## Caches Of German Munitions Discovered

Texas Rolls On

Bobby Lane, Texas flash, does a bit of blocking for his teammate, Ellsworth (44), with ball, who makes a first down in the 1st quarter of the clash between University of Texas and University of Arkansas at Austin, Texas, as the Longhorns won 20 to 0. (NEA-Telephoto).

### A CAPPELLA CHOIR RATED AMONG BEST

Organized 8 years ago, the Denton A Cappella Choir from the North Texas State College, which is to appear in Ranger, Sunday, Oct. 27, at 8:15 o'clock in the Recreation Building, has been identified by critics as one of the finest singing organizations in America.

Few choral organizations have won such instant recognition as has the A Cappella Choir from NTSC. The organization was founded by its present conductor, Dr. Wilfred C. Bain, who selects 40 superior singers chosen in open competition from a student body of 3750.

The secret of the Choir's success lies in the rigid discipline that the conductor imposes during the long hours of rehearsal and in the intense concentration required during the performance itself.

Concert programs are an hour and ten minutes in length. The music is unaccompanied; at no time during the performance is any instrument used, either for accompaniment or for securing the starting pitch.

Although many of the compositions are sacred music, since much of the finest A Cappella music has been written for the church, the concert program is arranged to appeal to the widest possible public. The program is designed to give a panoramic view of choral music from the time of Palestrina to the present. Compositions on the program range from the most elevated church music, such as the great motet for double choir, J. S. Bach's "Sing Ye to the Lord" to Negro Spirituals and the stirring "Ballad for Americans."

### Chevrolet Parts Employe Attends Training School

D. C. Arterburn has just returned from Mineral Wells, where he spent last week in a Chevrolet Parts Training School, which was conducted by factory trained personnel of Chevrolet Motor Division. The school was held in the Baker Hotel.

The school was for the benefit of all new partsmen in the Dallas Zone and was well attended. Arterburn is an employee of Anderson-Pruet, local Chevrolet dealers.

All phases of the parts department were studied in this school, and Chevrolet Motor Division and the dealers are looking forward to the time when parts will be more plentiful, and they can better serve the Chevrolet owners.

### U. S. FARM VALUES UP 90 PER CENT SINCE 1940

By Charles R. McCabe United Press Staff Correspondent WASHINGTON (UP)—An overall evaluation of \$101,500,000,000 was placed on the United States farm plant at the beginning of 1946, in a study by the Department of Agriculture.

It was added that in bookkeeping terms the new figure represented gains of nearly 12 per cent from a year earlier and practically 90 per cent since 1940.

The dollar valuation of agriculture is shown in the "Balance Sheet of Agriculture, 1946," a study prepared by the Bureau of Agricultural Economics.

The study shows that of the total of the nation's agricultural plant on Jan. 1, farm real estate accounted for \$54,600,000,000, compared with \$50,300,000,000 on Jan. 1, 1945.

Other physical assets made up \$24,900,000,000, as compared with \$24,400,000,000 a year earlier. Financial assets of farm operators totaled more than \$20,000,000,000, compared with \$16,200,000,000 in 1945.

The equities of farmers and other owners of the farm business accounted for \$99,200,000,000 of the total worth of agriculture, compared with \$81,900,000,000 a year earlier. Creditors' claims amounted to \$8,300,000,000, a decrease of \$700,000,000 from a year earlier.

### TEXAN ASKS MARKETS BE KEPT CLOSED

AUSTIN (UP)—Agricultural commissioner J. E. McDonald of Texas, the largest cotton producing state, today telegraphed the New York and New Orleans cotton exchanges and the Chicago Board of Trade asking that they not reopen until actual conditions of the cotton industry are clarified, and confidence restored.

"In justice to cotton farmers and the cotton trade," said McDonald's telegram, "I urge that you not permit opening of the cotton exchange until the panic caused by the dumping of a half million bales held by one speculator is financed or removed as the price depressing factor."

McDonald said here that he is urging cotton farmers of the south to place their unsold cotton in government loans and not sell below 40 cents a pound.

