

Champion Bull Becomes Part Of Political Campaign

A real bull has become an issue in the Oklahoma Governor's race. Royal Rupert 99th, Grand Champion Bull worth \$38,000, belonging to Roy J. Turner, extreme right, candidate for Governor, has become the center of the current political campaign. H. C. Jones of Oklahoma City, also a candidate for Governor, has declared that Turner, his opponent, doesn't value his beef stock high enough on the tax rolls. Jones says Turner has purebred bulls on the tax rolls at the low figure of \$60 per head. Turner has said that he paid the tax on his stock according to the weight. NEA Telephoto.

Jaycees Sign Contract With Rodeo Directors

HOUSE SENDS COMPROMISE TO SENATE

WASHINGTON (UP)—The Army today ordered a draft "holiday" for July and August as the House passed and sent to the Senate a compromise bill extending the draft until next March 31. The House approved the draft extension by a 259 to 110 vote. Secretary of War Robert P. Patterson said that even after August the Army will limit draft calls to provide only such manpower needs as cannot be met by voluntary enlistments. He advised Rep. R. Ewing Thomason, D., Tex., that he and Gen. Dwight D. Eisenhower hope that all army needs will be filled "in the near future" solely by volunteers and that an "intensive recruiting drive" is in preparation. The Army decision not to ask for draftees in July and August means an almost total draft "holiday" in those months as navy calls have been inconsequential. Patterson's letter was read to the House just before it approved the compromise draft extension bill. This will permit induction of 19-year-olds, but exempts 18-year-olds, all fathers and most ex-servicemen. A few minutes previously, the House had passed and sent to the Senate legislation providing pay increases for all members of the armed forces. The raises range from 50 per cent for privates and apprentice seamen to 10 per cent for fivestar admirals and generals. The draft extension was approved after the House rejected, 182 to 74, a motion by Rep. Dewey Short, R., Mo., to send the measure back to a Senate-House Conference Committee with instructions to eliminate the 19-year-old group.

C OF C BANQUET THURS. NIGHT

Report from the Chamber of Commerce office are that all committees are functioning and that preparations are going forward with the expectation of serving at least 250 people. The banquet will be held in the Recreation building Thursday night, June 27th, at 8 o'clock. W. F. Creager and T. C. Wylie, who compose the ticket committee, state that the sale of tickets is lively and will probably go beyond their expectations. The decoration committee, composed of the City Floral Co., the Strong Flower Shop and the Peterson Nursery met at the Chamber of Commerce office Monday afternoon and outlined their work of decorating the building, and will meet at the recreation hall late Thursday afternoon to complete their work. The program committee has arranged a snappy program which will be as follows: PROGRAM Toastmaster—Hall Walker President Ranger Chamber of Commerce. Song—"America" Paul McDonald, leader Invocation—Dr. G. C. Boswell Music—Jimmy Metcalf's band DINNER (Served by Mrs. A. O. Hinman and others) Girls' Trio: Leola Usery, Mary McHenry, Frances Ann Eubanks Accompanist, Frances Ruth Hagman "The Latch String"—Mayor J. J. Kelly Introduction of Guests—L. H. Flewellen Address—Hon. Mark McGee

PHILLIPS IS ELECTED NEW ELKS OFFICER

Officers elected at the closing session of the 21st annual State Elks Convention held in San Antonio June 19 through 22 included Harlan Phillips of Ranger who was elected Vice President—Texas North. Floyd D. Ford of Dallas was elected State President. The highlight of this year's convention was a visit to the \$250,000 recently completed Elks Crippled Children's Hospital located in Ottine, Gonzales County, where dedication services were held Thursday. The hospital is now ready to accommodate 40 infantile paralysis patients and plans are underway to increase the size of the structure to house 160 patients. The first patient, a child from Houston, was to be admitted to the hospital today. Fort Worth was chosen for the next association meeting to be held in May, 1947. Delegates attending the session from Ranger included H. L. Hicks Exalted Ruler and Harlan Phillips Past Exalted Ruler.

NEIL DAY Neil Day who has announced as Candidate for Eastland County Tax Assessor and Collector, subject to action of Democratic Primary, has made the following statement: Facts for the voters: I am a native of Eastland County, and 40 years of age. I am a World War II veteran, and member of the Dulin-Daniels Post of the American Legion, and the Karl and Boyd Tanner Post of the V. F. W. Father of five children, 4 girls and 1 boy. Member of The First Christian Church of Eastland, and I am a licensed land dealer and thoroughly familiar with tax matters. My Aim: To give Eastland County the most efficient and up-to-date tax system possible.

