New Ambassador From Free China

Wei Tao-ming, pictured in New York with his wife, replaces Dr. Hu Shih as the new Chinese ambassador to the U. S.

Alameda 4-H Club Is Reorganized

County Agent Floyd Lynch met with the Alameda boys Thursday and re-organized the 4-H Club for 1942. Charles Sullivan was re-elected president; Anson Little, vice president; Buddy Rogers, re-elected secretary-treasurer; Ray Blackwell, re-elected reporter; Song leaders, Charles Sullivan, Ray Blackwell, and Buddy Rogers; Local leaders, L. C. Cooksey, Bud Blackwell, and C. E. Sullivan.

Seventeen boys joined the club. Their demonstration consists of Swine production, Poultry production, Dairy production, Peanut production, Corn production, Beef production.

The boys voted to have two or more field days during the coming year where by they would do special work on Peanut inoculation, Dairy Judging, Budding and Grafting.

For recreational features, a basket ball tournament and county camp were suggested.

Weather Report Is Hot In New Mexico

AZTEC, N. M. (UP)—It probably won't aid the enemy to say it's hot in New Mexico this summer. It was hot last summer.

But this summer it is particularly hot and dry. In fact, according to an Aztec newspaper weather report:

"It's so dry over here that the eyes won't water while peeling an onion and it's as hot as a delegate thrown out of an convention."

Several Naval Ratings Are Reopened; Recruiter Visits Ranger Each Wed.

Re-opening of ratings closed for several months, and newly lowered age limits for petty officer classifications, is announced by Chief Specialist Tom O. Gaston, recruiter in charge of the navy recruiting station, Abilene.

Most important change is that men 20 years of age may be enlisted as third class petty officers, if they are qualified by experience in a rating now open, and possess positive petty officer characteristics. Other important changes are that men experienced in stenography may be enlisted as yeoman (petty officer) third class. Licensed embalmers and experienced hospital orderlies may be enlisted as pharmacist's mate (petty officer) third class. In addition to a monthly base pay of \$78.00, board, lodging, clothing and medical care, liberal dependency allowances are included; age limits are 20 to 50 years.

Enlistment is now open to applicants who have experience equivalent to a junior Red Cross first aid course, and who have a desire or particular liking for hospital duty, as hospital apprentice, first class. Enlistment as hospital apprentice, second class will be limited to applicants who have sufficient education to learn, and a particular desire or liking for hospital corps duty. Applicants for this branch must be between 17 and 50 years of age.

The "Seebees", naval construction regiment, offers petty officer ratings in the following skilled trades for a limited time: bulldozer operators, concrete workers, jackhammer operators, Diesel and gasoline engine operators, excavation men, and a number of others. Pay ranges from \$93.60 to \$136.50 per month, plus board, lodging, clothing, medical care, liberal allowances for dependents. "Seebees" may be between 17 and 50 years of age; petty officers must be at least 20 years of age.

For further information, apply to the navy recruiting station, located in the basement of the Post Office and Court House, Abilene, any week day between 8:00 a. m. and 8:00 p. m. or Sundays from 8:00 a. m. to 1:00 p. m. Recruiters are in the Abilene station also accept applications at the Post Office in Ranger every Wednesday from 3 p. m. to 5 p. m.

While the North Texas Navy Recruiting District was breaking all previous records for enlistments, Eastland county enlisted 15 men toward its 28-man quota for August. The September quota is 34 Naval enlistments.

Chinese Appoint An Ambassador To U. S.

By United Press
CHUNGKING, China, Sept. 8.—The executive Yuan today appointed Dr. Wei Tao Ming, prominent Chinese jurist and diplomat, as Ambassador to the United States, succeeding Dr. Hu Shih.

Hospital Partial to Girls
HAMPTON, S. C. (UP)—An arm amputation is no major handicap for 93-year-old J. B. Binnicker of Hampton. The operation was performed in a Charleston, S. C. hospital and Binnicker, despite his age, recovered with no complications.