### American Legion To Give Aid In VA Programs

WASHINGTON (UP)—National Commander Paul H. Griffith said today the American Legion will "start from scratch" and cooperate with Gen. Omar N. Bradley, veterans administrator, in carrying out VA programs.

He said the Legion will "let bygones be bygones" and discontinue the running battle carried on against Bradley by former commander John Stelle.

### Court Soothing It's Like Lullaby

CHICAGO (UP)—Jimmy O'Brien, 60, finds the atmosphere of a court room soothing—so soothing that he went to sleep on a spectator's bench.

Police tossed him in jail. Later, they had to wake him up to appear before Judge Leon Edelman, who gave Jimmy a lecture, then dismissed disorderly conduct charges against him.

Jimmy stepped with bruised dignity to the back of the courtroom. Two hours later, Judge Edelman dismissed him. He heard snoring from the back.

He looked. It was Jimmy again. The judge sighed, smiled and walked on by.

When properly applied to a garden, tear gas will kill off the weeds, permitting the plants to grow unmolested.

Blue gramma is the most valuable grass in the pastures throughout the northern great plains area.

### Sake Monopoly Challenged By Americans

By James Tyrone United Press Staff Correspondent DENVER, Col. (UP)—Japan's pre-war sake monopoly is being challenged by two Japanese-Americans and an Irish bookkeeper—all of whom are doing a lucrative business in the sale of the American-made Japanese national beverage.

In two competitive firms, the three men within the last nine months have "cornered the market," and between them are selling whatever sake you can buy in Hawaii or in the United States.

With a sack of California rice, a brewmaster and \$50,000 in borrowed money, 32-year-old T. A. Akaba began brewing in Denver the first of this year. His competitors, Dan K. Yamagami and J. V. Bradley, partners began operations a year ago and now boast a \$100,000 plant.

Akaba and his wife today produce 6,500 gallons of sake a month and are the principal suppliers of overseas customers. Approximately 3,000 gallons of the monthly output is sold in Honolulu and shipped from there throughout the Orient.

Akaba said he had no knowledge of where or how far the sake is growing, but indications are that Honolulu jobbers are sending the half-gallon jugs as far as ships will take them.

The young California-born business man parted company with the U. S. Army after service as an infantryman, and discovered an elderly Japanese who knew the formula for sake. Although not technically a Japanese-trained brewer, the fellow did know how to distill the beverage.

On the other side of town, Bradley and Yamagami, with a Japanese-trained brewmaster—something similar to a graduate of a liquor college—are producing 3,200 gallons of sake each month. In October of 1945, Yamagami talked Bradley, an Irish accountant, into going into the sake business.

"Crying Room" Works ASHLAND, Wis. (UP)—Mrs. Dave Mackie of Ashland is not a trained psychologist but a little common sense in child training is making life quieter at her home.

Mrs. Mackie has one room reserved as the "crying room." Whenever her grandchildren start to cry, she tells them:

"It's all right for you to cry, but you must do it in the crying room. No one will disturb you and you may cry as long as you wish. It will be lots of fun to cry all by yourself. Want to try it now?"

The weeping usually subsides.

### Fortune Found In Trunk

Shown examining \$469,500 in crisp bills, ranging in denomination from \$500 to \$5,000, which was found in secret compartment of battered wardrobe trunk owned by Mrs. Minnie Rosser Weigle, 79-year-old widow who died two months ago, are, left to right, Robert Raymond, co-administrator of estate; P. F. Reilly, bank executive and Timothy J. Healy, attorney for estate. Attorneys found the money and jewelry in a routine search of her Manhattan, N.Y., apartment. (NEA-Telephoto).

### TWA PILOTS STRIKING FOR PAY INCREASE

WASHINGTON (UP)—Pilots of Transcontinental and Western Air, Inc. struck for higher pay today and a few hours later the company cancelled all flights on its domestic and international system for a 24-hour period.

The walkout was called by the Air Line Pilots Association APL, which claims 1100 TWA pilot and co-pilot members. Less than five hours later TWA announced cancellation of all flights because of the strike.

