## Meat Shortage Decision Is Up To Truman

Well...  
I Dunno,  
But...

Nothing like a fall norther to boost up the spirits of people and one such hit Ranger about 5:00 o'clock Thursday afternoon. In the 24 hour period ending at 8:00 o'clock today that temperature had topped from a maximum of 82 to 48 degrees. An additional .02 of an inch of rain makes the total for October .50 of an inch.

Hayfever victims were looking hopefully at the bright, clear morning wishing that the clouds would stay away and a cold bright night bring the first killing frost of the season.

Barring any unpredictable upset in the weather, it should be ideal for the big steer roping contests which open at the Jaycee Rodeo and Round-Up grounds tonight and continue through Saturday night. Two hours of good entertainment has been promised by officials of the show and indications were that the events will draw big crowds from Texas and New Mexico.

We see that the Ranger High School Juniors are wise people. Rather than wait and count on proceeds from the annual play in the spring to furnish funds for the Junior-Senior banquet, they are beginning now to build up their fund.

First of the money earning events will be a country store to be held in the Recreation building Monday evening beginning at 7:30 o'clock. A program has been arranged to proceed the country store.

The country store is something of an innovation in money raising scheme and promises much entertainment. Store items have been contributed by Ranger merchants. Tickets will go on sale Saturday in front of the Gholson.

Coach Onis Warden says that his B team really put up a good fight against Olden Thursday night but the teaming of the older and more experienced team was a little too much for the boys.

As a matter of fact Olden only beat the B boys one touchdown and a safety and that, we'd say is doing pretty good for holding their own.

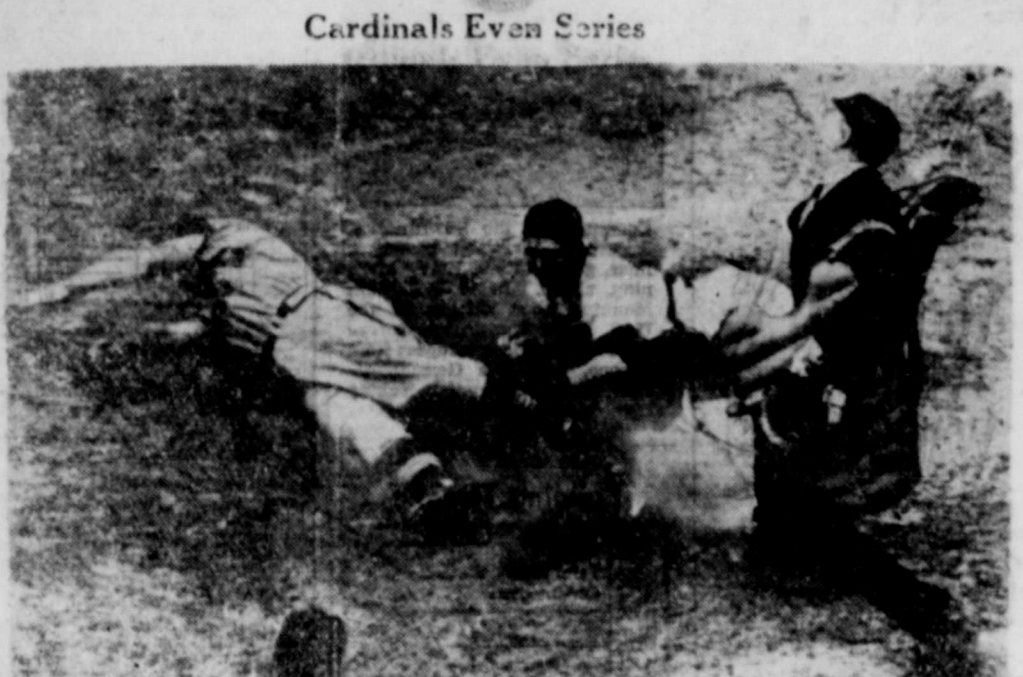

Anyways, those scrappy B team fellows held promise of making an excellent AA team when they come along.

