## Bond vote on tap Saturday

All Dimmitt residents who are registered voters are eligible to cast ballots Saturday in a \$50,000 city bond election to provide funds "for necessary street repairs, maintenance equipment and street construction."

**YOU DON'T** have to be a property tax payer to vote. However, because of conflicting state and federal rulings on bond elections, city election officers must use two boxes — one for property taxpayers and one for non-taxpayers. If the election falls to carry in either box, the issue is defeated.

The polls will be open at the city hall from 8 a.m. to 7 p.m. Saturday.

The city is asking the voters' approval to issue \$50,000 in municipal tax bonds to be paid off by 1978, to provide immediate funds for necessary street maintenance and equipment.

According to the engineer's estimate, \$39,000 is needed now for street maintenance and repair, City Manager E. B. Noble said. The balance of the money is earmarked for a new street sweeper and for cost-sharing funds for city paving.

The seven-year municipal bonds would be repaid with ad valorem tax funds.

However, Noble said no property tax hike would be needed to pay off the bonds. Dimmitt's sales-tax income — which is just starting to ring in the city's coffers — is expected to free enough ad-valorem tax money to pay off the bond issue without an increase necessary in ad valorem taxes.

**"WE won't have any trouble** paying off the bonds because of our new sales tax income," Noble said. "But we really need to start the city sales tax a year earlier. We simply are running out of money for street work and have reached the point where we need to borrow money or raise some streets."

Noble said the city commission **(See BOND VOTE, Page 10)**

### Reviewing the year

## Industrial growth was biggest news of 1970

**JAN. 1**  
The total moisture for 1969 reached 20.64 inches in Dimmitt, and the year ended with the town covered by a blanket of snow.

Dates to remember for the 1970 voting year were announced. They included deadlines for voter registration, party primary elections, and the general election day.

**JAN. 8**

Weather again made the headlines as the mercury fell to zero for the first time in four years.

The extremely strong cold front which brought the low temperatures also brought a small blizzard, and sent the chill index to 25 degrees below zero.

Judge Raymond E. Wilson, Zonell Maples, Dale Wilders, Mrs. Florence Leisen and Al Maurer all announced that they would seek re-election for their respective offices.

The "Conservative Farmer of the Year" title was awarded to Ed Ramaekers, 42-year-old Nazareth farmer, by the Running Water Conservation District.

**JAN. 15**  
A steam boiler at Elcor Chemical Corp.'s ammonia plant launched itself and traveled approximately 80 yards through the air before landing in a soybean field owned by Ray Robertson. It was an auxiliary boiler to the plant, and since no one was injured in the blast, damage was considered minor.

Randy Schumacher, 160-pound senior guard, was named to the Class AA all-state second team by the Texas Sports Writers' Association.

**JAN. 22**  
Woolly George and Val Barre died of suffocation when they were buried by grain in a storage bin at Bruegel & Sons Elevator Co., Inc. The accident occurred while the two men were trying to clear an obstruction inside the elevator bin.

Charles Heck Jr. of Nazareth, was awarded the county's "Outstanding Young Farmer" title by the Dimmitt Jaycees.

**JAN. 29**  
Glen DuBose, industrial arts teacher at Dimmitt High School, was awarded the "Outstanding Young Educator" title by the Dimmitt Jaycees. Elvon DeVaney of Dimmitt was named "Outstanding Young Man" at the Jaycees awards banquet.

Voters were urged to register, and were reminded that political races on tap included US senator, state senator and congressman, governor and lieutenant governor, as well as state judges, state agency heads, and local officials.

**FEB. 5**  
Should Dimmitt have a city sales tax? City commissioners have called an election on the issue for the first Saturday in April, due to rising costs of equipment and materials necessary for providing city services.

A total of 3,540 voters registered to vote in 1969. This is a new record for a non-presidential election year in Castro County.

**FEB. 12**  
A Texas Highway Dept. employee was killed, a Hereford boy was injured and three cars were smashed up in three separate accidents during the week along the construction section of US 38 north of Dimmitt. A 9-year-old Hereford boy, son of Alexander Johnson, received injuries from

### 1970 runner-up for driest year

1970 has gone into the weather books as the second driest year ever recorded here.

DIMMITT received only 8.81 inches during the year, according to US Weather Bureau Observer Howard Cook. This was 7.91 inches below the 50-year average of 16.73 inches.

Rain-fall totals recorded since 1920 by Edwin "Goose" Ramey show that the only other year with less moisture than 1970 was 1956, when the 12-month total was 8.25 inches.

The dry year of 1970 came on the heels of a relatively soggy 1969, when Dimmitt received 21.25 inches of moisture.

### Last rites held for Mr. Reed '96

Henry Lee Reed, 96, a long-time resident of the Hart area, died at 7 p.m. Sunday in the Heritage Home in Plainview, where he had been a resident off the past year.

**FUNERAL services** were held at 2:30 p.m. Tuesday in Lemons Memorial Chapel in Plainview, with Rev. C. T. Cunningham, pastor of the First Baptist Church of Hart, officiating. Burial was in the Hart Cemetery, under the direction of Lemons Funeral Home.

Mr. Reed was born Oct. 12, 1874, in Ellis County. He moved to Plainview from Brownfield in 1925, then moved to Hart in 1934. He moved back to Plainview in 1944 and returned to Hart in 1965. He was a retired farmer.

He was married to Morta Alma Sparkman on June 10, 1910, in Blum, Texas.

He was a member of the Primitive Baptist Church.

about dimmitt and castro county  
by b. m. n.

If I had any idea that I would have the will power, stamina and energy to produce this column with any regularity during the coming year, I would start a little feature headed, "I Remember." It would be short and something like this:

**I Remember:**  
On one of the many occasions that my Dad let me go to the gin with him on a bale of cotton, I remember the time when we were within a few hundred yards of the gin when we saw another farmer approaching the gin on another road. He saw us at about the same time and the race started. The point was that the first cotton to reach the gin, would be the first under the sucker. That contest couldn't be any stretch of the imagination be classed a chariot race. But when you are still young enough to believe that your dad is the biggest and smartest man in the world, and that that guy coming down the other road is a rascal trying to beat you to the gin, you are taking part in high adventure. I don't remember who won the race but I will never forget the smile or my dad's face as he urged that team of mules to go for the bomb. I do remember that both men were laughing and it is possible that they ended up at the nineteenth hole. All sport doesn't have to be on the gridiron or the golf links.

