Air Force Reveals Red Treachery In 1945

Well...
I Dunno,
But...

Heard of at least one hunter who is taking advantage of the opening day of dove season. M. L. King, early Wednesday was making his plans to go out that afternoon.

He with other hunters are becoming the bag limit which is ten and also that ten is the most that one can have in his possession at any time.

Listening to the talk about doves we began to drool and remember barbecued doves of other days.

Oh boy, that's really good eating.

Marvin Gross who has just joined the Times staff and came here from Philadelphia, got a big bang out of an incident that occurred Wednesday afternoon.

Out to get a sports story, Marvin was literally feeling his way about town, when a man stepped up and asked him to direct him to the high school. Marvin had a vague idea of the general direction to take to the school and so directed the stranger.

Now he's wondering if the man got there.

Business men out Wednesday morning for coffee at the Ranger Junior College cafeteria, decided that one of the spigots on the coffee urn gave forth Coke Stevenson coffee while the other flowed with regular coffee. And the takers were about even.

The men were the guest of Dr. Boswell who extended them an invitation to eat at the cafeteria any time, but made it clear that the meal ticket wasn't free.

We're all having a lot of fun and a lot of work, keeping up the new set up on wire news that the Times now has.

Continuous wire service is being furnished the paper by United Press and it keeps you on the jump to keep up with it.

So far it's cost us four hours sleep. The time clock didn't arrive until today, and we've been getting down here for the past two, morning at 6 o'clock to turn the thing on. From here on it'll be automatic and we can go on snoozing a while longer.

Much Ado About Little

MEMPHIS, Tenn (UP)—When the fire alarm was sounded in a five-story building all the city's downtown firemen responded, locating the blaze in a motor-driven water pump.

TRUMAN BLASTS LABOR LAW IN ADVANCE MESSAGE

WASHINGTON, Sept. 2 (UP)—President Truman in an apparent preview of the Labor Day speech he will make in Detroit on Monday called today for repeal of the Taft-Hartley law and enactment of "better legislation on labor-management relations."

The president issued an advance labor day message lauding "the skill and energy of American workers" who have "played a major part in the national effort which has resulted in today's all-time high records in employment, production, income and profits."

But he said that the workers lot had to be improved. He pointed out that under the present conditions workers incomes are actually reduced despite pay increases.

Mr. Truman will open his campaign for a full four-year term in the White House with a speech before a giant CIO-AFL Labor Day rally in Detroit Monday. He is expected to blast the Republican-controlled 80th Congress on its record of labor legislation and demand repeal of the Taft-Hartley law which Congress passed over his veto.

The president said today that the "economic dislocation" of reduced earnings despite higher wages must end.

CAUGHT IN NARCOTIC RAID

A raid in Hollywood, Calif., by Los Angeles narcotics squad and Federal Narcotics Bureau, climaxed eight months of investigation of Hollywood dope users. At left is actress Lila Leeds who was arrested with Actor Bob Mitchum, right, and Robin Ford, center, all of whom face a felony charge of violating the State Narcotics Act. (NEA Telephoto).

SAYS MARIJUANA SMOKING WIDESPREAD IN HOLLYWOOD

By Virginia MacPherson
United Press Hollywood
Correspondent

HOLLYWOOD, Sept. 2 (UP)—Police Psychiatrist J. Paul De River said today he knew "any number of film people suspected of using marijuana."

"But outside of Drummer Gene Krupa and actor Robert Mitchum, none of them has ever been arrested," he said.

Mitchum, 31-year-old movie hero, and three friends surrendered yesterday when two narcotics officers trapped them in a surprise raid on a marijuana "den" in the Hollywood hills.

His arrest renewed a flurry of speculation on how widespread marijuana smoking is in the movie colony. Mitchum hinted he wasn't the only actor who occasionally took a puff from a "weed."

"It's the latest style in Hollywood," he said.

Dr. De River, who helps the local police figure out what "keeps their prisoners break the law, backed him up.

"It's prevalent among artists," he said, "for two reasons. It peeps them up when they're working under a strain, and it acts as a potent romantic stimulant."

"Now it's a well-known fact that Hollywood people are jaded. They've tried everything. The only way they can get any stimulation is to indulge in 'reefers.' It's the only way they have left to get any thrill out of romance."

The "lift" last anywhere from two to six hours, the psychiatrist said. During that time the addicts lose all sense of time.

"A moment of romantic ecstasy seems to last for days instead of seconds," he said. "They feel as if they are floating through the air in a passionate dream that goes on, and on, and on."

The "jag" is followed by a period of lassitude and slight depression, Dr. De River said. But the marijuana smoker is not a slave to the drug.

"We don't class it with the habit-forming ones such as opium, morphine, or heroin," he explained. "The marijuana urge can be controlled. All it takes is guts."

"Going without it will cause the smoker no physical or mental agony. It's more like a crutch he leans on for psychic stimulation."

Mitchum was free on \$1,000 bond today and will appear in court for arraignment Wednesday. Starlet Lila Leeds, in whose home he was arrested, and Dancer Vickie Evans and Real Estate Agent Robin Ford also were seized in the raid. All were booked on suspicion of violating the state narcotics act, a felony, and released on \$1,000 bond each.

Mitchum's studios and attorneys urged the public not to condemn him prematurely.

"There are a number of unexplained facts and peculiar circumstances surrounding the raid," said Attorney Jerry Giesler, who specializes in getting movie stars out of jams, and Norman R. Tyre.

Boy Scout Head Guest Speaker At Rotary Club

Steve Potts, Boy Scout Field Executive for this district was the guest speaker at the weekly meeting of the Ranger Rotary Club yesterday at the Gholsion Hotel.

