RANGER DAILY TIMES

VOLUME XXVIII

RANGER, TEXAS, TUESDAY, SEPTEMBER 10, 1946

PRICE FIVE CENTS No. 72

Daily subscriber to United Press wire service, bringing the latest world news to readers of the Ranger Daily Times.

Well... I Dunno, But...

We're afraid we'd not make a very good juror because when a young man caught in the trap of his own crime, tells us that he hasn't had any parents since he was four years old, our sympathy is touched.

Information received from the Navy's public relations department is to the effect that Reid Hunter, son of Mr. and Mrs. Hal Hunter, along with his class at the U. S. Naval Academy at Annapolis, Md., was host while the latter were on a good visit to the United States aboard the Brazilian Naval Training Ship Amiranthe Saldanha de Gama.

Only one more day to go if that fall cool spell arrives between the 9th and 11th of September. Indications are that the prediction will go awry this year since the temperatures have been on a steady rise for the past few days with Monday's maximum back up to 91.

Thursday night will mark the opening of the 1946 football season and seems there's more enthusiasm than in his year's prospects than in the last few years.

It sure sounds good to have those 12 letterback and we have a feeling of anticipation for that opening game which will be with De Leon at the Bulldog Stadium Thursday night.

We haven't seen the new suits but they tell us they are beautiful, all silver, maroon and white.

Though Jacqueline Edwards representing Ranger and Betty Ann Harkrider of Eastland didn't place in the Bob Hope Contest held in Ft. Worth Monday night, both towns can well be proud of their representation.

Jacqueline who has been a student of Mrs. Homer Heatly is a pleasing singer and the experience she had singing in the contest will be a pleasant memory for her. She is the daughter of Mr. and Mrs. Jack Edwards.

Betty Ann is a pupil of Wilda Dragoon and sings with the Harmony Girls. She is the daughter of Mr. and Mrs. J. E. Harkrider of Eastland and the granddaughter of Mrs. Frank Jones of Eastland, whose husband is the managing editor of the Eastland Chronicle.

Fans will have an opportunity this afternoon to get something of an idea of how the Bulldogs are going to look this year. At 4:00 o'clock the local team will meet a team from Morton Valley for a scrimmage.

Coach Jimmie Marshall says that the team from Morton Valley is a group of ineligible players that are above the average size for high school players and he thinks the scrimmage will be a tussle.

Heard of a little seven year old girl who just before entering school this year, made the statement that she was about to start to school and that she'd really have her worries.

Rather young to be thinking up something to worry about during the most care free period in her life.

Can't ever recall the time when didn't look ahead to the beginning of school.

Auxiliary And Legion Officers To Be Installed

It was announced today that a joint installation service for officers of the Carl Barnes Post of the American Legion and the Legion Auxiliary will be held at the Legion Hall Thursday night at 7:30 o'clock.

County Judge Lewis Crossley of Eastland will serve as installation officer for the Legion and Mrs. Al Tune installation officer for the Auxiliary.

There's Fire In Them Pods Pardner

U. S. Secretary of Commerce Henry Wallace takes a cautious bite of a genuine Mexican chile, when he was presented with a box of them by Mexican Secretary of Agriculture Marte Gomez, right. Independence Of Mexico To Be Observed Here

Ranger's Mexican population will celebrate the independence of Mexico from Spain in a two day program here September 15 and 16.

Events scheduled will take place at St. Rita's Catholic school beginning at 8:00 P.M. of September 15th and at 6:00 P.M. on September 16th.

Calisto Navares is chairman of arrangements which call for a dance with music furnished by James Metcalf and his band and a parade on September 16th.

Mexico won her independence from Spain in 1810, making this the 136th anniversary of Independence.

Bottle Proves His Undoing COEUR D'ALENE, Ida. (UP)—Edward Alfred Hoyerdahl, 26-year-old army deserter, said he was caught because "the bottle" got the better of him. Hoyerdahl was tracked down from fingerprints left on a bottle of milk which he drank while burglarizing a grocery store.