Four privileged commentators were given the opportunity Monday night to question the President. They asked the questions that you would expect them to ask and the answers were about as expected.

Seemed to me that when the questions weren't exactly to his liking the President would slide around the issue by again pointing to the fact that the Vietnam war was being wound down. This same answer was given to a number of unrelated questions. We had had hopes that he would never give cause for the title of Tricky Dick to be hung on him again, but now I am afraid our hopes along that line were in vain.

Well before the interview was over the president apparently believed that none of his detractors were going to bring up the subject of his appointment of John Connally as the Secretary of the

### Construction hits \$744,755

Dimmitt's construction in 1970 totaled an official \$744,755.

**HOWEVER, the official total** doesn't come close to the actual construction figure for the Dimmitt area during the year, since it doesn't include the big Western Ammonia plant expansion or the continuing construction on the Dimmitt Wheat Growers corn milling plant or the First Baptist Church.

The Western Ammonia plant expansion required no city building permit since it is outside the limits. The huge corn-mill and Baptist Church projects were included in the total for the banner year of 1968, when their permits were issued.

But despite being dwarfed by these big projects, the official 1970 figure was a healthy one by itself. It included \$259,575 in residential construction and \$485,180 in commercial building.

**LARGEST single project** for which a building permit was issued during the year was the courthouse annex, a \$415,680 project which is just getting underway.

Significantly, 15 new homes were built or started in Dimmitt during the year, despite unfavorable interest rates on mortgage loans. The loans for all but two of the 15 new homes were processed through the Farmers Home Administration.

**HERE ARE the monthly construction figures** inside the city, according to city building permit records:

January: \$4,000 residential (remodeling) and \$5,000 commercial (Perry's remodeling).  
February: \$125 (church remodeling).  
March: \$3,800 residential (one)

## Bobcats win Caprock Tournament

Dimmitt's Bobcats turned back the ambitious Ralls Jackrabbits 2-0 last Wednesday night to capture the small-schools division championship of the big Caprock Holiday Tournament in Lubbock.

**FOR THE Bobcats, the championship** was a major prize in a tournament that featured eight of the top Class A and AA quintets in the Panhandle-Plains area. It was the third Caprock championship for Coach Kenneth Cleveland, who has guided seven Dimmitt teams into the tourney's finals since 1962.

Dimmitt was the only co-favorite to survive the rugged tournament schedule. The expected confrontation with the favored Morton Indians didn't come off.

Although the Indians defeated highly ranked Lubbock Christian High by three points in the first round — in what many scribes considered to be the "little championship game" — Ralls stunned the tired Indians in the second round with a two-point upset Tuesday. Morton finished in third place and Lubbock Christian won the consolation title.

**THE Bobcats had their hands** full with the tall Jackrabbits Wednesday night, but controlled the game all the way as Kent Bradford sank 24 points, Max Newman

**(See BOBCATS WIN, Page 10)**

23 and Mark Wohlgenuth 12 to keep the Cats in the lead throughout.

The Bobcats took a 19-14 lead in the first period and the teams matched baskets in the second quarter, with Dimmitt holding a 38-34 lead at halftime.

The Bobcats sailed away the championship in the third quarter with a 24-point spurge while leading the Jackrabbits to 15. Going into the final period, Dimmitt led 62-49.

But Ralls was a fast-finishing team — as Morton had learned the day before — so the Bobcats couldn't afford to relax during the fourth. Although the Jackrabbits outscored Dimmitt in the final period, 15-12, the Bobcats combined some dazzling steals with a slowed-down offensive probe to maintain control and capture the tourney crown.

For just the third time this season, Cleveland used only his first five starters in the championship bout — Bradford, Newman, Wohlgenuth, front man Darryl Ebeling and playmaker Kenny Doss.

**IN THE opening game Dec. 28** it was a different story. Every Dimmitt squadman saw action as the Bobcats won an easy 72-51 victory over Meadow. Bradford racked up his highest single-game

**(See BOBCATS WIN, Page 10)**

total of the tourney in this game, 31 points, while Newman sank 19 and Wohlgenuth 10.

The second round was the one that produced the surprises. Stars crossed at the wrong time for several big teams in the tournament as Ralls came from behind to trip Morton, Dumas overcame a point deficit to topple Lubbock Estacado in the large-school division — and Shallowater almost turned the tables on the Bobcats.

Dimmitt led Shallowater by 12 points at the end of the first quarter, held a 15-point advantage at halftime and maintained a 13-point lead going into the final frame. But untimely fouls almost cost the Bobcats the game as

Shallowater closed the gap to a nerve-wracking three points before the final buzzer.

**The Bobcats' offensive thrust** was slowed as two of their big guns got into foul trouble in the second half. Newman fouled out in the third and Bradford picked up his fourth foul midway in the same period. He successfully carried through to the finish but had to play a backaway game under the hoop to do it. The Bobcats sank only seven points in the final frame while giving up 15 to the hard-charging Shallowater quintet, but Dimmitt emerged with a 60-57 victory and a ticket to the championship

### 'Most Valuable' tourney honors go to pair of Dimmitt seniors

A pair of Dimmitt seniors won "Most Valuable Player" honors in two basketball tournaments during the past week.

**KENT BRADFORD, 6-4 post forward** for the Bobcats, was named the Most Valuable Player of 100 or more boys taking part in the big Caprock Holiday Tournament in Lubbock last week.

Bradford scored 79 points in three games to lead the Bobcats to the championship of the small schools division of the big Lubbock tournament, with victories over Meadow, Shallowater and Ralls.

The senior forward, son of Mr. and Mrs. James Bradford, rang up 31 points against Meadow in the tip-off game, scored 24 against Shallowater in the semifinal bout, and netted 24 in the championship game against Ralls.

A teammate, senior forward

Mark Wohlgenuth, was named to the all-tournament team.

**IN THE Farwell Invitational Tournament** over the New Year's weekend, LeeAnn Merritt of Dimmitt was named the "Most Valuable Guard" in the six-team event.

