## Ex-Communist Says Party Pledged To Destroy American Republic

Joe Don Buckley who had such a hard time conquering his calf the first night of the calf scramble has fittingly named the animal "Trouble."

Mrs. Ray Ward was telling us the other day about a woman that came into town on a bus and learning of the rodeo delayed her trip from California to the east in order to see the show.

John Lindsey, the clown that was injured in the rodeo told us Saturday night that the Jaycees rodeo is the best little show in Texas. He added that another famous show was not half so good as the Ranger show when the other was only three years old. He thinks the boys have a very fine opportunity to make something big and famous.

George Elliott who announced the show also was loud in praise of it.

Incidentally, George is an Indian and stated that his great grandfather was brought to Ranger from Alabama with the Western Cherokees who were later moved to Oklahoma. His great grandfather was Major General Hamons.

Folks hereabouts are giving Frank Mariam, arena director, a lot of credit for the success of the show. And he did keep it moving at a fast pace.

We discovered after the paper was off Saturday afternoon that we had been unsuccessful in getting "catching" spelled correctly. The operator first set it "watching." We corrected it and then it came out "wreathing." We were just trying to be nice and use a dignified word for an unpleasant feeling.

### Board Snips Red Tape Out Of Own Pockets

SUPERIOR, Wis. (UP)—It was a cool, sunny day and Douglas County supervisors had no stomach for any kind of red tape.

But there was that annoying little detail of an \$8 coal bill that had to be taken care of. The coal was delivered last winter to a relief client who since had died. Now the county had the bill.

It was a legal puzzle over what funds should be used to take care of it.

On look out of the window at the clear blue sky settled the matter for the eight supervisors. Each pulled out a dollar bill and clipped it to the relief voucher.

One by one they walked out of doors to enjoy their peculiar triumph over the red tape of government.

### River Gets Blame

FORT WORTH, Tex. (UP)—Ol' Man River was declared the culprit in the case of the homes smeared with paint. Police decided what appeared to be paint smeared on the homes probably was caused by sewage gases or fumes from nearby Trinity River.

### Wildcat Is Soon To Be Drilled 4 Miles Southwest Rising Star

A wildcat well is to be drilled four miles southwest of Rising Star by the United North and South Development Company of Louisiana.

The United North and South was organized by Edgar B. Davis, who spent fortune in unsuccessfully tries for oil in Caldwell County and, according to tradition, sold his personal effects to complete the final try which struck oil, opening the Luling field. The holding were sold for millions of dollars.

Davis shared his good fortune with others; all employees were given a large bonus; there was a barbecue to which the world was

### EASTLAND COUNTY GORMAN

The following is a report of the activities in the Kirk Pool at Gorman for Saturday, July 31:

France and Gillespie No. 1 McMullen acidized last Saturday. They have been busy swabbing and waiting on storage. Tanks have arrived and the oil will begin to flow sometime tonight in all probability, however, test figures will not be available until about the first of the week.

Skelley No. 3 Mears are setting pipe and will be WOC until about Tuesday.

W. C. Whaley was asked to make the location and have it ready by Monday on the G. T. Sione property for W. B. Johnson who has that land under lease. Rigs will probably move in there first of the week.

W. B. Johnson No. 1 Bob Koonce is drilling at a little past 900 feet.

Hunter and Mellary are drilling at 1200 feet after having two or three mean underreaming jobs occasioned by encountering large sheets of water. The water which is found in this well, and the B. F. Porter south of Gorman seems to be almost pure artesian and will flow of its own volition.

Mellard and Clemens No. 1 Pete Mauney preparing to install pump. This will be a small well.

### Ten-Year-old Pens Letter And Earns Vacation

MEMPHIS, Tenn. (UP)—Ten-year-old Bobby Porter took to pen and pad to help him get another free summer vacation.

"Do you remember me?" Bobby wrote the local YMCA. "Mother was going to pay my way this summer so I could go but now doesn't think that she can so I wonder if I can do some kind of work to pay my way."

Bobby added "when I'm older maybe I can be a helper."

Bobby got a quick reply which said that regulations for only one summer vacation free will be waived in his case.

### C. Of C. Directors To Meet Tuesday

The regular meeting of the directors of the Ranger Chamber of Commerce will be held Tuesday night at 8 o'clock at the manager's office.

Important matters are to be discussed at the meeting and it is urged that 11 directors be present.