The first play of the game is one that is rarely ever seen and according to Coach Jimmie Marshall who was working the game, one that has happened very few times in his experience.

Ranger kicked to Olden, kicking the ball over the Olden goal line where Red Townzen recovered it for a touchdown. According to the rules of the game, when a ball is kicked as much as ten yards, it goes to the team that takes the ball after the kick. This punt was, of course, for more than ten yards and Olden made no effort to recover it. So when Townzen seized it, it was Ranger's touchdown, and on the first play of the game.

### Counties Fail To Make Use Of Purchase Power

AUSTIN, Tex. (UP)—Counties desiring to purchase surplus war materials have failed to take advantage of an act of the last session of the legislature which would allow them to make purchases through the State Board of Control, it was revealed today. Under the act, counties could make their requests and deposit the money with the Board. However, none have done so, but have called upon the Board only for advice on locating and purchasing materials on their own initiative. Some state schools have been certified by the Board to purchase materials at a discount, but no records have been made of the total value of their purchases.

### OLDEN DEFEATS B TEAM BY 15-6 SCORE

In a game that started with a touchdown on the first play Thursday night, the Olden high school eleven defeated the Ranger B team by a score of 15 to 6. Ranger kicked to Olden, kicking the ball over the Olden goal line where Ranger recovered for the touchdown. When Olden failed to recover the ball a kick of it better than 10 yards and over the goal line, Townzen scooped up the ball for the touchdown.

Olden's first touchdown came in the second quarter when a 57 yard pass was completed to open the way for the score. The second touchdown was made when Olden intercepted a Ranger pass and plowed through the line for the marker. The other two points of the game were made when Olden scored a safety in the last quarter.

Ranger starters for the game were backs, Red Townzen, R. C. Smith, Kenneth Williams, David Williams; RE, Ronald Williams; RT, Russell Edwards; RG, Ralph Gay; C, E. P. Robinson; LG, J. M. Bush; LT, Doc Keener and LE, Truman Fox.

Ranger substitutes were Dean Elder, Buddie Hamrick, Lynn, Bunney, Stiles, Weaver, Campbell, J. Summerall, and Jimmie Lee.

Starting line-up for Olden was RE, Ogden; RT, Garrett; R, G. Edwards; C, Armstrong; LG, Gesta; LT, Nabors; LE, Langston; backs, Woods, Holt, Owens and Matlock. Subs were Griffin, Warren.

### Safety Warnings

- CHICAGO (UP)—The season for moving has come again and is almost gone, but since apartments are scarce, the national safety council aims its fall safety warnings at housekeepers who are changing things around for winter.
- Here are the council's don'ts:
- 1. Don't allow rolled rugs to block doorways.
- 2. Don't permit stray tacks and nails on the floors.
- 3. Don't carry so many odds and ends at one time you can't see where you are going.
- 4. Don't use a rocker or an unsteady chair for a step-ladder.
- 5. Don't use tops of mantels and cabinets as temporary storage places.
- 6. Don't let oily rugs and debris accumulate.
- 7. Don't use highly inflammable cleaning fluids near an open fire.

### Banquet Tickets To Go On Sale This Afternoon

Officials in charge of the Sportsman Club's banquet for the Bulldogs issued a reminder today that tickets for the banquet will go on sale in the lobbies of the Paramount and Gholson Hotels this afternoon at 4:00 o'clock. The sale will continue to 6:00 o'clock this afternoon and those tickets that remain will be sold Saturday at the same locations. Only 125 tickets above those for the squad will be sold and those that want tickets will have to act fast.

The banquet will be held Wednesday evening in the banquet hall of the First Methodist church and will be served by the ladies of the church. A program of music has been arranged and Bulldog boosters will be called upon to make brief talks.

### Homefolk Gather Round Doolittle

DOOLITTLE, Mo. (UP)—The hillfolk of this Ozark village, named after the man who first bombed Tokyo, gathered around their hearth today to hear him talk of cabbage and kings—and call for peace loving peoples to maintain sufficient military forces to impose their will upon any war-making power.

