Lardner Silent On Committee Question

WAVED FROM STAND; WANTED TO READ LONG STATEMENT

WASHINGTON—Film writer Ring Lardner, Jr., was waved from the witness stand in the House investigation of Reds in Hollywood today because he refused to answer whether he was a Communist.

Lardner was the first witness at a session in which the House Un-American Activities Committee has proposed to produce "surprise testimony" showing that Hollywood Communists engaged in "A-bomb espionage."

Like eight other so-called "hostile" witnesses before him this week, Lardner refused a yes-or-no answer to "the 361 question"—are you a Communist?

The 22-year-old son of a famous writing father wanted to read a statement, but the committee denied him permission to do so because he would not say whether he was a Communist.

"I could answer the question," Lardner said, "but if I did I would hate myself in the morning." Committee investigator Louis J. Russell testified he had found a Communist party card, No. 47189 issued to "Ring L." He said that was the party's code name for Lardner.

The committee said its surprise testimony about a-bomb espionage would "cite date, time and place." Committee sources said it would prove "a very serious matter of espionage was involved."

Russell was expected to produce this testimony in the afternoon.

Committee sources have said previously that Russell's investigations established "a definite link between Hollywood Communists and Soviet Russia." They said movie party members were given "autonomous status" and received "special attention from Moscow."

Whether today's testimony would attempt to connect the alleged "a-bomb espionage" with Russia was not indicated in advance.

Six Bandits Get \$110,000 Payroll

BOSTON—Six bandits, one of them wearing a Halloween fancy face mask, held up 11 men and women employees at a division office of the Western Electric Corp. in Hyde Park today and escaped with a \$110,000 payroll.

It was the largest cash loot taken in any holdup in New England since the \$129,000 Fall River mail robbery of 1935.

The holdup was executed swiftly and expertly, without the firing of a shot, and officials of the firm—the E. F. Sturtevant Co.—said the robbers appeared familiar both with the premises and with the payroll procedure.

General Manager, G. M. Derry, of Sharon, in setting the amount stolen at \$110,000 said the robbers had overlooked a comparatively small amount of cash.

FORT WORTH LIVESTOCK

Cattle 2700. Slow, uneven, fed heaves scarce. Command and medium slaughter yearlings and heifers 122-1, cows 13-25-15.50. Bulls 11-16.

GIRL COLLAPSES

Irene Zawistowski, 16, of Chicago, Ill., collapses into the arms of Policewoman Minnie Attardo after being encoerated by a coroner's jury of the death of her sister Adeline. Irene killed her sister in a fit of anger by throwing a pair of shears at her. (NEA Telephoto).

Former Resident To Be Buried At Bullock Friday

Four From Cisco Assessed Total Fine Of \$1,860

Funeral services for Clifford V. Pattillo of Kansas City formerly of Ranger will be conducted Friday afternoon at 3 o'clock at the Bullock Methodist church with Rev. H. B. Johnson in charge of the services. The body was to arrive on the Sunshine Special this afternoon and will be taken to Killingsworth Funeral Chapel where it will remain until time for the services. Burial will be in the Bullock Cemetery.

Mr. Pattillo who is a brother of Mrs. Della Smith of Ranger, died in the Veterans Hospital at Wadsworth, Kansas. He was born in Queen City, Cass County, Texas, and lived in Ranger from 1906 to 1909. Survivors besides his sister are two nephews, Paul Smith and J. F. Smith and a niece, Mrs. Harvey Dempsey, all of Ranger.

Four Cisco negroes, charged with selling whiskey, entered pleas of guilty through their Abilene attorney, on 12 of the charges Wednesday and Judge P. L. Crossley of the County court assessed fines totaling \$1,860 with costs totaling \$260, making the total fine and costs \$2,120.

District Attorney Everett Grisham, who was prepared to prosecute the quartet had they not entered pleas of guilty, stated this morning that the four were in the County jail and he did not know if they were going to pay their fines.

Bobby Eakin Home With A Discharge

Bobby Eakin who has been with the 11th Airborne Force in the Pacific arrived in Ranger Wednesday night. He has received his discharge from the service in which he had served as a corporal.

Here for a brief visit with him is Fred Kirby of Oklahoma City who served as one of General Douglas MacArthur's honor guard.

