Through the daring and perfection of our armed forces, the seas surrounding Toffee producing areas have been swept clean of Axis U-boats. Thus it is possible once again to enjoy unrestricted use of the world's most delicious beverage.

'Admiration's traditional freshness isn't accidental. Thermalo-Roasting retains flavor, aroma and richness. Scientifically designed Admiration containers then seal in and preserve all this goodness-until you're ready to release it into your cup.

HOW TO SAVE SHIRT MONEY AND BUY MORE WAR BONDS

You can save shirt money by making your present shirts last longer. Follow these 8 conservation tips, and you'll have more money to lend Uncle Sam!

- 1 Before laundering, turn shirt collars up. This reduces rubbing along top edge.
- 2 Soak badly soiled shirts overnight in light soap solution. This eliminates heavy scrubbing. Give shirts three hot rinses.
- 3 Use very little starch and bleaching. No starch for non-wilt collars; no bleaching for colored shirts.
- 4 If you're a needle expert, turn a collar when it frays.
- 5 Give extra-long sleeves a tuck. This saves cuffs from
- 6 Clip the edges off frayed cuffs and stitch edge again. Look for the "Sanforized" label when buying a
- new shirt. "Sanforized"-labeled shirts won't shrink
- 8 Save buttons and usable material on shirts you are
