Judge Deals Lewis Double Barrel Blow

Well . . .
I Dunno,
But . . .

For once we don't need to make excuses. Yes sir, those Bulldogs won their Thanksgiving game with Weatherford and didn't fight about it either.

They tell us the boys really played a game and for yard going Worth Carlin was in the spotlight. Of course, those Arterburn passes were clicking like clock work.

Anyway, it sure makes us feel better to have one conference victory to our credit 'cause as one of the boys said, "it's sure cold down there in that cellar."

Somebody is sure plagiarizing and we don't know who. One of our chief hecklers always signs his correspondence to us "from you know who." We thought perhaps it was original with him but out this week comes a letter that we know wasn't from him but it's signed, "from you know who."

We know, however, that the first "from you know who" won't lose any time collecting on a t h e deal, if there's room for a suit.

Comes word that a former Ranger high school and junior college teacher, has just published a new book THE TEXAS REPUBLIC. He is William Hogan and taught in Ranger from 1929 to 1931. He is now an associate professor of history at the University of Oklahoma.

During the war he served as a captain in the Military Intelligence Service.

Appearing in this edition of the Times is a story about the nature of the book.

Earnest L. Arterburn came home for Thanksgiving, "bringing the bacon," so to speak. He had venison for Mama Arterburn from the three point buck that he had killed in New Mexico. He is living in Albuquerque where he is a civilian employe at the field where he served with the Army during the war.

All of the employes at the Ranger Airport feel just like school children and why shouldn't they. They are getting from Wednesday night through Sunday for a Thanksgiving holiday. A regular school boy's holiday.

However, part of 'em were out this morning to watch the DC-3 come in a kind of postman's holiday idea.

But to the doubting Thomases, that plane landing would have been a convincing sight. There are those that will argue with us that Ranger's airport is too small to accommodate big planes but seeing is believing and a 21 passenger plane is no cheese crate.

C. C. McKeever, has some plans for improvements at the port which we will tell you about later. But if you haven't been out in some time, it'd be worth your time. They have a complete repair shop and lines and lines of planes stand there waiting their turn.

Carroll Glenn's concert at Eastland Wednesday night was one of the best programs we have ever heard in this part of the country and evidently everybody else was enjoying it because you could have heard a pin drop during any of her violin numbers.

This was the first of four concerts to be brought here by the Eastland County Community Concert Association, which is sponsored by people in Ranger, Eastland and Cisco.

This association is to be commended for the work it is doing. A job that was too big for any one of the three towns alone and only possible through the combined effort of all three.

FROM BAR TO BARS
FORT WAYNE, Ind. (UP) — Kenneth M. Miller says next time he walks into a hotel he'll make sure it's just that.

Miller mistook Desk Sgt. Russell Aker for a hotel clerk as he walked into the police station and asked for a room.

The officer, "registered" Miller on a charge of public intoxication—and gave him a room with bars.

MULESHOE POST OFFICE EXPLODES

It was a small post office building, only 40x130 feet, but when it exploded, the blast could be heard for four and a half miles. A. J. Gardner, postmaster at Muleshoe, Texas, started to light a stove in the post office, an 1 when he struck the match, the building blew up. Mr. and Mrs. Gardner were injured when they were buried beneath the rubbish along with a clerk and two rural car jers. All of the injured are progressing nicely in the Muleshoe hospital. (NEA Tele photo).

DC-3 FLOWN HERE TO BE OVERHAULED

A big DC-3 Army transport plane was landed at the Ranger Airport this morning and will undergo a complete overhaul by the crew at the airport shop.

The ship which belongs to Westland Airlines with headquarters in San Angelo was flown here by J. W. Rahlfs who was accompanied by L. H. Riedl. The plane which was purchased from the Army is the type which was used in flying the Hump during the war and has a wing spread of 102 feet.

C. C. McKeever, manager of the Ranger Airport and operator of the repair shop, stated that the plane will be converted into a 21 passenger ship and will be used by Westland on one of its routes when completed.

Quite a crowd was at the port to watch the big twin-engine ship come in and it landed as easily as if it had been a small plane. The pilot didn't even use the runway, but landed and taxied along the north side of it.

