PRICE FIVE CENTS No. 106

Bevin Says East-West Unity Essential

Well...
I Dunno,
But...

Dub King finally got around to letting one of the Bulldogs in on his players of the week column. Listed among those in honorable mention for last week was Junior Arterburn, quarterback on the Ranger eleven, and an all-round player.

We don't know how Dub got the name "Junie", as it appeared in the paper, but it's the one and only Junior, we're sure.

As a courtesy to Mrs. Homer Healy, a former student under Dr. Wilford C. Bain and also a former member of his A Capella choir, which is coming here Sunday evening, private voice pupils of Mrs. Healy will serve as ushers at the concert Sunday.

We understand that the girls will appear in their prettiest long skirted dresses and will be an added bit of beauty to the occasion.

They tell us that Howard Fraser who got a cracked arm bone in the Brownwood-Ranger game will be all cast up and ready to play Friday night against Breckenridge.

That gives us a kind of shaky feeling for Friday but after all a cast might be a defensive weapon, being a little bit harder on the one encountering it.

At least one thing will add to the spirit of some of the Bulldogs this week. They are to get their football awards for 1945.

The awards are jackets which will be presented to the boys in a program this week.

There's something to that. There are too many of us that can tell the other fellow how the game should be played. These strategists don't stop to think that their view of the thing is from the sidelines where the opening can be seen more clearly than in the jumble of players on the field.

Like we always say, everybody sees a football game with a different interpretation and hardly ever are there two opinions alike. As a matter of fact it is hard for the closest observer to catch every detail of plays, when all of the players are in motion.

And it's sure easy to see it wrong.

Breckenridge will be here at least 400 strong for the game Friday night. That's the information that was given us this afternoon when Breckenridge called and reserved 200 adult and 200 student tickets.

The Jaycees have contributed another of the alphabetical days in declaring November 4, B-day. That literally means barn-day because that is the way they are planning to lay the corner stone for their big livestock barn for the livestock shows planned for the spring.

You are likely to find B-day plastered on your car and windows, because those Jaycees have a lot of B's and when they undertake anything they just don't leave a stone unturned.

Soviet Ambassador Andrei A. Gromyko, center, greets Foreign Minister V. M. Molotov, left, and Deputy Foreign Minister A. Y. Vishinsky upon their arrival in New York City aboard the Queen Elizabeth. (NEA Telephoto).

ICE BOX HOUSE TESTS WAYS FOR HEATING

WASHINGTON (UP) — No help for the housing shortage, but the government has a pretty four-room bungalow that nobody lives in—and it's tucked away in a "refrigerator."

The house, at the National Bureau of Standards, is being used so that more can be learned about the best way to heat a small home so it will be comfortable. Built in 1939, it has been heated by many different methods.

The house is surrounded by another structure so that a cooling system can keep the outside temperature anywhere between 0 and 70 degrees. Inside the two-bedroom bungalow, instead of people, are 150 "measuring stations," suspended at various heights around the rooms. These measure the temperature provided by various heating systems.

The experiment, discontinued during the war, has been started again—and will go on for a "long, long time," Paul Achenbach, in charge of the test work, said. He explained that new heating methods are coming along all the time, and that science "goes on and on."

Right now, they are testing a baseboard heating system (hot water) which is said to give great comfort for basementless houses. They have also tried out floor furnaces, space heaters, small warm air furnaces, hot water boilers, fireplace heating, and many other kinds.

Proceedings In 11th Court Of Civil Appeals

The following proceedings were had in the Court of Civil Appeals, Eleventh Supreme Judicial District, Friday, October 18.

Dismissed: Mrs. Eula Bea Stone Hill, et al. vs. H. C. Brock, et al. Stephens.

Motions Submitted: L. T. Smith vs. J. A. Caldwell, appellee's motion to dismiss appeal.

