## U. S. Pacific Defense Being Strengthened

### PROCEEDINGS 11TH COURT OF CIVIL APPEALS

The following proceedings were held in the Court of Civil Appeals, seventh Supreme Judicial District:

Affirmed: M. A. Joy, Sr., vs. Ruth Joy, Guardian; Kaufman, C. M. Cook vs. William L. Lebeck, Temporary Administrator; Dallas, Mrs. Lalla Mae Griffin vs. Southland Life Ins. Co., et al.

Reversed and Rendered: Guardian Life Ins. Co. of Texas vs. Raymond Galoestian, Dallas.

Motions Submitted: R. Quincy et al., vs. Mrs. C. Owen, appellants' motion for rehearing; F. Wright, Trustee, et al., vs. E. L. O'Loughlin, et al., appellants' motion to re-tax costs; C. Meza, et al., vs. State of Texas, appellants' motion to advance submission; Paul Waltrip, et al., vs. State of Texas, appellants' motion to advance submission; Laura Maxwell et al., vs. State of Texas, appellants' motion to advance submission; Warren S. Cook vs. Harwin Winston, et al., appellants' motion for rehearing; T. B. Hoffer vs. Eastland National Bank, appellants' motion for rehearing; D. Reed, et al., vs. A. E. Walker, et al., appellants' motion for certiorari to perfect record; W. M. Michael, et al., vs. Lee Harrison, appellants' motion for writ of certiorari to perfect record; J. H. Holt and Miss Faye Warren vs. Viola M. Smauley, et al., appellants' motion for rehearing.

Motions Granted: C. Meza, et al., vs. State of Texas, appellants' motion to advance submission; Paul Waltrip, et al., vs. State of Texas, appellants' motion to advance submission; Laura Maxwell et al., vs. State of Texas, appellants' motion to advance submission; D. C. Reed, et al., vs. A. E. Walker, et al., appellants' motion for certiorari to perfect record; M. Carmichael, et al., vs. Lee Harrison, appellants' motion for certiorari to perfect record.

Motions overruled: N. C. Cushman, et al., vs. Florin Profit, et al., appellants' motion for rehearing; T. B. Hoffer vs. Eastland National Bank, appellants' motion for rehearing; Woodmen of the World Life Ins. Society vs. Viola M. Smauley, et al., appellants' motion for rehearing.

Cy Roberts hangs from cockpit as mount hits fence on curve at Cattaraugus County Fair Grounds' dirt track at Little Valley, N. Y. Though pinned beneath car, Salamanca, N. Y., driver suffered nothing more than fractured ribs.

### Eastland Second City In a Blood Typing Program

Eastland will be the second city in the county in which residents will be typed for blood in the Eastland-Callahan County blood pool. Typing will begin this evening at the office of Dr. J. H. Caton, in the Exchange Bank Building, room 401 between the hours of 7 and 9 p. m.

The blood pool is under the auspices of the Eastland-Callahan County Medical Society and is sponsored by the various civic organizations of the two counties. Anyone may be typed and it is hoped that the quota of 200 will be obtained in Eastland. A charge of fifty cents per person is made which is to cover the cost of the materials in the typing and the Wassermann test which is run on every person's blood. Each person typed will receive a printed card of bill fold size showing his or her name, address, blood type, and the result of the Wassermann test.

J. H. Holt and Miss Faye Warren have volunteered their services in typing the pool. The purpose of the blood pool is to provide the two counties with a large number of typed donors who could serve the needs of the area in the event an emergency as well as in normal times. Every physician in the two counties will be provided with a list of those typed and their types and it is hoped that at least one thousand persons will volunteer for this typing in the two counties.

### Texas 21-Year-Olds Sequence Numbers To Be Drawn Thurs.

Sequence numbers for the 34,126 21-year-olds who registered in Texas on July 1 will be drawn in the Second National Service Lottery to be held in Washington, D. C., Thursday evening, General J. Watt Page, State Selective Service Director announced today.