Rate of blinking the eyes varies greatly, ranging from three to 20 times per minute, according to the Pettey Vision Institute.

Miss America of 1946

Marilyn Buford, 21, of Los Angeles, blue-eyed beauty who won the coveted "Miss America of 1946", gathered her royal robes about her as she coyly posed for photographers. Winning the Atlantic City patent gave Miss Buford a \$5,000 cash scholarship as well as other awards. (NEA Telephoto).

FUNERAL FOR NEIL DON HART HELD TUESDAY

Funeral services for Neil Don Hart were conducted Tuesday afternoon at 3:00 o'clock at the Cheney Baptist church with Rev. William Skaggs of Gorman and Rev. Nugent Baldareo of Carlsbad, Texas officiating. Interment was in the Corinth Cemetery.

The deceased was instantly killed Sunday afternoon about 2:45 o'clock when accidentally shot while shooting at tin cans tossed in the air. According to reports of the accident young Hart and Billy Wayne Reid, long time friends, were engaging in the shooting contest in the back yard of the Reid home in the Alameda community, when Reid, aiming at a falling can, accidentally shot Hart.

Young Hart was born December 19, 1928 at Gorman and had made his home in the Alameda community. He graduated from the Gorman high school the past spring and had been engaged in farming on the family place at Alameda during the summer. He was a member of the Sweet Home Baptist church at Cheney.

He was the son of Mrs. James A. Hart of Alameda and a nephew of Sheriff John Hart of Eastland. Survivors are his mother and the following brothers and sisters, James A. Hart of Lubbock, Jack Hart of Alameda, Foye Hart of Alameda, Carter Hart of Ranger, Cpl. Glen Hart, stationed with the Army at Colorado Springs, Colorado, R. D. Hart of Alameda, Wanda Ruth Hart and Eula Beth Hart of Alameda.

Fallbearers were members of the high school class in which he graduated.

Crash Victim Is Husband Of Former Resident

According to word received in Ranger today, funeral services for James A. Henderson of Dallas who was killed near there in a plane crash Sunday, are incomplete.

Henderson who was the husband of the former Miss Grace Pale of Ranger, was instantly killed when his light plane suddenly plummeted to the earth.

Besides his wife who during her Ranger residence was employed by Chestnut and Smith and later by the Lone Star in Ranger and Dallas, he is survived by two sons, James Henderson, Jr., and Michael Henderson, both of Pilot Point.

Horses in Wyoming were estimated to number 110,000 on Jan., 1946.

Democratic Convention Hits Note Of Discord

MAN WANTED IN TWO STATES TAKEN HERE

Frank Shaw, wanted in California and Arizona to face charges of robbery and check forgery was arrested here Sunday morning about 2:00 o'clock at the Sinclair service station at the corner of Tiffia Road and Highway 80.

The arrest was made by Policemen Richardson, Ames and Morgan who were parked nearby and who were summoned by E. O. Lyle, attendant at the service station.

According to reports of the arrest, Shaw stopped at the filling station for gas and oil and to get his tires changed. As the attendant at the station went to get a tube, Shaw stepped up to him and ordered him to lay down, and then hit him in the head with a rubber mallet. After hitting the attendant, Shaw took Lyle's wrist watch and billfold, money out of the cash register, fog lights, tire tube and tire. Just as he was preparing to drive away from the station a customer drove in for service.

Posing as an attendant, Shaw was servicing the car when Lyle stepped from the door of the station and summoned the officers. The officers, it was reported, had been watching the car.

Shaw made a willing statement to Chief George Gubby and City Secretary E. T. Eubank and signed the statement before being taken to Eastland to be turned over to the sheriff and await the action of the grand jury. District Attorney Earl Conner reported today that the grand jury had not taken any action yet. California authorities notified Chief Murphy to hold the man for them on charges of grand theft.

