

Truman Spurns Resignation Suggestion

**Well . . .
I Dunno,
But . . .**

When Coach Marshall was asked this morning about the condition of the Bulldogs for the coming Cisco-Ranger game, he merely scratched his head and shook it.

However, he did say that Elder is definitely out of the game and there is a possibility that Deaton will be out, too.

Now, this is one game we've got to win and who ever it is that goes in for those boys, had just as well make up their minds to produce.

We notice that a sports writer for another paper that has been predicting 'em pretty accurate this year, is in doubt about who will win. He simply says that Cisco has something in Williams.

Well, so have we something in Arterburn, Deaton, Frazier, Carlin and all the rest of those boys and "something" can be just as good as Cisco's.

We still say that we have the material for a winning football team and this is one game that we're gonna be mad about if the Bulldogs don't win.

Nope, we don't have any particular trudge against Cisco, but having once lived there, we don't anticipate the raising that we'll get if Ranger loses. Besides we just want a district victory, once and at once, for the Bulldogs.

We have never seen the Ward School boys play but everybody will have a chance to, tomorrow afternoon when they play the Cisco team at the Bulldog stadium. Coach Munnery is really proud of those boys and is sure anxious for a good crowd to be out at the game. It starts at 3:00 o'clock and he says he's uncovering some real football material for the future AA team in Ranger. Some of their antics at the last game were the most talked of topics for several days.

The countywide planting program in Ranger has developed something that was at first not planned by the committee and for which Mrs. A. H. Powell is credited.

That's the planting of memorial trees in Memorial Park on Highway 80 East, by Gold Star mothers visitors and wives. [ow those people have thought up a new idea to add to the attractiveness of the project. At the base of each tree will be a bronze plaque inscribed with the name of the honored hero and imbedded in a concrete slab.

While we were on the subject of football we forgot to mention that the last two days have been ideal for football and we are keeping our fingers crossed about Monday when the annual Cisco-Ranger game is played in the afternoon here.

Even though it has seemed quite cold during the change since Sunday no single minimum temperature has been as low as the 34 of one day last month. The minimum for the last 24 hours ending at 8:00 a.m. was 39 degrees.

Total rainfall for the 7 days of this month is 3.52 inches.

Evidently everybody wants the Veterans Land Fund amendment passed, because nobody's fighting it. And the reason we know nobody is fighting it is because when we voted at 10:30 o'clock this morning we were the seventh to vote. At 1:00 o'clock this afternoon 16 had voted. Those records are from the City Hall box only.

Now if somebody were again to vote, I bet on it they'd have had in more than that to the poll.

Molotov, Truman Confer Today

WASHINGTON — President Truman will confer today with V. M. Molotov, the Soviet foreign minister.

Molotov, in this country for the meeting of the Big Four foreign ministers, will come to Washington for a visit in connection with the Russian celebration of the Revolution anniversary.

An Uninvited Visitor

Police Officer E. V. Haggard of Beaumont, Texas, found an 18-inch eel in the front yard of his home shortly after a flash flood had put the Neches River out of its banks. Haggard lives an estimated three miles from the river. The eel, described as being a poisonous variety, was destroyed. (NEA Telephoto).

Ward School Bulldogs Play Cisco On Friday

Friday afternoon at 3:00 o'clock the Ward School Bulldogs will play the Cisco Ward School team at the Bulldog stadium in Ranger.

This is a return game, the Bulldogs having defeated Cisco at Cisco, October 29, by a score of 12 to 7. Reports of that game indicated that the Ranger boys turned out some real football and the return game here promises to be a fast one.

Coach G. M. Munnery stated today that the starting line up for Friday's game will likely be, LE, Billy Wayne McKinney; LT, Everett Holder; LG, Clyde Maddox; C, Richard Flores; RG, Billy Young; RT, Roy Lindsay, RE, Champ Pearson; FB, Raymond Comacho; RH, Billy Simpson; LH, Jimmie Comacho; QB, Jimmie Boney.

Eastland Man Arrested, Booked For Drunkenness

An Eastland man was arrested in downtown Ranger today and charged at the police station with drunkenness.

Officers were called to the 200 block on Main Street this morning after the man, who apparently is looking for a barber shop, staggered into another place of business. On finally getting into the barber shop, he was ordered out and police called.

When the officers arrived they found the man reclining in the front seat of a car, which apparently belonged to him. An empty whiskey bottle was on the floor of the car. He offered no resistance when officers aroused him and drove him to the station.

