9 Dunno,

Don't ever tell us that the people don't read our newspaper. Less than two hours after Tuesday's paper was off the press, we had found the cone out of the rain gauge which was stolen Monday night. R. C. Wilson was sitting in a junk shop reading the Times. He sees in this col-umn what has happened, looks up and there's the cone right before his eyes.

He calls us and we tell Chief Murphy who investigated and sure enough, the cone was found. The dealer told where he had come upon it and the thief will be apprehended.

Yes sir, it pays to advertise.

Comments in this column Tuesday about the library plan-ned for Ranger brought forth some more interesting informa-Friends recalled how faiththe late Mrs. J. F. Drienhofer worked for years as librar-ian for an early day library and how after it ceased to function, how she tried to create interest in establishing another. Others who worked for a library and never completely gave up were Mrs. Pearl Long, Mrs. M. H. Haga-man, and Mrs. Rex Outlaw, now of Evansville, Indiana. Ayyway the ball is really rol-

WASHINGTON COLUMN

BY PETER EDSO. NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—With deadpan seriousness, two powerful committees of the august U. S. Senate have for the past three weeks been wrangling over the 1939 firing of a \$3500-a-year file clerk in the Tennessee Valley Authority. No kidding. This beats anything since the midget sat on J. P. Morgan's less gan's lap.

The array of talent tied up in the performance

is strictly super-colossal. A dozen \$15,000-a-year senators. The whole, five-man, \$75,000-a-year Atomic Energy Commission, headed by David E Lilienthal. The \$10,000-a-year general manager of TVA, Gordon L, Clapp, who is up for confirmation as TVA chairman to succeed Lilienthal. Counsel clerks, witnesses reporters, stepographers, miles

sel clerks, witnesses, reporters, stenographers, millions of words and thousands of pages of testimony. All this to find out why \$67.32-a-week James L. Smith got dismissed from TVA eight years ago Neither Lilienthal nor Clapp can be confirmed until the Senate decides whether the firing of Jimmy Smith was a deep, dark Communist plot, engineered by Moscow.

Jimmy Smith was a Knoxville boy hired by TVA at \$15 a week in 1933. By dint of Horatio Algerian effort he rose to be chief of central files. He had perhaps 20 boys and girls under him.

Jimmy's clerks used to bedevil the boss no end. There was one in particular—a lad named Harry Alber, who was Smith's roommate for about 18 months. Alber used to tell Smith that he was an exploiter of the working class and that "come the day," he—Smith ploiter of the working class and that "come the day," he—Smith-would be the first to be stood up against the wall and shot.

MITH himself quoted this "gruesome" line to the senators in al seriousness. He said he thought he was going to be "terminated."
When Senator Overton asked if he didn't mean "liquidated," Smith said he did. He hoped he would be the first, if "the day" ever came. But Jimmy Smith told the senators that he "fought the cause."
In 1938, however, Jimmy Smith was charged with not being able to carry out his supervisory responsibilities. There were sever

days of hearings and 430 pages of testimony. Jimmy got let out in The whole incident might have been forgotten but in 1940 the old Dies Committee got interested in TVA and Martin Dies sent one of his Hawkshaws to investigate communistic influences. Robert B.

his Hawkshaws to investigate communistic influences. Robert B. Barker was the sleuth's name.

Barker's greatest discovery was a letter which he claims he burgled from the files of the Alabama Community Party headquarters in Birmingham. The original of the letter has never been produced. Even photostats of the original letter are missing—as is Barker himself. All that now remains are missographed copies.

They reveal it as a report supposed to have been sent to Rob F. Hall, Alabama Communist secretary, by one Henry C. Hart, Jr. The letter purports to tell how the United Federal Workers' local union in the TKA file room got Jimmy Smith fired. The letter was dated Jan. 19, 1939.

ROB HALL is real. He is now Washington correspondent for the Daily Worker. He says he never saw the letter and never heard of Henry Hart and never missed anything from his files.

Henry Hart is real. In 1939 he was a 19-year-old file clerk under Jimmy Smith, another one of the kids who used to rib the boss.

When the Dies Committee turned up mimeographed copies of the letter, Hart was called in for explanation. He made affidavit that he had never written such letter and claimed it was a forest.

Then, in 1943, a Knoxville newspaper got hold of the Dies Commit-Then, in 1943, a knoxyllie newspaper got hold of the Dies Committee mimeographed copy and reprinted it in the middle of a Sunday magazine piece on TVA. Still nobody paid any attention and the affair lay dead for another four years. Then the nominations of Gordon Clapp and David Lilienthal came up for confirmation and the old letter was dug up and presented as evidence of communism in TVA before the Public Lands and Atomic Energy committees.

The connection is supposed to be that Clapp had been Jimmy Smith's boss as general manager of TVA, and Lilienthal had been Glapp's boss as TVA chairman.

Tilinois had the ball at Iowa City, Nov. 2, and quarterback Moss

football.

**TUlinois had the ball at Iowa City, Nov. 2, and quarterback Moss was ready to call the signal when he saw that Iowa's Earl Banks was injured. Instead of taking advantage of the Negro guard's condition, Moss called time, informed officials of Banks' injury. The lineman was immediately remeved.

*The award, honoring Nils V. (Swede) Nelson, formerly of Harvard, will be made annually. Arrangements for the first award were made early in the 1946 season. Coaches of the nation were requested to report outstanding instances, Results of coaches' information showed Moss the winner. The entire Iowa staff joined several neutral coaches in recommending the Illini.

It goes without saying that entausiasm for this newest of football awards is widespread. The wonder is that it has not been thought of before and more widely publicized.

*It is to be much more highly cherished than any All-America or most valuable player award. Skill eventually leaves the shilete.

*Character remains always.

*WHILE President Alexander G. Ruthven calls the manner of dealing with him unethical, those close to the situation at Berkeley say Fritz Crisler will be Califor.

*Boy Has Thirty

Relief At Last **For Your Cough**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beech wood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggies to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

CONSTIPATION

BAD COLDS Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxinladen putrefactive foods and virusladen mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take the First Practical Step -

by asking for an abstract before buying any kind of real estate. It is said the average person makes only one real estate transaction in a life-time. The young man who is just starting out on his first venture in the business world should take the advice of those who have already traveled the road. Those who make fortunes in buying and selling real estate may gamble on some things, but they never gamble on the title.

. HUMBER, PLEASE? NUMBER, PLEASE? NUMBER, PLEASE? NUMBER, PLEASE? IT'S A **BIG JOB**

> One of the first things a new telephone operator learns is to be always ready for the next call-your callanybody's call!

THESE DAYS

Operators have a lot of calls to handle nowadays. There are more telephones in use than ever before and calling is at an all-time high. The switchboard at times is literally ablaze with lights-each one calling for "Number, please?" and each one getting a "Number, please?" as quickly as skilled and courteous operators can manage. If your call is not answered at once, you'll know that nimble fingers will reach it as soon as they possibly can.

As soon as much-needed new equipment can be obtained and installed, we'll be ready to handle your calls quicker and better than ever before.