In Shaw's statement he said that the trail of crimes for which he is wanted started about two months ago in Blythe, California, where he broke into a Mobile Gas Warehouse and took a movie camera and some checks that were made out to H. D. Evans but were unsigned. He later forged the signature of Evans to the filled in checks and still later forged the names on other checks which he made out himself. Before leaving Blythe he stole a 1941 Plymouth two door coach with an Arizona license from in front of a housing project.

From Blythe he headed east and through Arizona and Western Texas as he left a trail of forged checks and robberies. On arriving in Ranger enroute to Ft. Worth on September 8, he stopped at the Sinclair station and asked Lyle to service his car and had fog lights and a tire put on the car.

As Shaw started to pay for the equipment and gas and oil, he explained that he hadn't any money and would have to drive to a telephone to secure more money. Lyle had become suspicious and told him that he could walk to a nearby station. While Shaw was away, Lyle summoned the owner of the station, S. L. Barrett, and they proceeded to remove all of the articles Shaw had purchased. Lyle had taken the precaution while working on the car to disconnect the wires so that the car could not be started.

Shaw was permitted to go on his way to Ft. Worth, where he remained until late Saturday night. In his statement he said that he planned to rob the Sinclair station because he knew that the attendant would be alone and the "job" would be easy.

On questioning, he stated that he had never been in the penitentiary but had served a term in a reformatory in Wisconsin when a boy. He was later paroled to a sister, his parents both having died by the time he was four years old.

Settlers Get Land Break GRAND COULEE, Wash. (UP)—The best land of the 1,029,000 acres in the Columbia basin will be divided into 50-acre farms for settlers when the irrigation project is completed, if the recommendations of a group of planning experts are adopted. Less productive land will be divided into 110-acre farms.

DISTRICT 9AA MEETING HELD HERE SUNDAY

The annual meeting of the athletic coaches and school officials of District 9AA was held in the Blue Room of the Gholson Hotel Sunday afternoon at 3:00 o'clock with John F. Bailey, of Breckenridge, vice-president of the organization presiding.

R. N. Cluck of Cisco was re-elected president, Bailey, vice-president and L. B. Wilson of Weatherford, secretary.

Ticket prices for football games in the district were set at 40c for students, 80c for adults and 90c for reserved seats including taxes.

It was agreed that all bands in uniform and six pep leaders in uniform for each school will be admitted free to all games.

It was brought out at the meeting that a state ruling prohibits boys who played last year on any B team from playing on the A team in another town until they have been in the A team's school for one year.

It was voted at the meeting to continue holding the sessions in Ranger in as much as it is most centrally located in the district.

Those attending the meeting were the above mentioned and J. E. Granstaff, superintendent W. W. Emmons and E. D. Chapman, coach, Weatherford; G. L. Kealey, principal, and Cooper Robbins, Breckenridge coach; J. R. Staleup, superintendent, G. M. Hudson and J. A. Houston, coach, Brownwood; O. L. Stamey, principal, H. J. Fischer and Buek Overall, coaches of Cisco; Dr. G. C. Boswell, superintendent, G. B. Rush, principal, Jimmie Marshall and Onis Warden, coaches, Ranger; C. R. Johnson and T. W. Carpenter of Mineral Wells and J. B. Merril, superintendent, Collin B. Jones, principal and Mike Murphy, coach all of Stephenville.

Eastland Field Presented By Club To School

The Eastland high school football field and lights were dedicated and presented to the high school by members of the Quarterback Club in ceremonies held at the field Monday night.

Conard Reeves made the presentation and the field was put to use in an intra-squad scrimmage.

Among those from Ranger attending the ceremonies and game were E. F. Arterburn, Mr. and Mrs. Walter Arterburn, D. C. Arterburn, Coach Jimmie Marshall, Coach Onis Warden and Mr. and Mrs. Raymond Lingle.

Junior College Registration Begins Wed.

Registration for Ranger Junior College will begin Wednesday morning at 8:00 o'clock at the Recreation building and will continue through Thursday, it was announced today.

Classes will begin Friday morning at 8:30 o'clock and accounts must be paid at time of registration or satisfactory arrangements made for the same.