The sequence numbers will determine the order in which these new registrants will be integrated among the old registrants who have order numbers larger than the last selectee of their local board who was involuntarily inducted before midnight, June 30, 1941, General Page stated.

"For an example," he said, "if a local board should happen to have 10 new registrants and 100 old registrants on its list, whose order numbers follow that of the last involuntary inductee as of midnight June 30, then one new registrant will be placed after each group of 10 old registrants.

Any induction made after midnight June 30, will be ignored in the integration of new registrants among old ones, General Page stated.

The lottery, which will determine the sequence in which new registrants will be integrated among old ones, will be held in Departmental Auditorium, Washington, D. C., at 7 p. m. (EST) Thursday, July 4.

A set of serial numbers, each preceded by the letter "S" from "S-1" to include the largest number used by any local board in the country in assigning serial numbers to July 1st registrants, will be drawn by lot. Approximately 800 will be drawn, General Page said.

The serial numbers in the order they are drawn in the lottery will constitute a master list to be used by local boards in assigning "July 1st registrants" to their "July 1st registrants" in this manner:

The registrant in each local board whose serial number first appears on this second master list will be given "Sequence Number 1" in his area; the registrant whose serial number is next closest to the top will receive "Sequence Number 2," and so on until each July 1st registrant has a sequence number.

As was the procedure in connection with the previous national lottery in October, 1940, local boards will cross off on the second master list and ignore those serial numbers that are not held by any registrant in their areas.

When sequence numbers have been assigned to all new registrants, the local board will assign each of these registrants an order number to be determined by integrating them among the old registrants. This means that the new registrant with Sequence No. 1, in his local board area will receive the lowest order number assigned to his group, and the registrant with the largest sequence number will receive the highest order number for the same group.

### Eastland County Now Has Total Of 7,630 Scholastics

The following is a report from the county school superintendent's office of the scholastics for each common and independent school district in the county for the scholastic year 1941-1942:

District, Dist. No.	Scholastics
Central, 1-A	33
Lone Cedar, 2-A	40
Union, 2-B	29

### JUKE BOXES BLACKED OUT

SALT LAKE CITY, Utah.—The city commission of Salt Lake City believe they have established something new in blackouts—a nightly three-hour blackout of juke boxes. It was established in the interest of the community's peace, dignity and beauty sleep.

### Juvenile Court Is Threatened By Irate Mother Of Prisoner

FORT WORTH, July 16.—Eight juvenile court officers were held gun point today when a frail, spectacled mother, who believed that her son was being persecuted, drew an automatic pistol, threatened to "wipe out the whole juvenile office."

### Road Bond Assumption Session Is Gaining Ground So Fast Observers Believe Legislature May Reconvene

By GORDON SHEARER  
Austin Press Staff Correspondent

AUSTIN, Tex.—How the growing pressure for a special session of the Texas Legislature to pass road bond assumption act can be related, none in Austin is able to point out.

A check of the list of counties that have either county-wide or district road bonds that the state is serving showed that except 20 of the 254 counties have been receiving this aid.

Every Senator has some county in his district that has been receiving aid. Every representative district has a participating county. The exception is Rep. Earl Middleton of Oglesby who represents Coryell and Hamilton counties, neither of which has been eligible for state servicing.

Other counties without eligible bonds are Armstrong, Borden, Bosque, Castro, Crane, Dallam, Floyd, Gaines, Glasscock, Hockley, Kenedy, King, Lampasas, Loving, Mills, Ochiltree, Sherman and Yorkum.

All of these are in senatorial and representative districts with no bond issues. So their senators and representatives will get complaints when taxpayers realize that counties will have to levy additional taxes for bond retirement, or permit their bonds to get into bad standing.

