It's a little hard to write a column after you have been roasted by a number of your former friends, especially if you suspicion that their opinions represent the thinking of a majority of the people of the community. Regardless of what my detractors may say or think, I will continue to represent the thinking of the unbiased, clear-thinking, highly intellectual segment of the population in my public pronouncements. So there.

Dimmitt and Castro County have been the subject of a considerable amount of area publicity recently, because of our unusually healthy economic situation. Because of the fact that our largest industries are in the process of starting, or completing, major expansion programs, our optimistic outlook for a healthy local economy is fully justified. Our biggest problem of recent months has been the housing shortage, and at long last there is beginning to be some relief in that area. Local builders have, after several months of inaction, completed the construction of a number of new homes and have a number of others under construction. If industrial expansion is calculated to create new jobs, there must be housing for the workers. While the national economy has been in a considerable slump, we have been faring very well locally, and with reasonably good prices for our major crops and fed cattle our community will continue to grow and prosper.

Miss Patton chosen for UT workshop

Vera Patton of Dimmitt is one of 40 Texas high-school seniors chosen for the 1975 University of Texas Drama Workshop.

THE INTENSIVE four-week workshop, to be conducted by the UT Drama School, will begin June 10 on the UT-Austin campus.

The students will receive training in acting techniques, lighting, stage decoration, and other phases of drama production. Each student will take part in three dramatic productions, serving in a different capacity in each.

Miss Patton, daughter of Mr. and Mrs. Jack Patton, was named the 3-AA all-district actress in one-act play competition this year.

City to hold special session

A special meeting of the Dimmitt City Commission will be called to conduct business since Commissioner J. R. Brown was the only member present at Monday's regular meeting.

TIME OF the meeting will be set when Mayor Elmer Youts and Commissioner Chet Braafladt return to town.

The agenda will include discussion of a telephone rate hike, a flood control ordinance, an amendment to reduce the square footage on lots owned by Brooke Alexander and approval of the purchase of an ambulance.

Four corn processors settle out of court

Four of the nine defendant companies named in an anti-trust suit by Dimmitt Agri-Industries last November have settled out of court for undisclosed amounts.

"WE HAVE settled out of court with Grain Processing, Corn Sweeteners, National Starch & Chemical Co. and Penick-Ford, and have dismissed the suits against these four companies," DAI President Dick Reinhardt announced this week.

Reinhardt and DAI's attorneys in the anti-trust action said they felt the amount of the out-of-court settlements should not be disclosed at this time.

Suits remain against CPC International, Inc., A. E. Staley Manufacturing Co., Cargill Inc., the Hubinger Co. and the American Maize Products Co.

THE SUITS charge that from the time DAI put its multi-million dollar corn mill here into production in December 1971 until it leased the mill to the Amstar Corp. in January 1973, the defendant firms conspired with each other to reduce market prices of corn products to force the cooperative out of the corn milling field.

The original suit was for \$32 million.

Construction in high gear

Summer weather, an upbeat economy, an unabated demand for new housing, and expansion projects by industry and schools have joined forces to put construction into high gear in the Dimmitt area.

NEW HOMES are going up throughout the city.

Bob Huckabay of Huckabay Abstract Co. reported this week that Craig Builders of Lubbock are constructing one new home on Northwest 12th Street—the company's 34th house in Dimmitt—and that Lester Moffett of Amarillo is ready to start construction on two new homes on Pine Street.

DON Hargrove has one home under construction and another framed in a new development just north of the Ruskin Circle Swim Club and Apartments, facing FM 3215 in South Dimmitt. The development plat is designed for as many as 11 new homes eventually.

Gene Latham has completed two homes and has two others under construction on Northwest 12th Street, and reportedly has more on the planning boards.

Caddell Construction Co. of Amarillo has a new custom home under construction on Cleveland Street.

IN BUSINESS construction, Don Reeve of Reeve-Fleming Chevrolet reported this week that work on his company's large new building in Southeast Dimmitt is progressing faster than expected, and that he hopes his agency can move into the new building as early as July 1. Original target date was August.

Western Ammonia is on the last lap of its 10-month expansion project, designed to double the plant's output of agricultural chemicals. The big expansion project is expected to be completed before summer's end.

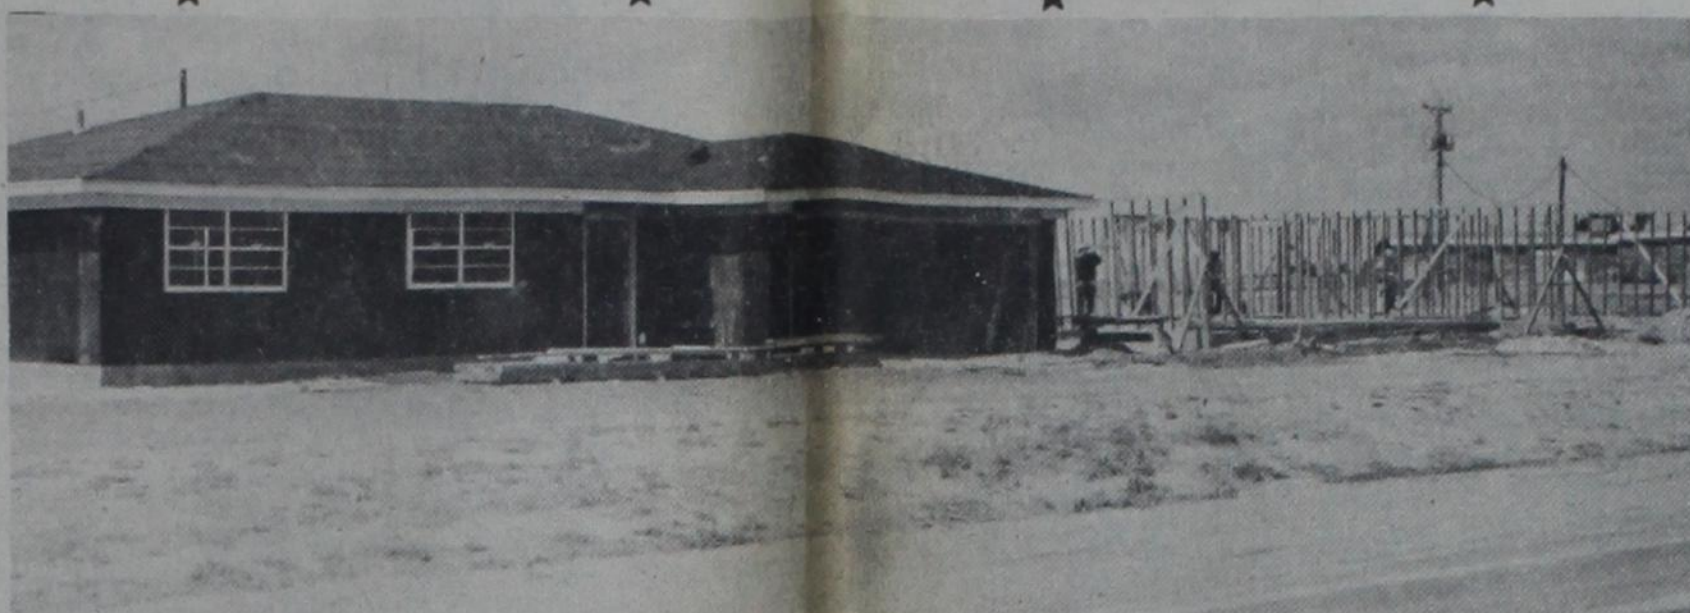

AT THE Amstar Corporation's Dimmitt Spreckels Plant, engineers for The Austin Company are setting up to begin a \$21 million construction program that will increase the mill's daily grind to 30,000 bushels of corn per day by 1977.

The Austin Company, prime contractor on the big refinery project, is a nationwide construction firm which is operating the Amstar project out of its Houston office.

"We'll build a new warehouse first, and the construction company will use the old warehouse for storage during construction," Plant Manager Doug Lapins said.

"THE NEW storage building north of the present one, a big fuel-oil storage tank, and a maintenance shop are about all that will be built before the first of the year," Lapins added. January 1977 is the projected completion date of the new expansion, which will have as its heart a new refinery for processing high-fructose corn syrup.

The Dimmitt Middle School construction project is nearing its interior finishing stage, and is expected to be ready for the start of the 1975-76 school year in August.

The editor gets roasted

It's like being invited to your own hanging

Six carefully selected men "roasted" Editor-Publisher B. M. Nelson at the Chamber of Commerce membership breakfast last Thursday morning—then made the mistake of letting him have the last word.

THE ROAST was one of the highlights of the breakfast, which also was a "victory celebration" of a successful membership drive, and included the presentation of a Governor's Citation to Western Ammonia for its plant expansion here.

Helping roast the longtime editor-publisher were Joe Cowen, a friend who "was subpoenaed to add a degree of moderation to this occasion"; attorney Swain Burkett, who admitted he has lied at times about his hunting and fishing exploits; Jack Edwards, young attorney who got in a blow for

the Aggies; Fred Bruegel Jr., who couldn't understand why the editor would want to uproot courthouse trees one season, then decorate them the next; Dr. Bill Lee, a Republican who has always read Nelson's editorials "so I'd know what I was going to be against the rest of the week"; and Chet Braafladt, a fellow Lions Club member who delivered an irreverent speech prepared by hospitalized M. E. Cleavinger.

HERE ARE excerpts from the transcript of the roast:

JOE COWEN:

"I was subpoenaed to lead off this onslaught against our beloved citizen because it is rumored that we are friends ... He and Viola are, in my opinion an ideally mated couple ... If ever you've enjoyed a

meal in their house, if you've ever taken an automobile trip with them, you know exactly what I mean—Viola drives from the back seat, and Nelson cooks from the dining room table.

"He's a prophet and seer—accurate, eloquent, always on the job, a man of discernment and perspicacity ... He told the public in a newspaper article that the way to avoid smashing your finger with a hammer is to hold the handle with both hands ...

