UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

RANGER, TEXAS, THURSDAY EVENING, MARCH 12, 1942

PRICE 3c DAILY (5c ON SUNDAY)

NO. 199

RANGER—With a large trade territory, covering part of four counties, is Eastland County's greatest trading center.

THE RANGER TIMES—Covers the entire Ranger trade territory serving as an adequate advertising medium for Ranger's Merchants.

VOLUME III

Showdown Struggles at Sea Are Anticipated

PRELIMINARY PLANS FOR ALL OF NATION TO REGISTER FOR RATIONING BOOKS COMPLETED

Preliminary instructions on registration of all citizens and on issuing of War Rationing Booklets Number One, have been sent out to county judges, county superintendents, county clerks and county rationing boards by Mark McGee, state rationing administrator.

The instructions state that these are not merely sugar ration booklets, but may later be used for many items, including such things as hosiery, radios and many other items not yet on the rationing lists.

The dates for registering all citizens and issuing of the booklets have not yet been set, however, it is stated, the state organizations must be completed so the "R" day will be successful in Texas.

The chairman of the local rationing board in each county is being designated as county custodian. Under the most recent rules he will receive booklets and supplies from the county clerk, and then see to their distribution to county superintendents and independent school superintendents. Rationing regulations should be in the hands of the local rationing boards and school superintendents at least a week before the registration dates.

Value of the booklets is being stressed by the state rationing administrator. He has received word from Washington that they have the same value as United States currency and therefore should be kept under lock and key by the rationing boards in each city, and a record kept of serial numbers.

It is urged that campaigns be started to get the people who now have sugar on hand to "Bring your sugar in." A campaign, called the purchasing program, is being instituted and those in possession of more sugar than can be allowed under the rules, which is two pounds to the person, should turn the sugar to the stores where they purchased it prior to registration time.

All citizens are being urged to remember that they should register on registration day, because without the booklets they would not be able to secure articles that may be rationed, other than sugar.

A person must register at his nearest school center. The registration dates will be national. The Federal Government would never be able to find a date that didn't conflict with some county or district meeting, so all teachers, who will have charge of the registration and rationing, have been advised that the registration must be had regardless of previously arranged meetings.

"This war must be won, and our planning is a big part of it," the rationing administrator's letter states.

Flatwoods Home Demonstration Club Has Meeting

The Flatwoods Home Demonstration Club met in the home of Mrs. J. E. Ramsey of Carbon on a covered dish luncheon. As Mrs. Ramsey was a club member she had moved from this community she has always extended a club an invitation once a year.

Mrs. E. O. Hallmark gave the once report on the bake sale which was held on Feb. 28. \$4.25 made.

D. E. Webb was elected president to council for the district.

Mrs. C. A. Webb will be hostess to the club March 19, at 7:30 p. m. Miss Gladys Martin, demonstration agent, is to give the talk.

The answer to the roll call is whether or not we have earned the Texas Food Standard. A handkerchief was given to each of those present by Mrs. Ramsey.

Those present were Mrs. J. Turner, H. C. Jordan, D. E. Webb, E. O. Hallmark, Ann Jones, W. A. Justice, J. A. Hallmark and Bill Ramsey.

Shaws at Home

Bandman Artie Shaw and surprise bride Betty Kern, daughter of the composer, listen to a few recordings at their Beverly Hills home.

MORE PILOTS TO BE GIVEN CAA TRAINING

WASHINGTON, D. C., March 12.—The War Department announced today the Civil Aeronautics Administration pilot training program will be more than doubled in its size and facilities, devoted fully to the war effort under a plan worked out with the Army Air Force.

The program, calling for a large expansion of the present Civil Aeronautics Authority facilities throughout the nation, envisages the training of 45,000 students in elementary flying instead of 25,000 a year.

In addition the secondary course will train 30,000 youths instead of the present 10,000.

The plan also calls for training of 31,000 ground technicians annually. At present the Civil Aeronautics Authority does not train such technicians.

Brazilian Protests Take Form of Riots Against The Nazis

RIO DE JANEIRO, Brazil, Mar. 12.—Special police detachments, equipped with tear gas, and military police with rifles deployed in front of the Axis commercial establishments today after angry Brazilians entered several stores, smashed furniture and attacked Germans.

Red Army Scores a Victory Over Nazis

MOSCOW, Russia, March 12.—The Soviet Army revealed today that it had won a brilliant victory on the Kalinin Front, killing 49,700 Germans.

The report also stated that 161 villages had been recaptured, hundreds of guns, tanks and trucks were taken and that the heavily fortified Hitler line had been breached. This was the line Hitler commanded his men to hold at all costs, according to reports.

Aircraft Trainees To Get Pay Under Plan

SACRAMENTO, Cal. (UP)—A statewide program to train thousands of men and women as skilled aircraft workers was inaugurated in California this month.

Persons between the ages of 17 and 44 are eligible for the courses which will be conducted in junior colleges throughout the state. Applicants will be selected on the basis of mechanical aptitude tests and will be paid \$75 per month while learning.

Classes were offered in engine propeller and instrument mechanics, radio, electricity, sheet metal, welding, machine repair, painting, leather and canvas working, aircraft mechanics, wireworking, cable splicing, hydraulics and wood-working.