The big game hunting and fishing license in Wyoming has been increased from \$25 to \$100 for non-resident sportsmen.

EASTLAND COUNTY VOCATIONAL SCHOOL APPLICATION APPROVED

On November 4 a shipping order was received from Landstrom Ordnance Depot, giving a list of hand tools for mechanics, welders, Agri. Chop, Woodwork, Radios, including some power equipment, such as compressors, Valve Machine, Acetylene Electric Welder, tap and die sets, pipe cutters and jacks. This list of equipment which Eastland County Vocational School has received shipping orders on was part of an application submitted in March.

The Eastland County Vocational School has been notified that their application for houses and equipment has been approved by the State Board for Vocational Education. Eastland County School is the only approved institution authorized to give GI Training on a cooperative basis in this county. A letter from A. T. Welford on Aug. 31 informed the school that the County school board, which was the original approval committee, is solely responsible for the operation of the school. "The Veteran's Administration will not pay subsistence to veterans who are enrolled in a County Vocational School when the County School Board falls to be responsible for the proper operation of the school.

The project approved by members consists of the following buildings:

5 buildings for classrooms, 1 shop for plumbing and sheet metal, 1 shop for welding and mechanics, 2 shops for mechanics, 1 shop for the Vocational Education woodwork shop, 1 electricity shop, 1 shop for radio and refrigeration, 2 Agri. shops, 2 general industrial shops, 1 class room and shop for colored boys, 1 shop for meat sutters and cooks.

Equipment has been approved for visual teaching aids including sound film projectors. For D. E. there are to be type writer, adding machines, computer. Equipment specifically approved include all hand and power tools necessary for teaching of each trade. For the welding shop there are 2 electric welders, including gas-driven D.C. 3-phase DC and AC machines, 20 acetylene welders. However, those veterans in Eastland county who are interested in learning a definite trade before their eligibility has been used up, should enroll in a trade. Equipment has been leased in several shops.

(Continued On Page Three)

FCC APPROVES RADIOPHONE STATION HERE

Permit to construct a radio-telephone land station in Ranger, to be a part of a state wide system of highway radio telephone service, has been granted by the Federal Communications Commission to Southwestern Bell Telephone Company, E. Hooks of Cisco, manager of the company announced today.

Construction of the transmitter and receiver will start as soon as necessary equipment and material can be obtained. The station here is scheduled to be completed within a period of six months. Then there will be a period of testing equipment and ironing out "kinks" before it is placed in commercial operation, after a license is obtained from the Federal Communications Commission.

The station here is one of 23 land stations that Southwestern Bell will build along the principal highways of the state.

When the system is completed it will be possible for an automobile radio unit to keep in touch by telephone with any Bell system to connecting telephone while moving along highways from the Red River to the Gulf and Rio Grande, and from the Louisiana line almost to New Mexico.

The station not only will cover the principal north-south and east-west highway routes but also thousands of miles of secondary roads, since the range of the station is a radius of from 30 to 50 miles from the transmitter.

Hooks stated that so far as he knows the location of the station here has not been made, but that it will be on a high point in Ranger.

RJC Defeats Lingleville In Basketball Game

In a double header basketball game played Wednesday night at the Recreation building, the Ranger Junior College team defeated the Lingleville high school team by 25 to 25 in the first game and by 11 to 9 in the last, in which two extra minutes of play was allowed to play off a tie.

This was a return engagement, the Ranger college team having played the other team at Lingleville recently when Ranger was defeated.

Ranger starters for the game Wednesday night were Jack Littlefield, Ray Blackwell, Jack Boney, Charles Sullivan and Michael Ready. Subs during the game were G. Ivy, Sims and B. Boney.

Legion Meeting To Be Held At Hall Tonight

The regular meeting of the Carl Barnes Post of the American Legion will be held Thursday night at 8:00 in the Legion Hall.

Mack Dutton, post commander, stated today, that committees for the November 11 smoke, will be announced at the meeting and all members are especially urged to attend.

It was further stated that over 500 invitations have been mailed out for the smoker and if there are those who have not received an invitation through some oversight, they are urged to attend anyway. The occasion is for Legionnaire, veterans and friends of the Legion.

Italians Refuse Yugoslav Offer

ROME—The Italian government has rejected today an offer by Yugoslavia to give up claims to Trieste in exchange for Gorizia.

