Post Exchange Is Cancelling Credit Rating Of Soldiers

FORT BRAGG, N. C. (UP)—Amid mixed emotions of enlisted men, the nation's largest Army post abolished soldier credit Aug. 1 to launch a three-month test of on-the-barrel-head buying.

The Fort Bragg trial is successful, "installment plan" business with post exchanges—the service man's greatest lane and blessing—may go the way of wrap-around puttees and saucer helmets, out of the Army forever.

The first month of the trial period will be graced with two pay days to help the boys through any undue financial difficulties caused by abandonment of the long existing credit system. But after that the officers say, the men must learn to balance their budgets.

Many soldiers thought the change would be an incentive to thrift and frugality. Some claimed the sound of money in their pockets would be too much of a mental strain, while others said it would make little difference to them since they live within their newly-increased pay, anyway. A few of the old timers were too sad to comment.

Involved in the pay-as-you-go system are all theatres, post exchanges, organization-owned or operated concessions, and anything else authorized to extend credit to service men.

Top sergeant and rookie alike must learn to pay spot cash for movies, hair cuts, tailoring and drinks.

Committee Refuses To Reconsider An Income Tax Plan

WASHINGTON, D. C. (UP)—The Senate Finance Committee today rejected 13 to 7 an effort to force reconsideration of its approval of the House plan to collect a portion of individual taxes by deductions from wages, salaries and dividend checks starting on Jan. 1, 1943.

By the end of 1943, U. S. production of aluminum will be approximately 2.1 billion pounds—six-and-one-half times 1939 production.

THE WEATHER
WEST TEXAS—Widely scattered thundershowers this afternoon.

FARMERS ARE URGED TO BRING IN SCRAP TO AID IN WAR MATERIAL SALVAGE PLANS

Eastland County farmers are "all set" to take part in the scrap collection which is due to begin in this county on Saturday, Aug. 29.

A county-wide organization has been formed and plans completed for the "scrap harvest" which is expected to yield many tons of valuable material for war uses. The farmers plan to comb every acre of their farms for any type of scrap that might be of war use, and it is expected that the canvass will be thorough and complete.

The County Salvage Committee will direct the campaign in Eastland County, assisted by local chairmen appointed in the various towns. In Eastland the drive is being conducted by Bill Jessup, and in Ranger, Rep. David M. Phillips is in charge of the drive.

Collection depots to which the farmers will deliver the scrap have been established in most of the important community centers of Eastland County, where it will be weighed and paid for at spot prevailing prices.

All types of scrap material are needed, but there is a particular need for scrap iron, other metals and rubber. Everything made of these materials and not in use should be gathered up. Discarded farm implements, broken parts, worn hoes, shovels, broken hammers, nails, wire, broken household utensils; tires, tubes, hose, belting, gloves, rubber soles, boots, in fact everything made of rubber; copper and brass; washing machines, utensils, which contain zinc, like refrigerators, lamp bulbs, vacuum cleaners; lead, such as found in old batteries; tin pans and other metal articles. Burlap bags, manila rope, old rags also are wanted.

The prime purpose of this drive is to harvest all scrap now scattered on the farms of the nation, and deliver it through regular channels to the war factories. The nation desperately needs scrap to use in building planes, guns, tanks, ships and other weapons for our fighting men at the front.

H.S. Von Roeder Is On Staff Of McMurry College

ABILENE, Tex. —Dr. H. S. Von Roeder who was formerly principal of the Ranger Junior College, and a dean of the Ranger Junior College, has joined the faculty of McMurry college. He will act as head of the department of education.

Dr. Von Roeder comes to McMurry from San Antonio where he has been registrar and professor of education and psychology at the University of San Antonio. He has held this position since 1937.

Dr. Von Roeder holds a B. S. degree, an M. A. degree and a Ph. D. degree in education, all from the University of Texas. He was the holder of the Peabody Fellowship in education for two years at the University. He is a member of the Phi Delta Kappa, men's national honorary educational fraternity.

He has taught in Sul Ross State Teachers college, Southwest Texas State Teachers college and the University of Texas.

