

NEW 'SPEEDGUN' WORKS INDOORS OR OUTDOORS
... Police Chief W. W. Jones checks oncoming car

IT WILL GET YOU COMING OR GOING
... New radar unit gives instant read-out

Bad news for speeders--city gets 'radar pistol'

By BECKY BERRYHILL
How does a tuning fork make its way into a city patrol car?
THE TUNING fork rides with the new hand-held radar unit, a "Speedgun," which the Dimmitt Police Dept. unpacked and put into use Friday. The tuning fork, which vibrates at a 50-mph frequency, is used at the beginning of each patrol to insure accuracy of the Speedgun.

Police Chief W. W. Jones demonstrated the Speedgun Friday afternoon in the school zone on West Bedford.
"The power for the unit comes from the car's cigarette lighter," Jones explained. "You just plug it in and within seconds a light comes on showing the unit is ready for use. Then you strike the tuning fork and hold it in front of the gun; 50 mph immediately flashes in lights on the back of the gun."
"THE 50 mph fork comes with the set, but we've ordered another set at 80 mph in case its accuracy is ever challenged," Jones continued.
Demonstrating its use in traffic, Jones explained:
"I just point the gun and his

speed will show in red digits here in the back. If I were going to give him a traffic ticket, I would lock the speed into the gun by pressing this trigger. It would then continue to flash his speed until I released it after the ticket was written.
"Let's check that car. He's slowing down, 19, 18, 17. If he's gaining or losing speed, it shows here instantly," Jones said.

A FEW speed limit violators heard Jones explain the new Speedgun and the school zone speed limit Friday. But the police chief let them off with warnings and a lecture on speed laws.

"The officer can check motorists coming and going, even through the rear view mirror," Jones said. "If we want, we can mount it on the back ledge and read the speeds in the rear view mirror. It reverses the numbers to read in the mirror with a flip of a switch."

"We can even check motorists going at a 90-degree angle from the parked patrol car," Jones said. "Also we can check motorists while the patrol car is moving."

JONES HAS been trained, qualified and certified by the manufacturer to operate the Speedgun. Other city patrolmen will soon receive the qualifying training.

According to the Speedgun's

MEALS ARE \$2 per plate, and businessmen are encouraged to make reservations by telephoning the Chamber of Commerce, 647-2524.

Hart schools award contracts

The Hart School Board Monday night accepted three bids for fuel, oil and house shingles for the 1972-73 school year.

BIDS accepted were 21.05 cents per gallon for gasoline from the Hart Oil Co., \$8.50 per case for oil from Cox Shamrock Service, and \$6.795 for shingles for eight school houses from Ed Harris Lumber Co.

The board also approved the 1972-73 school year budget of \$639,497. The figure reflects an increase of \$2,131 over the previous year.

Elementary Principal Frank Barnes reported on the elementary reading program. The board approved money to buy carpet for the reading center, with \$200 coming from federal funds.

operation manual. "It works on the conventional Doppler radar principles which have been accepted in the courts throughout the country."

"Our motive is to slow people down, not to catch violators," Jones explained. "If we never catch anyone speeding with the gun, if knowing we are radar equipped keeps all drivers below the posted limits, then we will consider the Speedgun a success and the money well spent. We hope it will make everyone aware of the limits and abide by them."

The speed limit for all city streets is 30 mph unless otherwise posted.

Lions select new sweetheart

Terese Underwood, Dimmitt High School senior, was elected the Dimmitt Lions Club Sweetheart Tuesday.

SHE SUCCEEDS Sarita White, a freshman at West Texas State University.

Miss Underwood is a twirler with the Bobcat Band, and has held offices in the Student Council, Future Homemakers of America and her class. Her hobbies include piano and art.

The Lions Club traditionally sponsors its sweetheart in the district sweetheart contest, Miss Castro County Pageant, parades and other events, and has her as a guest at club meetings.

Grand Jury will convene Tuesday

A new District Court Grand Jury is to convene Tuesday morning to consider three criminal cases.

THE GRAND JURY will study evidence in one charge of assault with intent to murder and two charges of felony DWI, according to County Attorney Robert Buntyn.

District Judge John T. Boyd of Plainview will be in Dimmitt Tuesday to conduct arraignments and accept pleas in District Court.

Also, the County Court has issued a jury call for Monday.

Nurses' school sets graduation

Ten women will graduate from Plains Memorial Hospital's School of Vocational Nursing at 3 p.m. Sunday in the First Baptist Church fellowship hall.

FATHER Stanley Crocchiola of Nazareth will deliver the main address. Certificates of graduation will be presented by Kathy Lindley, RN, director of the school.

Graduates will be Edna Braddock, Kay Braddock, Mickey Casey, Pauline Harris, Rhonda Killough, Denise Morgan, Jessie Mrrren, Jeannette Seely, Ollie Vise and Debbie Waggoner.

Two Dimmitt teenagers were hospitalized with serious injuries after a motorcycle-pedestrian accident Tuesday night on North Broadway.

THEY WERE Sherri Vaughn, 16, a high school sophomore, and Pat Barrios, 19, a 1972 graduate of DHS.

Police Chief W. W. Jones said Miss Vaughn was crossing Broadway toward Seale Florist at 8:20 p.m. when she was struck by Barrios' motorcycle. The impact knocked the girl 20 feet and overturned Barrios' cycle, hurling him onto the pavement.

Miss Vaughn received bone fractures of the left arm and right leg. She was transferred to Northwest Texas Hospital in Amarillo after receiving emergency treatment at Plains Memorial Hospital here. She was listed in serious condition Wednesday morning.

BARRIOS was listed in satisfactory condition Wednesday morning in Plains Memorial Hospital. The extent of his injuries were unavailable at press time.

Miss Vaughn is the daughter of Mr. and Mrs. Charles Vaughn, 600 Oak St. Barrios' parents are Mr. and Mrs. Santiago Barrios of Route 2, Hart.

Witnesses told the police chief that Miss Vaughn had been with a group of girls gathered in front of the Jess Wright Building on the west side of Broadway, and that she and another girl were crossing the street toward the Bobcat Drive-In when she ran into the path of Barrios' northbound motorcycle.

Miss Vaughn and Barrios apparently didn't see each other because of a mist that was falling, Jones said.

