Hail Batters Strip In County Tuesday Night

A vicious, pounding hail storm devastated croplands and gardens in an area about two to three miles wide between Dimmitt and Hereford Tuesday evening. Starting about 7:30 p.m., about .5 inch of rain accompanied the 30-minute duration of three periods of hail. The heavy hail, worst to hit Dimmitt proper in years, killed birds, stripped trees, and left the ground pockmarked with stones as large as golf balls.

The hail played out about one and a half miles both east and west of Dimmitt, also marked the southern reach of the hailstorm. One hundred percent crop damage was reported on some farms between Dimmitt and Hereford.

The hard downpour of rain and hail was accompanied by gusts of high winds. No one was reported injured. Some personal property damage, such as automobiles and boats, were reported, but none serious.

Mary Flynt to Write Column

Mary Flynt, who has been writing the Bethel News for the past year or so, begins a column this week called "Just Tho't U'd Like to Know . . ." Actually she has been writing the column for quite some time, but has been including it with the Bethel News where it gained considerable recognition even from non-Bethelites. So Mrs. Flynt's "public gossip" column will now have stature and recognition all its own. It's on the back page of this issue.

Pushing Vegetable Research Subject of Meeting Tuesday

Additional legislative appropriations for vegetable research is the goal of a meeting scheduled for Dimmitt Tuesday night in the District Court Room. The meeting, beginning at 8 p.m., will seek support in asking for additional appropriations for studies into vegetable growing at the Extension Service's Experiment Station at Lubbock. Promoting the vegetable research is the Hi-Plains Vegetable Growers Council, whose headquarters are in Plainview. This organization represents growers in Castro, Hale, Floyd, Lamb, Lubbock, Swisher, Bailey, Crosby, Cochran, Farmer, Deaf Smith, Dawson, Gaines, Lynn, Yoakum, Terry and Hockley counties. On the program will be C. E. Fisher, Texas Experiment Station, Lubbock, who will talk on the proposed research program, Past and future role of the Extension service in this research program will be given by Joe Cole. According to Charles L. Hottel, Castro County Agent, "The rapid development of vegetable production on the High Plains has been largely dependent on information obtained from vegetable research and grower knowledge in the Rio Grande Valley, Arizona, and California. For sound development of the vegetable industry on the High Plains, research is urgently needed to determine locally the principal factors that influence yield, quality and marketability of crop." Vegetable production on the South Plains has expanded from less than 6,000 acres in 1949 to over 53,000 acres in 1958. The estimated income from the 1958 crop with normal prices and yields will be about \$36,000,000 which represents 6.4 percent of the total crop income from only 1.2 percent of the irrigated land in the area. In the future it is anticipated that a much larger acreage of irrigated land will be devoted to vegetable production due to: (1) realization of greater economic returns from vegetable per inch of water used, (2) rising costs of producing farm crops, (3) development and expansion of markets for vegetables produced on the South Plains, (4) the need for diversification to raise farm income by more efficient utilization of land and irrigation equipment, and (5) lack of competition from vegetable producers of other areas in Texas. The proposed vegetable research program will be conducted by the Texas Agricultural Experiment Station in cooperation with Texas Technological College at Lubbock and at off-station locations in the area where deemed desirable. The Lubbock substation, a part of the Texas Agricultural Experiment Station, will make available approximately 80 acres of land and certain other facilities as needed for vegetable research. This allocation is contingent upon the sale of the land now owned by the Station and the purchase of 320 acres of irrigated land for the new Station.

PEOPLE PONDER POLITICAL PITCHES—More than one hundred people attended the Legion's political Rally in Dimmitt Friday night to hear candidates or their representatives. Most major state and area races were represented at the rally, which was hilariously emceed by auctioneer Jack Howell. A pie sale was held after the rally, and Howell was able to promote enough from the pies to take care of a large part of the Legion's building debt. This was the only large-scale political rally to be held in this area in recent years.