HIGHWAY USE IS AFFECTED BY WAR NEED

WASHINGTON.—Because highway transportation in the war period is going to be affected far more drastically than the public yet realizes, the Automotive Safety Foundation today announced the beginning of a nation-wide program to enlist the cooperation of the public in conservation of vehicles, tires, fuels and highways, with simultaneous promotion of their safe and efficient use for necessary war purposes.

Immediate goal of the Foundation will be development of support of civic and other organizations for the nation-wide adoption of the so-called "Pontiac Plan," calling for community pooling and conservation of motor vehicle use, which is already achieving progress in that Michigan city.

This particular plan, sponsored by the American Association of State Highway Officials, was adopted by the Foundation at the highway officials' request as one of the most promising measures available for immediate application.

The Foundation, hitherto engaged exclusively in a systematic attack on the annual waste through loss of life and property in street and highway accidents, will continue aggressive efforts on the traffic safety program.

Reorganization and enlargement of the Foundation to handle the new work has been announced.

A wider underwriting of the Foundation's work brought the petroleum and cement manufacturing industries into the support given the Foundation for the past six years by the makers of motor vehicles, parts and accessories, and tires, and the automotive finance firms.

Paul G. Hoffman, president of the Foundation since its inception, was named chairman of the board and treasurer.

Fyke Johnson, who has been executive vice-president of the Automobile Manufacturers Association, succeeded Mr. Hoffman as president.

Norman Damon, director of the Foundation, was elected vice-president.

Three primary objectives were adopted by the Foundation's operating committee. They are:

- (a) Enlisting the cooperation of motor vehicle owners, officials, civic and business agencies in the conservation and efficient use of vehicles, rubber, fuels and highways for necessary purposes during the war.
- (b) Conservation of productive man-power, man-hours and irreplaceable automotive vehicles and materials through intensified accident prevention measures to meet normal conditions as well as blackout and other war emergency hazards.
- (c) Participation in the development of a post-war highway program designed to provide useful employment quickly at the termination of the war and to acquire vital highway facilities for post-war service.

A Small Ruffian Gets Away With Sassing Officers

SAN ANTONIO.—Those unnamed heroes—the ones who talk back to cops like most of us wish we had the nerve to—added a young raganuffin to their ranks today.

Name unknown, he got away with a little bit of polite back talk to Police Lieut. J. P. Needham, who stopped to lecture a group of shine boys blocking pedestrian traffic along a Houston street foot bridge.

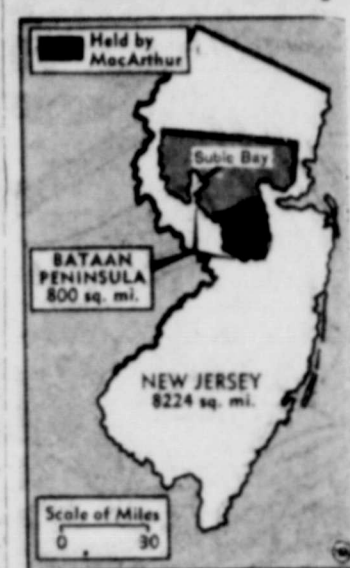

"Why didn't you run like some of the rest of the boys did?" the officer asked.

"I would have only you were on top of me before I could get started," the lad replied. "If you'll give me two more chances I promise not to hang around here any more."

"Why two chances?" asked the officer.

"I've got a weak will," he got them.

Tiny Bataan Big Headache to Japs

Bataan peninsula is smaller than any U. S. state, but it's a big thorn in the side of the Japanese thrust southward. Map shows how the Bataan-Subic Bay area would fit in New Jersey.

War Production Board Service Is Available To All

HOUSTON.—Services of War Production Board contract distribution field offices are available at no cost to any industrialist, large or small, C. J. Crampton, State Director in Texas for the Contract Distribution Branch, Production Division, WPB, said today.

"It has come to my attention that one manufacturer has the impression they must hire commission, special agents, or 'experts' to obtain war contracts or sub-contracts," Crampton said.

"Actually, no firm need pay commissions or 'finders' fees in obtaining government work."

The Contract Distribution Branch, Production Division, of the War Production Board, has established field offices where manufacturers may obtain, without charge, information as to war work which government agencies and prime contractors have to let. These offices advise manufacturers as to the work they are qualified to do and the procurement offices and prime contractors they should contact. They also assist in obtaining financing when necessary for firms going into war work.

"Field offices in Texas are at the following addresses: Dallas, 406 Fidelity Building; San Antonio, 1100 South Texas National Bank Building; El Paso, 223 National Bank Building, and Houston, Electric Building.

"Services of the field offices are available to any industrialist, large or small; and of course they are absolutely free."

Theft Charges Filed Against Two Olden Boys

Charges of theft of property of value of over \$50.00 have been filed in Justice of the Peace Wood's court at Eastland against Marlin McMinn and Glenn Adams of Olden.

Bond was set at \$500.00 in each case. Sheriff Woods said at noon Thursday that Adams had made bond.

The charges were filed in connection with the alleged theft of some auto tires from a party near Olden.

Sheriff Woods arrested the two boys earlier in the week.

W. A. Rhoads Dies At Home In Paris

Word was received here today of the death of W. A. Rhoads, 78, of Paris, who died at his home Wednesday night, after an illness of 10 days. His son, S. D. Rhoads of Ranger, went to Paris Sunday and was at the bedside of his father when he died.