USO DRIVE OPENS HERE ON MONDAY

At a meeting of Ranger business men held Monday morning at 10:00 o'clock in the Chamber of Commerce office, a campaign to raise Ranger's quota of \$620 for the USO funds campaign was launched.

Following the meeting with Joe Dennis, Ranger chairman, president, teams began their work of soliciting the funds and this morning they had reported a total of \$161.25 collected.

Workers who had reported were James Ratliff and Earl Pittman, Truman Harper and Bobby Hick, Floyd Killingsworth and C. B. Proet.

Following is the honor roll for the drive up to date: Clarke Motor Company; Ranger Auto Parts; Community Public Service Company; Mrs. B. A. Kirk; A. D. Wynn; White Auto Store; Harry Warner; Mrs. Maggie Masters; Mrs. W. J. Barnhill; Texas Cafe; Mrs. Roy Davis; Dennyman Variety Store; Jack Rawls; Jess Searcy; Craver Electric Company; Anderson-Fruet Chevrolet dealers; J. J. Van Dersari; Mrs. Frank Johnson; J. A. Knox; Texaco Service Station; Texas Drug Store; Oil City Pharmacy; J. C. Penney Company; Miss Helen Dawley; Commercial State Bank; Cappe Studio; Price Crawley; Young's Beauty Shoppe; Mrs. M. Oyster; Johnson's Radio Shop; Rogers Shoe Shop; Ranger Steam Laundry; 509 Tailors; Killingsworth's; The Globe; M & S Star; Joseph's; Trader's Grocery; Godwin Furniture; Addie Williams; and Rev. Claude P. Jones.

CIO Oil Workers To Seek Annual Wage Guarantee

GALVESTON (UP) — CIO oil workers will seek not only pay boosts but a guaranteed annual wage, O. A. Knight, president of the Oil Workers Union, told union executives today.

The oil industry already has guaranteed annual wages for its executives, Knight said, and "in as much as the worker's families have to eat every day of the year there is no reason why the working force should not also be on a guaranteed annual pay basis."

LIVESTOCK — FORT WORTH — Cattle 4000 calves 3800. Trade more active. Prices mostly steady. Medium to good steers and yearlings 14.00-18.00. Good and choice fat calves 14.50-16.00.

CLUES STILL LACKING IN MYSTERY CASE

Sheriff John Hart reported this morning that no clues have been found to the identity of the bones of the man discovered three and a half miles northeast of Ranger Sunday.

Ranger Capt. Tully Seay of Stephenville came to Ranger Monday and with one of the sheriff's deputies made a search of the scene where the bones were found but nothing was discovered.

The bones were found by H. Q. Woods, Sr., who was hunting on the Morris Woods farm. All indications were that the man had been dead for a long time and there was not the slightest sign of clothing anywhere about.

All of the bones were there and the teeth indicated that no dental work had been done on them.

Former Eastland Girl Sails For Paris, France

Miss June Hyer, daughter of Mr. and Mrs. W. K. Hyer of Coleman, and formerly of Eastland, left October 14 for Paris, France, where she will be employed by the U. S. Government to investigate the influence of the Nazi administration on post war philosophy.

She will also represent the Dallas News as a correspondent.

Miss Hyer flew from Abilene to New York, and was to sail Oct. 18, on the Drottningholm for Gotenborg, Sweden. She was to fly from there to Paris.

BUILDING OF BIG LIVESTOCK BARN STARTED

At the regular meeting of the Junior Chamber of Commerce held Monday night in the Blue Room of the Ghoulson Hotel, Jaycees officially declared Monday, November 4, B-Day and made plans for the laying of the corner stone on their livestock barn on that day.

Elaborate plans are being made for the ceremony which will be held at the Ranger Round-Up grounds and complete plans for the program will be announced later.

Howard Oliver, and his crew of engineers were busy at the grounds today surveying the site for the barn which will be placed west of the rodeo arena. The building will be of brick and rock construction and will have floor space of 50x120 feet.