Exact amounts due for servicing bonds varies from year to year. The latest report by the board of county and district road bond indebtedness carried the amounts for the fiscal year between Sept. 1, 1939, and Aug. 31, 1940. The total amount of state warrants issued to finance eligible issues in that year was \$9,642,059. If the bond assumption is not continued, approximately this amount will have to be shouldered again by the counties.

Some counties will have to take up 100 per cent of the burden of servicing their road bonds. These counties for which the state has been paying all outstanding road bonds are Bailey, Bandera, Carson, Dawson, Edwards, Hartley, Hudspeth, Jack, Jim Hogg, Midland, Nacogdoches, Oldham, Pomeroy, Potter and Val Verde.

The percentage serviced for other counties varies according to the amount of the issues that was expended on roads taken into the state highway system before Jan. 2, 1939.

In recent years, the cent-a-gallon of gasoline tax allocated to

ditional taxes for bond retirement, or permit their bonds to get into bad standing.

### Animals, Snakes And Such May Furnish Names of Airplanes

WASHINGTON.—(ANF)—The U. S. Army Air Corps is considering simplifying the designations of American fighting airplanes so the public can "know America's Planes" better, the Aeronautical Chamber of Commerce reported to Aviation News Features today.

Such a move, it was pointed out, would give impetus to the identification campaign being carried on by the aircraft manufacturing industry through the "Know America's Planes" series of silhouettes issued by Aviation News Features and published in this paper.

The plan contemplates formation of a committee to give colorful, descriptive names to the air services' many types of military planes, names that would stamp themselves on the public's mind much more indelibly than the current letter-and-number designations, such as P-40 (Curtiss pursuit), B-26 (Martin medium bomber), O-49 (Vultee observation), etc.

As a starter to stimulate suggestions, the following formula has been offered as a sort of "trial balloon," it being admitted that some of the names might sound too ponderous or too repulsive:

TRAINING—Small, harmless birds: fledgling, etc.  
TRANSPORT—Large animals: Elephants, etc.  
PURSUIT—Poisonous snakes: Copperhead, etc.  
OBSERVATION—Sharp-eyed birds: Hawk, etc.  
BOMBERS—Large, heavy, powerful animals, ugly when aroused: Behemoth, Rhino, etc.  
ENGINES—Some engines already having been named for stinging insects and high winds (Pratt & Whitney Wasp, Wright Cyclone, etc.), it is suggested more names of similar nature be added.

"Such names as Spitfire and Airacobra (renowned British and American pursuit planes) not only furnish a better description of airplanes and their purpose than designation by letters and numbers, but mean more to the public," an Air Corps spokesman told Aviation News Features.

"It might mean more to the American public to know that a squadron of Copperheads was passing overhead than to hear it said: 'Those are P-40's.'"

### Texas Might Receive Three More Camps

WASHINGTON, July 16.—Congressmen disclosed today that Bastrop, Paris and Waco had been selected as tentative sites for army camps.

### RUSSO-NAZI BATTLES ARE STILL RAGING

Reports of fighting on the Russo-German front indicated today that extremely heavy battles were occurring in three principal sectors west of Leningrad, Moscow and Kiev.

The Nazi high command admitted that heavy counter attacks had been launched by the Russians, for the first time in nearly two weeks, but said that the German armies had pierced the Stalin line deeply in many places and that "great victories" were expected by the week-end.

It was recalled by neutral observers, however, that as far back as last Saturday Germany claimed her forces were standing outside Kiev, and later reported that their troops had entered the city, though it was not claimed that all the city had been occupied.

Reports from Moscow, and the Nazi communique, seem to bear out their contention, claim that the Russians have started heavy counter attacks near the Kiev sector, which have driven back the Germans there.

Resignation of the Japanese cabinet, and speculation as to its possible meaning overshadowed the more or less vague war communique from both Berlin and Moscow.

The British Royal Air Force today continued its ceaseless bombing of German industrial areas, and the German-held French coastal cities.

