Wanted, Blood Donors— Move to Withdraw Bulgaria From War Gains Support

By United Press
Premier Ivan Bagriantov of Bulgaria, who openly advocated a "rapid" withdrawal of his country from the war, appeared to be gaining support today from members of parliament for a quick severance of Axis ties with Germany. The Sofia radio, in a broadcast recorded by PCC monitors, said two deputies had endorsed Bagriantov's "peace" speech, with one of them urging additional speed in taking measures to end Bulgaria's part in the conflict.

Bulgaria, which signed the Axis tripartite pact in 1941, was the first nation to capitulate to the Allied powers in the first world war.

Since Bagriantov made his open defiance of Germany's dominance of the Balkan state yesterday, his leadership of the "peace" movement has gained considerable momentum.

MEXIA OIL POOL CAME IN AS RANGER, BURKBURNETT EBBED

(Editor's Note—This is another in the series on Texas oil history in connection with the 25th anniversary of the Texas Mid-Continent Oil and Gas Association.)

When Ranger and Burkburnett ebbed, Mexia in East Central Texas became the new boom town. But the story begins years before that with a water well that hit a showing of oil and gas—not at Mexia but at Wortham, 10 miles north. This led Blake Smith, young Mexia bank cashier to organize the Mexia Oil & Gas Company in 1913. Ten tests were contracted for; nine were nonproductive and the tenth was about to be plugged but began producing gas.

The new gas field provided fuel to Mexia and several other towns. The company then offered a half interest in its leases for a deep test for oil. An operator accepted but, midway down, ran out of funds. Col. A. E. Humphreys, on the advice of F. Julius Fohs, geologist—took over the undertaking and, at 3,165 feet, brought in a small oil well in November, 1920. When the 25,000-barrel Desenberg roared in Mexia was in full bloom—or, maybe, one should say in full boom.

Many of the farms were owned by negroes, who, unable to figure, sold fractions of their royalty until sometimes they disposed of twelve eighths and had spent the money before the over-selling was discovered. One colored farmer, who retained his royalty, received such a handsome income from wells on his land that he bought each of his children a car, and to each of his four daughters, he gave a piano.

Mexia soared to a population of 25,000 and became the tenth largest city in the State. The world heard about the "Golden Lane," the "Woodbine Sand"—and the "Balcones fault". Resorts sprang up, such as the Winter Garden and the Chicken Farm where customers checked their six-shooters before they entered to drink, dance and gamble. Texas Rangers raided the places and Governor Pat Neff proclaimed martial law. With the arrival of the troops, there was an exodus of the undesirables.

Colong Humphreys was a portly man of middle age, six feet two inches in height, with a booming voice and a hearty laugh. As a young man, he made and lost a fortune in the Minnesota iron ore district; made another fortune in the British Columbia gold fields and was successful in Oklahoma,

Louisiana and Wyoming oil fields. At the crest in Mexia, he was drilling 150 wells at one time and had 2,000 employees many of whom lived in the model town he built—with paved streets school and hospital. He was host to General John J. Pershing and Charles G. Dawes, future Vice President of the United States. Humphreys made what was said to be the largest commodity deal in history—for the delivery of 250,000,000 worth of Mexia crude at \$1.50 a barrel. Later, he sold his properties to the Pure Oil Company. During a serious illness, the Colonel had promised, if spared "help God's children," and he gave great sums to philanthropies.

As a young man, J. K. Hughes had raced his horses in St. Louis, Memphis and New Orleans. He settled down in Troy, Texas, where he sold lumber and hardware. Legend says he went to the oil-mad city of Mexia with two diamonds worth \$5,000 and that he traded them to a man who was fascinated by diamonds for a tract which led to a fortune for Hughes.

Another successful operator there and later in other Texas fields was E. L. Smith, Mexia banker who now lives in Dallas and who served, (1939-1941), as President of the Texas Mid-Continent Oil and Gas Association.

Americans Land On Biak; Bombers Hit Philippines

Allied Headquarters, Southwest Pacific, Aug. 19 (UP)—American troops have landed on the west coast of Biak island in Geelvink Bay of Northern New Guinea to accelerate mopping up operations, it was disclosed today in a communique which announced a new aerial attack on Japanese shipping in the Philippines.