It was the first major pilot strike in the history of commercial aviation in this country.

The union called the strike after refusing to accept a new wage scale proposed by President Truman's fact-finding board. TWA officials said the company had accepted findings of the presidential board and had placed the recommendations into effect.

No negotiations were in progress. TWA said all stranded passengers in the United States were being offered transportation on other airlines and trains. Domestic freight and mail were being transferred to "other means of transportation."

### Will Propose Boost In Old Age Pensions

WASHINGTON (UP)—Sen. Sheridan Downey, D., Cal., said today he will ask the next congress to boost old age pensions to at least \$75 or \$100 a month to help develop the purchasing power needed to maintain full production and full employment.

He said in an interview that the related needs of keeping up full employment and raising pensions ranked second only to foreign policy among major issues facing the United States.

### VFW Meeting To Be Held At 7:30 O'Clock Tuesday

The regular meeting of the Veterans of Foreign Wars Post will be held at the hall Tuesday night at 7:30 o'clock.

A supper will be served preceding the meeting and all members are urged to attend.

### FOUND BURIED IN BAVARIA JUST BEFORE BOMB BLASTS

STUTTGART (UP)—U. S. Army officials revealed today that six buried caches of German munitions were discovered Friday and Saturday in Bavaria and Wuertemberg-Baden only a few hours before three mysterious bomb blasts rocked this area.

Material in the caches included carbines, machine guns, barrels of hand grenades, bayonets, anti-tank bazookas and thousands of rounds of carbine ammunition.

Most of the caches were found near Uik and New Uim on the Bavarian. Wuertemberg-Baden border about 40 miles east of Stuttgart.

The bombing of three U. S. military government buildings was described by Army public safety officers as "only the beginning" of organized German underground activity in the U. S. occupation zone.

Denazification officials reaction to the triple bombing was that "we have been expecting something like this to happen for a long time."

Bruno Oechle, deputy denazification chief for Wuertemberg-Baden, said he believed an organization similar to the resistance movement which sprang up in Germany after the first world war was responsible for the bombings.

### Protests Fatal Shooting Of American Officer

BERLIN (UP)—Lt. Gen. Lucius D. Clay protested formally to the Russians today over the fatal shooting of an American military government official yesterday while he was fleeing from Soviet military police.

The dead man was Harry D. Flory, Jr., 29, Pawnee City, Neb., chief of the reports branch section of the military government.

Flory and two other employees of the military government—Miss Perra Johnson, Sumter, S.C., and Miss Carolyn Wyson, Cleveland—were taking pictures of the Kaiser's palace in the Russian section of Berlin.

### Anti-Communists Party Wins In Berlin Election

BERLIN (UP)—The Anti-Communist Social Democratic Party won an overwhelming victory in Berlin's first post-war election, polling almost half of the nearly 2,000,000 votes cast in the four-party contest, complete official returns disclosed.

### FORT WORTH LIVESTOCK

Cattle 8500, calves 8000. Very slow, yards congested. Worst condition since 1917. No embargo as yet. Early bids generally off more. 1.00 lower instances of more. Medium to good steers and yearlings bid 13.50-18.00, load good choice steers hold 24.00. Few calves and yearlings 11.00-16.00. Good and choice fat calves bid 15.00-17.00.

Hogs 800. Butcher hogs mostly 2.00 higher now 1.00-1.50 higher. Top 25.00 paid for good and choice 180 lbs.

### COTTON PRICES SWING UPWARD ERRATICALLY

NEW YORK (UP)—Cotton traders, operating under high tension after last week's historic price collapse, and the one-day Saturday suspension of trading, saw prices swing erratically over a range of \$10 a bale today.

After slumping as much as 200 points at the start, prices worked up irregularly from the lows to show net losses of 30 to 150 points during the middle of the second hour.

Weakness last week coupled with the rapid liquidation of a large outstanding long account. The exchange today announced that the liquidation of this position had been completed. Traders said that while that news was reassuring, they believed it would take some days yet before the effect of the collapse could be worked off.

