## Welles Calls Japan's Action "Aggression"

### HT NAMED ADVISE ON M PROGRAM

ment has been made of Eastland County citizens by a committee which will be in operation of the region program of the U. S. Department of Agriculture here. Lane, Eastland County Director for Farm Security Administration announced the appointments as made by C. M. Regional Director of FSA.

Members of the subcommittee farm debt adjustment and improvement work are J. Thurtman, Wayne D. Thurman, B. Norvill, while Wil Starr and Wayne D. Thurtman will serve on the subcommittee of the rural rehabilitation program. Elmo V. Cook, Mrs. Nix and J. Frank Robert members at large to advise the various phases of assistance to low-income farmers with which the Farm Security Administration program is concerned.

Some of the rural rehabilitation program's FSA loans available income farmers who are to get adequate credit. The loans are for the purchase of seed, fertilizer, livestock and farm equipment and are to be used in a carefully worked-out plan. About 693 farm families in Eastland County have been assisted under this program, according to Lane.

Farmers, as well as FSA workers, may seek the assistance of the debt adjustment committee. The purpose of the committee is to assist creditors in the adjustment of debt, based on the ability of the debtor to pay, as well as to assist the debtor to reach an adjustment of debt, based on the ability of the debtor to pay, as well as to assist the debtor to reach an adjustment of debt, based on the ability of the debtor to pay.

ment Bill Is Given To Congress

WASHINGTON, July 24.—Secretary of War Henry L. Stimson today announced a proposed bill to authorize retention in service of all members of the armed forces and to declare national interest and welfare gravely imperiled by the international situation.

seems a Long, Long Year In Army But a Private Fails To Prove Case

REVEPORT, La.—Pvt. Wil Henderson, a Shreveport private now serving with the infantry, had army men here worried for a while when he wrote home, according to the way Henderson admitted that a year in the army seems much longer than a year in civilian life but they were sure something was wrong somewhere. They finally figured out Henderson was wrong and that both soldiers and civilians live only 8,760 hours a year. It's a simple mathematical problem. Here's the answer: Henderson assumed that trainees worked the same number of hours each week, but he forgot that assumption when he added to the total actual work hours instead of subtracting from it the hours that would have been devoted to work had not holidays, furloughs, paydays or typhoid injections intervened. This amounted to duplication in four separate items of Henderson's table and accounts for the discrepancy.

### Story of Syria

Just before the battle an Australian "digger" wore this smile, anticipating the British victory in Syria.

### War Causes Rise In Daffodils In Rio Grande Valley

SAN ANTONIO, Tex.—Among the many things the war in Europe has caused is the growing of yellow daffodils in the Rio Grande valley. Will Joy, national president of the Florists Telegraph Delivery Association, predicted that American florists soon will be independent of Europe as far as seed and bulb supplies are concerned.

Joy said the war has had a far-reaching effect on the association, forcing members in German-occupied countries to withdraw their support. The "bon voyage" business in New York, he said, almost has been wrecked.

In England, many florists have been forced to employ their greenhouses for the growing of vegetables. A "large rise" in the funeral flower business there was reported.

Singers Will Meet In Ranger Sunday

The Ranger Singing Association will meet Sunday, July 27, at the First Christian Church of Ranger at 2 p. m. Many singers from Eastland, Stephens and Shackelford counties will be present, the announcement stated.

Free Bingo Game To Be Staged Tonight

A free bingo party will be staged at Municipal Park this evening, instead of Friday evening, as previously announced.

### BOOM BREAKS MARE ISLAND 1914 RECORD

VALLEJO, Cal.—This city, home of the Mare Island Navy Yard, is in the greatest boom of its history. It has been through booms before—notably the World War period which lasted from 1914 to 1921.

But this boom promises to be the one that will out-boom all others for all time to come. The population has tripled, from 20,000 to 60,000 and the town has become a township.

Federal, State and municipal authorities are striving in every possible manner to meet the crisis in housing, feeding, schooling, sleeping and other fields. The only thing that makes their load a little lighter is that everyone has plenty of money.