### AVIATION CLINIC TO FACE ISSUES OF COMPETITION

By Carter Bradley  
United Press Staff Correspondent  
OKLAHOMA CITY, (UP)—The aviation industry, faced with cheaper competitive stabs from railroads and other enterprises, will place itself before a mirror during the fourth annual national aviation clinic here Oct. 14 to 17. Clinic visitors may work out new strategies in the growing battle between aviation and other modes of transportation, officials planning the four-day session, said. The officials noted that only in recent weeks have certain railroads been taking direct issue with airline's advertising claims. In the first three clinic sessions, national defense and aviation's part in it was a central topic of discussion, but commercial angles of the industry will take up much of the 1946 clinic program. Among the principal speakers at last year's clinic were Lt. Gen. Ira C. Eaker, then deputy commander of the army air forces, and Adm. Marc A. Mitscher, then deputy chief of naval operations. L. D. Lyman, chairman of the 1946 clinic program committee, announced that Robert Ramspeck, president of the Air Transport Association of Washington, and former congressman, will keynote the clinic. His address, "The Airlines Face The Issue," is expected to set off the discussion of whether the future of rail, bus, steam, and air transportation will be collaboration or competition.

### COUNTY TAX PAYERS BILL IS REDUCED

If taxpayers in Eastland county only knew they would run to meet their postman Monday to receive the cheering news that their aggregate tax bill has been reduced, by approximately \$115,257.63 since "please remit" notices were mailed out a year ago. County Tax Assessor-Collector Neil Day stated that his office will dump into the mails Saturday 7000 statements for state and county taxes and that postmen should deposit them in the mail boxes of property owners about next Monday.

October 1 is the date set by law for the beginning of tax payments and taxes may be paid now although the statements will not be mailed before Saturday.

R. H. Crowe of Okra was the first to pay a poll tax this year. He is 63 years of age and is not required to pay a poll tax. He stated, however, that he had paid one every year since he became 21 and desired to pay it this year.

Tax valuations for Eastland county for 1946 total \$19,079,010; the state rate is .37 and the county rate .60. The County Commissioner's court has allowed a discount of three percent on 1946 taxes paid during the month of October, two percent for those paid during the month of November and one percent for those paid in the month of December.

### U. S. Reassures Greece On Stand Of Aggression

PARIS (UP)—Jefferson Caffrey, American ambassador, to France, assured Greece before the Peace Conference today that the United States would fulfill its United Nations obligations if Greek security should be endangered by an aggressor nation. The U. S. pledge giving Greece "full assurance" was made by Caffrey during general debate on the recommendations for the Bulgarian peace treaty.

The assurance followed Caffrey's observation that Greece had been invaded three times by Bulgaria. Caffrey said the United States would not support Greek claims for "strategic rectification" of her frontier with Bulgaria, meaning claims to Bulgarian territory along the border. He suggested that Greece would find more security in the United Nations than in any such acquisition.

### MRS. PERKINS TO LEAVE SUNDAY FOR NEW YORK MEETING

Mrs. J. M. Perkins leaves Sunday to attend the International Assembly of Women's Peace Conference, to be in New York City October 24. The theme for the conference is "The World We Live In, The World We Want." Three other Texas women will attend the conference.

Mrs. Perkins will attend a dinner for the president and secretary of the United Nations Assembly the 25th. October 25 and 26 Mrs. Perkins will attend a board meeting of the National Federation of Women's Clubs of which she is chairman.

### SAYS SOVIETS TOOK LIVES OF TOP WITNESSES

TOKYO (UP)—An American defense attorney today accused the Russians of deliberately executing important witnesses who could have furnished valuable testimony in the war crimes trial of former Japanese Premier Hideki Tojo and other top-ranking war criminal suspects.

The charge was made by Defense Attorney Ben Blakeney, Oklahoma City, Okla., when the Russian prosecution section presented an affidavit of Kern V. Rodzaevsky, former head of an Anti-Soviet White Russian organization in Manchuria, and announced that a 41 Todzaevsky was recently tried and executed in Moscow.

"We wish to enter our strong protest in this second example of deliberate removal of a witness whose testimony was known to be material here," Blakeney told the Tribunal.