Funeral services were conducted at 2:30 Thursday afternoon, with burial in the Paris cemetery.

Survivors included his widow and seven children, besides his son in Ranger.

ALLIED NATIONS' AIR FLEETS DOWN 13 JAP TRANSPORTS IN RAID

STOCK SHOW HAS INCREASE IN EXHIBITS

Although the number of beef cattle shown in the annual Ranger Livestock Show today was less than last year, a large increase in the number of dairy cattle and swine made the total well above the number of animals exhibited last year.

Each year since the livestock show was inaugurated an increase in the number of animals exhibited has been noted, with the show having a normal growth each year.

Judging of swine and beef cattle was completed this morning, with the judging of dairy cattle and swine scheduled for Thursday afternoon. Winners in many of the events will be taken to the Southwestern Exposition and Fair Stock Show at Fort Worth for entry there. In past years many winners in Ranger have also placed in the show at Fort Worth, with the percentage of dairy cattle winners being unusually high.

From every standpoint the show being conducted today proved a success, it was reported at noon by Dr. Ross Hodges and Charles H. Bell, who are in charge.

A complete list of winners in all divisions was not available today at press time, but will be ready for publication in Friday's paper.

Mrs. Nix Talks On Subject Of All Out For Homes

"A home is more than a house. Bad housing is profoundly detrimental to health and the slum is a health problem of outstanding significance," said Mrs. Josie K. Nix, who talked on "All Out For Homes" at the meeting of the Study Club at Morton Valley on March 10.

Mrs. Thad Henderson, who talked on "Making Friends" at the same meeting said, "Friendship is an experience on which we draw compound interest. A good healthy friendship does not go in for high dramatics."

Mrs. H. Adams was appointed to bring the next lesson.

Those present for the meeting were Mrs. H. Adams, Josie K. Nix, Thad Henderson, J. C. Carter, W. F. Crouch, D. D. Franklin and W. E. Tankersley.

Ranger Lions Hear Talk By Kinnaird

B. E. Garner had charge of the Ranger Lions Club program today and presented Donald Kinnaird of Eastland, who gave an interesting talk which was enjoyed by the club members and a large number of visitors who attended the meeting.

A delegation of Lions from Cisco was present and announced an engagement by Rubinoff, world famous violinist, who will play at the Cisco High School Auditorium March 25.

Jap Attack Marks Cocktail Era's End

BERKELEY, Cal.—Dec. 7 was the end of that period which will pass down in history as "cocktail civilization," according to Dr. Robert J. Kerner, professor of history at the University of California.

He predicts that Americans will emerge from the present conflict like Cromwell's Ironsides, prayerful, palm-singing, hardened in brawn and brain, tough and dynamic.

GERMANY APPARENTLY MASSING NAVAL POWER FOR BATTLE OF COMMUNICATIONS LINES IN NORTH ATLANTIC SECTOR.

The Allies and the Axis headed into a showdown today for control of the sea approaches to Australia and India and the Atlantic routes from America to Britain and Russia.

The battle for communications lines raged most fiercely north of Australia, where American Flying Fortresses, Australian and other allied airplanes reported a total of 13 Japanese troop transports and one or two warships had been blasted by aerial bombs in the New Guinea sector.

WTCC Magazine Advances Area's Cultural Growth

ABILENE.—The March issue of West Texas Today, magazine of the West Texas Chamber of Commerce, announced an activity for advancing the area's cultural development by promoting West Texas artists and art themes. Involved is the utilization, through the Abilene Museum of Fine Arts, of the exhibit rooms and halls of the commodious WTCC headquarters building for art displays, both permanent and temporary, and for annual distinction awards to artists and for art themes.

J. Thos. Davis, president of the regional chamber, announced the creation of a West Texas art board of nine members to become one of the operating groups of the West Texas Resource and Museum Exhibit, Inc., which is affiliated with the WTCC in developing the area's cultural interests. Judge Jas. D. Hamlin of Farwell has been invited to take the chairmanship of the art group, with D. A. Bandoen, WTCC manager, to be secretary; L. A. McDonald, Denton publisher; Dr. H. W. Morelock, Dr. Clifford B. Jones, Dr. J. A. Hill, college presidents of Alpine, Lubbock and Canyon; Lewis W. Teel, painter of El Paso; J. R. Record, managing editor of the Fort Worth Star-Telegram; and Mrs. Morgan Jones, civic leader of Abilene. First acceptances were received from Hamlin and Teel.

The executive committee of the art board will be composed of the president of the Abilene Museum of Fine Arts and two others. It will have charge of all art showings in the WTCC building; will acquire works of art for permanent hanging in the exhibit halls and gallery; and will make the annual distinction awards, including a cash award posted by the West Texas Chamber of Commerce.

The other groups with which the art board will work are the Resource Exhibit board of control composed of the WTCC's ten district directors, and the Museum board headed by President Davis.

Every 4-H Club girl in Eastland county is doing her best to raise a frame garden during the year. Demonstrations will have been given in all eighteen Clubs during this month.

