## President Truman Receives Flag Painting

Three of the six men who raised the flag on Mt. Suribachi, Iwo Jima, called on President Truman along with Secretary of the Treasury Morgenthau who presented him with the original painting of the famous photo tograph. Left to right are: John H. Bradley, PhM2c of Appleton, Wis.; Morgenthau, Truman; Pfc. Rene A. Gagnon, Manchester, N. H.; Pfc. Ira Hayes of Bapchula, Arizona. (NEA Telephoto.)

## Cpl. Butler Is Commended For Service In War

With the 36th "Texas" Division, France—Cpl. Donnie E. Butler, truck driver for the 132nd Field Artillery Battalion of the 36th "Texas" Division, was one of a group recently commended by Major General John E. Dahlquist, Commanding General of the 36th Division for meritorious performance of duty.

The citation stated: "It has been officially reported to me that on 3 and 4 January 1945, you greatly expedited the 80 mile displacement of the 132nd Field Artillery Battalion and the attached elements of the 448th AAA AW Battalion by your exceptionally meritorious performance of duty as drivers. The arduous march, which lasted for 13 and a half hours, was rendered extremely difficult because the ice-coated roads were congested by refugees and a heavy military traffic. The drive was made under completed blackout conditions, in cold, rainy weather and over rough, hilly terrain in spite of the many difficulties with which you were confronted, you reached your destination according to schedule, with no damage to equipment and without a single accident.

The actions of each of you in this instance is exemplary of a fine sense of duty which reflects great credit upon yourself and your organization."

To the official citation, Brigadier General Walter W. Hess, Jr., Commanding General of the 36th Infantry Division Artillery, and Lieutenant Colonel John N. Green, Commanding Officer of the 132nd Field Artillery Battalion, added their personal commendations.

Mrs. Vivian Butler, his wife, resides in Ranger, Texas.

## Special Service For Older Folk To Be On Tuesday

Dr. E. D. Danlop, Evangelist now in a Revival Meeting at the First Baptist Church is making plans for a special OLD FOLK'S SERVICE on Tuesday morning. He has announced that he will preach on the subject—"The Greatness of Being a Christian"—taking his text from the eighth chapter of Romans.

All Older Folk of the community are invited to attend this service. It will be held in Annex No. 2 of the First Baptist Church. Having the meeting in this annex will make climbing steps unnecessary, so that more of the older people will be able to come. Rev. Danlop will lead the group in singing the old hymns.

## Nazi Leaders Flee; Riots On

LONDON (UP)—Leading Nazi party members are fleeing to Norway aboard what planes the Luftwaffe has left, dispatches from Sweden reported today.

Other Swedish reports told of peace riots in Berlin and Munich.

## DESIGN NEW LOCOMOTIVE TO BURN COAL

CHICAGO (UP)—The Pennsylvania Railroad has introduced a new coal-burning, steam turbine locomotive of unique design for freight and passenger service.

The new locomotive, named the "Triplex," succeeds the S-2 type, which was the first direct drive steam turbine built in the United States.

Novel feature of the design is two swiveling trucks, one under the coal compartment and the other under the boiler, which allow the locomotive to take any curve which can be negotiated by a passenger train.

Main sections of the locomotive are changed to include a large coal compartment at the head, followed by a cab and boiler section. The swiveling trucks, consisting of four pairs of driving wheels and two pairs of guiding wheels, will support the entire combination.

A direct drive steam turbine will be geared to the driving wheel of each of the trucks and the pair of turbines will produce 9,000 horsepower together.

The dimensions of the Triplex approximate the largest that can be operated practically on American railroads—137 1/2 feet of track with a wheel base of 122 1/2 feet. The coal compartment will have a capacity of 32 1/2 tons of fuel and the water tender will carry 21,000 gallons.

## Airfield Tower Operators Super Traffic Police

SALINE, Kan. (UP)—Army control tower operators are extra-special traffic cops.

Most tower operators were dispatchers at commercial airports before they entered the service but others didn't know the difference between a tail wind and prop wash. Today they are specialists in an army of specialists.

A release from the Smoky Hill army air base near here says that being a traffic cop is a tough enough proposition on a busy street corner but being the traffic cop who directs aerial traffic at a busy army air field is worse.

They don't stop with just "stop" and go signals. Here's a digest of what these aerial traffic cops do:

Issue detailed instructions to aircraft pilots for take off, flight pattern, landing, taxiing, provide accurate up-to-the minute wind and weather reports, know and be able to use code and voice radio transmission and kinker signal apparatus.

## JAP SHAKE-UP

Tokyo announced a sweeping shake-up of Japan's local administrative authorities today in a move apparently aimed at bracing the home islands for invasion.