The big barn is being built for the FFA and 4-H club livestock shows which the Jaycees hope to make annual spring events and which will foster and encourage the livestock industry in this area.

Under the direction of R. B. Thomas, Jr., FFA chapter boys are busy collecting rock for the building and will give their spare time to assisting in construction of the building.

Junior Chamber of Commerce members will also do part of the construction work.

Another Price Increase Granted

WASHINGTON (UP) — The OPA today opened the way for higher prices on canned pork and beans and hake fish.

The agency allowed processors an increase that will boost retail ceilings by two to three cents per can.

Oil Field Notes

October 14 through October 19 — Among the Applications To Drill filed this week was one filed by R. F. McClung of Eastland to drill the Lake Pippens No. 1, a wildcat well, located in survey number 2167 in Eastland County and two miles west of Dethman. Drilling will start immediately with cable tools and the proposed depth is 400 feet. The well is to be located 1800 feet from the east line and 450 feet from the south line of a 160 acre tract out of the south half of survey 3167.

Hickok and Reynolds, Inc., of Cisco are asking permission to drill a 3500' well on the John E. Learer at lease, 4 miles North of Pipe Springs, not quite one thousand feet from the Eastland-Comanche county line. Exact location of this well number 2 is 1400' from the West line and 660' from the South line of the NW 1-4, Section 27, D&DA Survey, Comanche County. This is in wildcat territory.

Well Record has been filed in the Fred M. Manning, Inc., C. J. O'Connor Number 6 in Block 7, Section 52, Stephens County T&P Survey showing this well to have been drilled to a total depth of 4088, drilling being completed on Oct. 10. Initial production of this oil well was not estimated on this form.

Fred M. Manning, Inc., has filed a potential test report on their O'Connor No. 4 in section 51, block 7, T&P Survey, Stephens County. Result of this test was 156 barrels of crude oil per 24 hours, with a gas-oil ratio of 13,500 cubic feet of gas per barrel of crude oil. Gravity of the oil produced during this test was 44. Depth of the well is 4170.

Flugging of the Milt Decker D. C. Pratt well number 1, located 10 miles North of Ranger in Stephens County has been completed, and the proper forms have been filed by O. J. Urban of Ranger, who is part owner of the lease. This had been a gas well which was drilled in 1926 to a depth of 2066.

LIVESTOCK FLOODING MARKETS

Livestock came to market in shipments too great for some yards to handle today, a week after the removal of controls, holding the promise to housewives of more meat on the table at lower prices.

Receipts on all types of animals were high. Dealers said the flow would have been heavier if markets had been able to handle the traffic.

Yards were jammed with new and holdover animals. In many places market officials pleaded with farmers to withhold shipments until space was available.

Supply still had not caught up with demand, however, and spokesmen for the meat industry believed it would be at least two more weeks before the prices of steaks, chops and roasts came down.

Reject Demands For Negotiations With Coal Miners

WASHINGTON (UP) — The government today bluntly rejected John L. Lewis' demand for a new round of wage negotiations for soft coal miners.

It suggested instead that Lewis' United Mine Workers, AFL, seek a wage contract with private mine operators so the government can release the bituminous mines which it has technically operated since last May 22.

The government's position was outlined in a letter to Lewis by Capt. N. H. Collinson, government coal administrator. He replied to a letter sent by Lewis yesterday to Secretary of Interior J. A. Krug.

Ranger Veteran Participates In Surplus Sale

FORT WORTH (Special) — Linden A. Williams, 114 Main St., Ranger, veteran of World War II, was among the Texas veterans sharing in awards of office furniture, announced by the veteran's division of War Assets Administration.

Williams was successful in his quest for a used 4 drawer letter size file cabinet, obtaining one from war surplus for \$5.75.

All awards were made on the basis of the oldest dated certificate submitted by mail for each of the numerous items all on the "last available" list and offered for sale exclusively to veterans.