Dera Kay Cartwright, Keith Lowe Exchange Vows In Church Friday

Miss Dera Kay Cartwright, daughter of Mr. and Mrs. Jack Cartwright of Dimmitt, and Woody Keith Lowe, son of Mrs. Ethel Lowe, Dimmitt and W. W. Lowe, Clovis, New Mexico, were married in a double ring ceremony Friday evening at 7:30 o'clock in the First Baptist Church of Dimmitt. The Rev. Wayne Perry of Sudan officiated.

The altar was decorated with palms and tall candelabras bearing white tapers, flanked by baskets of white gladioli.

Red Fisher, nephew of the bridegroom, played organ music and accompanied Ann Touchstone as

she sang "Always" and "The Wedding Prayer" and Jim Tate and Ann Touchstone as they sang "True Love."

Mr. Cartwright escorted his daughter to the altar and gave her in marriage. She wore a waltz-length dress of white brocade lace over satin with a draped neckline of chiffon. Her veil of French illusion fell from a tiara of iridescent sequins and pearls. She wore long white gloves and for something old a single strand of pearls, a gift from her maternal grandmother. Something blue was a garter belonging to the groom's sister and something borrowed was the headdress, worn by the groom's sister. She carried a white Bible belonging to the groom's mother, topped with frenched carnations and Baby's Breath, with blue and white streamers.

Matron of honor was Mrs. Conard Clark, sister of the bride. She wore a waltz length blue lace dress over taffeta. Bridesmaid was Peggy Gilbreath who wore a light blue lace dress over satin. Both attendants wore matching blue head bands. They carried nosegays of frenched mums and Baby's Breath. Candelighters were Don Snyder and Joe Lee Wilcox.

Serving the groom as best man was Lynn Thompson. Groomsman was David Bradley and ushers were Joe Ben Mitchell and Truman Touchstone. Ring-bearers were Pam Clark, niece of the bride and Janis McCandless, Niece of the groom. They wore matching blue dresses with blue carnation head bands.

Mrs. Cartwright, mother of the bride, wore a blue shantung dress with white accessories and a white corsage. The groom's mother wore a pink chiffon dress with pink and white accessories and a white corsage.

A reception was held following the ceremony in Fellowship Hall. The bride's table was laid with a white organdy cloth over blue. The attendants nosegays and the three-tiered wedding cake formed the decorations. The refreshments were served by Sharon Rothwell, Sunnye Wyer, Wanda Newton, Verna Brown, Nancy Mauk and Karen Dutton. Aundrea Boothe registered the guests.

For a wedding trip to New Mexico the bride wore a two piece green chemise suit with a white corsage and white accessories.

The couple both attended Dimmitt High School. They will be at home after July 22 in Hereford.

Out of town guests included Mrs. Addye Miller, Amarillo, Mrs. Lela

Cartwright of Los Angeles, Calif. and Mr. and Mrs. W. W. Lowe of Clovis, New Mexico.

Both Mr. and Mrs. Anderson are graduates of Dimmitt High School. They plan to make their home at 811-B Ave. N. Lubbock.

On July 21, 1958 in St. Peter and Paul's Catholic Church in Tucson, Arizona, Joan Book became the bride of Dr. Dabney G. Harvey. Father Graff, pastor of the church, officiated. Attending the bride and groom were Mr. and Mrs. Charles Wright, Jr. of Tucson, Arizona, formerly of Lubbock, Texas.

The bride wore a street-length chemise of bordered white chantilly type lace over a fitted taffeta sheath. The dress was fashioned with a low scalloped neckline and tiny sleeves. The smooth line of the skirt was broken by a billow of gathered lace forming a flounce above the knees, accented by two silk roses. Her head-dress was a bandeaux covered with a cluster of white velvet leaves and seed pearls. A tiny Veil of silk illusion cascaded to a point just above the shoulders. The costume was accented by white satin slippers and satin wrist-length gloves. The traditional blue was carried out in a garter belonging to the groom's mother, Mrs. Marshall Harvey. The bride carried a linen crocheted handkerchief, a gift of the groom's mother, and a white prayer book topped with two white gardenias.