Arizona Patrol Snaps Pictures Of A Car's Speed

PHOENIX, Ariz. (UP)—The Arizona Highway Patrol has developed a system of checking up on speeders that will make it tough for anyone who travels more than 40 miles an hour to get new tires from the rationing boards.

Patrol cars have been equipped with cameras to photograph speeding cars. A speedometer is placed on the front of the police car within the range of the camera. The picture then shows the speeding car and its license number with the actual speed registered on the same picture.

Arizona does not have a maximum speed limit on the open highways, but signs have been placed to remind motorists that the requested wartime speed is 40 miles per hour.

Additionally, anyone applying to a rationing board for new tires is required to submit an affidavit that the vehicle upon which the tire or tube is to be mounted has not been operated at a speed in excess of 40 miles per hour since July 1. Records of all enforcement officers showing names of violators exceeding the 40-mile limit will be made available to rationing boards.

County Board Is To Reclassify Many Members

With the A-1 register practically exhausted, the Eastland county Selective Board will shortly begin reclassification of 111A men according to dependants as the next step in filling its quotas. The Board is also sending Military questionnaires to young men as they reach the age of 20 years.

Rapidly mounting quotas is forcing the Board to move into classes where the drain upon manpower is beginning to be felt more and more seriously, the Board said; and every effort will be made to treat each man's particular case in such a way as to apply the Selective Act with as little hardship as possible.

The Board is also anxious that all men who have children not reported to the Local Board should report these additions to their families at once in order that the Board will have this information in reopening their cases.

The nation is rapidly reaching an all out war effort, which Draft Board Officials pointed out means that eventually all able-bodied men and women will be either in the armed forces or in essential war industries.

The Selective Service Board urgently requests all registrants to keep their Local Board informed of their correct mailing address, or any other change of STATUS in writing. Failure to do this is a severe penalty.

Enlisting Scrap For Victory

We must win this war. The freedom of each of us, the future of our children depend on it. That's why the farmers of Eastland County participate enthusiastically in the campaign to "harvest" scrap material on their farms for use in manufacturing implements of war.

There is enough scrap iron and steel, to say nothing of tin, zinc, and lead, in the fields, gullies, barns and tool sheds of Eastland County to make several tanks, planes, hundreds of guns, bayonets and hand grenades, if all of it is gathered up. And there must be enough old rubber lying around to make dozens of gas masks, seaplane emergency boats, aircraft tires and pontoons for bridges.

This campaign just now getting under way in Eastland County is part of the national salvage program. Donald Nelson, chairman of the War Production Board, has asked the farmers of the nation to search their farms for all articles of scrap because they are needed in making war.

Japan has seized the territory from which we formerly obtained 90 per cent of our rubber and 86 per cent of our tin. The Japanese can use these supplies to fight us. In making steel 50 per cent comes from iron taken from ore and 50 per cent from scrap steel and scrap iron. Unless we can build up stockpiles at once, some of our large steel mills may have to close down for a while this winter for want of scrap. They have been forced to do this in the past.

We are fighting the war on two kinds of front—the military front and the home front. Young men from Eastland County are already seeing active service on the far-flung battle-fronts of this war. We who man the home front must see to it that they are adequately equipped to meet the enemy on equal terms when they come in contact with him.

Farmers of Eastland County now have the opportunity to send their scrap materials to fight against Hitler and Hirohito. There are thousands of pounds of this scrap on our farms, doing no good, that could be salvaged for war use. There are discarded farm implements, broken hammers, stove grates, old wire, and burned-out pots. Let's all get in the scrap with the scrap!

Richard Hodges Is Selected For Navy Aviation Training

Richard Hodges, son of Mr. and Mrs. R. H. Hodges of 608 Young street, Ranger, has been selected for training as a Naval Aviation cadet and will be ordered to active duty shortly.

He is a graduate from Ranger high school, and attended Ranger Junior college, Ranger, and was on staff of The Ranger, the college yearbook.

When ordered to active duty, he will report to the U. S. Navy Pre-Flight School, University of Georgia, for three months of physical conditioning, instruction in naval essentials, military drill and ground school subjects. After completing this course, he will be sent to one of the Navy's numerous reserve bases for primary flight training.