Farm Production Is Increased By Aid of 4-H Clubs

Eastland County 4-H Club girls are learning how to produce more green and yellow vegetables by building and planting frame gardens. "A frame garden affords quicker and earlier growing period for vegetables, thereby increasing the family food supply" was a statement made by Alice Wheatley, Assistant County Home Demonstration Agent as she showed 4-H Club Girls how to make frame gardens at their regular monthly meetings.

Any old boards, stone, brick or tin may be used to make the frame. Coverings may be had by using old wagon sheets, blankets, quilts or muslin. Underground irrigation should be used, this giving the plants water from below instead of above the ground. This irrigation system may be installed by use of tile, tin cans, pipes, or old gutters. Tin cans should be wrapped with brown paper and buried ten inches under the soil while straw will serve to keep the dirt from falling in and stopping up the holes in the pipe or gutters.

Every 4-H Club girl in Eastland county is doing her best to raise a frame garden during the year. Demonstrations will have been given in all eighteen Clubs during this month.

Six Are Killed In Crash of a Bomber

SAN ANTONIO, March 12.—Six occupants of a B-25 bomber were killed today when the craft crashed and burned nine miles east of Yoakum.

Reports here showed the occupants of the plane to be Lieut. J. W. Bardord, pilot; Lieut. R. C. Hocking, co-pilot; Lieut. A. M. Johnson, Master Sgt. C. G. Frazier, Technical Sgt. E. T. Ricks and Sgt. C. A. Smith.

Otto Borchers, a farmer living nearby, said the plane apparently was attempting a forced landing when it crashed. No investigation had been started to determine the cause of the crash.

Japs Plan A Naval Review in New York; Date Not Set

TOKYO, Japan, March 12. (By Radio)—Chief of the Navy press said today, during the celebration of the victories at Rangoon and Java, that the Japanese Navy will hold a gigantic review in New York at the same time Gen. Yamashita's army enters London.

Will Niver Named Ranger Constable

The County Commissioners Monday appointed W. C. (Will) Niver of Ranger as constable of the Ranger precinct, which is precinct No. 2, succeeding John Barnes, who has resigned. Niver will serve under the appointment until January 1, 1945.

tention of the publishers.

Save the fighting for the Axis

Few issues before Congress and the public since
Pearl Harbor have brought on such a storm and possibility
of serious division when unity is needed as has the Bank-
head amendment. This amendment prohibits sale of gov-
ernment-held farm products at less than parity prices.

Opponents of the amendment, including President
Roosevelt, charge serious inflation would overtake us and
that the costs of eating would leap by one billion dollars
annually. Sponsors deny this, and insist farmers will not
receive their proper share of the national income until
parity prices or better are achieved.

Parity prices are based on a five-year price schedule
considered by agricultural economists as "good times."
Usually this schedule has been based upon the five years
before the first World War when farm incomes soared.

Foes of the Bankhead amendment retort here that as
a result of prices hitting the peak then, a devastating
whirl of inflation and depression later flattened the farm-
ers. Mortgage foreclosures ripped the security supposed to
go with possession of land, riots in the midwest stopped
foreclosure sales and agricultural instability rocked the
nation.

These opponents see a repetition, which certainly
would be an economic jolt difficult to withstand in post-
war years with a heavy armament bill. Other economists
and farm leaders assert the brakes in the price control
bill would prevent such a catastrophe.

The general public should be more concerned with
the probable effect upon the total war effort. If the Bank-
head move would seriously block the war drive then it
should never go on the books. If, on the other hand, it
would merely provide agriculture with a more equitable
share of the national wealth, then it cannot be seriously
opposed.

Most important, nothing should be permitted that
would in any way divide the country, group against group.
The idea that city slickers are attempting to take bread
from farmers' mouths or that the agricultural interests
seek to boost living costs out of sight should be squelched.

Anything bound to hinder the victory drive is just as
bad for farmers as for city wage earners. The forces bat-
tling over the Bankhead amendment should at once settle
on some reasonable compromise before our enemies get
more consolation from our bickering on the home front.