### Charges PAC Being Directed From Russia

COLUMBUS, O. (UP)—John W. Brieker, Republican nominee for U. S. Senator, today said, "Definite proof has now come from Moscow that the campaign of the CIO Political Action Committee in this country is being directed from Communist Russia."

The former three-term governor of Ohio said this was indicated in a statement of a Communist spokesman in Moscow, which he said declared that "the election of a Republican congress would be a national disaster."

### Britain To Back Makers of Nylons

LONDON (UP)—News that the government will enter the nylon stocking business has brought joy to millions of English girls—most of them bare-legged.

The Ministry of Supply announced that it has signed an agreement to manufacture machinery for commercial producers of full fashioned stockings. Eight hundred workers will start soon on a \$4,000,000 order for new machinery to be turned out at an ordnance plant at Nottingham.

Since the early part of the war, most English girls have preferred bare legs to the rough stockings of cotton, available only in limited supply. Foreign visitors gasped at the sight of thousands of ruddy, unshathed legs in London's most frigid weather.

During the past year nylons have appeared only in the black market, with the exception of a trickle into the shops from the industry's infant attempts here.

Businessmen in other industries were scrutinizing the Labor government's latest move, which hosiery manufacturers considered a valuable stimulus to trade. Industrialists in other lines need plant equipment urgently to replace worn machinery for the post-war export drive. The government efforts will supplement, rather than replace, present producers of industrial machinery.

### Dewey Warned Of Possible Squatter Move

NEW YORK (UP)—Gov. Thomas E. Dewey was told by the New York State Communist Party today that a squatters movement, similar to those in London and Ottawa, may result if he fails to act quickly in meeting veterans' housing demands.

### Happy Housewife

Ann Smith, New York City housewife, typifies nationwide experience this week as meat becomes more plentiful—but at higher cost. Here she beams at a cut of steak which she hasn't seen for weeks. (NEA-Telephoto).

### MAN'S BONES FOUND NEAR RANGER SUN.

Efforts were being made today by the sheriff's department to learn the identity of the body of a man found about three and one half miles northeast of Ranger Sunday morning.

H. O. Woods, Sr., discovered the bones of the man while hunting on the Morris Woods place. There was no sign of any clothes, not even shoes nor buttons from clothes and a thorough search of the area around where the body was found, revealed nothing.

Those who saw the skeleton estimated that the man must have been about six feet tall and a tiny section of the scalp showed that he was probably red headed. All of the teeth were with the body and had never had any dental work done on them. All of the bones were in place and none broken, except that it appeared that the bone under the left eye might have been crushed. The body was found in a thicket of post oaks.

Woods notified the sheriff's department and Deputy J. B. Williams and another deputy went to the scene. The bones were removed by the officers.

It was believed by some that the body might be that of a man who about 19 months ago jumped from a bus in that vicinity and for whom a search was made. The man is reported to have jumped from the bus and destroyed some papers just as he left the highway. At that time some suspicion was held that the man might have been in some kind of subversive activities.

Officers were hoping today to be able to locate the driver of the bus and through him learn where the man had boarded the bus.

### Directors Of C. of C. To Meet Tonight

The regular meeting of the directors of the Ranger Chamber of Commerce will be held at the C. of C. office this evening at 7:30 o'clock.

R. V. Galloway, manager, stated today that important matters are to be discussed and it is urged that all directors attend the meeting.

### OPA Ready For More Decontrols

WASHINGTON (UP)—OPA wound up for a new flurry of decontrol orders today while the baking industry awaited a decision on its petition for removal of price ceilings from bakery goods—one of the last major groups still under controls.

### Prehistoric Fossil An Its Meal Found

BERKELEY, Cal. (UP) — A 30,000,000-year - old prehistoric fossil animal with the skeletal remains of a large rat it ate for lunch has been unearthed by University of California paleontologists in South America.

Dr. R. A. Stirton, associate professor of paleontology, who brought the specimen back from South America, said the animal probably was a borhyaena, a carnivorous marsupial similar to a modern wolf or hyena.