WASHINGTON PROBE CONTINUES

Film writer Samuel Ornitz (left) is escorted from the witness stand and charged with contempt of Congress after refusing to tell the House Un-American Activities committee whether he was a Communist. Ornitz's refusal to answer the question followed the pattern of four other film writers, also charged with contempt by the committee currently investigating alleged Communism in Hollywood. In right foreground is Robert W. Kenny, attorney for a number of subpoenaed film writers and actors. (NEA Telephoto).

Eastland Dogies Win Over Ranger By 7-0 Score

The Eastland Junior High Dogies avenged their defeat by the Ranger Junior High last night, with a 7-0 victory over the Pups.

It was the Dogies game all the way through with them in possession of the ball most of the time. Most of the credit will go to Burli Robertson and his smashing drives although Giminez, Seabourn, and Stephen turned in a very good game.

Ranger kicked off to the Dogies at the start of the game. Robertson took the ball on his own 15 yard line and fumbled but scooped it up, to return to the 39. On the fourth down the Pups blocked Robertson's punt and recovered.

Ranger lost the ball on the next play by a fumble. From there the Dogies made the first, first down of the game. The quarter ended with neither team scoring.

Lupe Giminez went over early in the second quarter for the first and only touchdown of the game. Robertson made the extra point with a running play.

Robertson kicked off to Ranger and the Pups returned to the 41 yard line. There was nothing gained either way all the rest of the quarter. The half ended with Ranger in possession of the ball only twice.

At the beginning of the third quarter Seabourn kicked to Ranger. Ranger played a good clean game but the Dogie line was just too much for them.

The game ended with the Dogies on a touchdown drive with a pass from Stephen to Robertson. The band and pep squad was on hand to give the Dogies their support. The pep squad had a mascot in the form of a pretty little girl who was the center of attraction.

There was also a nice crowd present to witness the game.

Rangers Reach Plane Wreckage; 4 Bodies Found

DOG LAKE, Ore.—Forest Rangers reached the wreckage of Gov. Earl Snell's plane today and reported that Snell and his three companions were dead.

The searching party's report was received at Lakeview, Ore., by Merle Lowden, supervisor of the Fremont National Forest. The message, transmitted by a forest radio engineer with the search party said:

"Four bodies were found. There were no survivors."

It confirmed that the Oregon governor, his immediate successor, Senate President Marshall Cornett, Secretary of State Robert S. Farrel, Jr., and Pilot Cliff Hogue, 42, were killed in the crash during a goose-hunting vacation flight Tuesday night.

Believe Pole Enroute To U. S.

LONDON—Guarded hints came from number of responsible sources today that Stanislaw Mikolajczyk, vanished leader of the Polish peasant party, had left Europe and might be at sea on his way to the United States.

Hope for the safety of Mikolajczyk was reaffirmed after his associates had voiced fear that his failure to appear might mean that he had been imprisoned or killed in Poland and the story of his flight circulated to cover up his fate.

A Polish correspondent close to high ranking Poles here said he was convinced that Mikolajczyk had taken a ship to the United States from some unidentified continental port.

The number of playgrounds in the United States more than doubled between 1920 and 1940.

Nov. 10 Deadline For Filing For Competitive Exams

AUSTIN, Tex.—November 10 is the deadline for filing applications to take competitive examinations through which Texas males between the ages of 17 and 21 may receive appointment to the Naval Reserve Officers' Training Corps.

The examinations will be given in 21 Texas cities December 13 but applications must be received by the Naval Examining Section, Princeton, New Jersey, by Nov. 16. Naval authorities have reminded.

Information concerning the NROTC program may be obtained at any high school in Texas, from Navy recruiting offices and from colleges including the University of Texas and Rice Institute, the two Texas institutions participating in the NROTC program.

To each man who qualifies and is selected the Navy offers a college education and commission as an officer in the U. S. Navy or U. S. Marine Corps. He may choose the field in which he would like a bachelor's degree and may also be able to go to the college or University of his choice. Fifty-two colleges and universities participate in the program. The government pays tuition and normal fees, buys books and necessary uniforms and pays \$50 per month living allowance to appointees. Graduates of the NROTC program may apply for flight training in the same manner as graduates of the U. S. Naval Academy. They are given equal rank and opportunity with Naval Academy graduates.

