

Bobcats Defeat Chiefs; Play Hale Center Friday

Coach John Blaine's Dimmitt Bobcats will travel to Hale Center Friday night to see just who will win the District 3-B Football crown. The Bobcats will also be defending their number one spot on the regional class B roster which the local team won by virtue of eight wins and no losses during the preceding part of the season.

Hale Center's Owls also boast of a fine record, though not as spotless as Dimmitt's. The Owls have won six games, having lost to Crosbyton and Sundown, neither of which the Bobcats have played. According to comparative scores the local eleven will win by the comfortable margin of three touchdowns. However, if Dimmitt should lose, it would take a Hale Center defeat at the hands of the Friona Chiefs for the Bobcats to be back in the race.

The Owls boast of the regional highscoring back, Eldon Davis, who amassed 90 points so far this season. They also have a fine quarterback in Jerry Johnson, who left his mark on Owl foes through the region last year.

With the defeat of the Friona Chiefs last week to the tune of 34 to 0, the Bobcats wiped out all but one serious contender, the Owls, from their slate. So far, they have managed to hold their rivals to two touchdowns per game, but Coach Blaine's charges are apt to have their hands full Friday night at 7:30 p. m. in Hale Center at Jeffries Memorial Stadium.

Probable starting lineups will be:

- Dimmitt:
 - Dowe Foster, left end
 - Vernon Byrnes, left tackle
 - Carol Gregory, left guard
 - Standlee Fulfer, center
 - Lloyd Leasure, right guard
 - Harry Hance, right tackle
 - Lewis Martin, right end
 - Lonnie Rice, quarterback
 - Carl Jowell, fullback
 - Harold Brannan, right halfback
 - Gene Easley, left halfback
- Hale Center:
 - Shackelford, left end
 - Carlton, left tackle
 - Robertson, left guard
 - Warlaw, center
 - Brewer, right guard
 - Smith, right tackle
 - Stokes, right end
 - Johnson, quarterback
 - Weil, fullback
 - Smith, right halfback
 - Davis, left half

BROWNIE TROOP V

Brownie Troop V met Tuesday afternoon with only two girls absent. We have little dolls that we are going to make clothing for. We received our Christmas cards so we will be out selling them.

We will not have Brownies next week because our leaders are going to a meeting in Amarillo.

We were dismissed with our prayer.

Armistice . . .

As we approach the day of Armistice, all good Americans acknowledge with grateful hearts, and think of the priceless sacrifice—that our men and women have paid for our precious freedom.

It is through the love of liberty that the American Legion was born. We as a nation of people who not only enjoy, but demand freedom of speech, freedom of religion, freedom of the press, freedom of assembly, have fought, bled and died for our principles. It is for this reason that the Statue of Liberty is such a colossal figure to every true American and has caused millions of people returning from foreign countries, thousands of immigrants seeing the shores of America for their first time to weep tears of joy in beholding that figure. It means Liberty, and is not a monument to the dead but a monument to an idea, a principle and a spirit which pervades in this nation and which is as essential to our national life as is to our physical life, the air we breathe or the blood which courses through our veins.

We as Auxiliary members will back the Legion's ideas up, and help inspire the Legion to higher ideals we as an organization of men and women can make this atomic age the Utopian age of prosperity and peace for everybody if clashing nations learn to co-operate for mutual good. Stabilization can be had by this generation if it will strive for world unity and the well-being of humanity as a whole in the spirit of the golden rule, instead of seeking national advantage recklessly at the expense of others. Selfishness is the way of self-destruction.

The outstanding principal of the Legion and Auxiliary is definitely Peace, Prosperity and Justice for all.

Mrs. Velma Gunnells
Auxiliary president

WRIGHT-TRUELOCK

Betty JJo Wright, daughter of Mr. and Mrs. Henry Wright of Dimmitt, became the bride of Arthur Clyde Truelock in a double ring ceremony in the Methodist parsonage Saturday, November 6 at 5 p. m.

The couple were attended by Cita Newton, bridesmaid, and Bob Cook, best man. The bride wore a two-piece dress of aqua and black crepe with black accessories. Her corsage was of red roses.

Miss Newton wore black crepe with black accessories.