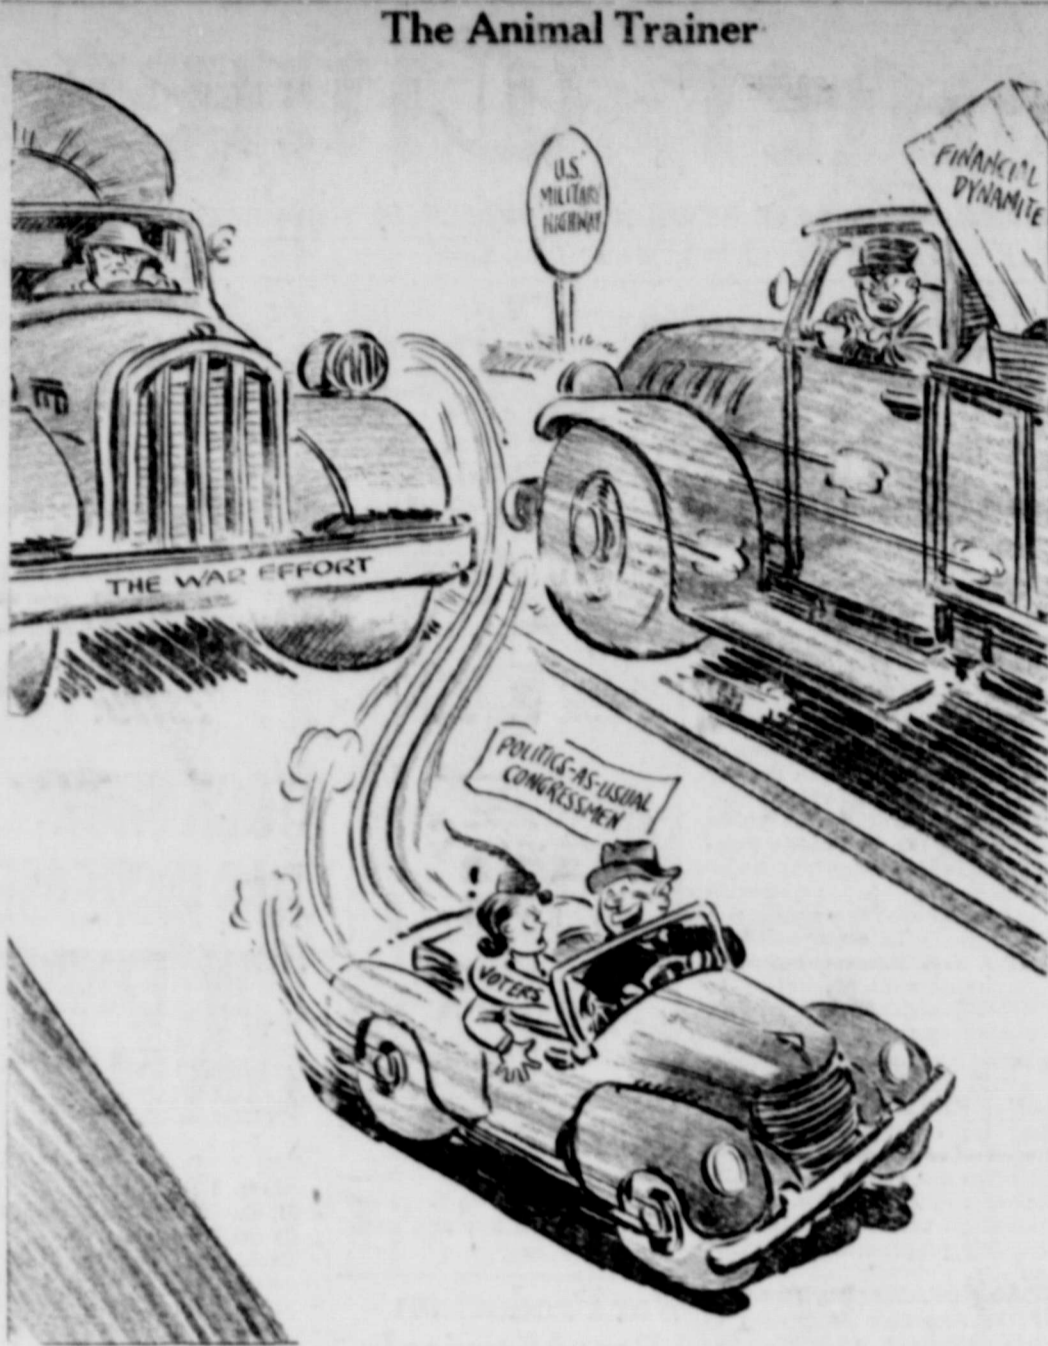

A Chicago woman is suing her grocer-husband for
divorce. Must be pretty independent to leave a grocer
these days.

One nice thing about hores. They don't talk about
other people.

Monday, March 16,
To Be 4-H Club Day
At Fat Stock Show

Monday, March 16, will be 4-H
Club Day at the Fat Stock Show
in Fort Worth. This is an annual
affair which 4-H Club Girls and
Boys all over the State of Texas
enjoy. Last year nearly two
hundred boys and girls went from
Eastland county. However, the
number will be smaller this year
because of present transportation
facilities.

Clubs which have already made
arrangements to go are: Young
School in Ranger, Alameda, Gor-
mah, Carbon, Colony, Olden, Lone-
Color and Dedmona.

Beside seeing the general ex-
hibits and show, the boys and
girls will also see the famous ice
skating.

Members of the 4-H Clubs will
be admitted by a letter of author-
ization from either the assistant

county agent or the assistant
county home demonstration agent.
Tickets will be furnished for
ice skating and secured from the
same source for 4-H Club mem-
bers and sponsors.

Manufacture Of
Tin Cans Is Down

WASHINGTON.—To conserve
tin the government has imposed
heavy restrictions in the manufac-
ture of tin and terneplate cans.
With can manufacturers using
more than 1,700,000 tons of tin
plate annually, such restrictions
will divert much of the important
metal to essential war production.

Census records show that in a
normal year, United States man-
ufacturers produced more than
\$360,000,000 worth of cans. In so
doing they used up 1,706,789 tons
of tin plate and 134,969 tons of
terneplate. Terneplate is compos-

ed of four parts lead and one part
tin.

More than 776,000,000 tin beer
cans have been produced annual-
ly, valued at \$18,600,944. Other
types such as coffee, tomato, bean,
corn and tobacco tins were valued
at \$119,304,021. Under present
conditions, production of such
cans has been cut 50 per cent and
there is promise of even further
curtailment.