U. S. URGES SET UP OF TRUSTESHIP

WASHINGTON, N. Y.—The United States today challenged other United Nations to establish the UN trusteeship council without delay, and warned against any effort to "import the veto system" into the UN General Assembly's deliberations over the trusteeship program for dependent people.

The American delegation to the assembly proposed that the 51 United Nations shelve for the present a potentially explosive argument over an "awkward and ambiguous" phrase in the UN charter's provisions for world trusteeship system.

Reportedly anticipating a Soviet move to demand a specific definition of the charter provisions and give each of the Big Five powers the right to approve or disapprove all draft trusteeship agreements, John Foster Dulles of the American delegation told the Assembly's trusteeship committee that an effort to define the charter now would "give rise to argument and delay."

Dulles outlined American policy on trusteeship in the wake of the United States announcement that it wants sole trusteeship over Japanese-mandated islands in the Pacific, with the right to close off all or part of them for secret military and naval use.

Grub Control Demonstration Due Thursday

The cattle grub control demonstration by the County Agricultural Agent at the Dan Childress ranch, 5 miles north of Cisco for the past Tuesday was postponed because of inclement weather.

The demonstration has been set for next Thursday afternoon, Nov. 14 according to word at the agent's office today.

A rotenone sulphur mixture is to be used on the cattle to eliminate the grubs, which are the larvae of the heel flies. The heel flies lay their eggs or nits on the legs or stomach of the cattle during a three month period ending the latter part of April.

Cattle heavily infested with the grubs do not fatten as quickly nor do they produce as much milk as grub free stock. Grub infested cattle when butchered have to undergo a trimming of flesh around the infested parts and the hides with five or more grub holes are discounted when sold, it was said.

Cattle should be treated when the grubs first show up on the back and then twice more at 25 day intervals to control them and to eliminate future heel flies.

The demonstration on the Childress ranch will be the second held there as one was held last fall with the same cattle. The treatment was well worth it last year said Mr. Childress.

The meeting will start promptly at 3:30 o'clock Thursday afternoon. Twenty five cattle are to be treated.

Would Have All War Emergency Agencies Ousted

ALBUQUERQUE, N. M.—President Truman should call Congress into immediate special session "to get rid of all war emergency agencies," U. S. Sen. Dennis Chavez, D., said here today.

Chavez, who was assured of re-election to this third full term in the Senate on the basis of returns from all but 72 of the state's 869 precincts, declared he believed the President should take this action as a result of the Republican sweep of the country in the Tuesday elections.

Chavez specifically named the OPA and the Civilian Production Administration.

L. R. FLOYD SERIOUSLY HURT IN FALL

L. R. Floyd of Ft. Worth was critically injured about 9:45 o'clock Thursday morning when he fell from an 18 foot crane at the Gulf Camp in Ranger.

Floyd sustained a broken back, broken neck and a possible skull fracture and it was reported at the hospital that he had about a 50-50 chance of recovery.

According to reports of the accident, Floyd was up on the crane pulling an electric wire through a pipe when he slipped. About half way down his foot caught in something, flipping him head downward. His head struck the concrete floor first.

He is the superintendent of the electrical division for the North Texas District of the Gulf Refining Company. He has been in Ranger assisting in installation of new equipment at the station.

Garage, Two Cars Destroyed In Fire Tuesday

In a fire of undetermined origin two automobiles and a garage were destroyed Tuesday night on Cypress street.

The cars, a 1946 Hudson, belonged to Coach Jimmie Marshall and the other, a 1941 Pontiac, belonged to Mrs. W. S. Adamsen. Both cars and the garage were covered by insurance.

The fire was discovered about 4:30 o'clock and was already so well underway that Coach Marshall could not enter the garage to back out his car.

The fire department extinguished the flames, but the damage was almost total by the time they were called.

Morris Newham In Charge Of Rotary Program

Morris Newham was in charge of the Rotary Club program Wednesday when that group met at noon at the Gholson Hotel for the weekly luncheon.

Newham introduced R. E. Thomas, Jr., vocational agricultural teacher, who in turn presented W. T. Eaton, president of the FFA chapter, who spoke on the work of that organization.

Dr. C. L. Jackson, president of the club, who has just returned from Rochester, Minnesota where he has been doing some special work for the past month at the Mayo clinic, presided at the meeting.

COOPERATION OR CONFUSION FACE FACTIONS

NEW YORK—President Truman and the Republican leaders of the newly elected opposition congress faced a choice today between cooperation or confusion in government.

