## WEST TEXAS CHAMBER OF COMMERCE LAUNCHES BIG RESEARCH PROGRAM

A far-reaching program of industrial research by the State of Texas, a major item in the West Texas Chamber of Commerce activities plan for 1945, is being launched this week, at Austin. Representatives of seven associations will confer there Thursday with Sen. George Moffett on ways and means for laying their program before the 49th Legislature. In the united front for pressing state financed industrial research are the newly formed Texas Chemurgic Council, the Cotton Research Committee of Texas, the State Wide Cotton Committee, the Cotton Seed Crushers Ass'n., and the three regional chambers of commerce: West South, and East Texas.

The industrial research ball was started rolling Feb. 9, at Fort Worth, at the organization meeting of the Chemurgic Council's executive committee. Adopted there was a resolution offered by D. A. Bauden, manager of the West Texas Chamber. It said:

Through approving the recommendations of the State Board of Control for approximately \$1,000,000 in appropriations during the coming state biennium for extra-mural research in schools of higher learning, we, nevertheless view with alarm the curtailing and elimination of funds for research into the industrial uses of our Texas raw materials, such as cotton wool, clays, forest products, minerals and pasture grasses.

"We therefore call for a re-casting and revamping of the entire research budgets of our schools so as to give priority and emphasis to those researches which will stimulate greater industrial utilization of our raw materials to achieve the industrial potential of the State of Texas, expand markets for our agricultural products, and provide new businesses and jobs for returning service men."

A special committee from the affiliated groups will start work at once assembling the basic facts of needed industrial research for the attention of the Legislature. The three regional chambers of commerce will assist in financing this activity.

The Board of Control is recommending sizable appropriations for researches in many fields having nothing to do with creating jobs and developing the industrial potentials of Texas. On the other hand, the Board is recommending no funds for continued research in such items as vegetable products for nutrition value, unspun short staple cotton for making into yarns and fabrics small grains and other seeds for oil content. These studies have been underway at Texas Technological College.

Also carrying no recommendation is wanted research in ceramics, while, for the Cotton Research Committee of Texas, created in 1941, the recommendation is to continue.

## House Kills One Bill, Passes One In Session Today

**Nephew of Ranger Woman Awarded The Purple Heart**  
Dr. and Mrs. P. M. Kuykendall have received word that Mrs. Kuykendall's nephew, Sgt. Tom Bryant, Jr., has been awarded the Purple Heart for wounds received at Anzio and the medal has been sent to his parents, Mr. and Mrs. Tom Bryant of Cross Plains and Phoenix, Arizona.

Sgt. Bryant who was in a hospital in North Africa following his being wounded, is now in a hospital in England where he is being treated for trench foot. He is a veteran of North Africa, Sicily, Italy and was in the invasion of Southern France and had been in Germany before being sent to the English hospital.

## Gorman Brothers Killed Soon After European Reunion

GORMAN, Feb. 13 — Mr. and Mrs. Clay Short of Gorman route 1 received two messages from the War Department within a week's time informing them of the death of their sons serving in the armed forces in the European Theater. Thursday of last week word was received of the death of Sgt. Curtis Short, killed in Belgium January 18, then Monday the news came that Sgt. Clennon Short was killed January 25 in Germany. Both boys were in the infantry. Sgt. Curtis had been overseas a year and Sgt. Clennon three and a half years. Both had been wounded and had received the Purple Heart.

An unusual story about the boys had just come from the front a few days before the first message was received. After a separation of three and one-half years Clennon learned that his brother was in the same theater of war and heard that his outfit was about to go into action so after receiving the necessary permission, set out to locate him. After arriving at his brother's unit CP, he was told that his brother was already in the line, and that his company was about to launch an offensive. Determined to see him he armed himself with the necessary ammunition and set out for the front. The terrain over which he traveled was in the sector he had but recently vacated, so he knew what to expect. As he neared the main line he saw that the assault was in full swing so he joined them adding his own fire power to that of his brother's company. Following the capture of the objective, he sought Curtis, found him and amid the confusion that follows such assaults they staged a reunion.