BEEF, VEAL DIET DUE
WASHINGTON (UP) — The agriculture department said today the average American probably will eat more beef and veal in 1947 than during any year in the last 37.

It said, however, that pork production likely will be somewhat smaller.

Ranger Wins From Weatherford 13-0

The Ranger Bulldogs came to the fore Thursday, to win their first conference victory of the season by defeating Weatherford 13 to 0.

In the game played at Weatherford the entire team, sparked by Carlin, Williams, Griffin and Arterburn, played their best game of the season with never a dull moment for the capacity crowd that attended the game.

Ranger kicked off to Weatherford and on the first play Weatherford fumbled and Ranger recovered on the Kangaroos 40-yard line. Immediately Ranger fumbled and Weatherford recovered. They moved down to Ranger's 36-yard line where they lost the ball and Deaton recovered. The first quarter ended with the Bulldogs in possession of the ball.

Arterburn started passing and by the second quarter had completed two out of three attempts. The fourth toss was intercepted, the only time Weatherford succeeded in grabbing a Ranger pass. Weatherford was forced to kick and the Ranger machine started working. Arterburn, after fading back to pass and failing to find a

CALF ROPING CONTEST TO BE ON SATURDAY

Another event is scheduled for the Ranger Rodeo arena Saturday afternoon when Sig Faircloth and Boyyle Hittson of Breckenridge and Phelton Herrington and Leo Huff of Cisco will put on a big roping contest.

The roping will start at 2:30 o'clock and each contestant will rope 10 calves in a contest for a pot of \$500. There will also be a jackpot roping contest which will be open to all ropers.

Ideal weather prevailed today and is predicted for tomorrow but in case of rainy weather the contest will be postponed until the following Saturday.

All of the four matinee contestants are experienced ropers and the show promises to be one of the best yet staged at the arena.

FORT WORTH LIVESTOCK
Cattle 1500, calves 1300, Steer and veal 1700, Hogs 600, Top 25.50, Good and medium 18.00-25.50. Good and choice 18.00 lbs up mostly 25.00 and 25.25.

The Cornwall iron ore mine in Lebaon County, Pa., has been in continuous operation since 1740.

MORE WORK BEING DONE ON NEW PARK

It was announced today by Mrs. A. H. Powell, chairman of the Gold Star mother's planting program committee, that the culvert is being laid for the entrance to the Memorial Park on highway 80.

Work is also getting underway on the construction of the arch to be placed over the entrance to the park. Inscribed on the arch will be 'Memorial Park, War II' in letters one foot high. Plans are being made to place pillars of natural stone on each side of the entrance to support the arch.

Ranger's Gold Star Mothers have been working to beautify the back of the park where the natural stone benches are located.

A number of out of town parents have already selected their plots and made arrangements for the planting of the trees.

The program committee is planning a program for the memorial service which will start at 4:00 Wednesday afternoon, December 11th. Immediately following the program will come the mass planting of the trees.

Mrs. Powell has asked that all who plan to participate in the planting program select a plot and get the holes for the trees dug at once.

Asks Tax Cuts For Middle, Lower Income Groups
WASHINGTON (UP) — Sen. Glen H. Taylor, D. Ida., today called for sizeable cuts in taxes for middle and lower income groups, but denounced proposed across-the-board reductions as schemes to "give millions to the millionaires and pennies to the poor."

He said the tax reduction programs suggested by some Republican leaders and the U. S. Chamber of Commerce "offer little real hope of tax relief for the family in the lower income brackets."

ACCEPTS BOWL INVITATION ABILENE (UP) — Hardin Simmons University, one of the few undefeated and united teams in the nation, today accepted an invitation to meet an as yet unnamed opponent in the Elks Bowl in San Antonio New Year's Day.

Memorial Planting Honor Roll Listed
The following names have been added to the honor roll for the Memorial planting program in Ranger.