Payroll Grows Steadily

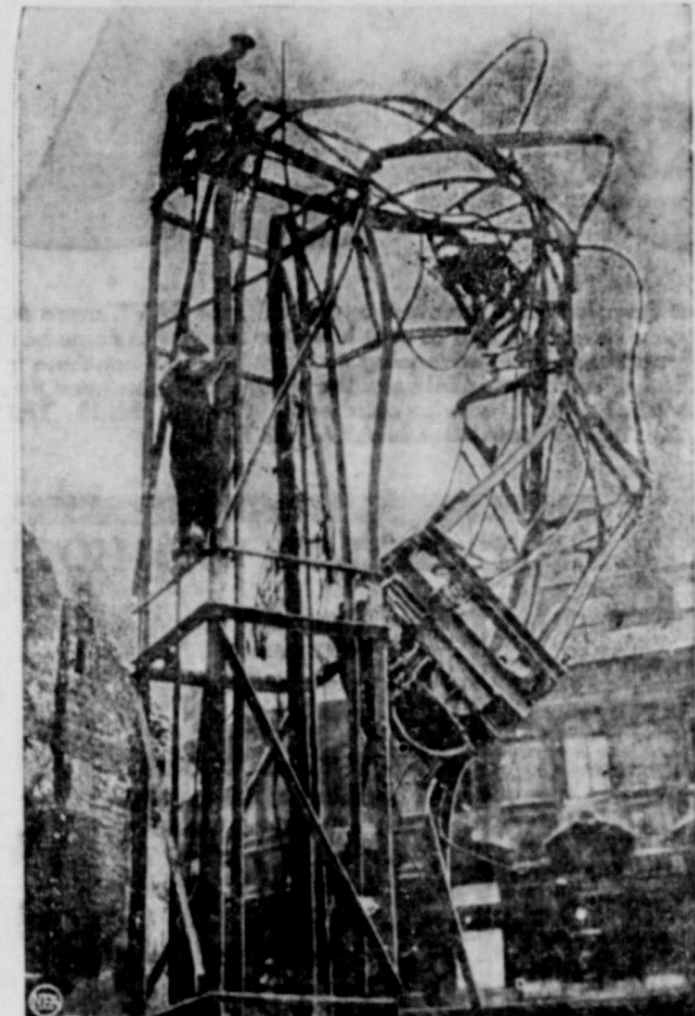

The payrolls at the navy yard now carry 19,000 names and 1,000 more are being added monthly.

Thrifty housewives who have a spare bedroom can make their pin money—or increase the family capital—by renting it to three men for eight-hour periods of the entire 24 hours, the men coming from the day, night and early morning shifts.

Those who are lucky enough to get a room for the full 24 hours pay \$12.50 a week and get two meals daily for \$8 a week. As they make \$58 a week they can afford this outfit.

Automobiles from 20 different states take up every inch of unused space in the city and the latest traffic survey shows 2,000 cars an hour streaming past one intersection.

### Last Down for Blitzed Elevator

All that was left of a bombed London building was this twisted framework of an elevator shaft. Demolition workers are dismantling it.

Road Fatalities In State Show An Increase In June

AUSTIN, Texas.—With 140 traffic deaths reported for June, State Police statisticians today announced a seven per cent increase in Texas fatalities for the first six months of 1941.

In the first half of 1940 there were 787 deaths this year the toll for that period rose to 843, an increase of 56.

Worst record was made by towns under 2,500 population, where fatalities jumped 29 per cent, from 38 to 49.

Highway deaths increased from 429 to 514, a gain of 85 or 20 per cent.

Thirty two fewer persons were killed on country roads, where the toll was reduced from 138 to 106, a drop of 32, or 23 per cent.

### RED SOLDIERS BEHIND LINES BOTH NAZIS

MOSCOW, July 24.—Private Russian advices reported today that large Soviet forces, pocketed behind the advanced Nazi spearhead, was fighting heavily against the Germans, and also revealed that Moscow's balloon barrage was taking a heavy toll of Nazi night raiders.

In some sectors, it was said, extremely heavy battles are being waged by the Soviet concentrations substantially behind the advance fighting lines.

The Soviet Army newspaper reported that the Soviet infantry battalions routed a German tank column, surprised the Nazi air staff headquarters and killed the German air force general in a sudden attack.

The Soviet infantrymen were reported to have destroyed 29 German tanks and 26 trucks in the operation and to have seized valuable military documents.

German planes are reported to be flying high in the attacks upon the Soviet capital. Gliding planes were reported to have been caught before they surprised Moscow.

