## Allies Bid for Quick Sicilian Victory

### FDR WARNS OF BIGGER FIGHTS YET TO COME

Virtually counts Italy out of war as attention turned to plans for Tojo, Hitler

WASHINGTON, July 29.—In an address to the American people Wednesday night, President Roosevelt, flatly stated that the ultimatum of "unconditional surrender" still applies to Italy regardless of new government being formed in that country. Virtually counting Italy out of the war the President warned, "ahead of us are much bigger fights."

"The plans were made for the knocking out of Mussolini and his gang have largely succeeded," the President said. "But we still have to knock out Hitler and his gang and Tojo and his gang."

Almost pointedly the President refrained in his broadcast speech from going into future plans for action against Germany, but for the Japanese he had a word of warning:

"If the Japanese are basing their future plans for the Pacific on a long period in which they will be permitted to consolidate and exploit their conquered resources, they had better start revising their plans now. I give that to them merely as a helpful suggestion."

"Let us remember how far we were, a year ago, from any of our objectives in the European theater. We are pushing forward to occupation of positions which in time will enable us to attack the Japanese islands themselves from the north, from the south, from the east and from the west."

The chief executive, in an analysis of the war broadcast to the American people, propounded that Benito Mussolini and his Fascist gang would be brought to book and punished for their crimes against humanity. He said no criminal will be allowed to escape by the expedient of resignation.

It was a rosy-hued picture of the war which the President drew, depicting the criminal, corrupt Fascist regime in Italy as going to pieces. And he gave a new assurance that the terms of the Allies to Italy, as to Germany and Japan, still are unconditional surrender.

He spoke of the manner in which Russia had turned a new German offensive into a counter-offensive and of the manner in which the Japanese were being pressed in the Pacific.

Yet he warned that it would not be an easy matter to knock out Hitler and his gang and Tojo and his gang even though plans for eliminating Mussolini and his gang had largely succeeded. The length of the war, he said, will depend upon an uninterrupted continuance of an all-out effort on the fighting fronts and here at home.

Looking ahead toward the post-war world, the chief executive said the United Nations were substantially agreed on general objectives but also were agreed that the time had not arrived for an international discussion of all the terms of peace and all the details of the future.

"We must not relax our pressure on the enemy," he said "by taking time out to define every boundary and settle every political controversy in every part of the world. The all-important thing now is to get on with the war—and to win it."

Yet he did outline a specific "5. Broader provisions for housing plan for taking care of members of the armed forces after their fighting is done and America can begin conversion to a peacetime basis. The President said the least to which these fighting men are entitled is:

"1. Mustering out pay large enough to take care of the time

### JAP WARSHIP, ONE OTHER HIT BY ALLIES

ALLIED HEADQUARTERS in the Southwest Pacific, July 29. (UP)—In spite of the efforts of Japanese fighters to throw a cover over them, a Japanese warship and at least one other vessel were the victims of Allied attack, it was announced today.

Sighted by a reconnaissance plane of New Britain, both ships received direct hits and were left in flames, the communique from headquarters said.

Damaging near misses were scored on another enemy ship, a 2,500-ton vessel, anchored near the enemy base at Manokwar, Dutch New Guinea.

Another heavy attack was delivered by torpedo and dive bombers against the Munda New Georgia air base. Forty-seven tons of explosives were dropped on enemy positions in and near the airbase. There were no reports on the progress of American jungle fighters who are closing in on the strategic Central Solomons positions.

Six Zeros Shot Down  
Thursday's communique was limited to accounts of aerial action and some light surface activity as the Americans and Australians pressed their attacks designed to blockade Japanese caravans from supply points farther north.

The aerial blows went forward despite Japanese attempts to block them and in one brief battle over Rein Bay on the north coast of New Britain nine P-38s tangled with fifteen Zeros and shot down six and probably destroyed two more.

No Allied losses were reported.

The fight occurred during a raid by our medium bombers on a large base near Rein Bay. Seven barges and two launches were destroyed and violent explosions followed hits on inland fuel dumps.

Oil Field Port Bombed  
At least nine Japanese barges were destroyed by Allied aircraft and light surface units. Seven were destroyed and three others damaged by medium bombers in sweeps along the coast of New Guinea; four were intercepted by surface units off Kolombangara Island in the Solomons and two were sunk.