The bride's attendant, Mrs. Charles Wright, Jr., was attired in a chemise of pink re-embroidered cotton lace over a fitted sheath of matched taffeta. The dress was designed with a cowl collar, brief sleeves, and fastened at the front with large rhinestone buttons. Her head-dress was a sculptured cap covered with pink velvet leaves. Her accessories were designed to compliment her dress, in the same shade of pink.

Parents of the groom are Dr. and Mrs. Marshall Harvey of 3404 39th St., Lubbock, Texas. The bride's parents are Mr. and Mrs. George Book of Dimmitt, Texas.

Dr. Harvey is a graduate of Chicago College of Chiropractic and Pediatric Surgery. He also attended Texas Tech, where he completed pre-medical work. The bride also attended Texas Tech.

After a honeymoon trip to parts of California and Las Vegas, Nevada, the couple will be at home in Lubbock.

JUSTICE for the People of Texas J. EDWIN SMITH for Supreme Court of Texas

242 Accidents In Area Since January First

Highway Patrolmen investigated a total of 242 accidents during the first six months of 1958 in the Hereford substation area comprised of Castro, Dallam, Deaf Smith, Hartley, Oldham, Farmer, Randall, Sherman and Swisher Counties, Sergeant Dan Duggan announced today.

Of the above total, 8 were fatal accidents, 72 personal injury accidents, and 162 property damage.

Sergeant Duggan reported a total property damage of \$157,942, with 115 persons injured and 9 killed. This is a decrease of 14 accidents and decrease of 1 death for the same period last year.

Duggan said the Patrolmen in his area contacted 4,384 drivers during this period for the following violations: D.W.I. 26, Speeding 2,659, Improper passing 46, wrong side of road 86, defective equipment 992, disregard stop or warning sign 248, and all other violations 327.

"During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Sergeant Duggan said. "The result is often tragedy."

He cautioned vacationers to be on their guard against speeders, drinking drivers and drivers who disregard traffic laws. Traffic accidents take no vacation, so to stay safe, step up your vigilance on the roads, and slow down and live.

Sergeant Duggan also urged all

motorists to check the expiration date on their driver's license to see that it has not expired. Patrolmen in this area are going to increase their activity in regard to drivers' license checks.

CONTROL JOHNSON GRASS (AND OTHER GRASSES) CHEMICALLY... WITH DOWPON

Unwanted grasses are usually the toughest problem where farming is best. They thrive on the very climate and soils that should produce top crops.

Now you can control grasses, without cutting, cultivating, or oiling. Dowpon, is the new chemical way to keep grasses from invading your fields, throttling irrigation and drainage ditches. Hoeing, chopping, cultivating, and oiling only get grass out of sight temporarily. Dowpon gets rid of it.

How DOWPON works

Dowpon is a systemic grass killer—meaning that it kills by working through the plant's system. You simply spray the foliage. Dowpon is absorbed through the leaves and works down through the plant, right into the roots, usually killing the entire plant.

Because it works inside the plant, a Dowpon spray is less likely to be affected by weather conditions. Rain can't wash it off after it has been absorbed.

You can use Dowpon with safety on your farm—foliage sprayed with Dowpon is non-hazardous to grazing livestock.

NEWS FROM BETHEL

Bascom Nelson asked me, last week, if it'd be all right to hold over the Bethel News until this week as there was really no space for it.

I've been thinking this over. Was it a sort of hint that I cut the lines down in number... or what... Anyway, I said "Yes" as I felt I had to, it being that I was working for him, but, now that I've had time to think, I wonder just what he'd done if I'd said, "NO!"