Prominent Boom Time Figure To Drill Wildcat

Application for the drilling of a wild cat well eight miles north of Gordon has been filed with the Railroad Commission, Abilene office by W. K. Gordon of Fort Worth.

C. H. Barnes Funeral Held In Breckenridge

Funeral services for C. H. Barnes of Houston, formerly of Breckenridge were conducted Tuesday afternoon at 3:00 o'clock at the First Christian Church in Breckenridge.

Mr. Barnes died of a heart attack Saturday evening at his home in Houston, following an attack of influenza.

Funeral services were conducted Monday afternoon at the Broadmore Christian Church in Houston.

Among those attending the funeral services in Breckenridge was Mrs. J. Way Harmon of Ranger, a long time friend of the family.

Indicate Only Friendly Nations To Get US Loans

WASHINGTON (UP) — Secretary of State James F. Byrnes today indicated that U. S. foreign loans will be limited to governments friendly in outlook and in speech toward this nation.

He told reporters that U. S. credit policy will be determined by two factors—need of nations applying for American funds and the friendly attitude shown by the applicants.

Commenting on recent action terminating \$90,000,000 in economic aid to Czechoslovakia, Byrnes said this country was not interested in lending dollars to nations believing that American policy is one of economic enslavement.

David A. McMinn Enlists For 3 Years Army Duty

David A. McMinn, age 18, of Ranger has enlisted in the Regular Army thru the U. S. Army Recruiting Sub-Station at Eastland on the 15th of October, 1946. McMinn enlisted for a period of three years choosing the Army Air Corps as his branch of service.

After he has completed his basic training here in the states he will be shipped to the Pacific Theatre. Prior to the time young McMinn enlisted in the Regular Army he made his home with his father, Weston R. McMinn of Ranger.

Radio Industry Blamed For Aired Advertising

CHICAGO (UP) — William S. Paley, board chairman of Columbia Broadcasting System, said today that the radio industry itself was to blame for the "excessive" number of commercials and the "irritating and offensive" advertising projected into American homes.

"It is not the advertiser's fault, but the broadcasters'," Paley told the National Association of Broadcasters 24th annual convention. The cure, he said, is immediate establishment of an industry-wide code of standards, strongly supported and strongly publicized by broadcasters to "throw the spotlight on offenders."

RECOVERY IN EUROPE PENDING AGREEMENT OF TWO SECTIONS

LONDON (UP) — Foreign Secretary Ernest Bevin told Commons today in a review of British foreign policy that there can be no recovery in Europe unless a lasting division between the East and the West can be prevented.

Reviewing the work of the Paris Peace Conference, Bevin charged that some states had taken chances to further their selfish interests "without regard to the general good," adding—

"We have seen states swayed into the merits of the case, but by ideological sympathies."

In effect waving an olive branch to the Soviet bloc against which the Western Powers were aligned at Paris, Bevin said—

"Despite a suggestion that a division between the East and the West is becoming evident, I felt that that division could be prevented. But if it is not, there can be no recovery for Europe."

Round-Up Shares Being Prepared For All Owners

Joe Nuesole announced today that membership shares in the Ranger Round-Up are being prepared for owners and will be mailed out just as soon as they are signed by officials of the Junior Chamber of Commerce.

The shares are non-transferable and are for \$50. The number of shares owned will be indicated on the certificate. It is expected that the shares will be ready for mailing Wednesday.

Claim Cotton Clothes Hit High For This Month

WASHINGTON, (UP) — Cotton clothing prices have stopped their upward spiral—for this month at least.

That's what OPA says on the basis of the sharp drop in cotton market prices during the past few days.

Under the escalator clause of the new price control law, cotton cloth has jumped about 25 per cent and cotton clothing prices about half that much in three months. This clause requires OPA to boost the cost of cotton goods as the price of raw cotton rises.

Photographs Of Dead Nazis May Be Released Wed.

