sustained attack.

Observers on the Southeast English coast reported that heavy bombers and myriads of fighters swarmed across the English Channel toward the invasion coast and enemy bases in Nazi-occupied Northern France.

The thunder of fierce anti-aircraft fire could be heard on the English side of the channel.

BERLIN, July 12.—Official sources reported today that "weak" British air formations bombed the North German coastal area during the night, causing "only slight damage" and several civilian casualties.

Effective German anti-aircraft fire was credited with breaking up the formations and preventing accurate bombing.

Fort Worth Man Is Injured In Wreck

D. J. Costa of Fort Worth was painfully injured Friday evening when the car he was driving was involved in an accident on Highway 80, about two miles southwest of Ranger.

Costa was taken to the West Texas Hospital in Ranger, where it was found he sustained a broken leg, broken arm and other injuries. He was taken to the hospital by Charles Howell and Wade Masengale of Eastland.

Mr. and Mrs. A. J. Ratliff of Ranger, who were in the other car, escaped injury.

More Girls Try To Get Into Colgate

HAMILTON, N. Y.—The ability to determine the sex of letter writers by their handwriting is a prerequisite for a college admissions director, according to James D. Howlett of Colgate University.

Howlett said Colgate, for men only, annually receives 20 to 40 inquiries about admission from girls, each of whom must be discouraged from filing formal applications. He believes the difficulty is increasing because of wider usage of Marion, Jean, Vivian, Eustace, Francis, Hilary and Jessie as names for either men or women.

DANISH SHIP'S ARE TO GO IN U. S. SERVICE

By MERRIMAN SMITH
United Press Staff Correspondent
WASHINGTON, July 12.—The Maritime Commission today announced that it has taken title to 16 more Danish vessels under provision of the ship-requisitioning act.

The announcement came shortly after the treasury had confiscated one German and 15 Italian ships which were among 30 Axis vessels taken under protective custody by the Coast Guard on March 30.

The Danish vessels—39 in all—also were taken into protective custody at that time. The Maritime Commission previously had taken title to 15 of the Danish bottoms. Today's action brought to 31 the number of Danish ships acquired by the commission.

The commission said that its representatives had boarded the new group, scattered in four Atlantic ports, and formally assumed title and possession of them.

The government meantime, planned to use the confiscated German and Italian vessels for transportation of defense materials to the United States from Western Hemisphere ports. The Axis ships were confiscated under the 1917 Espionage Act, which provides that ships sabotaged in American waters are subject to forfeiture.

None of the Danish ships were sabotaged.

The commission said that two of the ships will be turned over to the army. Allocation of the other ships will be made later, it added.

The owners of the Danish vessels will be compensated.

Lion Hunter Bags Half A Thousand

BIG MESA, Ariz.—Giles Goswick of the division of predatory control, U. S. Fish and Wild Life Survey, has killed or captured more than 500 mountain lions in his time.

His job is to take care of the "killers" on the ranges of Arizona. These "cats" sometimes cost a rancher \$500 a week in calves, yearlings, and colts.

Goswick has a pack of 11 hounds that sometimes chase a lion for miles through dry mountain country in northern Arizona. Once the animal is tired, Goswick goes into action with either a rifle or a rope. Captured lions are sold to zoos.

Goswick always runs the last half mile of a pursuit, "just to see if there might be something a little different about this lion."

Eldridge Named Superintendent Of Okra School

Claborne Eldridge, principal of the Center Point school, located between Carbon and Gorman, has been appointed superintendent of the Okra school, a position he had not applied for, but which he stated he doubtless would accept. The Okra school is the largest classified rural school in the county.

Eldridge has been engaged in school work 28 years, 24 years as a teacher and four years as Eastland county superintendent of schools.

Suits Filed In District Courts

The following suits have been filed in the District courts of the County:

Nadine Carlile vs. L. B. Carlile, divorce.

Leon East vs. Atlee East, divorce.

Maydell Grand vs. Fred Grand, divorce and custody of minor child.

Lillian Morrow vs. Raymond Morrow, divorce.

Three Powers Will Settle A Dispute

BUENOS AIRES, July 12.—The foreign office announced last night that Peru has accepted "in principle" the offer of Argentina, Brazil and the United States to mediate its border dispute with Ecuador.

The Peruvian acceptance contained "not insoluble" reservations, the foreign office said.

Spits More Fire

Newest version of famous British Spitfire plane features a cannon in each wing. These greatly step up fire power.