### State Selective Service Issues Call For Negroes

State Selective Service headquarters today announced the Army's twenty-first call on Texas for 446 negro selectees for induction August 4th and 28th.

Texas' readjusted gross quota, fixed on May 15 and projected into the future as a sort of "bank account" upon which the armed forces may draw from time to time, is 136,488 men, according to General J. Watt Page, State Selective Service Director.

As of May 15, Texas had 27,050 men actually in training under Selective Service, and National Headquarters had given Texas a credit of 80,140 men, representing members of the armed forces from this State, exclusive of those inducted through Selective Service. The total of these two figures when deducted from the gross quota, left Texas' net quota for future calls 29,298.

By June 30, General Page added, Texas had received credit against its net quota for 1,887 men inducted under Selective Service since May 15.

### THE WEATHER

WEST TEXAS.—Generally fair west, partly cloudy east, scattered thunderstorms entire east tonight and Thursday.

### Tragic Tale of Trusting Trusty

By NEA Service  
LOS ANGELES.—For the first time, a local parachute manufacturer has been called upon to fulfill his money-back guarantee. Irate claimant is Harry P. Trusty, inventor of "The Trusty Life Saving Mechanism for Passenger Carrying Aircraft." Device, reputedly successfully demonstrated 20 times, dumps passengers—parachutes, seats and all—out of plane's door in case of emergency. When the U. S. Army began experimenting with parachute troops, Trusty redesigned his invention. Came to British air observer and a Brazilian bigwig for a demonstration. Dummies were used instead of men, fortunately. Dummies were kicked out of plane, but parachutes didn't open. Trusty claims parachute company used 32-inch ripcords instead of specified 12-foot length.

### Seventeen Deaths Listed In County For Past Month

A total of seventeen deaths were recorded in Eastland county during the month of June according to records in the office of County Clerk R. V. Galloway.

Following is the list:

Mrs. Zenia L. Wright, Gorman, died May 25, aged 55 years, 11 months.

Edward Rutledge Singleton, Ranger, died May 26, aged 67 years, 9 months.

Infant twin daughters of Mr. and Mrs. H. E. Proctor, Gorman, died May 19, premature.

Lynthus Whitfield Miller, Ranger, died May 31, aged 23 years.

Infant son of Mr. and Mrs. C. C. Hamilton, Ranger, died June 11, premature.

Infant son of Mr. and Mrs. Wayne Gore, Gorman, died May 20, still born.

Frank Gaines, Comanche, died May 21, aged 75 years, 8 months.

Infant daughter of Mr. and Mrs. R. L. Cantwell, Ranger, died June 23, aged 4 hours.

Aaron Mangum Bryant, Gorman, died May 29, aged 54 years, 5 months.

David Cornell Kitching, Rising Star, died June 22, aged 55 years, 6 months.

Sam Henry Huff, Desdemona, died May 3, aged 57 years.

John Eastland Daugherty, Carbon, died June 1, aged 32 years.

A. L. Dodd, Ranger, died May 14, aged 83 years, 6 months.

### Rival Unions In A Battle At A Plant

CLEVELAND, July 16.—Several hundred workmen of the rival American Federation of Labor and the Congress of Industrial Organizations, were engaged in a violent street battle today at the warehouse of a steel fabricating plant.

A number of men are reported to have been injured in the early skirmishes.

### Army Officers Not Affected By Hatch Bill, Ruling Says

WASHINGTON, July 16.—The Justice Department ruled today that the Hatch Act, which prohibits federal employees from engaging in political activities, does not apply to officers of the National Guard or to selectees.

### Chief of Police May Have a Big Part In National Defense When The Mechanized Armies Get Rolling

WASHINGTON July.—Blackouts, sabotage, and the movements of large bodies of troops, mechanized and otherwise, are among the new responsibilities and duties superimposed upon the multitude of normal responsibilities of police chiefs as the nation's all-out national defense effort develops. To a greater or lesser degree, one or all of this trio of new problems is present in all sections of the nation, in both state and local police jurisdiction. The nerve-center, through which effective local police action is given national leadership, is the International Association of Chiefs of Police from whose headquarters in Washington emanates authentic information on the newest developments in national defense and other vital information to make local police work most successful.