ADD MEMORIAL
Mr. and Mrs. J. A. Bates
Martha Jane McMullen
Mrs. Tucker
Dr. A. K. Weir
Mr. and Mrs. M. R. Newnam, of Longview
Mr. and Mrs. C. O. Culppepper
Mr. and Mrs. E. T. Eubank

SENATOR SAYS OTHER ISSUES MUST PRECEDE ATOMIC BOMB

LAKE SUCCESS, N.Y. — The United States said today that "the outstanding issues" between Russia and the other Allies must be settled before the powers can disarm and outlaw the atomic bomb.

Sen. Tom Connally, D. Tex., told the United Nations political and security committee that "no agreement is attainable without a settlement of the major issues still prevailing among the Allies."

"A just settlement in accord with United Nations principles is necessary," said Connally, obviously referring to the still unfinished treaties ending World War II.

Connally delivered a general answer to Soviet Foreign Minister V. M. Molotov's proposal that the powers reduce their armaments, outlaw atomic weapons, and establish international control to assure compliance.

Australia demanded a clarification of Russia's proposal for control of atomic energy and disarmament, and warned that unless the United Nations members waive their veto power over control machinery "the whole system" would fail.

Connally said disarmament also depended on establishing collective security under the section of the UN charter which provides for an international police force to keep peace.

"War can't be abolished by statute," Connally warned.

Public Invited To Hear Talk On Germany

The public is invited to attend a lecture to be given this evening at the Church of Christ by Otis Gatewood, evangelist.

The lecturer has recently returned from a tour of Europe and will discuss the mission problem of the Church of Christ for those countries. He spent most of his time away in Germany and will speak particularly on that country. He will also use technical pictures taken while in Germany to illustrate his talk.

Texas Students, Exes To Have Party

The Oil Belt Club of the University of Texas will entertain with a big party this evening at the Belvavia Club in Breckenridge and all University students and ex-students are invited to attend.

The party will be a victory party and those who have not been contacted directly are invited and urged to attend.

Membership of the club is made up of students from Ranger, Eastland, Cisco and Breckenridge.

FORMER LOCAL TEACHER HAS NEW BOOK OUT

NORMAN, Okla. Nov. 29— (Special) —Everybody knows what Texas has got, but few know how it got that way.

William Ransom Hogan, former Ranger, Texas, teacher whose new book, "The Texas Republic", has just been released by the University of Oklahoma Press, finds the major answer in the years from 1836 to 1846, when Texas enjoyed the status of an independent commonwealth.

His book is devoted to the special aspects of the Texas Republic—how Texans lived, worked, and played in the days of Sam Houston, Mirabeau B. Lamar, and Stephen F. Austin. During the period, the Lone Star Commonwealth maintained a virile and turbulent independence in

the face of staggering obstacles, and in doing so bequeathed to future Texans an ebullient pride in everything Texan.

Hogan tells of circuit riders, pioneer physicians, school teachers, lawyers, ruffians and duelist town builders, merchants, land pirates, politicians, and others who made Texas "a great, beautiful, dry, windy, cotton, cattle, Methodist, live-oak state."

"This volume," says Hogan, "is focused upon the everyday existence of a frontier democracy. What kinds of houses sheltered its citizens; what clothes they wore; what they ate and drank; what their religions were; what ideals and aspirations they had. It is the answer to things like these—in the light of their social setting—that makes the fundamental understanding of any people possible."

The author, who is now an associate professor of history in the university of Oklahoma, was brought up in Texas and was educated at Trinity University and the University of Texas. Through his reading and research on early Texas, he became convinced that politics and military affairs had been overemphasized to the exclusion of a vast body of interest and significant data dealing with other important aspects of life on the Texas frontier—hence the social and economic history which he has just published.

Elks To Have Memorial Service Sunday at 3:00

The Ranger Elks Lodge will hold the annual memorial services at the clubrooms Sunday afternoon at 3:00 o'clock.

All officers of the lodge will participate in the service and the public is invited to attend.

Locomotives of passenger and freight trains on British railways are being equipped experimentally with radar apparatus to overcome the fog menace.

COAL STRIKE COST MILLIONS OF MAN HOURS

PITTSBURGH — The continued strike of John L. Lewis' 400,000 United Mine Workers today was costing the nation's economy millions of man hours a day as related production sagged.