Mr. Potts urged the reformation of the Rotarian group which has been inactive during the summer months. He said that although 75 per cent of eligible boys desire to join the organization there is a definite lack of troops and leadership.

He cited the excellent progress made by the summer scout camp at Richland Springs. In operation only two years, the camp has advanced to where it is one of the finest in the state.

The first fall Scouters Powwow will be held in Ranger Sept. 7. The place and the time will be announced at a future date. Rotarian President Henderson mentioned the importance of attending this meeting.

Mr. Potts was introduced by Willard Swaney who was in charge of the program. Guest Rotarians included F. N. Sayre, Eastland, Dr. O. A. Griffin, Buffalo, Mo., and T. C. Letts, Huntsville, Tex.

Other guests were Tom Ward, Breckenridge, Jim Shelton, Abilene and L. T. Newlin, Houston.

Organized Reserve Abolishes Cavalry

About 117 men in Ranger and the surrounding area are affected by the following order relative to the cavalry. The Reserve Cavalry, one of the most colorful and historic branches of the Organized Reserve Corps, was abolished by Presidential order under the National Defense Act. Colonel Oscar B. Abbott, Senior Instructor for the Organized Reserve in Texas, announced here today.

Under the new regulation, Armored-Cavalry is established as a section of the Organized Reserve and all of the Cavalry Reserve will be transferred to the new Armored-Cavalry Section. All commanders were notified to effect the necessary changes in their records, but new letters of appointment and commissions will not be issued to officers.

Spraying May Be Finished Tomorrow

Those in charge of the DDT spraying in Ranger stated today that the spraying may be completed tomorrow.

The machine was busy today finishing up with the T&P Camp and dump grounds today and will spray North Young, Burke and Lackland additions Friday.

More than 30,000 employees of the scheduled airlines, or one out of three, are World War II veterans.

TIMES TO GET ALL DAY U.P. WIRE SERVICE

Readers of the Ranger Daily Times are now receiving the benefit of complete United Press wire service with the teletype running continuously from 6 o'clock in the morning until 8 o'clock in the afternoon.

This gives this newspaper the benefit of five hours later news by wire than can be carried in the metropolitan dailies that go to press at 10:00 o'clock in the morning. News will be taken from the wire right up to the deadline and articles appearing in the paper will be straight from the wires or local.

The news that comes over the teletype will be the latest and comes to the paper just as rapidly as United Press can get it on the wire.

This is a decided improvement over previous service to the readers and is done in the interest of a better newspaper.

In addition to the added wire service, Marvin Gross, who will pay particular attention to sports and to city coverage. Young Gross is a Philadelphia and a journalism graduate of Temple University in Philadelphia. Aside from experience on the University newspaper, he has had experience on a Philadelphia paper.

Mr. and Mrs. M. Graham of Route 3 Ranger have returned from Midland where they were called by the illness and death of Mr. Graham's mother.

Mrs. Graham who was 95 years of age died at the home of her daughter, Mrs. Maude Newnam where she had made her home for the last 12 years.

Survivors are four daughters, one son, 19 grandchildren, 20 great grandchildren and four great great grandchildren.

Mrs. Graham was buried at Clyde.

Besides Mr. and Mrs. Graham others from Ranger attending the services were Mr. and Mrs. Robert Jackson, Mrs. Vallie Jones, Mrs. Cordie Lambert, Mr. and Mrs. Zelma Herrington, Mrs. May Herrington, Albert Bradford, Mrs. Rosa Taylor, all of Route 3, Ranger.

Mr. Burns, 80, was laid to rest in the Okra cemetery Saturday afternoon after funeral services had been conducted by Claud Smith of the Eastland Church of Christ.

Born in Illinois the deceased moved to Texas in early childhood and had spent most of his life in Eastland county. He passed away at Sundown Thursday after a few weeks of failing health.

Mr. Burns was a member of the Church of Christ. He had been engaged in farming for many years and had worked on the section crew of a railroad earlier in life.

Mrs. Burns preceded her husband in death five years ago. Survivors are three sons and a daughter; O. L. and Conron Burns of Sundown and M. A. Burns of Odessa and Mrs. H. A. Aldridge also of Odessa; five grandchildren, a brother, Fred Burns of Okra; two sisters, Mrs. Frances Young and Mrs. Lane Rogers of Dallas.

For associate Justice Court of Civil Appeals, 11th District—Allen D. Dabney, 2,499; Cecil C. Collings, 2,458.

Constable Precinct No. 2 (Ranger)—M. R. Blackwell, 371; Ike Lee, 469.

Official Canvass Does Not Change County's Totals

Eastland County Democratic chairman O. E. (Oscar) Lyerla announces the results of his canvass of the returns from Saturday's Democratic run-off primary to be as follows:

For U. S. Senator—Lyndon Johnson, 2,317; Coke Stevenson, 2,645.

For associate Justice Court of Civil Appeals, 11th District—Allen D. Dabney, 2,499; Cecil C. Collings, 2,458.

Constable Precinct No. 2 (Ranger)—M. R. Blackwell, 371; Ike Lee, 469.

Stores To Close On Labor Day

Officials of the Retail Merchants Association announced today that all stores in Ranger will be closed Monday, September 6 in observance of Labor Day which is a national holiday.

This will make a two day holiday over the week end and people are asked to remember this in transacting their business during the next two days.

Absentee Votes At Brownwood Are Challenged

BROWNWOOD, Tex., Sept. 2 (UP)—The first complaint of alleged irregularities in the hotly-contested U. S. Senate race loomed today, after four absentee ballots not entered on the Brown county tally sheets until last Monday were certified yesterday.

The certification by the county Democratic Executive Committee was over the protest of a representative of Lyndon Johnson. Three of the votes were for Coke Stevenson and one for Johnson.

