Corn is up and growing beautifully and there appears to be a large acreage. Cotton and grain sorghum plants are beginning to make their appearance and all types of vegetables are off to a good start. "TRUTH . . . THE SAVING FORCE" By RONNIE PARKER

Yes there is a gigantic amount of evil in the world. Wickedness and lawlessness abound. But there is a gospel that has the power to change matters. The Truth of God will

Much of the same situation prevailed throughout the Roman empire that prevails today. Then suddenly there erupted a "force." It was the church . . . a people who had been purchased by blood. They caused a great stir by preaching a message and applying it to their own lives. What was the message? ? Just the pure gospel, God's power unto salvation (Rom. 1:16). These people were from all walks of life; some poor, some rich, some were well educated, others were not. None of these things mattered. What was crucial was the fact that they had obeyed the truth and they were preaching the truth.

Their Christ was pre-existent, born of a virgin, sinless, crucified for the sins of others, resurrected, coronated as King of Kings and Lord of Lords, and was coming again to call all men into judgment. Everywhere they preached, the reaction was either obedience to the gospel in loving submission to Christ or violent reaction because of rejection of the gospel. The same TRUTH can "turn the world upside down" again

if we will preach it and live it.

The Ultimate in Satisfaction

When we were children, the ultimate in satisfaction was an ice cream cone, a nickel's worth of candy, a handful of homemade cookies. But now that we are grown-up, God's spirit has shown us there are more important things in life than satisfying our appetites. There is a higher plane of living - that of loving and serving God and one's neighbor. God wants us to respond to His love by showing this same kind of love to others. The church is the place to center your mature living. Attend church

By ALVA HENDERSON

The blood drive for Elvon De-Vaney of Dimmitt was held last Wednesday from 10:30 a.m. to 4:30 p.m. at the United Methodist Church.

DeVaney is on an artificial kidney machine and waiting for a kidney transplant. He goes on the machine every other day, and it costs \$40 to \$60 each time the machine is used. He and his wife operate the machine themselves in their home. Ninety-one donors gave blood and several donated money. DeVaney will receive credit of