"THE EDITOR gives me hell all the time about insurance companies. He says insurance is too high, and all insurance companies are crooked capitalists. But no one in the world needs insurance protection more than he does. He has wrecks in Albuquerque, in front of the post office, and the

last one was in front of Bob Huckabay's Emporium & Abstract Plant. He's got to where he thinks a blame-fool driver is a guy who keeps smashing his bumper with the side of his car ...

"He's very much of an optimist—he still tries to wolf-whistle through his false teeth ...

SWAIN BURKETT:

"I was subpoenaed here, but I appear now as counsel for myself. I do not wish to testify in this case. I have known the defendant, Nelson, about 32 years. I'm limited to 3½ minutes. It would take me two days to tell the good that I've known that he did, and it would take me I don't know how long to tell the bad. And in [See ROAST, Page 14]

Numbers to change on Nazareth phones

When new telephone books come out sometime this week, new phone numbers will go into effect at Nazareth.

"WHEN WE cut in DDD at the Nazareth office, the '1' position will have to be open for long distance dialing, so we can't use '1's' in our local numbers," explained Reeford Burrous, service center manager for Continental Telephone Co.

"The prefix will still be 945,

Chamber adds 35 to roster

Thirty-five businesses and individuals have signed up as new members of the Dimmitt Chamber of Commerce within the last month.

ROBERT RYAN, chairman of the membership drive, introduced the new members at the CofC's "victory breakfast" last Thursday morning.

The sign-ups bring the chamber's total membership to 150. "But we're not going to stop there," Chamber Manager Elvon DeVaney said. "We've set a goal of 200 members this year, and I think we can reach it."

Businesses send 10 to Amarillo seminar

Local businessmen donated scholarships for 10 Dimmitt youths to attend an Americanism Seminar in Amarillo Monday through Thursday.

THE SEMINAR, conducted by Oklahoma Christian College, was entitled "Americanism, Citizenship and Free Enterprise." It was held in the Episcopal Church Conference Center.

Attending from Dimmitt were Kim Lindsey, Karron Flynt, Tanya DeVaney, Mel Nelson, Nita Parker, Jim Birdwell, Kyle Touchstone, Layne Myatt, Danny Vaughn and Gary Nutt.

City notifies mosquito sprayer

Dimmitt city officials have notified Marian Ulv Air Spray Inc., that the city is ready to begin spraying for mosquitoes.

ACCORDING to Garnett Holland, city manager, the company sent a plane to Lubbock Wednesday for FAA inspection. It should be ready to spray Dimmitt within the next few days, depending on weather conditions.

Dimmitt's contract with the company includes the spraying of 28,000 acres, which extends past city limits.

but the last four digits in all Nazareth numbers will be changed. The new numbers will be listed in the new books."

According to Burrous, the new books are supposed to be in the mail today (Thursday). The switch will probably be made a day or two after the books arrive.

BESIDES switching numbers, the company will also be switching to a new building in Nazareth will all new automatic equipment.

"The changes at Nazareth were completed ahead of schedule," Burrous said. "If we continue to progress at this rate, we could have DDD ready to go before November."

June 18 is 'Texas' Day

Gov. Dolph Briscoe has signed legislation authored by Rep. Bob Simpson of Amarillo that designates June 18 as "TEXAS' Day in Texas."

THE resolution honors the musical drama "Texas" on the opening of its tenth season and praises the staff's work in tourist development for the state.

"It is a pleasure to sponsor this resolution honoring the hard work and dedication of those who promote this great state," Rep. Simpson noted.

"Certainly, the show is deserving of the unanimous support it received from the Texas Legislature," Simpson said.

Cited in the measure were: Margaret Harper, winner of the 1974 Governor's Tourist Award for her vision as founder of "Texas"; Raymond Raillard, executive director; William and Margaret Moore, the directors; Royal Brantley, music director; and Neil Hess, choreographer.

THE musical drama has twice been named in the Top Twenty Tourist Attractions in the nation by the National Association of Travel Organizations and has been viewed by more than two-thirds of a million people.

"Texas," acclaimed throughout the United States and abroad, was written by Pulitzer Prize-winning author Paul Green and plays against the backdrop of the Palo Duro Canyon. Isaac Van Grove arranged the musical score.

"Texas" is scheduled to run through Aug. 23 and plays nightly except Sunday at 8:30 p.m.

A LASTING TRIBUTE to the memory of your loved ones through a memorial gift to the American Heart Association.

A Lasting Tribute By BERAL HANCE

A gift to the American Heart Association in memory of a beloved friend or relative is a thoughtful, lasting tribute. It expresses sympathy to the families of the bereaved and expresses your interest in the fight against heart disease.

YOUR memorial gift supports the lifesaving programs of research, public and professional education and community service of the American Heart Association.

The plan for memorial giving is simple and dignified. When a gift is made, a card is sent to the bereaved family stating that the donor has contributed to the Heart Association in memory of the deceased. The donor received a receipt for his contribution.

A gift in memory of one who is past allows those of the present to work to save lives of those for the future.

Donations may be made through Delores Ivy, First State Bank, Dimmitt.

"What we do for others, remains and is everlasting."

MAKING WAY... The drawbridge makes way for the boat to come into the city and down the canal. Dredges make canals in open waters such as the gulf to make way for ships to travel an inter-coastal waterway. Church members are the ones who can clear the way, and show the right path to those who have not found the way to our Lord. Isaah 40:3B reads, "Prepare ye the way of the Lord, make straight in the desert a highway for our God." Support your church in every way you can. Ask someone to attend church with you this week.

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. Nazareth

Youths injured in Tricat mishap

By MRS. AGNES BROCKMAN

We're having very nice weather the last few days, except that it still gets rather cool yet at night. Crops are looking good and most all the maize has been planted. A nice rain would be very welcome.

NEAL HOELTING, son of the Ronnie Hoeltings, and Leona Gerber, daughter of the Vincent Gerbers, had an accident with a Tricat last week. They fell into a pit silo 15 feet deep and the girl had to have a number of stitches under her chin. Neal was taken to Amarillo and had to have surgery on his arm to have some pins put in.

Rosalie Teel (the former Rosalie Huseman who used to live here) passed away last week in Dyer, Ind. Her brothers and sisters from here went there for the funeral.

Ronny and Terry Birkenfeld and family from Lamar, Colo. visited with Rose Birkenfeld Sunday. The family had dinner with Allen and Steve Ann.

Mr. and Mrs. Gene Schacher also visited with Rose Birkenfeld Sunday evening.

MR. AND MRS. Vick from Lawton, Okla. visited with Leslie Birkenfeld and girls over the weekend. They took Kirsten along to Lawton with them to visit her grandparents.

Mr. and Mrs. Dickey Hoelting spent a few days vacationing in Ruidoso, N.M.

The Cyril Brockmans drove to Clovis Sunday to pick up Mitzie's nephew Randy who will spend several weeks here.

Rev. Father Stanley left Monday to visit relatives and friends in New Jersey and California. Rev. Carl Schulte, a Vincintian Missionary, will be here to take his place while he is gone.

MR. AND MRS. Tom Brockman and family of Friona visited relatives in Nazareth Sunday afternoon.

The Francis Wilhelm family enjoyed supper at K-Bobs in Hereford Saturday night celebrating their wedding anniversary.

Mrs. Rose Warren and Sal Wilhelm returned from a trip to St. Louis, Mo. and Rapid City, Mich. to visit her daughters, and they also visited relatives in Iowa.

Florence Albracht was sur-

prised with an early Father's Day supper Sunday evening since wheat harvest should be starting in a week or two. Enjoying the supper were Vince and Ed Ramaekers, the Francis Wilhelms, the Ralph Albrachts, the Vincent Pohlmeiers, the Greg Hoeltings, the Henry Ramaekers and the Ray Schmuckers.

MR. AND MRS. Arthur De Cardenas and children of Dallas spent Friday evening with the Ed Drerups on their way to Disneyland.

Mr. and Mrs. Ed Drerup and Carol went to Friona Thursday evening for Douglas and Larry Ball's junior high school graduation.

The Jerry Leinens and their boys, also Barbara Wilde of Amarillo, visited with Lucy Leinen Sunday afternoon.

Mr. and Mrs. Paul Venhaus went to Hobbs, N.M. to get the Ed Gerber family Monday. They will visit here until Friday, then leave for Norway.

A **BRIDAL** shower was held Sunday afternoon for Teresa Steffens in the Tony Acker home. A nice crowd attended and she received many gifts.

The Conrad Melchers of Slaton attended the shower Sunday then visited Mrs. Regina Steffens and family.

Mary Gerber returned home from Plainview last Friday after having surgery there.

Alphonsa Huseman is home again also, after having surgery on her eye in Amarillo a couple of weeks ago.

THE CLYDE Hoelting family enjoyed a trip recently to Houston and Astroworld.

Anna Beth Hoelting is home after spending a three week vacation in California. She plans to spend a few days here with her family the Greg Hoeltings before going back to San Antonio to work in Bexar County Hospital.

The Gerald Brockman family visited his folks the Lon Brockmans and her mother Ida Birkenfeld on their way home to Midland after a two week vacation in North Carolina visiting her sister Earlene Fritz and husband.

Mrs. Florene Brockman and daughter Ladonna flew to Sacramento, Calif. Friday to spend two weeks with her daughter Shirley and family, the Leonard Melchers.

VETERANS' SERVICES

By BEDFORD W. SMITH
County Service Officer

We are happy to announce that for the summer months to mid-August Estella Aleman will serve as our office secretary again. Thus our office will be open Monday through Friday. A 1975 Dimmitt High School graduate, Miss Aleman kept our office open during the summers of 1972 and 1974. We are glad to have her competent and faithful service in our office again.