They were cast absentee within the time limit, but due to an error in addressing an envelope to the Chapel Hill Precinct judge, they were not received by him in time to be tallied on election day.

Fred Abney, Jr., a Brownwood attorney and a Johnson supporter, challenged the addition of the four votes to the Brown county total on the grounds that a mixed question of law and fact was involved.

Abney said the matter would be reported to Johnson and that it would be left up to the candidate to challenge the Brown county tabulation.

If the entire county vote should be successfully challenged, it could swing the election in Johnson's favor, as the 1,460-vote margin held by Stevenson in the county would more than offset his statewide margin.

Olden Man's Father Dies At Kerens

Funeral services were conducted Wednesday at the Baptist Church in Kerens for Mr. Hilliard, father of Travis Hilliard superintendent of the Olden schools. Mr. Hilliard died at his home in Kerens, Tuesday after a long illness.

Survivors are the widow, Travis of Olden and several other children.

Travis Hilliard had just returned from his fathers bedside when he was showing some improvement.

He left Tuesday morning for Kerens.

Will Burns, 80, Of Okra Passes; Rites Held Sat.

Mr. Burns, 80, was laid to rest in the Okra cemetery Saturday afternoon after funeral services had been conducted by Claud Smith of the Eastland Church of Christ.

Born in Illinois the deceased moved to Texas in early childhood and had spent most of his life in Eastland county. He passed away at Sundown Thursday after a few weeks of failing health.

Mr. Burns was a member of the Church of Christ. He had been engaged in farming for many years and had worked on the section crew of a railroad earlier in life.

Mrs. Burns preceded her husband in death five years ago. Survivors are three sons and a daughter; O. L. and Conron Burns of Sundown and M. A. Burns of Odessa and Mrs. H. A. Aldridge also of Odessa; five grandchildren, a brother, Fred Burns of Okra; two sisters, Mrs. Frances Young and Mrs. Lane Rogers of Dallas.

For associate Justice Court of Civil Appeals, 11th District—Allen D. Dabney, 2,499; Cecil C. Collings, 2,458.

Constable Precinct No. 2 (Ranger)—M. R. Blackwell, 371; Ike Lee, 469.

Coke Apparent Winner In Race

DALLAS, Tex., Sept. 2 (UP)—The final tally of votes in the Democratic runoff primary for U. S. senator today put Former Gov. Coke Stevenson ahead of Rep. Lyndon Johnson by just 381 votes.

The Texas election bureau announced that complete returns from all the 2544 counties gave Stevenson 4944,330 votes to Johnson's 493,968.

The bureau said it would continue to check the totals and make necessary revisions, but observers agreed that Stevenson seemed to have won.

FACTS MADE PUBLIC BY GEN. CARL SPAATZ

WASHINGTON, Sept. 2 (UP)— Russian yak fighters shot down an American B-29 superfort over Korea in Aug. 1945, the Air Force revealed today.

This B-29, the Air Force said, was one of five the Russians got hold of during the war. Four of the big bombers were intact. In all, the Russians got possession of 10 American planes and refused to return them to the United States, the Air Force said.

The air force statement came in response to reporters' inquiries about disclosures made by Gen. Carl Spaatz, retired Air Force chief of staff, in a series of articles in Life Magazine. Spaatz said three B-29's were lost to the Russians.

Russian fighters deliberately shot down a B-29, Americans were attempting to land relief supplies for an American prisoner-of-war camp near Kankowon Korea, on Aug. 29, 1945, the Air Force said.

Lt. J. W. Queen and a crew of 12 others connected with 500th bomb group on Saipan were carrying on the mission.

Two Yak fighter planes appeared and waved friendly greetings to the B-29, signaling it to follow them.

The Americans thinking the Russians were leading them to the prisoner of war camp, proceeded to a small airfield where two other Yaks joined the formation.

"Lt. Queen, hesitated and the Russians got very angry, motioning violently downward," the air force said. "He then moved parallel to the B-29 and fired a shot across its nose, thereupon, Lt. Queen ordered the plane to head for home — for a time the Russian fighters were left behind, but they caught up with the B-29 off the coast of Korea and opened fire. Lt. Queen ordered itching gunners to withhold return fire."

"The Yaks scored a number of hits and one engine caught fire. This led to an order to abandon ship because of the imminent danger of explosion. Six men parachuted out, but the remainder elected to stay with the plane when the first quickly subsided."

"Lt. Queen decided to attempt a landing, it was accomplished without further injury or damage to the plane."

"The Americans were kept from communicating with headquarters for at least two days. A Russian Lieutenant General later apologized to Queen for the incident. But on the day the aircraft landed the Russians removed all papers and much equipment from the B-29.

The Air Force indicated that this was one of the later models of the B-29 used in World War II. Russian engineers who examined it indicated that they had already been studying a B-29 previously taken by the Soviets at Vladivostok in 1944.

"One Russian major volunteered the information that he was a B-29 pilot," the air force said. "The Russians decided to salvage the plane rather than try to fly it out. The crew was later returned to the American forces."

The five other American planes taken by the Russians included two B-25 Mitchells, one B-24 Liberator, and 6 Patrol planes forced down on Kamchatka during the war.

Since nomination in the Democratic primaries in this section of the State usually means election, Judge Collings expects to enter upon his duties as a member of the Eastland court on next January 1. He and Mrs. Collings expect to move to Eastland by that time.

Judge Collings was born at Chalk Mountain in Erath County on September 28, 1899. He graduated from Glen Rose High School in 1917, and attended Meridian College. He was elected county judge of Somervell county in 1922 and received his law degree from the University of Texas in 1927. He practiced law in Abilene for a time, moving from here to Big Spring, where, in 1934, he was elected district attorney. He was elected judge of the 70th judicial district at Big Spring in 1938, a position he has held until the present time.