Miss Merritt, a senior, was credited with 10 steals and seven rebounds in three games, while guarding the main forward on each opposing team.

The Bobbies defeated Olton in the first round, lost to Farwell in an overtime thriller in the second game, then defeated Sudan Saturday to finish with a 2-1 record and the championship of the closely fought round-robin tournament.

Miss Merritt is the daughter of Mr. and Mrs. Glenn Merritt.

Another Bobbie, senior forward Cynthia Henderson, was named to the all-tournament team.

On New Years Eve Connie Ivey was the birthday girl so the Dinner Club with Mr. and Mrs. Elmer Youts as hosts went to dinner at a Mexican place in Clovis, then back to the Youtses for dessert. The bunch stayed until 12 for the blackeyed peas and corn bread for luck. Guests were Irene Carpenter and Billie Weston, Mr. and Mrs. Morgan Dennis, Mr. and Mrs. Ivor Bagwell, Mr. and Mrs. Noel Gollehon, Mr. and Mrs. Jim Hays and Gene Ivey.

Richard and Karen Wood of Monte Vista, Colo., visited the Noel Gollehons enroute to Lubbock to see the basketball tournament. Richard is a coach at Monte Vista and is Noel's nephew.

**★ JOHN AND Mitzie Etheridge** of Lubbock visited with Truman and Ann Touchstone New Years Day. They say they watched football games all day. That was also the program at our house. Mitzie is a sister to Ed Wilson. They visited the Wilsons also.

Our granddaughter Beth, the daughter of Ted and Dorothy, and Rick Wallace of Tulia were married Tuesday of last week in a very pretty ceremony with Jim Pickens, pastor of the Methodist Church officiating, Kathy Graham Pulley, cousin of the bride, was soloist with Robert Froehner at the organ. The girls were so pretty in blue velvet dresses. The bride's dress was of white chiffon velvet, made by her mother. Approximately 300 people came and stayed for the reception. Many Wallaces came over from Tulia, Fort Worth and Wheeler. The

Redmons, and Editor H. M. Baggarly were here too. After the reception, Mr. Baggarly and several others went to Editor B. M. Nelsons for coffee and conversation.

Another group went to the Russel Morans for a surprise coffee to wish the Morans the best for being married for 25 years. Pat Moran, who teaches school in Virginia and Scott Moran of Waco were home.

I saw Mary and John Hays from Baylor and Mrs. Mattie Gregory from near Sweetwater, a longtime friend was there with Pearl Sheffy. She is related to Jack and his mother Mrs. A. A. Gregory. Dozens of Sheffys were there from all around.

**★ DEBORA Smith and Dale Jones** were married the same Tuesday evening in the parlor of the First United Methodist Church with Rev. Jim Pickens doing the honor. The candelabra was arranged beside a stained glass picture of Christ on the altar. Dr. Bill Murphy was soloist with Mrs. Chet Braafeldt at the piano.

Debora is the daughter of Thelma and Ned Smith, and granddaughter of Mrs. O. B. Winkle and Mr. and Mrs. J. E. Roberson of New Deal.

Dale will be working with the starch plant. Out of town guests for the wedding and a visit here were Mr. and Mrs. Glen Smith, Mr. and Mrs. Boyd Smith, all of Wilcox, Ariz., and Mr. and Mrs. Fred Cox, Mr. and Mrs. Herbert Jones, and Mr. and Mrs. Jack Jores of Melrose.

The Bill Hendersons were hosts one day recently to his family — mother, Mrs. Georgie Henderson of here, his brothers, Roy and family of Amarillo, Stanley and Carl and their families of Colorado Springs and the Dimmitt kids.

Mr. and Mrs. Roy Simpson of Lubbock were Friday dinner guests of brother Clarence and Opal Bearden. Also they visited brother Ray and Lottie.

**★ THE Rayphard Smithsons** are home from a week's visiting her folks, on to Leonard to visit his folks, the Smithsons who have ranch interests there, to Dallas to visit a brother, back by Arlington to visit friends, the Jerry Verners, who took them through the Chevrolet assembly plant. They found the car-making quite interesting. The Verners are related to the Odoms and Cleavers.

Mr. and Mrs. Jim Goding, Ann and son Ben of Tech, are home from a fishing trip to Corpus Christi and Fort Atansas. They take the camper and boat so they can stop wherever the mood says stop.

Mr. and Mrs. Lester Gladden flew out to Phoenix, Ariz., to visit her brother Harvey Youts and family. Be nice to be in that warm country now.

Dimmitt's Bobbies, coached by Bob Askey, beat the Hale Center Owletts in a 53-51 thriller to clinch the district championship. FEB. 19 Western Vegetables' local cucumber plant had its capacity increased by almost one third, giving it room to store some three million pounds of cucumbers. Thirty tanks were unloaded, and each tank has the capacity to hold 15 tons of cucumbers in a brine solution which will keep them indefinitely until they can be processed into pickles at the cannery at La Junta, Colo.

The Dimmitt Bobbies, after leading for three quarters, were defeated in bi-district play by Post. The 53-43 victory gave Post a berth in the regional playoffs. FEB. 26 A Chamber of Commerce task force has advised that the key to attracting new industry is the formation of a well-financed industrial foundation. After a tour to Grand Prairie and Snyder, as well as Dallas, Fort Worth and Austin, members of a Dimmitt fact-finding delegation spoke to a quarterly meeting of the CoC of ways industry can be attracted to this area.

Dimmitt's Bobcats won the district championship in a playoff game with Lockney. However, after their 57-52 victory over Lockney, the Cats, coached by Kenneth Cleveland, were defeated by the Merton Indians. Morton took the bi-district championship with an 81-53 win over the Cats, leaving the Dimmitt team with a 27-7 season record.

MAR. 5 Meningitis was confirmed in Dimmitt after 17-year-old Philip Brandon became ill last week. At press time, he was listed in critical condition in Lubbock's Methodist Hospital.

The Texas Highway Patrol is still investigating a car-train accident which took the life of Mrs. Gloria Dean Newman, of Hart. The Newmans were reportedly returning home after visiting relatives in Amarillo and Canyon, when the car driven by Mrs. Newman turned south from US 69 onto Farm Road 168 at Umbarger, and drove past a railroad barrier. The car reportedly stopped on the tracks.