**Strong Postwar Tax System Urged By Morgenthau**  
WASHINGTON (UP)— Secretary of the Treasury Henry Morgenthau, Jr., today told Congress that a strong post war tax system must be maintained "at a rate far higher than prewar expenditures." The public debt, he added, must be reduced as rapidly as possible. Morgenthau proposed these policies in his report to Congress on the fiscal year 1944, which ended last June 30. For the first time, the secretary went on record as favoring postwar tax reductions to encourage expansion of private enterprise.

## Pvt. Harrison Reported Missing Over Germany

Mrs. Charles Harrison has been notified by the War Department that her husband, Pvt. Harrison of the Paratroops has been missing in action over Germany since January 23. Pvt. Harrison entered the services of the Infantry on September 14, 1943, and later transferred to the paratroops. He was trained for service at Camp Wolters, and Ft. Benning, Ga. He went overseas on April 8, 1944 and saw service in Italy before going into France and Germany.

He is the son of Mr. and Mrs. Van Harrison of Flint, Michigan where in March 1944 he was married to Miss Ella Nora McGraw, daughter of Mr. and Mrs. B. D. McGraw of 210 Mesquite street where Mrs. Harrison has been making her home while her husband is in the service.

## 2,250 Planes Hit German Targets

LONDON (UP)— A fleet of more than 2,250 American warplanes striking in the wake of a record force of 1,400 British night raiders today smashed at Dresden, Chemnitz and Magdeburg on a broad arch south and southwest of Berlin.

## PVT. BROWN PRAISED BY AIR CORPS

AN AIR SERVICE COMMAND DEPOT in England—Pvt. Calvin E. Brown, of 421 Strawn Road has won up 1944 by setting a world production record at an Air Service Command Depot in England.

Working at top speed to keep combat planes in action over Europe, he and his fellow soldier mechanics in a single hangar here completed pre-combat modifications on their 1000th plane. Before D-Day the men worked for months without a day off, and are still maintaining a night and day schedule reading fighters and bombers for battle. He is the husband of Mrs. Orville L. Brown of 421 Strawn Road.

Pvt. Brown who is an Air Corps mechanic attended Ranger schools and was formerly employed by the ASG Sherman, Tex. A brother, William H. is serving with the medical corps.

## LT. HUFFMAN WOUNDED IN PACIFIC

Mr. and Mrs. Edgar Huffman have received word from their son Lt. W. T. Huffman that he was wounded in action in the Pacific theater of war.

The young officer holds the Bronze Star which was awarded him in August 1944 for "heroic achievement in connection with military operations in New Guinea on the 27th of June, 1944. Lt. Huffman is the grandson of Mrs. W. A. Huffman of Ranger and his wife the former Miss Juanita Rogers, daughter of Mr. and Mrs. E. M. Rogers of Caddo where Lt. Huffman attended school.

Prior to entering the Army Air Forces in December, 1943, Sgt. Adams was engaged as a truck driver in Ranger. He received his gunner's wings in May, 1944, at Kingman, Ariz.

## SGT. ADAMS IS GIVEN AIR MEDAL

AN EIGHTH AIR FORCE BOMBER STATION, England—Sergeant Lannie C. Adams, 19, of Ranger, Tex., ball turret gunner on a B-17 Flying Fortress, has been awarded the Air Medal at this Eighth Air Force Base in England. The presentation was made by his group commander, Lieutenant Colonel, Wm. J. Wigglesworth, of Kao Claire, Wis.

Sgt. Adams is the son of Mrs. Annie Adams of Route No. 3, Ranger.

The official citation read, "For meritorious achievement while participating in heavy bombardment missions in the air offensive against the enemy over Continental Europe. The courage, coolness and skill displayed by Sgt. Adams upon these occasions reflect great credit upon himself and the Armed Forces of the United States."

## PHILIPPINE FORCES TAKE AIRFIELD NAVAL BASE NIMITZ SET UP ON GUAM

PARIS, (UP)— Troops of the Canadian First Army, beat off four German counter attacks today and in advances of more than a mile tightened assault arcs on the approaches of the Rhineland rail and highway hub of Goch. British units captured Bedburg, two miles southeast of Kleve, and pushed on more than a mile beyond it in the direction of Udem, which lies southeast of Goch. Other British troops forced a new crossing of the Niers river and captured Viller, five miles west of Goch.