An Anti-Hoarding Plan Is Urged To Assure Distribution

WASHINGTON, Sept. 8. (UP)—A program to curb "hoarding" of scarce civilian goods by wholesalers and retailers may be undertaken to assure fair distribution to the general public.

The plans were approved by war production director Donald M. Nelson, but WPB orders to put them in force have not been issued.

Under the program, inventories of most wholesale and retail concerns would be limited to the average maintained during the corresponding quarter from 1939 to 1941. If necessary, "formal control and enforcement" to assure normal inventories would be imposed.

The limitations, applying to such finished commodities as clothes, shoes, chinaware, luggage, furniture and kitchen utensils, are designed to prevent merchants from "hoarding" their "holes" and "freezing out" competitors.

The program was recommended by a special WPB wholesale and retail policy committee after a six-weeks investigation. It said the limitations were necessary to insure "a steady, uninterrupted flow of available civilian goods from manufacturers to the consuming public" and, if reports showed abnormal inventories generally, formal controls should become effective early next year.

John Van Geem, 61, Funeral And Burial Today

John S. Van Geem, 61, native and lifetime resident of Eastland, died at his Eastland home late Monday afternoon. Funeral services were held at the Eastland First Baptist church Tuesday afternoon at 5:00, with Rev. F. S. Swanner, the pastor, assisted by A. F. Thurman, pastor of the Church of Christ, officiating. Burial was in the Eastland cemetery.

Mr. Van Geem was a native of New York state, and Matilda Holland, a native of Kentucky. John Van Geem grew up at Eastland, attending the public schools and like many others of his day, worked at odd jobs as he found them until he reached manhood, when he engaged in farming and ranching. In 1913, after his father became postmaster at Eastland, he went to work as a clerk in the post office and this employment continued to the time of his death. Saturday before his death on Monday afternoon, he laid aside his work for a week's badly needed rest, his family and friends never suspecting that he would not again take up the work.

A stickler for simplicity John Van Geem led a simple life, being quiet and unassuming in his nature and manner. He was never heard to speak an ill word of any one. If he could not say something good about a person he said nothing.

Another trait of the deceased was his unselfishness. He and his wife, the former Levi Roper, daughter of Mr. and Mrs. J. A. Roper, Eastland County pioneers, whom he married at Eastland on December 30, 1908, had only one child, a daughter, Vanetta Gladeen, but they reared three others. Those were Evelyn Sinner, and Mrs. Jay Whatley of Eastland, John Key, who is now married and residing in California; and Gene Pegler.

Although he never united with any church, John Van Geem professed religions early in life. He was a long-time Mason being a member of the Eastland Blue Lodge, a member of the Royal Arch and Eastern Star.

Survivors include his wife, two brothers, Charlie and Will Van Geem of Eastland and a number of nieces and nephews.

THE WEATHER

WEST TEXAS—Little temperature change this afternoon and tonight. Occasional rain and scattered thunderstorms today and in east and south portions tonight.

This is the Volga—waterway of war—where German troops pouncing Stalingrad and Russians counter-attacking Nazi positions at Rizev put conflict at both ends of this mighty river. Just north of Stalingrad is a colony of German-Russians founded in 1761.

CHURCHILL, ROOSEVELT HINT AT EARLY SECOND FRONT IN WEST EUROPE

Parallel Statements Come At A Time When Russians Are Holding Out Well In Stalingrad Area Despite Big Nazi Attacks Designed To Knock Out City

Longhorns Prepare For First Service Game At Austin

AUSTIN, Tex.—Training for their sixth season under the leadership of D. X. Bible, University of Texas football aspirants, 37 of them, settled down this week for a conditioning period of record brevity in preparation for their opening game Sept. 19 with the Corpus Christi Naval Air Station.

Addition of the Navy team to Texas' schedule this season came after Southwest Conference football voted approval of amended schedules to allow each team in the circuit an opportunity to play a service team. The Longhorns will meet an army eleven following their traditional game with Texas A. & M. here on Thanksgiving Day.