Using a base period of 100
either March, 1940 or September,
1940, the WPA report here showed
an existing level of 157.6. The
Office of Price Administration
plans to set levels at the March
or September, 1940, scale.

WPA surveys showed the fol-
lowing increases: Abilene, 119.9
and Mineral Wells 115.9.

This Little Pig
Went To Market,
But He Got Away

By United Press
LONGVIEW, Tex.—This little
pig went to market. And some-
where he's probably alive to tell
the tale.

It began when J. H. Weller,
gardner and landscape artist for
the Gregg County courthouse
grounds, brought the pig home
with him, a few hundred yards
from the courthouse.

The pig got loose and made a
bee-line for the carefully tended
shrubbery beds, flower plots and
nurtured lawns on which the
gardner had worked. Weller, run-
ning at full speed, was only a few
steps behind.

Round and round the mulberry
bush, the courthouse and all sped
the two, with the pig decidedly
getting the better of the race.

It headed for the Marshall high-
way with Weller, shopkeepers and
citizens shouting at its heels.

"A lot of people started to help
me," the gardner said, "but they
all got tired and quit."

Weller did to when the pig hit
the city limits.

"Last I saw of him," he report-
ed sadly, "he was running toward
the next county. I paid two dol-
lars for him, too."

Brownwood Rent
Must Be Reduced
Under Price Control

By United Press
BROWNWOOD, Tex.—A Works
Projects Administration survey
revealed that Brownwood rentals
will have to be cut approximately
one-third to meet the levels for
defense areas which come under
the new price control bill.

Using a base period of 100
either March, 1940 or September,
1940, the WPA report here showed
an existing level of 157.6. The
Office of Price Administration
plans to set levels at the March
or September, 1940, scale.

WPA surveys showed the fol-
lowing increases: Abilene, 119.9
and Mineral Wells 115.9.

CHEANEY NEWS

Measles are still the order of the day among the school children, with a few cases of the mumps, too.

Several were absent from church services Sunday. Eloise Wisdom of Salem visited Gloria Sullivan last week end.

Mrs. Marvin Brock and Mrs. Luther Cooksey visited Mr. and Mrs. Slim Blackwell in Ranger Thursday night.

The Alameda Hi-Four Quartet was entertained in the home of their sponsor, Mrs. J. W. Turner of Eastland, Saturday night.

A birthday dinner honoring Bill Alvin Tucker, Mrs. Richard Tucker and J. J. Tucker, whose birth dates are March 8, 11 and 12, respectively, was given at the home of Mr. and Mrs. Bill Tucker Sunday.

Misses Martha and Alla Mae Howard visited home folks this week end.

Let's remember the singing to be held at the Cheaney Church of Christ next Sunday afternoon at 3 p. m. Let's all attend and carry a neighbor or friend with us. And, too, let's all be in our places for the morning and evening services. Don Wilson of Abilene will be the preacher.

Mrs. Eva Wright and daughters

RED RYDER

Georgia and Frankie Stacy of Alameda visited Mrs. Bill Tucker Saturday afternoon.

Misses Austin and Weaver attended the Teachers Convention at Sweetwater.

The Hi-Four Quartet is sponsoring a program at the high school auditorium Friday night, March 13.

Mr. and Mrs. Carl Sullivan received word of the death of an old time friend, Mrs. Malcolm Owens, the sheriff's wife at Childress, Texas.

Robert Craig and children visited his mother and grandparents, Mrs. Alma Craig and Mr. and Mrs. J. W. Watkins, and other relatives near Alameda following the death of his wife at Childress last week. The Craig family lived here a number of years.

Oreville Hale, postal employe at Clarendon, visited his aunt, Mrs. Mattie Hale, Saturday.

James W. Fox was in the community in the interest of business Thursday.

Mrs. George Pilgrim visited in the homes of Mrs. Beulah Melton and Mrs. L. Z. Melton Monday.

J. W. Turner is suffering an attack of "flu" at this writing.

Mrs. McGlamery On Morton Valley PTA Program Last Tues.

Mrs. Bert McGlamery of Eastland talked on "Mobilizing for Safety" at the Morton Valley P. T. A. meeting on March 10.

W. A. Dorsey, teacher of the Douglas School (col.) at Eastland, presented his pupils on the program which was composed of:

Spring in the Trenches, by Esther Ruth Mitchell.

Troubles in the World, by Ned Howard Kelly.

Robert E. Lee, by Helen Newsome.

Our Community Life, by Vestell Tryone.

Objects of P. T. A., by Thelma Turner.

Look for Goodness, by Gene Newsome.

Song—Leave It There, by the group.

Officers were elected as follows:

Mrs. Thad Henderson, president; Mrs. J. C. Carter, 1st vice president; Mrs. T. L. Wheat, 2nd vice president; Mrs. Cecile Eubank, 3rd vice president; Mrs. D. D. Franklin, secretary; Mrs. W. F. Crouch, treasurer; Mrs. W. E. Tankersley, press reported; Mrs. W. B. Peoples, song leader; Mrs. John Jones, pianist.

A skit of "Jimmie, Be Careful," the Junior play, was given by the main characters.

Sam Jones announced there is to be skating each Thursday night at the school gymnasium.

Delegates were elected to go to Dublin to the district conference March 25 and 26.

