Buddy Hill Shows Grand Champion At Stock Show

The Castro County Fat Stock Show held in Dimmitt last Saturday was well attended and everyone in the county should be proud of the fine job of feeding the boys have done and the good quality of cattle they have produced.

Buddy Hill Shows Grand Champion
The steer owned by Buddy Hill of Hart was declared Grand Champion at the Castro County 4-H Club Fat Stock Show. This steer weighed 1250 pounds and was an excellent steer in every respect, declared Mr. Homer Brumley of Hereford, who judged the show.

Food Stores of Dallas purchased the calves, paying \$17.50 per cwt for 40, and \$17.40 for 20. The calves brought \$11,520.58 which is the highest price ever paid for 60 fat steers in the history of Castro county. The Grand Champion calf brought 20 cents per pound and was also purchased by the A. & P. Food Stores.

War Department Approves Flag

Use of the veterans honorable discharge emblem on the World War II Employment Flag (shown above) has been approved by the War Department. Similar to the Service Flag showing the number of former employees in the armed forces, the Employment Flag designates the number of returned World War II veterans being employed. Display of an Employment Flag was originally proposed last year by the Disabled American Veterans, and since that time DAV Chapters throughout the nation have been urging industry to display the new Employment Flag. The emblem is gold on a white background, edged in blue.

Castro County Over-All Quota For 7th Given

Mr. Percy Estes, Drive Chairman of the Castro County War Finance Committee, was informed this week by the State Chairman that the Over-All quota for the county in the "Mighty Seventh" had been set at \$135,000. The Seventh War Loan, termed the "Mighty Seventh" is the largest money raising drive ever undertaken in the history of the world, and will begin Monday, May 14, and continue through July 7.

The letter from the State Chairman announcing the over-all Castro county quota, in part, stated that "Even with the success of our Armies in Europe the country's need for money remains extremely high; and the Pacific war will be costly and probably long. Since there will only be two War Loan Drives this year we must exert every effort on sales to individuals, particularly E Bonds. Those communities in which War Bonds are widely held will be the best fortified in the post war adjustment period."

Highway Work Sought At Austin By Local Court

The Castro County Commissioners Court, Judge Gene Ivey, Commissioners T. R. Davis, Andy Thompson, John Stork and J. O. Ayers with County Attorney Swain Burkett, went to Austin Saturday to meet with the State Highway Department. The Court submitted a proposal for the topping of Highway 86 from Dimmitt west to the County-line. Although this is a designated highway with drainage and road bed sufficient for paving it has never been approved by the Highway Department for hard surface. The Commissioners returned home Tuesday.

Letters From Our Readers

Somewhere in Italy, April, 18
Castro County News,
Dear Editor:
I wish to thank you very much for your paper which I have been receiving for my three year time in the service. I have been overseas two years and the paper has been coming regularly. It helps a lot to know what everyone is doing back home. I will certainly be proud to get back in the good old U. S. A. I was with A. F. H. Q. until recently. And I have been reassigned to another unit. I'm a truck driver and I've seen a lot of foreign country. Enough for my part. It will be swell when this war is over and everyone can be home again. Thanks again for the paper. I was at Flagg until entering the Army.
Yours truly,
Loran Thomas

President Grets the "Big Four"

WASHINGTON, D. C.—Soundphoto—President Harry S. Truman greets the "big four" from Capitol Hill for the first time since taking office. Left to right: Sen. President Truman is seated.

Narcotics And Cash Stolen From Castro Drug Store

Burglars entered the Castro Drug Store Tuesday night, by removing the glass from the back door of the store building, and forced open the door to a locked cabinet type safe, to steal the store's stock of narcotics and about \$200.00 in currency. Mr. Stub Jones, proprietor, was unable to make an accurate estimate of the stolen narcotics as he had not recently checked the stock. The thieves were evidently in a hurry as they failed to take several dollars in silver and several packs of cigarettes that were in the safe. No arrests, as yet, have been made in connection with the robbery.
An effort was made by burglars the same night the drug store was robbed, to enter the Conoco Service Station evidenced by a knife blade broken off in the lock on the door.