Without waving any championship flags, the 1942 Steers settled down to an early training program which largely involved rehearsal of a spring training season which had been proclaimed one of the most successful in history.

Gone from the Texas roster this season are the glittering names of Jack Crain, the Naacma Nugget, and Pete Laydon, great Dallas player. Gone, too, are the other nine men of the regular starting team from last season—a team which ran up record high scores in all but two of its starts, which has been called the greatest team that ever failed to win a championship.

In their place, however, there are a number of dependable players who saw considerable service last season, who made up the second and third teams which a large substitution rule allowed Coach Bible to employ in all but two games of the past season. In addition, there are a number of fine sophomore prospects who will bolster the Longhorns in their training for the new championship chase.

The Navy team from Corpus Christi, first service club to play in Memorial Stadium here, is boasting a fine array of talent, including several former all-Americans. It is expected that the Air Station outfit will provide a very strong start for the Steers' first war-time season in 25 years.

Check Roughage For Dairy Herds Is Agents Advice

Check your hay or other roughage to be sure there is enough to last your dairy cows until hay can be made in 1943 is the recommendation of E. R. Endley, Dairy Specialist, to County Agent Floyd Lynch.

A cow needs an average of two tons of hay a year, if silage or pasture is not available. A dairy cow needs 20 to 25 lbs. of dry matter from roughage daily. She will eat about 80 pounds of tender green grass, which analyzes about 85 per cent water, leaving the equivalent of 12 pounds of dry matter.

In order to hold a cow's production it is necessary to supply her with eight pounds of hay, dry bundle feed, or cottonseed hulls. When it falls to 75 per cent and dry matter goes up to 25 per cent the cow will not need hay.

Eastland County will have abundance of peanut hay in all probabilities and the relative value of peanut hay in comparison to other hays follows:

Good peanut hay, with out nuts, is worth ten per cent less than average quality alfalfa, soy bean, and cowpeas hay. It is worth one-fourth more than sorghum cane hay, Johnson grass and Sudan grass hay, provided the Johnson grass and Sudan grass were cut at grass and Sudan grass were cut after seed formed, peanut hay would be worth one-third more than Johnson grass and Sudan grass hay. Peanut hay is worth nearly twice as much as grain sorghum bundles without heads. Peanut hay is worth one-fourth more than average quality prairie hay.

Cadets Have Lost Tummies But Gain Weight Elsewhere

ATHENS, Ga., Sept. 8.—Flabby cadets have lost weight. Underweight lads have picked up pounds.

And they are hard as nails. Statistics carefully kept on the first battalion of 242 cadets at the U. S. Navy Pre-Flight School here today revealed that Naval aviation's famed physical training course is as effective as it appears.

La. Comdr. Ben L. Boynton, Athletic Director at the school, picked out some concrete examples at random from a list of the first cadets to graduate. "Here's a boy from my home town," said Boynton, former Williams College sports immortal and insurance executive at Dallas, Texas, "Arthur C. Casey, Dallas—lost seven pounds and 21-4 inches around the waist. He is a boy who should have been in pretty good physical condition before he came here too. He made two letters in both football and basketball at Paris Junior College in Texas.

"Then here is Cadet B. H. Hillis, of Fleno, Texas, who came here three months ago weighing 165 and has just left us weighing 169 and 31-4 inches slimmer around the waist."

Boynton quoted other examples. Vesta Johnson, of Dallas, gained 10 pounds and cut down his midriff 1-1-2 inches. Prentice Martin, of Houston, Texas gained seven pounds and reduced his waistline by 21-4 inches. Weston Wells, of Apache, Okla., streamlined his waist 31-4 of an inch, but gained 12 pounds.

In general the cadets have larger chests, smaller waists, and greatly strengthened bodies than when they came here from a comparatively soft civilian life.

The average difference in weight from their entrance to their final check was a net gain of three pounds. The average loss in distance around the middle was 1.16 inches.