The oil field port of Boela, on Dutch New Guinea, was bombed by heavy bombers and hits were scored on oil storage tanks supply dumps and on the airfield, causing seven fires.

### Tomato Canning Recipe Is Given

Miss Helen Childress, assistant home demonstration agent, says that it is very important to "save those tomatoes" and offers the following suggestions for doing so:

Select fresh, firm, red-ripe tomatoes. Put in thin cloth bag or wire basket and dip in boiling water one minute. Then plunge into cold water. Drain, core, peel. Add 1 tsp. salt per quart. Pack tight in jars, and cover with hot tomato juice. Place jars in warm water in water bath. The water should be about 2 inches below the rim of the jar. Steam ten minutes. Remove from water bath, press food down, re-fill if necessary, and seal. Cover jars with two inches of water and process quart and pint jars 25 minutes in water bath.

### Twenty Killed In Plane Crash

BOWLING GREEN, Ky., July 29. (UP)—Rescue arrived today at the wreckage of a big American airplane which crashed and burned last night, killing 20 persons in what appeared to have been a desperate effort by the pilot to make a forced landing during unfavorable weather in remote hill country. Two occupants survived.

OLD GLORY WAVES ON SICILIAN COAST—This U. S. Signal Corps photograph, received by radio, depicts exciting scenes on the beaches when American troops landed from invasion barges on the southern shore of Sicily. Within a few hours the soldiers of Lieut. Gen. George Patton's American 7th Army and their British and Canadian allies firmly established themselves with adequate equipment and pushed aggressively toward the interior of the island.

### More Women For WAVES Being Sought By Navy

DALLAS, Tex., July 29.—A decision to increase the strength of the Women's Reserve, U. S. Naval Reserve, to 91,000 by the end of 1944 was reached tonight on the eve of the first anniversary of that branch of the Naval Service. Present enrollment is 27,000.

The success of the first year's experiment of making trained men available for fleet duty by augmenting the service ashore with Navy women is vouched for by the fact that the current enrollment is almost three times the number anticipated by the navy department when President Roosevelt signed the enabling legislation on July 30, 1942.

Where, a year ago, men formed the entire staff at all Naval shore establishments, today 40,000 women are manning control towers at air fields, serving at the nerve centers of Navy communications, restoring health to the wounded at Naval hospitals, packing the parachutes that will save men's lives—doing many of the jobs ashore formerly handled by male personnel.

The measure of their achievement is contained in a statement from Admiral Ernest J. King, U. S. N., Commander in Chief, U. S. Fleet, and Chief of Naval Operations.

"As Commander in Chief of the United States Navy on your first anniversary in the Naval Reserve. The expectations of the Navy in you have been justified by your hard work and sincere dedication to duty. You who are members of the Women's Reserve have won the respect of the Naval Service by your acceptance of military requirements, readiness for responsibility, and already valuable contribution to the work of winning the war. You will share the gratitude of a nation when victory is ours."

### Boy Scouts Will Collect Grease For Government

At a meeting of Troop 12 Boy Scouts held Wednesday night plans were made to start a campaign for the collection of scrap fat. The drive will get underway Saturday and the women of Range have been urged to save all scrap grease in order that it may be collected and sent to agencies who in turn will sell it to the government.

Anyone having any scrap grease is asked to either leave it at the A. H. Powell Grocery or call 103 and someone will be sent to collect the fat. It was stated that arrangements have been made whereby the grease will be placed in the hands of those who will see that it goes to the war effort.

### BARRICADED IN MILAN FASCISTS FIGHT CROWDS

BERN Switzerland, July 28. (UP)—Fascists armed with automatic rifles, machine guns and hand grenades stood siege in the plant of Benito Mussolini's newspaper Popolo d'Italia in Milan, Wednesday night while troops in armored cars, tanks and in the streets and windows of buildings fired upon them.

Seeking refuge from their death, the Fascists took refuge in the marble building of Popolo d'Italia, taking with them as hostages women and children, seized in their flight, border reports said. Barricaded themselves, the Fascists started firing at the crowd and dropping bombs on them, causing many casualties.

Troops arrived and returned the fire, reports said, and as the crowd dispersed under a hail of bullets armored cars and whippet tanks rumbled to the scene.

Crews of the vehicles aimed their cannon at the building but were ordered to hold the fire of anything but small weapons for fear of killing the women and children.

