

about dimmitt castro county

According to an article in the aturday Evening Post last week, nation's colleges and univerties are becoming dens of perdion, scandal pots, and general urveyors of sin in whatever form

nyone could want.

And a week or two ago there as this character who carried a ous around the outskirts of the niversity of Texas condemning gislators who would make it a w for every public school teacher sign an oath that they believed

a Supreme Being. What, you may ask, has this ot to do with us?

Every five or ten years the big. id state supported universities me in for another round of critisms. There are students from mmitt and Castro County atnding the University of Texas, exas Tech, West Texas State and hers. In fact, extremely high rcentages of Dimmitt's gradting seniors go on to attend a llege. When we graduated from e DHS for instance, all but one two of a graduating class of irty-three enrolled in a college

s on higher education in this to see people knock olleges whether they are Mc-SMU, Hardin-Simmons, 'ayland, Rice Institute, or the niversity of Texas. There are ople the type who jump at conusions anytime they hear the ord frog-who would deprive eir youngsters of an education a big school because of awful going's-on."

A student can become a human relict by attnding any college honorable. Their one chief ought is the proper education the public offspring. The unde-

ewball who carried the cross and the border of the Univerof Texas recently protesting islated religion in schools. aracters from everywhere who d to collect together and form organization of pseudo-philosoid wearing turtle-necked sweatbars and its. They are usually male but occasional equally oddballish man can be found with them. ey talk of Freudian philosophies

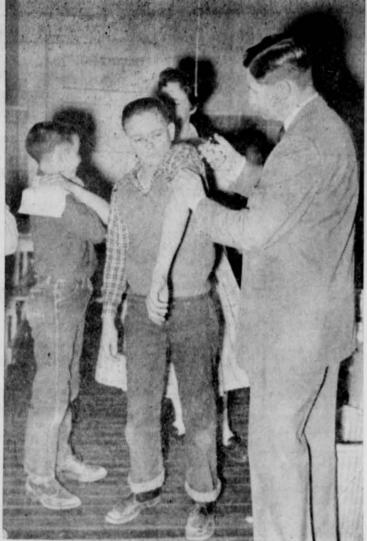

ms around with abandon, interersed with heated discussions on | year arts, offbeat music and the neral idiocy of the masses. sometime profess belief in d but their actions belie their rds. This is a generalization of type and anyone who has ever own a large campus well will cognize most of these charac- Oil.

It was such a type that drug cross around the University npus. He and his buddies wore irds like Castro rebels because y, too, had to rebel against society they held so much in stempt. These people are not resentative of the people there, iversities grant them admisbecause they can't explore idiocracies of all who enroll. then we get to what was ught out in the Post article. at there is too much play in our versities; too many fraternities, many queens and too much

Periodically someone brings up se things before the public and eryone clucks to themselves, ikes their heads sadly and feels ry for the poor mothers of the ildren in that den of iniquity. Invariably everything, from nty raids to excessive drinking ong students, is indirectly reed by someone to the schools. The schools deserve none of the edit for these things, unless perps if their scholastic standards te so low there are free hours such highlinxes.

We would say, on our own of urse and from our own experce, that eighty-five percent the college freshmen who gradte from a large college or unirsity come out as well-rounded rious individuals with the mory of no more than one or more or less improper esca-

ry small proportion of the stu- the Girl Scout Hut.

# \$90,000 City Bond Election Set for Water, Sewer Systems

efore raising the money.

of new improvements. According s possible that the water system, operating at peak eficiency, could

taxes or increased water or be filled during the night when the reclaimed city sewage water, population of around 6.000. demand is low, According to Noble, the city wells cannot pump water making enough right now to into the two water towers as fast y off the bonds in due time, but as it is used up during the sum-City Commission needs the mer. This reservoir, equipped with pproval of the voting citizens pumps for transferring water to

The city lies in desperate need water being supplied by the cit's the City Hall already has a ground of these three units is not consid ered ample "We have to have something

else in the water department this year-that's a must," Noble said this week. A water system that was a model of efficiency for a small town several years ago is no longer adequate for growing

will go for the water improvements. This will consist of a new well, the ground reservoir and pumping equipment plus miscel-

The other big item-costing about \$40,000-is the sewage plant. A few years ago other city officials came to see Dimmitt's model Sewage Disposal Plant. It, too. vas considered a model of effiiency for a small town. It was built to serve a town of 3,500 and do it unattended. But this population has just

about been reached. The system is being taxed to its limits to keep up with the processing it must do. It can be upped only by having a full-time attendant.