Industrialists' predictions became even more dismal as coal supplies dwindled at an alarming rate.

The industrial picture—Steel—More than 50,000 workers laid off. Thousands working part time.

Transportation — Railroads counted more than 18,500 workers idle and many others on reduced schedules.

Steel Fabricators—Drastic curtailments planned because of shrinking supplies of semi-finished steel.

The biggest threat to production was possibility of a railroad freight embargo. Virtually no industry would escape the effect of such a move.

Big Four In Almost Complete Accord on Trieste

NEW YORK — The Big Four council of foreign ministers, virtually agreed on details of Trieste and in sight of a compromise for free navigation of the Danube, today tackled the proposed \$1,350,000,000 reparations bill for the five former Axis satellites.

Since the "horse-trading" between east and west started last Sunday, reparations is the only major point of dispute not discussed.

On Thanksgiving eve the ministers agreed on a plan for withdrawal of troops from Trieste—an issue that had deadlocked them for a week.

On Thanksgiving Soviet Foreign Minister Vlaschiav M. Molotov offered a surprise compromise on the Danube.

Series of Fires Sweeps Small Missouri Town

LAREDO, Mo. — A series of fires started shortly before 3 a. m. today in various sections of this small hamlet, and within two hours, destroyed five structures.

Highway patrolmen said the blazes apparently were the work of the arsonist—or gang of arsonists—who previously had struck seven small communities in Central Missouri in the past few weeks.

U. S. RETURNS BOATS
BERLIN (UP) — The U. S. military government announced today that it had returned to Hungary 184 river boats in a formal transfer at the Danubian city of Regensburg in Bavaria.

ILLEGALITY OF CHARGE, DISMISSAL ARE DENIED

WASHINGTON — Federal Judge T. Alan Goldsborough today dealt John L. Lewis a double barreled blow which apparently pointed toward conviction of the mine workers' chief on charges of contempt for refusal to call off the national coal strike.

The judge formally denied a defense motion for dismissal of the contempt charges.

At the same time he knocked the props from under the unions contention that the proceedings were illegal under the Norris-LaGuardia Anti-Injunction Act.

Midway in the second day of the contempt trial in which Lewis and his United Mine Workers, AFL, stand accused of disobeying a restraining order issued by Goldsborough November 18 the judge threw out the defense arguments with the declaration that—

"It is perfectly clear that . . . the court has the right to enjoin a labor union which is about to take steps that would be against the public interest, including the ultimate interest of the union itself."

Lewis and the UMW already had admitted that they had ignored the order directing them to keep the miners' eyes while the court ruled on their right to terminate their wage-hour contract with the government.

In so doing, Goldsborough asserted, they in effect pleaded guilty to contempt.

As for the unions' contention that the Norris-LaGuardia Act is binding on the government and that the court order therefore was illegal, Goldsborough said flatly—"The Norris-LaGuardia Act did not apply and does not apply."

Bevin Says Oil Companies Being Forced To Wall

NEW YORK — American and British oil concerns in Rumania are being driven into bankruptcy by "unfair" price regulations on their production syphoned into Russia as war reparations, the council of foreign ministers was informed today.

British Foreign Minister Ernest Bevin, acting on special instructions from London, declared that 42 per cent of the output from Rumanian wells was being diverted to Russia, and that British concerns were being forced into bankruptcy by below cost prices set by Soviet-occupied Rumania.

Expect Sulfa Drug Production To Fall Off

NEW YORK — The coal strike threatened today to curtail, possibly suspend, production of the life saving sulfa drugs and many of the new postwar plastic materials.

The situation in some companies, informed sources disclosed, is more serious than others in that they are still handicapped because of shortages caused by the coal strike last spring.

30 INJURED IN CHICAGO BLAST

Firemen battle flames which followed an explosion that blew the front out of a wholesale Tobacco House onto a passing streetcar in Chicago. The street car is enveloped in the smoke. Thirty persons were injured but none seriously. (NEA Telephoto).

Final Southwest Games To Be On Radio Saturday

The final two Southwest Conference football games will be described for stay-at-home fans this Saturday afternoon in broadcasts sponsored by Humble Oil & Refining Company.