GERMAN FORCES MOVE INTO THE "WET ZONE" FOR COUNTER BLOWS

By JOE ALEX MORRIS
U. P. Foreign News Editor
German armed forces were reported driving into the "wet zone" of the Northeast Russian front today despite a series of hammering British and Soviet counter-blow designed to sap the strength of an expected "all out" Nazi offensive against the Red Army.

An old-fashioned infantry advance instead of swift blows by panzer units was reported by the German official news agency to have overcome "apparently insuperable" obstacles in the north-east—including lake and swamp defenses, burned villages and crumbling roads and bridges.

Then, the agency said, picked German shock troops early today assaulted the main Russian defenses, described as the Stalin Line, in a "successful" onslaught.

The German drive, which was not mentioned by the Nazi high command, presumably was in the Ostrov-Polotsk sector, where the Russians last reported severe fighting against a numerically superior enemy on Thursday.

So far, however, not even the German official news agency has claimed a break-through in the main Russian defenses, which are in great depth rather than a solid line (like the Maginot Line).

Today's Russian war communication for the third straight time said that there were no land operations of consequence during the night and reported that the Russian air fleet was pounding ceaselessly at the Nazi blitzkrieg columns, rear line communications, air fields and the Rumanian oil centers. Destruction of 244 enemy aircraft was reported in the last two days.

Thus after three weeks of blitzkrieg offensive—a period in which France fell—the Red Army was still intact, only buffer zones had been given up to the enemy and the main defense regions were still virtually intact, depending upon the success of the reported Nazi stab in the northeast.

All belligerent capitals, however, admitted that the real test was still to come. London and Moscow agreed that the Germans were massed for a great do-or-die assault if they could once make a break-through.

This impending assault was the chief reason for the furious Russian counter-blow through the air and gave the British additional reason to intensify to the limit their day and night bombardment of German war centers in the west.

Eastland Woman's Father Dies At Home In Cisco

Funeral services for Alex Angus, 67, of Cisco, who died at his home on West 6th street Friday night, will be conducted from the home Monday. Burial will be in the Cisco cemetery.

The deceased was the father of Mrs. L. C. Hall of Eastland. Other survivors are the widow, and the following children:

Mrs. Lee Gallagher, who resides in the state of Washington, and Mrs. Roy Gallagher of Dallas.

180 MEN WERE REGISTERED ON LAST JULY 1

One hundred and eighty Eastland county men, who had reached their 21st birthday since Oct. 16, 1940, were registered on July 1st by the Eastland County Selective Service Board. The number was originally announced as 160.

The above men have been given serial numbers, but cannot be given order numbers until after July 17, when a lottery to determine the order in which they will be drawn, is to be held in Washington, D. C.

The Secretary of War Stimson has been invited to draw the first number from the same glass jar out of which thousands of numbers were taken last October. The same procedure of drawing and allotting order numbers as in the first registration last October will be carried out.

Following is a full list of those presenting themselves for registration July 1:

James Marcus Metcalf, Eastland, Robert Joseph Burge, Nimrod, Gene Hagler, Ranger, Henry Christian Black, Carbon, Clifford Elton Thames, Cisco, Aubrey Elton Guy, Rt. 2, Gorman, Lawrence David Taylor, Gorman, Brinley Jacob Thomas, Cisco, John Tillman Harris, Desdemona, Blanton Houston Moseley, Cisco, William Thurman Moseley, Cisco, William Dwight Bryant, Gorman, Joe Howard Blackwell, Ranger, George Henry Harris, Cisco, Joseph Zackie Guynes, Ris. Star, Henry Clay Thompson, Cisco, Isaac Jackson Hart, Ranger, Robert Ray Butler, Rising Star, M. L. Tatum, Nimrod, Truman Thomas Harper, Ranger, Alton Clay Thompson, Cisco, Harvey Louis Griffin, Eastland, Glenn Burgess Bishop, Ris. Star, Mose Nantz, Ranger, Albert Cleveland Cameron, Rising Star, Joe Bascom Norton, Olden, Loyd Elstes Bisbee, Cisco, Mark Alfonso McGee, Jr., Ranger, Buford D. Green, Nimrod, Elisha David Nash, Eastland, William Roland Harter, Nimrod, George Washington Meglasson, Cisco, Bascom Wall Gathings, Ris. Star, Garland Weaver Nicholas, Eastland, Leo Albert Hatton, Eastland, Thomas Lee Thompson, Ranger, William Herschel Ware, Ris. Star.