The City proposes to modify the present Imhouf tanks which basins. Gravel and sand filtration They said it will be well adapted beds will be added which will permit sewage water to move throug While a small acreage is reported the tanks at a much more rapid pace. Three more drying beds will be added also plus several lagoons

### as a raw material in the paint Businessmen Meet at Arney Prices were reported to have

A farmer-businessman dinne at the Arney Community Building Tuesday night had some fiftyseven persons in attendance to hear a talk by Dr. Tom Longnecker of the High-Plains Research Station at Halfway.

This was the first such dinner of the year and it heralded a series of such dinners expected to be held over the county durin the coming year.

The dinner was served by ladi of the Arney Community Club and ntertainment was by an al ale quartet from Nazareth comed of Francis Wilhelm, Ed Raickers, Paul Venhaus, and E. G. rockman, Jane Doris of Arney ve several accordian renditions. Master of Ceremonies was Edd teLeroy of Dimmitt and introactions were by B. M. Nelson, nanager of the Castro County hamber of Commerce.

Dr. Longnecker discussed the A and B cotton plans and water nd soil conservation plus showing ides of the work going on at Halfway. This included bench eveling of land sloping to a lake nd water conservation measures hich included draining surface ikes for underground water sands

The next farmer-businessman Nazareth next month.

"Today's a great day for me - friend husband earned a day off from work and volunteered to do the wash for me. I see him now lugging a heavy basket of wet clothes out to line - watch his fingers turn blue as that icy wind bitterly blows . . whoops . . . he just dropped a shirt, and it's a mess. (I can't tell what he's saying, but I'll bet he's thinking about an electric clothes dryer) and I think I'll be teady for him - I'll call the Reddy Kilowatt dealer right now about models and prices. Everybody tells me there's one to fit any budget. Say, here's an idea -.f you don't have an electric clothes dryer then get your husband to hang out the wash - just once is all it'll take."

REDDY KILOWATT ELECTRIC APPLIANCE DEALER

# Have you ever listened to the quality of a Cadillac motor car? You hear it everywhere-in the solid and arbstantial sound of a closing door . . . in the almost The standard of the world in imperceptible whisper of its powerful engine . . . and most of all, in the eloquent silence of the car in motion. Visit your authorized Cadillac dealer and give car to the wonderful story told in silence by the 1959 Cadillac. 加到中華,但如何生態。所可以對應有多的數位2

### Get Ready for Cotton Planting

Getting skipy stands of cotton, or a lot of weak seedlings even when you plant good seed? Most seedling diseases are aused either by bacteria or fungi, and they sure do it to you when you give them a chance. The Lubbock experiment station says the seedling disease is caused from lack of calcium, even though the calcium is plentyful in the soil. The number one factor to fight seedling disease is to treat your seed with Ceresan 75, which contains calcium. To my ustomers that I sawed and treated seed for last fall I used Ceresan 75. That is what I am using now for my spring run. Making sure the cotton seedling is getting enough calcium nay do these things: (1.) Keep this deficiency ailment from sappening to any seedling. (2.) Pep up seedlings to a healhier plant. (3.) Boost seedlings which are having a tough ime growing under weather conditions such as cool weaher, I am trying to help my customers get a better stand of cotton, a healthier plant which will mean more money o you on your first planting. You will get a healthier plant by treating your seed with Ceresan 75.

I am now asking for business. I am ready to serve you. Planting time is just around the corner. Who's going to be ate this time in getting their plantingseed ready?

### A Tribute

### To Our Bankers!

Whether in a big marble building or a modest store, your banker is a man who guides the welfare of your money. When rainy days come and you must think of a loan, it is he and his friendly institution that give you a financial umbrella. Always there with service and counsel which can solve many of your individual problems, your banker provides the means to make your life easier and happier. Look upon him as a family friend. Drop in and visit with him and, if you wish, tell him your troubles. You will always find him sympathetic and helpful. He'll lend you a helping hand . . . as well as the money you need!

## Tough-built Chevy truck bulls its way deep into the woods for mammoth loads

This big Series 60 Chevy bulls its way as far as 8 miles into the Louisiana woods, fights over ruts and jagged stumps . . . then grinds back out with towering loads of logs! The Sabine Lumber Company attests to the truck's ability to take it: "Chevrolet makes the best truck for our type of operation."

Out where a truck is known for the beating it can take, Chevy's making friends fast. Truckers like the

way these toughies hold up; the way they wade right in, take their lumps, yet stay in shape.

Today, it's grit that Chevy's showing the truck-

ing industry. Real toughness that pays off in jobafter-job dependability . . . in ability to get work done at least expense. You can match Chevy muscle against any tough light-, medium- or heavy-duty job and know you've got it beat!

Your Chevrolet dealer's ready right now to meet your special work requirements. Stop by and see

No job's too tough for a Chevrolet truck! CHEVROLET