MAR. 12 Castro County's 16th annual Junior Fat Stock Show is to get underway tomorrow as more than 100 county FFA boys and 4-H youngsters display their annual projects and livestock.

Dimmitt's Western Ammonia plant is to be more than doubled in size in the next eight months, and its agricultural chemicals will be marketed through over 100 retail outlets instead of its current 17, due to the purchase of the plant by Goodpasture Industries, Inc.

Philip Brandon, Dimmitt youth who was stricken with meningitis last week, was reported to be "progressing satisfactorily" in Lubbock's Methodist Hospital. MAR. 19 Stock sales at the county 4-H and FFA Fat Stock Show totaled almost \$40,000, almost \$8,000 more than the previous year. The sale of the stock climaxed the best show on record for the county.

Dimmitt's Young Farmer Chapter donated a new trailer, which was filled with hay. 14 new tires and an automatic ironer to Girlstown. This came after a number of animals, designated by the buyers at the Fat Stock Show for Girlstown, were delivered a week earlier.

APRIL 2 A blizzard paralyzed the Panhandle, causing two fatalities and hundreds of cattle deaths last week. It was the worst storm in 13 years, as statistics went, but old-timers claimed that with its violent winds of up to 70 mph, and its five foot drifts, it compared with the blizzard of 1919.

ACE Reid, the famed cartoonist who does "Cow Pokes," will emcee the "Miss Dimmitt" pageant this year. Reid spoke at a Chamber of Commerce banquet two years ago, and proved to be one of the most popular personalities ever to appear here.

APRIL 9 A one percent city sales tax was okayed by voters in Dimmitt. (Continued on Page 5)

# New semester underway as classes resume here

**By MYRT LOMAN**

Hart Public Schools resumed classes Tuesday morning after having been closed for the holidays since Dec. 22.

This marked the second time that Hart's schools have completed the first semester before the beginning of the holidays. Therefore, students started 1971 without the worry of mid-term exams.

**MRS. HOMER HILL** was hostess for a Friday night slumber party for her granddaughters.

Guests were Rebecca Futrell, a student at Baylor University, Beverly Jana and Lisa Hill of Dimmitt, Tammy and Cindy Hill of Hart.

The girls enjoyed TV, records, card games, marbles and jacks, and were served candies, punch, mints, nuts and popcorn. They went to bed at 4 a.m. Sunday.

**WEDDING** bells will be ringing before the year is out. Many Hart school girls received special rings for Christmas.

Mrs. Glen Gleghorn honored her son, Kyle, Saturday afternoon with a birthday party. Indoor games were played, and party

favorites were airplanes and rings.

Refreshments of birthday cake, ice cream and punch were served to Clay, Brad and Lori Barnes, Cheryl and Bennie McLain, Derek and Tracy Rich, Staci Avritt, Fat Six, Marian Marble, Reanne Ertrelda and Kayla Gleghorn.

★

**THE Junior High School** play will be presented next Thursday night at 7:30 in the Hart Elementary Auditorium.

**AN AIR** of excitement and gal-try prevailed during a progress-ive supper and New Year's Eve wretch party for the teenagers of the Church of Christ, sponsored by Mr. and Mrs. Laurence Mc-Lain.

The activity began in the af-ternoon as some of the boys pre-pared a trailer for an old-fash-ioned hayride, which was to be the means of conveyance as the eve-ning progressed.

At 7 p.m. the party got under-way. McLain pulled the trailer from house to house, picking up the 17 young people who joined together for the progressive sup-per.

Appetizers were served at the James Kennedy home; followed by salad at the Everett Oble home; and the main course was served in the Mart Booe home.

The party continued to the Lau-rence McLain home and was joined by Mr. and Mrs. Tom Mc-Lain. Games were played, dessert served, and at midnight all joined hands as New Year's resolutions were suggested, followed by chain prayer, and the singing of "Auld Lang Syne."

Then all blew horns supplied by their host and hostess, and set off fireworks to complete the herald-ing of the New Year.

The evening of fun and frivol-ity was enjoyed by Marsha Moss, Charles Alford, Janet McLain, Reenie Truelock, Tony and Carol Ann Miller, Carolyn Cole and niece Lori Davis of Plainview, Brenda Covington, Mike and Dan-ty Booe, Gerald Jackson, Kathy and Jimmy Kennedy, Terry Beav-ers, Lynn Myers and a special guest, Mike Withers from the Por-tales Christian Children's Home.

# 1971. You've changed. We've changed.

**Change. That's what it's all about this year. And that's what we mean by putting you first.**

These are uneasy times. There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars.

We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

Your car has to work. It has to last. And each new model must have more built-in value.

At Chevrolet, we understand. You want meaningful change. And our aim is to give that to you, as you'll see in the 1971 Chevrolets.

**Caprice. The biggest, most luxurious Chevrolet ever. A complete change.**

Bigness in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something.

You've got a smoother ride.

The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

So we changed the body structure for 1971, too. We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

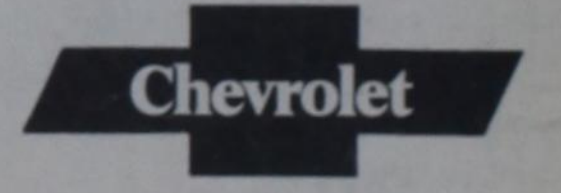

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

**Vega. The littlest Chevy ever. It wasn't changed from anything.**

Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other and, literally, tore them apart. We found out what made them tick, or why they didn't tick.

What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind.

In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

### Wear recovering from rifle wound at Grand Prairie

Elmer Leroy Wear, son of Mr. and Mrs. Arthur Wear of Dimmitt is expected to be released from Great Southwest Hospital in Grand Prairie soon.

Wear was unconscious and in critical condition for several days after being shot with a .22-caliber rifle at Ike's Wrecker Service in Grand Prairie, where he was employed.

