Picket Lines Broken In Hollywood

Nonstriking film workers go to work at RKO studio in Hollywood. Mass picket lines blocking the worker's entrance to the studio were broken by the police. Police in the foreground line up in front of the strikers to keep them from attacking the workers going to work. (NEA Telephoto.)

RANGER WOMEN'S NEPHEW MADE LIEUTENANT COMDR.

Lieut. Comdr. L. E. Harrison (C), USNR, of Ranger, Eastland County, Texas, has been promoted in rank to Lieut. Comdr., from Lieut. with date of rank as of 29 July 1945, as announced by the Navy Department Selection Board, Washington, D. C., on 27 July 1945.

(Navy Photo)

Lieut. Comdr. Harrison is a graduate of Eastland High School, Eastland, Texas, Class of 1925. He moved to Dallas in September 1925 to attend Southern Methodist University Co-Operative school of Engineering. While in this status he was given part time employment by the Engineering School with the Dallas Power and Light Company, of Dallas, Texas. Comdr. Harrison is the son of the late Luther A. (Buck) Harrison of Cisco, Texas, and the nephew of Mrs. C. E. May and Miss Beulah Harrison of Ranger. He has been active in Dallas Naval affairs since 1931, when he first joined the U. S. Naval Reserve. During the days in the reserve, he was assigned duty with the organized Division IV, in Dallas under Captain Bascom H. Thomas, USNR, and in addition was officer in charge of Naval Communications Reserve Radio Station "NDZ" located in Fair Park Naval Reserve Armory, Dallas.

In March of 1941, he was ordered to active duty to Commandant, 8th Naval District, at New Orleans, La., where he served in the office of the District Communication Officer, under instruction and indoctrination.

Lt. Comdr. Harrison has served in the USS Tuscaloosa, the old USS Yorktown, and the USS Ranger for two and one half years, while attached to the staff of Admiral A. H. Cooke, Commander Aircraft Atlantic Fleet and later Admiral H. D. McWerther, Staff Commander Task Force 22 in the Atlantic on neutrality patrol. His Pacific combat duty includes the strike on Rabaul, November 11, 1943 and later on Tarawa, 1st Truk, Palau, 2nd Truk, the Marshalls and Hollandia. The USS Runkler Hill was the last ship, his duty being that of Assistant Communication Officer in the pre-commissioning detail prior to coming to Daytona Beach Naval Air Station in November 1944 as Communication Officer.

Lt. Comdr. Harrison attended the school of engineering Southern Methodist University, Dallas, Texas, and has been active in communications and amateur radio work since 1923. He holds a FCC

license dating back to 1922, and also holds the first radio license issued by the Federal Communication Commission in Eastland County, Texas.

The Comdr. is a member of the Technical Club of Dallas, Institute of Radio Engineers, Radio Club, Institute of Electrical Engineers North Texas Section and the American Radio Relay League. His wife is the former Dorothy Lindsey of Eastland, Texas. They have two children, Dorothy Jean, age 15, and Jimmy, age 13, now residing at 14 Lantana Terrace, Daytona Beach, Florida. The Harrison's expect to return to Dallas in June 1946. Mrs. Harrison is now visiting in Dallas with her mother and father, Mr. and Mrs. A. J. Lindsey, 719 W. Brooklyn Avenue, Oak Cliff.

Recreational Program Urged For Community

H. F. Mittendorf was in charge of the program for the Rotary club following the weekly luncheon held Wednesday at noon at the Gholson Hotel. Mittendorf presented Coach Jimmie Marshall who spoke on the importance of recreation in community life. Coach Marshall pointed to the fact that the government has spent millions of dollars in building up the health of the nation during war and while no such sum is expected to be spent in peace time, the community should have some kind of planned recreational program, utilizing facilities that are already here.

Dr. C. C. Boswell, president of the club, gave hearty endorsement to the suggestion and appointed the following committee to be active in any such move, F. P. Brasler, B. C. Henderson, Earl Pittman, Dr. W. L. Downtain and Morris L. Kight.

Register Firearms Now

The Bureau of Internal Revenue, United States Treasury Department, desires to bring to the attention of the Public that under the provisions of the National Firearms Act, it is mandatory that certain types of firearms be registered with the Commissioner of Internal Revenue, Washington, D. C.