The hard facts of precedent promise little cooperation. The last time the voters sent a Republican Congress to Washington to help a Democratic president run the nation, the result was the bitterest kind of political conflict.

That was in 1918 when Republicans won the Senate and House midway in Woodrow Wilson's last presidential term.

The GOP accepts Tuesday's general election returns as meaning that Mr. Truman or any other Democratic presidential candidate will take a beating two years from now. The man who wins the Republican presidential nomination next time will honestly and confidently expect to be elected.

The mid-term Republican triumph was terrific. Returns are not quite complete. But GOP House and Senate majorities are assured and the Republicans now have a majority of state governors.

Up Again, Down Again OPA, Gives More Increases

WASHINGTON—The OPA today authorized ceiling price increases ranging from three to 15 per cent on certain articles of children's and men's clothing.

It granted a 10 to 15 per cent increase on some children's and infant's cotton wash suits, overalls, jumpers, and woven cotton clothing.

An increase of three to four per cent was authorized in the price of durable low-cost men's tailored suits, overcoats and jackets to cover a recent 10 per cent increase in the cost of wool material.

Cotton Prices Recover Again

NEW YORK—Cotton prices recovered today after plummeting the full daily limit of \$10 a bale at the opening, wiping out about half the loss of a resurgence of trade buying and covering.

In late trading the list ruled net 59 to 113 points lower following earlier losses of 120 to 200 points.

QUESTION IS FANNED AFTER SEN. MAKES THE PROPOSAL

WASHINGTON — Authoritative Democratic quarters said today President Truman has absolutely no intention of resigning. They said suggestions that he do so were "utterly fantastic."

The suggestion that he resign after naming a Republican secretary of state who would then succeed him originated with Sen. William J. Fulbright, D., Ark. Fulbright's suggestion was made on the basis of the Republican landslide in Tuesday's election.

Most Democratic leaders here expressed amazement at the proposal.

This much was known definitely—Mr. Truman has no idea of quitting and he recommended resignation has never been considered at all seriously.

Mr. Truman plans to spend the next two years in the White House following a simple formula—acting in a way he considers good for the country.

The President apparently has become reconciled to the results of the election and is ready to carry on. His attitude was described by friends thusly— "We are going to do from day to day what is best for the welfare of the country."

Democratic sources said that Mr. Truman did not intend to change the American constitutional system by executive fiat. They said he believes his resignation would involve such a change.

Neither can the President conceive of how the Republicans could select a successor without an election.

Mr. Truman, it was said, has no idea of forming a coalition government by bringing Republicans into top level positions. A report that he might do so was an apparent by-product of the Fulbright proposal. As far as can be determined, the proposal of a coalition government has not even been discussed at the White House.

Russia Urges Mighty Army Air Force and Navy

LONDON—Marshal Leonid A. Govorov told Russians massed in Red Square today to celebrate the Bolshevik Revolution anniversary that the Soviets must "tirelessly improve the might of our army, air force and navy."

Govorov, liberator of Leningrad, took the salute at the parade of Russian armed forces through Red Square. He warned that Soviet forces must "watchfully guard the borders of our country" and step up military discipline to put the service arms at a peak of efficiency.

Threaten Another Strike NEW YORK (UP)—East and Gulf coast ports were threatened with another maritime strike today as the CIO National Maritime Union council proposed a nationwide sympathy strike to force west coast ship operators to settle their dispute with two other CIO unions.

The Corn Is Green—and Tall! SAN LUIS OBISPO, CALIF. (UP)—Not all the tall corn grows in Iowa. California Polytechnic College students have proved by growing stalks 17 feet high.

DISPUTED ART WORK LABELED DA VINCI, PLAGUES COURT

CLEVELAND (UP)—Leonard Fuere, Cuyahoga County clerk of court, soon may have an original Leonardo da Vinci painting to hang in his office. Clarence Congdon, Detroit art dealer, is willing to wash his hands of the whole matter.

The picture, "The Lute Player," during the past 15 years has built a hard luck legend around itself.

For six years Congdon has been trying to sell it, without success. To be sure, he is willing to return it to the Common Pleas Court here, which has jurisdiction over the painting.

Congdon claims the painting is a copy of da Vinci's famed "Mona Lisa" and once hung behind it in the Louvre.