LONDON (UP)— Marshall Stalin announced today that the Russians had captured Preystadt, 15 miles northwest of Sagan in Silesia, Jauer, 11 miles south of Liegnitz and Neusalz, 19 miles north of Glogow.

The Canadian First Army battled slowly ahead on the northern Rhineland front today through mud and floods and against increasing fierce German opposition. The advance carried to within less than three miles of Goch and Calcar and 28 miles from the Ruhr Valley. Hasselt, three miles southeast of Kleve was taken in brisk fighting.

To the south, the American Third Army widened and opened its corridor into the Siegfried line beyond Pruem and made some gains from its bridgehead into Germany across the Our and Sure rivers.

Between the Canadian First Army and the American Third, three other Allied armies were still in line along the swollen Roer waiting for it to subside.

On the eastern front, the Russians reached the Queis river on a nine-mile front 70 miles from Dresden and were expected to cross the barrier without great difficulty. Nazi broadcasts said Soviet forces on the Berlin front had established a new and solid bridgehead across the Oder at Reizwein, 35 miles east of Berlin.

North of Berlin, Russian forces advanced to within five miles of the Danzig-Stettin railway.

In Hungary, the Soviet forces were regrouped to resume offensives aimed at Vienna, Bratislava and Bohemia.

In the Pacific, the end of the battle for Manila appeared in sight after American troops captured Nichols airfield and then pushed along the shores of Manila Bay to take the Cavite Naval Base.

In the city of Manila, the Japanese were waiting off their three year stay in a last orgy of fire and blood. Escaping Filipinos reported that men, women and children were being massacred indiscriminately in enemy-controlled areas.

While the troops were cleaning up Manila American planes struck to the north of the Philippines and raided the Takao and Tainan sectors of Formosa for two days, according to Japanese reports. Meanwhile Admiral Nimitz disclosed he had set up his new advance headquarters for the Pacific fleet at Guam, only 1,500 miles south of Japan.

THE WEATHER  
WEST TEXAS — Fair, not much change in temperature. Fresh to strong winds Thursday.

## Blind Girl And Miss Betty Do A Job For Army

HOUSTON, Tex. (UP)—The skillful, sensitive hands of a 26-year-old blind girl, Miss Mary Lee Chambers, are now working for the United States Army in the government inspection department of a Houston war plant which manufactures gun mounts and shell fuses.

Capt. George G. McDonald head of the Houston regional office of the St. Louis Ordnance District, said, "it was a lucky day for the Army" when she and "Miss Betty" her faithful Seeing Eye dog companion, walked into the personnel office and asked for a job.

Miss Chambers, enthusiastic about the work "which puts her side by side with a brother in the Navy and another in the Seabees," measures apart parts for machine-gun mounts with unerring accuracy. Also passing through her hands are shell fuses, designed to set off explosives among the enemy on worldwide battlefronts.

Full responsibility for perfection in these parts lies with the blind inspector and her fellow workers. And Miss Chambers' fellow workers report that her finger tips immediately discover minute imperfections which might escape vision inspection.

Each morning, with "Miss Betty" as her sole companion, the girl makes the trip from home to the plant. Because of a keen interest in clothes, she can't resist putting a bright flower in her hair to liven up the work-slacks and shirt outfit.

As for postwar plans, Miss Chambers has decided on a shop of her own, but she intends to stay with the Army as long as she's needed and hopes to maintain her "no absences" record for the duration.

**Goes To Jail To Help In Prison Labor Shortage**  
AKRON, O. (UP)—The city jailer and his trustees had manpower troubles, too, and thus welcomed the voluntary services of a 49-year-old Akronite.

The man walked into the police station and asked to be locked up, pleading intoxication. "I want 10 days just to get straightened out," he told the judge. "I want to help the guys out back in the jail."

"Why, sure, you can stay as long as you want," said the judge magnanimously, and gave him a 10-day suspended sentence. The volunteer didn't post bond and stayed at the jail as a "hired hand" for 10 days.

## Former R. J. C. Head Praises College Efforts

Dr. G. C. Boswell, president of Ranger Junior College and superintendent of the Ranger Public Schools has received a letter from former superintendent Dr. W. T. Walton complimenting the souvenir calendar put out by the Junior College.