Firearms of the automatic type, such as machine guns, submachine guns, etc., that have been brought into the country by servicemen or others must be registered.

Information may be secured about the proper procedure by writing, seeing in person or telephoning the following address: Investigator-In-Charge Alcohol Tax Unit P. O. Box 5566 Dallas, Texas.

The real value of a Victory Bond must be reckoned in terms of financial security, freedom from worry, assurance in the future. That's why you must keep Victory Bonds.

ELKS LEARN HOSPITAL READY SOON

Ranger Elks learned Thursday night at a meeting in Breckenridge, that their Grippled Children's Hospital at Octess, near Warm Springs, Texas will likely be ready for use by the first of the year. The building has been completed and is now being furnished.

This was the message that was brought to the meeting by the state president, Raymond Wright of Houston, who spoke on the program at the regional meeting of the North District of Texas held at the Elks club in Breckenridge. He further stated that funds for the project have almost been raised and urged each lodge to sponsor a Thanksgiving ball during Thanksgiving week to complete the raising of funds.

A barbecue preceded the business meeting for the district and other Elks leaders attending were Mr. Rubenstein of Breckenridge, state secretary, Floyd Ford of Dallas, chairman of inter lodge activities, Hooks Lemon of Breckenridge, vice-president, and District Deputy Grand Exalted Ruler Floyd Jones of Breckenridge.

Six lodges were represented at the meeting. They were Ranger, Breckenridge, Wichita Falls, Fort Worth, Dallas and Denison. Those from Ranger who attended were, Joe Todd, H. H. Vaughn, Rev. H. B. Johnson, W. A. Leith, Frank Kribbs, E. F. Arterburn, Sam Kirkpatrick, Leslie Kincaid, Harlan Phillips, R. H. Hanford, O. C. Southern, Otis Hill, E. C. Snowland, H. E. Hicks, Sgt. Bill Brown, H. S. Taylor and Morris Leveille.

Yank Football Team Guests Of City of Bordeaux

Pfc. Russell Quinn, son of Mr. and Mrs. H. L. Quinn, who is stationed with the Army in southern France, has written his parents telling of a recent vacation which he found very entertaining.

To help the boys pass the time the Army has established a sports program, including football. Pfc. Quinn joined the team of his unit and in reply to a request of the city of Bordeaux, two teams were flown to that city for an exhibition game. While there for five days they were the guests of the city which provided rooms and meals, gave them a banquet and a "swell dance."

Schools Will Be Dismissed At 3.00 P. M. Friday

Dr. G. C. Boswell, superintendent of schools, announced today that Ranger schools will close at 3 o'clock Friday afternoon instead of the usual hour.

This is being done so that those wishing to go to the Breckenridge-Ranger game at Breckenridge may complete plans to do so.

Automobile Industry Again Threatened With Walk-out

THEATRE IS INSTALLING EQUIPMENT

D. E. Garner, manager of the Arcadia and Columbia theatres, announced today that a complete set of new movie equipment is being installed in the theatre which will make the booth as up-to-the-minute as any in the state of Texas.

An engineer from the Interstate office in Dallas and an engineer from RCA, together with local electricians and operators will begin work on the installations tonight at 11:00 o'clock and will work through until the equipment is installed.

The new equipment will include two new Simplex projectors; two new Strong High Intensity lamp houses; a new RCA dual sound system, and two new rectifiers. Garner stated that the new equipment will definitely improve the showing of pictures as to light, sound and other qualities.

New RCA sound equipment was recently installed at the Columbia and the two machines that are being removed from the Arcadia will be placed in the Columbia.

Garner said that in view of the fact that the new equipment is so very hard to get now, that he feels the theatre is really getting a boost by getting the new equipment at this time, and it is expected that it will be ready for the Friday night showing.

LEVELLE GETS FIRST 1946 AUTO

To Levelle Motor Company, the oldest Ford dealer in Eastland county, goes the privilege of having the first 1946 model automobile to arrive in Ranger, and the new car, a two-door Super Deluxe Ford Sedan, is now on display in the company's display window on West Main Street.

Morris Leveille stated that orders for new cars will be taken now and that the orders will be filled in the order received. Word from the Dallas office was to the effect that if the present rate of production keeps up, Ford will have hundreds of Fords in every sales area within a few weeks.

The Dallas office also stated that prices on the new cars have not been received from the OPA and until this is received dealer deliveries to the public will be delayed.