The painting was brought here in 1926 by Baroness Ally von Magnus-Schwartzburg. She tried to sell it for its reputed value, \$1,000,000, but its authenticity was questioned.

In 1932 Gordon Bentley, Inc., a local art dealer, brought suit for lien of \$2,353.01 against the picture. He claimed he advanced Baroness von Magnus-Schwartzburg that amount.

Meanwhile, the suit dragged on and three more claims against the Baroness were filed by the Guardian Trust Co., the Bank for Social Reconstruction (German Official Bank) and Otto G. Zuck. Three of the four claimants had gone bankrupt by 1935, when the suit was decided, the two banks and the art dealer.

Four claims were allowed totaling \$30,000 and the painting was ordered sold for \$500,000. Still nobody offered to buy it, even at the new bargain-sale price.

In 1940 the court lowered the

sale price to \$100,000 and the Guardian Trust and Bentley receivers assigned their rights to Congdon, who was to receive one third of the sale price. Congdon recently informed the Common Pleas Court by mail he is returning the picture to them. It's only gathering dust now in a Detroit bank vault and all he gets

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

is the storage bill for it. It appears that the clerk of the court will become more or less permanent custodian.

(Continued From Page One)

In welding, Otis L. Hill's shop in Ranger, which has a building 50x100 ft. Hill owns 1 gas driven DC machine, 2 three phase P&H DC machines and 2 acetylene machines. The Eastland County Vocational School owns and has installed in Hill's Shop, 2-360 AMP three-phase Lincoln DC machines, 1 AC Marquette, and 1 Acetylene Marquette machines. There is also available in this shop, a metal lathe, grinders, power hack saw, and painting spray gun. The school owns a forge necessary for preheating cast.

On a cooperative basis a Veteran working 18 hours a week in the welding trade is eligible to be a full time student and draw \$90.00 a month (with the ceiling of \$200.00 wage). Veterans who are working as laborers, or in some trade other than welding may enroll on part time agreement signed by the employer. However, they receive only \$45.00 subsistence. The \$200.00 applies to this also. A veteran may enroll as a cooperative or part-time student, and have his tuition paid in that trade. There are 40 boys enrolled in the 2 welding classes at Ranger, additional classes will be set up in any town. When and if the enrollment justifies renting, leasing or building of facilities necessary to teach this or any trade in that locality.

Radio and refrigeration facilities have been leased from Mr. Bennett in Gorman, who is also to teach the course in same. Mr. Bennett is skilled in both trades and very capable of teaching those who wish to learn the trade. The Vocational School has an order for additional hand tools necessary for these trades, in addition to those already owned by Mr. Bennett.

Wade Massengale's Eastland shop has been leased for plumbing and sheet metal work. Massengale has had many years of experience in the plumbing trade and his shop is fully equipped to teach the courses.

Mr. Freeman's woodshop in Eastland has been leased for courses in woodwork and carpentry with Mr. Freeman himself as teacher.

The Eastland County Vocational School has purchased and installed a planer, and a cut-off saw, a duplicating lathe and fluting attachment, a sander to supplement Mr. Freeman's equipment. He has available 2 bench saws, a band saw, a jig saw, shaper, wood lathe, drill press, jointer, planer, paint spray gun, sander, tennon machine, and tool sharpener.

Other trade courses are expected to be set up in the near future. Agriculture equipment is available for farm shops at Cisco, Ranger, and Gorman. Equipment will be available at Rising Star, as soon as the Vocational Agricultural building is completed. Special equipment purchased for use in all classes include a sound film projector, Apex Projector, and other equipment needed for completion of the unit. The Agriculture Dept., of the Vocational School has 3 instructors who are graduates of A&M College in Agricultural Education. Mr. Jack Gray is the head of the Agri. Dept. and Rolan Wiley, and B. S. Dudley are assistant to Mr. Gray. The Distributive Education

Dept., has on order books and equipment needed for completing Vocational Training for the Veteran in his respective field. There are 4 instructors in the D. E. Department, with Mr. Harry Kelsey as head of that department, Robert Lanford, a graduate of A&M Milton Perry, graduate of Southwestern, H. G. Garrett, who has his B. S. and M. A. degrees, and Neal H. Rose, who has a B. S. from Baylor.

An veteran desiring to enroll in the Eastland County Vocational School or transfer in to the school should contact C. B. Edwards, director. The office is located in the Prairie Building in Eastland.