Trying to placate the crowd, the Fascists threw a prominent Fascist named Bonomi from the top floor, dispatchers said, and the crowd, rushing into the zone of fire, mauled him to death.

Because of the black out soldiers trained powerful searchlights on the Popolo d'Italia building as the night progressed, seeking targets, reports said, and the Fascists responded by putting their women and children hostages in the windows and firing machine guns from positions behind them.

Border reports said the entire situation at Milan was increasingly serious, that all banks were closed and that the new government was rushing cash from Rome to aid in restoring normalcy in Italy's greatest industrial city.

### I-R-D Locating District Office In Eastland

The Federal Internal Revenue Department is establishing district headquarters in Eastland August 1. Offices will be in the Prairie building at the corner of South Seaman and Plummer streets. There will be four men located in the office to begin with. These are Albert Wolf, B. M. Smith, Rush H. Hickman Jr., and James W. Fisher.

The Eastland office will serve Eastland and five additional counties.

### 'Fifty-Fifty' Hit With Men In New Guinea

Somewhere in New Guinea—(UP)—Irving Berlin's "This Is the Army" could not be brought to this combat area and so the Australians and Americans have staged a show of their own, entitled "Fifty-Fifty."

Perhaps "Fifty-Fifty" will never play before such vast audiences as saw "This Is the Army" but any show could not be more popular.

Sgt. Leo N. Herzog (Galveston Tex., New York stage manager and dance director and formerly of "Hellzapoppin," has been one of the reasons for the success of the show.

Herzog has been ably assisted by Sgt. Milton H. Eastarberry Milwaukee, Wis., former of Horace Heidt's orchestra. Others who have contributed include Pvt. Arthur Hitterman, Chicago, Ill., and Sgt. Robert E. Perry, Toledo, O., who combined on the musical arrangements. Sgt. John Horton, Los Angeles, supervises the stage effects and sound.

Mexican singers and guitarists are Pvt. Lodovico Milicla, Austin, Tex., Corp. Rico Martinez, Los Angeles, and Pvt. Louis Grenados, Tipton, Cal., and Negro singers Patsy, Alfred Johnson, Pittsburgh, and George E. Boulton, Chicago.

One of the features of the show is Pvt. George Stephany, Cleveland, who specializes as a female impersonator and a jungle jitter bug.

The show is sponsored by the United States Army Special Services Division and the Australian Army Ammunition Service, with Capt. Jim H. Davidson, former top ranking Australian band leader, as the director.

"Fifty-Fifty" is built entirely of Australian and American fighting troops. It will tour all the combat areas in New Guinea, and probably will do a circuit on the Australian main land.

The entire show was produced within five weeks with the cast working like galley slaves from 7 a. m. until midnight every day.

For the troops it has been a continuous round of chores as an army unit, which meant servicing their own vehicles, cooking and messing, medical and dental parades, dancing and singing classes, dialogue rehearsals and make up parades.

After the show's premiere in this area it was insisted by the audience that "Fifty-Fifty" go on, raid or no raid. The show went on.

### Aerial Attacks are Resumed

LONDON, July 29. (UP)—Allied aerial squadrons resumed attacks in considerable strength against Axis targets in Europe today following up a record-breaking offensive in which British and American bombers dropped some 9,500 tons of explosives in five days and nights.

## GAINS BY AMERICANS AND CANADIANS ARE MADE IN CENTRAL, NORTH ISLAND

### TIRE BOARD DISCONTINUES OPEN MEETINGS

Because of limited personnel and tremendous increase in the volume of work placed upon its members, the Tire Panel of the Eastland County War Price and Rationing Board has announced that effective immediately it will have no more public meetings. All applications should be mailed to the Board, and any further communication with respect to filed applications should be made in writing.

The desire of many applicants to interview the Board has caused a substantial use of tires, now becoming irreplaceable, as well as of gasoline, of which we now apparently face a shortage. In addition to this unnecessary use of tire and gasoline, these personal interviews have consumed a large part of the time given by Board members for consideration of applications. As is well known, all members serve without pay, and must carry on their personal business.