Stratford Uses DDT To Combat Paralysis Spread

STRATFORD, Tex. (UP)—Aroused by the infantile paralysis death here of James Brown, 21, 17, this community has combated the disease by using DDT, germ killer, recently released by the Army for use in the civilian market.

School Supt. E. A. Wooten has had all the interior of the school and window facings and screens sprayed with DDT. Even buses have been sprayed. Several hundred gallons of DDT will be used in the community in an attempt to eradicate the disease, he said.

War Casualties Are 1,069,203

WASHINGTON (UP)—U. S. combat casualties were computed today at 1,069,203 for all armed services.

This was a reduction of 429 from last week's total, due to adjustments based on late information from the battlefronts.

-V Bonds Stem Inflation-

FARM BUREAU MEETING IS SCHEDULED

Reconversion and post-war problems confronting agriculture will be the principal topic for discussion by producers of the area at a meeting to be held at Coleman on Tuesday, October 30.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 14 being held throughout the state. J. Walter Hammond, president of the organization, announced. Purpose of these meetings is to bring farm and ranch people first hand information on the immediate problem of post-war prices.

"There is a growing sentiment to lower agricultural prices," Hammond said. "A collapse of farm prices, such as followed World War I, will lead to a break in the entire price structure of our economy. It will take the combined thinking of the best minds in agriculture to map a sound and practical farm program that will insure fair prices and prevent endangering the post war economy of our nation."

The Farm Bureau strives to represent the true thinking of the producers of this state, and it is therefore necessary to call the farm and ranch people in to district conferences to give them opportunity to express their views on these issues of such paramount importance at this particular time, in order that as an organization the Farm Bureau will know what course of action to pursue, Hammond declared.

All farmers are urged to attend this meeting and have a voice in the formulation of a program which they believe will be sound and constructive. Raymond McClrath of Coleman, member of the state board of directors from this district, will preside. The meeting will start at 10:00 a. m. in the American Legion Hall at Coleman.

ASKS RETURN OF BODIES TO UNITED STATES

WASHINGTON (UP)—The House military affairs committee today approved legislation which would direct the war department to return to the United States funeral the bodies of members of the Armed Forces who died on foreign soil.

The measure would apply to members of the Armed Services and civilian employees who died outside continental United States on or after Dec. 7, 1941. Bodies would be returned on application to the war department by the next of kin within five years after termination of hostilities or until an earlier date proclaimed by the president or congress.

New Courses For Jr. Colleges To Be Studied

AUSTIN, Texas—Possibilities of setting up vocational and technical courses in Texas junior colleges will be studied by a committee of three college presidents. Dr. C. C. Colvert, professor - consultant in junior college education for the University of Texas, has announced.

President R. E. Masters of Kilgore College is chairman of the committee, and serving with him are Fred J. B. Boren of Hardin Junior College, Wichita Falls, and Pres. O. B. Archer of Lamar Junior College, Beaumont.

The committee's study will be presented at the next general meeting of Texas Junior College Association.

TWO CHINESE FORCES TIED IN FIGHTING

CHUNGKING (UP)—A Chinese communist communique said today that fighting had broken out nearly three weeks ago between government forces and a brigade of the New Fourth Communist Army. The communique said Kuomintang troops still were attempting to "annihilate" the communists near Hangchow Bay.

The strongly worded communique was issued as reports from an American ship off Tsingtao, nearly 400 miles to the north, indicated that Generalissimo Chiang Kai-Shek's forces and hundreds of thousands of communist troops were on the verge of major clashes.

The communique said that the communists had informed the Kuomintang garrisons that they were withdrawing to points north of the Yangtze river and asked government troops for their retreat.

The communique asserted "their request for a way of retreat northward was ignored by the Kuomintang forces and the east Chekiang brigade had no alternative except to fight their way through the besieging forces after 15 hours fighting."

"The Kuomintang forces are still making every effort to cut off and annihilate the brigade despite the signing of the agreement for peace and unity."

The communique apparently referred to a partial agreement between Chiang and Kao Tse Tung, leader of the Yenan communist regime, announced earlier this month.

Non-Rot, Mildew Cotton Fabric Is Developed

COLLEGE STATION, Tex.—A cotton fabric that will not rot or mildew, and proved possessing such qualities by showing no deterioration after six months burial in the ground, has been developed by scientists of the U. S. Department of Agriculture.