First to go on the air will be the broadcast of the SMU-TCU game at Dallas, beginning at 1:50 p.m. Vee Box will give the play-by-play description, assisted by color announcer Fred Kincaid. The broadcast will be carried by stations KXYZ, Houston; WRR, Dallas; KFJZ, Ft. Worth; WACO, Waco; KTEM, Temple; KNOW, Austin; KABC, San Antonio; KPRO, Longview; KGVV, Greenville; KFDM, Beaumont; KBWD, Brownwood; KGKL, San Angelo; KBST, Big Spring; KCRS, Midland; and KWFT, Wichita Falls.

At 2:20 p.m., Humble's broadcast of the Rice-Baylor game at Houston will begin, with Kern Tipte describing the play and Alec Chesner providing the color. This broadcast will be carried by stations KRLD, Dallas; KTTA, San Antonio; KTRH, Houston; KEYS, Corpus Christi; and KGBS, Harlingen.

The first automobiles were driven over Texas roads in 1899.

NEWS FROM Cheaney

Mr. and Mrs. B. B. Freeman left Tuesday for Correyville, Kansas to spend Thanksgiving with Mr. and Mrs. M. V. Leffle. From there they will go to Ft. Smith and Van Buren, Arkansas to visit more friends before returning home Monday.

Mr. and Mrs. Jesse Blackwell were the guests of their daughter, Mrs. Lum Love and family of Ranger, Friday.

Mr. and Mrs. Pug Howard of Ft. Worth are spending a two weeks vacation on their farm east of Cheaney.

Mr. and Mrs. Willie Weekes and family and Miss Marie Harper, all of Ranger, were visitors in Cheaney Sunday evening.

Mr. and Mrs. B. B. Freeman and Mr. and Mrs. A. H. Dean were guests Sunday of Mr. and Mrs. Dick Weekes of Comanche. Mr.

Weekes had just returned from a successful deer hunt in the Guadalupe Mountains.

Miss Jean Jones, daughter of Mr. and Mrs. Theibert Jones of Cheaney, and Mr. James Ratliff, son of Mr. and Mrs. A. J. Ratliff of Ranger, were married in Fort Worth last Friday night.

Hub Firemen Lose Beds As Hours Are Cut

BOSTON (UP)—The traditional picture of a fireman leaping from bed and into his clothes to answer an alarm will have to be changed in Boston.

Starting next year, all beds will be removed from firehouses and each man will have definite duties around the station when not engaged in battling a fire. The beds were ordered removed

by Mayor James M. Curley when the firemen were granted a 48-hour week on an election day referendum. They previously were on duty 84 hours.

NOTICE

Due to the fact that leather prices have advanced almost double since OPA removal, we are asking all our customers to use rubber and neo-lite soles whenever possible.

TYPEWRITER SALE TO VETS IS SCHEDULED

FORT WORTH (Special) Nov. 28—The first—and probably the last—sale of its kind to be staged by War Assets Administration in the Ft. Worth region will attract certified veterans from all parts of West North and Central Texas to the WAA warehouse, 123 East Exchange Avenue in Fort Worth starting next Monday, December 2.

Typewriters—400 of them—all standard makes and widths of carriage are to be offered to veterans holding the required WAA certificate on a "first come first served" basis.

The line will probably form early in the morning with the doors to open at 9 a.m.

Each veteran will be allowed to buy one typewriter for his personal use. The sale will last for three days—but the supply of typewriters may be exhausted much sooner according to Harold S. Gish, Chief of the Veterans Division who stated that applications for typewriters have been flooding the WAA Fort Worth office for the past few days. Veterans may still obtain a typewriter certificate by applying in person before

Franklin bought a 1941 pickup truck for \$420.00. Over 400 veterans attended the sale and a total of \$57,379 in cash was paid for vehicles that originally cost the Government \$123,901.

After 12 years of experiment, a toy electric train that operates by radio waves has been devised for the delight of junior and dad this Christmas, the American Magazine reports.

Dogs which have been "dead" for as long as eight minutes have been revived in laboratory experiments reported by the Encyclopedia Britannica 1946 Year Book.