Friends of Judge Collings say he is a quiet, studious man, modest and unassuming in personality, with a faculty for making and holding friends.

It was announced today that there will be a cemetery working at Colony Saturday and it is hoped that enough workers will be on hand so that work can be finished that morning.

All workers are asked to bring their working tools and be there early to get the work started.

JUDGE CECIL COLLINGS

Judge Cecil Collings, above, of Big Spring, Democratic nominee for Associate Justice of the Eleventh Court of Civil Appeals at Eastland, expects to assume his duties on the court January 1.

Collings Is Elected To Eastland Court

Cecil Collings, judge of the 70th judicial district of Texas, whose home is at Big Spring, was nominated in last Saturday's Democratic run-off primary for Associate Justice of the Eleventh Court of Civil Appeals at Eastland, defeating Judge Allen D. Dabney of Eastland. Collings vote, according to latest tabulations, was 29,223 as compared to 22,900 for Judge Dabney.

Since nomination in the Democratic primaries in this section of the State usually means election, Judge Collings expects to enter upon his duties as a member of the Eastland court on next January 1. He and Mrs. Collings expect to move to Eastland by that time.

Judge Collings was born at Chalk Mountain in Erath County on September 28, 1899. He graduated from Glen Rose High School in 1917, and attended Meridian College. He was elected county judge of Somervell county in 1922 and received his law degree from the University of Texas in 1927. He practiced law in Abilene for a time, moving from here to Big Spring, where, in 1934, he was elected district attorney. He was elected judge of the 70th judicial district at Big Spring in 1938, a position he has held until the present time.

Friends of Judge Collings say he is a quiet, studious man, modest and unassuming in personality, with a faculty for making and holding friends.

It was announced today that there will be a cemetery working at Colony Saturday and it is hoped that enough workers will be on hand so that work can be finished that morning.

All workers are asked to bring their working tools and be there early to get the work started.

Composes Symphony in Institution

During a successful year-long fight against alcoholic madness, Ernest Salisbury, center, 26, wrote a symphony which the Detroit Symphony Orchestra, under Dr. Valter Poole, left, will play. Salisbury was confined in the Wayne County General Hospital, Eloise, Mich., and wrote his music with the help of Dr. Ira M. Altshuler, right, chief psychiatrist.

By BOB WEDDLE
United Press Staff Correspondent
HOUSTON Tex. Sept. 2. (UP)—Houston lays claim to having the oldest living resident in the United States.

He is William E. Norris, a retired negro minister of 117. And he has a birth certificate to prove it.

Norris was born in Bordeaux, France, May 12, 1831. He came to this country with his father when he was six.

They were slaves of Joseph Barbee of Galveston until the emancipation. And if you want proof of the story, you can check with the late Barbee's great grandson, Patrick Barbee, who is a Houston fireman.

Fireman Barbee will tell you about Norris, being a college graduate. And his being able to speak at least seven languages including Hebrew and Japanese.

An altar boy in Galveston at nine, Norris later was ordained as a minister and was pastor of a church in Brazoria for many years.

The aged negro, who still refers to the late William Thomas Barbee as "The Boss Man," credits his longevity to "living a good life, and abstinence from tobacco and alcohol."

The lines on his face might be those of a man of 70. He stands erect, and his hair is just beginning to turn gray.

He doesn't need a hearing aid, and his natural vision is good.

Just the other day he was released from a Houston hospital after he had suffered a light stroke.

When he was admitted to the hospital, a nurse noted his age and whispered to a companion: "he can't possibly live."

The aged man overheard and replied: "you repeat that when I'm 120, missy."

Jester To Pick Four Guardsmen For West Point

AUSTIN Tex. Sept. 2. (UP)—Gov. Beauford Jester has been asked by the army to select four Texas National Guard enlisted men as candidates for admission to West Point, it was announced today.

The appointment would be for admission to the United States Military Academy in 1949.

An announcement from the Governor's office said the four candidates will be named from among applicants taking a preliminary examination to be conducted by the adjutant General's department between now and Nov. 15.

Man Kills Wife Commits Suicide

TOMBALL, Tex., Sept. 2. (UP)—A 53-year-old cafe operator shot his wife to death on Tomball's main street at dawn today, and then ended his own life with a single shot into his brain.

J. F. Raines fired three bullets into the body of his 16-year-old wife as she fled screaming from the cafe. He fired a fourth into his head and died where he fell, just outside the door of the establishment.

Justice A. W. Stiriz returned an inquest verdict of murder and suicide.

A nightwatchman, S. W. Hooker, struggled unsuccessfully with Raines after he heard the woman's screams.

Acquaintances of the couple said they had been married 18 years, but had been recently estranged.

Sixteen ballots were necessary to make Montgomery the capital of Alabama in 1846. Tumbalons led the first ballot, but couldn't muster a majority.

Husband are reported to snore about 300 per cent more than wives. Husbands also, according to the American Magazine are more inveterate sleep talkers.

Jester To Pick Four Guardsmen For West Point

The Italian merchant marine, 90 per cent of which was lost by war action, now totals 2,000,000 gross tons, more than half of the pre-war figure.

CASTERS SET EARLY RECORD

WORTH WORTH, Tex., Sept. 2 (UP)—A new world's record was listed today in the national angler and caster tournament here only one day after the event was under way.

Earl Osten of Corona Del Mar, Calif., set the record yesterday in the first day of competition in the 5-8-ounce distance test at the Forest Park driving range here.

Osten had a long cast of 420 feet and an average of 409 2-3 feet. The previous record was a long of 417 and an average of 407 1-3.