The ground forces were landed at Wardo, on Biak's west coast, under cover of naval and air support to establish a new center for clearing isolated enemy remnants still holding out on the island, first invaded by Allied forces on May 27.

The communique said a total of 4,468 Japanese had been killed on the island and 290 captured. In the new strike into the Philippines, night air patrols scored three hits on an enemy merchant vessel in Davo harbor of Mindanao island. Pfc. Moseley entered the service of the armed forces on October 29, 1942 and was sent to the Aleutians April 21, 1943. Author Welsh Finds Natches, Miss. Most Lovely

BUFFALO (UP)—James P. Welsh, author and world traveler, believes Natchez, Miss. is the most beautiful city in the United States.

The lecturer, writer and radio announcer, who is known as the "Old Traveler" pointed out on a visit here that Natchez residents recall the days when Gen. U. S. Grant kept his Union forces from shelling the community for fear of destroying its beauty.

Welsh, who says Americans are blind to the glory of their own country, asserts he would rather travel in the United States than in any foreign land.

"Within our shores we have a paradise, yet few people realize it," he declared. "The United States is packed with glory adventures, romance, love of God and freedom." He termed Louisiana the most "fantastic" state in the Union.

GOING MY WAY

IF MY OPPONENT PERSISTS IN RUNNING ON MY RECORD

Let's Keep The Record Straight
CLYDE GARRETT

IN AN ADVERTISEMENT IN THE PAPERS OF THE DISTRICT LAST WEEK MY OPPONENT IN THE RACE FOR CONGRESS FROM THE SEVENTEENTH DISTRICT ATTEMPTS TO DISCREDIT MY FRIENDS AND DECEIVE THE PUBLIC INTO BELIEVING THAT BECAUSE TWO RAILROAD BROTHERHOODS HAVE MENTIONED MY CANDIDACY FAVORABLY THE CIO POLITICAL ACTION COMMITTEE IS SPENDING MONEY IN THE DISTRICT TO ELECT ME.

He publishes what purports to be letters written by officers of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors to their members and prints next to them in the ad unrelated stories about the CIO as if to show that the CIO Political Action Committee controls these independent unions and inspired the endorsements.

Whoever wrote the ad was particularly clever at what we call propaganda. But by taking each article separately, the ruse is clear!

NOWHERE IN THE AD IS THERE THE SLIGHTEST PROOF THAT THE CIO POLITICAL ACTION COMMITTEE HAS ENDORSED ME!

None of the organizations mentioned as endorsing me are members of the CIO or in any way affiliated with it. The CIO has no control over them. Moreover NOT A SINGLE ONE of these unions ever approached me with an offer or was solicited for money, support or endorsement. Whatever endorsement was given me without my prior knowledge.

I HAVE NEVER ASKED, OR CAUSED TO BE ASKED, THE CIO POLITICAL ACTION COMMITTEE FOR ENDORSEMENT, SUPPORT OF MONEY, I HAVE NEVER BEEN OFFERED SUPPORT, ENDORSEMENT OR MONEY BY IT OR ANY OTHER UNION ORGANIZATION. I WOULD NOT ACCEPT IT, IF IT WERE OFFERED!

The advertisement complains that I did not make any statement in the ad by which my friends, incensed at the false charges against me because of their activities in my behalf, exploded and exposed the tactics of the opposition. The ad was written and prepared by them and inserted in the newspapers by them and I was not asked to contribute any statement to it. They felt that if the people of the district knew the facts they would condemn a type of campaigning inconsistent with the high office of Congress.

MY OPPONENT KNOWS PERSONALLY THE MEN WHO SPONSORED THE BILLBOARDS, HE KNOWS THAT THEY ARE UPRIGHT, PATRIOTIC BUSINESS MEN WHO, IF THEY THOUGHT FOR A MOMENT THAT I WAS A CANDIDATE FOR THE CIO POLITICAL ACTION COMMITTEE, WOULD SPEW ME OUT OF THEIR MOUTHS! HE KNOWS THEY WOULD NEVER ALLOW THEIR NAMES TO BE USED TO "COVER UP" FOR THAT COMMITTEE OR SUPPORT AN UNTRUTH! I CHALLENGE HIM TO DENY THIS.