The beast apparently died shortly after dining on a histriomorph rodent belonging to the prehistoric porcupine and guinea pig family, Stirton said.

The scientist described the fossil beds of northern South America as virtually unexplored. Because the continent was isolated for so many millions of years during the time the prehistoric animals lived, Stirton said they developed strange characteristics not found in any other fossil beds in the world.

Stirton brought 23 species of prehistoric animals back from his South American expedition, of which only three have been cataloged before.

Some of the animals resembled horses, sheep and camels, but Stirton said they were not related to those animals as the world knows them today.

### Delinquency Eased By War's Ending

COLUMBUS, O. (UP) — Juvenile delinquency in Ohio last year was down 17 per cent from the peak year of 1943, the State Bureau of Juvenile Research has reported.

The situation also improved during the first half of this year with a decrease of 14 per cent compared to the first six months of 1945.

according to Richard Allaman, state research sociologist.

"The decline of juvenile delinquency from its wartime high certainly can be attributed in some part to the return of soldier-fathers and mothers from defense plant jobs," Dr. Peris Simmons, chief psychologist at the state bureau, commented.

Wyoming was one of the first states to maintain at its own expense a service for the placement of teachers.

### Preacher To Deaf Uses 2 Languages At Same Time

PITTSBURGH (UP) — The Rev. Herbert Rohe, a missionary to the deaf, preaches to his congregation in two languages at the same time.

The youthful minister has mastered the rare art of speaking orally and using the sign language simultaneously. He explained that many deaf mutes who come to hear

him preach cannot read lips.

"My greatest handicap was the accurate translation of biblical terms," the missionary said. He makes his home here, but conducts services for the deaf at various towns in Pennsylvania, Ohio and New York.

Chaucer, early English poet, in 1386 referred to his "spectakel" through which he was able to recognize his friends, say the Better Vision Institute.

## Veteran Land Bill To Be Voted On In November

AUSTIN, Texas, Oct. 21—Passed by the Legislature unanimously and approved by the American Legion, the Veterans of Foreign Wars, the 36th Division and the State Democratic Convention, a Constitutional Amendment making it possible for Texas veterans to purchase farm and ranch homes from the State, faces ratification by the voters on Thursday, November 7, two days after the general election.

Over 5,000 Texas veterans have already expressed a desire to participate in the program in letters addressed to Bascom Giles, Commissioner of the General Land Office. Under the plan the State would put some 10,000 tracts located in every section of the State on sale to the veterans for as little as 10 per cent down with 40 years to pay the balance at 4 per cent interest. The tracts would range from 50-acre farms to 2,500-acre ranches with a maximum purchase price of \$5,000.

Each tract would carry a fifteen-sixteenths mineral fee interest in oil and gas and a seven-eighths mineral fee interest in sulphur. Purchasers would not be required to homestead the land. They would also be permitted to dispose of their equity.

The State, which owns several million acres of land, plans to select the best tracts and to supplement this acreage through purchase of some of the 2,400,000 acres of land acquired by the Federal government during the war.

The program, which would run over an eight-year period, would be administered by the Veterans' Land Board composed of the Governor, Attorney General, and the General Land Commissioner, in cooperation with enabling statutes by the Legislature. This Board would be authorized to issue up to \$25,000,000 in bonds to be sold to State surplus funds, for the purpose of purchasing Federal-owned land.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He compounded a medicine made of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief. Millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may cause your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and that bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's marvelous.

For free trial supply, send to Dept. V, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

**DOCTOR'S DISCOVERY FOR BACKACHES DUE TO KIDNEYS**  
 • If excess acidity of your urine makes your back ache as you groan... so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He compounded a medicine made of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief. Millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may cause your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and that bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's marvelous.

For free trial supply, send to Dept. V, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

## Miss Dreinhofer Becomes Bride Of Mr. Van de Putte Saturday

In a double ring ceremony performed Saturday evening at 7:30 o'clock, Miss Mary Jane Dreinhofer, daughter of the late Mr. and Mrs. J. F. Dreinhofer, became the bride of Mr. A. V. Van de Putte, of Detroit, Michigan, son of Mr. and Mrs. O. F. Van de Putte of Detroit.

