House Downs Amendment To Aid Bill

9 Dunno, But . . .

This week has brough a typical variety of Texas weather, midsummer temperatures, rain, hail, electrical storms, north winds that brought à 30 degree drop in tem-

peratures within five days.
People that were uncomfortably warm the first of the week in summer clothes have been digging out winter wraps for the past two days. Like we've said before, when the monotony gets bad, leave it to the weather to do something about it

A total of .38 of an inch of rain has fallen in the last two days and indications are that there will be more. This is the first precipitation for the month of May and we understand is welcome moisture

If Everybody Knew-

what some folks know, especially about business matters, there would be less grief and more living satisfaction in our daily lives. For example, everybody doesn't know that they should have an abstract when they buy real estate. Others do, because they have learned some important lessons through ex-perience and observation. Avoid the mistakes of others by making the abstract a requirement in every real estate