Battleship Iowa Launching Held Ahead of Plans

BROOKLYN NAVY YARD, New York, (UP)—The battleship Iowa, mightiest dreadnaught in the fast-growing American fleet, was launched today, seven months ahead of schedule.

The giant battleship has been completed in time, perhaps "to take part in that final climactic operation of the war, the invasion of the Continent of Europe or the Island of Japan", said Ralph A. Bard, assistant secretary of the navy.

In less than two years, one war material manufacturer has placed 3,800 subcontracts with 725 companies in 151 cities.

Navy Miss Says Sailors Today Are Good Fighting Men

CHARLESTON, S. C. (UP)—Miss Emmy Lou Bowman, navy yard librarian, is new to the navy, but is willing to wager a month's pay that in the days of wooden ships and iron men no one in uniform ever called for books on nature study.

"And," she added, "can you imagine a sailor of 40 years go asking for a volume on public speaking—or mathematics—or cooking?"

"It just seems to me, however," Miss Bowman said, "that gobs today are twice the fighting men they were in the long ago. Besides using the brawn required to carry the war to the enemy—they also are operating today with their brains, which makes for doubled efficiency."

Don't Be a Cheap Skate

Salvage-wise Mary Yee turns in old skates for colleagues in "Stars on Ice" to H. M. Brundage, WFB official, in New York. Each pair supplies metal for one hand grenade.

No Reflection on Their Work

RUSSIANS COUNTER RAID IN MOSCOW AREA TO AID HARD HIT CAUCASUS AREA

COASTAL CITIES BUY HEAVILY IN INSURANCE

By CHRISTINE SQUIRE-HILL, United Press Staff Correspondent

CHICAGO, Aug. 25 (UP)—Federally-sponsored war risk insurance against losses by enemy action is finding a ready market among the cities which stand to lose most from such action, a survey of the Municipal Finance Officers Association reveals.

All but three of 21 major coastal cities are taking out extensive war risk coverage for possible damage to city buildings and their contents, municipally owned bridges and reservoirs, automotive equipment, and police and fire alarm systems. Of 23 major inland cities only six are insuring their properties against bombing.

War risk insurance has been available since July 1. Public and private property owners may buy it locally from agencies co-operating with the Federal government, at the following rates: 10 cents per \$100 value of fire proof construction; 15 cents for ordinary construction; 30 cents for public utilities. The insurance companies pay 10 per cent of losses up to a maximum of \$20,000 less in excess of net premiums collected; the government stands good for the rest.

Los Angeles, Baltimore, Seattle and Hartford, Conn., lead the most-extensive-coverage list, with respective amounts of \$414,000, \$74,229,000, \$30,000,000, and \$21,628,000.

Los Angeles coverage includes municipal buildings, harbor facilities, water and power equipment and school properties, the latter accounting for around \$84,000,000 of the total. Hartford has insured all public buildings and their contents, automotive equipment, street lighting systems, bridges and swimming pools.

New York, biggest of all coastal cities, has notified the association that it probably will not buy government-underwritten insurance. Instead, it will self-insure.

Among the inland cities, Detroit is insuring most heavily, with premiums on \$59,000,000 worth of insurance which does not include municipal properties with individual valuations of less than \$600,000. The street railway system, and properties of the board of education, and the municipal housing authority will be covered separately.

Cities which apparently regard their geographical location as partial insurance against war damages include Fort Worth, Texas, Allentown, Pa., and Wheeling, W. Va. Their coverage averages approximately \$2,000,000. Other cities carrying the insurance are Alameda, San Bernardino, San Diego, and Stockton, Cal.; Brunswick, Ga.; Yonkers, N. Y.; Charleston, S. C.; Newton, Mass.; Clifton, N. J.; and Canton, O.

Major interior cities which have indicated they probably will not buy the new insurance are Chicago, Cincinnati, and Denver.

PACIFIC RAID ON SOLOMONS A REAL GAIN

WASHINGTON, D. C. (UP)—Members of the Pacific War Council, meeting with President Roosevelt today, viewed as a "real" gain the success in date in the Solomon Islands, where United States forces still are engaging the Japanese in sea and air battles.

Walter Nash, New Zealand minister to the United States, said a review of recent operations in the Solomons disclosed there had resulted "some dispersal of Japanese forces" in the Southwest Pacific.