## Parley To Cost U. S. \$500,000 To \$900,000

By United Press  
The United Nations security conference at San Francisco will cost the U. S. Treasury some \$500,000 to \$900,000—equal to four war costs for only three to five minutes!

That's about as close as the State Department's budget estimators can come to figuring out what the United States, as host nation to 46 other countries, will shell out for expenses.

This government will foot the whole bill, except for the travel, housing, food and incidental expenses of the conference delegates and advisers of the other United Nations.

The cost to the United States, aside from the expenses of the American delegation and advisers, will include bills for small amounts of equipment, all the alterations required in conference buildings (and their removal afterwards) and the salaries of the 200 to 300 persons in the conference secretariat.

State Department officials say the final cost of the affair will depend on the length. They guess that the conference can last from four to 10 weeks and estimate, therefore, that \$500,000 will be the minimum figure.

Money for the conference will come from the State Department's international conference fund for 1945. It originally totaled \$1,500,000. Earlier conferences, such as the international civil aviation parley at Chicago, have whittled it down to \$300,000.

If conference expenses go beyond \$300,000, the department will have to ask Congress for money. "We don't want to have to do that," a budget expert said.

## Marines Label Lieutenant A Med. Commando

CHICAGO (UP)—Lt. (jg) Marvin D. Courtney, Chicago, is a "medical commando" in his comrades in the 21st Marine Regiment on Iwo Jima.

The Marine earned his unofficial title when, amid the burst of mortar shells around his aid station, he interrupted one operation to perform another.

A man was brought in with a wound which was choking him to death. Lt. Courtney immediately slit the wounded man's throat, clamped the veins and inserted a rubber tube to facilitate breathing.

Just then a corpsman was struck by a shell fragment. Lt. Courtney interrupted the first operation to amputate the corpsman's arm.

Still under fire, the officer performed another amputation the next day.

## Three Sign 4th Lend-Lease Pact

WASHINGTON (UP)—The subject of Russian-American trade relations popped up today with the announcement that Britain, Canada and the U. S. have signed the long-awaited fourth lend-lease agreement with the Soviet Union.

# Russians Besieging Berlin; Heart Of City Being Shelled

## HOLLANDER IS CHAMPION OF SMALL NATIONS

LONDON (UP)—One of the best ball carriers the smaller nations will have in the field at San Francisco undoubtedly will be hard working smooth talking Evelyn N. Van Kleffens, Netherlands foreign minister.

Fifty year old Van Kleffens, who served the Dutch diplomatic service by way of the Royal Dutch Shell Oil Co., will head a delegation that will reflect to a man the tremendous Dutch enthusiasm for the idea of an international security organization. Holland's age old policy of neutrality is gone. This tiny country, which has seen the war's greatest sufferer, wants instead to see a forum where small nations can raise their voices and be assured of justice.

To this end, Holland will work for two goals at San Francisco. First, the Dutch wish to see written into the charter of the new organization a guarantee that its decisions will uphold the principles of justice and morality set forth in the Atlantic charter. A spokesman for Van Kleffens put it simply—"We want to eliminate the Mosch system of expediency."

The second aim of Van Kleffens' delegation will be to work toward elimination of the right of any big power to veto any decision of the world organization. Holland originally championed the cause of the smaller nations in this respect by issuing a memorandum setting forth objections to the original Dumbarton Oaks voting plan. A Dutch foreign office spokesman conceded that Yalta went far toward eliminating these objections—but not all the way.

Van Kleffens feels that if big power veto right is maintained at San Francisco the action should be recognized as a concession to the large nations—and "one in which the smaller nations cannot rejoice."

Van Kleffens will go to the United States fresh from the successful negotiation of a series of economic agreements with Belgium, France, and Luxembourg, which have been hailed here as important steps toward the rehabilitation of European trade.

## Knitters Needed To Complete Red Cross Sock Quota

It was announced Saturday that a quota of knitting has arrived and workers are needed to complete the quota, deadline for which is June 1.

The thread is for knitting socks and 80 pairs are to be made. It is urged that anyone with knitting experience volunteer for the work and if instructions in sock knitting are needed they will be given. Anyone who will volunteer for the work is asked to call Mrs. Loula Martin at 181-J, or Mrs. H. W. Imholz at 303.

## Rev. Cole Will Preach At Ranger Methodist Church

Rev. Wallace N. Dumson, pastor of the First Methodist church, announced today that Rev. William H. Cole will preach at the evening service at the church this evening at 8:00 o'clock.

Rev. Cole is district superintendent of the Caco District and Rev. Dumson stated that he is happy to present this minister for the people to have the privilege and opportunity to hear him.