Cancer Society hears reports on state meet

The Castro County Unit of the American Cancer Society heard reports from its state convention delegates during the regular meeting Monday night at the First United Methodist Church fellowship hall.

FOUR MEMBERS attended the state meeting in Dallas. They were the incoming president, Mrs. Harry Kleman of Nazareth; the outgoing president, Mrs. Lawrence McLain; Mrs. W. A. Epperson and Mrs. Claude Forson.

During the meeting, the county committee chairmen presented their objectives for the coming year.

Bill McDavid of Lubbock, new district representative, was a guest at the meeting.

FINAL TOTALS in the county at the end of the society's fiscal year \$3,648 in Crusade donations and \$475 in the memorial fund.

The memorial fund is growing in the county. Donations in memory of deceased loved ones can be sent to Mrs. Leonard Welty of Hart, and appropriate cards of acknowledgment will be sent to the family.

During the state meeting in Dallas, the delegates reported, the American Cancer Society funded research grants which totaled over \$1,533,864 in Texas.

In addition, more than 12,648 cancer patients in the state were serviced by the society during the first nine months of the 1972 fiscal year.

The next meeting of the group will be the first Tuesday in October at 7:30 p.m. at the Methodist Church's fellowship hall. All interested persons are invited to attend.

Please recycle this newspaper

Bundle this issue with your other used newspapers and place the bundle near the garbage cans in your alley, for pickup by the city.

You may also take your stack of newspapers — bundled or unbundled — to the Dimmitt Fire Station. And remember — no magazines, please.

Deadline for the current drive is Monday.

SO FAR, the Jaycees report 3½ tons of newspapers collected here. However, the city reported its alley collections to be going "pretty slow."

The papers will be sold for \$8 per ton to an Amarillo recycling firm, and proceeds will go to buy an artificial kidney machine for Jerry Wilson of Brownfield, a victim of nephritis.

Two injured in cycle wreck

DON'T LOOK BACK!—Sometimes it's better if you don't realize the full seriousness of the situation. In this second-quarter play Friday night, it's better that Muleshoe quarterback Don Long doesn't know that half the Dimmitt team is bearing down on him from behind as he crashes to the ground under the influence of an unidentified Bobcat tack-

ler. Blitzing in on the Muleshoe signal-caller are (from left) Lonnie Strickland (82), Brad Sanders (9), Shannon True-lock (62), Terry Powell (15) and Pete Davila (24). Despite this moving-fortress type of defense, the young Bobcats dropped their season opener to the bigger, more experienced Mules, 20-6. (Photo by Gay Roland)

Autopsy ordered in man's death

The county coroner is awaiting an autopsy report before ruling on the cause of death of Jim Tom Day II, 23, in a local hotel room Saturday.

DAY'S BODY was discovered

at 2:30 p.m. by Mrs. Fred Allen, wife of the Dimmitt Motel

manager. She notified the Castro County Sheriff's Dept. Officers found Day's body lying face-down on his bed in the room which he had rented several days earlier. The room was "very hot" because of an open-flame gas heater that was burning, officers reported. They said their room search turned up several prescription bottles of capsules and tablets, plus a note which Day apparently had written before his death.

Day was wearing slacks, with no shoes or shirt, officers said. EVIDENTLY, Day had been dead less than 24 hours when his body was discovered. Mrs. Allen told officers she had seen him alive the day before, when she entered his room to clean it and noticed him on his bed, apparently asleep. He stirred a bit when she entered, so she left the room, Mrs. Allen told the investigators.

Day had lived in Dimmitt about two years. He was the son of Mr. and Mrs. Jim Day, former Dimmitt residents who now live in Smyrna Beach, Fla. Funeral services were conducted in Georgia Wednesday, county officials said.

Coroner Elvon DeVaney ordered an autopsy performed, and is awaiting the autopsy report before holding a coroner's inquest to determine the cause of death.

DHS homecoming plans announced

Dimmitt High School has changed its "Spirit Week" back to "Homecoming" this year. The week's activities will climax Sept. 29 with an ex-students' reception, FHA football supper and the Dimmitt-Looney game.

THE STUDENT body and the Ex-Students' Association are joining forces for the event.

Garnett Holland, exes' president, said a welcoming booth will be set up in the main lobby of South Elementary School about 4 p.m. Sept. 29. After an informal hour of visiting, exes will move to the cafeteria for a football supper sponsored by the Future Homemakers of America. Serving lines will be open from 5 to 7 p.m.

Following the meal, exes will sit en masse at the football stadium to see the game between the Bobcats and Longhorns.

HOLLAND said the only costs involved in the exes' reunion will be for supper and football tickets.

The week's student activities will also include a Thursday night bonfire and pep rally and special daily observances during the week.

Farmers, sportsmen launch drive to establish 'acres for wildlife'

Castro County farmers should be receiving a questionnaire in the mail asking about ground cover and pheasants in the near future. It's part of a project spearheaded by Robert Gossett, Hershel Wilson and Ed Dawson.

WILSON SAID interested landowners and hunters in Lamb and Castro Counties are organizing to get government assistance in providing ground cover for pheasants.

The questionnaire will be discussed in a pilot meeting in Earth in the near future. Wilson said.

The meeting and questionnaire are the first steps in developing "Acres for Wildlife" in

Castro County. Included in the program is a plan for a permanent cover system in waterways, fence rows and fields for the pheasant population.

"THE COUNTY has a good pheasant population except in the south and southwest corners," District Conservationist David Springer said. "In cooperation with Lamb County, we will try to build the pheasant population up in those areas."

"We hope to turn this into a long-range program to attract hunters to the county, thus providing another source of income for county farmers," Wilson said. "Of course our own hunters should be interested."

Correction

In a story in last week's issue about a three-vehicle collision Sept. 2 north of Dimmitt, the News listed Walter Spinhrine, 20, as the driver of the pickup involved.

THE STORY omitted the youth's middle name—David—which is the given name he uses. The driver of the pickup was not the youth's father, Walter Spinhrine, 20. Although the family did not call the error to the News's attention, we did not want to leave an erroneous impression. The story should have said the pickup's driver was David Spinhrine, 20. The youth received no citation in connection with the accident.

