Suman Named As Chairman Of Oil Men's Meeting

SAN ANTONIO, Tex. (UP)-John R. Suman of Houston has been named chairman for the sixth annual South Texas oil men's meeting in San Antonio on June 2.

The South Texas Chamber of Commerce is sponsoring the gathering, which this year will pay special honor to D. A. Little, president of the Duval Petroleum Co., San Antonio. Elmer L. Moore, assistant gen-

eral manager of the South Texas chamber, acting director of the meeting, has announced all committees. They will be: Arrangements- Suman, chair-

man; Al Buchanan, San Anton-io, vice chairman; O. W. Killam, Laredo; J. M. Pickering, Victoria; George H. Hill, Jr., Houston; Fred W. Shield, San Antonio; Tom Graham, Corpus Christi: Rodney Dee Lange, San Antonio R. C. Gwilliam, Houston; and A. A. Seeligson, San Antonio. Reception—Henderson Coquat,

San Antonio, chairman; Guy I. Warren, Corpus Christai, vice chairman; Tandy C. Young, San Antonio; J. J. O'Hern, Laredo; Ernest B. Rubsamen Jr., San Antonio; A. E. York, Victoria; Walter A. Henshaw, San António and W. L. Dirks, Tuleta.

Entertainment-J. W. Gorman, chairman; L. M. Lockhart, vice chairman; B. A. Johnson, Frank Gravis, and Joy A. Mc-Cartney, all of San Antonio.

By Bureau of Public Relations. U. S. War Dept., Wash., D. The Women's Army Auxiliary Corps observed its first a Sunday, May 16. WAAC enrollment has reached the 60,000 more than one-third of the authorized strength of 150,000, which hoped will be reached by July 1. WAAC forces are installed at Al Headquarters in North Africa and in over 100 Army campo, pocts as stations in this country. Requests for WAAC's for non-constated jobs from Commanding Generals in overseas units total 18,810; quests from commanding officers of Army units in this country 500,000 (375,000 from the Air Force alone).

The WAAC is open to all women from 21 to 44 inclusive, who have two years high school education or the equivalent, who are physically fit and mentally alert, who have no children under 14 cr other dependents. Above, Auxiliary Martine Celis, typist at the Public Relations Office, at Pine Bluff Arsenal, Arkansas,

SERIAL STORY

Beth Carter, WAAC

BY LORETTE COOPER

THE STORY: Beth Carter, WAAC, is Major Brit Jackson's "one-man" staff on the tiny camouffaged island in the Pacific where his unit of the Coast Artillery Harrage Balloon battalion is hased. Information leaks are anapected. After Beth overhears the mysterious Lita Danton persuade Brit to give free passage to the plane that brought her and her companion, Blek Moth, into a forced landing on the island, an important paper is discovered missing. Beth decides to do some sleuthing on her own. She sees Brit meet Lita and Rick secretly.

SPY SUSPECT

"I do not blame you for wanting to safeguard the secret of your island," Rick Moth said. "You should feel glad that Lita and I are two loyal Americans who do not wish to divulge even a hint as to its existence."

BRIT laughed. It was a short laugh, expressive of nothing except that he was thinking of what had been said.

Lita's voice could be heard now.

ore to buy a pair of shoes, for example, it may cot satisfaction to note that the price is no higher that that paid for the last pair you bought before since rationing went into effect. You bless price control for this and think things may not be so bad

But a close examination of your new kicks. if made by an expert shoemaker, might reveal that the uppers are not of as good quality as the shoes you bought last year, they may be dyed a little darker to cover this lower grade leather, the linings may be of an inferior grade of cloth, the stitching may be of inferior workmanship, the sole may be Translated into terms of wear, these changes in

the quality of the shoes you buy may mean that the shoes will last you only two-thirds as long as the pre-war shoes you bought at the same proce. Translated into what it costs you to keep yourself shod it means that here is a hidden price increase of 33 per cent, for you must buy four pairs of shoes to give you the mice you got before from three pairs.

THIS hidden price increase is not the fault of the shoe store and the many points, it is not the fault of the manufacturer. The Army prorities on the best grades of leather. War Production Board milistion and conservation orders have specified that soles may not be over certain thicknesses, to save leather and make the supply go farther. Dyes have been limited to certain few specific colors. Rubber heels are made of reclaimed rubber

Midden price increases, therefore, do not represent any willful con-BOWD syp. For your part, however, here is a recognizable increase r costs of living, and you are entitled to ask what can be done Hidden price increases are not confined to shoes alone. Garbage phila are made of thinner metal under WPB restriction, kitchenware with thinner enamel, shirts with shorter tails, while underwest and pajamus are skimpler, not full cut. These and dozens or hundreds of other cost of living items have hidden price increases which present a concluded problem of inflation.

Tel F. Quesuon watch this poses and the Office of Price Administration if it is to prevent inflation and check the rise in the cost of living is, ape, of issuing more specific dollars-and-cents maximum price schedules and writing into the orders minimum specifications on quality for each price line, so that consumers will know what they get.

If this floor is put under quality as ceilings are put over prices, this action will be limited to those commodities which are necessary and show which are important. Minimum quality standards would no set for fur coals, but they would be set for knit underwear. with a are today minimum standard specifications written into the

price orders on some two dozen commodities. Twilist may grow. The policy does not envisage the elimination of trade names or brands. Also, there are some qualities on which specification ps can't be weitten. You can't measure the wear of a silk dress, nce, nor give any assurance of how long it will be in style,