It is urged that students register as early as possible to speed arrangements for the opening of classes.

Seven Added To A&M School Of Agriculture

COLLEGE STATION, Tex. (UP)—The faculty in the School of Agriculture at Texas A&M College has been swelled by the addition of seven new members.

Dean Charles N. Sheardson announces that six of the new faculty members will be assistant professors and one will serve as an instructor.

Egypt Tightens Laws Against Communism

CAIRO (UP)—King Farouk has signed a decree which will permit amendments to the penal code to check the spread of Communist propaganda in Egypt.

Five new articles, which are being added to the code by the decree, will empower the authorities to take more drastic measures with regard to persons who endeavor "to spread propaganda to change the basic constitutional principles of the country."

The first article punishes by imprisonment for not more than ten years and fines not exceeding £1,000 all those who form or set up in Egypt societies which aim to overthrow the constitutional principles of the country.

Those who spread propaganda with the same end in view are liable to imprisonment for a period not exceeding five years and fines not exceeding 500 pounds.

At the same time, the new amendments punish any person who forms in Egypt—without government authority—societies with "international coloring."

He will be liable to imprisonment for not more than six months and fines not exceeding 50 pounds. Those who join these societies will be punished also.

One of the new articles deals with foreign subsidies or aid. It punishes by imprisonment for not more than five years and fines, not exceeding 1,000 pounds, persons receiving, directly or indirectly, financial or other aid from any person or organization outside Egypt when the subsidy is intended to help the spread of subversive propaganda.

Big Warehouse Leased To C. P. Cloud Company

Edwin George announced today that his warehouse on South Rusk street has been leased to the C. P. Cloud Wool and Mohair Company and is being prepared for the company's use.

The building which was completed about a year ago has been under lease to the Ranger Peanut Company. It has storage space of 6,000 square feet.

Chicago's telephone company reports that calls for weather news outnumber those for the time by a million a year.

There are 630,000,000 acres of forest land in the United States, of which 196,000,000 acres are publicly owned.

OPERATORS OF SHIPS URGE PAY INCREASE

By United Press Ship operators, seeking to end the nation's greatest maritime walk out and fearing that it might grow bigger, today called upon the federal wage stabilization board to grant wage increases demanded by striking shipping union members.

Because of the strike, paralysis gripped the salt water ports of the United States. In New York, it was accentuated by a truck drivers' walkout which was wiping store shelves clean of food stocks and slowly crippling industries.

Chances for an early settlement of the truck strike seemed dim as an AFL teamsters local union official in New York admitted that strike leaders had lost control over rank and file members. He predicted the strikers would take a week or two to "cool off" and settle down to negotiations.

J. J. Bryan, president of the Pacific American Shipowners Association, called upon the board in Washington to approve \$5 and \$10 monthly wage increases which it has refused to grant.

The maritime strike was in its sixth day, and 3,000 ships were idle.

A third major strike—among power employees in the Pittsburgh area was called off today almost as soon as it began.

Fields To Face Contempt Charge For Actions

WASHINGTON (UP)—House Speaker Sam Rayburn, D. Tex., has signed contempt proceedings against Benjamin F. Fields, Washington contract expeditor, for failure to produce records for a special House investigating committee, his office revealed today.