BOB ESTES AND H. BROWN TO STAGE BIG AUGUST RODEO

Members of the Ranger Junior Chamber of Commerce Monday night signed a contract with Bob Estes of Baird and Howard Brown of Dublin to stage the Jaycee rodeo at the Ranger Round-Up grounds August 21, 22, 23 and 24. Both men are well known in rodeo and ranching circles and have a wide experience in conducting rodeos. Estes has just staged a rodeo in Abilene and has contracted for one at Pecos and one at Coleman. Brown directed the Cameron Rodeo in May and has contracted to stage the Waco show in August. Jaycees expressed themselves as being highly pleased at being able to bring the two outstanding rodeo directors here for their show and indications are that the show will be one of the biggest and best yet staged in this area. Estes and Brown stated that they are delighted with the new plant where the show will be held. Both complimented the Jaycees on their set up. Officers for the coming year were elected at Monday night's meeting and are as follows: Price Crowley, president; Bob Powell, 1st vice president; J. W. Marshall, 2nd vice president; Arthur DeFebach, secretary; Wilson Guest, Treasurer. Directors are Beauford Anderson, James King, Bruce Harris, Delbert Capps, Nicol Crawford, C. M. Deal, Jr. James Ratliff, Jim Morris, C. E. May Jr., Pete Brasher, Howard Oliver and Ernest Shelton. J. W. McKinney was welcomed as a new member in the organization at Monday night's meeting.

WORLD'S FAIR GROUNDS SITE OF UN HOME

NEW YORK (UP)—When the New York World's Fair closed its doors in October, 1940, it was expected that Flushing Meadows would once again revert to a swamp area overgrown with weeds and thickets. That is just about what happened. But today, almost six years later, Flushing Meadows has new life. They have new significance. They are the site of the new interim home of the United Nations. Some 200 workmen are busy getting the old fairgrounds ready for the meeting in September of the UN's general assembly. The desolation, the decay and stubble of weeds are disappearing.

PA. PACKING PLANTS CLOSE

Eighty Eastern Pennsylvania slaughterers and packing plants at scattered points closed up shop today amid reports that the national meat supply would sink to an all time low before the end of this week. The Pennsylvania slaughterers, members of the Pennsylvania Meat Packers and Retailers Association, petitioned Economic Stabilizer Chester Bowles for temporary removal of slaughter quotas "to permit local operators to take up the slack due to the failure of the western packers to ship supplies."

DUKE & AYRES INC. LEASE BUILDING

Announcement was made this morning that the Duke and Ayres, Inc., has leased the old Woolworth Building on Main street and expect to open about September 1. R. R. Rickard, president, and Carlton Harrison, vice president, of the firm were in Ranger today and stated that plans have been made for the complete redecoration of the building and contracts have been filed with local concerns for this work. They will have a complete line of 5c to \$1.00 items. Duke and Ayres, Inc., has been in business 5 years and owns 42 stores, 40 of which are located in Texas with headquarters in Dallas.

Books From U. S. Help Islanders To Build Boats

NEW YORK (UP)—Vocational high schools in New York City helped a community of "fisher folk" at Crab's Hole, Tangier Island, by forwarding to them instructions in boat building, it was revealed today. Earlier this year, Henry Jander, a teacher of Tangier Island, wrote to the board of education here, recalling that several Tangier Island apprentices were students in New York City trade schools. He asked if the New York authorities had any obsolete books, which might help. George E. Pigott, Jr., associate superintendent of schools in charge of vocational education, searched around and sent the following books to Jander: An outline for carpentry work; the use of Hand Tools and Portable Machinery for beginners in Carpentry; A monograph for practical teaching; suggested series of approved jobs for wood patternmaking; suggested series of approved jobs for boat layout and construction. Pigott recently got a letter of thank from Jander. It said: "It (the books) will be a boon to the fishermen to have some ship carpenters in their midst after a few years."

Pigott recently got a letter of thank from Jander. It said: "It (the books) will be a boon to the fishermen to have some ship carpenters in their midst after a few years."

Terracing Demonstration To Be Held Sat.