AN ESTIMATED 2.7 million Vietnam-era veterans separated between April 2, 1970 and July 31, 1974, are eligible for new low-cost Veterans Group Life Insurance, but they must apply before Aug. 1, 1975. The new program was designed as interim protection during readjustment to civilian life and was made available by Public Law 93-285 effective May 24, 1974. Servicemen discharged since Aug. 1, 1974, receive application forms automatically, but those discharged before the insurance became available must apply. Complete information fact sheet is available at our office.

Nonrenewable, five-year term coverage is available in \$5,000 increments up to \$20,000, depending upon the Servicemen's Group Life Insurance in force at the time of separation. Monthly premium for the maximum coverage is \$3.40 for veterans aged 34 and under, and \$6.80 for those 35 and over.

Former servicemen may convert Servicemen's Group Life Insurance to VGLI without medical examination if applications are received within 120 days after separation. Applications after that time must include evidence of good health. This requirement is waived for veterans with VA-rated, service-connected disabilities, provided they have no other disabling conditions. This could be the last opportunity for those veterans disabled in service to obtain additional life insurance at competitive premium rates.

Application forms are available at our office and from any office of the VA and representatives of the various veterans service organizations. Completed application forms and premiums should be sent direct to the Office of Servicemen's Group Life Insurance, 212 Washington St., Newark, N.J. 07102.

Bring along your DD-214 if you are an eligible veteran. We'll aid you in completing your application for this low cost insurance.

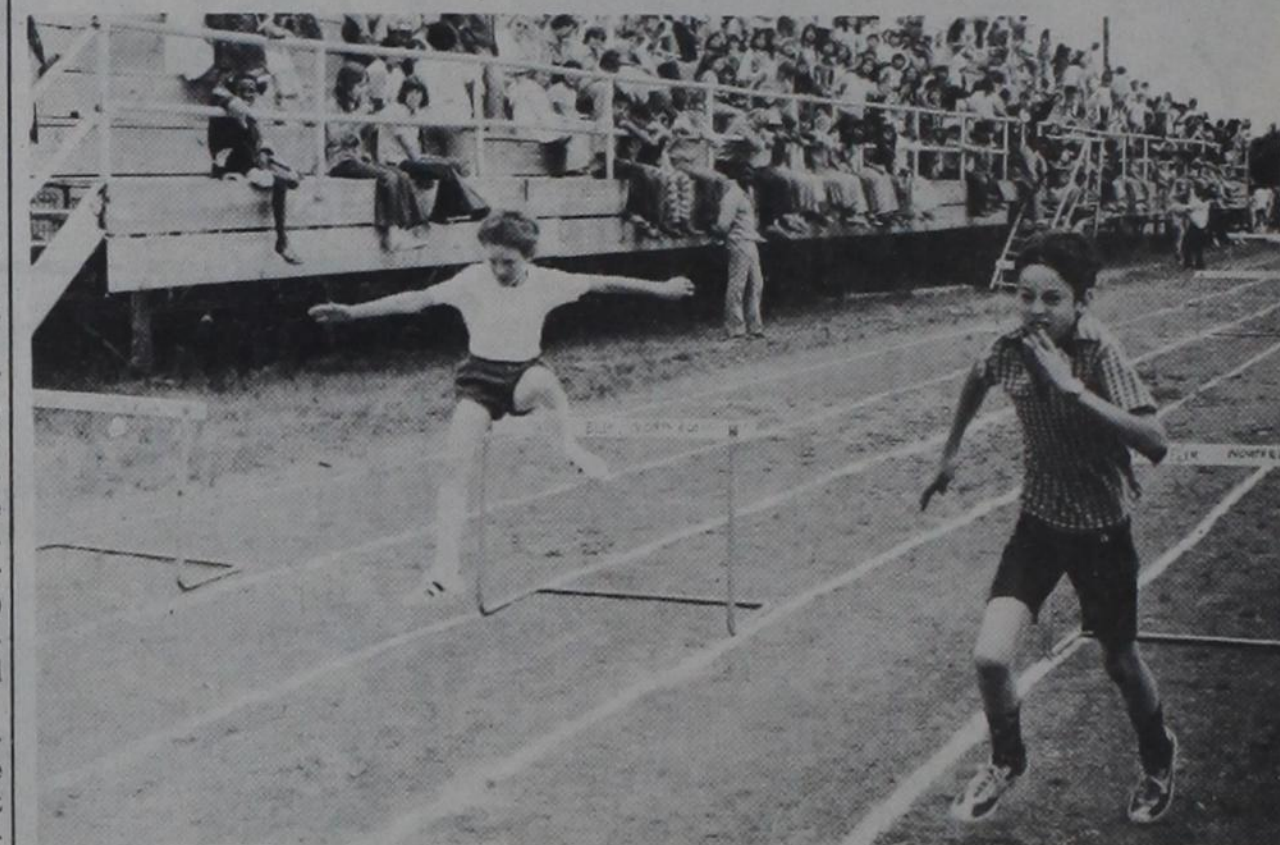

THE MAY 15 monthly Bulletin of the Veterans Affairs Commission of Texas calls attention to important changes in the Texas Veterans' Land Program which was signed by Gov. Dolph Briscoe April 24 and became effective the same day. The 5% down payment is still required but the maximum loan has been increased from \$10,000 to \$15,000 (net \$14,259). A veteran must have been a resident of Texas when entering the service, must have served a minimum of 90 days, unless he or she was discharged for a service-connected disability, and must have been a legal resident of Texas for five or more years at the time of making application. The land to be purchased must be in Texas and consist of 10 or more acres. The interest rate is still 5 1/2% with payments due semi-annually, payable in 40 years or before maturity without penalty. NMMI cadets finish year

Two Dimmitt youths recently completed a year at New Mexico Military Institute as members of the 1974-75 Corps of Cadets.

They are Cadets John D. Blackburn, the son of Dr. and Mrs. John D. Blackburn, and Charles L. Vandiver, the son of Dr. and Mrs. Charles M. Vandiver.

The corps participated in the Institute's 82nd Commencement Exercises for 237 graduating cadets May 17 and the traditional final week activities, which are noted for their military pomp and circumstance as well as for their emphasis on academic achievement. Highlights of Commencement Week included ROTC and academic scholarship awards assembly, the final ball, a final review and

parade of the year, and the annual alumni-cadets polo games, and the final formation on Saturday morning for Commencement Exercises.

Cadet Blackburn is a President's List scholar and a member of the Colt tennis team. He has just completed his sophomore year in the High School Division, ending his first year at NMMI.

Cadet Vandiver is also a President's List scholar and member of the Colt tennis team, as well as having been a sophomore in the High School Division his first year at NMMI.

FAITH must have adequate evidence, else it is mere superstition. —A. A. Hodge.

Sunnyside

Community active in two graduations

By TEENY BOWDEN

Ray Joe Riley, president of the Springlake-Earth board of trustees, presented diplomas to the 40 seniors in graduation exercises Tuesday night. He also presented valedictory and salutatory trophies. Rev. Raymond Jones gave the invocation. Grace Sauseda was an usher. Seniors receiving diplomas were Deborah Wilson, Terry Blanton, David Carr, Edwin Fulfer, Steve Morgan, Junior Sauseda and Keith Kniffen. The senior high band, including Lee Brown, Kelley Haydon, Dina Jo Hampton, Joe Fulfer, Tommy Graham, Clint Dawson, Daneen Wilson, Baldomero Sauseda and Deanna Merriott participated in the exercises.

JOHN GILBREATH, president of the Dimmitt school board, gave out diplomas to the 88 graduates Friday night. Larry Duke was one of the graduates. Cindy Sadler was an usher. Larry will work on the farm with his father this summer and enter Angelo State University this fall.

Mrs. Ida Mae Sanders and Mrs. Alice Thraikill of Duncannonville came for Larry Duke's graduation exercises and spent the weekend with their sister and sister-in-law Mrs. Robert Duke, Mr. Duke, Bob and Larry. Sandra Duke and Cindy Schumacher of Amarillo came for the graduation exercises.

They and Jan Noble of Dimmitt moved to Canyon Saturday to work this summer. They will enter WTSU next fall. Mrs. R. E. Duke was also able to attend the exercises and the baccalaureate services last Sunday night.

Mr. and Mrs. Cliff Brown, Lee and Lynn and Mr. and Mrs. Jim Swinney and Dawn of Lubbock visited in Roswell last Saturday and spent the night with an aunt and uncle and their family. They went on to Ruidoso to vacation Sunday and Monday.

Mr. and Mrs. Ezell Sadler and Mrs. Pearl Sadler of Dimmitt came in from Breckenridge Lake from a successful fishing trip Wednesday night. Larry and David Sadler came in Tuesday night.

M. H. FOWLKES of Lubbock suffered a mild heart attack Friday and remains in the intensive care unit of University Hospital in Lubbock. Mr. and Mrs. Gale Sadler and Steve Fowlkes visited with him Saturday.

Mrs. J. C. Holbrooks had the stitches removed from her hand Wednesday and found she had an infection in it.

Mrs. Vernon Orr has been with her mother in Dublin this week and part of last week. Her mother suffered another apparent stroke last week. Mr. Orr took her down last week and went back for her this week.

Mrs. Noah Spencer has been with her mother Mrs. V. E. Bearden of Hart much of the week in Central Plains General Hospital and in Hart since she was dismissed Wednesday.

Mr. and Mrs. Curtis Pruitt of Lamesa visited last Wednesday with Mr. and Mrs. Floyd Ivey. Mrs. Ivey visited recently with her grandchildren in Canyon.

MR. AND MRS. Mickey Waggoner and Jason flew to their home in Houston Monday after a visit with relatives here.

Mrs. Robert Duke attended the reception in Dimmitt last Wednesday night in honor of Mrs. Alice Cowen. She also helped with hostess duties.

Larry Duke and some friends left Saturday for a few days vacation in Ruidoso.

Mrs. Gerald Elkins spent Friday night and Saturday with Mr. and Mrs. Jimmy Lawson and granddaughter to help out while Mrs. Lawson was ill.