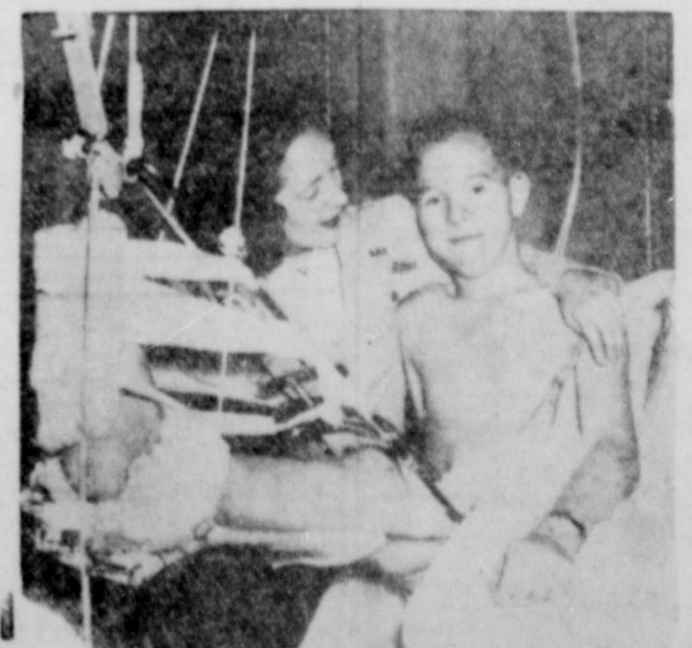

Aides in Rayburn's office said they had received the signed papers this morning. They said the papers will be turned over to federal prosecuting authorities later today.

The papers were signed at Rayburn's home in Bonham, Tex.

Fields was cited for failure to produce records on his transactions in surplus bronze wire screening before a special House committee investigating the disposal of surplus war property.

The city of Galveston is located on an island in the Gulf of Mexico.

Girl With Loving Touch

The girl with the loving touch, is Ruth Fredrick, St. Louis, Mo., who spent 25 months overseas in the ETO during the war with the American Red Cross. Miss Frederick recently volunteered for another years duty in Germany, but before going she gives a little attention to Harry Brotton, 17, Eufula, Oklahoma, who is now in the Veterans Hospital in Muskogee. Being strung up in bed all the time isn't so bad says Harry, if you get this type of treatment. Harry is a Navy vet and has been in the hospital 3 months following an auto accident. (NEA Photo).

ERUPTION COMES AFTER LEADER ASKS FOR HARMONY

SAN ANTONIO, Tex. (UP)—Sept. 10.—The "harmony" Democrats erupted into a flurry of discord today within an hour after it convened.

The trouble came when Joe Dibrrell of Coleman proposed that neither of two contesting delegations from Harris county be placed on the temporary roll of the convention.

Dibrrell availed what he called the "Texas Regulars" delegation certified by the Harris county chairman. He said there was grave suspicion of the party loyalty of that delegation, and he added that two Harris county representatives had been named either delegates or alternates to the Republican State Convention.

In the big San Antonio auditorium where the state democratic party leaders met in a convention that Governor-Nominate Beauford Jester had appealed to be harmonious, there were cries of "throw them out," from the closely packed enthusiastic delegates.

Interpersed among the "throw them out" calls was heard one voice yelling "we need those people" and the convention went in to an uproar of cheers and boos.

Keynote speaker Albert R. Johnson of Dallas, president of the state Democratic Convention today to settle controversial issues "among ourselves as among friends, and present a solid and aggressive front to the world."

Temporary chairman at the enthusiastic gathering of more than two thousand state party leaders, Johnson sounded the unity theme as Texas Democrats awaited developments to see whether this convention would be hectic or harmonious.

Governor Nominate Beauford Jester had appealed for a smooth running convention.

But Johnson, despite his theme, noticeably failed to mention U. S. Senator W. Lee O'Daniel when he commented during his address on the important places held in party and national affairs by Texas state leaders.

He called attention to speaker Sam Rayburn and Former Affairs Chairman Tom Connally—but not O'Daniel. Later he urged the reading of O'Daniel among the list of assistant convention chairmen. Names of all former living governors were on the list.

It was not until well into his speech that Johnson mentioned Jester, but when he did the convention burst forth with applause.

"The present leader of the party," Johnson said, "by his actions and utterances ever since his nomination, has shown us the way toward Democratic unity. He has shown that he will take the middle road. He has proved that he wishes to take no mean or petty advantage of those who in all honesty and sincerity opposed him. His people's path is designed for all the people."

Gov. Coke B. Stevenson, smiling his lips, sat on the platform with the conventions temporary officers.