"The need for alert and effective police operations is greater today than ever before in the nation's history," today declared efforts of themselves bring new problems to police executives in addition to the control of subversive elements, sabotage, and the task of the police in blackouts and other civilian defense measures.

### MOVE IS MADE AFTER JAPAN'S CABINET QUILTS

Hint of Possible Dramatic Developments Cause Navy To Mine Bay of Manila and Suidic.

MANILA, P. I., July 16.—The United States moved today to strengthen its defenses in the Pacific when it mined Manila Bay in the face of a Japanese cabinet resignation which hinted at possible dramatic developments in the Far East.

United States Naval authorities announced that Manila Bay and Suidic Bay would be dangerous after tomorrow and that surface craft would be allowed to enter the harbor only during the day time. Private craft were barred from the restricted waters used by the United States navy.

The Japanese Cabinet resigned today as Russian forces appeared to have launched a furious and wide-scale counter attack against the German invaders. The significance of Tokyo's government's resignation has not yet been made clear, but it appeared likely that the drastic Japanese censorship was temporarily preventing correspondents from revealing the implications of the move.

However there appeared to be little doubt that the Japanese cabinet crisis arose out of Japan's position and plans resulting from the Russo-German hostilities.

The Japanese are believed to be considering three courses. These are:

- 1—A strong drive to the South Pacific, probably centering for a moment on French Indo-China and the powerful Camaranch naval base.
- 2—A move against the Russians in Siberia, probably timed to coincide with the large-scale Nazi victory over the Soviets, should one come off.
- 3—Vigorous prosecution of the war in China in an attempt to bring the "China incident" to a close.

Most opinion regarded the South Pacific move against French Indo-China as the most likely and imminent of the Japanese alternatives.

### East Texas Drop In Pressure Talked At Commission Meeting

AUSTIN, July 16.—A recent drop in pressure of the East Texas oil field was the principal topic of today's statewide oil production hearing by the railroad commission.

The proposed plan to donate one day's production to Great Britain was not discussed at the morning session.

### Defense Bond QUIZ

Q. Has the Government set a quota to be raised through the sales of Defense Savings Bonds?  
A. No; there is no quota and no time limit. The Defense Savings program is to be a continuing effort, and both Defense Bonds and Stamps should be purchased steadily and regularly.

Q. Are "Baby Bonds" still available, or have they been replaced by Defense Savings Bonds?  
A. The Series E Defense Bond is substantially the same as the previous series popularly known as "Baby Bonds."

Note.—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write to the Treasurer of the United States, Washington, D. C., for an order form.

(Continued on Page two).

# Society Notes

## Royal Neighbors Meet

Initiatory work was exemplified Monday evening when the Ranger camp of the Royal Neighbors of America met at the I.O.O.F. hall. The Breckenridge camp was in charge of the work and Mrs. Ann Gray was the candidate.

Mrs. Estes Carter of Abilene, a visitor at the meeting, gave a very full report of the Supreme meeting held recently in Iowa. In a business meeting plans were discussed for the district convention to be held in Breckenridge in October.

At the close of the meeting refreshments were served, and the next meeting announced for Monday evening, July 21.

Visitors from the Eastland camp who attended the Ranger meeting were: Meses. May Peeks,

# Society Personals

Mr. and Mrs. C. B. Pruet and children, Ronald and Carolyn, have returned from a vacation trip to Monterey, Mexico, Houston, Galveston and other southern cities. They were accompanied on the trip by Miss Ruby Blinn of Brownwood.