"The gain is real," he said, acting as spokesman for the entire group.

He added that the meeting was principally a "general discussion on what is happening in connection with the offensive in the Solomon Islands."

Report On Texas Raw Materials Made To Governor

AUSTIN, Tex.—Experts of Texas Technological College and the University of Texas were called upon by Governor Stevenson when he received word that there was a proposal before the War Production Board to centralize manufacture of civilian apparel in New York for the duration of the war.

Texas Tech came across promptly with a survey of raw materials, labor, transportation facilities, warehousing, storage, power, managerial ability and capital and credit facilities. The University of Texas had the data ready on comparative number of clothing plants manufacturing reports, a breakdown of the articles made, and a report on the economic effect of transfer of the industry to one locality.

After the war, University Expert Dr. A. N. Cox pointed out, the industry would be given such an advantage in its place of single locations that other sections would be badly handicapped.

Texas Tech data showed that Texas produces 25 per cent of the nation's cotton, 20 per cent of the nation's wool and 85 per cent of the nation's mohair and that no other part of the United States has as abundant a supply of basic fabrics. The report showed too that the Long-Ranch plant at Houston is the largest commercial warehouse in America.

Grand Nephew Of Custer In Marines

PHILADELPHIA, (UP)—A grand-nephew of General Custer, hero of Berwyn, Pa., has carried the family's fighting name into another branch of the armed service.

PFC Aaron Custer Shank, 42, of the Marine Corps, stationed at the naval station in Lakehurst, N. J., was born 23 years after his great-uncle's death. He remembers the Indian fighter's brother, Aaron Custer, who lived at Audubon N. J.

Shank's 81-year-old mother, niece of General Custer, lives in Berwyn with a daughter and another son. He has a daughter, Eleanor, 22, now working with the Bureau of Aeronautics in Washington. Shank enlisted in the first World War at 18.

Soldier of Gen. Walter Krueger's Third Army, on maneuvers, finds time to become acquainted with young Louisianian and his pet.

Salvage Report For State Made

AUSTIN, Tex.—State officials this week made up a report on the state's participation in the

showed that state institutions turned in 135,708 pounds of scrap rubber and up to August 1, had turned in 948,282 pounds of scrap metal.

A break-down showed that under instructions issued by the State Board of Control last April the eleemosynary institutions had gathered 148,002 pounds and under a June order a collection of 7,172 pounds of rubber was made.

The State Highway Department has furnished 126,078 pounds of scrap rubber and 716,000 pounds of scrap metal. The Department of Public Safety turned in 1,110 pounds of scrap rubber.

The State Capitol building and grounds furnished 1,348 pounds of rubber and 84,280 pounds of metal.

Sales of the scrap brought the state \$10,379, for the 67.8 tons of rubber and 542 tons of metal.

DESDEMONA

By MRS. W. C. BEDFORD

DESDEMONA, Aug. 25.—Mr. and Mrs. H. L. Tallant and little daughter, of Brownwood, visited his sister, Mrs. C. A. Skipping, Wednesday. He and his family and his father were preparing to move from the farm that has been their home for 35 years as the government needed the land to enlarge Camp Bowie.

Mrs. Gifford Acrea and little son, Jan, left Thursday for their new home at Fort Worth as her husband is working for the Consolidated Aircraft Corporation. Mr. and Mrs. Rollie Acrea and son, Randy also left Thursday for their home at Victoria after a visit with his parents, Mr. and Mrs. T. L. Acrea.

Rev. and Mrs. H. D. Martin and their daughter-in-law, Mrs. J. L. Martin, returned Thursday from Waco where their son, J. L., is in the army.

Mr. and Mrs. Charles Lee were in Gorman on business Thursday. Mr. and Mrs. Hugh Greenhaw of Cisco, were here Sunday visiting his parents, Mr. and Mrs. A. L. Greenhaw, his brother, Walter Greenhaw, and his sister, Mrs. Gordon Tate and their families.