In early activity, a placard parade calling on democrats to be "loyal" and "make this convention democratic" got a few scattering cheers.

WASHINGTON COLUMN

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—For the next three months the wailing wail of the Congressional candidate will be heard throughout the land.

There isn't much you can do about it, but if you want to be a heckler and have a little fun there are a number of mighty embarrassing questions which can be put to your quiz-kid candidate.

Most of these questions relate to unfinished business which the President is sure to mention in his State of the Union message to Congress next January.

1 Do you, Mr. Candidate, favor abolition of rent controls?
2 If this country should find itself facing still higher prices for everything next winter, would you support tighter price-controls and extension of those controls beyond June 30, 1947?

3 Are you in favor of balancing the budget at the earliest possible moment?
4 Do you favor keeping taxes at present levels to reduce the national debt?

5 Are you for or against the Wagner-Murray-Dingell Bill, which would establish national health insurance, paid for largely by deductions from workers' earnings?

6 As you know, Mr. Candidate, this country needs more housing, not only for veterans but for everybody. Would you vote for a long-range program which would have the government aid in building low-cost housing?

7 Mr. Candidate, do you favor merger of the War and Navy Departments into a single Department of National Defense?

8 How do you feel about extending the draft law, if that should be necessary to provide sufficient armed forces for fulfilling U. S. commitments overseas?

9 Would you be in favor of drafting into the armed services anyone who took part in a strike against an industry seized by the U. S. government?

10 Will you support the United Nations organization through thick and thin, or do you believe in less international co-operation?

11 Do you favor international control of atomic energy? Or do you believe that the U. S. should retain complete control of the secret of atomic energy for as long as it can?

12 Would you favor a billion-dollar loan to and other co-operation with Soviet Russia? Just what are your views on the Russian situation anyway?

If these questions don't give your candidate a bad half-hour, nothing will. Incidentally, what are your own answers to this quiz?

Getting the Cart Before the Horse—

... is the popular way of saying that we act before we think. It is a state of mind not confined to the ignorant, nor to the mentally ill, but to all classes of people, some at times, others at all times. For instance, we buy property without an abstract. We spend several thousand dollars for improvement. Along comes a buyer who thinks before he acts and offers to purchase but wants an abstract first. How about your title Mr. Seller? Can you deliver?

SET YOUR SIGHTS
 It takes a lot of planning to hit a target... even more to achieve a goal

There are two kinds of young men. One knows what he wants to do and goes after it. The other is still looking for his niche. The new Regular Army can help both of them.

Suppose, for example, that you're the first kind. You want to go to college but don't have the money. If you enlist in the new Regular Army, you'll have a chance to earn while you learn. Honorably discharged at the end of a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The U. S. Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, and you'll get \$65 a month living allowance—\$90 a month if you have dependents.

Or maybe you're the man who hasn't found his spot. An enlistment in the Army will put you in touch with the widest selection of jobs. Army schools offer special training in over 200 trades and skills. When you leave the service you can continue your training at the school best equipped to help you.

Set your sights! Enlist in the new Regular Army. You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

- Enlistments for 1½, 2 or 3 years (1-year enlistments permitted for men now in the Army with 6 or more months of service).
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may enlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
- Choice of branch of service and courses thereof (of those still open) on 3-year enlistments.

Twin Melons Not So Rare, Dinuba Editor Thinks

DINUBA, Cal. (UP) — Editor Bill Locke of the Dinuba Sentinel has conceded his news judgement on some agricultural products grown in his area may not be so good.

Several weeks ago he printed a picture of an "unusual" Siamese twin melon. Since then twin cantaloupes, twin watermelons and twin muskmelons have periodically loaded his desk.

His comment on the situation: "The Sentinel is no longer willing to contend that such things are unusual in this district."

Jeep Takes Place Of Pack Mules

WENATCHEE, Wash. (UP) — Ex GIs will not be surprised to hear that a jeep did the work of six pack mules.

The little jeep, belonging to a nearby rancher, kept water supplied to a standby crew of forest fire fighters in rugged Fitcher Canyon. Forest service officials had thought the crew was reachable only by pack mule.