Automobile owners are urged to reduce their driving, regardless of gasoline allowance. Since applications now on file would, if granted at once, consume the entire quota for about five months, it can readily be seen that many applicants simply will not get tires when their present ones cease to run. It is expected to be well along in 1944 before adequate tires are available for essential users. Until such time as more tires are available, only the most essential user as applied to the war effort will be able to secure tires regardless of need.

There must owners must expect to get along on their present tires for at least a year longer. Eastland County War Price and Rationing Board No. 5668.

### Youth's Health Back on 100 to 1 Chance

MODEL PLANE 14 8 0

SALT LAKE CITY, Utah.—(UP)—Gasoline rationing has been the woe of motorists since the inception of the idea, but a Salt Lake service station attendant has found out the motorists are not the only ones bothered by all the gasoline red tape.

Dick Brown, son of Mr. and Mrs. George W. Brown, walked into a service station here recently, pulled out an "E" ration book and demanded a pint of gasoline.

"It's for my gas model airplane," he said. After convincing the bewildered attendant that he was serious about the matter, Dick got his gasoline, he sighed.

"It would be too bad if a gasoline dealer failed to take me seriously after all the trouble I went through to get these coupons."

He explained that the government encourages gas model plane fliers to continue their hobby and allows them an "E" ration book flier must (3 1/2). "3 1/2"—to obtain flying fuel. But the rub comes, said Dick, when the flier must go through the entire ration registration routine when one pint of gasoline lasts him nearly two months.

### Today's Thought

"No change of circumstances can repair a defect in character"—Emerson.

### Italian situation remains clouded as reports come that Fascist leaders are under arrest, prisoners liberated

The Allies turned on the heat in Sicily today, bidding for a quick victory which might be a potent factor in the determination of the New Italian governments war policy. Acting Secretary of War Robert Patterson said in Washington that the Sicilian campaign had entered its final phase and the conquest of the island should be completed in "not more than a matter of days."

Supporting his optimistic report were New American and Canadian gains in Central and North Sicily, as well as Axis accounts of mighty Allied attacks and the evacuation of the key town of Nicosia, road junction in the middle of the island.

The Italian political situation remained clouded. Rome reported that several important fascist leaders had been arrested, all political prisoners had been ordered liberated, and a chamber of deputies would be elected four months after the fighting ends.

Whether Marshal Pietro Badoglio's regime was doing anything to bring about the cessation of hostilities, however, was uncertain. Gen. Dwight D. Eisenhower renewed the Allied call to Italy to throw out the Germans and thus remove what he called the last obstacle to an immediate and honorable peace.

Patterson said, however, that Badoglio's government had made no formal or informal peace overtures to the Allies so far as was known in Washington and the war against his army was being pressed "with all the vigor capable."

Secretary of State Cordell Hull, expressing confidence in Gen. Eisenhower, indicated today that this government expects Italy's surrender to be through military rather than diplomatic channels.

### Texas Baby Chick Association To Meet In Ft. Worth

FORT WORTH, Tex. (UP)—It'll be all chickens for Fort Worth soon.

Chester Hollis, chairman of arrangements, has announced that the twentieth annual convention and training school of the Texas Baby Chick Association will be held at Hotel Texas in Ft. Worth Aug. 24 to 27. Main topic for conversation will be the poultry war problem.

A. H. Demko of Stephenville, secretary-treasurer of the state organization, will attend the National Baby Chick Association convention in Chicago in late July, and plans to secure several speakers for the Fort Worth sessions.

"The problems of the poultry raiser have been increased because of war conditions and the Fort Worth convention will be one of the most important the association has ever held," Demko said.

### Peek Holes Satisfy Employee Curiosity

SPRINGFIELD, Mass. (UP)—What war workers don't see does bother them!

And because of this, the Package Machinery Co. here has provided glass "peek holes" in the air-conditioned greyness assembly and test rooms of the plant, soon going on full production of compasses for the navy.

According to E. Lovell Smith, chief engineer, efficiency is increased and output bettered when workers are able to get an occasional glimpse at what is going on in the plant. The company's "peek holes" are small—only 1-4 by 13 inches—but Smith reports they do eliminate one psychological hazard.

### Farm Security Administration Aids Farmers

Long-term credit at low interest to low-income farmers who cannot get adequate credit anywhere else is not only paying dividends in food but is also a safe risk if payments on loans made by the Farm Security Administration in Eastland County are an indication.