BERLIN (UP) — An American spokesman announced today that pictures of the corpses of the 11 Nazis who died at Nurnberg probably will be released by the Allied Control Council tomorrow.

The spokesman emphasized that there would be no release of photographs of the hangings.

WASHINGTON COLUMN

BY PETER EDSON NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—Announcement will be made soon that the French government has agreed to the opening of all international traffic on the Rhine River.

Free traffic on the Rhine, involving U. S., British and French zones as well as the Netherlands and Switzerland, will restore peacetime movement of goods on this most important trade artery of Western Europe.

The fight to get the Big Four powers to agree to unification of financial, communication and transport systems and the removal of trade barriers between the four zones of Germany has been one of the most difficult U. S. tasks in the Allied Control Council in Berlin.

To force the issue, U. S. and British authorities recently agreed to unify their zones, removing all trade barriers. As a result, goods from both zones can start moving to the German ports of Bremerhaven and Hamburg, into export trade.

A plane-load of high government officials left Washington this week to see what further steps could be taken to get Germany out of the financial red and into the black.

The ultimate objective of building up Germany's export trade is to place the country on a government now being borne by U. S. taxpayers to the tune of about three-quarters of a billion dollars a year.

Hang Onto Your Hats, Foks, They're Off Again

Emancipator

Paul Douglas, president of American University, who banned football at his institution on ground that players are slaves of "greatest black market" in sports.

16-LB. PIANO PASSES TEST OF AIR TRIP

NEW YORK (UP)—Returning to the United States from a concert tour through Argentina, Uruguay and Brazil, William Kapell, young American pianist, disembarked under his arm the 16-pound piano which he had taken with him on the 16,000-mile trip.

Kapell had been asked by the inventor, Harold B. Rhodes of Los Angeles, to test the effects of altitude and climatic changes on the piano. En route the pianist said he found that the touch, pitch and tone of the Rhodes piano remained constant under shifting flying conditions.

The keys on the new Rhodes piano are made of plastic shell cemented to an aluminum die-cast shank. This method eliminates one of the greatest hazards to the average piano—that of warpage and swelling of the keys.

octaves was first conceived when Rhodes, a Los Angeles piano teacher, who was at that time in the Army Air Forces, volunteered to help teach piano to convalescent hospital patients.

octave instrument, which patients mastered, under Rhodes' new system of basic chords, chord "sentences" and melody, in less than 20 days. With little further instruction students were able to play a standard piano with difficulty.

Whale Run s Aground

A whale estimated to be 60-feet long became land-locked in the shallow water of low-tide at Huntington, Long Island, N.Y., and will be assisted in reaching deep water by the Coast Guard at high tide. (NEA Telegraph photo).

Four Games To Be Broadcast By Humble Sat.

Listeners will be able to hear two conference football games and two inter-sectional games broadcast this week-end by Humble Oil and Refining Company. The first broadcast will go on the air at 7:50 p.m. Friday when T.C.U. clashes with Oklahoma A&M at Taft Stadium, Oklahoma City. Bill Michaels will be the play-by-play announcer with Bill Hightower spotting in the color. Stations KGKO, Ft. Worth; KXYZ, Houston; & KTSA, San Antonio will carry this inter-sectional game.

Saturday afternoon, broadcast of the second non-conference game, between S.M.U. and the University of Missouri, will start at 1:50 p.m. Ves Box will be the play-by-play announcer and Fred Kincaid the color man. Game will be broadcast from the Missouri U. Stadium at Columbia and will be carried over stations KTRH, Houston; KRLD, Dallas; and KABC, San Antonio.

Thirty minutes later, at 2:20 p.m., broadcast of the Southwest Conference game between Rice and Texas will start. Kern Tipp

and Alec Chesser will handle the play-by-play and color respectively. Stations KPRC, Houston; WOAI, San Antonio; WFAA-WBAP, Dallas-Ft. Worth; KRIS, Corpus Christi; KRGV, Weslaco; and KTBC, Austin will carry the game, which will be broadcast from Rice Stadium, Houston.