Present at the wedding were the groom's mother, Mrs. J. H. Truelock, Loyd, Marlin, and Margaret Truelock, and Thelda McRee.

Mrs. Truelock attended Dimmitt High School and Mr. Truelock attended high school in Muleshoe. He served in the Marine Air Corps until approximately a year ago, and is at present engaged in concrete and stucco work with his father.

The couple are at home in a J. O. Seale apartment.

In addition to this activity he is also District Chairman of Organization and Extension of the Hereford-Friona Boy Scout District. He fills speaking engagements over the entire Panhandle area, speaking for civic groups, school groups, study club groups, etc.

Wear's subject for discussion when he comes to Dimmitt for the P. T. A. meeting will be, "Home and School." He will discuss the responsibility of each and how they can best work together for the greatest good.

CONTROL OF DISEASES URGED BY STATE HEALTH OFFICER

Austin, Texas.—In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. Geo. W. Cox, State Health Officer states that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," says Dr. Cox. "The longer he can avoid having these diseases the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care gives the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient, but helps to prevent the spread of the disease to other persons.

"The State Health Department Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."

Yours For The Taking

Do you hope to be successful? Yes, I know! You say, "Sure, I hope to be successful, but why worry about that now—when I'm trying to have fun. We'll have time to worry about that when we get grown. There's no use to get wrinkles in our brows until we have to!"

Did you ever stop to think just why you are going to school? Most of us take school as if it were a bad dose of medicine. It may be, but did you ever stop to think what medicine is? Medicine is a substance which prevents or cures a disease. Why not look at it this way: "School is a treatment which prevents or cures a lazy mind."

A person who quits school is just as ignorant as a person who knows that he has tuberculosis or a cancer and doesn't do anything about it. Of course there are exceptions to the rule, but how do you know you will be an exception?

There is no real excuse for not finishing school. Anyone with any ambition and gumption will and can get through. School is yours for the taking!

Did You Know

There are no blue birds in Dover?

There are 41 seniors in Dimmitt High School?

A new set of tramps passed through Dimmitt Thursday night? You don't have to live in a tree to be a sap?

Puppy love is the first step in real love?

Joe Beth is a big GIRL now? The people who lie easiest don't always sleep the best?

The SENIOR PICTURES will be here in about two weeks? A certain junior girl is getting good with that Sheffy kid?

Lavelle wishes she had a new Ford? We had a red haired football queen?

Jo Anne stayed home Monday, Tuesday, and Wednesday nights? Oney Lee and Carroll were locked in the office?

Betty Brown is the shortest girl in the senior class? That there was an empty car out on the west side of town Friday night?

Lavita has a new RED SUIT? (Lavita had her picture taken?) Betty Wright is now Mrs. Clyde Truelock?

Thelda is missing a lot of school? Geraldine's brakes locked Saturday night?

Better Late Than Never

Gasping desperately for breath, he trudged wearily on. It seemed he would never reach his destination. As he was approaching the last obstacle he heard it. A ghastly sound rang through his ears. Through swollen bloodshot eyes he looked at his watch. No—No it couldn't be. He collapsed! There lying on the cold surface he realized he must go on. He pulled himself to his feet and started on once more. He must succeed in his mission. Although this seemed impossible, he knew he mustn't fail. At last he was there. He pulled the door open and sank wearily in his chair. Johnny was late to history class again.

Coronation of Football Queen

Rusty Sevier was crowned "Football Queen" Friday night before the game between Dimmitt and Friona. Queen Rusty was crowned by Captain Lonnie Rice. The following ladies-in-waiting and their escorts were in attendance: Ruth Sheffy, escorted by Harold Brannan, Pat Youts, escorted by Lewis Martin; Bobby Wooten, escorted by Loyd Leasure; Charlotte Lippard, escorted by Standlee Fulfer. The Queen was escorted by Captain Lonnie Rice and Co-captain Carl Jowell.

Keyhole Kourtchip

Jo Beth was seen with Howard Thursday, Friday and Sunday nights. They reported a good time. With them was our old steadies Jo Anne and Wade. We wonder who those eight people were we saw around town Thursday night? All we know is they were not from Dimmitt. What about this girls?

Tuesday night we saw Pat and Harry at the show. It must have been a good one from what we heard. Friday night we had a new couple out together. It was none other than Tommy Taylor and Della Gay Teague. Oh these kids!