MRS. JIMMY Herring and children of Little Rock, Ark. arrived last week to spend several days with her parents Mr. and Mrs. Furch Riley.

Mrs. Ray Reiss of Tulsa visited Sunday with Mrs. Ila Haydon.

Mrs. Fred Waller of Sunray and Mrs. Artie Greenhill of Plainview spent the day Saturday with Mr. and Mrs. R. E. Duke. They are sisters of Mrs. Duke.

Billy King brought his mother Mrs. Lillie King home from Monument, N.M. Thursday after a visit here.

Jeannie and Kim Haydon were among the 27 Springlake-Earth students receiving the President's physical fitness award last week.

Terry Blanton and Lee Brown attended the FFA banquet for parents at Springlake-Earth last Thursday night. Cliff Brown and Lynn, and Mr. and Mrs. Ray Joe Riley and Kevin attended. Mr. Riley spoke to the group.

THE BAPTIST Women's Council met Wednesday night for the regular monthly meeting with Mrs. Thomas Parson in charge.

The Springlake-Earth high school band and their families had an ice cream supper together in the home of Mr. and Mrs. Dwayne Jones Friday

night. Most of those from the community in the band attended.

A trace of rain was received in the community Thursday and again Sunday night.

Susan Sadler, Matt Gilbreath and David Montiel went with the other members of the Dimmitt Junior High band members to Amarillo to a movie Saturday.

MRS. MARJORIE Harrison of Odessa visited Thursday afternoon with Mr. and Mrs. Gale Sadler.

Resa Carson and Susan Sadler attended the Dimmitt FHA swimming party Thursday.

Delores Waggoner returned home Thursday from a trip with her mother Mrs. Eules Waggoner. They went to Sulphur Springs first for a visit with Mr. and Mrs. Larry Gamblin and family, then on to De Ridder, La. for a visit with Mr. and Mrs. Tom Norman and family.

They vacationed at Saint Francis, La. where they crossed the Mississippi River on a ferry, and visited the Rosa Down Plantation. They also visited there with Dr. and Mrs. Robert Lindsey before going on to Nimrod, Ark. for a visit with Eules Waggoner on his farm and ranch there. Mrs. Waggoner stayed for a few weeks visit with him.

MR. AND MRS. Grady Epperson, Mrs. Wanda Collins and Sheri, and Mrs. Bonnie Ferguson and children, all of Ropesville, visited with the Hershel Wilsons and attended the Springlake-Earth graduation exercises Tuesday night to see Deborah Wilson graduate.

Mr. and Mrs. Lonnie Wilson of Levelland also came for the exercises.

Mr. and Mrs. Hershel Wilson and Daneen and Mr. and Mrs. Holland Pitcock of Lubbock were in Lakin, Kan. for a pre-mission Sunday.

Mr. and Mrs. Roy Phelan fished at Clarendon Lake Friday with Mr. and Mrs. Lloyd Morris of Tulia.

Mr. and Mrs. Roy Phelan and Mrs. and Mrs. Hershel Wilson attended the wedding of a friend in Pampa Saturday.

Mr. and Mrs. Ronnie Blanton of Wellington and Mrs. and Mrs. Randall Blanton, Chris and Mary of Happy, attended the graduation exercises Tuesday night to see Terry graduate from high school. They also spent Tuesday night with Mr. and Mrs. Lloyd Blanton and Terry.

Vacation Bible School will be held June 16-20 from 2 to 4:30 p.m. this year. All children in the community are invited to attend.

Sunday night services will be at 7:00 for Training Union and 8:00 for the worship hour during the summer. Wednesday night Baptist Women will meet at 7:30. Prayer service at 8:30.

Baked with family pride.

"We still bake our bread the yeast-rising way, like Grandmother Baird did. No one's ever found a better way to make good bread. It's expensive, but the final flavor and texture is worth it."

Many US farmers have been trying a familiar gimmick in order to sharply increase income. They have borrowed up to the hilt from their banks for seed, fertilizer, labor and other expenses with firm intentions of paying back the loans after the 1974 harvest. Only it didn't work out that way for many farmers because commodity prices slid nearly 30% after peaking last October. Commodity prices rose through most of last year as a result of unanticipated worldwide demand for US farm products, so farmers withheld their harvests in hopes that prices would climb even higher during the winter months. Just the opposite happened and many

farmers were unwilling to take the losses they faced, hence they were unable to repay their bank loans. Extensions of 1974 farmers' loans have jumped more than 40% from last year and new loans have shot up as farmers scramble to buy more time.

NET FARM income in 1974 fell 37% to \$27 billion, but farm indebtedness increased about 25%. In January farm credit associations saw their outstanding loans climb 23% above 1974. Federal land bank associations which hold mortgages on more than 35% of all farm land in the country, saw their loan totals jump 25%. New loans in January rose 18%. In the Midwest farm belt alone, land bank loans climbed 43% in January.

Farmers should have no big problem paying off their loans if commodity prices firm up and crop yields are as good as last year or better. But any drop in crop production this summer and fall could leave many of them in a cash squeeze.

The credit problem is compounded by the fact that farmers' costs are still climbing while prices they get for their crops keep sliding. A bushel of seed corn now costs up to \$52 per bushel vs. about \$6 a few years ago. In all, the cost of planting an average acre of land is now more than \$100 compared with \$89 only two years ago.

FCI improves benefits for 1976 wheat crop

Wheat producers in Castro County will continue to be eligible for improved "All Risk" insurance benefits under the Federal Crop Insurance program for the 1976 crop year.

DON Kuykendall, field representative from the District Office at 1205 Texas Ave., Room 214, Lubbock, said the \$2.50 per bushel guaranteed production value for irrigated wheat insurance will be continued for another year.

The improved benefit was introduced during the 1975 crop year in order to help the insurance program keep pace with the rapid increase in farm production expenses.

The collateral value provided by the insurance also has been responsible for an increased demand for FCIC protection in this area in the past two years, Kuykendall says.

"In times of rising farm costs it is often difficult for producers to borrow enough money each year for operating expenses.

"In addition, weather hazards, insects and diseases which reduce yields and fluctuating market prices make it even more difficult to obtain adequate farm financing.

"A Federal Crop Insurance policy provides the additional collateral in many cases to permit adequate crop financing," Kuykendall says.

He will be in the county for the next few days advising wheat producers of the FCIC program benefits and taking applications from those interested in participating in the government-sponsored program. He may be contacted through the FCIC District Office or the local ASCS County Office.

Parks give free entry to senior citizens

Persons 65 years of age and older are now eligible for free entry to state parks in Texas through an act passed by the 64th Texas Legislature.

PARKS authorities at the Texas Parks and Wildlife Department are prepared to issue a "State Parklands Passport" to those who can verify their age. A driver's license, birth certificate, military discharge papers or other suitable identification must be presented to verify both the age and identity of the individual at the time the passport is issued.

Passports are available at all state parks where entrance fees are charged with the exception of Copano Bay, Port Lavaca, Queen Isabella Causeway, Eisenhower Birthplace, Longhorn Cavern, San Jose Mission and Varner Hogg Plantation State Parks. The passport also will be issued at P&W Austin headquarters in the John H. Reagan Building, Room 108.

A HOLDER of a State Parklands Passport will be admitted to a park when the windshield sticker passport is displayed or a Parklands Passport registration receipt is presented.

All persons riding in the vehicle at the time of entry will be

admitted free of charge in accordance with the legislative action.

Test pressure gauges before canning season

By IRENE KEATING
It's time again to think of our monthly garden calendar. However, first I'd like to let you know that the Home Demonstration Council has purchased two maximum thermometers to be used in testing pressure cooker gauges.

HERE IS the garden check list for June.

- 1. Make a critical study of your landscape now that plants are at their best. Does it adequately fit your family needs? Does it need rearranging, better planning? If so, make a list of needs and changes and mark your calendar noting the dates you plan to make the changes.
2. Keep weeds and grasses out of garden beds. They use valuable nutrients and moisture at the expense of desirable plants.
3. Harvest fresh vegetables and remove spent flowers to insure continued production of both.
4. Prune overgrown annuals such as petunias to encourage new growth. Apply fertilizer and water, then enjoy a new crop of flowers.
5. It is the season for powdery mildew on crepe myrtle, zinnia, photinia, euonymus and others. Actidione PM, Benomyl, or Karathane will provide good control. Read label carefully before using on vegetables to be sure it is cleared for use by EPA regulations.
6. Give container plants and hanging baskets extra attention in regard to water and fertilizer. Never apply fertilizer to a dry soil.
7. Still time to set out container or balled-and-burlapped plants where needed. Don't fertilize until well established.
8. To keep mum plants compact and busy don't forget to pinch the tip out of each shoot that has developed several sets of leaves since your last pinch.
9. Bearded iris can be transplanted anytime from mid-June to late summer. Select varieties and prepare beds now.
10. As those new canes develop on climbing roses, tie them to the trellis or fence to prevent wind damage.
11. Don't forget to apply black spot control on roses.
12. Spider mite can be troublesome during hot weather.

Here are week's best food buys

Beef prices jumped up a bit this week, and poultry is holding last week's price levels or creeping a "shade higher."
ONE observer cites lighter weight cattle coming to market for the beef increase.
"Lighter weight cattle mean less meat is available," Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, said.
She termed chuck roasts and steaks, round steaks, some boneless roasts, ground beef and liver "best values."
"ALSO, some economical buys still may be found on turkeys, and canned tuna, particularly at sale prices, is another good protein buy."
At vegetable counters cantaloupes are more plentiful with lower prices. Items with "attractive" price tags include bell peppers, okra, some salad greens and snap beans.
"Watermelon prices remain relatively high, and dry onion prices are holding to high levels due mostly to a reduced supply.
"High-quality vegetables on the market are squash (yellow, zucchini and white), potatoes, corn, cabbage, beets, collards, mustard greens, cucumbers, green onions and radishes," Mrs. Clyatt said.
FRUIT buys this week range from lemons and oranges to bananas, strawberries, pineapples, avocados and apples.