Aluminum Drive To End After a 2-Day Campaign

Fire Chief G. A. Murphy and L. W. Meador, co-chairmen of the aluminum drive in Ranger, announced today that a final roundup of old aluminum would be made on Friday and Saturday.

A city truck will go throughout the town, accompanied by boy scouts, who will call at homes asking for discarded aluminum to aid the drive.

Jenny Holt is latest of Two-Gun Jack Holt family to star in western movies. Her brother, Tim, also rides the broncs, and Father Jack still hits the trail occasionally.

### Adjusting Farm Debts Now Will Be An Aid Later On

Farm debts adjusted in mid-summer will prevent foreclosures next winter, said FSA County Supervisor George I. Lane as he announced the next meeting for the Farm Debt Adjustment Committee.

The meeting will be held Tuesday, August 5, 1941 at the Farm Security Administration office in Eastland.

Farmers who anticipate debt difficulties before the end of the year are invited to this meeting, as well as creditors who would like to get a sounder basis with their farmer-creditors.

Lane said that many debt-burdened farmers in the county can avoid year-end debt difficulties by getting on a realistic and sound basis now. Land tenure agreements can be more readily worked out by landlord and tenant if the latter's debts are within his ability to pay.

The farm debt adjustment committee, composed of local people, offers expert assistance in helping farmers and their creditors arrive at a fair schedule for repaying debts.

### NO EXCUSE IS SEEN FOR NEW MOVE BY JAPS

Refuses To Comment On Possibility of Economic Sanctions By This Government

WASHINGTON, July 24.—The United States, in a sharply worded statement by Acting Secretary of State Sumner Welles, today denounced as "aggression" Japan's move into Indo-China.

Welles declared that the Japanese move was a threat to the United States defense supplies and ultimately would be a direct threat against the Philippine Islands.

Welles, in his formal statement, said, "The government and the people of this country fully realize that such developments bear directly upon the vital problem of national security."

The statement said that the Indo-China move, following Japan's announced policy of expansion, appeared only as the precursor to additional moves in the area.

"There is not apparent to the United States Government any valid ground upon which the Japanese Government would be warranted in occupying Indo-China or in establishing bases in that area as measures of self defense," Welles said.

He declined to comment when asked whether the statement indicated that the United States would take economic measures against Japan.

Treason Is Hinted In Accusation Of Burton K. Wheeler

WASHINGTON, July 24.—Secretary of War Henry L. Stimson today accused Senator Burton K. Wheeler of conduct that "comes very near the line of subversive activities against the United States, if not of treason."

The non-interventionist leader replied to Stimson's charges with a retort that some of the people thought his accuser had reached the point where he was now "gaga."

Inauguration Of Stevenson Depends On Wife's Health

AUSTIN, July 24.—Inaugural ceremonies for accession of Lieutenant Gov. Coke Stevenson to the governorship, when Gov. W. Lee O'Daniel goes to Washington to serve as United States Senator, depends largely upon the health of Mrs. Stevenson. It was announced today.

Mrs. Stevenson has been ill, but is improving rapidly.

Most of Texas' Governors Have Been Lawyers; Stevenson Will Be The First Cattleman To Hold the Office

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, Tex.—The preponderance of lawyers among men who have been governors of Texas will not be diminished by the advancement of Lieut.-Gov. Coke R. Stevenson.

Stevenson is both lawyer and ranchman. He is perhaps the first typical cattleman to become the Governor of Texas, despite the state's huge ranches and its great cattle industry.

He is a typical cattleman, both in his tall, lean, hardened body and in his training. He was born and reared on a hill country ranch and drove a freight wagon with ranch supplies during the period when he was studying law. Frequently he studied law at night stops by the light of the camp fire.

First governor of Texas when it passed from a republic to statehood was lawyer J. Pickney Henderson. There have been twenty governors since whose chief vocation was law practice.

Most of the early governors, including Henderson, had military reputations. Gov. Sam Houston's

Eastland County Has Outstanding 4-H Club Girls

Eastland County 4-H Club Girls will soon determine the Gold Star Girl for 1941. This is a distinction given each year to the girl who is the most outstanding in her 4-H club work. There are sixteen 4-H clubs in the county, and from this number ten clubs are eligible for a candidate.

To be eligible a candidate must successfully complete three years of 4-H club work, carry on a successful demonstration, and must not have received the award before.