### Children Win Both Ways

MORRESTOWN, N. J. (UP)—George Constantine was so pleased with the response to his campaign for contributions to help the Greek children that he gave away all the candy in his store—600 pounds—to children here.

### Truman Invades Oregon

SALEM, Ore. (UP)—Republicans in this GOP stronghold were indignant when a land turtle was discovered crawling on the capitol lawn. On the turtle's shell, in yellow paint, were the words "Harry Truman."

### Search Atlantic For Missing French Plane

PARIS, Aug. 2 (UP)—Sea and air units searched the mid-Atlantic some 1,400 miles west of the African coast today for a huge, six-engined French flying boat missing with 52 persons aboard.

The plane, a Latécoere 631, the largest commercial airliner in the world, was last heard from at 8 p. m. EDT Saturday. It disappeared in the sea on a flight from Fort De France, Martinique, in the French West Indies, to Port Etienne, French West Africa. Port Etienne is north of Dakar.

Air France said the missing plane carried 40 passengers and a crew of 12. No passenger list was available in Paris and it was not known if any notables were aboard.

### Mr. Herman Not Musical

WAUKESHA, Wis. (UP)—Mr. Herman doesn't like organ music, and he doesn't like "Clair de Lune," no matter how it's played. If he hears organ music, he climbs under the bed and lets the world know about his misery. Mr. Herman is a Pekingese belonging to Mrs. Flora Weber, Waukesha.

### ROYCE SEWALT NAMED BEST ALL-ROUND COWBOY

Royce Sewalt of Brownwood was declared the best all-round cowboy at the conclusion of the Jaycees third annual rodeo Saturday night and was given a handsome wrist watch by the Pulley Jewelry company.

Dan Taylor of Odessa won the Ranger Jewelry Company trophy for roping a calf in 12.3 seconds after the close of the main show Saturday night. Boots Hawthorne of Lampasas was awarded a watch by Pulley Jewelry Company for being the hard luck rider of the show. Amy McGilvery of Ozona won a pair of boots given by the Greer Boot Shop for being the best all-round cowgirl.

Another capacity crowd witnessed the closing performance of the show which fans had rodeo performers alike hailed as the best of the three staged so far.

Final winners in the show were: saddle bronc riding contest, Texas Kidd Jr. of Fort Worth; Bill Barton of Abilene, Buster Butts, and fourth was split between Herbert R. Fizzell of Beaumont and R. J. Anderson of Jackboro.

### Powers Await Word From Stalin On Conference

MOSCOW, Aug. 2 (UP)—U. S. Ambassador Walter Bedell Smith and British and French representatives, awaited word from Generalissimo Josef Stalin today on their request for a full dress face-to-face conference on the problem of Germany.

Despite the fact they received no word Sunday, Smith and his Anglo-French partners remained optimistic that an audience would be granted.

They even believed it was possible that the meeting would be arranged for tonight, but they denied reports it had already been scheduled.

The Dena German news agency quoted the French news agency as reporting that Stalin would receive the western envoys tonight.

U. S. quarters reporting the lack of response from the Soviet government did not take the delay as a bad omen, but possibly even the precise opposite.

U. S. banks are now speeding credit availability, using planes to transfer checks and cash.

### Says Loyalists Won Upper Hand In Conventions

By United Press

Robert W. Calvert, chairman of the Texas Democratic Executive Committee, claimed today that "loyalist" elements won the upper hand in Saturday's county conventions on the issue of Truman vs. Therrmond for the presidency.

"I think undoubtedly that those believing in party regularity won a majority of the party's votes," said Calvert.

The county meetings were a preliminary to the September state convention in Fort Worth, which shaped up potentially as turbulent as the 1944 one in which rebellious Texas regulars were thrown from power.

Seeking to divert Texas electoral votes away from the Truman Barkley ticket to the southern candidates Gov. J. Strom Thurmond of South Carolina and Gov. Fielding Wright of Mississippi, Dixiecrats made an impressive showing.

They captured three of the "big four" county conventions—Harris, Tarrant and Dallas. But the loyalists, battling for the Truman-Barkley ticket, promised to contest their right to seats at Fort Worth.

And therefrom will spring one of the heated battles at the state convention.

### Brotherhood To Meet Tonight

The monthly meeting of the Brotherhood of the First Baptist Church will be held tonight at 7:30 o'clock at the church.