At the same time, 2:20 p.m., another Saturday afternoon Humble football broadcast will feature the Baylor-Texas A&M Conference game. Charlie Jordan will do the play-by-play with Jerry Doggett relieving for color. Game, which will be played at Municipal Stadium, Waco, will be aired by stations WRR, Dallas; KFJZ, Ft. Worth; WACO, Waco; KTEM, Temple; KNOW, Austin; KMAC, San Antonio; KWBW, Corpus Christi; KFRO, Longview; KGVJ, Greenville; KBWD, Brownwood; KRBC, Abilene; KGKL, San Angelo; RBST, Big Spring; KCBS, Midland; KTHT, Houston; KFDM, Beaumont; and WTAW, College Station.

PHONE 109

There's Always a First Time. EVANSVILLE, Ill. (UP)—Attendees wondered who was the most nervous at a wedding ceremony here—the bride, the groom, or Justice of the Peace W. E. Lauber. Lauber was officiating at

his first ceremony in the eight years he has been in office.

Only fast-growing lambs should be kept in the breeding flock. Lambs should gain from one-third to one-half pound per day.

Miss Vermillion Becomes Bride of Sgt. Montgomery

Mr. and Mrs. David B. Vermillion of Olden announce the marriage of their daughter, Grace, to S-Sgt. Joseph E. Montgomery, son of Mrs. A. C. Montgomery and the late Mr. Montgomery of Mt. Pleasant, Texas.

The couple were married in a single ring ceremony Sunday morning, October 20th, at 9 o'clock at the First Christian Church in Eastland. Rev. Weems Dykes performed the ceremony.

The bride wore a dressmaker's suit of mixed tweed with black and white accessories, and carried the traditional "something old, something new, something borrowed, something blue". The something old was a Masonic pin that was her grandmother's.

Her shoulder corsage was of deep yellow mums.

The bride is a graduate of Olden high school and attended Ranger Junior College. She has been employed in the office of Dr. J. H. Catan.

The groom, who is stationed at the Fort Worth Army Air Field with the regular army, is a graduate of Mt. Pleasant High School and Texas University. He served with the 15th Air Force in the ETO as a flight engineer on a B-17 and B-24.

Those attending the wedding were the bride's parents, her uncle, Mr. Hugh Vermillion of Eastland, her aunt, Mrs. J. W. Horner, of Edinburg, Texas, and Mr. and Mrs. Guy Quinn, Jr., of Eastland.

Waits For News

William F. Globaker, 29, anxiously awaits word from his missing wife, Evelyn Cornish Globaker, 26, who disappeared from a tourist cabin at Atlanta, Ga., after leaving him nine days ago as a result of a quarrel. Globaker keeps a constant vigil close to the phone in their home at Euclid, Ohio, hoping for some message from his wife. (NEA Telephoto).

After a wedding trip the couple will be at home in Fort Worth.

W. M. U. Holds Royal Service Program

The Woman's Missionary Union of the First Baptist Church met at the church Monday afternoon for a Royal Service Program. Mrs. Roark of Dallas opened the meeting with a prayer.

After a short business meeting the program was turned over to Mrs. J. B. Houghton, program leader for the afternoon. She in turn presented Mrs. Emfinger who gave the devotional, and Mrs. L. L. Bruce who spoke on "Stewardship in the Baptist Church".

Following the program, refreshments, prepared by Mrs. J. D. Johnson, Mrs. Bruce Harris, and Mrs. Arlie Carver, were served to 21 members.

India Topic Of W. S. C. S. Study

Following their mission study of "India at the Threshold", the Woman's Society of Christian Service of the First Methodist Church held their regular meeting at the church Monday afternoon.