### Ford Challenges CIO To Control Insurgent Moves

DETROIT (UP)—Henry Ford II, president of the Ford Motor Company, today challenged CIO President Philip Murray to control "subversive and insurgent factions... bent on plowing under the whole notion of company security."

Ford's challenge was contained in an appeal to Murray to intervene in an unauthorized strike at the company's River Rouge plant which Ford said ultimately would cost the public 1,400 new cars a day if permitted to continue.

The week long strike of crane operators in the plants open hearth furnace room is depriving the company of 1,700 tons of steel per day, Ford said. The company laid off 100,000 employees last night because of the strike.

Approximately 2,351,000 persons in the U.S. each year play at least 10 rounds of golf a year. More than 63,000,000 games are played annually on the nation's 6,209 courses.

### 3 ARRESTED IN ATOM BOMB PICTURE DEAL

FBI Director J. Edgar Hoover announced the arrest today in Baltimore, Md., of three men on charges of publishing photographs of the atomic bomb.

He identified the men as George Wallace Comer, Miles Frederick Daubenheyer, and James Barnes Rike.

The pictures were obtained, Hoover said, by one of the group when he was in service with a bomber squadron during the summer and fall of 1945 in the Pacific.

Comer, discharged from the Army Air Forces in November, 1945, met Daubenheyer, a naval dischargee, while both were employed at Bel Air, Md., Hoover said.

They went to Baltimore Wednesday to purchase a truck and while there met Rike, an army captain. Hoover said that during a discussion of the war, Comer exhibited six photographs of the atomic bomb to Rike, who suggested their sale to a newspaper for approximately \$7,000.

Thereafter, they contacted the Baltimore News-Post and when representatives of the newspaper became suspicious they notified the FBI and military authorities.

### Students Name Two Officers For 1946-47 Term

Bob Balch and Dorothy Ann Imholz will head the student council of Ranger High School for the 1946-47 term, according to an announcement made this morning. Bob was elected president and Dorothy Ann vice-president at a meeting of the student body held at the school Wednesday. Other officers to be elected at the next regular meeting are a secretary-treasurer and a sergeant-at-arms.

### Higher Wages Add To Housing Crisis

CHICAGO (UP)—Former war workers moved into a higher income bracket, face eviction from public housing to add to the nation's housing crisis, the National Association of Housing Officials reports. Outside of finding homes for veterans, one of today's biggest problems is to find new homes for higher wage earners to make room in public housing projects for those at the bottom of the income ladder. Housing authorities have ruled that people earning from \$1,500 to \$2,000 a year are no longer eligible for public housing projects. The situation has hit thousands of families in Baltimore, Dayton, O., Columbus, O., Seattle, Indianapolis, Houston and Chicago. In Baltimore, for instance, more than 1,800 tenants are due to leave public housing, but they can find no other lodgings. They have been given "rental certificates," while waiting lists of low-income families lengthen. Houston makes higher earners show proof that they cannot find new homes; Chicago is charging high-income tenants "appropriately higher" rents for public housing.

### CABINET MAKES SUGGESTIONS, TAFT ATTACKS IMPORTATION

WASHINGTON (UP)—President Truman and his cabinet spent 1 1/2 hours today discussing means of ending the meat shortage. Mr. Truman took under advisement a number of different recommendations made by his advisers.

Secretary of Agriculture Clinton F. Anderson said the decision was now up to the chief executive. Among plans to relieve the shortage before the President was one proposing importation of foreign meat, including canned beef from Argentina.

Anderson said the question of bringing in Argentina canned meat was brought up in a general discussion of importing meat. Meanwhile, Attorney General Tom Clark said he had ordered the anti-trust division of the justice department to investigate CIO charges that up to 800,000 head of beef cattle are in packers' feed lots in four states and could be slaughtered immediately.

### CINCINNATI, O. (UP)—Sen. Robert A. Taft, R., O., today labeled as "shocking" the "silly proposal" that meat be imported from Argentina while the nation's supply of beef on the hoof was "the greatest ever."