(Continued on page 3)

Nine Girls From County Will Go To Short Course

Completing their demonstrations and meeting the merits of an outstanding 4-H club girl, nine girls will represent the various clubs of Eastland county at the Farmers Short Course held July 16-18, according to Alice Wheatley, assistant County Home Demonstration Agent.

These girls have worked with frame gardens, bedroom improvement, food preservation, and other phases of home life.

The girls going to the Short Course are:

Anna Joy Hearn, Morton Valley; Ethel Gales, Rising Star; Maxine Beck, Bullock; Helen Dempsey, Bullock Club and gold star girl; Leatha Kirk, Gorman high school; Theda Beth Dolberry, Gorman grammar school; Mary Jean Ferrill, Alameda; Wanda Donaldson, Kokomo; Loma Faye Hearn, sponsor from Morton Valley will be sponsor at the Short Course.

To Attend Farmers Short Course On July 16 and 18

Helen Dempsey, outstanding 4-H Club Girl of the Bullock club and gold star girl from Eastland county will attend the Farmers Short Course held July 16-18. Helen is president of the very active Bullock 4-H club. She has won three award pins and hopes to win another one this year.

In visiting Helen's home it was found that her greatest piece of work was the improvement of her bedroom. She took a refrigerator box and made a clothes closet, added a place for her books by making a book shelf and desk combined, and refinished the floors of her room. She also added window curtains, shades, bedspread, and other small things to make her room more attractive.

Not being satisfied with the general family food supply, Helen planted and cared for a frame garden. When asked what she thought of the frame garden, she immediately replied that she thought she couldn't be without one. She kept her family supplied with such fresh vegetables as lettuce, carrots, radishes and greens.

Helen will enter the Ranger High School this fall and she hopes to keep her fine record in 4-H club work by adding more achievements to it.

Eastland Woman's Mother; Brother Died At Itasca

Funeral services were conducted Saturday afternoon at Itasca for Mrs. W. R. Sanford, 63, and Hayden Sanford, 39, son of Mrs. Sanford, both of whom died of heart attacks Friday only three hours apart.

The deceased were mother and brother of Mrs. A. S. McCord, 303 North Dixie, Eastland.

Mr. and Mrs. McCord, Mr. and Mrs. Howard Upchurch and Mr. and Mrs. Howard McCord of Eastland and Mr. and Mrs. Tom Ernest of Breckenridge, attended the funeral.

THE WEATHER

WEST TEXAS — Considerable cloudiness with scattered afternoon and evening showers and thundershowers Sunday. Little change in temperature.

Skirts Score

Skirt takes place of breeches and boots in American Red Cross Motor Corps' new summer uniform for girls, modeled by Jane Grey.

Even Animals Are Goofy In Haywire World

EAST HAMPTON, Conn., July 12.—A smart fox has upset all the rules by reversing the time-honored tradition that the hound should chase the fox.

Ned Hollister, whose hound Teddy was the humiliated victim, told us today.

Teddy ambled into the woods, on the scent of a fox. In a few minutes he came streaking through the brush, yelping and whining. A few feet behind was a large grey fox.

PAINTER, Wyo., July 12.—Cowboys are coming here from miles around to watch a horse eat tuna fish, watermelon and quince jelly.

Never has this ranch country seen a horse like him. Paul E. Ritterbrown, owner of Dead Indian ranch, claims, after extensive tests, that he'll eat dill pickle, graham crackers, ice cream, pretzels, hardboiled eggs, cheese (with or without mustard) olives, anchovies, roast beef, oranges (peel and all)—anything, in fact, except ham.

INDIANAPOLIS, July 12.—Times have changed: Years ago horses used to shy on to the sidewalks when an automobile puffed down the street.

Today five automobiles hit the sidewalk when a team of runaway horses snorted up a street.

Three Are Fined On Conspiracy Charge In Federal Court

HOUSTON, Tex., July 12.—Fines of \$600 each and six months suspended sentences were assessed three former members of the Teamsters Union today by Federal District Judge James V. Allred.

The men were found guilty earlier this week of conspiring to attack a federal witness, James A. Stansbury, manager of the Houston office of the Houston and North Texas Motor Freight Lines, after he had testified on labor violence in a civil suit at Dallas.

Defendants were A. M. Odom, J. A. Davis and O. L. Mounce. It was their second trial, an earlier verdict having been set aside by the U. S. Supreme Court.