Beautiful new homes are hallmark of our growing city

By MYRTLE SHEFFY Dimmitt is a growing city. Have you seen the new homes going up in the southwestern part and a big street full of new houses on Northwest Twelfth in the country club area?

MR. AND MRS. David Behrens were hosts at their new home Sunday afternoon when friends came in for open house. Hostesses serving cake and coffee were Donald and Jean Gilreath, Jan and Wayne Jackson, Earnest and Marie Sammann, Celia and Bob Simpson. Helping with hostess duties were Rhonda Jackson, Cheryl Sammann, Mrs. Alfred Sammann and people from Amarillo were Mrs. Lockie Kern, Mr. and Mrs. George Walker, Walter and Ruth Weiland and Jane's parents, Walter and Judy Lovey, also Dennis and Georgie Kern.

Other new homes almost completed are the Robert McLeans, Dr. and Mrs. David Bechtols, Bo and Carol Bryants, Connie Williams Stewarts and her sister Cindy and husband Roy Rows, Floyd and Frankie Stanford, and a new house on Pine Street, unsold as yet.

Drive over town and see the nice yards and maple trees.

MR. AND MRS. John Hucks she is Loretta, and two sons Dewayne and Kevin moved here a while back from Eunice, N.M. The Hucks have a new house

on Pine Street. He is director of the lab at Plains Memorial Hospital. They worship with the First Baptists.

Red and Ruth Powell of Dalhart were Sunday guests of friends Horace and Ceal Carlile. The Powells are former residents of here.

Mr. and Mrs. Charles Horton, Mr. and Mrs. Earnest Goode and Mr. and Mrs. Charles Morris and a brother of the ladies from Joplin and Webb City, Mo. were guests of aunt and uncle Mr. and Mrs. O. K. Howe. They spent the night in the home of Mrs. Jack Gregory.

ON WEDNESDAY, I met two very charming young ladies, Patsy J. Monroe from Odessa and Donna Huffaker of Abernathy. Both are home ec student teachers here from Texas Tech at Lubbock. They work with senior teachers Mrs. Charles Hottel and Mrs. Bill

Snider. The girls are unmarried and live at Beral Hance's. One is blonde and loves motorcycles, the other is brunette and loves food and many things—music, talking.

And Mr. and Mrs. Upfold have moved to the house on Eighth Street south of us. They are Canyon people. Mr. Upfold has retired and Mrs. Upfold teaches first grade.

Elmer Dixon will be the birthday man at a reception in Sunnyside fellowship hall Sunday, Sept. 17. He will be 75 years old. And "you" are invited to come. His daughters Irene Bradley, Elisabeth Ruth and Peggy will be hostesses. The party will start at 2:30 p.m. and you can go home when you get ready.

Mr. and Mrs. Verle West and children visited her parents Mr. and Mrs. Theo Woods at Guyton, Okla. last weekend. Verle is manager of Plains Memorial Hospital.

M. E. and Marge Cleavinger and Gladys Cleavinger went to Ruidoso Thursday of this week to join the other Cleavingers from California, Colorado and Canyon. The young part of the family can't go—school and things like that.

George bought a big Stetson hat to wear back east. He thought mesquite wood was mosquito wood. They use the wood at Carlsbad to cook the steaks with—nice smoky flavor.

The Olsons are with the Woodcliff translators and sometimes live at Ocotlan, Mexico where they work with the Indian Mexicans in translating their language into the Bible. One year Dr. Charles Vandiver went on trips into the interior mountain places with the Olsons.

Mr. and Mrs. Charlie Hays were business visitors in Paris (Texas that is) and on to Waco last week. Think they bought some cattle land down there.

The CCCC Novice Bridge Club met Friday at 9:30 a.m. and played until 2 p.m. with Ramona Annen serving as hostess. Josie Bradford made the motion to use the standard Rubber Bridge method of scoring, which carried.

Carolyn Watts and Mary Ann Pickens have been added to our list of substitutes, but the club is still in need of two more regular attending members to fill out another table. As a novice bridge club, players discuss their hands after each hand is played, and members may bring their instruction books for reference at any time. If you would like to join their group, please call my wife, Jon Nell, at 647-4555.

THE Ladies Golf Association-sponsored monthly Scotch Four-some was played Sunday with the team of Bob and Bobby Vilas winning low gross with a team score of 41 on nine-holes. A tie developed between the teams of Ole Mae Trimble-James Wohlsmuth and Polly Holland-Bill Williams for second low gross with scores of 42.

Doyle Morris and Neva Hickey copped low net honors with the team of Joannis Robertson-Herb Mayfield taking seconds low net. A spaghetti dinner was enjoyed by contestants and their guests afterwards with Garnett Holland and Deanne Clark acting as host and hostess. Your ole pro journeyed to Dumas to play in the Pro-Partnership this past weekend. Did you know that they have the 'smallest' cups of any golf course I ever saw.

The long-lasting qualities of the DDT group are well-documented. Unlike other pesticides, they do not chemically decompose but retain their molecular integrity for years. Indeed this was at the base of their effectiveness; the insect killers didn't wash away at the first rain.—SPORTS AFIELD

Injured Bobcats to go to Farwell

By JOHN BROOKS
The injury bug is starting to bite, again...

STAR sophomore tailback Robert Mayberry has a knee injury and is out indefinitely. Roger Underwood may have suffered a concussion Friday night. Keith Calhoun's ankle is still bothering him. And Brad Sanders has slightly injured his passing arm.

That, besides all the usual cuts and bruises and blisters. It's enough to make any coach go mad, but Coach Brown L. Smith is glad his Bobcats have six weeks before district play begins. He needs it for healing time and experience gaining.

FRIDAY NIGHT the Bobcats will journey to Farwell to do battle with the more experienced but less potent Steers. The Steers are coming in with an 0-1 record (same as the Bobcats), having lost to Friona 34-14 last Friday. They are going to throw a pro-set offense (the one most pro teams are using today) and Slot T offense at the Bobcats, along with a 5-3-3 defense.

The 15 returning lettermen include such standouts as junior quarterback Kevin Hargrove (5-11, 165), senior tight end David Dannheim (5-10, 155) and linebacker Ray Norton (5-10, 155). Head Coach Toby Booth also lists flanker Carl Kirkland (5-11, 160) as the fastest Steer and one of the best.