Today's was one of the longest regular cabinet meetings since Mr. Truman took office. Most of the cabinet members tackled reporters' questions when they left the White House, but the reporters literally ganged up on Anderson.

Asked whether they came to any decision today, Anderson said, "We had a discussion," Anderson said. "Everybody put out his ideas and the President is considering the recommendations of all the people who were there."

Anderson said he expected to receive by tonight a report from his staff on the beef industry advisory committee's petition to de-control beef. Depending on the nature of the report and whether necessary figures accompany it, the Secretary said there was some possibility of his taking action on the petition tonight.

WASHINGTON COLUMN

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—The sad spectacle of New York tied up by shipping and trucking strikes, plus the apparent break-down and revision of the government's wage and price stabilization programs, again revive interest in how a second round of wage increase strikes can be avoided.

Edson

When Congress had before it President Truman's program for compulsory cooling-off, fact-finding and the drafting of workers who strike against the government, one of the experts called in for evidence by the Senate Labor Committee was Dr. William M. Leiserson.

"Uncle Billy" Leiserson is one of the country's few labor statesmen. He was a garment industry arbitrator for years. He was for six years chairman of the National Mediation Board, handling railway labor disputes. He is now on a special labor research project for Johns Hopkins University.

Before the Senate Committee, Dr. Leiserson severely criticized the whole idea of strike-control legislation "with teeth in it." Asked if he could draft a bill with a better idea, he said that he could and he would. He did. But the committee didn't like his idea. They buried it. It is here and now dug up for a look.

DR. LEISELSON says candidly that his ideas are unpopular today. Ten or 20 years hence, after other ideas have been tried and have failed, he thinks someone may give his ideas a try. He has long held that the only way labor peace can be attained is through more voluntary negotiation and arbitration, and he still believes it.

In brief, his proposal is to set up three new agencies in the Department of Labor, a Federal Mediation Board, an Arbitration Division, and a Board of Adjustment.

The Federal Mediation Board would be called in by either side in a labor dispute, to encourage settlement by direct negotiation, mediation, conciliation.

If agreement could not be reached in this manner, the dispute would automatically go to the Arbitration Division, which would attempt to induce labor and management to name a board of arbitration.

UNDER this Arbitration Division would be the Board of Adjustment. Its function would be to settle grievances arising under a contract in force.

The principal function of the Board of Adjustment would be to maintain a roster of referees available on call to adjust grievances, and to assist in the establishment of state, local or industry boards of adjustment to settle grievances.

If all these agencies failed in the settlement of disputes seriously affecting commerce and the public interest, the Federal Mediation Board would be empowered to call upon the Secretary of Labor to name an Emergency Fact-Finding Board of three or more members, to investigate and make recommendations for settlement.

SPORTS

BY HARRY GRAYSON, NEA Sports Editor

THE first 100 years are the hardest, said Dumb Dan Morgan of one, but in the case of this fall's Oklahoma football squad the first three games.

fooling with the modern T with under a new coach, Jim Tatum, all the Sooners are asked to do is tackle Army, Texas A and M and Texas on successive week-ends.

Army, practically intact with the exception of tackle Tex Coulter, smacked a big Villanova team, 35-0, on a wet and slithery field, making it 19 straight.

Homer Norton has been building the current collection of Texas Aggies since 1942, calls it the strongest he has ever had. College Station belted North Texas State, 47-0, by way of introduction.

Texas has five backs who run 100 yards in 9.8 or swifter, plus Bobby Layne. An overwhelming choice to come down in front in the Southwest Conference, the Longhorns served notice by flattening Missouri, 42-0.

Oklahoma finishes the campaign against Oklahoma A and M, which made it 20 in a row against college competition by bowling over Denver, 40-0.

INDIANA'S upset by Cincinnati was not nearly as surprising to those close to the Hoosiers' situation as it was throughout the land. Bo McMillin sorby misses last year's Negro freshman, George Taliaferro, now in the Army. Taliaferro was the life of the unbeaten Bloomington party of 1945.

