A CHALLENGE TO THE CLASS OF '47

Your country needs you now. The future of a free America may rest on your decision.

There is no Draft today to put you in the Army. Yours is the first class since 1940 that faces a free choice. But with that freedom, as with every freedom, goes responsibility.

The nation has put the maintenance of a strong, alert, defensive force squarely up to you. This is the only country in the world that dares to raise and maintain a million-many Army by voluntary enlistment, in the American tradition. The duty of keeping our Army ready for emergencies is shared by every

citizen - for never before, in peacetime, has the need for it been greater.

Our freedom, our ideals, the safety of our homes and families, depend on a world peace backed by

Joining the Army as a volunteer may mean some sacrifice to you. On the other hand, you have much to gain from the experience. Sound physical condition, training in leadership, world travel and adventure, the comradeship of a fine group of young men, a job with a real future at better pay than you can get in most . civilian work-all these make the Army an excellent career for young men who can measure up to its high standards. And in addition you will be entitled to educational benefits under the GI Bill of Rights, if you enlist

before Congress officially terminates the war.

Before making your decision, get the full story of this career opportunity at your nearest U.S. Army Recruiting Station.

KIDNEYS GETTING YOU UP NIGHTS?

• If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys...increases the flow of urine, helping torelieve excess acidity...so the irritated bladder gets a good flushing, out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. S, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.
