Barry said dryly. "The problem That's their strength. But I'm

"It's a matter of simple business. Allison touched he Look. I'll make a bargain with you. My business is on the confidential side. But I'll tell you about it if you'll forget this crazy adventure of yours and take a plane home from Santiago tonight."

Allison touched her cigaret to the rail and watched the sparks float down towards the dark swells of water. She murmured, "Brother, you're talking strong stuff."

consider going home."

accepted it as oath. He told her his business with casual speed.

"I suppose," she said faintly,
"I's an apology, not a kiss you're gaiting for."

Barry chickled in spite of him-left fare. The Guatemala highlands are one of the all too few sources.

"And the second?"

"And the second?" rid. He lit his own cigaret lei-rrely and flicked out the match. And on the Guatemala highlands

"Catch," laughed the girl. Then she stared at him a run minute, she frowned. "But why the history books? Need you get so chummy with them just to work a few mines?"

"Catch," laughed the girl. Then she stared at him a run minute, horror deepening in her eyes. "But then—you're in danger!" she cried. "Why didn't you stop me tonight? All of us shouting those affects of the run and the stared at him a run minute.

few mines?"
"There's the rub," admitted Quiche words!"
"We don't work the mines."
He laughed shortly. "Nonnouetted mountains of Cuba are. The Indians bring their was probably bitten by a snake. Or delayed somewhere. You see,

He said, "I think you'd better consider. I'm telling you, a luatemala chicle plantation is no lace for you."

"It's a hell of a deal," Barry said irritably. "When we need that quicksilver the way we do and we're willing to pay plenty for it—"

books. . . . As it is, you fascinate me almost as much as Guatemala. chase yourself," she said triun
"Wait a minute!" she whispered, and ran after him. She rounded the forecastle 10 feet behind him

"Or whether," Allison mused on imperturbably, "you fascinate me because you're so aloof and mysterious. Why under heaven would you be so intent on histories of the Quiche Indians? If you were an archeologist, or a professor, or even a student. But you're a mining engineer!"

"THERE'S no mystery about it,"
Barry exploded impatiently.

That's their strength. But I'm going to ask them to help us."

"Because the allies are fighting for the same thing they've struggled to hold for centuries. Freedom. Independence. We're their blood brothers in those respects. I'm going to try to make them see that. I have a féeling they might open up at least a couple of their mines for rapid exploitation in such a cause."

Allison touched her cigaret to

"If you'll tell me," Allison said BARRY laughed, regretting now eathlessly, "I promise ang-froid. She dug a hand into lightly to cover his previous out-There was a new note of seri-ousness in her voice and Barry accepted it as oath. He told her fering them more money. That