My opponent was district judge for twelve years. He should know the law which clearly says that every candidate or his registered campaign manager is required to file a sworn statement of "all money previously received by or disbursed by him" at stated times and that it "shall include the names of all contributors to any campaign fund handled by the party making the same." His ad criticizes me for not filing information on something I did not handle and about which I had no information at the time and have since filed. It remarks that Dr. E. M. Kuykendall of Ranger was the only one of those paying for the billboards whose contribution was reported in my expense account. The fact is that Dr. Kuykendall made one contribution directly to me, which was not used for billboards, and which I reported. Mr. Opponent, if you can win this contest in the courts on the technicality that some of my friends provided some advertising in my behalf, I challenge you to do so!

I COVET THE SUPPORT OF THE HONEST LABORING MEN AND WOMEN OF THE DISTRICT!

If there is any labor issue in this race, it isn't the issue of their right to organize and to bargain collectively. No one denies this right. It is the issue of whether or not-communistic principles and Un-American practices will be permitted to invade us, and I am strongly opposed to such alien doctrines and methods as my opponent so vociferously proclaims himself to be.

BUT I AM PERSUADED THAT THE REAL ISSUE IN THIS RACE IS THE TYPE OF REPRESENTATION WE HAVE HAD IN CONGRESS FOR THE LAST FOUR YEARS! I am convinced that this is the issue my opponent is trying to cover up with the CIO smokescreen!

I SUBMIT THAT HIS OWN ADVERTISING PROCLAIMS ME A FAIRER AND BETTER QUALIFIED MAN TO REPRESENT THE PEOPLE OF THE DISTRICT.

In his advertising there is reprinted part of a news story from the Abilene Reporter-News of July 10, 1944 which quotes a report on Texas candidates for public office signed by representatives of the four railroad brotherhoods and the Texas State Federation of Labor NONE OF WHICH IS AFFILIATED WITH THE CIO!

I want my opponent to note carefully what the report said. I quote only what he was willing to use in his own ad!

"Sam Russell, incumbent congressman in the 17th district, for a listing of 'for labor, 0, against 15' *** and former Congressman Clyde Garrett was listed four and four, with this mention 'Bulletin for 1940 shows record fair' "

Mr. Opponent, do you think that the laboring man is all wrong? Do you believe that the man who earns his living in the sweat of his brow, has no standing in the district? Do you hold that he has no right to representation in Congress? And that everytime he lifts his head and asks you to vote for a measure you should snap him off ???

According to this report you voted against labor FIFTEEN times and for it NOT ONCE. You admit it by publishing the report do you not? What is the matter with You? Did you study those bills and find no good in ANY

of them? Nothing worthy of your support? Or did you simply wave them aside because you were too prejudiced in your views to see more than one side of a question? Did you read them at all?

Nobody, not even the employers of labor, wants to see it treated unfairly. They want for labor what they want for themselves—justice and right. People are afraid of a representative who isn't fair.

I submit that such a record, admitted in your advertising, condemns your qualifications as a representative of the people! Incidentally it is a strange thing that a congressman could vote so consistently against the worker when there is not anywhere a record of his voice having been raised in opposition to a bill to pension congressmen when that measure passed the house unanimously. I wonder who that congressman was representing at that time?

NOW LOOK AT MY RECORD AS YOUR AD QUOTES IT:

"Clyde Garrett was listed four and four, with this notation, 'Bulletin for 1940 shows record fair.' It doesn't say that I was labor's representative, that I would go down the line voting labor legislation harum-scarum. It simply says that I had a fair record. Four times I said 'NO.' four times I said 'YES.' Could there be better proof that I gave careful study to the proposals and voted my convictions? Could there be better proof that in the height of the New Deal, I wasn't a rubber stamp congressman, voting the way the wind blew? Can you say the same for your record? Can you look the people of this district in the eye—the worker, the employer, the professional man, the farmer and all others—and say that you are NOT TRYING TO RIDE A POPULAR REACTIONS REGARDLESS OF JUSTICE AND RIGHT?"

I have published my platform. Where is yours? What do you stand for?

If I go to Congress I will not go as the representative of any special interest, whether of Labor, Capital or otherwise, I shall go as the representative of all the people, and I propose to be guided in my actions and voting by what I believe the best interests of my country and my district. I shall be fair to every constituent who comes to me for personal service or in the interest of legislation. I propose to study the bills; I shall certainly keep myself on the job.

I shall deeply appreciate the votes and influence of the good people of this district, and I shall try to merit them.