Shower to fete twin baby girls

Everyone is invited to a baby shower for the one-month-old twin daughters of Mr. and Mrs. Dee Willard.
THE SHOWER will be Friday from 4 to 5:30 p.m. in the home of Mrs. W. J. Hill, 1001 Oak Street.
Hostesses have planned to fix a money tree.

Tops names queens for week, month

Linda Marsh was queen of the week and Bessie Strickland was named queen of the month Monday night at the Tops 386 meeting.
DURING May Mrs. Strickland lost 8 1/2 pounds. Mrs. Marsh lost four pounds last week.
A total loss of 23 pounds was recorded by the 23 members present.

ALICE COWEN, who ended her 30-year teaching career this week, was the honoree at a "retirement reception" last Wednesday night at the Country Club. Here, she and her

husband Joe stand before a tribute at the registration desk during the reception. The poster tribute proclaimed, "A is for Alice—Academician, Author, Artist, Advisor."

Church to hold Bible school

All young people 3-14 are invited to Vacation Bible School at the First Christian Church, 600 Western Drive, June 16-20 from 8:30-11 a.m.
THERE WILL be songs, stories, games, handcrafts and refreshments for all.
For further information or pre-registration please call 647-5478.

CCAC to meet Monday night

The Castro County Activities Committee will meet at 8 p.m. Monday in the courthouse community room to discuss preliminary plans for the Nazareth German Folk Festival and 1975 Roundup.
There will also be discussion on a proposed "flea market."

P. A. COLEMAN (LEFT) ACCEPTS AWARD FOR WESTERN AMMONIA From Homer Tucker of the Texas Industrial Commission

Texas Industrial Commission cites Western Ammonia's impact on area

For the expansion program it launched here in 1974, Western Ammonia received a special citation from the governor last Thursday morning.

WESTERN Ammonia and the Texas Industrial Commission chose to have the award presented at the membership breakfast of the Dimmitt Chamber of Commerce, for it was the Chamber of Commerce that nominated the local industry for the award.

Homer Tucker, industrial development consultant for the Texas Industrial Commission, presented the award certificate on behalf of Gov. Dolph Briscoe and the TIC.

Accepting the certificate was P. A. Coleman of Goodpasture, Inc. Many other Goodpasture-Western Ammonia personnel were on hand for the presentation.

IN PRESENTING the award, Tucker said: "You have some good industry in Dimmitt and on the High Plains, and I wonder sometimes if you really realize just what this industry means to the economy of not only your town but of the entire area."

"When a new plant is located anyplace, it makes headlines. Many times, though, the one that really counts is the existing industry that makes an expansion . . ."

"EIGHTY percent of the new jobs created in Texas every year are from the expansion of existing industry already in Texas. One out of seven industrial plants in Texas has two or more plants already in Texas. So for this reason, the Texas Industrial Commission decided we should recognize those people who are making the most

contribution to the economy of the state of Texas.

"You have in your community Western Ammonia, a division of Goodpasture, Inc., which has been recognized by the governor and by the Texas Industrial Commission for their contribution to the economy of our entire state."

"Looking at the expansion and what it really means to the area: Last year they had a 32% increase in new employees, their payroll exceeded \$666,000, they had a 96% increase in their plant area, they had a 22.5% increase in the expenditures for services and supplies from the businesses of Dimmitt."

"I think if you would look at the expenditures of services and supplies—which far exceeds \$2 million—and their annual payroll, you would have almost \$3 million. That may not sound like much money, but it's a lot of money when you consider that that \$3 million changes hands 7 1/8 times in your area."

"I think that Western Ammonia has made a considerable and significant contribution to Dimmitt."

IN ACCEPTING the award, Coleman said, "I want to thank the city of Dimmitt and the Chamber of Commerce for sponsoring this nomination. We've had nothing but good relations in the Dimmitt area."

"We would ask Mr. Tucker to tell the governor that although this award was for the year 1974, watch us in '75. We'll do as much expanding this year, we hope, as we did last year."

Introducing . . .

Western Ammonia Employee
Linda Richardson

Linda joined Western Ammonia May 19 to fill a new position at the Dimmitt plant—that of clerk for the maintenance department.

A 1964 graduate of Hart High School, Linda lived in Post seven years, where she was the high school secretary. She returned to Hart in 1973, and was employed by White Auto Store in Dimmitt from that time until she joined Western Ammonia. She lives in Hart with her parents, Mr. and Mrs. Everett Cole.

She's the publicity chairman of the Dimmitt Promenaders and is active in her church, the Hart Church of Christ.

Board sets meeting to plan services

The Castro County Community Action Board is working to establish services to benefit the economically disadvantaged, unemployed and underemployed.

THE BOARD will hold a public meeting Monday at 8 p.m. in the district courtroom of the courthouse to determine what services are most wanted and needed in the county.

The local group is a part of the Texas Panhandle Community Action Corp., a state chartered, non-profit agency which operates with 18 state and federal contracts. Funds are allocated to 25 Panhandle counties.

According to Argus Burnett, TPCAC executive director, purpose of the program is to make people self-sufficient. They also serve to create additional income in the county.

There are programs for all ages including child day care, head start, family planning, alcoholism, food supply, man-

power and senior citizen services. Programs will be set up to fit local needs.

Volunteer assistance from individuals, churches and civic groups is accepted to help conduct the programs. The success of the program will depend on community involvement.

County coordinator is Mrs. Betty Cartwright. Rosa Sanchez is in charge of the planned parenthood clinic and Tomasa Garcia is secretary and outreach worker.

One of the first local priorities is a building to house the services.

Burnett, as well as workers from programs in Amarillo and Tulia, will be at the meeting Monday to answer questions and help organize the local program.

MEN often make up in wrath what they want in reason. —Alger.

Miss Garza gets honors at Tech

Sylvia Janie Garza, daughter of Mr. and Mrs. Tony Garza of Dimmitt, was named to the Dean's Honor List at Texas Tech for both the fall and spring semesters of 1974-75.

MISS GARZA, an active member of Los Chicanos Club at Tech, was elected vice-president for the fall semester of 1975.

She is currently attending summer school at Tech.

UH-OH! Did I take that library book back?

According to Rhoads Memorial Library's records, the following persons have books overdue.

LIBRARIAN Mary Edna Hendrix said most of the persons listed are holding books that are just recently overdue, but a few have books that have been overdue as long as five years.

"If your name is on the list, please turn in your overdue book, or call the library at 647-3532 to check it, or come by and we'll review our check-out records with you," Mrs. Hendrix said.

The library has declared the next two weeks as an "amnesty period," during which overdue books can be returned free.

Here are the local readers who are listed as having books overdue as of May 30:

Home run, double play give seniors sixth win

A game-ending double play preserved Dimmitt's lead for an 8-5 victory over Amherst in Senior Babe Ruth action Sunday afternoon.

AFTER falling behind 5-0 in the first inning, Dimmitt rallied for runs in the fourth and fifth innings to tie the game while holding Amherst runless. They took the lead with three runs in the top of the seventh.

Brad Glenn helped the team with a two-run homer. He also pitched to six batters.