Those present were Mrs. Thad Henderson, Josie K. Nix, W. F. Crouch, W. E. Tankersley, D. D. Franklin, H. Adams, O. H. Williamson, J. C. Butler, Jake Garrison, Roy Hatkin, John Jones, Herman Faust, Jack Terry, Misses Pauline Hancock and Avis Matthews, and two visitors from Eastland, Mrs. McGlamery and Mrs. Harrell. Sam Jones, the superintendent, was also present.

Gorman 4-H Club Told How Frame Garden Is Built

The Gorman high school 4-H Club met Wednesday at 10 a. m. Miss Alice Wheatley gave the girls a frame garden building demonstration at the home of Mrs. Marie Sadler.

The dimensions of the frame garden should be 5 ft. wide and lengths 20 to 50 feet are practical. The walls of the frame are usually 12 to 18 inches high and

WE HAVE PLENTY OF FIRESTONE FRIGITONE PERMANENT ANTI-FREEZE H. H. VAUGHN SERVICE STATION Phone 23

SEF BROWN'S Transfer and Storage - For - MOVING CONTRACT OPERATOR T & P TRANSPORT Phone 638

strips one inch wide should be nailed across the frame every five feet to support the cover.

In most areas a thin grade muslin makes the most satisfactory cover. Thick and colored covers exclude the sunlight.

To prevent plants from becoming

ing spindly the cover should be rolled back whenever the temperature is above 60'. Subirrigation through two rows of concrete tile or tin cans 8 to 10 inches under the surface should be used to obtain rapid growth and maximum yield of vegetables. Always keep the soil sufficiently moist to prevent them from wilting.

To get the most from the frame garden the gardener should plant it so that a succession of vegetables may be harvested. From three to five plantings should be made, planting the narrow way to make cultivation easier.

After the demonstration Miss Wheatley announced the girls must have their goals up to get to go to the Fat Stock Show 4-H Club Day, which is Monday, March 16.

Those present were Louise Claxton, Mildred Thomas, Billie Jean Westmoreland, Theda Beth Dolberry, Lila Gene Kinneson, Virginia Cornwell, Maudell Taylor, Marie Sadler, Faye McCullis, Johnnie Lee Broom, Mrs. E. Barron, sponsor, and Alice Wheatley, assistant home demonstration agent.

The only reliable sign of spring is when winter goes away and fails to come back.

War Might Change Habits Of Eating

AUSTIN.—Effect of the war on Texas eating habits, and recommendations for continued good nutrition despite possible future

shortages will likely attract interest of Texas dieticians they meet at the University of Texas next month. The Texas Dietetic Assoc. will convene on the campus 13 and 14.

Retire Milk Wagon Horse Called Back Into Active Service

By United Press
FORTH WORTH—Jimmy is back in the harness and loving it. Like a lot of other old-timers, the war has pulled him out of retirement into a job he can still do well.
Jimmy is the prize black percheron of the Boswell Dairies, a veteran of 10 years on the milk run but so handsome that he was a natural for any parade that would properly show his power and beauty. So the milk run often was pulled by a substitute while Jimmy was prancing down the line of march for all Fort Worth to see. He pulled the carriage of the Southern Belles in the opening of "Gone With the Wind."
Six months ago, Jimmy had his permanent retirement. Once a year the dairy management gives its horses a week's rest, but the months went in an

Freckles and His Friends — By Blosser

Tramp Thinks Mayor Is a One-Man Gang
LONDON, O.—Mayor Ned Speasmaker, when he's not at city hall, has charge of shipping operations at a metal products company here.
The mayor was checking on some work at the plant recently when he saw a tramp taking some lumber from a freight car on the factory siding.
He gave chase and nabbed the man, producing his deputy sheriff badge.
The tramp came up for trial and found himself facing the mayor as judge.
"That man was a deputy sheriff when he caught me," the tramp wailed, "now he's a judge—you can't win."
"Yes," the mayor retorted, "and what's more, that was my company's lumber you were taking."
Wouldn't it be nice if some animal trained could teach moths to eat holes like lace?

A party treat that can't be beat!
punch
a la Karo

Serve this smooth, creamy, luscious cherry milk punch at your next bridge party... But don't let the family start tasting it before the guests arrive — or you'll have to make a new lot! For this is an irresistible drink! Good for everyone—KARO is rich in Dextrose, food-energy sugar!

6¢ a big glass

CHERRY MILK PUNCH
1/2 (No. 2) can red tart pitted cherries
1/2 cup KARO (red label) 1 teaspoon vanilla
6 cups milk
1/2 cup cream, whipped
8 Maraschino cherries
1 sprig mint
Drain cherries, and chop into small pieces. Combine again with fruit juice; add KARO, and vanilla. Stir in milk. Chill. Pour in tall glasses, and top with whipped cream. Decorate with a Maraschino cherry and a mint leaf. Makes 8 (8-ounce) glasses.

New Era Club Meets With Mrs. Green

The regular meeting of the New Era Club was held Wednesday afternoon at 3 o'clock in the home of Mrs. E. R. Green, at which time a program on Texas was presented.