A pump to replace heart action, stimulant drugs and artificial respiration were used.

Back-Stage Behind the Curtains
 ... in every organized business, large or small, there is a mass of preparation, work, skill, experience and expense before any thought can be given to profits from the finished product. For example, the cost of typing a 100-page abstract is a trifle compared to that of assembling, classifying and posting the records, day after day in preparation for your next order. The abstract, therefore, can't be cheap like dirt, but always there is the element of safety and a saving in including it in every real estate transaction.

SOCIETY

New Era Club Has Dinner Party

Members of the New Era Club entertained with their annual Thanksgiving dinner Tuesday night at 7:00 o'clock in the home of Mr. and Mrs. Edwin George, Jr.

Husbands of club members were guests of honor.

Thanksgiving was featured in the decorations for the affair and in the dining room the table was laid with an imported cutwork cloth and centered with a harvest arrangement of fruits and berries. Golden yellow candles lighted the table.

Following the dinner games of forty-two were played.

Those attending the dinner and party were Messrs. and Mrs. L. L. Bruce, V. V. Cooper, Jr., W. F. Creager, Arthur Deffebach, Vernon Deffebach, C. M. Deal, Jr., Walter Daniel, B. S. Dudley, Edwin George, Jr., J. A. Knox, Paul MacDonald, W. W. Mitchell, Ross Richards, George Robinson, J. L. Turner, A. W. Warford, A. L. Wilson, Dr. and Mrs. E. R. Green and Mrs. C. I. Wolford.

Turkey raisers report that foxes will not invade the roost if the surrounding grounds are flood-lighted.

Youthful Bank Robber Caught

J. D. Banning, confessed Iowa bank robber, follows his tropic which ended in his capture in Ft. Worth at the home of his mother. Banning and a 17-year-old companion robbed the Carlisle, Iowa bank of \$4,527.90. The FBI traced Banning to Fort Worth through a telegram he sent to his mother, telling her not to open a package until he arrived. (NEA Photo).

RANGER WINS

(Continued from page one)

ter a series of punts Weatherford fumbled a Ranger kick and Frasier recovered on the Kangaroo 30-yard line. On an Arterburn to Frasier pass with Frasier in the end zone, interference was ruled against Weatherford and Ranger was given the ball on Weatherford's 1-yard line.

On the next play Carlin went over center for the touchdown. Frasier's conversion was good and the third quarter ended 13-0.

Early in the fourth quarter, Arterburn intercepted a pass and carried the ball to the Weatherford 45-yard line. On the next play Arterburn passed to Cole. Cole fumbled and Martinez scooped it up but was downed. After again punting, Ranger intercepted another Weatherford pass with Gray on the receiving end this time. A series of Ranger passes followed but the Bulldogs again lost the ball and the game ended with Weatherford in possession.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

DIXIE GRILL CAFE

DEFECTIVE HOSE CAUSED 2 FIRES

Faulty stove hose caused two destructive fires here Friday.

Fire caused an estimated \$5,000 damage to a two-story frame apartment house at 904 Hemphill Friday morning. Firemen blamed a defective bathroom heater hose as cause of the fire.

Another fire, occurring in part of an upstairs apartment, suffered burns on her right wrist as she escaped down a back stairway and was treated at the scene. Several score Negroes were left homeless late Friday afternoon when fire gutted the annex of the Hotel, 405 E. 5th, and damaged the main building.

Firemen fought the two-alarm blaze for more than an hour. Fire Lt. A. T. Sanders, 51, of Station No. 6, suffered first and second degree facial burns.

A Negro customer of the hotel, said the fire started in Room 36 on the first floor of the annex. Fire Marshal Owens said a faulty hose probably caused the fire. He did not estimate the damage.

For Safety's Sake

Check your gas heater connections

FLEXIBLE rubber hose connections that have dried out and become cracked are dangerous. Escaping gas may ignite, set fire to the hose and spread to drapes or other inflammable materials.

Play safe by examining your gas heater connections for cracks, leaks or loose fit on gas cocks. Replace with new hose if necessary... or, better yet, install copper tubing connections which are gas tight and safe from accidental dislodgement if properly installed.