Indiana lost the regulars, Bob Ravensberg and Ted Kluszewski, and three other ends. Uncle Sam took Ravensberg and professional baseball Kluszewski. This is forcing Coach McMillin to employ safelbacks and others unaccustomed to playing end at the positions.

McMillin knew the Hoosiers were not set together properly, and on top of that fullback Pete Pihos, the bellwether, came down with a strep-throat, and, while he scored the home guards' one touchdown, wasn't himself.

McMillan doesn't want to take anything away from Cincinnati, which has a big, fine and alert team, but points out that the Hoosiers made enough mistakes for three or four games.

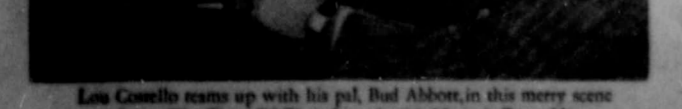

No fewer than 42 scouts, including Wallace Wade and Eddie Cameron of Duke and Jack Lavelle of Notre Dame, kept their eyes glued on Army as the cadets obtained another flying start at the expense of a Villanova club that had walloped the Merchant Marine Academy, 40-4.

While a Midwest operative mildly criticized the down-field blocking of West Point's new tackles, the consensus was there was nothing wrong with the Future Generals that a dry field won't cure.

Why, even the usual reticent Red Blaik was high on his club following its 1946 unveiling. There is no cause for apprehension in regard to Doc Blanchard. It was a simple kick on the calf that prompted Coach Blaik to keep Mr. Inside under a blanket throughout the second half.

It was pleasing to the young men in gray to see Junior Davis, Mr. Outside, ramble right along without his big running-mate. And a kick on the calf won't keep out a fellow with the kick of a mule.

### Highway Housekeeping Held OK

ST. JOSEPH, Mo. (UP)—Sheriff Gus G. Hillix and a deputy brought an unidentified woman to jail when they found her sleeping alongside a highway.

At the jail she was found to be wearing six dresses and two coats. She carried a bulging suitcase, a pocketbook that contained "everything but a five-foot book shelf," and a mandolin, Hillix said.

"When she unloaded the pocketbook for our inspection, its contents covered a big table in the jail."

Inside the suitcase, he said, were two white rats, gnawing placidly on a green garter.

The woman identified herself to the satisfaction of police, who decided that if she preferred to sleep outdoors because hotel rooms were so "cramped," that was her privilege.

The woman donned her six dresses and the coats, Head Jailer Howard Smart said, then stopped by his office. She wore one pair of stockings and put two more pair over those.

"Lady," Smart said he told her, "you've put on three pairs of stockings."

"That's all I ever wear in the summertime," Smart quoted the woman as saying as she picked up her suitcase with the rats, her bulging pocketbook and her mandolin, and left the jail.

### Bed-Ridden, This Paralytic Keeps House Herself

RIVERSIDE, R.I. (UP)—Mrs. Elizabeth Doyle is 74, partly paralyzed and bed-ridden, but she runs a house and does all her cooking from her bed.

Part of the secret is strings. They run from her bed to the door latches, the fan plugs and radio dial and a small electric stove is at her side.

A nearby table and cloth bar slung to it contain food and the necessary ingredients for cooking plus all the odds and ends a house wife needs. The cooking isn't confined to immediate needs, either. She already had put up plum and apple preserves while lying in bed.

Most of her cooking is done in the morning, and in the afternoon, Mrs. Doyle may sew, crochet or fix her scrapbooks. Every other day a district nurse calls to dust and help straighten out the house.

Mrs. Doyle likes that, but thinks she might even manage her own dusting if she had a wheel chair she could operate with only her left hand.

### KIDNEYS GETTING YOU UP NIGHTS?

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this: Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys...increases the flow of urine, helping to relieve excess acidity...so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. S, Kilmer & Co., Inc., Box 1155, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

THAT finely-sifted special cake flour is back on the market again. One of several manufacturers of this aid to lighter cakes supplies these new and tested recipes.