E. J. Weatherby of Brownwood, an outstanding layman, will speak and Rosemary Bruce will sing.

Following the program watermelon will be served.

### CHARGES GOP WASTING TIME ON CONTROLS

WASHINGTON, Aug. 2 (UP)—Administration spokesman Paul A. Porter today charged the Republican leadership in Congress with wasting time on "political dickerings" in price controls hearings.

The former OPA administrator, in a statement before the Republican-controlled senate banking committee, demanded that the GOP face the issue of prices and inflation and tell the people whether they are going to act or not.

Before Porter began his testimony, Sen. Capehart, R., Ind., remarked acridly that no Democrat on the committee were present. Capehart was presiding in the absence of Chairman Tobey, R., N. H.

Porter said that "perhaps it is utopian to assume that there is any prospect of eliminating partisanship from the economic issues now before Congress."

But he called on Congress to "face up to the challenge of inflation in the same spirit and on the same basis which it measured up to its responsibilities in coming to the aid of Western Europe."

Capehart challenged Porter to name items which would be subject to price controls if Congress approved the administration bill.

Declaring that "we are prepared to do it," Porter listed meats, butter, fluid milk, dairy products, steel, non-ferrous metals, building materials and some apparel items which would be "immediately affected."

### Do Not Expect Another Special Congress Session

INDEPENDENCE, Mo. Aug. 2 (UP)—If Congress adjourns without action President Truman plans to let senators and representatives return to their homes without calling another special session, his associates reported today.

The President was resting at his home here before voting tomorrow in the Democratic primary election. He will fly back to Washington immediately after casting his ballot.

Mr. Truman was represented as ready to let the country make its own decision in the event Republican leaders allow Congress to quit without acting on price or housing legislation.

### Democratic Convention Held Saturday Was Poorly Attended

Report of the County Democratic Convention Held in the 91st District Court Room at Eastland on the 31st of July, 1948.

John W. Turner was elected temporary chairman, N. E. Gisham elected temporary secretary. Credential committee was appointed to pass on the delegates, as follows:

Tip Ross, Gorman, Curly Armstrong, Cisco, Mrs. M. H. Haga, man, Ranger, Jack W. Frost Eastland L. E. Clark, Desdemona, W. N. Favor, Rising Star.

Credentials committee reported approval of all delegates, and all delegates were seated. Motion was made that the temporary organization be made permanent. Said motion was seconded and carried. John W. Turner made permanent chairman and N. E. Gisham permanent secretary. John W. Turner appointed a committee on delegates to the State convention as follows:

W. B. Pickens, Eastland, J. J. Kelley, Ranger, Tip Ross Gorman, Curly Armstrong Cisco and W. N. Favor, Rising Star.

The chairman, John W. Turner, appointed a resolution committee composed of the following: Fred Brown, Eastland, Jack W. Frost, Eastland, L. R. Pearson, Ranger, E. P. Crawford and Harry Reynolds of Cisco and Miss Pearl Donaway, Dothan.

The resolution committee, through Fred Brown, Chairman, presented the following resolutions to the convention: Resolution No. 1: "That the delegates from Eastland County at the State Convention vote as a unit. Resolution No. 2: Thanking O-

### LABELS IT FIFTH COLUMN FOR RUSSIA

WASHINGTON Aug. 2 (UP)—Louis Budenz, former U. S. Communist leader, today charged that the Communist party of America is a "fifth column of Soviet Russia" committed to destruction of the American Republic.

Budenz was called out of town as a witness in the Senate investigating committee inquiry into Communists in government.

Chairman Ferguson, R. Mich., explained that Budenz was scheduled to leave the country by plane tonight and asked to be heard immediately.

The Senates hearing reopened as House investigators set out to learn whether any of the former government officials, accused of funneling information to a Communist spy ring, are still in a position to "sell us down to river to Russia."

Ferguson said Budenz would be able to "shed some light" on facts disclosed last week before the committee by Miss Elizabeth T. Bentley, ex-Communist spy.

The Communist party, Budenz said, is "indelibly stamped" as a Soviet fifth column.

Budenz originally was to follow William W. Remington, commerce department official, on the stand. Remington, who began his testimony Saturday is denying charges by Miss Bentley that he was one of her chief founts of information for wartime secrets.