To become rot - resisting, the fabric is treated in a manner similar to the acetate process for rayon, scientists said. Experiments have proven that the fabric is not discolored, sticky or given an odor by the treatment.

This treat will make cotton fabric so treated excellent for use in shipping fruits, vegetables and other food products. Experimenters also believe that the fabric can be successfully used for clothes and for awnings, lawn furniture, tents, fish and tennis nets and other products exposed to inclement weather.

House, Senate To Confer On New Tax Bills

WASHINGTON (UP)—The House agreed today to a Senate request for a conference to iron out differences between House and Senate versions of the 1946 tax bill under which at least 12,000,000 persons will go "off the income tax roll."

Both houses were agreed, however, that at least 12,000,000 present taxpayers would owe nothing to the government next year. They also were agreed on repeal of the \$5-a-year automobile use tax.

We can make the years ahead good years—by using the energy and enterprise, the brains and the will with which we won the war. Make doubly sure of future financial security by buying and keeping Victory Bonds.

OIL WORKERS UNION WILL MEET TONIGHT

A meeting of the Oil Workers International Union, Local 478, will be held in Breckenridge Thursday night, it was announced today.

The chief subject of discussion will be the proposed cut in pay when the nation's oil industries cut back to 40 hours work per week. W. C. Garrett, president of the local, in connection with the meeting tonight stated today, "The Oil workers, as they go back from the 48-hour week with overtime pay, to the normal 40-hour week, don't want their pay checks slashed. They know that prices aren't going to be cut 30 per cent. They know the oil companies can afford to maintain wages."

Mr. Garrett stated that this is the way the union feels about the 52-40 proposal and that "they hoped their neighbors, the average American would see the oil workers' side of the question." All members are urged to attend the meeting in Breckenridge.

Returns emerging from yesterday's strike ballot in the nation's No. 1 industrial empire gave the United Automobile Workers Union—CIO—overwhelming support in its fight for a 30 per cent wage increase throughout the automobile industry.

Across the nation the NLRB election results were of one trend—ranging from 70 to 90 per cent in favor of a walkout in General Motors plants. The scattered unofficial tallies were conclusive.

Despite the strike sentiment, which both industry and labor anticipated, UAW officials said no walkout would be called immediately, or until "we have exhausted every other avenue of remedy for our problem."

However, under the Smith-Connally Act, the 30-day cooling off period elapsed with the end of voting last night and a strike would be authorized, if called, the minute the official results are announced.

Voting was light in most plants, UAW officials charged that, in one case, at Lansing, Mich., a Fisher Body division plant was shut down in a deliberate effort to reduce voting. Company officials denied the charge and said a shortage of materials had forced the plant to close.

Japs Ordered To Break Off All Diplomatic Ties

TOKYO (UP)—Gen. Douglas MacArthur today cut the Japanese government's last link with the outside world.

He ordered the government to turn over all diplomatic, a n d consular archives and property throughout the world to the Allies, to recall to Japan all diplomatic and consular employes, and to cease all but routine contact with foreign governments.

Slowly Going Blind

William P. Bingham, ship's Cook 2-c, right, is the victim of a strange disease which may leave him totally blind. He fears that he will be totally blind before he sees his wife and children who are at present snarled in government red tape in New Zealand. He is visited by his brother, Thomas P. Bingham, of Atlanta, who is also blind. Appeals thru the Navy and Red Cross have failed and Bingham now seeks aid from Congress. (NEA Telephoto.)

Coincidences Reach Maximum For Two Brothers

FOOT WORTH Tex. (CP)—Looks as though coincidence has reached its maximum in its dealings with two brothers at the Ft. Worth Army Air Field.

Staff Sgt. John R. Hawpe, Jr., 22 and Staff Sgt. Alfred R. Hawpe 20, residents of Fort Worth, are both stationed at the Army Air Field here after a long series of battle coincidences that began when the brothers, both aerial gunners, were shot down over Germany, each in a plane on its twenty-first mission.

After they were liberated from German prison camps, they bumped into each other while awaiting shipment home at a French embarkation camp. Returning to the United States on the same ship, they went to Fort Sam Houston together and later reported together at an Army Air Force installation in Miami, Fla.

Here, Alfred and John, both also married, were reassigned to the Fort Worth Field and now work together in the same training class.