Ruth and Wayne, Floyce and Jimmy, Rusty and Babe, Tiny and Lonnie, Charlotte and Standlee, Lavita and Murry, Bobby Ruth and Junior, Hazel and Kenneth Murhpy, and Lucille and Keith Ward were seen at the ball game Friday night.

Saturday night Lucille and Easten Wall and Pat and Bud Hill were out roaming around town. Those Hart guys.

Floyce and Jimmy enjoyed themselves in Amarillo Saturday and also a show that night.

Tiny and Lonnie, Twila and Loyd, Melba and Babe seemed to be having fun Sunday night.

Who was Lavelle with Friday night?? We never saw such strange looking animal. See you next week.

F. H. A. Assembly

The Future Homemakers of America entertained the student body with an assembly program the 8th period Friday. Tiny Hunter opened the program with the story of Home-maker's Week. She was followed by Mona Simmons, who gave the F.H.A. Creed. After various musical selections and the recitation of a poem by Gladys Thompson, Charlotte Lippard and Floyce Carpenter topped off the program by singing "Mr. Moon."

Bobbies !!!

The Bobbies are preparing to open their season soon. If the weather clears off they may have a game this week. They have been practicing a lot lately and have got high hopes for their team.

The squad has been trying hard to improve. The girls have two classes of P. E. and they make the time worthwhile. They only lost one player last year, Johnne Bice. The team will miss her but they believe that the team as a whole will improve.

The girls are trying hard this year so lets wish them luck and back them the season long.

Can You Imagine

The girls of D.H.S. all getting married?

The kids of Dimmitt having something to do?

The paper being interesting? Lonnie Rice having curly hair? Lewis Martin being 5 ft. 2 in.?

Lavita Davis being 6 ft 5 in? Lavelle being worried about a certain new Ford?

Jo Anne liking to live in town? Harold going with a Dimmitt high school girl? Jo Beth liking cats? Don Loy laughing at a joke? Doris staying at home on a Saturday night?

Bobcats Trample Friona Chiefs

Friday night the Bobcats won the game with Friona much easier than expected. The Chiefs were held scoreless throughout the game.

In the first quarter Carl went over for a touchdown. The extra point was not made.

The second quarter raised the Bobcats score to 13 points with Gene making a touchdown. The extra point was made by Jim Jowell.

Lonnie and Harold scored in the last half with Harold making two touchdowns—one of them being a 50 yard run. Jim made the 3 extra points making the final score 34-0

Your Opinion

What do you think about quitting school and getting married? Gen Easley—"All right if you stay married."

Billy Cooper—"Guess it would be all right if you could get by with it."

Jim Jowell—"Better get your education while you can"

Jimmie George—"Okay if that is what you want to do"

June Benton—"Okay if you get the right guy."

Shirley White—"I imagine it is owing to whom you have to face across the breakfast table every morning."

Louise—"Pretty good idea"

Jo—"Poor kids"

Ethel—"Stupid"

Don Loy—"It's their business if they want to ruin their lives"

Mrs. Thomsen—"I got married and kept going to school"

Miss Merritt—"I think they should stay in school. They may need all they can learn in high school in the future."

Jo Beth—"Okay for some people."

Rusty—"I had the idea once but school is more interesting"

Fayrene—"Foolish"

Ruth—"Absolutely crazy"

Elouise—"Okay"

Patsy Youts—"Okay if you are madly in love but it is better to finish"

Charlotte—"If you get the chance—take it"

Harold—"I'll do it if I can find someone to marry"

Clifford—"Takes too much money to buy the license"

Lavita—"It must be okay from what I hear"

Mona—"What is the hurry? You have the rest of your life"

George—"I think that it is utterly revolting"

Mr. Loy—"I think it is a lack of foresight"

Lonnie—"Not much of a change—you worry just the same"

Pat Tate—"Varies with the individual"

Lester Johnson from Muleshoe visited with Harry Rothwell and Herbert Howell Saturday afternoon. Herbert accompanied him home to spend the week end.

Grace Louise and Loyd Lust and Loyd's roommate, John Shinn from Texas Tech spent the week end with their parents, Mr. and Mrs. Vern Lust and Mr. and Mrs. Earl Lust. John's home is at Meadow, Texas. We were glad to have them at Sunday School and church Sunday morning.