Humble Company To Broadcast 3 Games Saturday

Football broadcasts this Sat-
 urch afternoon will give fans
 their choice of three all-Confer-
 ence games as Southwest Confer-
 ence teams for the first time this
 season, pair off three and three.
 The first game to be broadcast
 by Humble Oil and Refining
 Company will be the Arkansas
 Rice game at Little Rock, which
 starts at 1:50 p. m. Kern Tips will
 describe play-by-play and will be
 assisted by Alec Cheaser for col-
 or highlights. Stations carrying
 this game will be WOAI, San An-
 tonio; WFAA-WBAP, Dallas- Ft.
 Worth; KPRC, Houston and
 KRIS, Corpus Christi.

Half an hour later at 2:20, the
 Texas University-Baylor broad-
 cast will come from Waco with
 Charlie Jordan at the microphone
 for the play-by-play description
 assisted by Jerry Doggett for
 color. This game will be carried
 by stations WACO, Waco; KFJZ,
 Ft. Worth; WRR, Dallas; KTEM,
 Temple; KNOW, Austin; KABC,
 San Antonio; KXYZ, Houston;
 KPRO, Longview; KQVL, Green-
 ville; KRBC, Abilene; KOKL,
 San Angelo; KBST, Big Spring;

Beaumont Flood Damage Mounts

Hundreds of automobiles were stranded in the residential section of Beaumont, Texas, when a flash flood put three feet of water in the streets. In an exclusive residential district in North Beaumont residents appealed to the younger set to stop racing motor boats up and down the streets, since it put waves of water into the homes. (NEA Photo).

for continuation of USO camp shows for occupation armies overseas, permanent overseas military and naval installations and for veterans and military hospitals in this country. Clubs and services near essential camps and bases are also to be continued through 1947, Colonel Phinney explained.

Texa's share in the drive to raise funds to "See-It-Through" 1947 is \$800,000, which will aid the 125,000 Texas men among the 1,500,000 men still in service and the 200,000 patients in veter-
 ans and military hospitals, the USO campaign chairman said.

Burglar Accepts Bid To Come Right In

MONTICELLO, Ind. (UP)—One Monticello burglar takes his victims at their word. Mr. and Mrs. Arthur Werner were expecting a guest when they had to leave home for a few hours, so they left the door unlocked and pinned up a sign, "Come in and make yourself at home."
 When the guest arrived he found the place ransacked. A diamond tie pin and a gold locket were missing.

NEWS FROM Gorman
(By Special Correspondent)

GORMAN, Nov. 6.—Business visitors in Austin Saturday were Mr. and Mrs. R. R. Lane.

Mrs. Grace Purke of Austin arrived Thursday morning to be with her mother, Mrs. Homer Rids,

who is ill.

Mrs. John Kimble and John Edward visited relatives in Abilene over the week-end.

More than two hundred persons were present in Gorman I.O.O.F. Hall for the Oil Bel. District Association of Odd Fellows and Rebekah's on October 31st. A grand meeting was had. First the business session, program and then a bounteous supper was served to

members and guests from Breckenridge, Ranger, Brownwood, Waxachachie, Dublin, DeLeon and Gorman and Big Lake.

Mr. and Mrs. S. J. Hefner, former residents of Gorman, spent the day with Mr. and Mrs. Ed Brown, last Monday.

Mrs. Ellen Oldham spent last week with her daughter in Abilene.

Mrs. Chas Hicks of Brownwood spent several days with her parents, Mr. and Mrs. Don Moorman.

Jack Butler and Mack Stubbsfield visited Mr. and Mrs. Albert Butler, Sunday.

Guests in the home of Mrs. Mamie Clement last Saturday were: Mr. and Mrs. Ben Clement of Carbon, Mr. and Mrs. Merritt Dunn of Carbon, Mrs. Arthur Mahan of Hobbs, New Mexico, Mrs. John Armstrong of Eastland, and Mrs. Estelle Clement.

Mr. and Mrs. Weldon Glasgow spent the week-end in Comanche.

Mrs. Chester Tosh of Mody is visiting her sister, Mrs. Alice Eakin.

Mr. and Mrs. Frank Dean were in Eastland Monday.

Mr. and Mrs. John Slaton, Mrs. Jess Richardson and Mrs. Lewis Andrus spent the day in Fort Worth, Sunday.

John Claitor, who is attending business school in Fort Worth, spent the week-end at home.

