The ownership and management is deeply grateful for the splendid patronage we have received during the opening days of Cotton Bowl Lanes and for the many compliments on our new bowling establishment. We have spared no expense or effort in building and equipping Cotton Bowl Lanes and the people of Dimmitt and the area can be assured that we will make every effort to make your bowling dates the most pleasant of your recreational pursuits.

We are more than gratified by the welcome and reception that we have received on the opening of our new business enterprise, and solicit your suggestions as to any improvements that we might make to increase your enjoyment of bowling.

In order that our customers and employees may attend the church of their choice Cotton Bowl Lanes will only be open from 2 p.m. until 6 p.m. on Sundays.

> Competition is a demanding taskmaster-but it can also be the greatest rewarding factor in merchandising or servicing. It is a taskmaster when competition defeats, when it sets the rut that engulfs the businessman. Competition is rewarding when the merchant forces it t' become his tool, when he knows he has a thriving, growing business that will never want for customers. Business goes where it is invited—and competitive prices, outstanding courteous service with a good selection, and promotional advertising will do the most

Do yourself, your customer, and your community a favor by using the pages of the Castro County News to sell your goods and services. It is not only good business but it will help you gear your operation to today's quickly changing trends and increasing competition.

Success stories of large businesses almost always hinge around concentrated advertising and other sound business practices. Start a campaign now-you'll be amazed at how quickly you will feel the difference. Just telephone 88 and a salesman will call on you at your convenience.

THE CASTRO COUNTY NEWS

This year farm operators see conclusive proof that use of anhydrous ammonia produces substantially bigger crops. In areas where weather prevented timely application of Nitrogen, yields are down. Where Nitrogen was used, farmers who had check plots report highest returns on their investment in Nitrogen fer-

Get ready for next year's big crop. After milo harvest, apply Dow 82 ammonia. Milo stalks and roots provide the ideal organic material to help the fertilizer work best for you. Dow's 82% Nitrogen speeds decomposition of turned-under stalks; improves soil fertility. Dow 82 resists leaching. It stays in the ground, ready for use. Spring plantings get a healthier, quicker start, develop vigorous root systems that help prevent blowing soil.

hem seems to have been that

noral issue surrounding the fix ng of a contest. A woman con estant who won several hundred ollars, in answer to one of m questions stated she could see noth ng wrong with the fact that the rogram had been fixed, that the producers knew what the outcome

would be, that she was a party t the scheme and aided and abetter in carrying it out. She based he conclusion on the fact that she was having a good time, the American public was errjoying the show, the sponsors and producers were

nappy, so why should anyone worry? This appears to be the general trend of thinking of a great number of those participating in these programs. These tesified they could not see any simlarity between the fixing of a basketball game, a baseball game,

difference, but none came up with lusion. One witness testified the difference was in the fact that a elevision program had a sponsor, while a boxing match had none Another stated the difference lay n the fact that in a baseball game he players are salaried, while the ontestants in a television quiz rogram are after prizes. I must onfess these reasons do not make ense to me as being even remoteconnected with the question of onesty and dishonesty. The fact of the matter is that he American public has been led believe these quiz programs vere fair and honest contests beween two unrehearsed contestants n a battle of wits or mentality boxing match is a physical conest between two individuals who mploy their fists, under certain ules. The physical activities coup. ed with the mental processes could

e applied to all other contests. they are all performed at least partially for entertainment. The American public is entitled to asume that neither of the contesants has been afforded an unfair

a football game, or a boxing match advantage. Any arrangement creat. Sunday School Class and the fixing of a battle of wits ing a contrary situation is a fraud upon the spectators, whether they be sitting in the stands of a football stadium or in a comfortable chair in their living room watching television, and any person who is a party to such a scheme or device, whether he be the owner of the show, the sponsor, the network, the station owner, or a contestant is guilty of a flagrant, dishonest nisrepresentation to the viewers

> possibility of criminal prosecution, rather than their moral responsibility and obligation. It is entirely criminally liable because of the absence of particular statutes on this subject. However, it is my belief these hearings will result in the adoption of legislation which will control the activities of those who seem to believe that anything is all right as long as you can get away with it.

One of mans' greatest jobs has been to protect himself from himself. Hence, if Barnum was right, we "suckers" need some laws to protect us