## Three Sign 4th Lend-Lease Pact

Amorillo, Tex., has purchased six square blocks of land for \$45,000 as a site for a war memorial.

A wartime rationing regulation lasted for 20 years—in ancient Rome. It provided that no woman should own more than an ounce of gold or ride in a carriage in the city. It finally was repealed.

## WITH ATLANTIC FLEET

Mr. and Mrs. R. H. Doe of 602 Bobo Ave., Ranger, have received word that their son, Billie F. Doe, spaman second class, is now serving on the USS Bag Honne Richard CV-31 somewhere in the Atlantic.

He enlisted in the Navy December 14, 1944 and received his training at the USN training center and Camp Elliott at San Diego California.

Seaman Doe was educated in the Ranger schools, graduating from Ranger High school in 1941 and was attending Ranger Junior College at the time of his enlistment.

## Says Mexican Workers Problem Is Up To Farmer

ABILENE, Texas. (UP)—Solution of the Mexican migratory workers problem, says Mrs. Pauline R. Kibbe, Executive Secretary of the Good Neighbor Commission of Texas, "is up to the farmer."

"Farmers make a town," said Mrs. Kibbe in an address to a group of farmers here. "It is up to them to see that the Mexican workers who come to harvest their crops are not discriminated against."

"The real problem however," she added, "is not the refusal of service to Mexican workers, so frequently discussed. The real problem is an economic one. It is the lack of proper housing, lack of health care and sanitation for the Latin-Americans of Texas."

Of 250,000 Mexican children on Texas school census rolls, Mrs. Kibbe said, only 53 per cent are actually enrolled in school.

"We wage a war for the four freedoms. We talk about the Atlantic Charter. What we need to talk about, as well, is raising living standards among our minority groups. What we need to fight for is freedom at home, too."

"We spend money to keep our poor institutions or we contribute through welfare agencies. How much better to spend to keep them well, to help them build the future of Texas. They are a part of our future."

## Dramatic Drive Kills Many Japs

CALCUTTA (UP)—British Armored columns have driven 70 miles south from Muktila, killing thousands of Japanese, headquarters disclosed last night.

The dramatic race which began three weeks ago carried units of the 14th Army to a point just north of Pyinman, within 250 miles of Rangoon.

The Bonin Islands got their name from the Japanese expression, "Munin To" meaning "empty of men," according to the Encyclopedia Britannica. The islands were not inhabited permanently until 1850.

Philadelphia received \$22,315,000 from its one per cent local income tax in 1944, the public administration clearing house reports.

## LT. PLUMLEY SETS 1ST FLAG ON OKINAWA

Mrs. Maad Plumley has received word from her son, Lt. F. H. Plumley, that he planted the first American flag that was flown on Okinawa after American forces invaded that island.

Lt. Plumley who is with the Infantry is a veteran of the invasions of the Marshall Islands and Leyte. He has been in the service of the Army since November 1940, and prior to entering the service had had 9 years training with the National Guards, now the Texas State Guard.

He is a graduate of Ranger high school and attended Ranger Junior College and prior to entering the Army was engaged as a mechanic.

His wife and daughter, Mary Elma, are making their home in Waco while Lt. Plumley is in the service of the Armed Forces.

## Pfc. J. C. Flowers Is Wounded In War In Germany

Mr. and Mrs. Carter Flowers Sr., of Route 1, Ranger were notified Saturday that their son, Pfc. J. C. Flowers, was slightly wounded in action in Germany on April 5.

The message stated that the family will be informed as reports of the soldiers condition are received by the War Department.

## Wants Leaders To Visit Nazi Camps

PARIS (UP)—Gen. Eisenhower has called President Truman asking that American congressmen and editors visit German concentration camps where Nazi atrocities were committed, it was disclosed today.