Castro County Shipped 2,046 Lbs. Of Clothing Mon.

Baccalaureate services will be conducted Sunday for seventeen members of the graduating class of the Dimmitt High School, beginning at 11:00 A. M. in the High School auditorium. Due to the change made in grades with the advent of the twelve grade system, and possibly some students lost to the armed services, the graduating class this year is considerably smaller than the average, in numbers, for the local school.
Rev. Ural S. Sherrill, pastor of the Dimmitt Methodist Church will preach the baccalaureate sermon. Following is the tentative program for the services as announced by the class sponsor, Mr. J. O. Strother:
Processional—Mrs. Wood

Allies in Squeeze Play in Europe

NEW YORK—Soundphoto—Allies in Europe tighten their vise to strangle Nazi war power. Observers see the southern portion being pressed into form as a giant new pocket of which the core is Berchtesgaden "A" in the Alps. Yank army "1" driving southward may be met by Reds "2" ascending the Danube, and Allied armies in Italy "3" would seem to aid their offensive toward the same area. Meanwhile, Americans in the north "4" close nearer the oncoming Russians "5" for the apparently imminent contact that would close the vise and choke off the south pocket.

Hart Play Wins 3rd In Regional Meet

The "Patched Coat" a forty minute one-act play, produced at Cannon in the regional meet Tuesday, April 24 won third place. Considering the "steep competition" this year the students and community were proud of its cast and its director.
Entering the contest were: Amarillo, Floydada, Wilson, Sudan, Lubbock Canadian and Hart. All were much larger schools than Hart.
Other events entered were: Lavelle Conrad, senior declaimer, and Dean Phillips, grade school declaimer.
Students in the "Patched Coat" were: Sue Austin, Lucy Martin, Bonnie Hill, Earline Goodman, Polly Smitherman, Jack Godfrey, Dean Sanders, Gus Hawkins and Billy Phillips.
The "Patched Coat" was under the direction of Mrs. Raymond Powell, speech teacher in Hart. Mrs. Powell has directed many outstanding plays and programs since her teaching in Hart.

The game with the Exes Friday afternoon will mark the end of a very successful training period for the Bobcats. Much improvement has been noted in the general performance of the individual boys, with new talent uncovered in some instances.

Joe Harrison, who is performing from the fullback position, has developed into one of the finest passers in the history of Bobcat football. Bob Mooney, Thomas Harrison and Bill Stephenson have each shown improvement to give the backfield speed, power and deception. Charles Henry Howell, who played tackle and half-back last season has developed into a fine pass receiving end, as has Charles Wilder who pairs with him to give the local eleven the most likely pair of terminals in several seasons. With Charles Frye and Lloyd Lust very adequately holding down the center position, the question mark as far as a district contender is the strength of the guards and tackles. Bascom Nelson, who has been switched from guard to tackle, seems to be slightly ahead of seven or eight other husky lads fighting it out for these four positions. At the present time, Jackie Brannan and Oren Eubanks are being given the nod for guard posts with Bascom Nelson and Jimmie Sparkman at the tackle slots.
Ivan Koehn, Elbert Smith and Harold Johnston are up and coming guards; Edward Smithson is rapidly developing into a fine tackle; and Norton Barron and Carl Jowell appear to be first rate ends. Other boys who are showing unusual promise are: Earl Greathouse, Royce Dowell, Lonnie Rice, Jack Ziegler, Junior Fuller and Billy Welch, backs; Dub Parks, Tom Barron, James Autry, ends; Herbert Howell, tackle; and Leland Lee, guard.

Postwar Kitchen Remodeling Will Save Home-Maker Steps

Ideas adaptable to many postwar homes are shown in above Story County, Iowa, farm kitchen. Mrs. John Holst pops a pan of bread into electric range oven, while daughter, Mrs. Alvin Bowker, works comfortably at sink. The Eolists remodeled their kitchen just before the war.