Four clubs have already determined their candidates. Mary Jean Ferrill will represent the Alameda club; Leatha Kirk represents the Gorman High School club; Maxine Beck from Bullock and Vonzell Maxwell will represent the Pioneer club.

Morton Valley, Desdemona, Kokomo, Rising Star, Flatwood and Lone Cedar clubs have not decided on their candidates.

The County Gold Star Girl will be chosen from the group early in August by a committee composed of the chairman of the education committee of the County Home Demonstration Council and two 4-H club girls selected by the council chairman. This committee will visit the girls' homes and select the County Gold Star Girl.

Verda Jean Spurlin of Olden was Gold Star Girl in 1939 while Helen Dempsey was Gold Star Girl in 1940.

Eastland Man's Uncle Is Dead At Haskell, Tex.

Mike B. Watson, 58, uncle of L. B. Watson, manager of the Eastland Penny Store, died Wednesday morning at his home in Haskell, L. B. Watson and his mother left Eastland immediately upon receipt of the message for Haskell.

Mike B. Watson went to Haskell from McKinney in 1914 and had served Haskell county many years as tax assessor-collector. At the time of his death of a heart attack he was serving as a deputy in the office he had formerly held for 18 years.

Juvenile Burglars Get One Year Term

FORT WORTH, July 24.—Six youths, ranging from 13 to 16 years, were sentenced to one year in the State reformatory for burglarizing a warehouse where Gov. W. Lee O'Daniel had stored household belongings.

Judge A. J. Power took the opportunity to rap the legislature and other agencies for not "cleaning up the juvenile situation."

City Construction Halted by Strikes

FORT WORTH, July 24.—Union carpenters joined other unions today in a city-wide strike which brought non-defense construction to a standstill in the city.

Cemetery Working Is Planned At Cook

The annual cemetery working for the Cook Cemetery will be held Saturday, July 26, it was announced here today.

Everyone has been invited to be present for the all-day affair, and to bring hoes, rakes, shovels and other hand tools that can be used in cleaning up the grounds. All have been urged, also, to

### Defense Bond QUIZ

Q. Does an album filled with Stamps automatically become a Bond that will pay interest and mature in 10 years?  
A. No. The completed album may be exchanged for a Bond. Regardless of the amount of money you have invested in Defense Stamps, it will not bear interest until it is in the form of a Bond or Bonds.

Q. Why should children be encouraged to buy Savings Stamps?  
A. Because by buying Stamps they write their names on a Roll of Honor of Americans who are doing their part to show the dictators that united America will never flinch to preserve her sacred liberty.

NOTE.—To buy Defense Bonds and Stamps, go to the nearest post office or bank, or write to the Treasurer of the United States, Washington, D. C., for an order form.

### Division Review To Be Held Saturday

Word has been received from Maj.-Gen. Claude V. Birkhead that the final division review of the 36th division, of which Company I, 142nd Infantry, of Ranger, will take part will be held Saturday morning, July 26 at 9:30 at Camp Bowie, Brownwood.

### Guard Members Must Be Measured For Their Uniforms

Friday, July 25, will be the last day on which members of Company B, Home Defense Guards, may be measured for uniforms, it was announced today.

Measurements of those who have not already been measured will be taken at the WPA sewing room.

### Reciprocity Pact Motor Vehicles Signed By State

Green, State Highway Engineer, said today. Green, who signed the agreement for Texas, stated that it did not apply to carriers for hire. The reciprocal agreement applies only to the requirement for licensing of vehicles and mileage fees, and does not relieve any class of non-resident vehicles from complying with all rules and regulations exercised by either state under their respective statutes for common and contract carriers, Green revealed.

Lynn B. Shaw, general manager of the Texas Motor Transportation Association, warned Texas truckers that the agreement could not be construed to authorize the operation of motor vehicles upon the highways of either of the states in excess of the maximum weight, length, width, or height allowed by the laws of such state in which a vehicle is being operated. All operators of vehicles carrying licenses of either of the states entering into the agreement will be required to operate under the laws and conform to the regulations governing the operation of motor vehicles in the state where they are being operated, Shaw declared.