Mrs. B. S. Dudley, president, presided over the opening of the meeting and introduced Mrs. Arthur Deffebach, who was leader of the program. On the program were Mrs. George D. Rhoads who spoke on the subject, "The Romance of Quannah Parker"; Mrs. W. F. Creager who gave the legend of Lover's Leap at Waco, and Mrs. A. W. Brazda, who gave

World Traveler Is Speaker At Rotary Club

Wednesday noon at the Rotary Club, Dr. Edward R. Jenkins, minister, traveler and lecturer, spoke on the background of the present World War.

He pointed out the condition in Germany when Adolf Hitler came upon the scene and how there was unemployment, hunger, turmoil in the economic and business and political life of the country. He made mention of the dire results of inflation and how it took 30,000 marks to send a letter, of women on the streets soliciting money from strangers to get bread for their children as their husbands had been killed in the war and they had nothing to eat.

When Hitler came upon the scene he told the German people to put him into power and he would do away with unemployment and abolish the middle men who were mostly Jews, and like a drowning man who catches at a straw the German people turned to him at the polls for relief.

Dr. Jenkins pointed out the causes of the fall of France notwithstanding the fact that they had the finest trained army in the world and the supposed impregnable Maginot line, but how drink, immorality and luxury undermined the morale of the people.

He stated that a census just before this war broke out showed 40,000,000 people in France and how 30,000,000 Frenchmen in reply to what was their religion stated they were atheists, agnostics, infidels and of no religion at all. He quoted a noted Frenchman who wrote in the Saturday Evening Post that while Germany was manufacturing a thousand planes

for surgery at the West Texas Hospital today.

Mrs. George Rhoads has received word that her brother, Pvt. Thomas R. Overby, is now stationed at Camp Collier, San Diego, California. Pvt. Overby is with the coast artillery.

ALLEY OOP

a month France was only making nine.

The speaker showed how Japan began preparing for this war back in 1905 and quoted from the Tannu document that outlined the present conquest of the Far East, India, Egypt, Palestine, Syria, Turkey and Europe, and finally the United States, and how to the letter that document has been followed by the Japanese army from country to country.

Dr. Jenkins closed his remarks stating that we will win this war, but to do so we must come back to God as a people and as a nation. He pointed out the 300,000 hold-ups, the 36,000 people killed on the highways, the \$15,000,000,000 for crime, the \$9,000,000,444 for gambling, the one divorce in every five marriages, the 500,000 cases of social disease in this country.

"As our forefathers came to this country and founded three things: the home, the school and the church, so we must give our attention to them as never before if we are to win," was the appeal of the speaker.

Fishermen Prospering Upon Cod Liver Oil

ASTORIA, Ore. — Fishermen are "getting fat" on cod liver oil.

A record price for cod liver was paid here when the fishing boat Republic disposed of a 200-pound load at \$1.10 a pound.

Several years ago ling cod were bringing fishermen only five cents a pound. At that time the livers were thrown away, and the cod sold on the fresh fish market.

It used to be "tramp, tramp, tramp the boys are marching." Now it's stamp, stamp, stamp to keep 'em flying. Buy all you can.

War Fund In a Bank Twenty Years May Be Used Now

By United Press

MT. MORRIS, N. Y.—An \$800 fund which has been on deposit in the Pavilion State Bank since the last war, when it was collected for the relief of soldiers, may be put to use in the present conflict.

Residents who have discussed methods of disposing of the money for the past two decades now favor contributing the fund to the United Service Organization.

The money was collected by an excited populace in rural Covington more than 20 years ago, when word spread that American doughboys in France would be compelled to pay their own passage home. Quickly \$900 was raised and placed in the Pavilion bank, but

the rumor proved true and was no need for the fund. Only once since 1919 has money been touched. A few ago \$100 was withdrawn and tributed to the Red Cross.

Ranger Girl Was Special Guest At Writers' Dinner

DENTON.—A special invitation to attend all sessions of the fourth annual Writers' Conference at the Texas State College for Women was extended to Miss Francine Hatley of Ranger. Only a limited number of students who are interested in literature and the technique of creative writing were invited to participate in the conference.

Miss Hatley, the daughter of Mr. and Mrs. P. O. Hatley, also attended a banquet honoring guest speakers at the conference. A sophomore majoring in Piano, she was recommended by her teachers to attend these meetings. Outstanding writers appearing on the five-day program were Carl Sandburg, famed American poet; Carleton Smith, music editor of Coronet and Esquire; and Hudson Strode, traveler and writer on South America and the Caribbean Islands.

Will Reopen Iron Ore Mines Idle For Past 24 Years

PITTSBURGH.—A large iron-ore deposit in the Adirondack mountains—idle since the last war—will be reopened by Jones & Laughlin Steel Corp., to increase its supply of pig iron for war production.

The company will move the town of Benson Mines to a nearby site to make way for the development of the iron-ore field in St. Lawrence county, N. Y.

The village is located at the old ore pit used by the Bethlehem Steel Corp. during World War I. It is the home of 100 persons and consists of about 50 dwellings, one church and one school.

Officials expect to employ between 200 and 300 men in preparing the mine for production and by 1943 it is expected to yield 2,400,000 tons of crude ore annually, or about 800,000 tons of iron concentrate to be shipped to the furnaces.

The mineral at the idle mine is of better quality than ore from the Mesabi and Marquette ranges of Minnesota and Michigan, officials said. The Benson ore has a content of 65 per cent compared with an average of approximately 52 per cent for the Great Lakes ores.