**Butterscotch Cake**  
Two cups sifted cake flour, 3 teaspoons combination baking powder, 1 teaspoon salt, 1 1/2 cups brown sugar (packed in cup), 1/2 cup vegetable shortening, 1 teaspoon vanilla, 1 cup milk, 1/2 to 3/4 cup unbeaten eggs (2 medium eggs).

Sift together the cake flour, baking powder, and salt. Add brown sugar, shortening, vanilla, and 1/2 cup milk. Beat 2 minutes.

Add remaining 1/2 cup milk and eggs. Beat 2 minutes. Fill 2 round 8-inch layer pans (1 1/4 inches deep) and bake in moderate oven (300 degrees F.) 30 to 35 minutes.

Frost with Caramel Icing.

**Lemon Filling**  
(Filling for 2-layer cake)  
Two-thirds cup cold water, 2 1/2 tablespoons lemon juice, 1/4 teaspoon salt, 1/2 cup sugar, 3 tablespoons cornstarch, 1/2 cup water, 2 egg yolks, 2 tablespoons sugar, 1 teaspoon grated lemon rind, 1 teaspoon butter.

Mix in top of double boiler cold water, lemon juice, salt, and 1/2 cup sugar. Bring to boiling point over direct heat.

Slowly stir in a paste made of cornstarch and 1/2 cup water.

Youth, In Stolen Car, Escapes from Highway Patrol

Sunday afternoon a youth, wearing a U. S. Army Air Corps uniform, succeeded in eluding officers at Eastland after abandoning an allegedly stolen car and taking another which he found parked in the resident section with the keys in it, and at last reports had not been apprehended.

A State Highway patrolman observed a car parked on highway 80 between Eastland and Ranger. He stopped and told the driver to park his car off the pavement. He also asked to see his drivers license, suspecting that the car was a travel bureau car. The boy, who was in charge and driving, replied that he was just out of the army and didn't have a license. The patrolman told him to drive into Eastland and he would check on him. The boy, which his six passen-

gers, one of them a boy of about 16, and later identified as the driver's brother, drove ahead of the patrolman into Eastland, but instead of stopping when he reached town, turned off Main street to the north and sought to run away from the patrolman. The men and women passengers and a soldier passenger, remonstrated with the boy about the speed with which he was turning corners, and the boy is alleged to have replied that he was not going to let the officers catch him if he had to wreck the car and them too. It was then that the soldier in the car grabbed the boy and one of the men passengers jerked the keys from the car. The boy jumped out of the car and ran.

Running through a residential section of Eastland after the patrolman had fired a number of shots at him, the boy took a car which he found parked at the C. J. Germany home with the keys in it and out ran the patrolman who borrowed a car and later hailed a taxi in which he gave chase. The Germany car was later found near Dothan, where the boy had left it and walked back to Cisco. At Cisco he appeared at a B.Y.P.U. meeting where he joined the crowd and volunteered to play the piano for the meeting when it was discovered there was no other pianist present.

Following the B.Y.P.U. meeting he is alleged to have stolen a car belonging to the Cisco superintendent of schools. This car was later found abandoned near Weatherford leading officers to believe the youth was heading east.

The travel bureau passengers, which he had picked up in Dallas to take to Los Angeles, were released by officers after some investigation into their identity.

The 16 year old boy, however, was held in the county jail. Officers stated that they found evidence that the car that the youth drove into Eastland, was stolen from a doctor in Virginia.

TWO ESCAPE INJURY IN AIRPLANE CRASH

W. C. Dennie of Eastland, and Winston Helmsteler of Ranger, escaped serious injury Wednesday, when the plane in which they were flying overshot the field in a landing and crashed several hundred yards from the runway. The crash occurred when the plane, a Stearman converted Army primary trainer, hit a mesquite

tree at the end of the east west runway, causing it to lose flying speed, and afterwards crashing across the Breckenridge highway in the colored section of town. The plane barely missed a highline and came within about fifty feet of a house.

The plane was owned by Bill Garrett of the Garrett Flying Service of Eastland.