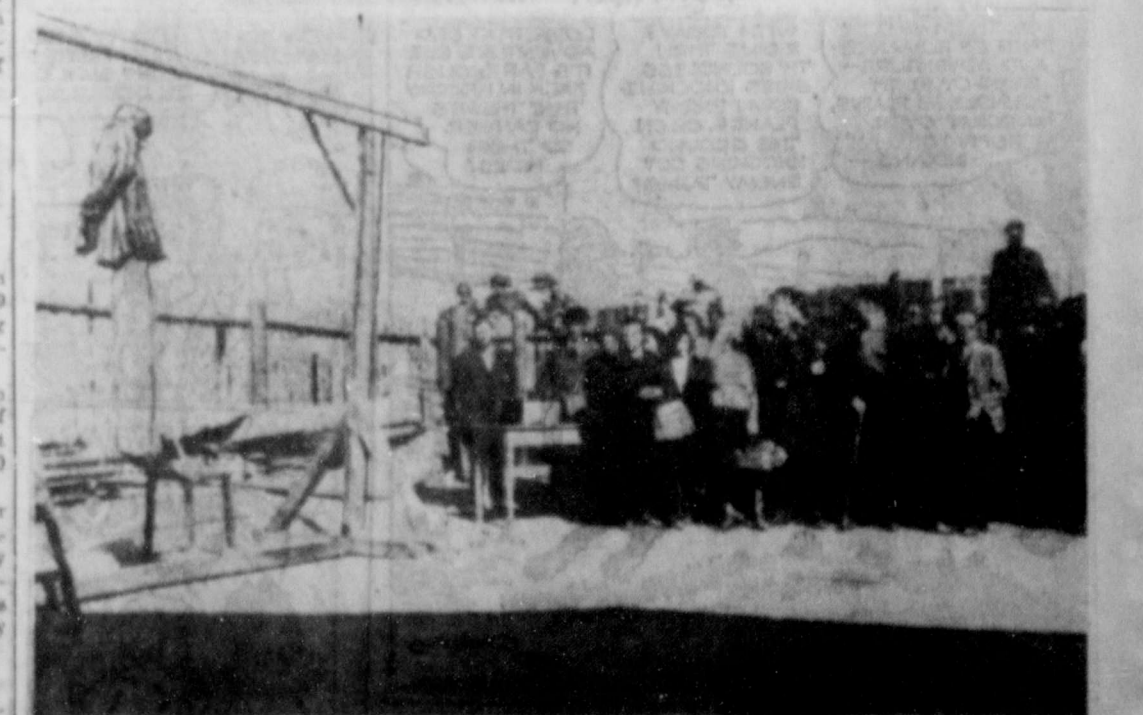

In the Pacific, more than 300 Superforts bombed Kyushu again today and American troops shattered the last Japanese organized resistance on Cebu to complete the conquest of the Central Philippines.

The B-29's hitting Kyushu for the third time in five days, blasted nine bases for the Japanese aircraft planes which were blamed for sinking some of the 15 American war vessels lost off Okinawa and Japan during the last month. A

LONDON—The German DNE news agency said today that Allied troops attempted a major crossing of the Elbe river today at Wittenberg, 62 miles northwest of Berlin.

Pacific Fleet communique announced for the first time the loss of 15 American vessels between

## EXPECTED TO ENTER CITY DURING WEEKEND; ALLIES HEAD TO BAVARIAN ALPS

As Russian siege armies stormed Berlin from three sides today, other Allied forces struck body blows at the crumbling Nazi empire from north, south and west.

Nazi broadcasts said the Russians had reached Berlin's suburbs and artillery shells were falling in Potsdammer Platz and other sections in the heart of the capital. Violent fighting was reported in progress at points three and four miles from the city limits, and even closer. A Moscow dispatch said the Russians were expected to break into the city over the week end.

In Italy, the Allied Fifth and Eighth Armies captured the gate way city of Bologna and spilled over the flat Po plain.

In the west the American Third and Seventh and the French First Army pointed toward the last ditch Nazi stronghold in the Bavarian Austrian mountains on a line of more than 200 miles from Switzerland to northwestern Czech.

Zurich reports said the great Nazi withdrawal into the Bavarian Alps was in full swing. Patton rammled six or more armored spearheads up to or across the Czech border in the direction of Pilsen and Prague as the Seventh Army on his right struck south and southeastward from captured Nuremberg to within fewer

than 70 miles of Munich. Gen. Eisenhower said the meeting of Soviet forces with the Americans should be within the next few days. It was believed first contact might be made with the Ninth or First Army rather than with the Third, now directing its main push into Czech.

Far behind the main fighting front, the French port of Bordeaux was opened to Allied shipping again for the first time in four years after a seven day whirlwind campaign against the Germans by French forces.

In the Pacific, more than 300 Superforts bombed Kyushu again today and American troops shattered the last Japanese organized resistance on Cebu to complete the conquest of the Central Philippines.

The B-29's hitting Kyushu for the third time in five days, blasted nine bases for the Japanese aircraft planes which were blamed for sinking some of the 15 American war vessels lost off Okinawa and Japan during the last month. A

LONDON—The German DNE news agency said today that Allied troops attempted a major crossing of the Elbe river today at Wittenberg, 62 miles northwest of Berlin.

Pacific Fleet communique announced for the first time the loss of 15 American vessels between

March 18 and April 18. During the same period the Americans destroyed at least 100 Japanese ships.