George I. Lane County FSA Supervisor, disclosed today that from the beginning of the FSA program to last April 30, \$1,114,881.98 had been loaned in the form of rehabilitation loans to farm families in Eastland County.

Of that amount, \$613,835.31 has matured, or come due, and \$600,407.71 including 5 per cent interest, has been repaid to the government by these families who were unable to obtain credit from any other source.

More than a third of the nation's increase in milk production last year came from cows fed and milked by FSA borrowers, who number less than half a million, and are less than eight per cent of the nation's farmers. In terms of their own production the years before, increases in war crops produced by FSA families ranged from 20 to 106 per cent, Mr. Lane recalled.

### Communications Are Restored

HOUSTON, Tex. (UP)—Communications were reopened to Texas City today following the tropical hurricane that took at least 14 lives, injured more than 50 and did damage estimated at 10 millions dollars in the straggled Gulf Coast area.

**Boy Scout Summer Camp**  
All scouts and leaders, who were in attendance at the Boy Scout summer camp, Camp Billy Gibbons, near Richland Springs, have returned home. These men and boys are unanimous in saying that it was the best camp they had ever attended. Those in charge proclaimed it the most successful camp, that had been held in years.

The first week of camp began with lunch July 7th at which

time 243 scouts and leaders answered roll call. This camp period closed July 14th with breakfast. At noon the second week group were all accounted for with a total of 165 present. These boys really lived up to the Scout Oath and Laws. Even though there was a very large group, there was no friction, each boy working and playing cheerful and fairly.

Special emphasis this year was placed on water activity, which was under the direction of Garrett A. Nalley, swimming was taught to those who could not swim. A class in life saving was given for the older scouts, as well as instructions in rowing, canoeing and water first aid.

It was an easy matter for the scouts to pass their angling merit badge, since the fish in Bra-

dy creek and the San Saba river were biting to the extent that more fish were caught this year than ever before. Clifford Pouncey, scoutmaster of Brownwood, and Homer Tudor, Field Scout Executive of Las Cruces, N. M. were the teachers of Indian Lore and Indian dances. They were in charge of each campfire ceremony, and were assisted in their work by scoutmaster Lee Tesson of Mullin, during part of the camp period. All new boys were given an opportunity to learn some Indian dances and were taught other phases of Indian lore.

The secret Honorary organization of the council, Ku-Ni-Eh, accepted more members during the camp period this year than in their custom, which indicated that much time and effort was

put forth for the benefit of those being inducted.

The slogan, "Buckle Down, Toughen Up, carry on to Victory" was emphasized in every part of camping activities this year.

The two Sundays that the boys were in camp, religious services were held at 9:45 a. m. Judge E. J. Miller, President of the Comanche Trail Council, was the speaker for the services the first Sunday. Besides the camp group his audience included some 95 visitors. The speaker for the second Sunday service was Bert Low, scoutmaster of Brownwood, who spoke to 126 visitors besides the boys and leaders.

## Lieutenant Will Get His Letter

HOUSTON, Texas, (UP) Lt. Robert E. Turrentine, U.S.N.R., is going to get a letter this-a-a-long.

Hurt because Sheriff Neal Polk failed to answer his last letter, Lieutenant Turrentine, former Harris county commissioner, threatened to quit writing the Sheriff "unless I get a long letter giving me all the news about Houston."

Sheriff Polk showed his answer to newsmen before putting it in the mailbox. It was typewritten on a 22 by 36-inch sheet.

OF THE

## RANGER TIMES

We want the photograph of every man in Eastland County who is in service, either at home or abroad, to appear in this Special edition of the RANGER DAILYTIMES

### Honor Your Man In Service

#### Small Charge For Engraving

The process of making newspaper cuts from photographs is expensive. In most plants a charge of \$2.00 to \$3.00 is made for making these cuts. However, we have a special arrangement with a large engraving firm whereby we can have the cuts made for \$1.25.

So, the only charge we are making is the \$1.25 that it will cost to have the engraving made. We furnish everything else; the paper, ink, etc.

Mail us your photograph today and your check or money order for \$1.25. We'll return the photograph to you in good shape . . . also the engraving if you so desire.

We're proud of our men in service who are now fighting for Uncle Sam. Let's do something to honor them . . . something we can show them when they have returned home. Let's honor them with this Special “Our Men in the Service” edition of the Times.