Ira Fox Passes, Funeral This P. M. At Eastland

Funeral services for I. G. (Ira) Fox, about 60, who died Wednesday afternoon at his Eastland home, located at 708 West Patterson street, were scheduled for 3:30 this afternoon at the Hammer Funeral Home chapel with interment to follow at Merriman.

Mr. Fox, a World War I veteran, passed away rather suddenly, having been down town earlier in the evening. It is understood, however, that he had previously been sick.

The deceased, an uncle of County Treasurer Geo. A. Fox, is survived by his widow, Mrs. Lula Fox, and possibly others.

U. S., Britain Protest Seizure Of Oil Refinery

WASHINGTON—The United States and Great Britain have protested sharply to the Soviet Union against Russian seizure of the largest oil refinery in Austria, state department officials disclosed today.

The notes protesting the action have been sent to the American and British ambassadors in Moscow.

How To Get Along With Your Mother-In-Law

NEW YORK (UP)—David Goldman, a member of City College's psychology department, thinks he has the remedy for family tensions caused by crowded homes.

It is a rigid schedule by which various units of the family—husband, wife, in-laws and children—would avoid each other for as many hours a day as possible.

A. D. Lindsey Dies; Funeral To Be Friday

A. D. Lindsey, father of Mrs. James C. Managess and brother of Mrs. J. B. Lee both of Ranger, died about 1:30 o'clock this afternoon at the home of his daughter.

Funeral services will be conducted Friday afternoon at 5 o'clock at the Second Baptist church with Rev. J. Henry Littleton of Abilene officiating. Interment will be in Evergreen cemetery, with Killingsworth in charge of the arrangements.

Mr. Lindsey who lived in Cross Plains had been in Ranger for the last six months during which time he has been confined to bed. He was born in Waxahachie on February 29, 1888. He was a member of the Second Baptist church in Ranger. Up until the time he became ill he had been on oil field work and had been employed by the Sinclair-Prairie for more than 25 years. On December 6, 1908, he was married to Miss Caroline Dorsett who survives him.

Besides his wife, daughter and sister he is survived by one son, William Milton Lindsey of Cross Plains, another daughter, Mrs. W. G. Harrison of Cross Plains and four grandchildren.

Monopoly Charges Filed Against New York Firms

WASHINGTON—The government today charged 17 New York investment banking firms and the Investment Banker's Association of America with conspiring to monopolize the safe of new securities.

Attorney General Tom C. Clark announced that the charges had been filed in an anti-trust suit in New York.

The suit charged principally a conspiracy to restrain unreasonably and to monopolize the securities business by restricting, controlling and fixing the prices, terms and conditions upon which issues are sold.

During a 10-year period, according to Clark, the 17 firms managed sales of new securities totalling \$14,357,000,000 (B), or about 69 per cent of the security issues handled through syndicate methods.

Baptists Urged To Get Rooms For Convention

Rev. David C. Ham today urged all who intend to attend the Baptist General Convention in Amarillo to make their reservations at once in order to avoid disappointment when they arrive there.

He stated that this request had come to him from Amarillo and that requests for reservations should be addressed to the room reservation committee at the First Baptist Church in Amarillo.

The convention will be held November 11 through 14 and a convention of the Brotherhood of the church will be held on November 10.

FCA Offices Combined With FSA In Eastland

Offices of the Farm Credit Administration have been moved to the Farm Security Administration's offices in Eastland and are located on the second floor of the Eastland National Bank building.

FIRE ENGINES WOODWARD

Smoke billows up as fire companies pour water on fire which threatened entire business section of Woodward, Okla. Before the fire was brought under control, flames did estimated \$150,000-\$250,000 damage to town which suffered a tornado only seven months ago. Eight people were injured in the blaze. (NEA Telephoto).

FFA GROUP TELLS OF TRIP TO NATIONAL CONVENTION

A group of FFA boys and their advisor, R. E. Thomas, Jr., just back from attending the National convention in Kansas City, Mo., report that they had an enjoyable trip and a very educational one. Boys who made the trip were Jerry Carter, W. T. Eaton, Winifred Hatton and Bobby Harper.

The trip was made by automobile, enabling them to enjoy the points of scenic interest enroute. Among places visited on the trip were the Turner Falls in Oklahoma, the 55 million dollar Lake Texoma near Denison and a number of herds of quality livestock.