TV Interference

I noticed the other day that there is a change in the way of riding in the car for the Sinclairs... the Mrs. is riding up front with the Mr. now. At first, when I saw Mrs. Sinclair riding in the back, I was wondering what the reason was, so I found out. Now that she isn't saying "Home, James," anymore, I find that she had to ride in the back with that large cast she was wearing on her broken leg. She now has a cast only from her knee to her toes. She, I'm glad to report, is learning to walk, again, without the aid of crutches... it has been eighty-six days since she

tried to pull that tree over. Mrs. Sinclair's company for the past week include Mrs. Gaines Neill, Miss Katherin Duree, Mrs. J. L. Givan, Mrs. Frank Markham of Hereford, Mrs. Don Wells, Mrs. Ellis, and Mrs. Ivan Sinclair.

Mr. and Mrs. Kenneth Tippan and daughters of Paducah visited over the week end with the Carl Bruegels.

Mr. and Mrs. Oran Howell visited with Mr. and Mrs. Guy Ellis, Mrs. Howell's parents, Sunday, of Abernathy. Their little daughter, Rhonda, returned home with them after visiting her grandparents for a few days.

Letters to the Editor

Dear Fourth Senatorial District Voters:

People today, like the ancient Greeks, believe that the reality of true freedom exists in men's voluntary limitation of freedom. We know that unlimited freedom in individuals and governments is in actuality tyranny, since those who indulge in unlimited freedom inevitably impinge upon, violate, and eliminate the freedom of other people who happen to be in their way.

We have progressed even further in our understanding of freedom. Bishop Stephen F. Bayne, Jr., in his book "Christian Living" expresses for us the belief that responsible freedom is the secret of men's existence under God and that "freedom itself is the very means of our communion and partnership with God."

It is astounding and dismaying then to a citizen to hear men holding high public offices and men seeking high public offices advocate ways of living, policies, actions laws, etc., that run counter to our personal and national knowledge of true, responsible, Christian freedom.

Governor Daniel is now seeking re-election to a second term. I cannot vote for him. Yet, Ralph Yarborough not being a candidate, it is Price Daniel who should have been the man for whom I could vote.

As State Committeewoman from the Fourth District I have had a "front seat" view of Governor Price Daniel. I have heard him denounce minority groups with terrible bitterness—terrible in that his words carried the idea that such groups have no right to express themselves or even to exist, simply because they are small and do not agree with him.

On February 1 of this year at the meeting of the State Democratic Executive Committee I heard Price Daniel blast the Republican Party as if it too should not exist in Texas, for it too, in contrast to the Democratic Party in Texas, is a minority group. This in the face of the record showing that he was one of the 1952 Democratic nominees who ran also on the Republican ticket!

For all that, it is something else that clinches the case against Price Daniel for me. He, the leader, does not care for the citizens as human beings, as his own fellow men, faulty and vulnerable like himself to pain and trouble.

He does not see the tiny point of likeness, the infinitesimal unity, always existent even among widely different and differing men and always perceived by the wise leader who really cares enough to find it. And so he blunderingly increases divisions among the citizens and sets them at each others' throats.

State Senator Henry Gonzalez is the man for whom I will vote. I have read everything I can find about Henry Gonzalez, the man himself and his words and his deeds. I have listened, thought, weighed, considered, and prayed. And this I believe about Henry Gonzalez:

In him lives the best there is in thought in love of humanity. That which men have learned and earned and hold onto through bloodshed and tears and sweat throughout the full time of this old world's long dark centuries—that excellent truth, that beauty of human relationship: The fact that men can be different and yet live under government together in freedom and mutual respect and dignity—this Henry Gonzalez believes with all his soul and will work for with all his might! Henry Gonzalez is a devout Catholic. He is a Texan of proud Mexican ancestry. And he has

fought to prevent the enactment of laws designed to foment racial hatred among Texans, laws that could not stand up under the Constitution, as Governor Daniel well knows.

Max Lerner in his introduction to Aristotle Politics said of people today, "We have come to see that the most important element of strength in a community is the sense of greatness that I can generate, and that the most important political emotion in man is the thirst for greatness which, under pressure, stretches him beyond his everyday self so that he reaches the full outlines of his human personality."