League Leaders Post Victories

Osten came close to making it a double world's record when he made the longest cast in 3-8-ounce competition. However, his line broke and this nullified his efforts.

He finished third as Bill Lovely of St. Louis, Mo., won with a 355-foot long cast and a 325 1-3 average. John Kiedaisch, defending champion from St. Paul, was second, and Jack Moore, Indianapolis, fourth.

LATE GOLF RESULTS

MEMPHIS, Tenn., Sept. 2 (UP)—Frank Strahan of Toledo, O., reaching for his first national amateur title, led the field into the quarter-finals of the 48th tournament today with an easy 6 and 5 victory over Charles Kocsis of Royal Oak, Mich.

Ball Clubs Deny Contract "Deals"

CINCINNATI, O., Sept. 2 (UP)—Baseball Commissioner A. B. Chandler today fined the Pittsburgh Pirates \$2,000 and Ray L. Kennedy, the club's farm system director, \$500 for violating the bonus rule.

Reportedly threatened with a whole sale voiding of player contracts, officials of the Pittsburgh and Dallas baseball clubs today entered denials of any irregularities in the contracts while Detroit Tiger officials declined to comment.

The Detroit News said yesterday that baseball commissioner A. B. (Happy) Chandler will soon conduct a widespread housecleaning like the "great emancipation of 1940" when 91 players of the Detroit farm system were declared free agents by the late commissioner K. M. Landis.

Chandler's office admitted that it has been investigating "the handling of some players on Texas as Teams" but refused to say whether any irregularities have been discovered.

The Detroit News named Pittsburgh, Detroit and Dallas as the teams involved and said they would be called to account by the commissioner after the Texas League season ends on Sept. 12.

Elsewhere around the circuit, Bobby Feller looked like a fireballer, pitching the Indians to an 8-1 triumph over the fading Athletics. Feller fanned nine. Rallying for a trio of tallies in the ninth the Senators nipped the White Sox, 6-4.

Cowboys Work Out

ABILENE, Tex., Sept. 2 (UP)—Fall training opened at Hardin-Simmons University yesterday, with 41 football prospects reporting to Coach Warden Woodson and eight newcomers filling the roster.

Among the newcomers were Bob Surratt, tackle and Nolan Tiger, halfback, both from Cameron, Okla., Jim Taylor, a tackle from San Angelo Junior College and Coleman Bridges, San Mateo, Calif.

Nancy Armor Moves Into Quarter-Finals

Nancy Armor, Dallas tennis ace was the only Lone Star survivor as the National Girls' Lawn Tennis Championships moved into the quarter final round today at Philadelphia.

Misc. Armor swept past Jacquelyn White, Jersey City, 6-1, 6-2, yesterday to move into the round of eight.

Ruth Pate, Fort Worth lass fell before top-seeded Beverly Baker, 6-2, 6-0, while Dorothy Watzman Chicago trounced Mary Hamer, Austin, 6-1, 6-1.

SHOT DOWN!

Last hunting season 2,500 telephone wires were broken by stray bullets. That's why we say: Hunters, please don't shoot at birds on telephone wires.

One shot may break an important long distance wire.

Now She Shops "Cash and Carry"

Without Painful Backache

Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep

and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

OVERSIZED EGGS CAUSING BOX MAKERS TO SCRATCH HEADS

By Harman W. Nichols
United Press Staff Correspondent
WASHINGTON, Sept. 2 (UP)—The hen of today is so far ahead of industry she's practically a menace. Her eggs won't fit the basket, so to speak. They're too big, a lot of 'em, for the cartons and cases that are turned out on the assembly line. The net result has been a frightful breakage in eggs shipped hither and a n d hither you.

So now the problem before Agriculture Secretary Charles Brannan and his boys is: which comes first—the carton or the egg? The department, bless its soul, stands behind the hen. The egg case people are not protesting too much. They are

Elimated Dick Chapman

Peanut Markets Dragg; Light Harvest In S-W

Harvesting of southwest peanuts continues light and shelling slow, says the U. S. Department of Agriculture's Production and Marketing Administration.

Demand for shelled goods remained dragg. Few sales of No. 1 Spanish peanuts brought \$16.75 to \$16.80 per 100 pounds.

Late peanut crop in North and Central Texas is progressing fairly well, but rain is needed to help further growth, according to most farmers. Some south Texas areas received rain this week, but only spotted showers fell in the rest of the state.

Peanut digging is in full swing in the southeastern part of the United States under very favorable weather conditions. A few Spanish peanuts are being picked and moving to mills. These early pickings are mostly from wind-rowed stock. Quality is good, although some lots still contain a relatively high moisture content.

Peanut oil and meal markets continued to decline. Crushing of peanuts was still too light in the southwest to establish a market. Decline in peanut meal prices falls in line with the decline of other oilseed meals as new crop offerings increase.

Peanuts parity price on August 15 was 12 cents per pound, the same as in July. Average price received by farmers on August 15 was 10.4 cents per pound, the same as during July and June.

Purses Held Up At San Antonio

SAN ANTONIO, Tex. Sept. 2 (UP)—An investigation was pending today into the 10-round bout between Julio Cesar Jimenez of Mexico City and Chester Rico of New York.

Deputy boxing commissioner Louis Quantanillo ordered the investigation last night following the pugilists' lifeless bout in the San Antonio Arena. Quantanillo ordered Rico's purse held up.

In the 10th round, the referee ordered the timekeeper to sound the gong called the fight a "no contest." The round ended, however, before the timekeeper could comply. Both fighters had been warned in the ninth to "mix it up."

Jimenez, who entered the ring at 138-142 pounds, was given the decision because "he tried harder and got more rounds"—six out of 10. Rico weighed 141.

packs it, it'll get where it's supposed to go.