The meeting was opened with a song and scripture readings on missions. The group was led in a number of questions and answers on India by Mrs. S. M. McAnelly. Mrs. Arthur Deffenbach spoke on "Labor and Industry in India," and Mrs. S. J. Savage discussed "Woman-The Bridge". The program was concluded with a prayer led by Mrs. Claude Jones.

Golf With Interruptions
RYE, N.H. (UP)—Playing 36 holes of tournament golf usually is considered a full day, but Dr. H. J. Robbins, an obstetrician, managed to squeeze in three deliveries at a nearby hospital during the day's play at the Abenaki club.

spent the week-end visiting with her son, Ruten F. Quinn and Mrs. Quinn, and her daughter, Mrs. Hazel Smoot. While in Dallas, Mrs. Quinn attended the Texas State Fair.

Billy Anderson, Gilbert Cogburn and Gayle Blacklock were in Austin Saturday to attend the Texas-Arkansas football game. Enroute home they spent Sunday in Waco where they were the guests of Walter Lee Jackson and Andy Jackson who are students at Baylor University.

Mr. and Mrs. J. R. McLaughlin have returned from a visit on the day night from Dallas, where she

Airport News

C. C. McKeever, manager of the Ranger Airport, will leave Wednesday with a party of hunters, for South Dakota, where the group will do pheasant hunting. They expect to return during the week-end. Included in the party will be Clarence McLaughlin of the Diamond M. Ranch and cousin of J. R. McLaughlin of Ranger. Billy McKeever will also go on the hunting trip.

Charlie Strong, flying a Cessna twin-engine plane, took M. O. Wright of Ft. Worth from the Ranger Airport to Monahans, Monday. The plane is owned by Wright who has not yet secured his pilot's license. Strong returned the plane to the local port.

Mrs. C. C. McKeever, flew a passenger from Ranger to Fort Worth Monday. She was flying a Fairchild PT-19.

Edwin Meyers, banker and rancher from San Angelo, flew to Ranger today and completed a deal with C. C. McKeever for the purchase of a twin-engine Cessna plane. With Meyers were A. L. Livingston, manager of the San Angelo Airport, and W. S. Fletcher, mechanic at the San Angelo Airport.

Among those from Ranger who flew to the Mid-Way Air Show near Ft. Worth Sunday were Mr. and Mrs. C. C. McKeever, Charlie Strong, Tommy Strong, Bob Robinson and A. N. Riding.

Gayle Blacklock who for some time has held a student's pilot license has been given his private license which entitles him to carry passengers in the planes he flies.

Morris George, who is attending ACC in Abilene is working during week-ends for his private license. He now holds the student license.

Billy McKeever flew to Lub-

APPEALS FOR PERSONNEL IN VA HOSPITALS

James M. Brown, Contact Representative in charge of the local Contact Office in Eastland, Texas announced that he had received a plea from Dr. Lee D. Cady, VA Dallas Branch Medical Director who cited the mounting need for veterans' hospitalization, for well qualified doctors and nurses to staff the Veterans Administration hospitals in the Southwest.

Since V-J Day the number of patients in the Dallas Branch's 11 hospitals has increased 42 per cent, he said.

"On September 30th of this year we had 7,593 patients in VA hospitals in Texas, Louisiana and Mississippi, compared with 5,296 on V-J Day," Dr. Cady reported.

A number of World War II veterans receiving medical care for service connected disabilities increased from 786 to 1,340 — a rise of 70 per cent.

He said the number of World War II patients treated for non-service disabilities climbed from 908 to 1,972—an increase of 117 per cent.

"VA's hospital service in this branch has expanded considerably since the Japanese surrender," Dr. Cady continued, "but we could have enlarged it still further had enough doctors and nurses and other professional personnel been available."

He pointed out, however, that the quality of VA medical service has been boosted sharply, particularly by the specialists VA has been able to get in recent months.

black Saturday where he purchased a plane for his father, C. C. McKeever.