IN REMODELING a farm kitchen for efficiency and step-saving, there are three work centers to be placed—storage, preparation and cleaning, cooking and serving, according to Marjorie Griffin, Home Editor of Capper's Farmer.
"Sometimes a fourth—planning—is included," she writes in the Rural Home department of the nationally-circulated farm magazine. "The ideal working order is left to right."
"The refrigerator, with adjacent cabinet, is the pivot of the storage center. This is advisedly placed near the back door in order that perishable foods can be put away as brought in, without crossing the room several times. The sink should be about middle way between the refrigerator and range. It is used while preparing food as well as when washing dishes. The range has advantages located near the eating nook or dining room."
No kitchen plan can meet the needs of all farm families, Miss Griffin points out. The type of farming, size of family, extra help, climate, personal habits, likes and dislikes make it necessary to vary the arrangements. In remodeling, size of rooms, structure of house, thickness of walls, number of openings and lighting will also cause variations. Basic kitchen arrangements for farm homes are in three patterns: U-shaped, L-shaped and corridor type. The U-shaped type often is seen in a medium or small room; the L-shaped plan is practical in a large kitchen; corridor arrangement fits into narrow, larger space, she says.

GROW MORE FOOD AT HOME

"Grow More Food At Home" is the name of a very timely article on home gardens by Judge Martin Jones, War Food Administrator in one of the latest issues of the "Country Gentleman". In part, Jones says:

"The farm garden is one of the most important cogs in the food-production machine. Each of our war years farmers not only have made new all-time records in food production for the nation, but more and more of them have done a better job of producing food for their families. Last year almost 90 per cent of all farms had gardens. This year we want to beat that mark.

For many years the Extension Service has had this goal: "A garden on every farm, and every farm garden a good one." To meet this specification a garden should provide fresh vegetables throughout the growing season, with a surplus for canning, freezing, and drying for the winter."

Continuing, Mr. Jones said "Did you ever stop to think how many ways a home garden can help a nation at war? It will supply the fresh vegetables that you need for good nutrition in your family, and that's of first importance, but more than that, it will relieve the burden on wartime transportation, especially when combined with a sound plan for home food preservation. It will help relieve the problem of labor for canning plants. When farm families take care of their own needs for vegetables, they also help the rest of the people by leaving commercial supplies for those who can't grow their own. We are asking every family who has suitable space to grow a garden this year, and preserve for home use as much food as possible.

"Again we are asking for all out production," said Judge Jones. "Food production will be just as important to the war as it was in 1944."

What is done in the counties will determine whether or not state and national goals will be reached. It

Fresh Pineapple Market Soon

Fresh pineapple soon will be on the market, and since canned pineapple on grocers' shelves require tolls in blue ration points, many Texas homemakers are expected to can pineapple at home this year.

Sugar Loaf and Smooth Cayenne, varieties imported into Texas from Mexico, seem to be the best for canning, in the opinion of Mrs. Winifred J. Leverenz, food preservation specialist for the A. and M. Extension Service. She suggests selecting ripe fruit, since if pineapple is sun ripened it has more flavor and contains more fruit sugar. Ripe pineapple can be distinguished since it is orange colored, and the spines can readily be pulled out.

Unripe fruit not only is lacking in flavor, but it sometimes is irritating to the lining of the stomach, the specialist explains. She suggests that if fruit has been gathered before it is ripe, it should be wrapped in thick paper and kept for a few days, preferably at a temperature between 65 and 75 degrees F. Soft, over-ripe fruit should be avoided, since it results in waste, and the cost of canning it is higher.

Pineapple canned in plain tin cans has a better flavor and color than when canned in enameled cans or glass jars. Recipes for canning pineapple or pineapple juice are available from county home demonstration agents. They also can supply directions for candied pineapple to be used in fruit cake. Mrs. Leverenz cautions that individuals should stay within the five pounds of sugar allotted for making jellies, jams, and preserves, so canning or freezing pineapple seems preferable.