Senate Ready To Act On Inflation Legislation Now

WASHINGTON, D. C., Sept. 8.—Sen. Prentice Brown, Democrat, Michigan, who managed the original price control law in the Senate, announced today that the Banking Committee would begin hearings, either Friday or Monday, on legislation demanded by President Roosevelt for stronger control of prices.

MARINE RECRUITS WANTED
Staff Sergeant D. P. Ruff of the Dallas Marine Recruiting office was in Eastland first of the week in connection with the special drive for new enlistments in the United States Marines during this month which is known as Marine Attack Month.

All Yanks First Class Specialists

Fitting, indeed, is the rank first class specialist for Tommy Henrich, New York Yankee outfielder, shown being sworn into Coast Guard by Lieut. Ernest Pointer in Cleveland.

Keen-eyed and ready mounted member of the U. S. Coast Guard's newly organized horse patrol streaks down a lonely stretch of America's coast-line in an action shot reminiscent of Paul Revere.

Society, Club and Church Notes

Miss Meroney, Lt. Green Wed

In a ceremony performed Sunday afternoon, September 6, at 4 o'clock at the Church of Christ, Miss Fern Allen Meroney, daughter of Mr. and Mrs. J. E. Meroney became the bride of Lt. Ernest H. Green, Jr., son of Dr. and Mrs. E. R. Green.

Herbert Love of Graham, a life-long friend of the couple read the service before an altar banked with fern and pot plants and dotted with large white baskets filled with garden flowers. White Chenille rugs carpeted the altar and the altar steps and the bride party stood before a large hand-painted picture of the River Jordan. Indirect lights reflected on the picture which was flanked by white crocheted baskets filled with marigolds.

Miss Margaret Joe McCleskey, accompanied by Mrs. H. L. Baskin, sang as pre-nuptial solos, "I Love You Truly," by Carrie Bond and "Because" by Guy D'Hotel. Miss McCleskey wore a floor length pink taffeta gown with a corsage of gardenias and Mrs. Baskin was attired in orchid taffeta with a corsage of white gladioli. Mrs. Baskin also played the wedding march from Lomengrin and soft music during the ceremony.

Mrs. Gerald Proctor of Hamilton attended the bride as maid of honor. She wore a costume of pink net and a shoulder corsage of white gladioli. Mr. Proctor attended Lt. Green as best man.

The bride wore a white chiffon and satin gown of colonial fashion and studded with pearls. Her finger-length veil of illusion fell from a bandeau of pearls and her bouquet was of gardenias and white tube roses fashioned along colonial lines with white satin streamers.

Immediately after the ceremony a reception was held at the home of the groom's parents, where the dining table was laid with a pineapple linen cloth appointed with crystal and silver centered with an arrangement of Zinnias, on each side of which were white tapers. The three tiered wedding cake was topped with a dainty bride couple beneath an arch of tiny orange blossoms. After the bride and groom had cut the cake, Mrs. J. D. Johnson presided over the serving of the cake and Mrs. F. L. Meroney, aunt of the bride, presided at the tea table and assisted in serving were Misses Catherine Moore, Marie Green, Mary Allen Lanier and Geneva Campbell, all attired in pastel colored evening dresses. Mrs. L. E. Gray who presided at the bride's book, was attired in blue chiffon velvet and wore a corsage of white flowers.

Following the reception the bride and groom left for a short trip after which they will be at home at 1103 Florida St., Dallas. For traveling the bride chose a Chinese red dress with black accessories.

Mrs. Green is a graduate of Ranger High School and Ranger Junior College and is now employed in Dallas.

Lt. Green is a graduate of Ranger High School, John Tarleton College and is now a junior student in Baylor Dental College in Dallas.

New Era Meeting Called

A call meeting of the New Era Club will be held Wednesday afternoon at 3 o'clock in the home of Mrs. Arthur Deffebach and all members are urged to attend.

RAINS DROWN OUT ANNUAL RODEO HERE

Rainfall which measured 2.7 inches in Ranger, and which began falling Sunday night and continued all day Labor Day, the last two performances of the annual Labor Day Rodeo were rained out.