He stated also, "I want to congratulate you for the fine work you are carrying on because I will never lose my interest in the progress, spirit and service of the Ranger Schools."

## Opportunity For Work Drops Many From Pensions

AUSTIN, Tex. (UP)—Increased employment opportunities have resulted in at least 1,600 persons leaving state assistance rolls during the past six months and a new welfare feature has been inaugurated to help them when jobs begin to fade.

Not all of the individuals leaving the rolls have private employment, the Public Welfare Department explains. In some instances, a family member, previously unable to get work, now secure, a job because of labor shortages, and is thereby voluntarily able to care for the other family member who received a state pension.

The removal of these cases is voluntary on the part of the recipient since the welfare department has no authority to inquire into ability of a child or other relative to provide support in determining pension eligibility and amount.

Those persons who have been taken from aid rolls will be reinstated at the amount of their last pension when jobs terminate. This is where the new phase comes in.

As welfare executive director John Winters illustrates: A pensioner has been receiving \$21 a month. He secures employment and leaves the rolls. Months later the job ends and he asks for reinstatement. Winters says the man will be put back on the roll at \$21 a month. However, within 90 days a welfare staff worker will investigate the man's case. On the basis of the investigation the certification will be kept the same or changed to meet new conditions.

## Paints Bright Picture Of The Future For Women

DALLAS, Tex. (UP)—Ladies, your future looks bright. That was the message of Mrs. Minnie Fisher Cunningham, pioneer champion of woman's suffrage and organizer of the league of women voters, who spoke at the annual public affairs dinner of the Dallas Business and Professional Women's Club.

"We got suffrage after the last war because of what we had done to win it," said Mrs. Cunningham, "and if we are prepared to meet our present opportunities and responsibilities, our chance in the world after this war will be boundless."

## Complaint Sent To New Agency

AUSTIN, Tex. (UP)—A citizen created a new state department recently—at least he addressed a complaint to a new agency. It was a telegram addressed to the "State Gambling Commission". The message said there was not fair play at a gambling place in South Texas.

WASHINGTON COLUMN

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON.—Vice President Harry S. Truman told the 1000 Club that when Bob Hannegan first came to him with the news that he, Hannegan, had been offered the post of Chairman of the Democratic Party's National Committee, Truman advised him not to take it. Hannegan was then Collector of Internal Revenue and Truman told him that was a better job. If Hannegan had listened to Truman's advice, Truman himself might not have been vice president.

Sam O'Neal, Hannegan's new director of publicity for the Democratic Party, is being pushed a little about the unique service which he performed to win this coveted position as successor to Charlie Michaelson and Paul Porter. During the presidential campaign, O'Neal was assigned to cover Dewey for the Chicago Sun, which was all-out for Roosevelt. Dewey got snowed under so what could be more logical than that one of the men publicizing his activities should be made press agent for the opposition.

OFFICE of Defense Transportation's chief of public relations, Charles V. Prinz, thinks that his boss's nickname should be changed. OET Director J. Monroe Johnson first had the moniker "Hotshot" hung on him some years ago when he was in for confirmation as a director of the government-owned Inland Waterways Corporation. Colonel Johnson was asked what he knew about shipping and he said he once had a ride in a rowboat. The name stuck but in spite of it Johnson went on to become an Assistant Secretary of Commerce, and later a member of the Interstate Commerce Commission. As OET Director, however, Johnson has been operating in such high, wide and handsome manner that Prinz thinks he ought to be called "Speedboat."

"ANY lessons learned from the last election?" Democratic Boss Bob Hannegan was asked as he announced plans for organizing the 1946 congressional campaign. "Not a damn one," Hannegan said it helps to have a good candidate."

Dieter Knight, one of the candidates who ran against Silent John Rankin in the primary race for congressman from the first Mississippi district last year, writes in to protest a recent statement in this column that outside money was sent into the district to help defeat Rankin. Knight says he didn't get any of that money, although Rankin later quoted this statement in a speech delivered on the floor of the House. Knight's statement must be correct, however, and corruption is hereby made. In the election, Knight received 678 votes; Rankin got 10,872.