Jack Powers, who is employed at Beaumont, is spending his two weeks vacation with his mother, Mrs. Willie Powers and other relatives.

Mr. and Mrs. Vernon Bennett announce the birth of a son, Gary

'Going-Going—'

Thousands of spectators at the Ford Airport, Dearborn, Mich., were thrilled recently when they watched the 225-foot dirigible mooring mast crash down, preliminary to dismantlement for scrap. The massive steel tower was severed from its base and pulled over by cables, wound on winches of six 16-wheel tractor-trailer trucks. The mast, built in 1924 at a cost of \$250,000, is pictured above, midway in its fall.

Eugene, born the 29th. The mother is the former Alta Mae Wheeler.

Mr. and Mrs. Truman Brown were here from Austin over the week-end.

Mrs. Francis Scott and Mrs. Gladys Rose spent Friday in Abilene.

Mrs. Nettie Jones went to Glenrose Thursday where she will receive medical treatment.

J. O. Thompson was in Dallas on business, Monday.

Mr. and Mrs. Gene Almsworth of Abilene spent the week-end with Mr. and Mrs. Archie McMullen.

Mr. and Mrs. Dale Glasson of Baird; Mr. and Mrs. John Brown, Mr. and Mrs. Carlton Brown and children of Cisco, spent the week-end with Mr. and Mrs. Ed Brown.

Funeral services were conducted at the Church of Christ Sunday for Mrs. Mary Echols Waldrop, a former citizen of Gorman, who died in Austin on Friday. Interment was in Oakland cemetery.

Miss Leatrice Greer was shopping in Abilene Tuesday.

Mr. and Mrs. A. C. Underwood of Carbon and daughter, Miss Olga Leigh, of Denton visited Mr. and Mrs. Jim Underwood, Sunday.

Rae Nell Baze spent the week-end in Jayton.

—REAL THE CLASSIFIEDS—

Device To Warn Motorists of Low Tire Pressure

HOUSTON, Texas, (UP)—Motorists will soon be able to detect low pressure tires or oncoming flats without moving from the steering wheel when a device recently tested in Houston by state highway patrolmen is adopted generally.

The new device is a safety meter attached to each tire. An electrical hookup sends pressure figures to the dashboard, where a system of lights and buzzers indicates exactly which tire is getting low, and warns the driver of a slow leak or imminent flat tire.

Developed in 1934, the device never reached general sale. But a Harlingen manufacturer now is producing the pressure meters. Capt. Glenn Rose and Sgt. Jack Sutherland of the state highway department made a test recently with favorable results.

Motorists must still seek their own solution to changing tires or fixing flats, however.

OF THE MANY...

One

MUST LEAD!

Distinct from all others is the leader—out in front because of proven qualities. Among coffees in the Southwest ADMIRATION holds that distinction. It is a blend unique among all others. The same experts who have been "Cup-Testing" ADMIRATION for nearly thirty years proudly guard these qualities that have earned its leadership. "Cup-Testing" is your assurance that ADMIRATION will be the same today and tomorrow as it has been in the past. The personally "Cup-Tested" ADMIRATION way is the only way to assure the same perfect blend—package after package.

U.S. To Give Away 1,000,000 Bibles

1,000,000 copies of a best-seller, to be given away.

They are Bibles, and Frank L. McNamee, WAA regional director, said, they will be made available free to religious, educational, welfare and similar organizations.

The Bibles are part of the 11,000,000 purchased for morale purposes during the war. Most are pocket-size, some of the King James version, some the Douay version, and other versions for leading men of the Jewish faith.

Photo Debut

In the first published photograph of mother and daughter together, Dieder Flynn, 22-month-old daughter of screen star Errol Flynn and his wife, Nora Edington Flynn, is pictured as she greeted her mother at Los Angeles. Mrs. Flynn had returned from recent yacht cruise with her husband.

SOCIETY

Group From Ranger At Baptist Meet

A group of people from Ranger are in Sweetwater today to attend the meeting of the Sweetwater Baptist Association. The all-day session has as its theme Enlarging Our Work and the morning message on this subject was delivered by Rev. David C. Ham, pastor of the First Baptist church in Ranger.

Hospital News

Mrs. M. A. Oylor of Ranger who has been a medical patient in the West Texas Hospital has been removed to her home.

E. Richardson of Ranger who has been a patient in the West Texas Hospital has been dismissed.

Mrs. C. C. Mitchell of Strawn is a medical patient in the West Texas hospital.