In the Philippines, Gen. MacArthur said that at least 6,400,000 persons had been liberated by the American sweep. An area of nearly 33,000 square miles had been captured, he said.

On Okinawa, advances up to a mile were reported on the four mile line across the southern end of the island.

## Wants Subsidies Rather Than High Tariffs

WASHINGTON (UP)—Assistant Sec. of State William L. Clayton told the House ways and means committee today that in administering reciprocal trade agreements he would "never sell out American industry in order to win some diplomat's victory."

Clayton told the committee that he did not believe high tariffs were necessary to protect development of some American industry. "The payment of subsidies is a sounder, more equitable policy," he said.

## Flood Waters At Orange Rising

ORANGE (UP)—A corps of 30 Army Engineers continued today their attempt to control rising flood waters of the Sabine river near the industrial city of Orange.

The waters, traveling at a speed of two and one half miles per hour from Louisiana, had reached a seven foot crest today 20 miles from Orange.

More candy was produced in the United States in 1944 than during any other year, according to Philip P. Gott, president of the National Confectioners' Assn. A total of 2,750,000,000 pounds was manufactured eight per cent more than in 1943.

### WASHINGTON COLUMN

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON, D. C.—Movements to introduce in state legislatures full employment bills patterned closely on the national full employment bill introduced in Congress by Senators Murray of Montana, Wagner of New York, Thomas of Utah and O'Mahoney of Wyoming, are being watched in Washington with closest interest.

Edson

California is leading off this procession, with a state full employment bill sponsored by the 36 Democratic members of the state legislature. Accompanying the California bill is a resolution memorializing Congress to pass a national full employment bill as a necessary companion piece of legislation to the proposed state law.

A similar bill is expected to be introduced in the New York State legislature in the near future, and from advice and inquiries received in Washington on the federal government to supplement the state aid only to the extent that the state government is not able to meet its unemployment problem for its own citizens.

By incorporating this provision in the California bill, one of the major criticisms of the federal bill has been removed. When Senator Murray transmitted to the Senate without recommendation the first draft of a full employment bill, late in 1944, one of the cries raised against it was that it was more federal paternalism, more making the national government responsible for the welfare of all the citizens without effort on their part.

One of the big kicks against WPA was that it bypassed local governments. By having a state government assume the primary responsibility, the federal government's load would be materially lightened and the move to put more of the functions of government back on the state level would be considerably furthered.

Aside from this one change, the California bill picks up much of the language of the revised Murray-Wagner-Thomas-O'Mahoney bill as introduced in the U. S. Senate in January.

The governor would be required to submit to the state legislature an annual budget estimate on the total state economy, public as well as private, for the following year. Included in the budget would be an estimate of the labor force, and the number of job opportunities. On this basis, the state legislature would be called upon to develop new industries, develop state resources and encourage through state action public works and non-governmental expenditures which would take up the slack in employment. Finally there would be a presentation of the relationship between the state and federal programs.

### SPORTS

BY HARRY GRAYSON  
NEA Sports Editor

If John Byron Nelson hasn't improved on perfection to hold his position as No. 1 golfer, Ty Cobb never made a base hit. David Scott Chisholm can't recall anyone turning in so many phenomenal rounds in championship play, and Scotty saw Harry Vardon win his first British Open.

In bettering his game by slightly more than a stroke a round over what it was a year ago, Byron Nelson has averaged 68.43 for 48 rounds. Since Jan. 1 he has had a 62, four 63s, six 64s, five 65s, nine 66s and nine 67s. Nelson, for several years considered the finest shotmaker from tee to green, sets a record for practically every course he plays.

Samuel Jackson Snead may have a better natural swing, but Nelson is a perfectionist with the superior competitive temperament.

Par 3 holes are largely responsible for Lord Byron's phenomenal rounds. So accurate is he with a wood or iron that he practically knocks out the pin on holes measuring 240 yards or under. He is perhaps the straightest driver and longest iron player who ever sauntered down a fairway.

If Nelson has a fault it is that he can't recover so readily as some of the others.

Nelson, now 33, left Inverness last year to become an official of a large Toledo umbrella factory. He is unusual as a professional because he emerged from the ranks of white collar workers. He studied briefly, but played competitively as an amateur before joining the money ranks. He started by playing week-ends, practiced evenings while working in the auditing department of a railroad and for the publisher of a Fort Worth magazine.

NELSON always preferred irons to woods, traces this to the fact that he didn't have the money to hire a caddy to chase balls. He had to do it himself, so concentrated on the shorter irons.