Mr. and Mrs. Leland Smith and Mr. and Mrs. Ivor Bagwell were Amarillo visitors Tuesday.

Mr. and Mrs. Bryan Sinclair and Ivan Earl were visitors Sunday afternoon in the home of Mr. and Mrs. R. M. Warren.

Mr. and Mrs. Vern Lust had as guests Sunday their daughter, Grace Louise from Tech and Mr. and Mrs. Houston Lust from Dimmitt. Glenn was on the sick list this week end. We missed him from Sunday School.

The Baptist young people from Dimmitt enjoyed a sing song at the home of Mr. and Mrs. Ivor Bagwell Sunday night.

Mr. and Mrs. Harry Rothwell had as dinner guests Sunday Bro. and Mrs. Carlton Thompson and Jane and Mr. and Mrs. J. C. Williams.

Mr. and Mrs. Kay Roberts had as callers Sunday afternoon Editor of the Amarillo Times who was wanting a hunting ground for some of the many ducks we have in the community.

Guests of Mr. and Mrs. Earl Lust Sunday were Mr. and Mrs. James Bradford and Bob, Mr. and Mrs. Melvin Settle and Mary, Lloyd Earl and John Shinn from Texas Tech.

Mr. and Mrs. Charles Howell and Dennis were Sunday visitors of Mr. and Mrs. Moss Howell.

Mr. and Mrs. Harry Rothwell were in Hereford Thursday on business.

Elzada Faye Smith is spending a few days with her grandfather, Mr. R. M. Dunn in Dimmitt, helping with their Junior play which is being put on the latter part of this month. Jack Howell is playing the part of one of the twins in the cast.

Mrs. E. R. Rothwell spent Monday night with her son, Harry and family.

Mr. and Mrs. Earl Lust, Mrs. George Bagwell, Mrs. Kay Roberts and Mrs. Vern Lust were among the many who attended and enjoyed the Methodist Conference of the Amarillo district held at Bovina all day Wednesday.

Mr. and Mrs. Robert Leinen and children left Tuesday for a 10 day visit with relatives at San Fernando, Calif.

The Quest for Words
Nothing so fine
As the quest for words
Strong as steel,
Or blithe as birds.

Words to fit
Your inmost thought,
Or inspiration
Come unsought

Words elusive,
Mocking, free
That seems to dare
Captivity

And when you've found
The one best word,
To waste the gems
Would be absurd

A Brooklyn polytechnic institute scientist predicts that by 1957 a fifth of our gasoline will be synthetic.

The wisdom of the wise and the experience of ages may be preserved by quotation.—Disraeli.

Every child should know a hill and the clean joy of running down its long slope with the wind in her hair. He should know a tree—the comfort of its cool lap of shade, and the supple strength of its arms balancing him between earth and sky so he is creature of both. He should know bits of singing water—the strange mysteries of its depths, and the long sweet grasses that border it. Every child should know some scrap of uninterrupted sky, to shout against; and have one star, dependable and bright, for wishing on—Edna Joll.

Soil in this country needs to be lightened for almost everything you grow. Sand and barnyard fertilizer can't be overstressed. Every home should try to have a compost heap or pit to preserve leaves, grass clippings and flower tops. This worked into the tight top soil will prevent the soil from caking and cracking.

The constant fight to keep the soil more acid is one that will go on as long as gardeners strive for beauty on the plains. Add lime to your flower beds will add acid to the soil.

More than 41,000,000 motor cars are using the nation's streets and highways, which gives an approximate idea of the number to be dodged if you want to get home safely.

In 1933 total number of bushels of wheat allotment to Castro county was 1,125,468 bushels. Nonparticipating wheat farmers in the county number 377.

Most county roads measure 66 feet in width because this is the length of the original survey's chain.

BOYCE HOUSE

One view is that Opportunity knocks only once at each man's door but Walter Malone, the poet, quotes Opportunity as saying: "Each morn, I bid you wake to rise and fight and win."

I. D. McEachern of Hale County agrees with this view—and the career of the of the wiry, little farmer is convincing.

After several successes in life, followed by reverses, McEachern, a few years ago, found himself, at the age of 55, with just \$350 in cash.