Nernie Milmo of Ranger underwent emergency surgery at the West Texas Hospital Wednesday night.

John Allen of Strawn is a medical patient in the West Texas Hospital.

Mrs. B. B. Willingham of Ranger underwent minor surgery at the West Texas Hospital Thursday.

Joe Bol Pounds is a medical patient in the West Texas Hospital.

Mrs. R. S. Carr who is a medical patient in the Ranger General Hospital is reported to be improved.

PERSONALS

Mrs. Bonnie McCleskey and daughter, Georgia Kay, and Dwayne Hale are in Dothan for a visit with Mrs. McCleskey's mother, Mrs. D. L. Dunaway.

Mrs. James Wheat has returned to her home in Porger after a visit with her mother, Mrs. R. R. Rogers.

Mr. and Mrs. R. M. Love of Odessa, formerly of Ranger, announce the birth of a baby boy, born November 5 in an Odessa hospital. The baby has been named Dor Robert.

Mr. and Mrs. F. S. Pearsall have returned from Barnesville, Ohio, where they were called by the death of Mrs. Pearsall's mother, Mrs. J. K. Porterfield.

Know Her?

Arrested on Oct. 5 in Hackensack, N. J., when she attempted to thumb a ride, the mystery woman above gave only the fictitious name "Susan Bowers" and has consistently refused to tell her real name or where she lives. All efforts of Bergen County authorities to learn any facts about her have failed. She was finally given six months in the workhouse as a disorderly person.

Einstein Wrong, Says Theorist, Citing Ways To Cut Cheese

By Edward Ellis
United Press Staff Correspondent
CHICAGO (UP)—Einstein's theory of curved space is as absurd as a triangular smell, Leslie Evan Schlytter contends.

Schlytter, 50, a semi-invalid who writes philosophical works, claims to refute Einstein in his 1,000-page book, "Philosophical Principles and Polarity," to be published next spring.

Einstein himself recognizes that Schlytter is not a crackpot. Some time ago Schlytter sent Einstein a letter about another problem, that of irrational numbers. Einstein replied:

"There can be no doubt that your letter is NOT in the category of crank letters..."

However, Schlytter said, Einstein hasn't backed down on his theory of curved space.

Schlytter said Einstein's general theory of relativity is that the universe is limited in extent, but it is without boundaries.

"This view of the universe," Schlytter said, "requires that Einstein think of it as having curved space."

"Space is measured by three dimensions—length, breadth and thickness. The word 'curved,' however, can apply only to one of two of these dimensions. That is, to what we call lines and planes.

"Consider the various ways cheese can be cut. You can make straight cuts or curved cuts. But the straightness or the curvedness concern the surfaces of the cheese, not the three-dimensional substance, which is the cheese itself.

"Straightness and curvedness depend upon each other for meaning. Straight means not curved. Curved means not straight.

"To say that space is curved means no more than to say it is straight. This, of course, is absurd. We can use the terms curved and straight only in application to lines and surfaces within space.

"Hence, there is no more sense in talking about curved space than in talking about triangular odors or square noises.

"Space can't be curved. Space

can't be straight. It can be neither of these things because space is not matter, nor is it void.

"Space is a relationship of togetherness of matter and void. And togetherness cannot be curved or straight."

Negro Has Hole In Head To Prove His Charges

AUSTIN, Texas, (UP)—Otha Green, a Negro, had a complaint to make recently in Justice of the Peace court; he had been shot in the head.

To prove it, Green showed the court a skull cavity which he said was caused by a well-placed shot from the pistol of A. B. Ellison, another Negro. Green, who filed a complaint of assault with intent to murder against Ellison, said he went for 'a little ride' with Ellison.

When Ellison told him, for the third time that he was going to shoot him, Green hopped out of

More Sponges In Offing As Ban In Bahamas Lifted

NASSAU, Bahamas (UP)—The Bahamas government has reopened most of the sponge fishing beds in the colony which have been closed to fishing since January, 1940. In 1939 and 1940 a mysterious marine disease spread through the waters of the Bahamas and killed almost all the sponge growth.

Although experts on marine biology were brought out from England to study the disease, it has never been satisfactorily explained. The same disease affected the beds in Cuba and Florida waters, but those beds made a faster recovery, as the plague there was not as severe. Prior to 1940, sponge fishing was the largest industry in the Bahamas and sponges were the leading export.

From where I sit... by Joe Marshall

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marshall