Smith is out to find a starter at tailback for the upcoming game, and senior David Scheaffer seems to possibly have an inside track at this time. Calhoun is backed up by capable hands in Lonnie Strickland, Tommy Killough and Steve Nutt. Sanders should be ready to go if needed Friday.

Game time is 8 p.m. Friday at Steer Field in Farwell.

Services held for L. F. Sexton

Services for Lester Faytta Sexton 66, were held last week in Singleton-Ellis Chapel of the Chimes at Muleshoe with Rev. Merl Johns pastor of the Progress Baptist Church, officiating.

HE WAS the father of Mrs. Marvin Ethridge and Mrs. Ray Ethridge of Hart and a brother to John Sexton of Dimmitt. Burial was in the Muleshoe Cemetery under direction of Singleton-Ellis Funeral Home.

Mr. Sexton died about 3:15 p.m. last Monday in West Plains Hospital following an illness of several days.

He was a resident of the Muleshoe area since 1965, moving here from Tulia. He was a native of Clay County.

OTHER survivors include two sons, Tommy of Muleshoe and L. D. of Seagraves; two sisters, Mrs. O. D. Pollard of Snyder and Mrs. Charlie Hill of Henrietta; another brother, Porter of Phenix, Ariz.; 22 grandchildren and four great grandchildren.

New rules apply to layout land

By CHARLEY E. HILL, Executive Director

Because payment deductions for less than average quality set-aside land are being increased for the 1973 program, producers can be better assured of equitable application of set-aside provisions in the 1975 wheat, feed grain, and cotton programs, the US Department of Agriculture announced this week.

FOR WHEAT and feed grain farms, when low-quality acreage is offered for set-aside—that is acreage not representative of land on which the farm's crops are grown—the entire payment will be based on the productivity of the set-aside land.

For cotton, the reduction will be computed in the same manner as in 1972, except that the deduction rate will be 13 cents per pound instead of the 1972 rate of 6 cents.

This announcement was made as a result of a study of 1971-72 program operations which revealed that a few producers with farms having both poor-quality and quality cropland have offered the poor-quality for set-aside and accepted deductions from their farm payments.

The deductions were not enough to offset the monetary advantage gained by producing crops on the quality acreage rather than setting it aside from production.

THE GREAT majority of participants in the set-aside programs have offered quality set-aside acreages in both 1971 and 1972, and the increased deduction rates for 1973 will affect relatively few producers.

In both 1971 and 1972, quality of set-aside has been emphasized, with a requirement that set-aside acreage be representative of cropland acreage on a participating farm. Deductions of set-aside payments are made in cases where set-aside land is not representative.

County ASCS Offices will make available set-aside inspection and measurement service to 1973 program participants. This service, which is offered at cost, can provide assurance to farmers that their set-aside acreage is acceptable for quality and quantity. The set-aside inspection service was first offered in 1972. It is available now to any farmer who wants an early determination and will continue as long as needed.

SET-ASIDE land representative of cropland on which crops are normally produced is needed to assure achievement of effective production adjustment, according to officials of USDA's Agricultural Stabilization and Conservation Service which administers set-aside programs.

Under the Agricultural Act of 1970, participating wheat, feed grain, and cotton producers set aside a percentage of their cropland, diverting it into conserving uses, and generally are free to produce as they choose on their remaining cropland. Under this program more decision-making has been returned to farmers. The program provides freedom to plant crops which are to their economic advantage. This has enabled them to make the most efficient use of their land, labor and machinery and has resulted in increased farm income.

The recently announced 1973 wheat program offers wheat farmers an even greater degree of flexibility in planning their 1973 cropping operations. They will have the added choice of voluntarily setting aside additional acre

V.F.W. NEWS

By GERALD BROADSTREET Greetings Comrades.

The Labor Day holiday fouled me up last week, and I failed to produce my column. I apologize. I did have a nice holiday and I hope you did too.

COMRADES, I have good news. In my last column I told you our dues would increase 50 cents, well this doesn't become effective until Sept. 28. If you will send me your dues today, you will be doing me a tremendous favor. In case you don't remember what the dues are, it's \$7.75. So get your check in the mail before the 28th, after that it will be \$8.25.

Our renewals are coming in real good now, we have 80 members to date. Sure would be great if I could report next week that we reached quota. If you'll send me your dues today it would be possible.

Last Monday, we had our regular business meeting and I must say we had a real nice crowd. Thank you for coming out, it makes the commander and all the other officers feel good when so many show up for the meetings.

ONE THING I would like to mention is our post donated \$75 to the Muscular Dystrophy Association during their national telethon. Twenty-five dollars of this amount was donated by the Ladies Auxiliary. Thanks for helping us girls, it goes for such a worthy cause.

I have an announcement to make that I'm sure you'll be glad to hear. We are in the process of buying another acre of land just south and adjacent to our present site. When everything becomes final I'll let you know. This addition will double the size of our present boundaries.

Comrades, we had a special joint meeting Monday of this week, but it will be next week before I can report on it.

Game Night on Wednesday is still going as strong as ever. If you haven't been out lately I hope to see you this week. We get started at 8:30 and most of the time we're finished by for 10:30. Y'all come out, you'll have a good time.

SCREW-WORMS continue to be completely out of control throughout the southern half of the state. Early stalk destruction can reduce insect infestation for the next crop year. The first of a series of stalk destruction dates for the state is August 31 in the lower Rio Grande Valley.

FACTS ARE better than dreams, if pleasant.

Cotton needs topping this year, High Plains Foundation advises

A critical factor in cotton production this year will be the number of hours of temperature above 70 degrees experienced on the High Plains during the fiber development period.

COOL, WET weather—untypical to the area—has caused delay in cotton fiber development and scientists at the High Plains Research Foundation point out that cotton fiber does not develop in temperatures less than 70 degrees. However, for every 18 degrees increase above 70, the rate of fiber development doubles. This shows the importance of taking every advantage to expose cotton plants to the warmest temperatures possible.

One way to improve the cotton production climate that a producer can use even at this late date is cotton topping. By removing the vegetative top growth and small bolls that will not have time to mature, the producer can increase the amount of sunlight in the area of maturing bolls.