But his blue eyes only sparkled with greater determination as he

decided to make a comeback. He proposed to become a grower of certified seed—not cotton or corn but grain sorghum.

He went to one grower but was turned down because of shortage to supply. Un-discouraged, he went to another and, from him, obtained 12½ pounds on the promise to pay it back, four for one.

McEachern planted the seeds on the farm of a friend in South Texas and harvested 1,700 pounds. He then had seed enough to plant on his own farm near Petersburg.

But rain wouldn't fall to get it started. One day, he and a friend visited the field and dug up a few of the seed. The visitor slowly shook his head and remarked, "You've got to have rain by Saturday night." What made his statement especially tragic was that it was then Saturday morning.

It didn't rain Saturday night but it did rain Sunday—and the seed did so well that McEachern sold his crop for \$20,000!—and besides paying back 50 pounds of seed for the 12½ pounds he had borrowed.

The old saying is that "it never rains but what it pours." And McEachern found that to be true.

Four years before, he had decided to build a two-row ensilage harvester. As an inventor, he had one slight drawback—he had never invented anything before, but that didn't deter him. All he had to work with was a cold chisel, a hammer and a punch and he proceeded to build a machine.

Then he applied for a patent. The application dragged along for four years and at last was granted.

Then one of the biggest farm implement manufacturing concerns offered him \$500 for his rights. He refused, so the company sent a representative down and the visitor asked, "What will you take?"

"Oh," replied McEachern in an unconcerned tone, "ten thousand dollars."

The company took him up on the proposition. So, along about the time that he sold \$20,000 worth of certified grain sorghum seed, here came a check for the invention and he used it to buy his present farm—a half section; and there, in a modern home with a yard that looks like a park—so bright are the flowers and so trim the trees and so green the lawn—he and his wife live.

They have nine children—all grown—eight sons and a daughter.

Last year, McEachern sold 12,000 sacks of Plainsman grain sorghum. County Agent Manuel W. Ayers says the market price was around \$4.75 to \$5.00 which would figure out something like \$57,000.

McEachern keeps adding to his holdings. "My wife won't let me buy but a quarter section a year," he says with a grin. He has added 816 acres to the original half-section, 10 miles west of Plainview, and has seven irrigation wells.

Not bad, Not bad at all for a farmer who, four years before, at the age of 55, was "down" but refused to quit.

Scientists are seeking a substitute for gasoline. The surest one we know of is a pair of shoes.

In these times you have to move pretty fast to keep up with running expenses.

Turning over a new leaf too often may make you lose your place completely.

By Ted Kesting

Col. Townsend Whelen, well known arms expert and author of many outdoor articles, has a few words of advice for those of you planning your first deer hunt this fall.

Never forget that "safety first" is the primary rule, and next to that marksmanship that insures killing game with a single, instantly fatal shot. The hunter who has trained himself in marksmanship so that on the range at 100 yards he places all his shots in a 4-inch bull's eye doesn't get buck fever—he gets the buck. If you are using a new or

strange rifle, the most important preparation is sighting it in. Remember the rule of sight adjustment: Move the rear sight in the direction in which you wish to move your point of impact, or move the front sight in the opposite direction.

Whenever you can do it, aim so as to have your bullet drive into the lower part of the chest at the shoulder, but not behind the shoulder. This is where the heart lies, and around that is the largest vital area.

When a deer has been killed it does no good to cut its throat. The animal should be gutted at once. For butchering you need a sharp hunting knife with a 4 or 5 inch blade and a small carborundum stone (in your pocket, not back at camp).

Turn the animal so its head and chest are uphill. Slit the skin

and abdominal wall from between the legs to the brisket, being careful not to cut any of the intestines. Reach inside and cut the diaphragm free all around. This is the membrane that separates the chest from the abdominal cavity.

Reach way up inside the chest and cut the windpipe and other vessels leading up into the neck; take hold of them and pull the heart, lungs, and finally all the abdominal contents out of the animal, cutting loose the adhesions to the backbone when necessary, and finally cutting free at the anus.

There will be about a bucket of blood left in the animal. Dump this out, wipe the cavity dry with bunches of grass, and drag the carcass to a clean piece of ground. Save the heart, liver and kidneys.