The department is proud of the progress that has been made in the past several months.

The report on cracked or splashed eggs hasn't subsided too much, but there has been an improvement.

There is still room for better management. The fact remains, according to an old egg man at the department of agriculture, that one out of every six eggs shipped is too "tall" for the container. That results in what the department calls a "hazard" and what I would like to call "pre-scrambled eggs."

Long Nights, Dry Air Work Toward Better Sleeping

By United Press
A combination of longer nights and dry air are making better sleeping weather for Texans.

The U. S. weather bureau in Dallas said today that early-morning minimum readings are consistently dropping. The day's low of 56 degrees was recorded at Kerrville and Junction in the hill country. But most other points had readings in the 60's. Only along the coast were early-morning temperatures consistently in the 70s. Galveston, with 77 degrees, was the warmest city.

Yesterday, most of southwest Texas had readings in the low 100's. However, the heat parade leader was Seymour on the high central plains with 104 degrees. It was 103 at Crystal City, Carriazo Springs and Temple. East Texas, the coastal region and Northwest Texas generally recorded mid 90 readings.

Skies were clear this morning and the only rainfall in 24 hours was a sprinkle at Galveston.

Egg Poultry Prices

FORT WORTH, Tex. Sept. 2 (UP)—(USDA) — Wholesale dealers' egg and poultry prices to producers and truckers delivered Fort Worth.

Egg market firm. Canded basis: Grade A large 50-51. Grade B 40-45. Grade C 30-35. Live poultry market firm. Per lb heavy hens 28-30, mostly 28-29. Light 25-27. Roosters 15-18. Fryers local medium 36-39.

Asks Damages Plus RICHMOND, Va. (UP)—The Rev. Edward D. Rogers charged in court that an automobile struck his horse and buggy and reduced its value from \$90 to \$5. He asked \$5,700 damages.

Dewey Eyed Tom-Toms Thump Their Drums

HASTINGS, Neb. (UP)—A half dozen bobby-soxers have organized a Dewey-for-President club called the "Dewey Eyed Tom Toms."

The girls, all in their teens, say their chief goal is to "convert" individual Democrats to the Republican presidential candidate.

Current activities include calls on Democrats who the girls believe might be "converted," preparation of posters, and distribution of handbills.

Organizers and charter members of the Tom-Toms are Carolyn Jostice, Barbara Jones, Shirley Wiederspan, Loweta Colee Kissinger, Beverly Howland, all of Hastings, and Joan Clements, Lincoln.

Astoria, Ore., was the first white settlement in the Pacific northwest when fur trappers established a fort there in the early 1880's.

Robin Doesn't Mind
MEMPHIS, Tenn. (UP) — B. C. Joyer told his work crew not to disturb the mama robin, who built her nest and hatched her young on a water pipe in a building under construction. The robin keeps to her noisy home unmindful of carpenters, plumbers and other workmen.

VFW VOTES TO FAVOR MUNDT-NIXON BILL

ST. LOUIS, Sept. 2 (UP)—The 49th annual encampment of the Veterans of Foreign Wars today urged federal legislation to deprive Communists of "privileges which might further their nefarious activities."

The Communist Party, a resolution adopted by the VFW delegates said, is "an agent for a foreign police state, engaged in mass destruction of our liberties."

The encampment endorsed the Mundt-Nixon Bill to outlaw the Communist Party.

The delegates were thrown into an uproar when a resolution providing that no future VFW encampments would be held in cities where racial segregation practices exist was introduced. Upon motion of Frank Loyal, August, Ga., the resolution was finally tabled.

Admiral Louis E. Denfield, chief of naval operations told the VFW the strength of national defense "lies in well-balanced, integrated air, land and naval forces, mutually dependent and working together."

The era of big guns as a dominant instrument of warfare is ended, Denfield said.

He said the combat fleets ready for instant use are composed entirely of submarines, aircraft carriers and fast escort vessels. But, he added, that doesn't mean battleships are obsolete.

The fire-power of battleships and their ability to absorb punishment will make them essential in the process of any future overseas invasion, Denfield said. As a result, they will be held in "cold storage" while the Navy concentrates "on the newest aspects of war."

Denfield said in any future war the United States, with its naval aviation, will hold "a priceless advantage over any enemy."

He said a fleet is the least vul-

nerable of all targets for an atomic bomb. "The only sure defense on land or sea is dispersion, he said. "At sea it requires minutes for a carrier task force to disperse so widely that normally only one ship would be lost to a lucky hit."

80 SWIM STARS ENTER MEET FOR AAU TITLE

TYLER, Tex., Sept. 2 (UP)—The opening of the Southwestern AAU swimming and diving championship meet here Saturday was expected today to draw some 80 entries from Texas, Arkansas, Oklahoma and Louisiana.

Competition will be offered in 17 events to swimmers of AAU senior classification.

Director Bob Shelton said he had accepted the entry of Bill Ward of Raleigh, N. C., the record holder of the NCAA's 100 meter free style.

Preliminary heats will be run off at 12:30 p. m. Saturday at Fun Forrest Pool, with finals at 7 P. M.

Sleepwalks Down Chimney
BOSTON (UP)—Sleepwalking, Paul Lawless wandered out onto the roof of his apartment house and tumbled 12 feet down a chimney. Two hours later he was rescued when a woman neighbor heard his muffled cries. Firemen broke through the bricks with sledge hammers.

Telephone wires hum, science explains, because the wind vibrates them and produces sound waves, as do the strings in a musical instrument.

BIG FOUR TO MEET AGAIN TOMORROW

BERLIN, Sept. 2 (UP)—The Big Four military governors of Germany met for more than an hour and a half today in a conference which was believed to have made major progress toward agreements which would result in early lifting of the 75-day old Soviet blockade of Berlin.