The Browning annual homecoming was held Saturday at Ellison Springs with 41 attending, all relatives except Mrs. Jim Arnold, whose farms adjoined the Browning farm, and her daughter-in-law, Mrs. John Arnold of Desdemona. Others present were: Mr. and Mrs. T. A. Browning and son, Axel, and daughter, Mrs. Beuna Thomas and children, Wendale, Wanda, Jessie Marie, Beuna Ray, and J. R. Jr., all of Denton; Mr. and Mrs. L. H. Browning and Betty Jean, of Huckabay; Mr. and Mrs. Tom Jordan and daughter, Maxie of Albany; Mr. and Mrs. Oral Browning and baby Tommy; Elizabeth, Mr. and Mrs. John Whitehurst and Mrs. H. N. Creager and son, Billy, all of Gorman; Mr. and Mrs. Charlie Browning, Emma Lou and Bruce, Mr. and Mrs. Gene Browning and Billy Don, Mr. and Mrs. J. E. Buchanan and Miss Lillie Buchanan and Mrs. S. E. Browning, all of Desdemona; Mrs. Raymond Anderson of Stephenville, Mr. and Mrs. R. D. Wright and baby Mackie D. DeLeon.

Mrs. T. L. Acrea, accompanied by Mrs. W. H. Powers, drove up to Eastland on business Monday. Mr. and Mrs. Walter Greenhaw and son, Billy, returned Friday from Silverton where he had been working the past few months.

Miss Della Wall, of DeLeon who has been principal of our Grammar School several years, came over Thursday and tendered her resignation to the school board. Besides her duties as principal, Miss Wall was the very efficient teacher of public school music, and did splendid work in

our school and in the Parent-Teacher's Association. She was also an active member of the "21" study club and director of the Methodist church choir. Hosts of friends and pupils regret to lose Miss Wall from our schools and community but wish her happiness and continued success in her new position, at Miranda City—30 miles from Laredo. She will teach public school music and have a nice increase in salary.

Mr. and Mrs. Clarence Ragland and son, Bobby Mrs. C. W. Malty and Dorothy Moore drove out to Abilene, Sunday afternoon to visit John Dean Ragland and Neil Malty, students.

The Methodist church revival closed Sunday night after continuing a week. The pastor, Rev. H. B. Clark, preached powerful sermons to good crowds each night. Whit Richards as leader of the choir and Miss Mary Alice Brown as pianist and the large number of singers added much to the success of the revival. Members of other denominations co-operated splendidly.

Mr. and Mrs. Stanton Sparkman and three children, of Freer, his brother, Jesse Sparkman, wife and son, Homer Joe, their parents, Mr. and Mrs. J. G. Sparkman, left Saturday for a fishing trip on the Colorado, near Goldthwaite, but had to rush back Sunday on account of the illness of Mr. J. G. Sparkman. She was suffering from ptomaine poisoning and is still in the sanitarium at Gorman where she is improving.

Mrs. Charles A. Skipping and two small sons drove down to Austin today (Tuesday) to bring home Mr. Skipping who has just received his M. A. degree at the University of Texas.

Mr. and Mrs. Travis Hilliard and two small sons of Olden came Thursday for a visit with her parents, Mr. Skipping and two children, of Hillaboro, Mr. and Mrs. Luther Harper of Killeen, and Mrs. Roy Cyfert, of College Station came Friday to visit their parents, Mr. and Mrs. C. H. Greenway and family.

Mr. and Mrs. Hugh Roe made a business trip to Gorman, Wednesday. Mrs. Sid Tarpley and Mrs. E. F. Kincaid drove over to Gorman Tuesday.

Mrs. May Brock, of Jal, New Mexico, came Friday to visit her sister and brother-in-law, Mr. and Mrs. O. A. Harrison.

Mr. and Mrs. Charlie Lindley and family of Coahoma, were the guests of their friends and former neighbors, Mr. and Mrs. Hugh Roe, Thursday.

Mr. and Mrs. Paul Bager and two children who were moving from Abilene to Cisco, spent Thursday here with her parents, Mr. and Mrs. Hugh Abel.

Mr. and Mrs. Aaron Henslee and two children, from near Lingville, visited her parents, Mr. and Mrs. W. H. Davis, Saturday. Edward May of Amarillo came

Sunday to visit his parents, Mr. and Mrs. Walter May. The fire siren sounded Saturday evening and in a few minutes a large crowd had gathered at the home of Mr. and Mrs. W. E. Hooper and soon extinguished the fire with only small damage to the roof near the flue.