As young Nelson watched Walter Hagen beat Al Espinosa on the 35th in a P. G. A. Championship semi-final in Dallas in 1928, professional Ted Longworth kept calling his attention to the length of the backswings, pointed out that Nelson used too full a swing, advised him to shorten it. He gradually worked into the three-quarter swing which made him a champion.

Nelson's stance originally was quite close, the right foot back of the left. J. K. Wadley, a member of the Texas Country Club where Nelson first served as a head professional, prevailed upon him to switch to the square stance on longer shots and a slightly open one on the shorter.

### Group Passes Resolution On Death of Member

Resolution passed by the Eastland County Bar Association April 14, 1945. Upon the death of W. J. Adamson.

On the morning of April 13th at the County-City Hospital in Ranger, Judge Walter Scott Adamson passed away. He had been a patient at home and in the hospital for the past several months.

Judge Adamson was born in Jackboro, Texas on August 25, 1882, and resided in Texas throughout his lifetime. Early in life, he began the study of law and began the practice of that profession in Snyder. Soon after he entered the practice of law, he was elected County Judge of Severy County, which position he held for four years. He moved with his family to Ranger in 1919 where he was engaged in the practice of law and resided in Eastland County until the time of his death.

He served for several terms as Fire and Police Commissioner of the City of Ranger; was elected County Judge of Eastland County in the November election in 1935 and assumed the duties of that office in January, 1936. He held this position until January, 1945, at which time he retired, not having offered for re-election.

Judge Adamson was a devoted student of the law, a careful

pleader, a forceful advocate, and an honorable antagonist. He was always frank and candid with the courts and they had confidence in his judgment. He observed in letter and in spirit the highest ethics of the profession. He was of the judicial temperament, and as Judge of the County Court, he conducted the affairs of the office in such manner as to merit the confidence and respect of the lawyers and litigants, and it is believed that he established a record in that position that will be difficult to excel.

He is survived by his wife and one daughter, Mrs. Marguerite Campbell, wife of James Campbell. He was a member of the Methodist Church, the Knights of Pythias, and a Mason of long standing. He was a consistent Christian gentleman who enjoyed the confidence and respect of everyone who knew him.

### Liberal Press Policy Hoped For Conference

SAN FRANCISCO, April 21 (UPI)—Approximately 800 American and foreign newspaper correspondents, radio correspondents and still and movie cameramen will cover the United Nations conference.

If the United States has its way, they will find an "open door" policy for the press.

The final decision on press policy will be made by the conference itself at one of its first sessions. But Secretary of State Edward R. Stettinius, Jr., who will be chairman of the host delegation, has promised his full support for a liberal policy.

The U. S. proposal will be to let the plenary meetings (meetings of the delegates of all countries) and meetings of the principal commissions be opened to the press insofar as facilities permit, to the general public.

Most meetings of the subcommittees will be closed sessions although some of them probably will

be open, too. If that policy is followed, it will be the same as Stettinius was able to get approved for the recent Inter-American Conference at Mexico City.

Stettinius also will hold frequent press conferences. And if his past policy is followed, he also will arrange special background conferences with correspondents to keep them informed of the decisions of the American delegation.

U. S. combat units are now being supplied with an all-steel, water-tight type of trailer which will support a 500-pound load and float with six inches freeboard.

Man O' War, sire of two Kentucky Derby winners, never ran the famed Derby himself. Two of his sons, Clyde Van Dusen and War Admiral, were Derby winners in 1929 and 1937, respectively.

# MIGHTY 7th WAR LOAN

HELP YOUR COMMUNITY TO MAKE ITS QUOTA BY MEETING YOUR PERSONAL QUOTA

BY THIS time last year Victory Volunteers in this community had made the rounds twice to get out fighting dollars for War Bonds. So if you've wondered why no one has called on you yet in 1945, here's the reason . . . The Mighty 7th War Loan (starting May 14) will be TWO GREAT DRIVES COMBINED IN ONE!

And think what that means. All the old rules of buying you set for yourself in the past are out. America's growing battle might is costing more dollars every hour. Only by your purchase of MORE BONDS AND BIGGER ONES in this double drive will you be doing right by the men who fight.

Remember that your community has a quota it will be proud to make. It's made up of all the personal quotas of you . . . your neighbor next door . . . the people up and down your street . . . EVERYBODY in this vicinity. So it's EVERYBODY ALL OUT . . . buy bigger bonds and more of them when the Victory Volunteer calls. Our fighting men are watching what you do!

# Churches

**CHRISTIAN SCIENCE SERVICE**  
 "Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ Scientist, on Sunday, April 22.

The Golden Text is: "If any man be in Christ, he is a new creature: old things are passed away, behold, all things are become new" (II Corinthians 5:17).  
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Yet a little while, and the world seeth me no more; but ye see me: because I live, ye shall live also" (John 14:19).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage" (page 18).