Under the governorship of Henry Gonzalez I believe the strength, the greatness, of the whole Texas community will be aroused and put to good use, and that Texans as individual citizens will be inspired to look upon each other—to live out their daily lives together—with freer, finer, and happier vision.

Sincerely yours,
RUTH ROBBINS

BY J. FRANK DOBIE

Thirty-eight years ago, the old-time trail drivers of Texas brought out Volume 1 of their collected reminiscences, published at Bandera, Texas, and it is a short piece entitled "The Real Cowboy," by Beulah Rust Kirkland, daughter of a San Angelo trail man. In part she says:

"I believe I could walk along the streets of any town or city and pick out the real cowboy. Not by his clothes especially, but because one can always notice that he has a very open countenance, and almost innocent eyes and mouth. He is not innocent, of course, but living in the open next to nature, the cleaner life is stamped on his face. His vice leaves few scares, for old Mother Nature has him with her most of the time."

I've never seen William Arvis Blakley, and looking at his picture in cowboy garb sent out from his office to me in solicitation of votes, I doubt if many of the cowboys employed on his far-stretched ranches have seen him dressed up in cowboy clothes. You can tell a cowboy, a genuine cowboy, by the way his leggings fit him, as well as by the way his features fit grass and sky and the silences of the range. Maybe Mr. Blakley did work out as a hand when he was 14 years old. Maybe he did buy a fine collection of cowboy and cattle range books in the year 1958, maybe he does own lots of range land. No one of these facts gives him the character of a cowboy. His leggings don't fit, and his features don't fit, and what he keeps on saying don't fit. He's a fake cowboy if ever there was one.

I'm reminded of a dialogue in an old Greek play between two citizens on a candidate. (Maybe he was an oil millionaire) One citizen asks the other, "What qualifications has he for the office?"

Second citizen: "He wants it." Why does Mr. Blakley want this office? He wants it for the reason he's wanted what he's got—in the neighborhood of two hundred million dollars' worth of property. You can look at his face and see that acquiring material things has been the desire of a lifetime.

You can read through his speeches and not find one sentence expressing generous and unselfish regard for other people, especially little people. Those speeches say he is the kind of isolationist that was already outmoded in the time of Woodrow Wilson. He's probably sincere, but he's too ignorant of world affairs to have a right to an opinion on foreign aid. He's against foreign aid. All the people who know anything in the Republican Party are for it. All the people who know anything in the Democratic Party are for it.

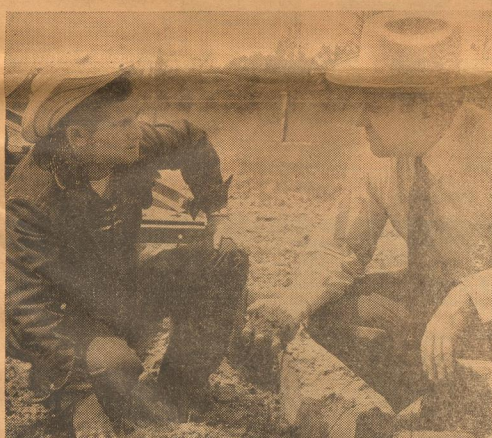

There is no more indication in Mr. Blakley's speeches that he's read economics, or read history, or read about humanity, than there is evidence that his favorite vote-getter, General Eisenhower, never read any history.

Cowboy Blakley announces with as much solemnity as if he were preaching his own funeral sermon, that he's for Constitutional government. Who in the devil isn't for Constitutional government? Who, among all the candidates in the U. S. A., is not for Constitutional government? He has put up a big straw horse, named him Anti-Constitution, and now he goes around shooting this straw horse down, intimating that the straw horse is his opponent.

Here's a representative statement from his creed as sent abroad: "If the day is come—and it seems that it has—when the people of a local community—through sovereign state government—are denied the right to educate their children without interference from outside influence—then there is no freedom left in the land."