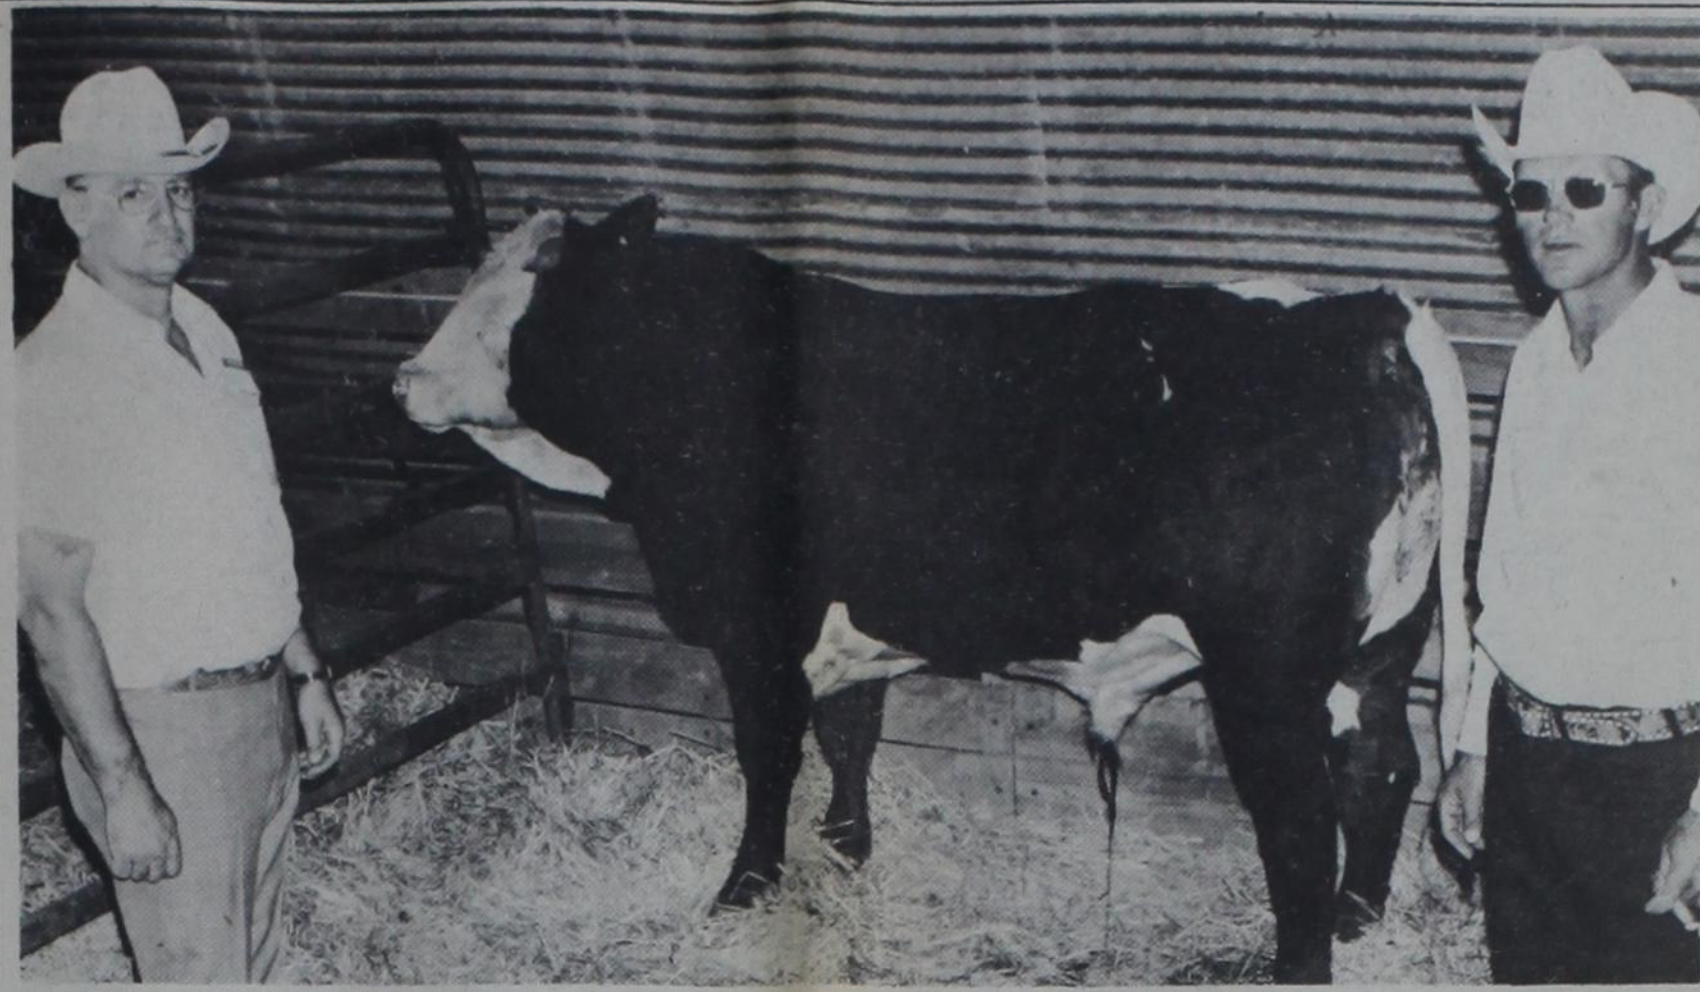

Rafael Navarro pitched the rest of the game, racking up eight strike-outs.

Dimmitt's season record is now 6-1.

Group to sing at First Baptist

Vicki and the Royalheirs will present a musical program Sunday at the First Baptist Church in Dimmitt at 7 p.m.

The group combines favorite hymns and contemporary gospel songs as a tribute to God.

PINZGAUERS were the main topic of conversation among local cattlemen Saturday after a showing of the "new" breed of beef cattle at the county showbarns. Here, Ben Livingston (left) of Alamosa, Colo., executive director of the American Pinzgauer Association, and Jerry Bonsal of Hart are in the pen with "Colorado Red," the first half-Pinzgauer bull calf born in the

US. The bull, which has been on pasture all its life, is now 19 months old and weighs 1,550 lbs. An Austrian breed, full-blood Pinzgauers are high-shouldered, long and red with white bellies, flanks, tails and backs, but not white faces. Bonsal and L. C. McLain of Hart helped set up the Pinzgauer exhibit here.

High Plains to benefit from open-end spinning

A message of hope was held out to High Plains cotton producers and others in the area cotton industry by Donald Johnson at the annual meeting of Plains Cotton Growers, Inc. in Lubbock recently.

JOHNSON, PCG Executive Vice President, concentrated his remarks on the benefits he believes will accrue to High Plains people "a little farther down the road" from PCG research and promotion of open-end spinning.

"Legislative work is vital for the near term," he said, "but as the years go by I become more and more convinced that our future in the High Plains cotton industry will be dependent on markets, not government programs."

Noting that research continues to show that the open-end spinning system utilized Plains-type cottons much more effectively and efficiently than does ring spinning, and that the consensus is that some 30% of the ring spinning machines in the world will be replaced by open-end machines as equipment becomes available, he said "I believe the open-end spinning system holds greater promise for bigger and better markets for High Plains cotton than anything ever to occur in the history of High Plains cotton production."

As an example of the added profit potential available to open-end spinners, Johnson said the system could make yarn suitable for such big market items as blue jeans, using one inch or shorter cottons in the low micronaire ranges, while yarn for the same use on the ring spinning system would need 1-1/16 inch cotton with premium mike.

THIS translates into a saving of several cents per pound on raw material cost which, coupled with three to five times greater productivity on the open-end machines, gives the open-end mill a hands down advantage over the ring spinning mill in terms of profit potential, he said.

That profit potential is moving the textile world in the direction of open-end spinning, Johnson continued, "and it can be enhanced even more by

locating mills in the High Plains area where the raw fiber is grown and in the state where more and more garment manufacturers are locating."

Texas now is the No. 2 state in garment manufacturing, exceeded only by New York.

While Johnson spoke in general terms of benefits to High Plains cotton from increased usage by open-end mills, another speaker at the meeting was more specific. Hal Brockmann, Cotton Incorporated's Vice President for Textile Research and Development, told the audience the day would come when low micronaire cotton will sell at a premium above the prices paid for the currently favored 3.5 to 4.9 micronaire range.

Crop-Bearing House Plants?

Green-thumb apartment dwellers may soon be able to eat their ornamental plants and enjoy them.

A new cherry-type tomato that can be hung like a vine from a flower basket has been developed by horticulturists at South Dakota's Agricultural Experiment station after eight years' research.

Plant developers say the new variety can provide apartment dwellers with fresh tomatoes almost every month of the year.

While the new plant is not yet on the market, it is expected to be tested in homes this year.

So far, it has only been grown in greenhouses although horticulturists say it is not a true greenhouse tomato.

Pirates win

The Pirates scored in all but one inning in a Junior Babe Ruth game Tuesday night to defeat the Rangers 14-4.

AT THE end of three and a half innings, the Pirates had an 11-0 lead, but the Rangers narrowed the margin with four runs in the fourth and fifth.

For the Pirates, Ortiz and Rawls shared mound duties, limiting the Rangers to two hits. They also combined for four walks and seven strikeouts.

Ranger pitchers Ogas and Gonzales gave up 12 hits and seven walks while striking out one and hitting one batter with a pitch.

Last Thursday, the Tigers defeated the Astros at Nazareth to extend their league-leading record to 3-0. They will take on the Giants tonight (Thursday) at 8.

The Dimmitt Promenaders met Tuesday, May 27 at the Castro County Country Club with Johnny Gillenwater calling the tips for us.

President Gary Cole and wife Cathy are moving to Farmington, N.M., so all the officers were moved up one office with Ray and Nancy Kennedy, president; Linda Richardson, Secretary-treasurer; Tommy and Karren Fowler, reporter; and Wendel and Kathy Osburn becoming the new host and hostess. Bill and Paula Harman remained in their office as representatives and Lou Gillenwater as Club Sweetheart.

The Coles were presented a going away gift from all members of the club. We will all miss Gary and Cathy but wish them luck in their new home.

All ticket sales for the State Festival to be held in Amarillo June 5, 6 and 7 were turned in to Tommy Crawford and he gave us a report.

We were happy to have Lettie M. Arnold and Bertha Selfick as our guests from Tulia.

We would like to invite anyone interested in square dancing to come visit us at the Castro County Country Club the second and fourth Tuesday of every month. Our new meeting time for the summer months will be 8:30 p.m.

Bill and Paula Harman reported having a great time at the festival in Red River, N.M. over the Memorial Day weekend.

Refreshments were served by Gary and Cathy Cole.

STRAWBERRIES, in season now, are a good source of Vitamin C needed daily. Whole strawberries dipped in confectioner's sugar, sliced as ice cream or cereal toppers or with milk make nutritious and tasty snacks, or mini-meals, Sally Springer, foods and nutrition specialist with the Texas Agricultural Extension Service, says.

TEXAS TALK

By David Hays

A marked decline in the number of varieties being grown commercially is one of the unusual things about Texas' number one cash crop... cotton. In 1910, F. J. Tyler, in an article entitled *Varieties of American Upland Cotton*, reported for the United States Department of Agriculture that there were 613 varieties of cotton being grown. Sixty-five years later there are fewer than 50 with only about ten of those commonly used. Two reasons are predominant for the unusual turn-around. First the boll weevil infestation wiped out many susceptible long-staple varieties. Second, producers have developed the varieties they like best and are satisfied with the increases in crop yields, the storm resistant boll (for machine harvest) and the generally shorter growing season provided by relatively few types. Evidence of the success of the varieties being used is amply illustrated when comparing current yield per acre with that of 1950.

TEXAS Parks and Wildlife Commissioners have set Dec. 13-28 as ring-neck pheasant season in the Panhandle counties.

Fire damages floor in Stewart home

The Dimmitt Fire Department was called to a fire in the James Stewart home, 205 NE 5th at 9:25 Wednesday night. APPARENTLY, the hose to a heater which was left on all day broke through catching the floor on fire.

THE BEST education in the world is that got by struggling to get a living. —Phillips.

Guy Waldrop, fire chief, described damage as moderate. "The floor in that room will have to be replaced," he noted.

"Cross Country With a Hero!" That is the theme of the Summer Reading Program this year, so boys and girls come on in and register for this program. If you are of school age then you are qualified to enroll, beginning Wednesday, June 4 through Aug. 13.

