Marshall Blames Extremists In China War

MINERAL WELLS MINISTER IS GUEST SPEAKER

The Brotherhood of the First Baptist Church held its first meeting of the New Year Monday night with an attendance of sixty-seven.

These men were seated with their respective Table Captains. Roll Call was taken and Table Captain Billy Doss, was presented a most delicious Angel Food Cake for his efforts in having the largest group present at his table.

Bruce Harris, program chairman, led the song service, accompanied by Miss Betty Reuver, after which a chili menu was served.

The high-light of the meeting was the inspiring address delivered by Rev. Chester Watt of Mineral Wells. Rev. Watt centered his message around the life of the apostle Paul, using the scripture from Second Timothy, 4th Chapter, "For I am now ready to be offered, and the time of my departure is at hand. I have fought a good fight, I have finished my course, I have kept the faith."

Special emphasis was placed on three familiar characters who shared in Paul's life and work. Demas, the fellow-laborer whose love for worldly things caused him to forsake Paul, and John Mark, the young man whom Paul needed to carry the torch, but who fled. Paul deserted and finally Paul says, "only Luke is with me." Attention was called to the fact that there continue to be Demas, Mark and Luke in churches today and how great the need is for turning again to God and the John Marks of churches to strengthen their efforts and carry the gospel on to others. "We find the Lukes in our churches wherever we go," continued Rev. Watt. "Those faithful few who have remained steadfast in living for the Kingdom of God."

A low temperature of 29 degrees was recorded during Monday night but at 8:00 o'clock this morning the mercury stood at 33 degrees and during Monday a maximum of 41 degrees was registered.

House Speaker Martin made it clear that the GOP intends to institute its own fiscal program—including tax cuts—for that proposed by Mr. Truman.

SAYS RADICAL ELEMENTS IN BOTH PARTIES RESPONSIBLE

WASHINGTON — Gen. Gen. C. Marshall in a blistering criticism of both Chinese Nationalists and Communists declared today that efforts to settle China's internal strife had been frustrated repeatedly "by extremist elements of both sides."

Marshall asserted on the eve of his return to this country that Generalissimo Chiang Kai-Shek's party members were interested only in "preservation of their own feudal control" of China.

The Communists, on the other hand, are thoroughly Marxist, Anti-Democratic, and are determined ultimately to impose a Communist form of government upon China, Marshall said.

Both sides, Marshall declared, are hopelessly suspicious of each other.

Only China's as yet unorganized liberal groups can save the situation, he said.

Marshall has been summoned home by President Truman after failure of his mission to bring China's warring elements together in a representative, Democratic government.

He is expected to leave Nanking by plane tomorrow. His return will signal a complete review of this country's far eastern policies.

In a long statement released by the State Department here, Marshall said ostensible agreements between Communists and Nationalists at a conference arranged by him a year ago could have put China on the road to internal peace.

But Nationalist reactionaries and Communist extremists wrecked those agreements, he said.

Says Civil War Likely Unless Labor Curbed

PHILADELPHIA — Donald R. Richberg, one-time general counsel of the NRA, said today there is danger of civil war unless strong curbs are placed on labor.

Addressing a luncheon meeting of the Poor Richard Club, he said "Unless the gigantic powers of labor leaders are cut down and the unions and their officials are compelled to subordinate private interests to the public interest, we shall be driven deeper and deeper into a political war which may become a civil war."

Don't Be Sorry-Be Safe ... is good, sound advice well worth taking especially in those cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks—they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, among other things, reveals the condition of the title and is always worth far more than it costs. EARL BENDER & COMPANY Eastland Since 1923 Texas