One of them commented, "If I hadn't seen the jeep tracks, I never would believe it."

Applications For Cars Now Ready For Wounded Vets

Forms are now available for veterans who suffered the loss or use of a leg in World War II service to make application for automobiles at government expense, Tom R. Rayburn, manager of the V.A. Regional Office in Dallas, announced today. In the 54 counties under the jurisdiction of the Dallas office, 170 ex-service personnel are eligible for vehicles under the new law.

The contact office in the Sinclair-Prairie Building at Eastland has been supplied forms, and the contact representatives there are available to assist veterans in making their requests.

The VA itself does not make cars available. It is necessary for the veteran to take his completed form to the dealer and negotiate for purchase of a car up to a maximum of \$1,600.

After the form has been completed by an veteran whose leg has been amputated, or who suffered paralysis of his leg, it is mailed to the regional VA office having custody of his compensation file. There an entry is made of the veteran's disability.

The completed form is returned to the applicant, who will take it with his driver's license to the local licensing agency. If his license satisfies requirements of the state motor vehicle law that fact will be entered on his application form in addition to other necessary information such as special driving

attachments required by state law. If the veteran has no license to operate a car, it will be necessary for him to obtain one.

VA warned veterans that the total purchase price for the car cannot exceed \$1,600, and that this must include all special attachments necessary to operate the vehicle safely, as well as any tax reflected in the purchase price. The veteran cannot buy a more expensive car and pay the difference between the purchase price and the VA \$1,600 limitation.

The VA said its records show-

ed the following veterans served by its contact offices eligible for cars: Dallas 42, Fort Worth 26, New Poston 7, Paris 7, McKinney 1, Marshall 5, Mount Pleasant 2, Tyler 11, Eastland 4, Stephenville 2, Mineral Wells 8, Denton 4, Cleburne 4, Sherman 10, Corsicana 6, Greenville 6, Longview 13, and Wichita Falls 9.

College Students Honored Sunday

As a compliment to the college
students of Ranger a fellowship
program was conducted by the
First Baptist church Sunday evening
at the church following the
regular services.
Mrs. D. C. Ham and Mrs. C. L.
Jackson directed the program
which included a three act play
for which impromptu selection of
characters were made. Musical se-
lections were given by Miss Rose-
mary Bruce, Miss Joanne Jack-
son, Miss Betty Reuser and Mar-
ilyn Jackson.
Two minute speeches dedicated
to the college students were given
and the evening closed with the
serving of refreshments and sing-
ing of farewell songs.

Dentist Builds Practice In Cairo, Boston

BOSTON. (UP)—Air minded
Dr. Isaac Gerson of Cairo, Egypt
believes that his is the dental
practice of the future. He is a
practicing dentist in two cities—
5,800 miles apart.

Gerson first came to Boston in
1928 to attend Harvard Dental
School. He returned to Cairo the
following year to begin practicing,
he had been making periodic
journeys from one city to the other
for some years when he decid-
ed to maintain an office in both.

Recently completing his third
flight of the year between the
cities, he plans to stay in Boston
until February. After that he says
he will alternate practices at six
month intervals. His patients in-
clude the royal family of King
Farouk of Egypt.

He is married and has two chil-
dren—a girl born in Boston and
a boy born in Cairo.

AVERAGE COST OF ELECTRIC SERVICE IN HOME
**** ELECTRIC COSTS DOWN 23%***
1937 — 10 YEARS — 1946

Housewives say "thanks" for the
recent reduction in the cost of
their electric service and in the same
breath ask "how can you do it in
the face of higher costs?"

That is a logical question. Facts
are that housewives like to use
electric service — and have been
using it in increasing quantities.
The increased volume of business,
together with savings resulting
from technical progress and lower
costs of capital have enabled us to
make the reduction.

In return we say "thanks for your
increased use" — electric service is
one of the few items in the house-
hold budget which costs less than
before the war.