PLEASE bring your overdue books back to the library as soon as possible so we can use some of them during the Summer Reading Program. We will have an amnesty period for two weeks, so that will give you enough time to look through all your book shelves for books that belong to the Rhoads Memorial Library (formerly Castro County Library). In another section of this paper we have a list of names of persons who have overdue books. If your name is on this list and you have returned your books, then forgive us, since it takes several days to work on overdue books.

RITA McDaniels spent several hours working for the library last Friday since she made delicious homemade cookies to serve to the boys and girls at Children's Story Hour and then she came and read several stories to the children. We plan

to continue with the Children's Story Hour on Friday from 1 until 2 during the summer months is there is enough interest.

Another interested citizen is Drilma Handley who came and chopped the weeds south of the library on Friday. Susan and Jennifer Hanners brought some delicious apricot pound cake for the library staff to enjoy. We appreciate all these nice things our friends do for us here at the library.

EDITOR B.M. NELSON FIRES BACK AT CRITICS
... Maybe it was a mistake to give him the last word

More about

Editor gets roasted...

[Continued from Page 1]
the third place, I was in on a lot of that bad...

(Burkett recalled Nelson's egg contest in the 1940s, in which Marion Benton entered a goose egg, saying only, "I got this out of the hen house," and won first prize before the second-place winner, a lady from Nazareth, blew the whistle.)

ON ONE statewide issue, "I went by his house and told him—I just laid the cards on the table and gave him the gospel out of the 13th chapter of St. Matthew—and he studied it over and wrote an editorial on it in the next issue, against it."

"Well, he got out among his Democrat friends and found out that they were all for it. He spent the next two issues explaining about it, as to why he didn't support it. He said that if Swain Burkett and Wes Izzard were for something, it was darn sure against the interests of the country..."

"Nelson runs a pretty good paper here, but I think he'd be a better pest exterminator..." (He told about the time he and Nelson watched a real estate salesman in front of a coffee shop, selling two men some property, pulling off his hat and scratching his head in different places as he circled the two prospects. Finally the salesman scratched his back below his collar, and Nelson commented, "Burkett, whatever that was that was bothering him on his head has gone down his back.")

JACK EDWARDS:

"If he ran his newspaper the way he tells Aggie jokes, we'd be without a Castro County News—which may or may not be a blessing. I think that the editor's main problems in telling Aggie jokes are that he doesn't understand his subject, and he doesn't understand the joke."

"Since his little run-in with Aggie jokes a few months back, I've noticed that he's refrained from telling any more, especially in the paper. I've been in the drugstore a few times and when someone would start telling one, he'd get up and leave. So evidently, they aren't as funny to him as they once were..."

FRED BRUEGEL JR.:

"There are not many people who would step out on a limb and take a stand on controversial issues like you do."

First, let's consider paving the courthouse lawn. Man, how far out can you get? For years, we've enjoyed a beautiful, shady area around the square. I can just visualize the problems you'd create—the environmentalists complaining, the filing of petitions for destroying the

natural beauty of our lawn and shrubbery, the Audubon Society deprived of beautiful elm trees that protect our county bird, the sparrow, not to mention the unemployment created for our men in white who make their home on the third floor of the courthouse. Mr. Editor, I believe if it were up to you we would succumb to an asphalt jungle.

"NOW, concerning Christmas decorations: I can't imagine an ink-slinger with your influence and stature in the community staining so much paper with such trivia, especially when you consider the importance of the holiday season."

"Starting about a month before Christmas, you started muttering about decorating the trees in front of the courthouse—the very same trees you wanted to uproot in the first place to create a parking lot. So you called the Chamber of Commerce to do the decorating. Now who in the chamber is capable of climbing a 35-ft. blue spruce to hang a few lights?"

"... You finally take it on yourself to employ a local contractor to hang the lights, and finally the job is complete. It sure shouldn't cost much to decorate the trees this coming year, because just about a week ago those decorations were still there, just waiting for this year's Yule season..."

"You're so politically narrow that if your church hired a preacher of a different party, you'd have his phone bugged, demand his tapes and organize a complete investigation..."

"So you see, Mr. Knight of the Plume, it's not all bad. I do get a great deal of enjoyment out of reading the Castro County News, and despite some of the remarks made here this morning, I do get an occasional chuckle out of reading your column..."

DR. BILL LEE:

"The first time I met B. M. was at the Hereford Country Club when I first came to town... We played 18 holes of golf, and on the last hole I chipped in from 25 or 30 yards out, made a birdie and beat him out of 25 cents. He was fond of telling people about how he had played such a good game with the young doctor, and how I had beat him fair and square. He told that for two or three weeks, then he found out I was a Republican. Then he began telling I had lucked out on him."

"B. M. and I have always been good friends, but political antagonists. It got so bad during one presidential election year that I'd... get the paper to read his editorials so I'd know what I was going to be against the rest of the week."

"To read his column, he takes his politics pretty seriously. I remember after the 1972 election he hibernated for a few hours, and for a while he wouldn't even speak to anybody whose first name was Richard, and he just automatically blackballed everybody whose last name was Nixon, and turned in his Exxon credit card..."

CHET BRAAFLADT:

(Delivering notes prepared by M. E. Cleavinger.)

"It would defy description to try to estimate the havoc that this man has brought to the Lions Club of Dimmitt..."

"Viola is, without a doubt, the only person who can effectively keep him anywhere near the straight and narrow."

"1943 was not one of the better years in the history of the Dimmitt Lions Club. That was the year B. M. joined the club, having been recommended by T. A. Singer, who obviously thought he was doing a good deed."

"That makes for 32 continuous years in the club. One would reasonably expect that that would be long enough for him to learn to behave himself. Not so with this Lion. It is so bad that we vote him out of the club about every month, but he always comes back, promising to do better. Needless to say, he never does..."

"In all fairness, it probably could be said that B. M. has brought in more new members than any other Lion in the club—estimated conservatively at a hundred... No one has ever come close to bringing in as many new members as he has. Maybe he's not such a bad guy, after all..."

NELSON, given his chance by emcee Elvon DeVaney, gave this rebuttal:

"I've been roasted more times, and a lot better, by any number of subscribers to the Castro County News... I heard Elvon tell Swain that he had 3 1/2 minutes. That was the most unreasonable thing I ever heard—it takes Swain 3 1/2 minutes just to get up and sit back down."

"Joe Cowen—I thought he would be a little kinder to me than he was—he and I made a lot of trips together for various reasons, and we made some for no reason at all. Of a morning, Joe always takes his exercise. That bothers me. The first time, I didn't know what he was doing. His sitting-up exercise... was just a twitching. He always said, 'I don't feel good all day unless I exercise.'"

"ALL OF you know that Mr. Bruegel (Fred Sr.) is in the grain business... Mr. Bruegel has three sons, and a

son-in-law, all grown men. But for some reason, Fred Jr. is the only one that weighs the grain like Mr. Bruegel wants it weighed, so Fred Jr. is the operator of Bruegel Elevator."

"Part of what Fred Jr. had to say about me was political, just like Burkett. Burkett said, you know, that he agreed with me some of the time, but most of the time he didn't. Actually, the times he agreed with me was when I was wrong..."

After expressing regret that M. E. Cleavinger was in the hospital, he said, "I think it should put anybody in the hospital to ask him to come up here and try to criticize a man who is above criticism."

"Actually, I hate to say anything about Chet. We've got an energy shortage, and... I don't know of a better source of black-market gasoline, so I don't want to get him sore at me..."

"Then there's the doctor—the Republican doctor. It's hard for me to understand how a man can be smart enough to be a doctor and still be a Republican."

"Regardless of any of my other virtues or non-virtues or failings or misdeeds, you have to give me credit for courage. If you think it doesn't take nerve and guts to let a Republican doctor operate on you. That old boy ought to know everything about me—he's looked me over inside and out."

"JUST FOR your information, Jack (Edwards), I like Aggies. I don't know why I like them. Actually, we even hired one—not a boy Aggie, but a girl Aggie. I didn't. Don did."

"Whoever arranged this program and had to do with the selection of this panel saw fit to get the oldest and youngest lawyers in the town—or nearly in the world. I know they didn't have anything to do with the date of their births... but after hearing their comments, and the way they carried on, if I'm ever indicted I hope they are the prosecution..."

NELSON ended the meeting with a message to the new Chamber of Commerce members:

"The Dimmitt Chamber of Commerce was chartered in 1947. There's no way to tell how many charter members are still here and in business; I would guess eight or 10. We've mentioned the Lions Club; the Chamber of Commerce had its beginnings through a committee appointed by the Lions Club in 1947."

"To all the new members who have recently joined the Chamber of Commerce—the first thing you should do is to make up your mind that you're going to stay in there and

14—CARD OF THANKS

CARD OF THANKS

A simple "thank you" seems hardly adequate for all the help our local American Field Service has received from so many this past school year. Dimmitt had been out of the program for three years and we came back to participate with two students—Evelyn Martin of France, daughter of Mr. and Mrs. Carl Bruegel, and Mustafa Ramadan Tosun of Cyprus, son of Mr. and Mrs. Carlos Calvert.

AS MOST of you know, the country and/or community from which the student comes furnishes half of the expenses and the host community raises the other half. Last year, our high school student body donated the largest amount of any student body since the beginning of the program in 1960. This spring they have already donated almost half of the amount needed for our 1975-76 student from New Zealand.

Our local civic clubs have always participated and were a big help this year. Also, some smaller organizations donated for their first time.

Some businesses were contacted that had never been asked to give before. Individuals and business gave in amounts ranging from \$5 to \$100; any amount from anyone helps make it more of a community effort, which is a goal of AFS International.

Some businesses that donated special services this year were Carlie Theatre, Kirby's Barber Shop, Blue Room Coiffures, Dimmitt Cleaners, Alvin's Cleaners, Castro County News, and Dr. J. E. Wohlge-muth, who donated eyeglasses for our student from Cyprus.