While in Kansas City, the group attended the various meetings of the convention in the Municipal Auditorium and obtained much information which they plan to utilize in the operation of the local chapter.

One of the leading speakers at the convention was Clinton P. Anderson, secretary of agriculture, who spoke on the problems of food supplies for war torn nations. Jerry Carter described it as "the only real speech I ever heard."

Many nations were represented at the convention, including Burma, Scotland, Ireland, Denmark, Canada, Mexico and every state in the United States. Bobby Harper and W. T. Eaton stated that the most fun they had was telling them about Texas.

In Kansas City the group visited the Light Institute in the Kansas Power and Light Company building, Swamps Park and the police station. After going through the station, Winifred Hatton and J. N. Carpenter said that "Dick Tracy was just a piker compared to those guys." They heard the story of how a murderer was traced down with only one black hair as a clue.

From this hair they learned that the murderer was a man between the ages of 27 and 30, with black curly hair, had received a haircut within the last 72 hours and worked at a service station. With that description the criminal was located within a few hours.

Swift and Company sponsored a trip through their packing plant and the boys observed every operation of the plant.

The chapter hopes to make this trip an annual affair for its officers.

Jiggs Anderson Being Returned Here For Burial

A Morris Funeral Home ambulance was sent to Dallas today to return the body of W. B. (Jiggs) Anderson to Ranger. The body was being sent by train from Arkansas.

POPULAR REPUBLICANS TO BACK PAUL RAMADIER

PAHNS—The Powerful Popular Republican party pledged its 162 votes in the national assembly to Premier Paul Ramadier today when the Chamber met for a showdown vote on the life or death of his middle-of-the-road cabinet.

The assembly met in a critical session to take a vote of confidence in the government, which was caught in the squeeze between the Communists and Gen. Charles De Gaulle's resurgent political movement.

The vote was expected this evening after spokesmen for the various parties had made their plans. It was the seventh time the Socialist premier had gone before the Assembly to ask a vote of confidence in his policies, and

the most critical of them all. The Communists, who could muster 168 votes, had decided to vote against Ramadier, but they conceded he was likely to win by a small margin.

The first speaker, Joseph Laniel of the Republican Party of Liberty, announced that the 35 deputies of his party would vote against the government.

Robert LeCourt spoke for the popular Republicans. He said they would support the government because "our job is to keep the country from slipping in two. We are against the continual rise in the cost of living, and we are against interference in the internal affairs of France by a foreign country."

Mr. Laniel stated, however, that all records are in the Eastland office and problems involving the records should be taken to the Eastland office.

Ohio Provides \$750 For Davey Portrait

COLUMBUS, O. (UP) — More

than eight years after he left office, an official state portrait of former Gov. Martin L. Davey is to be painted and hung in the state

house. The incumbent governor, Thomas J. H. Bert, a Republican, has approved an order releasing \$750

from the executive department's funds to pay an artist for painting the picture. Gov. Davey, a Democrat, died

last year. He had refused to have a portrait painted of himself, after he left office contending that \$500 appropriated by the state

legislature for the purpose was inadequate. READ CLASSIFIEDS DAILY

Nebraska industrial plants in the 1946-47 fiscal year, compared with the record 28,751 in 1945-1944.

In periods of drought, the alfalfa plant often sends its roots as much as 17 feet below the surface of the soil to reach moisture.

UNIFORMS FOR TRAINING EXERCISES TO BE CHANGED

FORT SAM HOUSTON (UP)—The "aggressor" in the joint armed force training exercises in Florida next month will be garbed in uniforms different from those of the U. S. forces in the war games.

Col. Morrill Ross, Fourth Army Assistant, chief of staff of G-2 (intelligence) said at Headquarters Gulf Theater of Operations that realism was decidedly lacking in pre-war training of the past. Heretofore troops participating in war games have been opposed by others of their number who wore sleeve bands and other distinguishing materials, but in effect looked, for all training purposes, just like other American soldiers.

It has been difficult to distinguish at any distance the friend from the "foe."
 The uniforms of the aggressor for "Operation Seminole," scheduled Nov. 3 on "Blue Beach" near Panama City, Fla., are, in reality, surplus U. S. army uniforms dyed forest-green.
 Colorful collar and sleeve patches indicate the unit and the branch of the aggressor soldier. The aggressor helmet is distinctly dif-

Ruth said it began during the war, when shortages kept meat off the nation's dinner tables. To offset the deficiency, he said, seafood was the natural choice.