R. A. Brown and two daughters Alice and Marge, drove out to Abilene, Monday. Mrs. Kizzie Shuler and her daughter, Mrs. Bobbe Terry of Stephenville, were guests of Mrs. Mollie Ends Friday.

Mr. and Mrs. Howard Williams and daughter, Dorothy and Zella Mae Brightwell, drove down to Mineral Wells Sunday to visit their son, Leslie, at Camp Wolters.

Herrell Kelly and his father of Beattie came over Saturday on business and also to visit Mr. and Mrs. Tom Nabers, with whom he had boarded the past three years while teaching here.

GORMAN

GORMAN, Aug. 24.—Gorman last week rounded up almost four tons of scrap iron and other metal needed by the government. The round-up was in connection with the nation-wide scrap round-up campaign.

Mrs. J. E. Walker, Sr. who has not been in good health for some time due to her advanced age, recently fell at her home and although no bones were fractured, she suffered much from shock. She is improving. Her daughter, Mrs. Marion Smith of Dallas, came here to attend her.

Mr. and Mrs. Bob Lindsey, Jr. and daughter, Christine, have moved to Dallinger where Mr. Lindsey will be superintendent of the Dallinger schools for the past seven years he has served as principal of Gorman schools.

Ruby Jean Leve has gone to Dallas where she will spend several weeks in a defense school.

Ms. George Cole was recently taken to Dallas for medical treatment. She has been critically ill for some weeks. Her sons, J. D. Cole of El Paso and G. W. Cole of Leuders, together with their families, visited her in Gorman and accompanied her to Dallas.

J. T. Weaver, who is connected with the Junior College at Ranger will move with his family to Gorman within a few days. He will operate the Junior College bus between Gorman and Ranger.

To relieve distress of MONTHLY Female Weakness AND HELP BUILD UP RED BLOOD! Lydia E. Pinkham's TABLETS (with added iron) have helped thousands of girls to relieve functional monthly pain and weak feelings. Pinkham's Tablets ALSO help build up red blood and thus aid in promoting more strength. Made especially for women. Follow label directions. Worth trying!

TWO MOTORCADES ARE NOW BEING PLANNED TO HELP SPREAD WORD OF THE RODEO

Ben F. Yung Shows Improvement After Amputation of Leg

Word has been received from the U. S. Veteran's Hospital at Dallas that Ben F. Yung, who underwent major surgery there recently, is now resting well, and is showing improvement. His leg was amputated several days ago, and since then his condition has been improving.

Grimes County Tax Rate is Set At 38 Cents Per \$100

LONGVIEW, Tex.—A fanfare of trumpets is in order for Grimes county on the basis of its new county budget calling for a tax rate of only 38 cents of operating purposes, according to the Tax Department of the East Texas Chamber of Commerce.

Grimes county's new budget calls for only 15c levy for the General Fund, three cents for the Jury fund, 15 cents for the Road and Bridge Fund, and five cents for the Permanent Improvement Fund.

East Texas Chamber to be the lowest for any of its 71 counties. The 38 cents total levy for operating purposes is believed by the Chamber to be the lowest in the state.

Washington, the smallest state west of Iowa, has a larger area than all of the New England states combined with Delaware added. Thanks to the Russians, the crack Nazi Hermann Goering Brigade now must advertise for recruits. It is budgeted to stay on cash through 1943. The county's valuations are approximately \$10,300,000.

Two motorcades, instead of one, to advertise the fifth annual Ranger Labor Day Rodeo, loomed as a distant possibility today, when it was virtually agreed that short motorcades would be run to surrounding towns to advertise the three-day event.

Exact routes of the motorcades has not yet been determined, nor the exact days on which they will be run, but it was agreed this morning that a number of nearby towns would be visited.

Towns suggested as ones which should be visited included Olden, Eastland, Cisco, Breckenridge, Callin, Strawn, Minus, Desdemona, Gorman, Carleton, and possibly Moran, Albany, Stephenville and Rising Star, with several other nearby towns on the tentative list, which should be completed in the next day or two, when dates and time of leaving on each one of the motorcades will be determined.