On Saturday, June 29, at 9:30 a. m., Mr. R. B. Thomas will give a terracing demonstration on the farm of C. N. Adams which is located 9 miles northwest of Ranger. Mr. Thomas has recently returned from the army to teach Vocational Agriculture in the Ranger High School during the coming year. The terracing demonstration will be for the special benefit of World War II veterans who are enrolled in the agriculture class of the Eastland County Vocational School, but all farmers and ranchers who are interested in the problem of soil and water conservation are urged to attend.

Soft Ball Games Announced

The double header softball game tonight will be held between the Sportsmen's Club and the Jaycees, and Lone Star and Caraway Body Works. Both will be seven inning games. In the games last night, the Sportsmen's Club defeated Moran 3 to 1. Rye was cultivated in New England in 1648.

Rotarians To Honor Ladies

Members of the Ranger Rotary Club will entertain with the annual ladies' night party at the Blue Room of the Gholson Hotel this evening at 8:00. Dr. Grover C. Boswell, president, will preside for the last time before turning the presidency over to Dr. C. L. Jackson. Mrs. Branda will speak on "Why I am Proud My Husband is a Rotarian." Mrs. David Pickrell will give two violin solos. Misses Joanne and Marilyn Jackson will play two piano and accordion selections. C. B. Pruet will be in charge of a quiz program. Max Stirman will give a report on Boys Work During the Year. At the close of the party, C. E. May will offer a toast to the new president, Dr. Jackson.

Mrs. W. L. Dobson Dies In Oklahoma

Word has been received that Mrs. W. L. Dobson of Frederick, Oklahoma, died Monday night in Frederick. Funeral services will be held Wednesday at Alameda cemetery. The exact time has not yet been determined. Mrs. Dobson lived near Chaney for nearly 30 years before going to Oklahoma to make her home. Survivors include five brothers, Henry, Luther and Carl Perrin of Ranger, Delmar Perrin of Fort Worth, John Perrin of Anson and 4 sisters, Mrs. Salley Parrish, Mrs. Andy Lane, Mrs. Virgie Lee of Ranger and Mrs. Mattie Allen of Frederick, Oklahoma.

Dr. Wier Issues Statement

Dr. A. K. Wier, City Health Officer, has issued the following statement: "May we suggest that during this school intermission that parents have all pre-school children immunized against diphtheria, whooping cough and small pox. This is in cooperation with the Parent Teachers Association." Dr. A. K. Wier, M.D. City Health Officer

Prices On Most Types Consumer Goods To Rise

WASHINGTON (UP)—OPA economists said today that prices of many foods and of clothing, furniture, automobiles and most types of consumer goods will rise in varying degrees under the compromise OPA extension bill approved by Congressional Conference. They estimated that increases on clothing and durable goods alone would cost consumers \$1,750,000,000 a year. OPA officials were encouraged at the decision of the conferees to reject a proposal to end ceilings next month on meat, livestock, dairy and poultry products. But they still expected price rises as result of the agreement to end all food subsidies—except on sugar—by next April 1. Through the subsidies, the government absorbs some costs that would otherwise be passed on to consumers. Subsidies now represent about two cents a quart on the price of milk, five cents per pound on meat, 15 to 20 cents a pound on butter, and six to ten cents on cheese. The compromise measure, which extends the price control and stabilization acts until June 30, 1947 would strip OPA of much of its present power and limit other of its many activities.

V. F. W. To Meet

The regular meeting of the Veterans of Foreign Wars will be held Tuesday night at 8:00 in the V. F. W. hall. Reports will be given by the delegates who attended the 25th National encampment at Fort Worth. All members are urged to be present.

Soft Ball Games Announced

The double header softball game tonight will be held between the Sportsmen's Club and the Jaycees, and Lone Star and Caraway Body Works. Both will be seven inning games. In the games last night, the Sportsmen's Club defeated Moran 3 to 1. Rye was cultivated in New England in 1648.

Snyder Becomes Sec'y of Treasury

WASHINGTON (UP)—John W. Snyder today became 53rd Secretary of Treasury and called for a balanced budget—or better—in the fiscal year that starts Monday. With President Truman looking on, Snyder took the oath from Chief Justice Fred M. Vinson, his predecessor as Secretary of Treasury.