"Today, those who acquired a taste for seafood are turning to it again in preference to meat," he said.

They might not look nice stretched out on a block of ice in a restaurant, Ruth said, but lobsters have sky-rocketed to popularity in the current seafood boom.

Ruth, who is vice president of a local seafood brokerage firm, said actually its costs less to eat lobster. For instance, even though the ugly looking sea inhabitant wholesales at 62 cents a pound inland, it contains more nutritional

'Leto' Relieves 'Gum' Discomfort

You can not look, nor expect to feel your best with irritated "GUMS"—Druggists refund money if "LETO'S" fails to satisfy. Oil City Pharmacy. The Rexall Drug Store.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Sees U. S. Eating More Seafood

CLEVELAND (UP)—With meat at peak prices, Americans are eating more seafood at home and in restaurants, says Richard Ruth, an expert on the subject.

When You Buy Real Estate—
 ... you not only buy the land and all that's attached to it above and below, but some kind of a title—good or bad. The abstract is a written history of the title and is the evidence of your security or insecurity. Since security is the basis and measure of all land values the abstract becomes the most important factor in every real estate transaction. Always demand an abstract when you buy real estate.

AUTO MAKERS GET READY FOR ERA OF COMPETITION

By Roy J. Forrest
 United Press Staff Correspondent
DETROIT (UP) — Major automobile manufacturers are scattering their operations slowly to strategic areas. It is part of the jockeying for position against the time when the market again becomes competitive.

This decentralization of plants, employment and purchasing is having a marked economic effect on scores of communities across the nation. Every state furnishes raw materials to the industry.

By relocating assembly plants and supply depots nearer to markets, the car makers seek to cut costs by eliminating high freight bills for long-haul shipment from the Detroit and Midwest areas.

More than 1,000 parts companies and 200 tool and die firms in some 250 cities and towns in 30 states supply auto plants directly. Under the decentralization program, the suppliers will ship a large amount of their parts to new plants and depots nearest them.

General Motors Corporation, which currently is producing about 37.4 per cent of all the cars and trucks made in this country, is completing a huge program of expansion, including new zone warehouses, supply and manufacturing plants.

The Ford Motor Co., now making about 21.4 per cent of the nation's motor vehicles, also has expanded its operations to new areas in a drive to regain top position in its field, now held by GM's Chevrolet division.

Chrysler Corporation lagging behind the other two, is producing about 17.4 per cent of all the cars and trucks made in this country.

More than two per cent behind Ford's over-all output, centers all its manufacturing operations in Detroit and its auto-making is the least scattered of the "Big Three" companies. It has a parts plant at Kansas City and one parts and two assembly lines in the Los Angeles area.

The "Big Three" companies make nearly 79 per cent of all the cars and trucks produced in the United States and they have large operations in Canada and other countries.

Such well known companies as Studebaker, Hudson, Willys, Nash, Packard and the newcomer, Kaiser-Frazer Corporation, account for 13.4 per cent of the car and truck output, but their operations are important to many sections of the country.

The Automobile Manufacturers Association points out that the auto industry is one of the nation's most important. Its statistics show that more than 500,000 business firms, employing 8,200,000 persons, center around the manufacture, sale, service and use of motor vehicles.

Since the first of the year, Ford has been seeking new vendors on the west coast to supply its California plants locally with a wide variety of parts, including bulky items such as wheels and gasoline tanks. Ford plans to increase its West Coast purchases from \$15,000,000 annually to \$65,000,000.

All the steps by the car makers are aimed to the coming competitive market when dealers are forced to get their profits from their regular 25 per cent discount — after absorbing losses in trade ins. At present, the dealers are riding high on the seller's market and profits are no problem.

Too Much Safenesship
SCRANTON, Pa. (UP) — The local Better Business Bureau has warned against a new technique used by encyclopedia salesmen. The seller finds out beforehand the occupation of the prospective buyer, then describes the book as overflowing with information on that subject.

Blames Buyers, Not Farmers, For High Food Costs

AMES, Ia. (UP) — R. K. Bliss of the Iowa State College extension service thinks he has nailed down the "culprit" responsible for the high food prices.

He blames the consumer. Consumers bidding against each other in the open food market raised the prices. Open market prices that way, he said.