Topping has proven to increase returns more than \$8 per acre, mainly due to more mature cotton. In studies where the cotton has been mechanically topped, degree hours—degrees above 70 times the number of hours above 70—at the eight-inch height in the cotton row, was increased from 389 per day in the untopped cotton to 1,056 in the topped cotton.

JIM VALLIANT research director at the foundation, said this year looked like it would definitely be a year to top cotton. Besides allowing more sunlight to reach the plant, topping also removes immature cotton that lowers grades and prices. Valliant said that due to the amount of cotton expected to be produced this year, premiums may be paid for higher quality cotton.

"This is where topping shows a particular advantage. We have not shown topping to increase yields enough to show an \$8 increase but the increase in quality combined with the slight yield increase has given the greater returns. Any yield in-

crease would be from allowing more bolls to mature. Mature cotton weighs more than immature cotton," Valliant said.

Besides delaying cotton development, Valliant pointed out that growth in the top part of the plants maintains cool, humid conditions which promote the growth of insects and disease.

OFFERING tips on cotton topping, Valliant said the operation is usually done the first two weeks of September so that the portion of the plants removed can deteriorate before harvest.

Valliant said the amount of foliage to be removed depended on the plants and fruiting. The portion of the plant with bolls smaller than nickle-size should be removed.

Long range weather records indicate that the High Plains has some remaining time in which much cotton fiber can be developed if conditions are ideal, Valliant said. And with these ideal conditions and other practices, cotton should develop until the freeze, he noted.

THE number of all cows in Texas has shown an increase. Total cow numbers in the state as of July 1 totaled 6,080,000 head; this compared with 5,807,000 head as of January 1.

EGG production Texas during July was up three percent from a year ago but steady with last month. Total egg production during July totaled 22,000,000. Nationwide egg production was down one percent from last year.

A NINE percent decline in numbers of cattle and calves marketed through Texas auction markets inspected by the Texas Animal Health Commission is reported by the Texas Crop and Livestock Reporting Service.

Foundation at Halfway will hold field day and open house today

Success of the 16th annual High Plains Research Foundation Field Day and Open House today (Thursday) will be due to the cooperation of local and area residents and organiza-

tions. "MEMBERS of many area agricultural organizations and businesses who help welcome visitors to the foundation, set up displays and exhibits and serve as field tour guides have been responsible for past field

day successes, and the field day would not be possible without their help," Dr. Tom Longnecker, foundation director acknowledged.

"We always have had the greatest cooperation and reception from organizations and businesses of this area in our past endeavors, and this spirit of cooperation has been shown again this year," he said.

"Our field day activities will be as good this year as in the past, and everyone attending will receive a wealth of information concerning latest agricultural advancements," he added.

FIELD DAY activities begin with field tours at 1:30 p.m. at the foundation at Halfway, 14 miles west of Plainview on US 70. On display will be foundation facilities, research plots and displays featuring the latest developments in farm equipment, agricultural chemicals, seeds and feeds.

Among exhibits will be a tritacale foods display featuring foods made from the manmade grain. Tritacale is a hybrid wheat and rye cross with a high protein content and is described as a new crop with potential for production in this area.

Other activities include drawings for door prizes, including savings bonds and a color television. Everyone attending activities will be eligible for the prizes donated by local and area merchants.

Activities will conclude about 5 p.m.

THE BEEF factory of Texas—the nation's largest—has increased almost 275,000 head during the first half of the year. The number of beef cows, which determines the numbers of beef calves to be produced, total 5,725,000 in Texas as of July 1. This compares with 5,452,000 as of January 1.

Choosing a stylist at Carousel Coiffures is a happy experience (from left) Donna Brassfield, Oneeta Cole, Cheryl Glidewell, and Meredith Cox...

GET YOUR BEAUTY NEEDS FOR FALL AT CAROUSEL COIFFURES

Need a new hairdo to pick you up for the fall shopping season and the football games? Then pick-up your telephone and make an appointment with one of the expert stylists at Carousel Coiffures on South Broadway.

Oneeta Cole bought the beauty shop in January, 1972 and moved into the new shop in mid-June. The four stylists take appointments Monday through Saturday noon.

Oneeta graduated from Jessie Lee's School in Lubbock and is owner of the shop. Stylists are Meredith Cox and Cheryl Glidewell, both graduates of International Hair Design of Amarillo, and Donna Brassfield, graduate of McBride & Davis of Lubbock.

Meredith and Cheryl both have training in pivot point styling techniques. This

technique is a scientific method of hair design using fewer rollers and geometric styling patterns.

The list of special services at Carousel Coiffures includes early and late appointments and hospital appointments. The stylists sell and style wigs, wiglets and falls. Plenty of parking spaces also await their customers.

You can call their telephone number, 647-2388, day or night, and it will be answered. When the stylists are out, an automatic recorder system answers the telephone and records the customer's message. The stylists return the call when they return.

"Come see our beautiful new shop," Oneeta said. "Also take advantage of our beauty specials listed in our advertisement this week."

(The) focusing of energy to get the job done has depended heavily on the inspiration, dedication, and leadership by the Task Force chairman. Workshop will train volunteers to teach non-readers in county

Dorothy Barkley of Tullia will conduct a three-day basic literacy workshop on training volunteer tutors to teach adults to read and write on an "Each One Teach One" basis beginning Tuesday, according to an announcement by Mrs. Gene King, president of the Tullia Literacy Council.

DAY SESSIONS of the workshop will be held Tuesday, then on Tuesday and Wednesday, Sept. 26 and 27, from 9 a.m. to 3:30 p.m. Evening sessions for those unable to attend in the daytime will be held upon request.

There will be a \$10 registration fee, which will pay for all books and materials used in the workshop.

The workshop, sponsored by the Tullia Literacy Council, will be held in the fellowship hall of First Baptist Church of Tullia. Enrollment in both day and night classes will be limited to 30 people, so those persons interested in working as volunteers are urged to pre-enroll by calling or writing First Baptist Church in Tullia, at 995-3591.

Volunteer tutors need not have had college work; the workshop will provide the training needed. There are some 898 adult non-readers in Castro County. This handicap prevents their full participation in the civic, social and economic life of the community.

Those attending should bring a sack lunch. Coffee, tea, and soft drinks will be provided. A nursery at the church will be provided for pre-school children.