MAX CAPEY is the new president of the All-America Girls' Professional Ball League. Perhaps this makes sense, which is something Carey couldn't make out of the Brooklyn Dodgers. Carey, the old Pittsburgh barnstorming champion, previously pulled his horns out trying to make sense out of the Dodgers in 1935-'37, and wound up being paid for not managing them in '34. The mercenary Brooklyn fans have not yet forgiven Carey, the baseball scientist, scientist and theorist for leading the 1934-35 Brooklyn team to the Pacific Coast League. Carey was paid \$75,000 for the job, but he got 10 free jumps out of Science Lumber, who led the National League and was its most valuable player in '33 and caught and held the Philadelphia Phillies in '33 and '40.

AS the Governor, Carey let a hand in what Branch Rickey, then of the Carolina, considers his top transaction. Rickey traded the spring Brooklyn Braves to the Cubs for Hank Wilson and Tim Lincecum, and then peddled Wilson and Bob Fotheram, an outfielder who didn't amount to much, to Brooklyn for \$45,000. The Dodgers got their money out of the sale of Wilson in the

### 2000 Years of Valentines . . .

Valentines were old-fashioned dress but speak in today's language of love. Above is typical of those going overseas. It promises undying love.

## OVERSEAS VALENTINES

IN 1813 AN ENGLISH WIFE SENT THE FIRST OVERSEAS SOLDIER VALENTINE TO HER HUSBAND IN THE DUKE OF WELLINGTON'S ARMY.

THIS YEAR, YANKS OVERSEAS WILL RECEIVE NEARLY 10 MILLION VALENTINES—AND THAT INCLUDES TOP SERGEANTS TOO.

**2000 YEARS AGO**—ON THE IDEAS OF FEBRUARY ROMAN YOUTHS DREW THE NAMES OF THEIR GIRL-FRIENDS-TO-BE FROM AN URN IN A PUBLIC SQUARE. THUS, THE ROMAN "LOVE-LOTTERY".

**IN 1797** YOUNG SWAINS WROTE VALENTINE VERSES FROM A BEST-SELLER FULL OF ASSORTED VALENTINE SENTIMENTS.

AND IN THE 1830'S MANY A LUCKY SUITOR FOUND A LOCK OF HIS SWEETHEART'S TRESSES IN HIS VALENTINE.

**IN ENGLAND** DURING ELIZABETHAN TIMES YOU THREW AN APPLE THROUGH YOUR BELOVED'S WINDOW ON ST. VALENTINE'S DAY.

**"SHE LOVES ME"** DURING THE GIBSON GIRL ERA, VALENTINE VERSES WERE SHY AND BLUSHING SENTIMENTS LIKE THIS.

BUT TODAY'S SWEETHEARTS WASTE NO TIME OR WORDS. 1945 VALENTINES ARE DIRECT MESSAGES OF LOVE LIKE THIS.

AND FOR MANY YEARS IT WAS BELIEVED THAT THE FIRST PERSON YOU SAW ON VALENTINE MORNING WAS SLATED TO BE YOUR HUSBAND OR WIFE FOREVER.

**Relief At Last For Your Cough**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly silences the cough, permitting rest and sleep, or you are to have your money back. **Are you getting the Right Work Shoe for Your Job?**

**If you work OUTDOORS...**  
 you need a good rugged work shoe made of OIL TANNED leather. Why? Because oil tanned leather resists dampness... stays soft and pliable even after repeated wettings. Not so with your ordinary work shoes! After you've sloshed about in snow or rain they dry out hard and stiff... become uncomfortable... crack! Get WARDS OIL TANNED SHOES... 4.49 to 5.25

**If you do FARM WORK...**  
 you need a work shoe made of tough DOUBLE-TANNED leather. That's because soil and barnyard acids actually rot leathers of ordinary tanning. Double tanning makes leather not just strong and rugged, but doubly strong... doubly resistant to these harmful acids. Get WARDS DOUBLE TANNED SHOES... 3.98

**If you work in a FACTORY...**  
 you need work shoes made of ELK TANNED leather. Why? Because elk tanning makes leather soft and flexible... makes it porous and cool, too... yet tough enough to take good hard wear. Elk tanned work shoes give you real comfort on the job! Get WARDS ELK TANNED SHOES... 2.79 to 3.98