The extra competition in the food market comes from the previously low income group. They now are working for good wages and can buy the food they want. He termed that encouraging. He estimated that people are eating 15 per cent more meat, milk and eggs than before the war and said those were the high-priced foods.

Bliss pointed out that even when rationing was enforced, meat consumption increased about 15 pounds per person in this country.

Government farm price supports for certain commodities have had nothing to do with present farm prices, he said. It wasn't the farmer who lost prices, Bliss contended, although he did his best to produce. Any "lack-off" of farm production is due to drought, he suggested.

While admitting food shipments abroad had something to do with high prices, Bliss said it was just a subordinate cause. He cited meat which is not exported in large quantities.

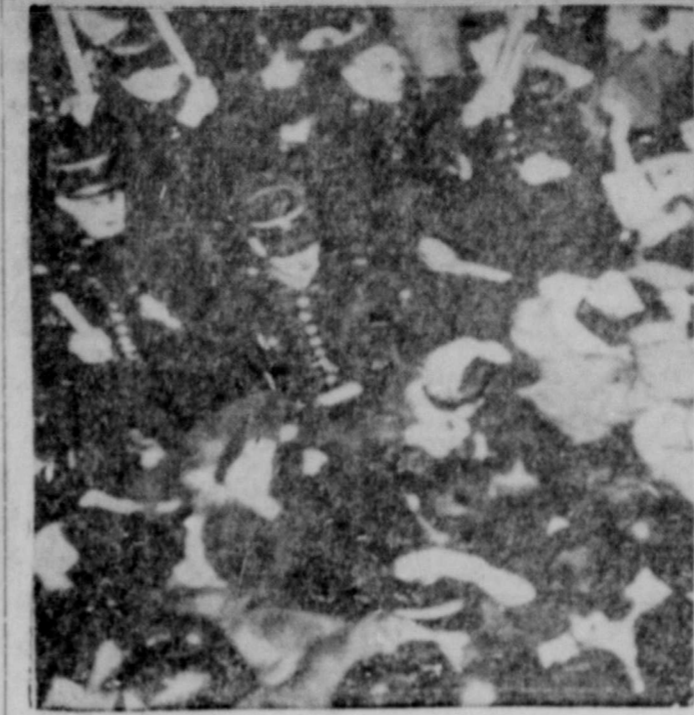

"The consumer is the only answer to high meat prices," he concluded.

Underground Water Resources To Be Surveyed

PLANVIEW, Tex. (UP) — Plans for the first complete survey of underground water resources on the High Plains are being laid here by the Texas Board of Water Engineers and the U. S. Geological Survey.

Work will be supervised from a new joint field office here. The High Plains embraces 23

COMMUNISTS START RIOT IN PARIS

Civilians shield their heads as club-wielding French police charge into crowd in this dramatic photo made by Richard Dale, Acme staff photographer, despite being beaten over the head by the police. Riot resulted from attempts by 15,000 Communists sympathizers to break up a rally of General DeGaulle's followers. (Radio, Paris-New York; By Richard Dale, Acme Staff Photographer, Credit Acme, NEA Telephoto).

counties bounded by the Canadian river on the north, the Caprock on the east and south and the Texas-New Mexico line on the west.

Officials of the two agencies explained that, while they have accumulated considerable information over a period of many years on the underground water in the area, they have little more than "scratched the surface" of the job to be done.

This is the first time, they said, that money has been available to start the job with assurance that it can be done thoroughly.

The information which they expect to obtain will enable residents of the region to know what they have and can depend on in the future in the way of underground water.

Mrs. Wolford Is Hostess To Circle

The Belle Bennett Circle of the Woman's Society of Christian Service of the Methodist Church met Monday afternoon at 4 o'clock in the home of Mrs. C. I. Wolford with Mrs. Duncan Holmes assisting the hostess.

The meeting was opened with the group singing "The Lord Is In His Holy Temple."

Mrs. L. E. Wolfe, devotional chairman, was leader of the program and presented Mrs. R. R. Stafford who gave the devotional "Over The Hill of Tomorrow," using Mark 10:14-15 and Mark 19:3-7 as scripture references.

Mrs. Wolford gave an interesting talk on "The Gospel For Our Generation."

Mrs. A. N. Larson presided at the business meeting in the absence of the circle chairman, Mrs. J. J. Kelly.