Mr. and Mrs. Ed Cox and baby have returned to their home in Monahans after a visit with Mr. and Mrs. W. M. Myers and Mrs. Leola Martin.

Chester Martin who has been a guest in the home of his aunt, Mrs. R. E. Harrell has returned to his home in Pocastello, Iowa.

Mrs. C. E. May left this morning for Austin where she will be joined by Miss Davis and C. E. May, Jr., who will accompany her home Thursday. The young people have been attending summer school at the University.

Miss Betty Weekes underwent major surgery at a Gorman Hospital, Tuesday.

Mr. and Mrs. E. R. Priesing will leave Thursday for Lubbock where Mrs. Priesing will give lectures Friday and Saturday on applied music. While in Lubbock the Priesings will be guests of Miss Mary Dunn, state chairman of applied music. Mrs. Priesing will also lecture in Vernon before returning to Ranger.

T. C. Williams, county school superintendent, was a business visitor in Ranger Tuesday.

Harry Wheelon of Dallas is transacting business in Ranger, today.

Willie Brock, Della Harbin; those from Breckenridge were: Meses. Alzaado Johnson, Birdie Gordon, E. R. Potthoff, W. D. Spencer, H. Rusk, C. H. Evans, Mary Gilliland, M. M. Lushy, Tom Smith, Gay Burton, M. L. Warner, A. L. Dover, Effie Kinchen, Willie Johnson and Cloy Gambio.

Ranger members present were: Meses. E. F. Arterburn, Gladys Fiddler, Julia Brown, Mary Johnson, Clara Witt, Ann Gray, Isetta Smith, Laura Melton and Josephine Strickland.

# Insects Ruining Much Shrubbery Throughout City

Charles H. Bell, vocational agricultural teacher of Ranger High School, today warned owners of property that two insects—bagworms and red spiders are ruining much shrubbery, and gave ways in which these insect pests can be controlled.

In writing of the ways in which these pests can be eliminated, and thereby save many beautiful shrubs in the city, Bell said: At the Evergreen Cemetery there are numerous arbor vitae, cedars and junipers that are being damaged by bagworms. There are other shrubs and ornamentals that are being defoliated by bagworms.

These worms make their cocoons from the leaves of the tree. These insects will cause a tree to die unless they are controlled. There are two methods of control. The easiest method is to pull all of the bagworms from the tree and place them in a sack or can and then to burn them immediately so that they will not again crawl back to the nearest tree and commence to strip its leaves.

Another method of controlling bagworms is to spray them with arsenate of lead, this being an arsenate poison commonly used for chewing insects. This same arsenate of lead should be used only after it has been determined that the plant to be sprayed are not easily injured by this insecticide.

Bagworms are described as follows: The bag is the color of the dead leaves of the tree. Size of the bag depends upon age of the individual. They vary from one-quarter inch at first to about two and one-half inches by midsummer. All damage of this insect is due to the loss of leaves from the tree or shrub.

Red spider damage to evergreens is rather hard to determine as the insect is so small that it can seldom be seen.

The damage is easily seen on arbor vitae, cedar and juniper trees at this time. One of these trees attacked by red spider will take on a sickly appearance. The leaves and stems will begin to turn yellow and then red as the tree or branches begin to die. Control of red spider is usually by dusting with dusting sulfur, nine parts and one part of hydrated lime.

Red spider does not eat the leaves of the tree.

# Insurance In Force Shows An Increase

An increase of approximately \$1,000,000 of insurance in force for the first six months of the year was reported at the regular quarterly meeting of the Board of Directors of Southwestern Life Insurance Company, according to word received here today, from President C. F. O'Donnell of Dallas, by the local representative of that institution, D. L. Jameson.

Southwestern Life now has approximately \$392,000,000 of insurance in force. The Company operates only in the state of Texas and last year wrote approximately 14 per cent of the total business written in this State.