They even wear the same ribbons, the Air Medal and the European Theatre ribbon, the only difference being that Alfred's Air Medal has three Oak Leaf Clusters to one on John's, and his ETO ribbon has two battle stars while John has one.

Even before they joined the Army, the two brothers were often engaged in the same activities. They both played halfback on the same junior high school football team here.

Eight percent of the nation's orange crop during the past three years went into Lend-Lease shipments, most of it in the form of byproducts.

Victory Loan "E" Bonds mature for 33 1-3 percent more than the nearer to an independent future purchase price.

Marriage is a Serious BUSINESS

Problems of the Wartime Marriage

PARENTS can do a great deal to keep their children from drifting into unhappy marriages, if they will start early enough in the work of making and maintaining a true home. The home is the place of peace and contentment and of preparation for busy, successful, and happy lives.

Our great-grandmothers were taught that marriage was the only career for a woman, and they were made to feel that a wedding ceremony was the great goal toward which every girl was born to move. The modern girl is taught to look upon her individual career and material success in that career as the only goal toward which an intelligent woman can move, and on marriage as a side dish at the banquet.

The girl whom you wish to save from a possible heartache and the tragedy of divorce should be brought up to steer a middle course somewhere between the old-fashioned idea and the new one. Marriage, home, and children still constitute the ideal career for a woman. They always will. Let her have the career and the profession if she wants to—as a side line. Certainly she should know the happiness of work and the pleasures of independence, both for herself and for her children. But she should be taught that in a home and in children she will find her truest happiness, and the first requirement in that instruction is a belief in the dignity of the home.

The young couple marrying in wartime are obsessed with the

wrong kind of time—the fleeting moments allowed them before the man receives his orders to go abroad. The time that is going to count in the war marriage, like any other, is the long time ahead. If they are to be happy together then, they must stop now to weigh their feeling for each other, their knowledge of each other.

At a time when life is hectic and uncertain when the future seems problematical, it is easy to forget that the day must come when the couple who has married so frantically will have to settle down to a world at peace. When that day comes and the marriage faces its real test, it will be the marriage with the fewest obstacles to hurdle which will have the best chance of survival and happiness. Then the uniform will be gone and the hysteria of war, the stranger will be a husband. If his interests are similar to those of the wife, his culture and sense of values, his attitude toward life, his religion and his background are similar to his wife's, they will have a fair opportunity of coming out all right.

But if they ignored these differences when they got married in haste, if they knew each other so little that they did not even discover what the other was like, they are headed for trouble. The faith of people getting married that "it will come out all right" is like a savage's faith in black magic. You magnify the qualities you like and ignore the qualities you dislike. But marriage is a long affair and the habits that you disregard now cannot be disregarded when you are married.

You are not going to change the person you marry into someone else you approve of. You are going to have to adjust yourself to the kind of person he is. Marriage can bring out your best qualities but it will inevitably bring out the worst, too. Stop and think of these things before you rush in haste to the license bureau.

BARBS

THERE'LL be no tire relief in the September quotas, says the DPA. Leaving a lot of careless drivers flat.

As buffer points get lower and lower, we wonder if folks realize that it's a very good substitute for oleo.

The top Nazis had had their tribulations—now come their trials!

Shoe rationing is expected to end shortly and we're all ready to jump in with both feet!

Bigger and better bath towels won't be available for several months. There's the rub!

The Navy is figuring on putting more room in the seat of sailors' pants. We don't know when—just sit tight, boys!

The new fall hats are on display in the store windows. At least that's what we think they are.

It doesn't seem fair to make discharged war heroes go to banquets just after their other hardships are over.

Opportunity doesn't give a rap if you are asleep all the time.

Urges Dramatics For Veterans' Reconditioning

AUSTIN, Texas — Dramatics as a phase of reconditioning for convalescent servicemen is the ideal shortcut to recovery, W. Owen Parker, University of Texas stage designer, reported today on his return from Camp Upton, Mass., where he served as consultant for the War Department in their joint Army - Navy reconditioning program for disabled servicemen.

Dramatic activities were found to be very effective for men with organic injuries and battle fatigue, Parker said, because in this activity the men could forget their own troubles, and in many instances, actually hasten their own recovery.