A 17-year-old Arlington youth was arrested in connection with the shooting. The case will be

### The view from your library

By MARY EDNA HENDRIX

Decima Dennis sent me a cookbook for Christmas, "What's Cooking on Okinawa," a community cookbook with over 200 favorite cook — when company — comes recipes. This book was compiled by the homemaking department, edited by business department and illustrated by the art department of the Kubasaki High School, where Decima teaches.

A person who wishes to remain anonymous donated about 100 used books and a metal bookcase to put them on. These books are all in excellent condition and very few are duplicates of the ones in our library. If we only had our new library! We certainly need more space.

SOMEONE has calculated that if you are a rather talkative person, you utter some 30,000 words each day. If these words were put into print, they would amount to a fairly large book. These books would, in a lifetime, fill a college library. Yes, you are an author, whether you realize it or not. Everything you say and do reflects your inner thoughts and motives. Not a "book" you have written in the years you have lived can ever be taken down from the shelves and altered. This is quite a shocking thought! Copied in part from "Our Daily Bread." —H.G.B.

Did you watch the Walter Cronkite news on Christmas Eve? The author, Ben K. Greene, was interviewed showing him on his ranch with all his horses. We have two of his books "Horse Trading" and "Wild Cow Tales," in the library.

rnament last Wednesday night in Lubbock. Earlier, the hard-driving forward ended up in the third row of the bleachers while trying to herd a loose ball. Dimmitt won the championship game, 74-66.

"UNLESS THE farmers and farm women of the nation think more about the things that are fundamental and how they can encourage their children to love the farm and the farming people and turn their faces toward the home community instead of the distant city, they will continue, in all likelihood, to lose the ownership of the land."

Nazareth news

Church is beautiful for holiday masses

By Mrs. Florence Albracht. Sorry I didn't get news written for a last week's issue, but with 10 house guests for a week and 60 dinner guests for Christmas dinner, I just never found time. So I hope this Christmas news will still be news.

Our daughter, Jean, married Jack Kennevan on Dec. 30. Both are teaching in Cincinnati, Ohio.

HOLY FAMILY Church was never more beautifully decorated than in '70. The Christmas creche was placed before the high altar with evergreen trees, lights and poinsettias, the outside large window had several rows of lights all around, with the outdoor crib placed above the outside doors. The singing at the midnight mass in which the choir and parishioners joined was joyously and beautifully done.

New Years Day was celebrated with three masses celebrated by the pastor, Father Stanley at 8 and 10 a.m. and 6:30 p.m.

Coming home to spend the holidays with us were daughters Elaine of Stevens Point, Wis., Jean of Cincinnati, Ohio, Sr. Dorothy of Moberly, Mo., Jack Kennevan of Cincinnati. Other Christmas dinner guests were the families of Vincent Ramaekers, Ed Ramaekers, Francis Wilhelms, Ralph Albrachts, Greg Hoeltings, Leroy Hoeltings, Ray Schmuckers and Anna Albracht.

Keith Birkenfeld, son of the Herman Birkenfelds, had to have the first joint of his second finger on his left hand amputated after getting it injured in a feed grinder a couple of weeks ago. Surgery was done the past week at Plains Memorial Hospital.

On Dec. 23 the families of Mrs. Agnes Brockman had their Christmas supper and party in the Legion Hall.

Dec. 26 the families of Ed Wilhelm had their family get-together in the Legion Hall.

THE BOB STEFFENS family had a lovely Christmas with all their family together. Coming for the weekend were Mr. and Mrs. Bobbie Steffens of Dallas, Mr. and Mrs. Greg Venhaus and son of Enid, Okla., and Mr. and Mrs. Tommy Doyles and three children of Mesquite, Texas.

The Order of Martha members enjoyed a pot luck dinner on Tuesday, Dec. 29 in the home of Mrs. Max Acker.

The Legion and Auxiliary members held a supper and party in the Legion Hall on Sunday evening, Dec. 27.

MR. AND Mrs. Marvin Hoelting of Houston spent a few days at home over Christmas. Mr. and Mrs. Tommy Hoelting and son of Phoenix, Ariz., had only a few days at home over Christmas. Mr. and Mrs. Tom Pohlmeier of Fort Carson, Colo., spent New Years here after spending Christmas with her folks, the Browns, in Subiaco, Ark.

Sister Immaculata spent the holidays with her people at Rhineland, the Homers. The other Sisters enjoyed a trip to south Texas and spent a few days with Sister Mary Hawkins' folks at their cabin on the coast and visited Padre Island near Corpus Christi.

SISTER KAREN, a teacher at Moberly, Mo., spent a day with us on her way to Phoenix, Ariz., and stopped for a day here on her way back. She and Sister Dorothy both work at Moberly, Mo. Sister Dorothy is a social worker.

Mrs. Walter Schulte underwent knee surgery at the Plainview hospital and will be wearing a cast for a couple of months.

Mrs. Anna Albracht is back home after a week's stay in Plains Memorial Hospital in Dimmitt suffering from a cough and flu. Others sick in the community are Edgar Birkenfeld and Alvin Klemm. Flu and colds are making the rounds here.

VERY COLD weather, near zero, started the new year. Some visitors planning to fly out on Jan. 2, were stranded at the Amarillo Air Terminal.

Sister Regina Marie of St. Joseph's, Amarillo, Sister Blanche of Kansas City and Sister Celestine Marie of Stuttgart, Ark., spent the holidays with their sister and family, the Earl Backuses.

Coming for the Brockman, New Years Day reunion were Mother Jane Francis of Chicago, Mrs. Martha Woods of Washington, D.C., Mrs. Mattie Enders and daughters of Oklahoma City, Mr. and Mrs. Vic Brickmar of Midland. They enjoyed a supper in the Legion Hall with the Lon, Ernie and Arnold Brockman families here, the George Brockman families of Umbarger and other relatives.

MR. AND Mrs. Herman Birkenfeld are the proud parents of a baby girl born on Sunday, Jan. 3, in Plains Memorial Hospital. She was the first New Years baby born there.

Coming for the wedding of Jack Kennevan and Jean Albracht were his sister, Mrs. Elaine Sholz

and children Joe, Charles and Mary Jean, his brother Bob, all of Manhattan Beach, Calif, also brothers Richard and Bede of Berkeley, Calif., Sister Norbert of Fayetteville, Ark., Mr. and Mrs. Floyd Hoelting of Stillwater, Okla.