Mrs. Barkley received certification as a master literacy teacher trainer last September from the National Affiliation for Literacy Advance in Syracuse, N.Y. She has held workshops all over the Panhandle and in Kawasaki, Japan, and has taught students from Korea, Japan, Thailand and Mexico. Also, she teaches English as a second language to non-English speaking school children.

More than 180,000 people in Texas 14 years of age or older have not had a year of schooling, Mrs. Barkley said. Every community has pockets of neglected and undereducated people who are impoverished intellectually, socially, economically and spiritually. Many are unemployed, bitter, helpless. These are the people whose children swell the number of dropouts and juvenile delinquents, and these are the ones the program is intended to reach.

Nationally, the contest is co-sponsored by the National Football League and Ford Motor Co.

State Senator Jack Hightower of Vernon is scheduled to speak at a dinner meeting in the Masonic Lodge in Springlake at 7 p.m. Sept. 21.

The event is open to all Master Masons of the area.

★
HERE IS some good news for our women in their mature years. I think this is a stage of life all of us should look forward to and enjoy.

Enjoy your mature years and select clothes that compliment your special charms. Whatever the problems age brings generally there are fashion secrets to help diminish them. For many middle-aged persons—over 39—weight begins to increase and their hair begins to gray or become thin. Changes in body contour may cause fitting problems, and skin shows signs of wrinkling and dulling.

In choosing clothing for a mature figure, select styles designed to soften the contours of the face and draw attention away from the waist and hips. Select clothes with lines to make the body look slim.

FABRIC and colors can help minimize problems of skin texture and tone. Browns, beiges and yellows tend to bring out yellow and brown tones in skin and hair. Grayed colors in the cool range from blue green to wine are more flattering than yellows and browns. Muted colors and pastel pinks and blues usually make good choices, too. Eye coloring also merits consideration and can be enhanced with clothing selection. Brown eyes are set off by dark greens and taupe browns. Blue, gray and green eyes lend themselves to a wider range of colors limited only by the brightness and freshness of the skin.

Women with gray hair can complement it with many colors, and women with white hair have almost unlimited possibilities in color selections if the skin is fresh and clear.

A woman's success in selections depends on knowing how to make the most of her potential. And I'm proud that our mature women do dress fashionably and in good taste.

LVN Association sets salad supper

The new Licensed Vocational Nurses' Association will hold a salad supper next Thursday night in the classrooms at Plains Memorial Hospital.

MEMBERS are to bring a salad dish each. Also, each member is urged to bring either a licensed vocational nurse or student as a guest.

Mrs. L. C. McLain will show a film from the American Cancer Society.

At the August meeting of the LVN Association, held in the Flame Room in Hereford, members selected royal blue as their club color. Carol Fletcher was appointed hospitality chairman; she is to contact two members each month to provide refreshments. Paula Vilas was a guest at the meeting.

ALL MEMBERS are urged to attend the state convention in Abilene Oct. 19-22. Deadline for submitting local votes for state offices is Oct. 9.

The club donated toward a gift for Dorothy Harris, outgoing state president, and also is contributing trading stamps toward the purchase of a TV set which will be given away at the state convention.

CALF prices are above 100 percent of parity, the Texas Crop and Livestock Reporting Service notes. Average price for calves received by Texas farmers as of July 15 was \$45.30 per hundredweight. Effective parity is \$44.20 per hundredweight.

Rodger Schilling of Dimmitt seated guests.

A reception honoring the couple was held in the Nazareth community hall. Following a wedding trip to Lake City, Colo., the couple is at home in the Marriot Apts. in Lubbock.

Mrs. Hoelting is a graduate of Nazareth High School. Hoelting is a graduate of Nazareth High School and is employed by Fields and Co. of Lubbock.

Swifts streak to 33-0 victory

Nazareth's Swifts started their 1972 football campaign on a positive note last Thursday night, thumping the Hereford Junior Varsity 33-0 before the home crowd.

JUNIOR JOINER, flashy freshman fullback, made his varsity debut a socko event as he broke loose for two touchdowns, passed for a third and added three extra points. And little sophomore quarterback Bernie Huseman (5-7, 120) proved he could mix it up with the bigger kids as he passed with pinpoint accuracy and ran the difficult triple-option as though he'd been studying it since the first grade.

Meanwhile, the Swift defense—paced by middle linebacker Stanley Gerber and middle guard Dennis Kern—held the visitors to only three first downs and no penetrations.

Joining Joiner in the Swifts' touchdown spree were senior halfback Kent Birkenfeld, who scored the second one on a 20-yard sprint, and sophomore Glenn Ehly, who picked off a Hereford pass and raced 35 yards for the final TD.

SENIOR safety Stanley Maurer scored on an interception and long runback also, but his tally was nullified by a clipping penalty.

The game was a scoreless seesaw battle most of the first quarter until Joiner broke it open with a 40-yard touchdown run with 1½ minutes remaining in the initial period. The point-after kick was no good.

Coach Clayton Neal's Swifts struck twice in the second period. Birkenfeld broke through on a 20-yard TD run midway through the quarter and Joiner booted the extra point to boost Nazareth's margin to 13-0. Moments later, Joiner picked his way downfield 15 yards for the Swifts' third TD. His extra-point kick was good and the Swifts took a 20-0 lead to the dressing room at halftime.

AS BOTH teams committed the usual first-game boo-boos, the Hereford lads threatened constantly to break loose. But the experienced Swift defense, although it bent several times, never broke. Gerber and Kern sparked the defense by exerting a lot of authority in the middle, but the entire defensive unit played well and shut down the Hereford attack.

A razzle-dazzle play off the

triple option led to Nazareth's fourth touchdown. Early in the third quarter, Joiner took a pitch-out from Huseman, faded instead of charged, and winged a pass downfield to Charlie Heck, who raced across the goal line. The pass-run play covered 30 yards. Joiner added the point-after and the scoreboard switched to a 27-0 reading.

After Maurer became the night's hard-luck kid by having his interception and touchdown runback called back because of a penalty, Ehly tried his luck with the same act and it worked. Ehly gathered in the Hereford pass on the Whitefaces' 35-yard line and raced all the way in for the final marker. The extra-point kick was off the mark, but by this time it was only academic, with the Swift lead standing at 33-0. And that's how it ended.