Prop the abdominal cavity wide open with a stick so it can cool off and air can circulate. If necessary cover over thickly with spruce or pine brush to keep flies and birds away. After you have packed the animal back to camp, use four or five yards of cheesecloth to keep flies off the carcass. Then you'll be able to bring your trophy home in good condition, with no wasted meat.

DECORATE THOSE HOLIDAY FRUIT CAKES NOW

If holiday fruit cakes are on your mind, stop a minute to think about decorating them, too. Baking the cakes early is the best possible way to beat the holiday rush, and to have them "aged" at the same time. If the cakes are made with lard, of course, they can be made months ahead without danger of losing their freshness, says Reba Staggs, home economist.

But decorating is important, too—the cakes should be as pretty as they are good. Do the decorating now, before the cakes are stored, so you'll be ready to draw the beauties forth at the first sign of Christmas.

As soon as the cakes are baked, remove them from the oven, and decorate the top of each loaf with blanched almonds and candied or maraschino cherries. Brush the surface of each loaf with a glaze made by mixing 2 tablespoons molasses and ½ cup water. Place the cake in a slow oven (300 F.) for 30 minutes to dry slightly. Remove cakes from pans and cool on a wire rack or a dry towel.

To store, wrap the cakes in several layers of oiled paper and store in a tightly covered tin box for several weeks.

NAZARETH

CHRISTIAN MOTHERS HAVE GUEST SPEAKER

At the regular club meeting of the Christian Mothers which was held November 7, Mrs. Florence Albracht, president, presided. The Very Rev. G. A. Boeckman attended the meeting and introduced the members of the club to the guest speaker, Mrs. Ed Loerwald of Hereford. During her address Mrs. Loerwald explained the work of the DCCW in Catholic Action.

During the business session, a nominating committee was appointed so that candidates may be selected for the coming election of vice president and treasurer. Mrs. Albert Gerber was appointed chairman of the committee.

FORESTARS SET BREAKFAST DATE

The local branch of the Forestars are sponsoring a club breakfast in the Nazareth cafeteria Sunday morning, November 14. They are inviting their wives and lady friends. The breakfast will follow the first Mass during which the Forestars will receive Communion in a body.

SODALISTS HOLD MEETING

The Sodalists of Holy Family Parish held their regular meeting November 7. The Prefect, Marilyn Hoelting, presided, Hildegard Huseman called the roll and read the minutes, and Bobbie Hafernik gave the financial report.

During the business session a nominating committee to select candidates for the coming election of officers was appointed. Those to serve on this committee are Kenneth Acker, Etta Mae Heiman, Alphonse Kleman, and Patsy Bauman. The announcements were also made that the Sodalists annual retreat will be given by Father Vaughn on December 6-7, and that the annual Christmas party will be given on December 8.

The meeting closed with a short program of entertainment given by Emely Pohlmeier, Georgiann Schacher, and Lois Book.

Mr. and Mrs. Leo Conrad and family of Claude visited the home of Mr. and Mrs. Leonard Conrad of Nazareth Sunday, November 7.

Mr. and Mrs. Ed Drerup left Nazareth on November 7 to visit friends and relatives in Ohio and other points North.

Miss Colette Heck recently completed an anesthesiology course in St. John's Hospital, Springfield, Ill. She is at present working in the Veterans Hospital, Amarillo.

Mr. and Mrs. Charles Heck gave a birthday dinner November 7 in honor of Mr. L. E. Skinner. Those present from Amarillo for the occasion were Mr. and Mrs. Skinner, Mr. and Mrs. C. E. Hill, and Miss Colette Heck.

Henry and Lizzie Heiman from Nebraska and Mary Jasper and children, Henry and Anne, of South Dakota are here visiting with Mr. John Heiman and other relatives of Nazareth.

Mrs. Gary Hyland and son Jimmy left Nazareth Nov. 6 for Grand Prairie, where they will join Gary who left Nazareth some time ago.

Gerald Hyland left Nazareth November 6 for a short business trip to Fort Worth.

Mr. and Mrs. Bill Hochstein left for San Antonio November 7 where they will attend the State Farm Bureau meeting.