## PERSONALS

Mr. and Mrs. F. Lovell have returned from a weeks visit with their children in Ft. Worth and Dallas.

Mrs. H. S. Cole of Houston is the guest of her mother, Mrs. S. W. Bobo.

Mrs. George A. Rhoades of Emporium, Pennsylvania arrived Friday afternoon for a visit with Mrs. Mamie Ruth Hamrick and with Mr. and Mrs. George A. Rhoades, Jr. and daughter who are here for the week-end from Grand Prairie.

Mr. and Mrs. Finis Langston of Dallas are the week-end guests of Mr. Langston's parents, Mr. and Mrs. F. E. Langston.

Mrs. Robert Riggs left this week for California where she will join her husband, Chief Pharmacist's Mate Riggs, who has been on duty with the navy in the Pacific for the past 20 months. Before entering the service in February of 1942, Chief Riggs attended Ranger Junior College, and was employed as bookkeeper by the Commercial State Bank.

Miss Marjorie Pearsall, a student at T. S. C. W. in Denton, is the guest of her parents, Mr. and Mrs. F. S. Pearsall, for the week-end and has as her house guest Miss Esther Hafer of Clifton and Miss Doris Groves of Olden.

Morris B. George, apprentice seaman, with the United States Navy will leave Sunday to return to his base at San Diego, California after a week's visit with his parents Mr. and Mrs. Edwin George, Jr.

Roy Gray left Saturday to return to his home in Goldsmith after visiting his parents, Mr. and Mrs. L. E. Gray.

**False Teeth Held For Cold Check**

AMARILLO, Tex. (UP)—An angry landlord appeared at the district attorney's office recently with the information that he had cashed a check for one of his roomers and it had "bounced back."

"What is the name of the man?" asked the district attorney. "I don't know," said the landlord. "And he's moved. But he

**HEY, WAIT!**

Those things are **PEACE** Bonds, too!

**BEFORE** you cash a War Bond—wait. Spend a minute thinking of the days when there'll no longer be a War

Chances are you've saved more in those bonds than you've ever saved in your life. And if you keep them till maturity, they'll be worth four dollars for every three you put in! What you're holding there can be a home of your own, some day. Or a start in your own business. College for your kids... And peace of mind for you. There's

no better feeling than knowing the money's there if you really should need it.

But that's not all. Those bonds help guard this country against inflation. The money you spend unnecessarily helps bring on inflation. And that means—well, another depression. Bad times after the war instead of good ones. Bread lines instead of jobs. So take it easy. That's your future you're holding. Hang on to your bonds!

Former Resident Marries Houston Girl In Formal Ceremony March 31

The marriage of Miss Roberta Newlin, daughter of Mr. and Mrs. Lowell T. Newlin of Houston to Ensign Morris L. Newham, U. S. N. R., son of Mr. and Mrs. M. R. Newham of Longview, formerly of Ranger, was solemnized at 7 o'clock Saturday evening, March 31 at St. Paul's Methodist church in Houston. Dr. Dawson C. Bryan officiated.

Miss Charlotte Broden, soloist, sang "I Love You Truly," and "Because," accompanied by Dr. D. Deane Hutchison, organist, who played the traditional wedding marches.

Handsome arrangements of Easter lilies and white stock were silhouetted against a background of palms which decorated the altar space and myriad gleaming tapers in wrought iron standards which cast a soft glow over the bridal setting.

The bride, given in marriage by her father, was lovely in a petal-white taffeta gown fashioned a long classic line, made with shirred bodice and glove-fitting sleeves. The inset yoke of marquisette was richly trimmed with beaded, embossed flowers around the neckline. The folds of the gathered skirt extended into a chapel-length train. Her chapel-length veil of French illusion was capped with a coronet of seed pearls. She carried a white prayer book clasped with orchids and straphanotis and a shower of satin ribbons.

Maid of honor was Miss Margaret Kent and bridesmaids were Miss Marion Holland and Miss Dorothy Marshall. They wore identical blue bonnet styled falls in classic cut with squared V-necklines, jewel length scalloped sleeves and full gathered skirts. Each carried styled bouquets of tulips and yellow iris bound with yellow satin butterfly bows. Each wore a demi-hat of white and blue veiling.

John W. McMillin, brother-in-law of the bridegroom was best man and Roy Goodkate of Dallas and R. T. Jones, U.S.N.R. of Harlingen served as ushers.