Pineapple to be frozen is prepared as for canning and packed into air-tight moisture proof containers. It should be covered with syrup made by dissolving one-half to three-fourths of a cup of sugar to one cup of hot water. The syrup should be added when it has cooled, then the container should be sealed and quick frozen as quickly as possible. Experience of users of the local freezer locker has proved that pineapple is quite satisfactory if put in the containers "dry", that is, sprinkling the sliced cubed, or crushed pineapple with sugar instead of making a syrup, and then following the same procedure as in the other method.

NAZARETH

May Crowning Takes Place

The annual parish May Crowning took place on Sunday evening, April 29, with all its customary beauty, color, and formality.

Rita Birkenfeld, prefect of the Children of Mary Sodality and a junior in high school, acted as court queen to place the crown on the head of the Blessed Virgin. Her court was composed of Ethel Klemm and Myrtle Acker acting as attendants, Dora Birkenfeld as mistress of ceremonies, Ellen Acker and Julia Birkenfeld as attendants to the mistress of ceremonies, Tommy Acker and Johnnie Dalton as Queen's pages, Hubert Backus as train bearer, and Agnes Klemm as crown bearer.

The queens of past years formed a court of dutchesses. The first dutchess was Ruth Ann Fehr and her attendants were Stella Guggermos and Martina Heck. Her pages were Dickey Hoelting and Cyril Brockman. The second dutchess was Bernice Acker. Her attendants were Mary Szydloski and Bobbie Hafernic. Florence Stork was third Dutchess with Jack Acker and Joe Drerup as her pages.

The entire group marched from school to the rectory where they met the court. The procession was led by the cross bearer, Walter Kern. He was followed by the servers, a group of little flower boys and girls which was led by Dolores Stork and Narita Schulte dressed as angels, the school children, the Children of Mary in formal, and the court. Anthony Acker carried the banner of the Children of Mary.

A group of 4-H Club boys attended both the Castro County Stock Show on April 28 and the Plainview show on April 27. Those entering stock at these shows were Anthony, Davis and Dennis Acker, Floyd, Kenneth and Jack Acker, Alphonse and Harold Klemm and Marion and Cecil Hoelting. The boys received several prizes on the stock and received good prices for what they sold.

4-H Meeting Held
The regular 4-H meetings were held Wednesday afternoon, April 25. Etta Mae Heiman presided at the junior meeting. During the business discussions it was decided to have the regular summer meetings.

In the girls' division of the senior meetings Miss Petty showed the members several purses. She gave pattern for making them. The volunteer demonstrators for future work were Myrtle Acker and Regna Brockman for garden demonstrations and Ellen Acker for the clothes department.

In the senior meeting of the boys Carldeen Klemm presided. Bernard Klemm led the group in games. The meeting closed with a quiz by Mr. May on hogs, cattle and hens.

P. T. A. Meeting Held
The Nazareth P. T. A. met for their regular meeting on Friday, April 27, at 8:30. The meeting was presided over by the president, Mrs. Frank Annen. Reports were given by the different committees and then the election of officers was held. Mrs. Tom Annen was elected president, Mrs. John Stork vice president, Mrs. Ed Drerup secretary, and Mrs. Florence Albracht treasurer. A very interesting paper was read by Mrs. Ray Annen on "Health for Democracy's Children." Sr. Victoria's fifth and sixth grades entertained the members with a basketball game. The teams were the Reds and the Blues. The members put their bets on either side. The Reds won, so those betting on their side were treated to boxes of peanuts by those who had bet on the losing Blues. The meeting closed with the serving of refreshments by these same grades. The next meeting will be held May 25.

The seniors surprised the juniors of the high school with a party of games and refreshments on Tuesday, May 1. The party was in honor of one of the seniors, Leonard Wilhelm, who had to go to Oklahoma City Wednesday May 2, in order to take his service physical.