DHS newspaper to be bi-weekly

The Dimmitt High School newspaper will be on sale every other week in Parsons Drug, Dimmitt Super Market, Dairy Queen and Allsup's 7-11, according to Nell Kelly, high school journalism teacher.

MRS. KELLY said the second issue will go on sale for 10 cents in these stores about 4 p.m. Sept. 22. She said the paper will be published every two weeks during the school term. John Brooks is editor of the student newspaper.

NATIONAL Guardsmen again aided Highway Patrolmen with traffic problems over Labor Day weekend, emphasizing control of the drinking driver.

WORK, it seems, has a way of getting in the way of recreation.

OH, NO!—Dimmitt's Robert Mayberry, pinned to the turf by Muleshoe's Delmer Bleeker, can only watch helplessly as Muleshoe's Ricky Smallwood (75) recovers the ball which slipped from Mayberry's hands as he hit the ground at the Dimmitt 20 in the second quarter of Friday night's

season opener here. The Mules capitalized on the turnover and scored their second touchdown with 23 seconds remaining in the quarter to take a 13-0 halftime lead. Muleshoe won the contest, 20-6.

Miscues costly; Cats lose 20-6

By JOHN BROOKS

Dimmitt miscues and Muleshoe ball control were the major factors as the Bobcats went down to defeat, 20-6, at the hands of the Mules Friday night.

THE FIRST Dimmitt miscue occurred on the opening kickoff as Robert Mayberry couldn't find the handle on the ball and the Mules recovered the pigskin on the Bobcat 11. Five plays later, Mule tailback David Wheat ran to paydirt from a yard out. Wheat also kicked the extra point to move the Mules into the lead, 7-0, with the game just two minutes old.

The remainder of the quarter was a cat-and-mouse game between the two teams as they took turns driving the ball into each other's territory with neither team able to tally.

In the second period both teams were hurt by needless penalties. Wheat rambled 70 yards to what seemed to be another touchdown for the Mules, but guard Billy Williams was guilty of a clip on the Bobcat 30, sending the ball back to the 45.

THE BOBCATS held, but then a piling-on call against Dimmitt with a 20-yard pass in the end Dimmitt 0. Wheat's try for point back Don Long hit David Faver with a 20-yard pass in the end zone to make it Muleshoe 13, Dimmitt 0. Wheats try for point failed. Because of Dimmitt's miscues, the Mules held a rather comfortable 13-0 lead at halftime.

The Cats finally struck gold in the third stanza after a key defensive play and a Muleshoe bobble. First, as Don Long set up to pass on third and long, defensive end Lonnie Strickland dumped him for a big loss. As wheat prepared to punt on the

next play at the Dimmitt 45, the snap eluded him and the Bobcats recovered and set up on the Mule 35. Three plays later Terry Powell hit Travis Hampton with a 15-yard pass and Hampton scampered five more yards into the end zone to cut the Mules' margin to seven, at 13-6. Rick Wright's try for

the extra point was off to the side.

But two plays after Dimmitt's kickoff, Mule fullback Ronnie Parker broke up the middle for 65 yards to paydirt. Wheat was true with the extra point and the Mules established the winning margin, 20-6. Neither team

Hart puts it together; snaps Lazzbuddie streak

By KIPP BURNETT

The Hart Longhorns put it all together Friday night in Longhorn Stadium and snapped a nine-year losing streak to the Lazzbuddie Longhorns by a thrilling score of 28-12.

BEFORE a crowd of about 500, the Longhorns opened their season with a spirit of determination and pride, and did what some people thought was impossible by executing Lazzbuddie.

The first score for Hart came early in the first quarter when Lazzbuddie had to punt after losing yardage and being stopped

on three consecutive plays by the Hart defense. The punt landed in the arms of speedster Jimmy Brown, who raced 85 yards for the score. The kick by Mike Booe for the extra point vcered off to the left.

Hart's second TD came early in the second quarter when the Longhorns started a drive from their own 11-yard line. They ran four plays before powerhouse all-state candidate Stan Dyer broke two tackles and picked up 29 yards for the touchdown. Little John Robinson then carried the pigskin across for the two-point conversion,

making the score 14-0 in favor of Hart.

THE LONGHORNS then kicked off to Lazzbuddie but managed to knock the ball out of the hands of Lazzbuddie's Arthur Grages, regaining position on Lazzbuddie's 32-yard line. Two plays later Brown singled a path to the goal line on a 16-yard sweep. Mike Booe kicked the extra point, making it 21-0.

The Lazzbuddie team, still full of fight, managed to recover a Hart fumble on the Hart 18-yard line and three plays later Quarterback Rickie Seaton carried the final yard for Lazzbuddie's only first-half score. Halftime tally was Hart 21, Lazzbuddie 6.

The second half was not as exciting as the first as both team's defenses seemed to have gotten some orders during the halftime break. The only score for Hart came late in the third quarter when Brown turned on his 9.7 speed to romp 45 yards up the middle for his third score of the night.

BROWN ENDED the night with three touchdowns and an amazing 240 yards rushing. Lazzbuddie scored late in the fourth when Mark Barnes punched across from six yards out. The kick was no good and the score ended 28-12 in favor of Hart.

Stan Dyer led all defensive statistics with 14 tackles and five assists. Other outstanding players were Barry George, David Barham, and Ersamo Castillo.

The Longhorns will go to Shallowater Friday for their first road game. Kickoff time will be 8 p.m.

3-AA sidelines

Wildcats live up to ranking; Friona only other 3-AA winner

Littlefield was the No. 1 squad a few weeks ago, and that hasn't changed. The Wildcats showed why they are rated so strongly as they opened the season in wild style.

DISTRICT 3-AA teams took two of five openers, with Friona joining Littlefield as a first-game winner.

The Wildcats brushed aside Silverton 38-0 despite a big rash of fumbles. Five times, Wildcat ball-carriers fumbled away the ball to the Class A Owls but still they won with ease. So strong was their defense as they forced Silverton into two bad snaps good for out-of-the-end-zone safeties.

In other games, Friona blistered Farwell 34-14. Dimmitt fell to Muleshoe 20-6. Tulia outlasted Olton 12-6 and Springlake-Earth blanked Morton 13-0.