Mrs. Newlin, mother of the bride, was most attractive in an afternoon gown of romance blue crepe. She wore a distinctive basket straw hat with matching blue veiling. Her corsage was of sweetheart roses and white carnations. The bridegroom's mother, Mrs. M. E. Newham of Longview, was handsome in a black sheer crepe afternoon dress with sequin trim about the neckline. She wore a smart black Milgrim hat with varnished trim and carried a corsage of sweetheart roses and carnations.

The bride is a senior student at Rice Institute and secretary of the Owen Winter Literary society. The bridegroom graduated from Rice Institute with a degree in engineering. He received his reserve commission at Annapolis and has recently returned from active service in the South Pacific zone.

After a short wedding trip, which included a visit in Longview with Ensign Newham's parents, the couple will be in California where Ensign Newham is at present stationed.

A reception was held at the Plaza hotel in Houston for the wedding party. Many other affairs honoring the bride were held in Houston and a special dinner party following the rehearsal was given at the Houston club Friday evening by Miss Dorothy Marshall and Miss Marion Holland bridesmaids.

HAPPY HOUR CLUB HAS LUNCHEON WED.

Members of the Happy Hour Club met Wednesday at 12:00 P. M. in the home of Mrs. Eula Blackwell for a covered dish luncheon.

The Ranger chapter of the Order of the Eastern Star will meet in regular session Monday evening, April 23, at 8 o'clock. There will also be an initiation, and all members are urged to attend.

YOUNG SCHOOL P. T. A. MEETING HELD TUES.

The Young School P. T. A. met in regular session Tuesday afternoon at the school. Mrs. W. L. Jackson gave a lecture on Safety and Health in Wartime. The next meeting will be held on May 1, at which time Mrs. O. G. Lanier, president of the City Council of Parents and Teachers will install officers, Miss Johnnie Young will be guest speaker for the afternoon.

MRS. JOSEPH HOSTESS AT 1920 CLUB MEET

Mrs. D. Joseph was hostess to members of the 1920 Club when that group met at her home Thursday afternoon at 7:00 o'clock for the regular meeting.

The meeting was opened with a prayer offered by Mrs. G. C. Boswell after which Mrs. Joseph, leader for the afternoon's program, introduced Mrs. A. W. Brady who gave the delegates report on the recent convention of the Sixth District of the Texas Federation of Women's Clubs. Mrs. Brady gave a brief and interesting report of the high points of the meeting including thoughts gained from speakers. Dumbarton Oaks was emphasized as the theme of the meeting and this was discussed at Thursday's meeting in a quiz conducted by Mrs. Brady on the conference.

Mrs. Homer Healy presented the Junior College Chorus and sextette in several musical numbers which were appreciatively received. Miss Frances Ruth Hagaman was accompanist for the songs.

In a business meeting Mrs. Branda was elected delegate to the

state convention of the Federation and Mrs. M. H. Hagaman was selected as alternate. A committee composed of Mrs. Bob Hodges, Mrs. John Thurman, Mrs. H. W. Imholz and Mrs. Floyd Killingsworth was appointed to determine the course of study for the next year.

At the close of the meeting Mrs. Joseph served refreshments to those attending.

REBEKAHS AND ODD FELLOWS HAVE PARTY

In celebration of the 126th anniversary of Odd Fellows members of the International Order of Odd Fellows No. 353 and members of the Rebekah Lodge No. 244 held a joint banquet at the I. O. O. F. hall Thursday night at 8:00 o'clock. The occasion also marked the beginning of a program of joint meetings which are scheduled to be held each month. Banquet tables were laid with white linen cloths and centered with arrangements of roses and honeysuckle. The invocation was offered by C. M. Darnell after the call to order by R. W. Ivy. Following the serving of the banquet the following program was presented; music by Mitchell's orchestra; An anniversary talk by Bill Rainwater; a number by students of Miss Johnnie Young's room at Young School; a quiz rehearsal by Miss Fanny Robinson and J. C. Craver; Play by Miss G. C. Southern, J. C.

Craver, Blackwell and song by Dony Burnett; recognition of Mr. Ivy was oldest member in gathering; talk by Homer Blackwell; talk by Mrs. Craver, noble grand for Rebekahs; presentation of the flag and pledge of Allegiance and the closing number was the assembly singing of "Til We Meet Again.

JUST IN CASE LINCOLN, Neb. (UP)—"It is unlawful" according to an austere reminder by the state safety patrol "for anybody to drive a motor

vehicle on our streets and highways, when they are embracing or have another person on their lap."

Miss Helen McAnelly is in Ft. Worth to spend the week end with Mr. and Mrs. Claude Whitaker. Friday night she was the guest of the Whitakers at the performance of the Minneapolis Symphony Orchestra.