What does this mean? You could gather up all the cowboys who ever rode after Brahman-blooded cows over prairie grass along the Gulf of Mexico, who ever popped brush in the chaparral thickets of South Texas, who ever went up and down the breaks of the Pecos of the Double Mountain Fork, who ever listened to northerners whistle through their slickers on the Staked Plains, and even all the cowboys who have had the example of William Arvis Blakley on his own ranches. You could gather up all these cowboys and sift their brains and sift their language and you wouldn't find any example of darkness like the one just quoted.

Mr. Blakley can buy a pair of new leggings and put them on, though they don't fit him. He can buy a collection of cowboy and range books and put it in his house, but it won't fit there either. I know about books. He can buy hatchet men and get their writings published. He can buy all the time is for sale on TV and radio stations. He can buy clerks to send out every voter in the land a picture of himself in cowboy leggings, smiling his mechanical smile. But he can't buy his way into the Senate of the United States because there are too many real people, including a considerable number of real cowboys, who know the difference between a genuine article and a fake.

Texas Farmer and Friend

The man on the left builds and plows the soil of a family-size Texas farm to provide food and fiber with which to feed and clothe the people of this nation and the world. To do this, he must fight the weather, flood and drought, erosion and insects, high prices for what he buys and low prices for what he sells. To live and farm and provide for his family and the nation, he must also fight an antagonistic administration in Washington, which wants to drive him off the farm to the city—where the same administration has provided an army of unemployed for him to join. The man on the right cannot do anything about the weather; but he helps his friend fight that antagonistic administration in Washington—as hard and as effectively as any living man. The farmer's friend is Ralph Yarborough, United States Senator from Texas.

Re-elect YOUR U. S. Senator
RALPH YARBOROUGH

• VOTE JULY 26

THE FARMERS FRIEND

Yarborough believes that it should be possible for the farmer to stay on the farm and receive a fair share of the National income.

HE HAS VOTED FOR THE FARMER AS SENATOR
FARMERS SHOULD VOTE TO KEEP HIM IN THE SENATE

Senator Ralph Yarborough is regarded as one of the most able Senators in Washington by his colleagues in the Senate. Senator Herman Talmadge of Georgia said of Senator Yarborough, "I know of no member of the Senate who has more intense interest in solving our farm problems and in seeing that those who till the soil receive a fair share of the national income."

Senator Ralph Yarborough is regarded as one of the most able Senators in Washington by his fellow members of the Senate. Senator Frank Church of Idaho said of Senator Yarborough, "I have often had the experience when listening to the junior Senator from Texas of feeling my heart pound a little harder and my pulse beat a little faster. I can only say to him that the greatness of Texas is not in its size but in its men, and one of the greatest Texans of our times is the Junior Senator from Texas, Ralph Yarborough."

Senator Ralph Yarborough is regarded as one of the most able Senators in Washington. The Jacksonville (Texas) Daily Progress said editorially: "Yarborough has been one of the most able freshman senators ever to appear in Washington. He knows Texas as no other Texan, he knows the heartbeat of the working man, the old age pensioner, the oil operator, the small businessman. None deny his ability, his worth to Texas, his courage or integrity."

Senator Yarborough has received high praise from Texas business leaders. Ben Belt, President of the Houston Chamber of Commerce, introduced Senator Yarborough before a large audience of businessmen with these words, "Ralph Yarborough deserves all our thanks. He's trying to learn what our problems are so he can represent us well in Washington. He'll make you the best leader you ever had."

A VOTE FOR YARBOROUGH IS A VOTE FOR GOOD GOVERNMENT!

During the evening, (Tuesday), the Gaston Howells, the Jack Howells, the Oran Howells and the Chas. H. Howells of Friona were there.

Saturday night was another big night at the Teen Can-Teen! A large group of Teen-agers plus a number of parents and other interested adults were present for the big Election for a Mayor, County Judge and Sheriff.