Teachers and administrators gave of their valuable time and help.

We wish we could thank each individual and business personally or by way of this paper for their concern, time or money, but there is no way, for we would surely leave out many. But we do trust that each of you knows how much our chapter appreciates you.

Mrs. Lonnie Bell, now past

CHAMPIONS of the Dimmitt Invitational Partnership Golf Tournament were Mark Moore (left) and Dan Bentley of Amarillo. The young duo finished in a tie at 136 with Hereford's Mac Tubb and Jim Holmes, then won a sudden-death playoff with a birdie on the first hole. Moore and Bentley play as partners regularly, although this was their first tourney this year. "It was a nice tournament, and it was good to win," Moore said.

Amarillo duo wins tourney

Mark Moore and Don Bentley, a pair of young Amarillo golfers, shot their way to an eight-under-par 136 finish, then won a sudden-death playoff Sunday to capture the championship of the Dimmitt Invitational Partnership Tournament.

In a whisker-close race in the championship flight, Mac Tubb and Jim Holmes of Hereford carded a 136 also to tie for the lead at the end of regulation play, while Dick Weston and Marvin Dick of Amarillo finished just a stroke behind at 137.

In the sudden-death playoff, the young Amarilloans birdied the first hole for the championship.

A huge field of golfers from throughout the Panhandle-Plains streamed onto the Castro County Country Club to compete in the tourney, which was conducted by club pro Bill Glenn. The weather cooperated beautifully, giving golfers the prettiest two-day spread of sunny calmness that they'd seen this year.

HERE ARE the top teams in

the first through fifth flights:
 First Flight—Ed Miller and Bud Ables of Olton first, 142; Charlie White of Dimmitt and Monty Roach of Amarillo second, 144; Bill Allen and Tom Templeton of Hereford third, 145.

Second Flight—First place tie between Bob Myers-Cary Jackson of Dimmitt and Conal Norried-Steve Webb of Littlefield, at 148. Teams split the tie. Kenneth Cleveland and John Lantz of Dimmitt placed third with 150.

THIRD Flight—Jack and Wayne Richardson of Vega first, 156; tie for second at 257 between Sonny Walker-Don Terrell of Plainview and Don Brittain-Larry Fritts of Amarillo. Walker-Terrell won the playoff.

Fourth Flight—Terry and Ray Ott of Muleshoe first, 152; Avery Thrasher and Jerry Killingsworth of Dimmitt second, 154; Jimmy Ross of Dimmitt and David Bechtel of Canyon third, 156.

Fifth Flight—Doyle Morris of Dimmitt and Mike Ellis of Friona first, 172; Bill Yokum of

By DON NELSON

Ever since the Dimmitt School Board signed an agreement to purchase the Golden Spread Nursing Home building for administrative offices, questions have been flying: Where did the board get the money? Why did the trustees make such a large purchase without voter approval?

THE MONEY, according to Supt. Charlie White, is coming from a surplus which the school district has accumulated over the past even years.

That surplus is \$307,000. On the face of it, that's a lot of money. But in school-budget terms, it represents only two months' extra operating capital. Considering that it took seven years to build up this two-month surplus, I'm satisfied personally that we aren't being gouged on our school-tax rate.

After establishing its priorities for long-range development (in the light of what the school district could reasonably afford), the board voted to use half of the current surplus to pay for two priority projects—a new field house and the administrative office building—and keep the other half of the surplus in the till for the time being.

THE SURPLUS itself was the hoped-for result of long-range planning back in 1968, White said.

"In 1968 the school district had a deficit of \$120,000, with a planned deficit of \$90,000 in that year's budget," White said. "After the property re-evaluation of 1968, the board set a tax rate designed to pay off the debts and try to come out over a period of time with two months' operating capital as surplus. That tax rate was \$1.55, and it stayed in effect six years.

"Last year the tax rate was raised to \$1.73. Without this increase, we would have had a deficit budget this year and would have had to dip into our surplus. The board didn't want to go back to that."

WHY DID the board buy the nursing home, especially without voter approval?

More administrative office space was one of the school board's "priority projects"—just as it was in the recent school-bond elections. The reason the board bought the nurs-

Dimmitt and Ed Kramer of Muleshoe second, 173; Harold Hyman and Mike Kindle of Dimmitt third, 174.

ing home at this time was that the building came on the market, seemed highly adaptable for administrative offices, and was cheaper than any kind of new building—including a steel building—would be.

"IT WAS too good a deal to pass up," one school board member told me.

Voter approval? The board obviously didn't need it to spend surplus money. You could say the trustees received voter approval when they were elected to run the school's business.

If our school trustees really wanted to be pushy about it, they could build a new stadium, gymnasium or any other facility by simply including it in the budget and raising the tax rate to pay for it. They could also spend all the rest of the surplus, go back to deficit financing, and borrow up to \$60,000 on time warrants for any special projects. They've got the legal power to do it.

INSTEAD, our school district is paying cash for a new field house and new administrative offices, and will still have more than \$150,000 in surplus funds.

Somewhere down the line, we'll get a new stadium to go with the field house—but probably not until it can be done without deficit financing.

Sure, there are always differences of opinion on priorities. If everyone in your family looked around your home and voted on which possessions were necessary and which were simply desirable, what would the outcome of the vote be? It's the same in a business, on a farm, or in a school district.

The tax rate, the relatively moderate surplus, and the school board's recent expenditures all seem reasonable to me.

HIGH efficiency and lower operating costs of fluorescent lighting systems can save the homeowner up to 45 percent when compared to similar applications using an incandescent system. Mrs. Jane Berry, area housing and home furnishings specialist with the Texas Agricultural Extension Service, points out.

Texas Taxes

By BOB BULLOCK, State Comptroller

It has often been said that there is nothing certain but death and taxes. Perhaps the line was originally meant to apply to our inheritance taxes.

THE TEXAS inheritance tax is one of the most overlooked state taxes, probably because it has liberal exemptions and is so much smaller than federal estate taxes. The Comptroller's Department collects about \$50 million in inheritance taxes annually, one of the minor sources of state revenue.

We get reports on only a fraction of the persons who die and leave things of value to their heirs. Last year we looked at more than 31,500 returns but found only 15,000 of them to be taxable.

The Texas tax is completely

different from the federal tax. The federal tax is levied on the deceased person's estate, regardless of who inherits it or how it is divided, and the tax is taken before the estate is divided.

Our tax is levied on the persons who receive the inheritance and the exemptions and rates vary according to the several classes of heirs.

THE FIRST class of heirs includes the spouse, mother, father, son, daughter, and grandchildren. Regardless of the number of heirs, each heir in this class is given a \$25,000 exemption before the tax applies.

The rates for this classification, after the \$25,000 exemption, are one percent for

inheritances between \$25,000 and \$50,000, two percent for \$50,000 and \$100,000, three percent for \$100,000 to \$200,000, four percent for \$200,000 to \$500,000, five percent for \$500,000 to \$1 million, and six percent above \$1 million.

Brothers and sisters are another classification and they get a \$10,000 exemption. Their graduated rates start at three percent. Aunts, uncles and cousins get a \$1,000 exemption and their rates start at four percent. Unrelated persons receive a \$500 exemption and rates start at five percent.

Property and money passed on to charitable, educational or religious organizations are, of course, exempt from inheritance taxes.

The \$25,000 exemption for members of the immediate family means our tax doesn't fall on many heirs, and yet we know we are missing some taxable inheritances. To correct this, we are simplifying reporting forms, changing death reports sent by the counties and trying to make the public more aware of the state tax.

Services held for Mr. Thomas

Funeral services for Richard R. Thomas, brother of H. B. Thomas of Dimmitt, were held May 27 in the Presbyterian Church in Tishomingo, Okla. Burial was in the county cemetery there.

MR. THOMAS, 42, died May 26.

Survivors include his parents, Mr. and Mrs. C. T. Thomas of Tishomingo; two brothers and three sisters.

BICENTENNIAL clothes will look more authentic if made up in fabrics similar to the originals—cotton calico, gingham or small prints, Marlene Odle, clothing specialist with the Texas Agricultural Extension Service, advises.

Students perform at guild auditions

Ten piano students of Mrs. Faun Welker won certificates recently in piano guild auditions.

NATIONAL winners included Mimi Barrera, Kim Howell and Cara Sue Miller. They each played ten pieces from memory.

Renee Cluck and Cindy Wakefield, who each played seven pieces, were state winners.

Local winners included Yvette Barrera, Cherie Stewart, Robin Cluck, Krystal Scott and Kent Bradley. They played three pieces each.

BASE ENVY withers at another's joy, and hates the excellence it cannot reach. —Thompson.

Nazareth will send four to Girls' and Boys' State

Four Nazareth students will attend the American Legion Girls and Boys State programs this summer.

PICKED TO attend Girls State, scheduled June 10-21, are Vera Birkenfeld and Theresa Kern. Boys State representatives will be Paul Brockman and Robert Birkenfeld. It is scheduled for June 12-19.

Miss Birkenfeld received the NHS highest scholastic average award for girls this past year. She was also elected junior class president, class favorite and Homecoming queen candidate. As a senior, she will serve as class vice-president. She participates in CYO, basketball, track and the pep club.

Miss Kern, the daughter of Mr. and Mrs. Walter Kern, has

been a cheerleader, regional tennis and typing qualifier, junior class treasurer, outstanding science student and student council representative. In CYO, she has served as treasurer and president. She is also youth representative on the Parish Council.

ACTIVE in CYO and FFA, Brockman is the son of Mr. and Mrs. Jerome Brockman. He is a kicker on the football team and a member of the track team.

Birkenfeld attended the 1974 Citizenship Seminar of the Farm Bureau. The son of Mr. and Mrs. Herman Birkenfeld, he has served as class president and student council representative. He will serve as 1975-76 FFA president.