Four Couples Are Granted License To Wed By County Clerk

The following marriage licenses were issued from the office of County Clerk R. V. Galloway:

Thomas L. Gresham, Rising Star, and Eula Mae Boyd, May, Texas.

Milton Eugene Bradstetter, Rising Star, and Cornateta Nora Bible, Rising Star.

C. E. Dupree, Ranger and Claude Cardell Bearden, Ranger.

Edward E. Clyde Rogers, (colored), Eastland, and Lavell Williams (colored), Eastland.

PRODUCTION OF AIRPLANES IS AT NEW HIGH

By United Press
LOS ANGELES, July 12.—We planes are rolling off assembly lines at Southern California's four major factories in an unprecedented stream.

Figures released by the plant today revealed increases in production during the first half of 1941 over the same period last year ranging from 72 per cent to 1028 per cent.

Not only production but also performance of the planes is unexcelled, plant officials said, an Douglas Aircraft company spokesman quoted army reports that their dive bombers outperformed any similar aircraft now engaged in actual combat in Europe.

Douglas, producing the dive bombers and other warcraft, reported that production during June, 1941, was 72 per cent ahead of June 1940.

Lockheed Aircraft company producing Hudson bombers for Britain and 500-mile-an-hour P-38 interceptors for the United States, said its production for the first six months of the year was up almost 200 per cent over the same period last year.

Vultee Aircraft, producing trainers and high-speed fighters recently installed an assembly line system which permitted it to step up its first six months production this year to \$8,532,971 worth of aircraft, an increase of 1028 per cent over last year's first half.

At North American Aviation where bomber production stalled by a strike, production returned to its full schedule of 10 ships a day. No figures for first half production were released.

The War Department was high in praise of the new A-24 dive bomber Douglas is manufacturing. It said:

"Preliminary tests indicate that the new bomber will out-perform dive bombers now in use by foreign nations."

Texas Registered 34,530 On July 1

Total Selective Service registration in Texas on July 1 was 34,530. General J. Watt Page, State Director, announced today following tabulation of reports received from the State's 351 local boards.

As in the first registration last fall, Harris County led with 2,759 registrants; Dallas County was second with 2,415.

General Page said that 34,126 of the new registrants are young men who have reached the age of twenty-one since the first registration day on October 16, 1940.

General Page pointed out that the 21-year-olds who registered on July 1 will not be placed ahead or after the older registrants on their local boards, but they will be integrated proportionately. For example, he said, if there should happen to be ten new registrants in an area and 100 old registrants awaiting call, one new registrant would be placed after each group of ten old registrants.

The order in which the new registrants will be integrated with the old ones will be determined by a national lottery to be held in Washington, D. C., on July 17, General Page said.

Heavy Rains Fall In Most Of State

Heavy rains pelted a good part of the state Saturday, pounding especially along the Gulf Coast. Galveston had the heaviest fall reported to the Dallas Weather Bureau—slightly over four inches. Livingston recorded a precipitation of 3.50 and Victoria 3.43.

Central Texas also got heavy rains, Temple reporting 3.48 and San Marcos 3.74.

Other rainfalls: Houston 2.06, Naacogoches 2.17, Longview 2.18, Paris 2.75, Waco 2.58, and Corsicana 2.40.

Ranger Youth Made Air Shop Foreman

Harmon Ainsworth has received an airplane mechanic's diploma at Scott Field, Illinois, and will go to Hamilton Field, California, as foreman in the airplane shop. He completed the 18-month course in six months. He is the son of Mr. and Mrs. Carl Christians.

The Virtue of Being First

It is a relief to see anti-Nazi forces move first. Always they have been fighting desperate rear guard actions after the Nazi fuchrer has taken the initiative.

That's why the American move into Iceland is a logical, wisely foresighted step.

The precise meaning of the setting up of an American naval base beyond what has been traditionally regarded the Western Hemisphere has not been made officially clear. But this probably wouldn't be far wrong:

With vast Nazi forces now engaged in Russia, there is a tendency throughout the anti-Nazi world to sit back, relax, and enjoy the breathing spell.

Nothing could be more fatal. A breathing spell wasted in lolling around is gone for good; a breathing spell utilized to the full to catch up and speed up is really useful. The Russian diversion is no time to lay back and take it easy on aid to Britain. It is a heaven-sent opportunity to double and redouble that aid.