### Miss Dunkle, Mr. Lamb Married On Thursday

In a ceremony performed Thursday evening at 8:00 o'clock Miss Winifred Dunkle, daughter of Mrs. Homer Hodges, became the bride of Mr. J. Paul Lamb of Conneautville, Pa.

The wedding took place in the home of the bride's sister, Mrs. R. W. Gordon with the marriage vows being exchanged before an improvised altar of fern and palms flanked by floor vases filled with white mums and fern. Rev. H. B. Johnson read the single ring service.

Mrs. Gordon who attended her sister wore a blue crepe dress with black accessories.

The bride chose for her costume, a chartreuse two piece dress worn with brown accessories. Her shoulder corsage was an orchid.

Mr. Gordon attended the groom as best man.

Preceding the ceremony Miss Mary Helen Kirkpatrick, pianist, played Ave Maria and Schubert's Song of Love. Miss Kirkpatrick also played the wedding marches from Lohengrin and Wagner.

Following the ceremony a reception was held. The bride's table was laid with a cutwork cloth centered with white carysanthems and tube roses in a silver bowl, and lighted with white tapers in crystal holders. One end of the table held the three tiered wedding cake, and at the other end was the punch bowl.

After the reception the couple left for a short wedding trip. They will make their home in Pennsylvania where Mr. Lamb is engaged in the lumber business.

Out-of-town wedding guests included Mrs. J. B. Beebe and Mrs. D. J. Lamb, relatives of the groom, both of Conneautville, Pa., and Mrs. Cecile Stewart of Strawn.

### RANGER O.E.S. ASKED TO EASTLAND MEETING

Members of the Ranger chapter of the Order of the Eastern Star have been invited to a meeting of the Eastland chapter to be held Saturday night at 7:30 o'clock in the Eastland Masonic Temple. All members of the Ranger chapter are urged to attend.

### 1920 Club Meeting Held On Thursday

The first regular meeting of the 1920 Club was held Thursday afternoon at 3:00 o'clock in the Blue Room of the Gholson Hotel with the president, Mrs. J. R. McLaughlin, presiding.

In a short business meeting reports from various committees were heard and announcements made.

After the roll call by Mrs. James P. Morris, secretary, Mrs. McLaughlin introduced Mrs. John Thurman who gave a delightful review of The Sudden Guest by LaForge.

Preceding the meeting, members of the executive committee, met to consider business matters for the year. A partial report on the budget was given by Mrs. Saule Perlstein, treasurer and the complete report on the budget will be given at the next meeting which will be October 17th.

### Two Texans Added To Program For Oil and Gas Meet

HOUSTON, Tex.—Two well-known Texans were added today to the program for the Texas Mid-Continent Oil and Gas Association's Victory Meeting here Oct. 17 and 18 by Fred W. Shield, president.

John S. Redditt, Lufkin, chairman of the State Highway Commission of Texas, will speak on "The Oil Producer and the Gasoline Tax," and Clint C. Small, Austin, former State Senator from the Panhandle, will discuss "Price-

Fixing by Governmental Agencies". Mr. Redditt will speak at the opening convention session Thursday morning, Oct. 17, and Senator Small that afternoon.

Speakers previously named include Navy Secretary James Forrestal, who will make the keynote address on "Oil and Victory" Friday afternoon, Oct. 18; General Counsel Russell B. Brown of the Independent Petroleum Association of America, and Cedric Foster both speaking Oct. 17. Mr. Foster has also accepted an invitation to be honor guest at the press dinner that night at the Rice Hotel, convention headquarters.

Advance reservations for the meeting, whose theme is petroleum's part in helping win the war, indicate the largest in the association's 27-year history, Mr. Shield said.

## Admiration Coffee

The qualities of leadership must be outstanding—and to keep leadership those qualities must be maintained. ADMIRATION is the leader among the coffees in the Southwest—and those standards that have earned it that distinction are carefully maintained by the ADMIRATION "Cup-Testing" process. Cup after cup, day after day, year after year, ADMIRATION is tested BY TASTE to make it the distinctive blend that never varies. The personally "Cup-Tested" ADMIRATION way is the only way to assure the same perfect blend—package after package.