### Says Currency Reform Helping German Rations

BERLIN, Aug. 2 (UP)—Gen. Lucius D. Clay reported today that currency reform in western Germany, inaugurated June 20, has boosted ration levels a n d industry to new postwar highs.

Clay's July report to Washington, the most optimistic he has yet made, indicated that the introduction of a stabilized currency brought out huge food stores from farm hoards.

The new supplies of food, he indicated, had an electrifying effect on industry. Production and labor efficiency improved and absenteeism declined during the month.

Deliveries of meat, always the shortest item in Western Germany, trebled in the first week after currency reform, Clay's report said.

### JAYCEES MEET TONIGHT

A business meeting of the Junior Chamber of Commerce will be held at the rodeo arena tonight at 7:30 o'clock and all members are urged to attend.

### Reciprocal Program Goes On, But New Tariff Battle Looms

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—Now that the country has a modified one-year extension of the reciprocal trade agreements program, major interest in foreign commercial circles centers in how it is to be interpreted and administered.

A new executive order from the White House, setting up the machinery for carrying out the act as amended by Congress just before it went home, will be the first development.

The old interdepartmental committee of government agencies which negotiated trade agreements under the original Cordell Hull program has to be revamped. This group is known officially as CRI, or the Committee on Reciprocity Information. It is headed by a representative of the State Department—now Winthrop G. Brown.

The Tariff Commission was formerly a member of CRI, but under the new act the Tariff Commission must be taken out of the negotiating group and set apart as a fact-finding agency. Its major concern now becomes one of consulting the President and the Congress on "peril points" above which or below which U. S. tariff rates should not be raised or lowered in any new reciprocal trade agreement negotiated with a foreign country.

MAJOR responsibility of the Tariff Commission now will be the welfare of American manufacturers and producers. Responsibility for looking after the interests of the American consumers and of industries consuming imports from other countries will remain with the Committee on Reciprocity Information. CRI will apparently have to hold its own hearings to get this side of the picture.

How this divided responsibility will work out cannot be predicted. At the present time the two agencies—CRI and Tariff Commission—are considering some means by which they can exchange minutes of their hearings and so keep informed on each other's doings.

It will probably be six months before any negotiations can be scheduled under the new trade extension act procedure.

Seventeen countries have now signed the General Agreement on Tariffs and Trade—known for short as GATT—worked out by representatives of the U. S. and 22 other countries at Geneva last fall. These countries will meet again in Geneva in August.

BEFORE the United States can begin any new negotiations under the modified trade agreements act, the President must send to the Tariff Commission a list of all the commodities imported from each country with which revision of tariff rates is to be considered. The Tariff Commission then has 120 days in which to study these commodities and determine whether revision of tariff rates would injure any domestic industry.

The President is not restricted under the new law to making the agreement within such limits as the Tariff Commission may set. But if the President goes outside those limits, he must within 30 days report his reasons to Congress. The Congress will have no power to veto any rate under a new agreement.

Final form of the trade agreements extension act as signed by the President is not considered nearly as bad as the draft first brought out by the House Ways and Means Committee after secret hearings. The Senate toned down the House version considerably. The one-year extension has also been approved by President Truman. The House of the American Tariff League, as an interim measure. But the Tariff League is opposed to opening any additional negotiations for new agreements until the next session of Congress has had a chance to consider long-range trade policy.

This promises to be another battle royal. The International Trade Organization charter drafted at Havana earlier this year will also be submitted to the next Congress for ratification. And the high tariff lobby is already training its big guns to sink that one.

## WAY FOUND TO MAKE WHEY MAKE WINE

**PRAIRIE DU CHIEN, Wis. (UP)**—A young Catholic seminarian is seeking a patent on a long-sought nectar, an alcoholic beverage which is reported to cause no hangover.  
Emmet R. Engel says he knows how to make a "stable, pleasant-tasting, wine-like drink." His drink is made from the whey, the liquid that remains after cheese has been made from milk. His process should be a boom to Wisconsin cheese-makers, who have not yet found a profitable use for whey.  
Engel says a gallon of whey will yield a gallon of wine, with an alcoholic content of 18.5 per cent. Wine has been made from whey for centuries, but until Engel came along, no one had found a way to keep it from spoiling after a few days.  
Engel says he has found the secret. The same process ages the wine and control of fermentation determines its flavor. He now has patents on 15 flavors.  
Engel plans to give the foreign patents on his whey-wine to the Immaculate Heart missions and other Catholic missionary organizations.