The largest crowd ever to attend a rodeo in Ranger was present Saturday night for the first performance, with a good attendance also on hand Sunday afternoon.

Rains which fell earlier in the week put the field in good condition for the first two shows, with the dust being well settled and the footing good.

The calves and other livestock used during the two performances were the best that have been used locally, and the cooler weather apparently put enough life into them to make them particularly hard to rope or ride. Time for the calf roping events, accordingly, was fairly slow, with many of the ropers unable to rope and tie their calves. Best time made in the open contests was 17 seconds.

The rain raised the level of Lake Haganan by two feet, it was reported today, with water now standing within six inches of the spillway level, the highest point since early last spring.

Woman Has Double Duty in Wartime

AUSTIN, Tex. (UP)—American women have a double duty in this war—as individuals and as citizens in a community—200 home of the University of Texas recently were told by Ruth Huey, director of homemaking education, State Board for Vocational Education.

"As individuals, women must be victory workers on the home front," Miss Huey declared. "They must spend less and save more, make the things they have last longer, cut waste, and buy carefully that they may have more and have it longer."

As citizens in their communities, women have an obligation to take part in community planning—get behind the job of promoting better nutrition, for example, Miss Huey said. They can help as voluntary workers in consumer co-operatives, communities nurseries, and rationing offices. "The biggest job American women have is that of safeguarding the health and morale of their own families and communities," Miss Huey explained. "If each woman will accept her own individual duty, there will be no national problem of morale or nutrition."

Gives Scholarships For Latin America

HOUSTON, Tex. (UP)—Another evidence of improving relations between Latin-American nations and the United States is the establishment of four new scholarships at the University of Houston.

An anonymous donor has provided that four Latin-American students, beginning next fall, may have \$125 scholarships to help defray their expenses at the school.

Thompson Has Best Guess on Election

AUSTIN—Col. Ernest O. Thompson could say truthfully "I told you so" after the Democratic runoff primary. Thompson predicted that 900,000 or more votes would be cast in the U. S. senatorial race.

All other so-called experts around the capitol thought 700,000 to 800,000 ballots would be counted because interest in local races almost disappeared after the first primary.

Although Sen. W. Lee O'Daniel won the election, some of the fellows bet on his victory had to pay off. The reason is that most betters gave 25,000 to 100,000 votes as a handicap and the O'Daniel margin was less than that.

A Police Checkup Shows Four Japs Are Real Indians

CLEVELAND (UP)—An excited woman phoned that she had seen four "Japs" driving through downtown Cleveland. She gave police the number of the license tags, issued in New York State. Police received a reply to their query from Batavia, N. Y., authorities. The "Japs" were full-blooded Indians—and two of them worked in the Bell Aircraft Co. at Batavia.

Navy Sets Quota Of 34 Recruits From County

Eastland county was assigned 34 Navy recruits today as its quota for September in the North Texas to join the Navy. The 600 men between the ages of 17 and 30 during the thirty-day period.

"During August, more than 3,100 men left their homes in North Texas to join the Navy. The month's quota, which was the highest ever realized in the district was only 3,600 recruits. That is why our September quota has been set twenty per cent higher."

This, Lieut. L. H. Eideout, Jr., officer in charge of the district stated simply plans to make this district as representative as any other in the nation in the Navy's combined fighting force. "We can enlist 3,600 men in thirty days because we have only started our campaign to sell the Navy," he insisted. "The country is becoming more war-conscious every day. Washington dispatches predict that 3-A classifications will be tapped before Christmas. Increasing numbers of men are convincing themselves daily of the immediate need for all the manpower we can possibly muster."

He expressed again the sense of gratitude felt by the Navy Department for all of its volunteer "twice the effort from now on will mean victory in half the time."

His Harvest Crew Goes to Town for Permanent Waves

THE DALLES, Ore. (UP)—Some indication of the part women are playing in harvesting the wheat crop was given here by rancher Tom A. Sammis.

Said he: "I'm getting along pretty well and have a good crew. But I brought them to town and everybody got a permanent except myself."