Loss Woods Thanks The People Of Eastland County

I want to thank my many friends who have supported me for office for several years. I shall always be grateful to them. Mr. Hart was the choice of the majority of the people and I am sure that if we will all get behind him he will make us a good Sheriff.

Again thanking all my friends,
Very truly yours,
Loss Woods.

Society, Club and Church Notes

Mrs. Murrey Hostess to Club.

Mrs. Blanche Murray was hostess to the Child Welfare Club Wednesday at a 1 o'clock luncheon at her home on the Strawn road. Following the two course luncheon a business session was enjoyed.

Members and guests attending the luncheon were: Meses O. L. Phillips, L. H. Flewelen, J. H. Holt, W. L. Downtain, Stagle McAnelly, Saunders Gregg, John Sherman, P. M. Kuykendall, J. R. McLaughlin, Sr., David Pickrell, A. W. Braada, James E. Morris, C. F. Maddocks, W. C. Palmer and B. H. Rand of Houston.

Miss McGregor Gets Beta Sigma Bid
Miss Darylene McGregor daughter of Mr. and Mrs. W. L. McGregor, who works in the Navy Department in Arlington and lives in Washington, has been asked to join the Beta Sigma Phi Sorority. And will sing with an orchestra for the Rhos.

Miss McGregor is a graduate of Ranger high school and Ranger Junior College where she sang with the college choir. She plans to visit her parents in September.

Ambassador Sure Of War's Outcome; But Has Warning

JERSEY CITY, N. J. (UP)—The American who knows the Japanese best is back at home again—confident that we will whip them.
But, warns Joseph C. Grew, former Ambassador to Japan, it will take the best every American can muster.

Registration At Ranger Junior College Sept. 7 Is Expected To Be Most Interesting In History

Registration on September 7 in Ranger Junior College promises to be one of the most interesting in its history. Both adults and college age groups are manifesting a desire to get into college courses that will further their educational career or shape plans for some immediate service.

Women and girls will find an exceptionally attractive group of commercial courses along with the basic subjects in various other departments. Young men are making inquiries into the Naval V-1 and Aviation Program which permits a qualified young man to continue his college training two years and then enter the V-5 field which is a continuation of the Navy Aviation Program.

Students having problems concerning their college plans should see Dr. Boswell, president, or H. L. Baskin, Dean of Ranger Junior College and be ready to start with the opening date September 7.

George Barham and Will Hall of Shreveport, La. were the guests of Mr. and Mrs. Fred Yonker, Wednesday.

Mr. and Mrs. Floyd Killingsworth have returned from a trip to Dallas.

Mrs. R. A. Disney left today for a visit with her sister in Dallas.

Miss Clarice Thompson of Longview, formerly of Ranger, is the guest of Miss Catherine Adams.

Mrs. Gladys Reed who has been employed by the government in South America has been the guest of her mother, Mrs. Nannie Walker, and other relatives and friends. She also visited in Fort Worth, San Antonio and Oklahoma before leaving for a new assignment in Canada.

Mrs. I. B. Finley will leave Friday for Corpus Christi to make her home with her daughter, Mrs. W. E. Dawson.

Mrs. J. C. Moore and Mrs. D. H. Livingston left Thursday to join their husbands who are stationed at Camp Edwards. They were accompanied by Mrs. Moore's mother, Mrs. A. E. Burch who will visit her son, Sgt. A. E. Burch. They will be joined in Dallas by Miss Lucille Jenkins, who will also visit Sgt. Burch.

Capt. Angus Speaks Before Lions Club

Capt. Herchel Angus, First Battalion, 401st Glider Infantry, of Camp Claiborne, La., was the principal speaker at the regular weekly meeting of the Ranger Lions Club, held at noon today.

Capt. Angus made an interesting talk, in which he explained in detail the duties and activities of his battalion, and the part they will play in warfare.

His talk, being both timely and interesting, was thoroughly enjoyed by the entire membership of the club.

He leaves tomorrow for Louisiana, at the conclusion of a five-day leave.

CARD OF THANKS
We wish to thank our many friends for their kindness and sympathy shown in the recent death of our father and husband.