Souvenir Routs Thief

MOLINE, Ill. (UP)—A burglar who attempted a second story job on the James E. Tanner residence discovered Tanner collected souvenirs. When Tanner heard a suspicious noise at the window, he investigated, saw the shape of a man, and hurled a Japanese suicide sword at the figure. There was a yelp of pain, and the burglar fled. Tanner's war trophy was only slightly bent, and ready for further use.

Mining Employes Drop

DENVER (UP)—Colorado's mining and oil industries show a drop in employment from both the prewar average and the wartime peak. A census taken recently showed 12,800 men engaged in oil exploitation or mining, which was 1,800 fewer than the number in 1939 and 3,100 less than the wartime peak.

Atom Bomb Crews Ready For Test

Major M. J. Luchinger, Indianapolis, Indiana, right, Army Communications Officers in charge of the "USAT Spindle-Eye", Signal Corps Communication Ship in Kwajalein Lagoon, explains how the Acme Telephoto Transceiver will send pictures back to the United States on the dropping of the Atom Bomb. His two interested listeners are Major H. H. Wood, left, Bordentown, New Jersey, Bombardier, and Major W. P. Swaneutt, Wisconsin Rapids, Wisconsin. Pilot of the Atom Bomb dropping plane. (Joint Army-Navy Task Force Radio Photo From NEA Telephoto).

22 Persons Plead Guilty In Black Market Charge

DETROIT (UP)—Twenty-two of 31 persons indicted on charges of conspiring to operate the largest used-car black market in history pleaded guilty today before Federal Judge Arthur A. Koseinski. Seven others pleaded not guilty and the remaining two were severed from the trial court order. The 31 were indicted last April 19 when the United States District Attorney's Office here announced smashing of a \$3,000,000 black market in which some 5,000 used cars were sold for as much as \$6600 above ceiling prices.

Cpl. Maddox To Receive Discharge

Mrs. E. A. Maddox has received word that her husband, Cpl. E. A. Maddox, will receive his discharge from the Army Air Corps at Fort Sam Houston this week. Cpl. Maddox entered the service in October, 1944, and has spent the past 16 months in the South Pacific area. He is the son of Mr. and Mrs. A. G. Maddox of Route 1, Ranger. When Cpl. Maddox arrives in Ranger, he will see his year old daughter, Elveta Ann, for the first time. Nebraska was the first state in the Union to provide by law for the annual observance of Arbor Day on April 22.

Veterans Should File College Applications Now

Veterans who plan to enroll at some North Texas college this fall should file their applications for school entitlement with the nearest VA office now. Otherwise, said Tom R. Rayburn, manager of the VA Dallas Regional Office, exservicemen will contribute to confusion and delays which have provoked complaints in the past if they go to school without certificates.

Subsistence payments cannot be made by the VA until two steps are taken. First, Mr. Rayburn said the certificate of entitlement must be obtained by the veteran. It shows he is eligible for schooling under the government program, and the amount of time to which he is entitled by length of service. Second, the registrar of the school at which the veteran matriculates files the certificate, shows by indorsement that the veteran has been accepted, and forwards it to the Regional VA office. Until this is received, the

veteran cannot be put on the payroll for either the \$65 or \$90 monthly subsistence check due him.

"A certified photostatic copy of the veteran's discharge is all that is necessary to apply for the certificate, which will be mailed to the veteran shortly after his application," the regional manager pointed out.

"Schools will be crowded to capacity this fall. Former Service personnel should not go to college without certificates. For his own convenience and interest, no veteran should present himself for registration without having his entitlement papers in his hand," Mr. Rayburn advised.

Certificates may be obtained at any VA contact office.

A contact representative from the Mineral Wells office will be in Ranger all day each Saturday in the Post Office Building.

Quilt Cleaning Costs \$202
 SPRINGFIELD, Mass. (UP)—George Busiere of Springfield certainly was "taken to the cleaners." Busiere reported to police that he sent a quilt in which \$202 was hidden to the laundry. Two days later he retrieved the quilt. The money was missing.

Chicks Flown to Prague
 CHICAGO (UP)—High flying chicks, 60,123 of them, were en route to Prague, Czechoslovakia, to help rebuild the poultry flocks of Europe.

The chicks still were in the egg stage when United Nations Relief and Rehabilitation Administration C-54s took to the air with them from here.

The 167 cases of White Leghorn and New Hampshire Red eggs make up the largest shipment ever flown to Europe.