Refreshments were served to the following members: Mmes. W. F. Creager, H. O. Woods, Claude P. Jones, M. E. Ice, Ernest Latham, Delbert Capps, Stafford, L. E. Wolfe, Larson, and the hostesses, Mmes. Wolford and Holmes.

Hoges P-T.A. Meets Tuesday

The Hodges Oak Park P-T.A. met Tuesday afternoon at 3:30 at the school.

Mrs. G. E. Harper, president, opened the meeting and presented Mrs. G. B. Rush, program chairman, who introduced the subject and speakers.

Mrs. Rush emphasized the importance of the home in reaching "A Goal—Bettering Human Relations," Mrs. Elma Smith stressed the school's place in bettering school and home relations, Rev. Earl Smith, minister of the Church of Christ, gave the Good Samaritan story to illustrate the principals of better living, and Mrs. M. H. Hagaman highlighted the community's part in training for better human relations.

Mrs. Harper presided over the short business session in which she was elected delegate to the state convention, with Mrs. Rush as alternate.

Circle Meeting Held Monday

The Ida Scudder Circle of the W.S.C.S. of the Methodist church met Monday afternoon in the church.

After singing the song, "Others," a prayer was said by Mrs. R. A. Tunnell. Mrs. Tunnell presided over a business session in which Mrs. C. E. May was nominated for an adult life membership.

Mrs. J. E. Matthews, program chairman, presented Mrs. Morris Newnam who gave a very timely and informative discussion on "The Gospel For Our Generation."

Large Crowd At Carnival Tuesday

The annual Hallowe'en Carnival of Young School was held Tuesday evening, October 28, at the Recreation Building with an estimated crowd of between 800 and 1000 persons participating in the event.

What a Life for a Dog

This poor little Chihuahua gazes upon a cruel world. Somebody put the tiny dog in a Rochester, N. Y., ash barrel, and it wasn't until passers-by heard his whimpers that the police were summoned to rescue him.

Pacific Bauxite Interests U. S.

Bauxite is the ore from which aluminum is extracted.

The largest deposits are on the island of Fabelthup in the Caroline group, geologist Jostah Bridge advised Pacific Fleet headquarters. Bridge made an economic survey of the Palau for the U. S. Commercial Co. at the request of the Navy.

The geologist said the bauxite may require special treatment because of the difference in chemical and physical properties from that which is now being refined in the United States.

Susannah Wesley Circle Meets Mon.

The Susannah Wesley Circle of the Woman's Society of Christian Service of the Methodist Church met Monday afternoon in the home of Mrs. E. Hightower with Mrs. T. L. Thompson as co-hostess.

The business session was presided over by the circle chairman, Mr. A. W. Brazda, after which Mrs. Arthur Deffebach brought the devotional, "Over the Hill to Tomorrow."

Hodges Carnival To Be Tonight

The Hodges Oak Park Parent-Teacher Association will sponsor a Hallowe'en Carnival tonight at 7:00 in the Recreation Building with over 50 children having part in coronation ceremonies and the program which will follow.

Circle Meeting Held Monday

The Ida Scudder Circle of the W.S.C.S. of the Methodist church met Monday afternoon in the church.

After singing the song, "Others," a prayer was said by Mrs. R. A. Tunnell. Mrs. Tunnell presided over a business session in which Mrs. C. E. May was nominated for an adult life membership.

BELL'S YOUNG MODERNS

Pacific Bauxite Interests U. S.

By William J. Coughlin
United Press Staff Correspondent
HONOLULU, T. H. (UP)—

Possibility of a large-scale United States mining operation in the remote Palau Islands of the South Pacific is seen here. It has been disclosed that deposits of more than 50,000,000 tons of bauxite exist in the islands.

He believes it is entirely possible that the ore can be exploited profitably. It is believed several commercial companies in the United States are interested in the possibility.

The bauxite deposits were discovered by the Japanese in 1937 and mining operations began immediately. In the next six years, the Japanese produced about 400,000 metric tons of exportable ore.

During the war, the mining facilities were bombed heavily and strafed by U. S. planes and only a small part of the equipment can be salvaged, the Navy said.

The thickness of the layer of air, or atmosphere, surrounding the earth, is not known exactly, but it is certain some air exists more than a hundred miles from the globe's surface.