PAT HENDERSON scored three times, twice on short runs in the fourth quarter and on a pass, to pace the Littlefield verdict. Tailback J. E. Johnson inaugurated the season for the defending district champs with a 40-yard touchdown sprint in the first period.

The early district scoring leader, however, is Friona's little ("We might stretch him to 140 pounds," says Coach Bob Owen) Louis Lee, who peppered Farwell with three scoring shots and added four points on PAT runs. Lee's scoring runs measured 13, 2 and 20 yards and helped the Chieftains to a 34-0 lead before Farwell could score.

Olton shocked heavily favored Tulia with a 61-yard sprint by quarterback Tim Givens in the second quarter and took a lead into the final period. In that last quarter, however, interceptions ruined the Mustangs' victory hopes. Interceptions set up both Tulia tallies.

TWO Dimmitt fumbles set up Muleshoe's first two TDs, and a recovery of a Muleshoe bobble set up Dimmitt's score.

Travis Hampton Jr. caught a 20-yard pass from Terry Powell for Dimmitt's TD in the third period.

The start for Friona was the way Coach Owen wanted it. "WE MADE a lot of mistakes, but you can credit that to the first game. We picked up quite a few penalties which we will have to eliminate. But, still, I'm well pleased.

"We didn't fumble the football much. We fumbled one pitch but got it back. And we had tried to pick up a punt at full speed and lost it. But we didn't have any busted plays to speak of."

Lee was not just a scoring ace; he showed it can run in all areas of the field, as he rushed for 143 yards during the game.

THIS WEEK, the Chieftains host Class A Bovina, which blanked Class AA Boys Ranch 16-0 in its opener. Littlefield will take on Class AAA Levelland, a 43-0 loser to Andrews.

Morton will test Tulia, and Olton will take on Muleshoe. Dimmitt will play Farwell, as the 3-AA members start matching opponents.

Team	Pts.	Op.
Friona (1-0)	34	14
Littlefield (1-0)	38	9
Dimmitt (0-1)	6	20
Morton (0-1)	0	13
Olton (0-1)	6	12

Last week's results—Littlefield 38, Silverton 0; Friona 34, Farwell 14; Muleshoe 20, Dimmitt 6; Tulia 12, Olton 6; Springlake-Earth 13, Morton 0.

Friday's schedule—Dimmitt at Farwell, Bovina at Friona, Littlefield at Levelland, Morton at Tulia, Muleshoe at Olton.

Louis Lee, Friona	22
Pat Henderson, Littlefield	18

GOV. SMITH has named a nine-member executive committee of the Texas Film Commission headed by Scott Hardy of San Antonio and Bill J. Parsley of Lubbock.

Bovina-B tops DHS freshmen

Bovina's B-team scored in the first and third quarters last Thursday to gain a 14-0 victory over Dimmitt's freshmen. **THE GAME** was played in Bobcat Stadium.

Despite the loss, Dimmitt Coaches Don Parker and Jim Jeffries were pleased with their freshman team's play.

"The boys looked good in their first game," Parker commented. "There were a few mistakes which need to be worked on, but for a group of boys

who have had very little playing experience, they did a good job."

Kyle Touchstone and Steve Stanton were listed as Dimmitt's offensive standouts.

TODAY (Thursday) at 5:30, the Bobcat freshmen play on the home field again, nosting Friona's frosh.

The view from your library

By MARY EDNA HENDRIX

I would like to list the library hours since there may be some new families in town and others may have forgotten. The library is open from 10 to 6 Tuesday through Saturday, and closed Sundays and Mondays.

MRS. J. W. WALKER of Plainview reviewed the book, "Captains and the Kings," by Taylor Caldwell for the Dimmitt Book Club Wednesday. This is a novel about the amassing of a colossal fortune, the political power that comes with it, and the operation of a curse laid on an Irish-American dynasty and the ruthless, driving man who founded it.

Joseph Francis Xavier Armagh was 12 years old when he first saw America through a dirty porthole on the steering deck of "The Irish Queen." It was the early 1850s and he was a penniless immigrant, an orphan cast on a hostile shore to make a home for himself and his younger brother and infant sister.

Some 70 years later, from his deathbed, Joseph Armagh last glimpsed his adopted land from the gleaming windows of a palatial estate. A multi-millionaire, one of the most powerful and feared of men, Joseph Armagh had indeed found a home.

ETHEL WATERS' book, "To Me It's Wonderful," was offered to the public on the Billy Graham Crusade. If you did not order this book and you would like to read it, we have a copy in the library.

This is an autobiography of how Miss Waters found her way back to Christian renewal after many years in a spiritual desert. In 1957, a very special year in her spiritual calendar, Miss Waters made her commitment through Billy Graham and his team. Here is the story of a woman whose life shifted from ghetto to glitter, and who finally achieved the best of all possible worlds.

We have another book by Ethel Waters, "His Eye Is On the Sparrow."

MORE WHO have donated books: Mrs. Clyde Damron, Jimmie Chapman and Oleta Gollehon.

Interesting people in the library: the Noel Gollehons brought their daughter, Kathy Rankin and her two sons from Amarillo.

TOP GIRL WINNERS in the County Youth Fair Saturday were (kneeling) Carol Hochstein, first in junior clothing and junior canning; (standing, from left) Elaine Acker, first overall in crafts; Patti Hochstein, first in senior canning and senior baking; and Agnes Acker, first in senior clothing and first in household linens. The girls pose with

some of their project entries around a beautiful peacock mounted by Steve Acker as a 4-H craft project. All four girls are members of the Nazareth 4-H Club. Elaine and Agnes are the daughters of Mr. and Mrs. David Acker, and Patti and Carol are the daughters of Mr. and Mrs. William Hochstein Jr.

TOP BOY WINNERS in the annual County 4-H Youth Fair Saturday were (from left) Scott Armstrong, whose rabbit was named best of show; Billy Leonard, who won first place in the junior baking contest; and Norman Acker, who was the show's biggest winner, capturing both the Champion Farmer and Champion Gardener titles with

his field crop and garden vegetable entries. Scott is the son of Mr. and Mrs. Charles Armstrong and is a member of the Dimmitt 4-H Club. Billy, also a Dimmitt 4-H Club member, is the son of Mr. and Mrs. Stanley Leonard. Norman, son of Mr. and Mrs. David Acker, is a member of the Nazareth 4-H Club.