"I feel guilty asking you to take so much work home with you, Harkworth. Why don't you sleep here nights?"

We have had some unusual weather Saturday and Sunday. We only got a trace of moisture. Everyone could sure use a good rain or wet snow.

"The boss is okay now, but ten years ago he used to get in my hair."

MAX NEWMAN sinks a two-pointer after a rebound to give Dimmitt a 49-40 lead over Ralls in the third quarter of the Caprock Holiday Tournament championship game in Lubbock last Wednesday night. Newman sank 23 points in the title game to help the Bobcats earn a 72-64 victory and the champion's trophy in the small schools division.

Suspect jailed in robbery case

Billy Ray Johnson, 25, was jailed here New Year's Eve and charged with robbery with a firearm.

JOHNSON allegedly robbed Mrs. Charles Springer at gunpoint on a dirt road near Easter in early December. A small amount of money and Mrs. Springer's credit cards were taken, and sheriff's officers said credit card purchase receipts eventually led to Johnson's arrest in the northeast Texas community of DeKalb.

He was returned to Dimmitt by sheriff's officers and arraigned before Justice of the Peace Elvon DeVaney. He is now in the county jail under \$10,000 bond.

More About

About Dimmitt

(Continued from Page One) Treasury. All indications were that he is extremely proud of the honor, maybe he considers the appointment a stroke of genius. Be that as it may, he brought the subject up himself and dwelt on it at length.

The president is very critical of the congress for not passing his welfare reform bill, guaranteeing a minimum annual income to every family in the nation. From his remarks Monday night he is fully convinced that John Connally can on the next congress into passing his pet welfare bill.

As I have mentioned here before, I am considered a liberal by most standards. Almost everything that is calculated to be good for people in general has had my support and blessing. I am a firm believer in social security and the welfare programs that are needed and properly administered. But this business of a guaranteed annual income for everybody would be disastrous, both from a financial standpoint and because it would be impossible to administer.

Nixon and Connally say, avow and declare that they are conservatives and then endorse the idea of a guaranteed annual income for every family in the nation. Who do they think they are kidding? They know the idea won't work. They just want to tear down everything that has been accomplished in the past several decades to make life a little easier and bearable for the unfortunate people that have been recipients of benefits under the welfare program.

The appointment of John Connally as Secretary of the Treasury was strictly political. He doesn't have the credentials to make his appointment something to get excited about. He served as Secretary of the Navy and three terms as Governor of the State of Texas and to date no miracles have surfaced as a result of his having filled those offices.

We still have a few 1970 desk calendars here at the News office. Anyone who has a need for a calendar of that vintage should contact us immediately, they are getting older by the minute. We would sell these calendars at a discount.

ten 10 and Nancy Tisdale 9. The forwards scored with their regular 37-percent consistency from the floor, but got away many more shots than usual — 41 in all. At the charity line, they averaged a fine 84 percent, sinking 27 of 32.

MERRITT led the guards with two rebounds and five steals, while Sandra Robertson picked three from the boards and stole five passes. Lust grabbed five rebounds, White pulled in four rebounds and a steal, and Vicki Winders nabbed two rebounds to turn back Sudan's scoring efforts.

LeeAnn Merritt was named the tournament's Most Valuable Guard and Cynthia Henderson earned a forward's berth on the all-tournament team as a result of their outstanding play.

Rites held here for Joe Senter

Joe C. Senter, 67, a former Castro County resident, died last Wednesday in Ingleswood, Calif.

MR. SENTER was a long-time resident of the Flag community, and also lived in Dimmitt for several years.

He is survived by a son, Ralph, of Seattle, Wash.; five sisters, Mrs. Emma Brinker of Ingleswood, Mrs. Earline Bowser of Los Angeles, Mrs. Nell Davis of Fricna, Mrs. Frankie English of Richmond, Calif., and Mrs. Mary Lou Frazier of Dimmitt; and one grand-daughter.

Services were conducted Monday in Dennis Memorial Chapel here by Dr. Raymond Perkins of the First Baptist Church. Burial was in Castro Memorial Gardens, directed by Dennis Funeral Home.

Pallbearers were C. J. Johnson, Norville Birdwell, Ted Shafley, J. B. Moore, James Bradford and Charles Youts.

Shooting suspect is arrested here

A 19-year-old Hereford boy was arrested in Dimmitt Tuesday night following a shooting incident in Hereford.

JOE BENAVIDES reportedly started shooting a sawed-off .22 rifle inside a house on Catalpa Street in Hereford, but the injury resulted when a youth dived cut a window to get out of the way. He was treated for a cut on his arm at Deaf Smith County Hospital and released.

Benavides reportedly stole a pickup to make his getaway, but offered no resistance when arrested here.

Damage slight in Tuesday fire

Dimmitt volunteer firemen answered a call Tuesday night to the G. L. Willis farm south of Dimmitt.

Sen. Ralph Yarborough gives his final report

By Ralph W. Yarborough

My term in the United States Senate came to an end at midnight Saturday, so this will be my last weekly report to you from Washington as a U.S. Senator.

FOR 13 years and eight months I have had the privilege of serving you, the people of Texas, in the United States Senate. Three times you, the people of Texas, have honored me by electing me to represent you in the U.S. Senate. Of the 26 men who have represented Texas in the U.S. Senate, only four were privileged to serve longer than I.

By three times electing me to the Senate, you have helped me gain positions of influence and power in the Senate, and thus give you more effective representation.

This Congress, I served as Chairman of the Senate Labor and Public Welfare Committee, which has jurisdiction over all education, labor, health, railroad retirement and many other phases of our laws. Within this committee I served as Chairman of the Senate Health Subcommittee.

IN ADDITION, I served as a member of the Senate Appropriations Committee. The combination of the chairmanship of a major Senate committee, along with a position on the Appropriations Committee put me in a strong position to move legislation.

At the same time, I was the senior majority member of the Senate Post Office and Civil Service Committee. These committee positions are not easy to obtain. I am the first Senator from Texas in over 50 years to serve on the Appropriations Committee, and, at the same time, be Chairman of a major full-time Senate legislation committee.