In the morning you are tired instead of refreshed. Gradually your health is impaired.  
Your complexion may become sallow or bilious; dark rings may appear under your eyes; you may feel lazy, dull and irritable or blue and melancholic. You may have frequent colds (catarrh) or dull head-ache; your bowels stop their free, full and natural action; you have constipation, gas, putrefaction and self-poisoning ("intestinal toxemia" or "acute gastritis" as many doctors call it).  
**HOW TO GET RELIEF**  
You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.  
The beneficial effects of Calotabs lie in the fact that they are (1) laxative, (2) antiseptic to the intestines, (3) diuretic to the kidneys, (4) effective in relieving symptoms of biliousness and acute gastritis due to constipation or faulty digestion.  
Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggist's.

### Job Of City Greeter Finds Many Takers

**MILWAUKEE (UP)**—Mayor Frank Zeidler found out that lots of people would like to be the official greeter for Milwaukee.  
Zeidler mentioned that he'd like to have someone replace him as host at the many affairs that call for official recognition from the city. He said he could use the services of about five official greeters.  
Hours later his telephone began ringing constantly and telegraph boys swamped his office with wires from people offering to take the job.  
Topping the offers was one from Thomas Anderson, Ashland, Wis., state department commander of the Veterans of Foreign Wars. Anderson offered the services of 40,000 "official greeters" in his organization.

### Shenandoah Cherries Credited To Robin

**LURAY, Va. (UP)**—According to legend, the birds in the Shenandoah Valley will never starve and its fruit growers will prosper because of a robin.  
The robin, according to the old tale, flew over Massanutten Mountain with a cherry ystone in its beak. In a lonely gorge of the mountain, the bird dropped the stone.  
From that stone, the legend goes, a cherry tree grew. It was the first of all the many orchards of cherry trees in the valley.  
The tree is still in still bearing fruit. A massive and grotesque tree, it has been picked nearly clean this summer by the birds and curio-seekers tourists.

## Don't Pet Gila Monsters Is Advice To Public

**TEMPE, Ariz. (UP)**—The poisonous animals research laboratory at Aroizona State College at Tempe listed three types of persons who get bitten by gila monsters in Arizona.  
They are (1) laboratory workers who handle gila monsters so frequently they get careless; (2) visitors who are attracted by a brightly colored lizard and pick it up, and (3) those who are just plain foolish.  
The laboratory pooh-poohed the belief that it's necessary to cut off a gila monster's head before its jaws can be freed when it bites a victim. Just slit either side of the lizard's jaw and it will relax its grip. Another way is to hold a lighted match under the lizard's belly and it will soon let go.  
The lizards seldom cause death. Only the largest have enough venom to kill a person.

## Miss Ellis, Mr. Alexander Married

Miss Pat Ellis, daughter of Mr. and Mrs. F. B. Ellis of Ranger, became the bride of Milton Alexander, son of Mr. and Mrs. M. H. Alexander of Monahans, formerly of Ranger, in a ceremony performed Saturday afternoon, July 31, at 2:30 o'clock by the Rev. J. C. Massegee, pastor of the Second Baptist Church in his home.

Miss Jo Ann Stewart of Abilene attended the bride as maid of honor. She wore a green crepe, street length dress with white accessories. Her flowers were shasta daisies.

The bride chose a black crepe street length dress and red accessories, and her flowers were roses.

Russell Edwards of Ranger attended the groom as best man. The bride attended Ranger High School, and the groom is a graduate of Ranger High School. He is employed in Monahans where they will make their home.

Those attending the wedding were the groom's mother and the bride's mother, the groom's sister, Mrs. John D. Spurlock and son of Odessa and Mr. and Mrs. O. C. Souther of Ranger.

## Richland County Gets Daniels Trial

Richland County Sheriff Frank E. Robinson, left and Van Wert County Sheriff E. Roy Shaffer, swing closed the cell door on Robert Muri Daniels, right after the confessed killer was given over to Richland County for trial. In an isolated cell, under 24-hour guard, with elaborate precautions taken against suicide, Daniels is held for the murders of Ohio Reformatory Farm Superintendent John Niebel, his wife, Nolandia and daughter, Phyllis. They were three of the six people Daniel and John West (killed during capture) are said to have slain in two weeks — (NEA Telephoto).