The agreement does not apply to common or contract carriers engaged in interstate commerce, or to private motor carriers or haulers of either persons or property who are operating for hire, except where permits have first been secured from the Texas Railroad Commission and the states affected by the agreement. Full reciprocity is granted to private passenger cars and private commercial vehicles. However, in the case of dealers and manufacturers, reciprocity is granted only with the understanding that such travel is strictly limited to movement by dealers and manufacturers of their own cars from factory to dealer's place of business. Reciprocity is granted to motor vehicles owned or chartered by all schools and colleges, religious or charitable associations or institutions, or governmental agencies, except in cases where the vehicles operate on a fixed schedule for hire.

**Funeral Home To Be Opened Here By Jim Morris**

The J. P. Morris Burial Association has been formed in Ranger by Jim Morris, and the Morris Funeral Home, to be located at 112 North Marston Street, will be completed and will be ready for business within two weeks, it was announced here today.

Morris has been connected with the funeral home business for several years, and has been a resident of Ranger for the past six years.

The building at 112 North Marston is being completely remodeled to form a modern funeral chapel. All fixtures and equipment, including the very latest ambulance, will all be new and completely modern, Morris stated today.

Remodeling of the building has already been started, with all the partitions being torn out and the interior being completely remodeled, painted and papered. In addition to the chapel there will be modern undertaking parlors at the rear.

Well trained attendants will make up the personnel of the new funeral home, with Charles Bottz as embalmer.

The J. P. Morris Burial Association has been chartered under the laws of the State of Texas, Morris said today, with moderate monthly rates being paid. This service is already available for the first time in Ranger.

**Baseball Game To Be Played Today**

A baseball game between the meeting place, in one of a long series of community meetings. A family style dinner was served by the ladies of Morton Valley.

L. W. Meador had charge of the program and presented L. H. Flewellen in an interesting talk.

Men's Brotherhood of the First Baptist Church and the Ranger Home Defense Guard will be played this evening, at the Ranger softball field, beginning at 7:00 o'clock.

This will be a regular baseball game, played under professional rules, and not a softball game, it was pointed out in calling attention to the game.

All proceeds from the game, for which an admission of 5 cents for children and 10 cents for adults will be made, will go into the local Home Defense Guard funds.

### Vitamin Value Of Peaches Stressed In New Campaign

fresh peaches by everyone. Grady Pipkin, Chairman of the Eastland County Food Industry Committee, pointed out that while food is rationed in war-torn Europe, we in America are faced with a different but serious problem.

"We are not eating enough of the basic health-protecting foods of which there is an abundance in this country," he said. "More than 50 per cent of our people are actually suffering from malnutrition in this land of plenty."

And today, more than ever before, America needs strong, red-blooded men, women and children.

"We have always relished peaches and this delicious fruit now takes a new rank as a healthful food.

"Recent vitamin research has revealed that peaches are rich in Vitamins A, B, C and G (b2) necessary for good health."

In urging all homemakers to eat more peaches at this time, Sidney A. Heatley, Area Supervisor of the Surplus Marketing Administration, pointed out that the National Defense Conservation and Nutrition program calls for more home canning and preserving. Home-canned peaches provide a splendid supply of basic health-protecting foods, and a very thrifty home food supply, too.

AUSTRALIA MAY LACK DOCTORS  
By United Press  
MELBOURNE, Australia — If this nation's medical men are mobilized, as now being proposed, Australia will be left with only 2,280 doctors to care for a population of 7,000,000, or one for every 3,100 persons.

with a party Friday evening in the home of Miss Lynn Pearson.

### Just a Bit Personal . . .

Mrs. Carroll Clark and Mrs. Fred Yonker were in Fort Worth Tuesday evening to attend a style show held at Hotel Texas.

Miss Lonelle Herring has returned from a visit with her cousin, Miss Frances Pand, of Longview.

Mark Gillaspie of Tucson, Ariz., is visiting in the home of Mr. and Mrs. L. R. Herring. Mrs. C. D. Woods of Austin, formerly of Ranger, is here for a visit with friends.

Robert Ray Herring has returned to his studies at A. & M. College after spending a few days with his parents, Mr. and Mrs. L. R. Herring. After completion of his summer work at the college he will leave for Washington where he will enter the Foreign Relations school of George Washington University.

Mr. and Mrs. W. H. Clarke and children have returned from California, where they have been vacationing.

Mr. and Mrs. W. Wallace Layton and children, Hayden, Fay, Charles and Gloria, of Silver City, N. M., formerly of Ranger, are visiting friends in Ranger while Mr. Layton conducts a meeting at the Laessa Church of Christ.