The meeting—third to be held on successive days—began at 3:54 P. M. (7:04 A. M. CST), and adjourned an hour and 37 minutes later after the governors had considered specific proposals on trade, currency and transportation questions which had been worked out by four-power committees of experts.

It was announced officials that another meeting will be held tomorrow, "probably at the same time."

There was an excellent prospect that they would reach decisions permitting lifting of the Soviet blockade of Berlin perhaps as early as Sunday, and suspension of the expensive western Allied airlift to the German capital within 10 days.

Gen. Lucius D. Clay, Gen. Sir Brian Robertson, and Gen. Pietro Koenig, respectively the American, British and French military governors, met privately for 30 minutes before proceeding to the Allied Control authority building for their talk with Marshal Vasily D. Sokolovsky, the Russian military governor.

Hard bargaining session was in prospect as the military governors gathered for the third straight day. The easy preliminaries have been passed, and the governors had before them today specific proposals on transportation, currency and trade questions which have been worked out by four-power committees of experts.

Fort Worth Livestock

FORT WORTH, Tex. (UP)—(USDA)—Livestock:

Cattle: 1700. Uneven, mostly steady, cows weak, slaughter steers and yearlings scarce, few common and medium lots 18.00-27.00.

Common, medium and good beef cows 16.00-20.00 — 34 and cullers 12.00-16.00. Some sherry canners down to 11.00. Slaughter bulls 16.00-21.50. Few medium stocker steers and yearlings 21.00-24.00. Most stocker cows 16.00-18.00 in range of 14.00-19.00. Calves: 700. Low and weak. Good and choice slaughter calves mostly 23.00-26.50. Medium 18.00, and common 14.00-18.00. Medium and good stocker calves 21.00-27.50, heifer calves 25.00. Some stocker calves showing declines.

Hogs: 500. Butcher hogs 25.50 lower than Wednesday's average, sows and pigs steady. Top 28.75, good and choice 190-240 lbs. 28.50 and 2.75, hood and choice 150-190 lbs. and 250-325 lbs. 26.50-28.25. Sows mostly 22.00-24.50, few to 25.00. Good 90-125 lb. stocker pigs 22.00-26.00.

Sheep: 2400. Killing classes steady with Wednesday's late weak to 50 lower market, feeder lambs unchanged. Medium and good spring lambs 23.00-50, medium and good slaughter yearlings 17.00-20.00. Medium to good slaughter ewes 9.50-10.00 and common 8.00-9.00. Medium to good feeder lambs 17.00-22.50 including lightweight lambs at 17.00.

Farm Prices Off

AUSTIN, Tex., Sept. 2 (UP)—Prices received by Texas farmers for all agricultural commodities dropped 5 per cent for the month ending Aug. 15, the United States Department of Agriculture reported today.

In a mid-month local market price report, the department's bureau of Agricultural Economics laid the price fall to lower

prices for most field crops, meat animals and wool.

However, the Aug. 15 index at 813 per cent of its 1909-1914 base, was still "substantially above the 286 level of Aug. 15, 1947," the report said.

The only groups registering increases were truck crops, potatoes and sweet potatoes, poultry and eggs.

Theft Made Easy

MANITOWOC, Wis. (UP)—A thief had it easy when he robbed the Herbert Schisel home of more than \$1,000. Schisel had left the combination of the safe on a piece of paper, conveniently located under the safe.

It's a Long, Slow Process—

... but we are gradually catching up with our work. The oil activity in so far as it relates itself to our business is 'about over. There has been a sharp decline each month since April which was the peak month on all classes of orders. Oil men estimate that 80 per cent of the county is now leased. If you are one of the 20 per cent who may need to use your abstract soon please file your order now.

Earl Bender & Company

Mrs. R. H. Abel, Mr. and Mrs. D. H. Collins and their two sons, Gerald, wife and son, J. D. of Odessa and Truman Collins, wife and baby of Fort Worth, attended the Abel family reunion.

New Polio Drug Being Studied

By Paul F. Ellis United Press Science Writer NEW YORK, Sept. 2, (UP)—An investigation of a new drug to determine its value against infantile paralysis in human patients is now being conducted during this polio season, Columbia University disclosed today.

The drug, darvisul, already has been effective against polio in mice and may open a new approach to the study of all virus diseases, including the common cold.

Dr. Murray Sanders, associate professor of bacteriology at Columbia, confirmed previous reports that the drug has been used experimentally in human beings. He said the preliminary study was being made by teams of workers at the College of Physicians and Surgeons, Columbia; the medical branch of the University of Texas; the Knickerbocker Hospital, New York City; Davis Hospital, Houston, Tex., and the Bowman-Gray School of Medicine.

He said the "only thing the group can hope to accomplish this year" is to study the action of the drug in human patients and to determine whether the drug warrants continued study.

"It is hoped that a combined report will be forthcoming from the whole group in the near future," Dr. Sanders said.

The drug, originally discovered by scientist of the Lederle Laboratories, Pearl River, N. Y., was first reported by the United Press last July. The United Press disclosed it was being used on human patients in Texas, but that final evaluation could not be made until further trials.

Scientists believe that the significant part of Dr. Sanders work is the discovery that the drug apparently is effective against a virus, such as polio virus in mice. Such mouse virus is not the same strain as that which causes infantile paralysis in human beings.

However, it is believed that all types of viruses and there probably are thousands of them may be related.

Truck Drivers Strike Crippling Flow Of Goods

NEW YORK, Sept. 2, (UP)—A spreading strike by 10,000 truck drivers halted all but perishable foods, drugs, medicines and a few other essentials from coming into New York today.