"We found out that the dramatic activity brought about 'group feeling,'" Mr. Parker said. "The wounded man often suffers from a sense of isolation, since he is cut off from his friends, and

draws himself into a shell. In the dramatic workshop, which was one phase of the reconditioning program, the men found fellowship and a welcome outlet for hidden talents," he said.

The University designer was a designer - technician at Camp Upton.

Since there were no bedside telephones, it seemed impossible to relieve S-Sgt. Paul Miller's unhappiness at not being able to talk with his wife and hear the cooling and gurplings of the new Miller heir.

Then someone remembered the walkie-talkie radio sets.

Someone else rounded up one for Sgt. Miller and another for Mrs. Miller.

PASTOR WORKS HARD

BLOOMINGTON, Ind. (UP) — The First Methodist church is a large building, accommodating hundreds of worshippers, but attendance has increased to the point that two identical services are being held each Sunday. More than 200 persons were turned away for lack of pews one Sunday, so the Rev. Merrill E. M. Fall invited the membership to take their choice of two morning service hours. He organized an extra choir, being unwilling to ask the regular choir to sing for both services, even though he himself must preach the same sermon twice in a row.

Freedom from want is yours for the purchase of Victory Loan Bonds.

Rebuked Latin Student Devises New Calendar

QUINCY, Mass. (UP) — A 15-year-old sophomore, confused in a Latin class by a discussion of the calendar of the Caesars and the Gregorian, asked his teacher, "Didn't the Caesars mess up the calendar?"

The teacher, thinking the student was being facetious, snapped back, "Do you think you could make a better one?"

The boy, Willard Edwards of Quincy, went home that night and thought up six calendars. Now, 27 years later, one of Edwards' perpetual Calendars is being discussed by Congress.

Many American military men will have to remain on foreign soil for many months to come. To feed, clothe and care for them will take huge sums of money. Your Victory Bond purchases will ease their burdens.

Your Victory Bond savings begin earning profits at the end of the first year.

Wonderfully quick a little Vapo-Nol up each nostril helps open nasal passages—makes breathing easier—when your head fills up with stuffy transient congestion! Vapo-Nol gives grand relief too from sniffling, sneezing, distress of head colds. Follow directions in folder. Check "plate odor" (denture breath). Get FASTTEETH today at any drug store.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTTEETH, an improved powder, sprinkled on upper and lower plates holds them firmly so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's always (and never) there when you need it. Check "plate odor" (denture breath). Get FASTTEETH today at any drug store.

Welcome home

Texas Coca-Cola Bottling Co.

SETS OUT FOR DREAM HOME UP IN ALASKA

SEATTLE (UP)— Mrs. Miriam Mathers, 62 year old widow from Big Piney, Wyo., neared the realization of a five year old dream—a home in Alaska. She has booked passage for herself, her covered wagon, three horses and four goats on a steamer bound for Seward, ending a 5 year fight to conquer the thousands of miles that separated her from her goal.

Driving the wagon carrying two goats, Mrs. Mathers set out for Canada and Alaska from her Wyoming home on Thanksgiving Day, 1940. She was turned back at Sumas, Wash., by border officials, who told her no white woman had ever made the overland journey.

She lived for a time in central Washington and later worked at Conrad, Mont., until she could afford to hire a truck to bring her and her animals—increased by 2 goats and a colt—and gear to Seattle, in the meantime she tried in vain to get permission to travel the Alcan Highway and even wrote to Canadian Prime Minister Mackenzie King.

"We'll get off at Seward," said Mrs. Mathers. "Then I'll hitch up my team and find me a home. Whatever I find up there will be soft to what I've seen."

Serve 'Em A Blend They'll Enjoy

Breakfast is the most critical half-hour of the day. A hearty breakfast, spiced with cheery conversation and good coffee, does more for the spirits than almost anything else. If sour notes and complaints spoil yours, that brand of coffee you've been serving could very well be the cause. Put the family on Admiration Coffee for a week and see if a vast improvement doesn't occur. This rich, mellow blend builds up routine meals and dispositions alike, and lends sparkle and zest to the occasion. You don't have to search for a difference—you'll thrill to the difference on the first sip.

HERE'S A SIMPLE CURE FOR SOUR NOTES

**Admiration
COFFEE**
LUXURIOUS FLAVOR IN EVERY CUP

Idea! TRY THIS TEST
Here's a sly one. Start serving Admiration without letting on to the family. Then after you've had your first week of peace, quiet and "admiration," let them in on the big event.