**CARD OF THANKS**  
We wish to thank all who sent flowers and who rendered assistance to us at the time of our bereavement over the death of our daughter and sister, Mrs. Ola Beatrice Mahan. We appreciate deeply the many words of sympathy that were extended us.

## Putter Around the Country Club

By A. Poor Putter

**ROY TROWER**, chairman of the latter committee, has announced his intentions of getting the players' ladder in condition as soon as possible, but this can not be properly done until we have all or most of the scores of the players. Nearly every player, or active player whose name is on that ladder plays 18 holes of golf sometime during the week. Now, if every player will turn in his card at the shop any day that he plays, we can very easily determine just where he should be stationed on the ladder, and TROWER can then work up the ladder so that it will be complete and ready for the various members to begin playing one another for positions.

In an interview with President **AL LARSON** and Secretary **GLEN WEST**, we learned that they are now working on the proposition of getting a set of "Golf Etiquette" into the hands of every member of the Country Club. So many new people are taking up the game that we feel they may as well learn everything in connection with golf. And so many of our old fellows need a little brushing up on the rules also. So this idea they are working out will certainly help everybody and do no one any harm. Even learning the "golf language" is worth the effort. The learner will understand more about the game and enjoy the game more if they understand the terms. Which reminds us of the learner who was taking lessons from a pro. He asked the pro what "par" was. The pro said, "That is a perfect score. The learner then asked what a "birdie" was. The pro replied, "That's one under par." "Well, what is an eagle?" says the learner. "That's two under

Ambition is a fine thing (the thermometer has too much of it.)

Yes, golf produces some smiles—but did you hear about the absent minded golfer? The foursome left the tee and when they got down the fairway some two hundred yards, they could only find three balls. They looked and looked, but could not find the fourth ball. Finally the fourth player happened to think—and looked back and there was his ball, all teed up on the tee they had just left—he had forgotten to drive. Looks to us like too much 19th hole.

MR. AND MRS. JOE ELLIOTT have returned from their vacation and found things well taken care

**ONLY LAST FALL** we'd have bet our best shirt that these Novelty Tables would go like hotcakes. Goodbye shirt! Anyway, you can have what's left of 'em (and they're every one \$5.45 to \$6.45 value) for the trifling sum of only **\$3.88**

**Hot Buys In Stoves and Radios**  
BARGAIN - HUNTER'S PARADISE in our collection of used radios. You'll find Philcos, Zeniths' Airlines and others selling for a song **\$2.00 to \$6.00**

**CLUMSY, AREN'T WE?** The boys in the back room chipped a big hunk of porcelain enamel out of the side of a brand-new gas range. And while it should have brought \$69.95, we're going to sell it for **\$59.88**  
We'll see that the side panel is fixed in top shape.

**EARLY BIRDS** are going to get some mighty good radios at some mighty low prices! They're used Airline console models, ready to give you many hours of pleasure, yet priced as low as **\$5.00**

Trade-in sales on tires always give us a lot of USED TIRES we can't get off our hands! Why don't you come in NOW and look over our stock? You'll find all sizes (many 6.00-16) and almost any brand! Some of them are good for thousands of miles! If you can find your size, you'll find a bargain! Prices start as low as **\$1.00**

**FOR 8 LONG MONTHS** we've had this blankety-blank coal-wood heater around. It was delivered after the season was over and we naturally couldn't sell it. It's in perfect condition . . . but our salesmen are getting eye-strain from looking at it. We'll take the loss . . . the heck with its \$49.95 price. You can have it **\$12.88**

**BATS** are driving us bats! Fall shipments are closing in on Wards store at a great rate and no space in sight (too many baseball bats!) You'll get us out of a hole if you get these bats out of our hair! You'll get BIG BUYS too! Hurry! From 49c **38c**

**MAYBE YOU THINK IT'S A PICNIC** trying to sell a coal-wood range in the middle of summer. Folks don't seem to realize how much they save by buying now. But if you're one of those foresighted people who can see the temperature dropping like the stock market, you'll snap up this **\$72.88** bargain at only **\$48c**

**Some Dress Bargains**  
**COOL SAVINGS ON COOL**  
FROCKS for big and little sisters. Come gather up these wonderful cotton sheers in flower colors. All the styles you care about—with entrancing details, good seams, fine washability. Sizes 1 to 14. All were 59c. For goodness sake, take them out of our lives **48c**