THE SWIFTS PLAY GAMES
The Nazareth basketball squads engaged in two sets of games from Nov. 5 to 8. On Friday evening they played a double-header in Wayside. There the Nazareth

boys lost with a score of 18-15. The Nazareth girls came out ahead with a final 43-19.

On Monday evening the Swifts played at home. Their opponents were boys and girls from Hart. In these games the Swifts were downed by the Hart Longhorns by the score of 21-16 in the boys' game while the girls came out ahead of the Hart girls with a 37-6.

One of the easiest things in the world to meet is expenses. You run into them every place you go.

You're likely to get shocked when you step on anybody who is a live wire.

HOMEMADE MINCEMENT

2 pounds beef neck
Water to cover
1 pound suet
4 pounds tart apples
4 cups sugar
2 pounds currants
3 pounds seedless raisins
½ pound citron, cut fine
Juice and grated rind of 2 oranges
Juice and grated rind of 2 lemons
1 pint fruit juice or cider
1 tablespoon salt
1¼ teaspoons grated nutmeg
½ teaspoon mace
Cook beef slowly in water to cover until quite tender, about 3 hours. Cool and force through food chopper with suet and apples using coarse blade. Add remaining ingredients; mix thoroughly. Cook slowly 1 hour. Seal in sterilized jars. Makes 10 to 12 pints.
Use 1 pint or 2 cups for 8-inch pie. Fill pastry-lined pie pan and adjust top crust. Bake in hot oven (450 F.) 35 minutes.

Funny how a fellow never has any peace of mind, when the wife is always giving him a piece of hers.

AN ECONOMICAL LUXURY

IN THIS SECTION where winter weather usually gets unpleasant, you'll find a home laundry dryer an economical luxury. Just think, no more bundling up to go out to the clothes line, no more waiting for "good drying weather". Just put your wash, fresh from your washing machine, into your home dryer. A gentle stream of warm air will toss your clothes to dryness in just a few minutes. Your family's clothing will last longer, with no bitter wind pulling at them, no burning sun bleaching them.

Best of all, of course, is the fact that with electric service cheaper than ever before, your home laundry dryer will cost just a few pennies a month to operate.

See an appliance dealer soon about a home laundry dryer.

Honors District President Friday

The Dimmitt Music Club entertained with a coffee Friday morning November 5, in the home of Mrs. Robert Singer, honoring Mrs. W. T. Andrews, and her mother, Mrs. Daniels of Spur. Mrs. Andrews, president of seventh district federation of music clubs, is a very charming and gracious person. We were honored by having her include Dimmitt in her itinerary. She spoke to the club members on federation and other phases, and problems of music club work.

Present were Mesdames M. B. Settle, O. B. Trimble, Raymond Wilson, Gene Ivey, Delmond Neumayer, E. B. Wright, T. A. Singer, Mrs. A. O. Thompson of Hereford and the hostess, Mrs. Robert Singer.

Mrs. Maples Feted With Birthday Dinner Sunday

Helping Build West Texas . . .

WEST TEXAS GAS COMPANY is constantly enlarging its facilities to take care of the increasing demand for natural gas.

In addition to our old customers, we will probably extend gas service to about 5,000 new homes and businesses this year.

West Texas Gas Company has been and still is busy building: New and larger pipe lines have been laid, city distributing plant extensions and improvements have been installed and several compressor stations enlarged. The above action photo is typical of work being done daily throughout the company's system.

GET YOUR DIRT MOVING and LAND LEVELING done This Fall
Quickly at LOW COST

with an EVERSMAN AUTOMATIC LAND LEVELER and DIRT MOVER

Have you been planning to improve the surface of your fields? Eliminate humps and hollows, smooth out old fence rows, fill in small gullies or put new land under irrigation. Fall is the best time to do this work. The best machine to handle the job is the EVERSMAN AUTOMATIC.

Only the EVERSMAN has the eccentric (crank) axle—when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill.

The EVERSMAN breaks clods, pulverizes the soil, smooths and packs the surface, forming a fine seed bed while AUTOMATICALLY LEVELING.

Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. After dirt is moved with the EVERSMAN it can be graded down and AUTOMATICALLY LEVELED with the same machine. One inexperienced man driving your present tractor handles this ALL-PURPOSE machine. Moves fast on rubber tired wheels. Comes in four sizes. Inexpensive to buy.