# Summer Rates On Water Will Go In Effect On July 20

At the regular meeting of the Ranger City Commission, held Tuesday night, it was voted unanimously to start the summer water rates, beginning on July 20, and continuing through Sept. 20, in order that everyone may keep their lawns, shrubbery and flowers growing.

The summer rate allows an additional 1,000 gallons, for the regular minimum price, making a total of 4,000 gallons available for the minimum rate of \$2.00. Additional water use will be charged for at the regular water rates, it was stated.

# Mrs. Schooley Wins Tournament Tues.

Mrs. H. T. Schooley won the Flag Day Tournament of the Ranger Golf Club Tuesday, and was presented with a Patti Berg sweater, which had been donated by an eastern manufacturing concern which makes them.

Mrs. Gene Yonker was runner-up, and was barely nosed out by Mrs. Schooley.

A large number of ladies participated and good scores were turned in by all contestants, it was stated today.

# "Wild-Eyed Beast" Is Just A Muskrat

SCHENECTADY, N. Y.—Patrolman Walter J. Prastek investigating reports that a "wild-eyed" beast had actually "terrified innocent bystanders," established the nightstick as a hunting piece and ended the career of one muskrat.

Police said the furry migrant apparently came out of a creek which runs under the Schenectady business section.

The patrolman's offer of a prime pelt for anyone who would take it was not accepted.

Brother against brother for the sweetheart of the skyways! There's love in the air when titan-haired Jean Parker meets Richard Arlen, daring test pilot, and Don Castle, his kid brother, interested in her father's radical airplane invention. "Power Dive," which opened at the Arcadia today, is one of the season's most thrilling sky dramas. Theatregoers will get their chance to test of their air-nerves behind the "stick" in the safety of their movie cockpit seats during a ten-minute-per-minute power dive. Paramount is releasing "Power Dive" as one in a series of thrilling air defense romances.

# Accidents Are Few In Jungle Flying Over Costa Rica

By Felton Press  
WATERVILLE, Kas. — Louis W. Roepke, a Kansas farm youth who went to Costa Rica eight years ago to satisfy his ambitions to become a steam pilot, was here on vacation telling friends how it felt to be flying across jungle sand swamps with \$50,000 in gold aboard.

Roepke is a pilot for Transports Aereos Centro-Americanos air lines. Ford tri-motor planes and Curtiss Condors are shuttled back and forth by the company from the seaports to the rich gold mines of the interior.

Roepke said that hauling large Diesel tractors or shipment of gold were all in the day's work. Airports are scarce; radios are not often used, and fogs often envelop large areas, but Roepke said pilots seldom had any trouble.

Eight of the twelve months are rainy.

"For that reason most afternoon flying is 'bumpy,'" Roepke said.

Most pilots are paid at least \$6,000 a year, he said.

# SOLDIERS!

For Feet That Sweat, Burn and Give Off Offensive Odors.

Tonight do this—give your tired feet a good hot foot bath; rinse and dry thoroughly. Next pour about a teaspoonful of Mone's Emerald Oil into the palm of your hand and rub thoroughly over the foot, rubbing well into the soles—repeat the rubbing in the morning. Relief comes quickly for that aching burning soreness—you go about your work happy and comfortable again.

Mone's Emerald Oil does not stain—is economical and sold satisfaction guaranteed or money back. Any progressive drug store will be glad to supply you.

# Have You a Lot of Miles On Your Car?

All machinery needs attention. We can do a lot of small adjustments for a little money. Come and let our mechanic check your car and tell you what it needs on motor, ignition, brakes etc. Through over-haul jobs done so good that your car will run as good as when new. A set of rings and pins and bearing inserts or tightenings, will save you money on gas and oil. Fender and paint jobs at a reasonable price.

JOE HALL and R. ROGERS, Mechanics.  
Work done day or night.

The complete one stop station for your car. Time payments on overhaul jobs.

Washing, Polishing and Greasing done with the best machinery and trained men.

TRY US, WON'T YOU?