The ceremony was performed before an improvised altar which was lighted by pink candles in seven branch wrought iron floor candelabra.

Pre-nuptial music was played by Mrs. F. S. Pearsall, pianist, who also accompanied Miss Glenn Castleberry who sang Because, I Love You Truly, and Through The Years were the pre-nuptial selections played by Mrs. Pearsall who also played the wedding marches and during the ceremony played softly Drink To Me Only With Thine Eyes and Believe Me If All Those Endearing Young Charms.

Dana Lynn Dreinhofer, niece of the bride, lighted the altar candles. She wore a white dress with lace bodice and long full skirt. Mrs. Willard Vaughn of El Paso, who was the bride's only attendant wore a light blue sheer wool evening dress and her corsage was of pink roses.

The bride who was given in marriage by her brother, J. F. Dreinhofer, Jr., wore a full length dress of pink sheer wool. The tight fitting bodice had a sweetheart neckline which was outlined by seed pearls. For her something old she carried a rose point lace handkerchief which was brought from Europe to Mrs. John M. Gholson a number of years ago. Her only ornament was a gold and pearl brooch which had belonged to her mother.

J. F. Dreinhofer attended the groom as best man.

Following the wedding a reception was held. The bride's table was laid with an imported linen and lace cloth and decorated with a crystal bowl filled with pink roses and fern. The three tiered wedding cake was embossed with pink roses and topped by a wedding arch. Assisting at the reception were Mrs. Jean Baldwin of Odessa, Miss Clara Dyer, Miss Verna Castleberry, Miss Maize Galloway, Miss Betty White and the bride's two sisters, Mrs. Ven White and Mrs. W. C. Gorman of Tyler.

Immediately after the reception the couple left for a short trip after which they will go to Detroit to make their home.

Out-of-town wedding guests included, Judge and Mrs. George Davenport, Mr. and Mrs. Earl Conner, Sr., Mr. and Mrs. Earl

Mr. and Mrs. Dewey Hames of Route 2, Ranger.

Bobby Franklin, son of Mr. and Mrs. Wesley Franklin, was home over the week-end. He is a student at John Tarleton College in Stephenville.

Betty Jean Jones, who is attending John Tarleton College in Stephenville, was home over the week-end for a visit with her parents, Mr. and Mrs. Granville Jones, and to attend the Dreinhofer-Van de Putte wedding Saturday night.

Catherine Adams, a student at Texas Tech in Lubbock, was the week-end guest of her parents, Mr. and Mrs. H. G. Adams.

Mr. and Mrs. L. R. Pearson had as their guest over the week-end their daughter, Lynn Pearson, who is attending T.C.U. in Ft. Worth.

Set. Byron Gordon, son of Mr. and Mrs. R. W. Gordon, who is stationed at Camp Hood was home for a visit with his parents and friends over the week-end.

Mr. and Mrs. Virgil E. Caldwell of Phoenix, Ariz., are the guests of Mrs. Caldwell's mother, Mrs. Anne Boyd.

## Greyhound To Get Busses In Early December

Delivery of the first of 1,257 new busses on order for the Greyhound Lines at an estimated cost of more than \$30 million is expected early in December, according to Orville S. Caesar, Grey-

hound president. The coaches, which are being built by General Motors, will replace one-fourth of the nationwide highway fleet. They will be 37 and 41-passenger "Siversides" the distinctive Greyhound model developed just before the war but produced in only limited quantities. Although the exterior appearance will be similar, the newer "Siversides" will incorporate more than 100 improvements for passenger comfort, riding ease and mechanical performance. All will be powered by diesel engines and be equipped with the most modern air-conditioning units.

The new buses will replace older coaches that were kept in service to meet wartime transportation demands. In normal times, only one-seventh of the fleet is replaced each year, but wartime restrictions limited bus manufacture and confined production to less luxurious "Victory" types. As a result of this situation, together with postwar production delays, a much greater backlog of equipment needs has been created.