Following a parade down town, the group assembled in the American Legion building for the rally and entertainment preceding the election.

The City-Slickers and the Pioneers, the two political parties, put on a grand show in favor of their respective candidates. Mr. George Coats was the M.C. for the City Slickers and Lobo Joe, a puppet, animated by Mrs. Edd McElroy, M.C'd for the Pioneers.

A lot of Party Spirit was displayed. The party whips led cheers for each party and their candidates. Speeches were given. Alfred Ziegfield, better known around here as Calvin Webb, introduced his famous Ziegfield Folies. "Miss" Jerry Morris did the Charleston for the group. Wynema Fulfer gave a Lipstick commercial and later mimicked the famous Minnie Pearl.

Other numbers included a dance by Lobo Joe (Mrs. McLeroy, still pulling the strings) to the tune of "Salty Dog Rag." Leon Crum gave and trumpet solo and a group of eight did a square dance. Demonstrations of yells, banner waving, etc., were given by both parties. Yes, the spirit was there!

Oh, dear, never let it be said that I would omit the City Slickers Party's "Purple Pioneer Eater!" (man, what a mouth full!!!) This one-horned, one-eyed monster was propelled by none other than Dr. Carl Page. Seeing was believing and, I might add, somewhat frightening.

The election was held. The Pioneer party made a clean sweep of the offices but by a mighty close margin. After the introduction of the newly elected officials, Judge Bob Estes, Mayor Joe Cowen, Sheriff Jack Cartwright, and Marshall W. W. Jones con-

gratulated the group. Judge Estes made the starting announcement that for the first time in the Castro County history, a "Lady" Judge would be in office . . . even if it was for only one day.

Yes, the new officials will reign over Dimmitt and Castro County for one day . . . Saturday, July 19. Oh, dear, again I have goofed. I forgot to tell you who won over who. Well, Pioneer Charlene Vaughn defeated City Slicker Jack Sharp for the office of County Judge; Pioneer Stanley Nelson defeated City Slicker Carl Moore for the office of Mayor; and Pioneer Don Moke defeated City Slicker Jerry Morris for the office of Sheriff.

It was a lot of fun and now I'm looking forward to the next meeting . . . wondering what the program will be.

Eleven Locals Register for WT Music Camp

Eleven students from Dimmitt are among the more than 200 who already have registered for the sixth annual West Texas Music Camp, slated August 4-15 at West Texas State College.

They are Tommie Allen, Mary Helen Behrends, Donna Beyer, Carole Cowsett, Jim Cowsett, Keitha Davis, Gwen Dunn, Donna Gladman, Charlotte Hestand, Gary Simms and Patsy Wooddell. With more than 200 already

signed for the camp, only about 60 places remain open, according to David L. Kaplan, camp director. Enrollment is limited to approximately 300 high school musicians from the Tri-State area.

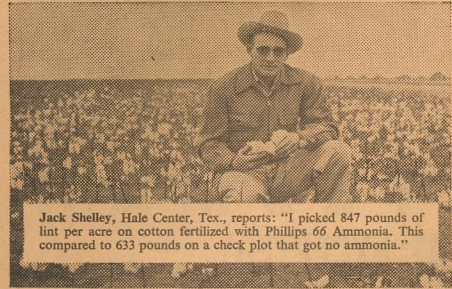

Kaplan has announced that with the registration of several string students, an orchestra will be added to the camp's musical groups, which include three concert bands, a "reading" band, a choir, and twirling ensembles. The addition of strings instruction this year marks the first time an orchestra has been formed for the camp. The strings students will be organized and directed by John Tesovnik of Bakersfield, California, where Tesovnik is an orchestra director for the public schools. Tesovnik has attended the camp previously for special courses.

Mrs. Charlotte Brantley, principal violinist for the Amarillo Symphony, will teach private lessons in strings. The orchestra and soloists will perform at the camp's solo and ensemble concert August 13.