Send us the photograph of your LOVED one; Father, son, brother, husband, or sweetheart NOW in order that we may have a newspaper cut made immediately. There will be hundreds of photographs published in this edition and you'll certainly want the picture of your “Man or Woman in the Service” published along with the hundreds of others.

The Times is going to publish these pictures without cost. However, there will be a small charge for having the cuts made, but the cuts will be yours. You can either leave them here at our office or keep them in your home after the Special has been published. They can be used again.

MAIL IN YOUR PHOTOGRAPH NOW — DON'T WAIT!

Miss Ferguson and  
Cpl. McFarland Wed

Miss Christine Ferguson, daughter of Mr. and Mrs. E. A. Ferguson and Cpl. Leo L. McFarland, son of Mr. and Mrs. Brooks McFarland of Ft. Worth were united in marriage Wednesday, July 28.

The impressive double ring ceremony was read by Rev. A. F. Thurman, pastor of the Eastland Church of Christ, before an improvised altar at the bride's home Wednesday evening at 10:30 o'clock.

The bride was attired in Navy and white with matching accessories. She is a native of Ranger and a graduate of the Colony High School.

The groom is a graduate of the Crescent Schools, and is in the Army Air Corps.

Those present for the wedding were Mr. and Mrs. E. A. Ferguson, Mrs. Brooks McFarland of Ft. Worth, Mrs. C. D. Childress of Weatherford, Mrs. Jack O. Shields, Mr. and Mrs. T. M. Campbell of Ranger.

After a brief wedding trip Mrs. McFarland will return to Ft. Worth, where she is employed, and Mr. McFarland will go to Drew Field, Florida, where he is stationed.

Mrs. Cox Honored  
By Mrs. Burnett

Mrs. N. P. Burnett of Houston entertained at her home Friday, July 23 at 8 o'clock in the evening with a gift shower honoring Mrs. James Cox, the former Miss Gearline Lingle until her recent marriage.

Games of skill and contest were enjoyed by the guests, and at the close of the evening ice cold watermelon was served to about 40 guests.

Miss Lingle And  
Pfc. Cox are Wed

Mr. and Mrs. L. B. Lingle of Houston, formerly of Ranger, announce the wedding of their daughter, Miss Gearline Lingle, to Pfc. James Cox, son of Mr. and Mrs. W. O. Cox of Ranger. The wedding ceremony was read in Houston, and Pfc. Cox is now stationed at Gulfport, Mississippi.

## Personals

Mrs. Oscar Stiffler, who is a medical patient in the West Texas Hospital, is reported to be resting well.

Mrs. M. Hulsey of Olden was the guest of Ranger friends Wednesday.

Mrs. David Lawson and daughter, Mary Lou of Big Lake are the guests this week of Mr. and Mrs. Harlin Phillips and Mrs. Scott Lawson.

Miss Nora McDaniels of Gordon visited friends in Ranger Wednesday.

Mr. and Mrs. Francis Fengler, who have been the guests of Mr. and Mrs. George Fengler, will return to their home in Dallas today.

## Worn Out? No Pep?

Try medicinal Iron plus Vitamin B.

People have often been positively drained at what a little peping up with Vitamins B and Iron could do for them. Their worn-out, apathetic condition was due to a lack of the medicinal Iron plus Vitamin B. This is the only medicine that pepes you up. It pepes you up by giving you the pep you need. It pepes you up by giving you the pep you need. It pepes you up by giving you the pep you need.

## BUY WAR BONDS AND STAMPS

THIS month, all the people in your Penney store have banded together in a spirit of patriotism and teamwork to sell War Bonds for Uncle Sam.

From the Fourth of July right through the month, War Bonds will be the featured merchandise at Penney's.

We hope you'll take advantage of this campaign. By buying bonds, you'll help to shorten the war—help to bring your boys and ours home sooner.

And you'll own the soundest securities anyone anywhere can own! For every \$3 you invest in them now, your government will pay you back \$4 at the end of 10 years.

And your investment cannot possibly decrease in value!

We are confident that the July campaign for War Bonds at Penney's will rank with the most productive this town has ever held.

So buy your bonds from the workers at the J. C. Penney store. They're your townspeople and your friends and your neighbors—help them to help Uncle Sam.

WHAT YOU SAVE AT PENNEYS... SPEND WITH UNCLE SAM!