A reporter for the Dallas Morning News, summing it up this fall, said it was ironic that I was leaving the Senate at the height of my power here. This same reporter went on to say that my name was probably attached to more national legislation than that of any other senator in the history of Texas.

The Library of Congress has researched this, and they have said that since the direct election of US Senators started in 1913, I am the first lame duck senator to ever pass a bill over a President's veto, and that was our hospital bill — our great hospital bill to build hospitals and clinics to treat people. This is a record I am

Lometa Odom to be inducted in Hall of Fame

Lometa Odom, who helped the Dimmitt Bobbies win three state basketball championships in the early 1950s and went on to become an All-American at Baylor College, will be inducted Sunday into the Panhandle Sports Hall of Fame.

SHE WILL be installed by her former Dimmitt High School coach, John Blaine, who himself was named last year to the Texas Coaches Hall of Honor.

The induction ceremony will be at 2 p.m. in Amarillo College Auditorium. No admission fee will be charged, and the ceremony is open to the public.

As a post forward for the Bobbies, Miss Odom received all-state honors three years, and was named to the all-time all-state team of the original McCamey Girls Basketball League in 1952. She went on to gain All-American honors four years at Wayland College, where she and another former Bobbie, Maurine Smithson, paced the Flying Queens to the national championship.

BLAINE, who established the Bobbies as the basketball queens of Texas, won 195 games and lost only seven with his girls' teams here in the early 1950s. His boys' teams here and at Sundown won 54 games and lost 57. His Bobbies captured the state cage title in 1952 after coming close several times, and his Bobbies were the state champions in 1950, '51 and '52. They also won the mythical national championship over the Iowa state champions in 1950 and 1951.

Blaine's girls' and boys' teams were both undefeated in 1952, and Blaine was named Texas High School Coach of the Year without a serious contender. He is now teaching math at Plainview High School.

Also to be inducted into the Panhandle Sports Hall of Fame Sunday are Bill Cross, 150-lb. All-Border Conference fullback at West Texas State University in 1950, and Keith Flowers, All-American center and linebacker at TCU in 1951.

Cross will be installed by Gene Mayfield, a former Buffalo teammate who is now a highly successful coach at Odessa Permian. Flowers will be installed by Dutch Meyer, member of the National Football Hall of Fame, who coached the TCU Horned Frogs from 1934 to 1952, garnering the national football championship in 1938.

proud. My regret at leaving the Senate is that I will not be in a position to push more legislation to help people.

WHILE your grace has given me the privilege of being the author of legislation creating two of the three national parks in Texas, I had hoped to add a fourth national park — the Big Thicket National Park. My bill to create this Big Thicket National Park passed the Senate this third session, and I feel confident now with this progress, that it has cleared the way to passage of a Big Thicket National Park Bill in the next session of Congress in 1971.

In this session I have intro-

duced legislation to set up a program of national health insurance, and a bill for free universal education through the 14th grade — the junior college level. These are major pieces of legislation which cannot be passed in just one session of Congress, but I did get them started on their way and I am confident other Senators will pick these bills up until they are written into the law.

My fellow Texans, I give you my deepest thanks for the great opportunities you have given me in life and that you gave me to serve you. I wish you well in the New Year of 1971. May it see a return to peace and prosperity in our land.

Bobcats, Bobbies win Tuesday, but Mustangs give Cats a scare

Dimmitt's Bobcats and Bobbies won a clean sweep from Olton here Tuesday night — but not before the Bobcats got the scare of their lives.

THE CATS had to come from five points behind in the fourth quarter to ward off the strong Mustangs, 69-62, in their second District 3-AA game of the season. "We ran up against a good ball club," Coach Kenneth Cleveland said. "They came over here to play ball, and we had all we could handle."

Cleveland used only six players as Jerry Matthews spelled several starters for short periods during the game.

THE BOUB was close all the way, but the Bobcats stayed in command during the first half with a 14-11 lead at the end of the first quarter and a 33-26 advantage at the break.

But the Mustangs came stampeding back in the third period to go ahead in the third and turn it into a new ball game. Employing a three-quarter press defense and swishing the net with long-range set shots, the Mustangs jumped to a 55-52 lead by the end of the third period.

The Olton visitors increased their advantage to five points in the fourth before the desperate Bobcats finally chipped away and pulled even, then gained a couple of points and finally won going away.

MAX NEWMAN, a consistent net swisher, was Dimmitt's high scorer for the first time with 23 points. Kent Bradford sank 19, Danny Ebeling 12, Mark Wohlgemuth 10 and Kenny Doss 5 in a well-balanced scoring attack.

The victory gave the Bobcats an 18-1 season record and a 2-0 conference mark so far. The Cats are tied with Morton for first place in the league.

THE BOBBIES hiked their district record to 3-0 with a hardy 52-35 win over Olton's Fillies in Tuesday night's girls' game.

Coach Bob Askey's sextet was in command all the way, leading 8-6 at the end of the first period, 22-17 at the powder break, and 38-22 after the third quarter. The Bobbie guards held the Fillies to just six points in the first period and five in the third while Dimmitt's forwards were producing their best-balanced scoring attack this year, with four girls hitting in double figures.

Karen Baldridge finished as Dimmitt's high scorer with 17, followed by Terrie Newton with 12, Nancy Tisdale with 11, Cynthia Henderson with 10 and Diane Dyer with 2.

IN THE boys' B-team game, Coach Don Parker shuffled players in a platoon system as his B-Bobcats won an easy 59-45 victory over the B-Ponies. Kenny Ringo was Dimmitt's top scorer with 12.

Water pipes and cars freeze up as cold snap yields record low

A cold wave bringing below-zero temperatures swept into the Panhandle early Sunday morning with blowing snow and ice.

BY TUESDAY morning, the frost had caused temperatures to drop to record lows in many parts of the state and nation. A record low of 9 degrees below zero was recorded in Dimmitt.

Though the record was set early Tuesday, Monday was an even more unpleasant day as a steady 15-mph wind sent the chill index plummeting to the equivalent of 26 degrees below.

The temperature caused a number of problems in the county, and the most common one seemed to be starting the car.

SERVICE stations reported that they were called out to start scores of cars Monday and Tuesday, and one man reported that he had started over 20 cars on the two days.