HIS 'WEEP' IS ECONOMICAL
 NEWTON, Mass. (UP)—Unable to buy a car during the war, Edward Hammond decided to make his own. With parts from 16 cars and a mowing machine he fashioned a "Weep"—good for 50 miles on a gallon of gasoline.

GONE ARE THE GOOD OLD DAYS—
 ... when your great grandfather boasted that he bought bananas at a dime a dozen and his farm from the State with only one deed in the chain of title. Today, that same title may have hundreds of transactions in the chain, and as it lengthens defects multiply and enlarge. The abstract is the only means yet devised that attempts to reveal these defects and places them in position for correction. That's why more and more people are demanding an abstract when they buy real estate.

to pass on to mountain combat troops.

The training will include rock climbing, mountain movements, tactics, supply and evacuation, capabilities and limitations of

weapons, clothing and equipment. There will also be instruction and study of methods of loading and lashing and use of pack animals as well as care and conditioning of mules, horses and dogs.

Soldiers at the school will take to the mountains clad in snowshoes and fur-lined garments. They'll skim over the snow on skis, sleds and toboggans.

BLACK ORCHIDS JUST MYTH CHICAGO (UP) — There is no black orchid—it's all a myth, say Chicago florists who have been receiving hundreds of calls for them in the past few weeks.

"The florists are unable to track down the source of this label on nature's reluctance to mother her sturdiest flower in an ebony hue," the Allied Florists' Assn. said indignantly in an attempt to prove to the public once and for all that black orchids do not exist.

Orchid breeders agree that black orchids are an impossibility.

Mrs. Ed Eubank has returned from Waco where she visited her father, who is ill.

Mrs. R. H. McKelvin has just returned home from Waco where her daughter, Miss Avis McKelvin, underwent major surgery Friday at the Hillcrest Hospital. Miss McKelvin is reported to be resting nicely.

Robert Johnson has returned from a visit with friends in Dallas.

SULKY MAKER FINDS HORSE HERE TO STAY

MARION, O. (UP) — Who says the horse and buggy days are gone?

At least they're not gone at Marion, where the world's largest maker of horse-drawn vehicles is deluged by new orders and is enjoying the biggest boom in its 42-year history.

The late W. H. (Bill) Houghton came to Marion and founded the Houghton Sulky Co. in 1904. Since then carriages by Houghton have become widely known in many parts of the world.

Today, 90 per cent of the sulkies on the harness racetrack of America and the majority of the show horse buggies are made by Houghton at Marion.

The sulkies used in the movies "Back Home in Indiana" and "David Harum," were made by Houghton and most of the small vehicles used by Ringling Bros. Barnum & Bailey have the "Houghton" mark.

A completed buggy or sulky represents 90 days of effort on the part of a score of men. Every one of the 150 pieces that go into a racing sulky must be fitted by hand.

In prewar days, Houghton shipped sulkies and buggies to a dozen foreign nations. Recently, orders have started to come in again from Denmark and Brazil.

Robert Johnson has returned from a visit with friends in Dallas.

Your Electric Refrigerator Deserves an

AWARD

For Excellent Service

in the present food emergency

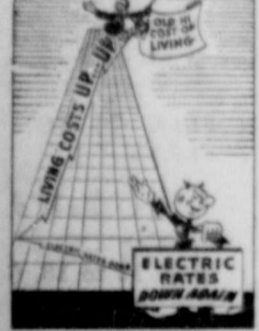

ECONOMICAL — Saving Food... Saving Money

Your electric refrigerator, by saving food and reducing waste, is playing an important part in helping conserve scarce food items during the present food emergency.

EFFICIENT — Saving Time

No other convenience in the home saves so much time. You can safely store food for several meals and keep it fresh and appetizing. Fewer trips to your grocery store are thus required.

The new low electric rates mean that you can operate your electric refrigerator at still lower cost, right at a time when the cost of living is going up.

EVER-READY — Always on the Job

Your electric refrigerator is the one appliance that renders 24-hour service. It is always ready for any emergency, such as providing a bountiful supply of ice cubes, frozen desserts or chilled salads, in addition to its regular job of conserving food.

ENDURING... Lasting... Trouble Free

Most electric refrigerators are several years old, yet many of them have never faltered during these long years of dependable day-and-night service.