Now Iceland. By autumn, one of two things will have happened. Either the Nazis will have beaten the Russian army, or they will be deeply involved in a winter campaign in central Russia. We're not guessing which, since all forecasts on this war have been uniformly wrong.

In the first case, the whole German might may well be turned to a desperate all-out assault on Britain, probably before winter. In the second case, a redoubled campaign in the Atlantic will be almost certain, in desperate need to stop the aid to Britain which would by then be definitely harassing to Germany.

Note that it is the Navy which is taking over Iceland from the British. That means a naval station somewhere in Icelandic waters, which are almost ice-free all the year around. That, in turn, means another and advanced link in the chain U. S. east coast-Newfoundland-Greenland-Iceland-north England. That is the vital supply line that the United States has undertaken to keep clear, which must be kept clear if England is not to be forced against her will into a peace as dangerous to the United States as degrading to herself.

The occupation of Iceland is obviously a step taken not for the present, but for the near future. Iceland lies squarely within what the Germans have proclaimed to be a war zone, but which the United States has determined is a zone vital to its own protection now and in the future.

From steps like this there can be no drawing back. They must be made to stick, and stick firmly against any force likely to be used against them.

TOURIST BRINGS CANOE

By United Press
CARLSBAD, N. M.—A tourist came all the way from Virginia to see Carlsbad Cavern. When he drove up to the cave entrance, guides noticed a canoe strapped to the top of his car. They wondered if he had heard about the floods sweeping this part of the state.

Job in Defense Is Being Readied for You

As Office of Civilian Defense Shifts Into High Gear

By PETER EDSON

NEA Service Staff Correspondent

WASHINGTON—Details of the jobs that you and you and you can...

First manifestation of what you can do will come at five minutes to...

4 on the afternoon of July 4 and for five minutes thereafter.

That's eastern standard time and it means 1 p. m. in San Francisco, 11 a. m. in Alaska...

no matter where you are, in swimming, at a ball park, or unpacking a picnic lunch at the top of Pike's Peak...

At a cue from the U. S. Marine Band in Washington everybody will burst forth all over this broad land in an "Oh, Say Can You See?"

That should make the eagles scream. The President of the United States will then address you briefly and everybody will recite in unison the Pledge of Allegiance.

The idea for all this was thought up by the American Legion, V. F. W., D. A. R., Elks, Boy Scouts and others, but is being made a national institution by New York's Mayor Fiorello H. La Guardia, who is also administrator of the Office of Civilian Defense, which will carry on from there.

On July 21 will come the national collection of aluminum pots and pans you don't happen to be using, and from then on you want to be as ready as a fireman on a greased pole.

In connection with this aluminum drive, one thing the OCD would like to make clear is that you shouldn't give up the aluminum you're actually using.

All the government wants is the old battered tin used under the sink or on the back shelf. Furthermore, don't give it up before July 21.

Based on the experiences of trial collections at Richmond, Va., and Madison, Wis., the OCD hopes to collect some 20 million pounds. It won't go directly into airplanes, you understand, which require special alloys, but it will go to other defense uses.

These two trial mobilizations of the civil population are only a patchin' to what you can expect later. La Guardia's organization is just swinging into action. It has asked for only \$900,000 for its operations in the next year, and its personnel will number only a little over 250. That's just vitamins for a guppy, the way Washington figures the long run in these days, but for this amount of money, more people will be prodded into doing things than for any sum you might mention. The secret is that your help will be solicited on a volunteer basis.

ORGANIZATION will trickle down to you through a simple pattern. La Guardia will have a branch in each of the nine Army corps areas, with headquarters in Boston, New York, Baltimore, San Antonio, San Francisco, Omaha, Columbus, Atlanta and Chicago. The Army will detail an officer for civilian defense in each corps. Within each corps area the governors of the states will be top men, and within each state the mayors of the towns. Possibly county agents will supervise organization of local defense councils.

A few test mobilizations have been made like the one in Washington where volunteers were asked to sign up for what they'd like to do, from spotting planes to putting out fires. There is a 95 per cent chance that none of these things will have to be done, but you can't afford to run that 5 per cent risk. So, if you've had any suppressed desires to be a fireman, policeman, ambulance driver, anti-gas gas mask fan, or anything else, you may get a chance to do your stuff.

Students Sues For Right To Final Exam

CHRISTIAN SCIENCE SERVICES

By United Press

COLUMBUS, O.—In an effort to be graduated with other classmates at Lincoln high school in Gahanna, Dale Main, 18, son of Burton P. Main, Gahanna, brought suit in county court against the township board of education.