Newspapers Aid In Hunt For Cat

HOUSTON, Tex. (UP)—Texas newspapers have been requested

to find an Air Corps major and his cat. If the major and his cat isn't found there's little to be troubled in the Larry Borenstein household in New Orleans. Borenstein sold his cat—which

his wife had raised from a kitten to an Air Corps major, who wanted it for "my boys back at a Texas air base." The transaction took place in Borenstein's shop.

"Then he went home and said, 'Honey, I sold our cat and here's the money'—or words to that effect.

"I'll call every air field in Texas if necessary," she said. Mrs. Borenstein took a dim view of the whole deal. She told her husband to write the newspapers of Texas and solicit their help in locating Tabby.

SOCIETY

SENIOR CLASS HAS OUTING, AND PARTY

Members of the senior class of Ranger high school held the second social function of the season when they were entertained with a wiener roast at the Willows Park, Tuesday night.

Following the outing a party was given at the Teen Canteen with about 80 members attending. Mrs. Leslie Hagaman and Mrs. Mamie Ruth Hamrick were sponsors for the social.

YOUNG P. T. A. HAS MEETING ON TUESDAY

The Young School P. T. A. held their meeting Tuesday afternoon at 3:30 in the school house.

Ten 7th Grade Girls gave a musical program. Florence Ashcraft and Betty Jo Penn gave a piano duet.

Mrs. C. E. Maddocks gave a talk on Texas Congress Birthday. Plans were made for a Halloween Carnival to be next Tuesday night at 7:30 in the school building. 25 members were present.

B. T. U. WILL HAVE FELLOWSHIP MEETING

Members of the Training Union of the First Baptist church will be entertained with a fellowship breakfast Friday morning at 7:00 o'clock. All members are invited to attend.

PERSONALS

Hall Walker has returned from a business trip to Ardmore, Oklahoma.

Mrs. Merle Kesner and Mrs. Hazel Smith of Dallas have returned to their homes after a visit with their parents, Mr. and Mrs. H. L. Guinn.

Mr. and Mrs. R. D. Dawn and son of Sherman are the guests of Mr. and Mrs. Roy Dawn.

War Is Over Dad And Son Resume Chess

STATE COLLEGE, Pa. (UP)—A chess rivalry interrupted by war has been renewed by a college professor and his son.

Chess rivals since 1919, Dr. D. H. Dotterer, teacher of philosophy at Pennsylvania State College, and his son Capt. John Dotterer, of the Army Medical Corps, stopped their game long enough for a war. When the son entered the service in 1943, the Dotterers tried to continue their game via mails. But when Capt. Dotterer was shipped overseas the game ended by request of Army censors. "My big ambition," says Capt. Dotterer, who had accumulated five battle stars in seven European campaigns, "is to get to the place where I'll be able to give father a handicap."

For the first few years, the captain sported a nice handicap, but it decreased as his skill increased, and now it's all-even.

Even though the captain won the first game they played after his return from overseas, Dr. Dotterer was reluctant to give him full credit.

"Dad has the perfect system," the Army medic explained. "When he wins, all is well, but when I win he reminds me that he has taught me all I know about chess."

Breeds House Flies To Test Fly Paper Merits

OSWEGO, N. Y. (UP)—Frank J. Smegelsky of this city has one of America's oddest jobs. He's foreman of the Falcon Fly Ranch, which breeds thousands of house flies each week in the interest of science.

Smegelsky is connected with the Diamond Match Company factory here, which makes fly ribbon as well as wooden matches. When new batches of the ribbon are prepared, Smegelsky hangs up five ribbons with five competitor ribbons in a special room. Then he turns 2,000 flies loose. If a later check reveals his ribbons have "outdrawn" the rival's, Smegelsky approves the shipment. If Smegelsky's brand is beaten in the test, he knows the sticky substance lacks "fly allure" and company chemists brew another batch.

The fly ranch was started when war shortages forced Diamond to use substitute ingredients in the fly-catching surface of the ribbon. There is no way to find out if the flies like the substitutes except by trying it on the flies, Smegelsky says.

Textile Course To Be Expanded At Texas Tech

LUFKOCK, Tex. (UP)—Textile engineering at Texas Technological College will undergo major expansion by January 1, 1. E. Parsons, acting head of the textile engineering department has announced. The Texas Cotton Research