The city's auto supply houses stayed busy as local residents filed in for new batteries and

more antifreeze.

The weather also caused difficulties in homes as water pipes froze and burst. A number of individuals were forced to call plumbers to help thaw pipes or to replace those that had burst. Luckily, no city water lines froze during the cold spell.

MOST outdoor activity on county farms came to a halt. No deaths due to freezing have been reported by livestock owners, however.

Castro County has not attributed any traffic accidents to the weather, despite blowing snow and ice which greatly limited visibility at times Sunday.

Cooperative has new name

Dimmitt Wheat Growers, Inc., officially became Dimmitt Agri-Industries, Inc., this week after a special called meeting of the stockholders.

OF MANY names suggested, the cooperatives voters chose the Agri-Industries title after deciding that keeping wheat in the company name might effect the sale of their corn mill products.

The new title is now official, except for the elevators. These will continue under the name of Dimmitt Wheat Growers, Inc., until a new license is granted by the Department of Agriculture.

Construction

(Continued from Page One) 1/4 new home, one moved to site and remodeled. April: \$5,700 residential (remodeling projects). MAY: 643,800 residential (three new homes). June: None. July: \$15,700 residential (remodeling projects) and \$8,500 commercial (Dimmitt Consumers service station installations). August: \$65,500 residential (five new homes). September: \$42,000 residential (one new home), \$56,000 commercial (Farmland Industries fertilizer blending plant and Rawlings Hotel remodeling). OCTOBER: \$39,000 residential (two new homes). November: None. December: \$38,900 residential (three new homes) and \$415,680 commercial (courthouse expansion).

Bond vote

(Continued from Page One) 1/4 felt that Dimmitt couldn't keep its street program going on a healthy schedule if it had to wait for sales-tax income to free enough ad-valorem tax money.

"Through the bond issue," Noble added, "we're trying to overcome rising costs and maintain our budget without having to raise taxes."

THE proposed seven-year bond issue would be retired the same year all the city's other tax bonds — airport, city hall, fire equipment, streets — will be paid off. All of Dimmitt's municipal tax bonds now in force will be retired in 1978.

### Family living program on tap

**By IRENE KEATING**  
All of us should be excited about this new year and have much to look forward to. Last year was a good year but I think we can all make this year even better. It is exciting around the courthouse as the construction for our addition is beginning. All of us in the county will benefit greatly from it and will all be proud of it.

**★ THE FAMILY living** committees of Parmer, Deaf Smith and Castro Counties are sponsoring a program "Accepting the Pace of the 70's - Family Environment" in Friona, Jan. 14, from 2 to 4 p.m. at the high school auditorium (Etta and West Seventh). Dr. Stanley Fowler, head of Home and Family Life at Tech will be the speaker. It will be a very worthwhile program for all of us. I urge each of you to attend as we'll get some pointers on how to have better use of the little time families have together.

**★ THERE** has been much said the last year about pollution. All of us are and should be concerned. We want our children to see clear streams, breathe fresh air, etc. There have been many persons

### Ladies to hear area CAC chief

Plains Memorial Hospital Auxiliary will meet Wednesday, at 10 a.m.  
August Burnett of Amarillo, executive director of the Community Action Council for the Texas Panhandle, will speak. Mrs. Lil Karo of Hereford will accompany him. She is a member of the Panhandle Planned Parenthood Association.  
Interested persons are invited to attend the meeting, according to Mrs. R. E. Wilson, president of the auxiliary.

### Moore's home from Thailand

Staff Sgt. Steven Moore, his wife, and their children, Roger and Michelle, recently returned from a two-year stay in Bangkok, Thailand, where Moore was an aircraft crew chief.  
**THE MOORES** visited her mother, Mrs. Earl Stone of Hart, and her sister, Mrs. Kenneth Covington, during the holidays.  
In Thailand, the Moore children had American teachers and the Moores attended a church in which services were held in the Thai language as well as in English and Chinese.  
The Moores are now stationed at Fort Rucker, Ala.

### New mattress is water-filled

Do you spend nights tossing about on a mattress too firm or soft for your comfort? A new king-size "waterbed," invented and designed by Charles Hall, has been built for comfort as well as an aid to insomnia, advised Jan Slabaugh, Extension housing and home furnishings specialist at Texas A&M University.  
**THE MATTRESS** is composed of an inner liner of durable plastic, filled with 150 to 200 gallons of water to make the sleeping surface. A radiant heating system with thermostat control maintains the desired temperature.  
Firmness is determined by the amount of water in the plastic liner. A garden hose and adapter supplied by the manufacturer are used for inflation. An emergency repair kit is included should the inner liner be damaged.  
The water-filled mattress, says Mrs. Slabaugh, can provide ultimate comfort for older persons, invalids, hospital patients, and those with insomnia.  
The bed sells for about \$550.

"I can think of few things more important than teaching children and grown-ups the value of the soil. The good earth is not only the foundation of a nation's economy; it is the basis of civilization itself. It is a simple matter to trace one after another the histories of those nations whose power, prosperity and culture declined when their soil became impoverished."  
—Louis Bromfield

### Mrs. Meyers is shower honoree

Mrs. Steve Meyers was honored recently with a bridal shower in the home of Mrs. Jimmy Buckley. Mrs. Meyers is the former Judy Orsborn of Hereford.  
**GUESTS** were received by Mrs. Buckley, Mrs. Steve Meyers and Mrs. Cliff Cook, mother of the groom.  
Refreshments of cookies, spiced tea and coffee were served from a table decorated in a holiday theme.  
Fourteen ladies assisted as hostesses for the shower.

"TO NO nation has the earth been more important than to our own. Out of it has grown our wealth and our power. Man's greed and carelessness have done much to destroy it by cutting down forests and farming recklessly. The task of our generation is to undo that evil and restore the foundation of our prosperity. It requires a new generation of pioneers equipped with spirit and devotion and patriotism."  
—Louis Bromfield

### June 19 vows set

Mr. and Mrs. George H. Crow Jr. of Waco announce the engagement of their daughter, Cecile, to Scott Moran, son of Mr. and Mrs. R. A. Moran of Dimmitt.