The youth asked in his suit that the school's teachers be compelled to give him his final examinations. The youth was refused the right to take his final examinations on grounds of extended absence from school.

"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 13.

The Golden Text is: "A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another" (John 13:34,35).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Simon Peter answered and said, Thou art the Christ, the Son of the living God. And Jesus answered and said unto him, Blessed art thou, Simon Bar-jona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven" (Matthew 16:16,17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The supremacy of Spirit was the foundation on which Jesus built. His sublime summary points to the religion of Love" (page 138).

If things go too well while the boss is on vacation, he may not like it when he returns.

Society Notes

Child Study Club Meets
Child Study Club No. 2 met in the home of Mrs. A. M. Carver, 317 East Main, Thursday, July 10th, with Mrs. Roy McCleskey and Carl Heinlin, assisting the hostess.

A swimming party and breakfast was planned for Wednesday morning, July 16th, at the Willows Park.

Mrs. Heinlin gave a discussion

on "Summering With Our Children" and Mrs. H. T. Schooley discussed "Child Welfare."

Delicious refreshments were served to the following: Mrs. Bob Allen, Onis Littlefield, C. R. Squires, Ross Staton, Walter Davis, E. F. Latham, Carver, J. D. Johnson, J. D. Spears, Peterson, Coke Martin, Finis King, L. W. Meador, McCleskey, Heinlin, and Schooley.

Miss Hobbs and Mr. Higdon Married

The marriage of Miss Joel Elizabeth Hobbs, daughter of Mr. and Mrs. Joe Hobbs of Groesbeck and Mr. Buster W. Higdon, son of Mr. and Mrs. James H. Higdon, was solemnized July 4th at the home of Rev. Clarence Elrod at Eastland. The young couple was attended by close friends and relatives.

The bride who will make her home here with the groom's parents while he is stationed at Camp Bowie, is a graduate of Groesbeck high school and attended T. S. C. W. and the University of Texas. The groom is a graduate of Ranger high school and attended N. T. A. C. and Texas Tech.

Ranger Royal Neighbors To Meet

The Ranger Royal Neighbors of Camp 9059 will meet at the Hall Monday evening promptly at the usual hour for initiatory work, the Breckenridge Camp will put on the work of initiations. All members of the camp are especially requested to be present.

All officers are requested to make a special effort to be present.

MRS. STRICKLAND HONORS BRIDE-ELECT WITH PARTY

Miss Marguerite Stevens of Ranger, bride-elect of Mr. Earnest Arterburn, also of Ranger, was honored Wednesday evening at a pre-nuptial party and shower given by Mrs. Claude Strickland at her home, 1209 S. Seaman, in Eastland.

The marriage ceremony is to take place July 12, it was announced. Mr. Arterburn is the son of Mr. and Mrs. E. F. Arterburn of Ranger.

Informal games were enjoyed and a lovely assortment of gifts was presented the bride. A scrap book containing recipes written by

Courtesy of The Dallas Morning News

NORMAL CLASS—Mrs. Laad German Phippen, Dallas music instructor, is shown here with members of her annual summer training class for music teachers. The course includes harmony and music form required by the Texas Department of Education for the accredited private music teacher, the Dunning normal course of music study and the correlation of the Dunning course with the state examinations for students of all age levels desiring credits for college entrance. The teachers completing the normal courses will receive college credits. Attending are (seated, left to right) Frances Gallagher Ewing, Dallas; Mrs. Phippen; Millie Lahn, Amarillo; Mary Grace Little, Dallas; (standing) Mrs. Luther Roberts, Ranger; Mrs. R. V. Means, Dallas; Grace E. Hamilton, Amarillo; Ethel Wier Tabb, Memphis, Tenn.; Perry Watson, Temple; Lillian Riggs Gresham, Glen Rose, and Elizabeth Spegal Morris, Amarillo. Another member of the class not in the picture is Maude Chartrand of Temple. On July 7 Mrs. Phippen opened a normal class in the Carrick Creative Music Course.

the guests was presented Miss Stevens by the hostess.

Refreshments were served to Misses Marguerite Stevens, Eunice Edna Smith, and Misses E. F. Arterburn, R. E. Johnson, C. L. Childs, Ann Gray, Isetta Smith, Gladys Fidler, Carrie E. Henry, Gail Tone, of Ranger, and Mrs. Jimmie Little and the hostess of Eastland.