Some 7 per cent of incoming trucks were being turned back by pickets at highways, bridges and tunnels leading into the city, a part of New York Authority survey showed.

A rail embargo on freight shipments into the metropolitan area was ordered by the association of American railroads to prevent merchandise from piling up at warehouse terminals. The embargo becomes effective today.

Possibility of a milk shortage developed when drivers which haul cardboard milk containers from the manufacturer to dairies joined the walkout called yesterday by local 807 of the International Brotherhood of Teamsters (AFL).

Although the strike was already 24 hours old, it was expected to be several days before the public begins to feel any real hardship.

Has To Learn German To Talk To Her Dog

INDIANAPOLIS (UP)—Mrs. Nicholas Bowman is learning German so she can talk to a dog, Max Vom Karfenhof, a German dog that understands no English, was thrust upon Mrs. Bowman as a star boarder when her soldier son, stationed in Europe bought the animal for eight cartons of cigarettes.

Mrs. Bowman says the dog is "very obedient and very friendly." As long as she talks to him in German, that is. Dim Your Lights—Save A Little

Southwest Conference Squads Look For Banner 1948 Season

The Southwest Conference, where football is more than just a game, looked over its pre-season hopefuls today and figured the odds on which of the seven schools would walk off with the bacon come the end of the season.

From the looks and heft of the youngsters who trotted before their coaches yesterday, the conference should take a No. 1 position this year in the nation.

Only minor casualties marred opening day workouts at

Texas University, Southern Methodist University, Baylor, Rice, Texas Christian University, Texas A. & M. and Arkansas. With few exceptions, candidates who had been expected to show up for opening drills were on hand.

WALKER AT TEXAS

At Texas University, with Coach Blair Cherry at the helm, Danny Walker, a 155-pound scabbard from Fort Worth, topped the list of the youngsters who graduated from Junior colleges last year.

Cherry counted 52 lads in the Longhorn uniform yesterday, with only three reported overweight. Fullback and co-captain Tom Landry was the only casualty—a yanked wisdom tooth—but he was out for practice.

At T. C. U. Coach Leo (Dutch) Myer had 49 candidates out for the opening drill with two more expected. Missing from the 25 lettermen returning was Al Val-

ani, victim of the summer polio epidemic at Galveston. Myer has Frank Struska, Billy Elliott and Homer Ludiker in line for Valiani vacant post.

Head Coach Matty Bell of S.M.U. had only one player who complained of injuries when his 58 candidates for football glory hit the turf. Bill Richards complained of a sore foot that may keep him out of uniform for a week.

Trainer Wayne Rudy reported that the squad as a group reported in much better physical condition than last year.

47 OUT AT A. & M.

Harry Stitteler, starting his first year as head of Texas A. & M.'s football department, welcomed among the 47 candidates Frank Torno, expected to replace Stan Hollmig as the punting specialist; A. J. Dugas, a husky lineman from Fort Arthur, and Frank Bosell, a B-team player two years ago.

Missing from the list were Oscar Pollock, a halfback who decided to give up football this fall, and Merl Prokop an end, a victim of current army service.

Some 60 players, including 29 lettermen, were on hand at Baylor to greet Coach Bob Woodruff. Woodruff still had the problem, however, of replacing nine graduates from the first and second teams.

RICE PROSPECTS GOOD

Coach Jess Neely had 16 lettermen reporting to his squad at Rice, bringing his strength to more than 50 players. The general physical condition of the Rice squad was excellent.

In the Razorback camp at Fayetteville, Coach John Barnhill worked with a crew of 70 men, including 17 lettermen, to make a championship team for Arkansas University.

RANGERS START HEAVY DRILLS

BY MARVIN GROSS
Tartelcing-

The Junior College Rangers smiled in derision at the heat and flaming sun as 27 candidates got down to heavy contact work in preparation for their Sept. 18 opener with Kilgore Junior College.

Fourteen returning lettermen greeted Coach Boone Yarbrough as the Rangers started the long quest for the conference crown. Although the season is too young to venture a new prediction Yarbrough believes the boys in Purple and White will improve on their 5-5 record of last year.

Back to bolster the backfield is Junior Arterburn, quarterback and top passer of the squad. Jimmy Crawley, hard running halfback and Len Boyd, 1947 fullback are also expected to carry much of the offensive brunt.

Returnees in the line include co-captain Ben Blitch at left end, Bob Harrington at tackle and Charles Sullivan at the other wing position.

Yarbrough was pleased at the added beef most of the boys picked during the off season. Last year's club was long on speed but lacked the heft of most of their opponents.

Nine games have been scheduled thus far with a 10th in the offing. Following the opener with Kilgore at Kilgore the Rangers come home to face Texas Military College then journey to Cisco for a setto with the local Junior College.

Yarbrough former East Texas ace, expects five or six men to report in a day or two. Practice sessions are held twice daily with morning drills getting under way at 8 a. m. and afternoon workouts commencing at 3:30.

NOT HIS LUCKY DAY

KENOSHIA, Wis. (UP)—Bad luck rode Abraham Luskin. His unluckiest day began when he found an overtime parking ticket on his car. While he paid a \$1 fine, another car rolled into his left fender and hub cap. To make the day complete, another car hit Luskin's machine broadside, damaging it to the extent of \$200.

TEXAS DIAMOND DOINGS

By United Press Sept. 2
TEXAS LEAGUE

The Fort Worth Cats boasted the longest lead today they've had all season over the rest of the Texas League pack.

By dumping the third-place Houston Buffs 5-3 last night, the Cats stretched their margin to 7 1-2 games over the Tulsa Oilers, who were absorbing a 5-3 defeat of their own at home from the Shreveport Sports.

Eddie Chandler finally managed to snap a jinx the Shreveport held over him this year by effectively scattering 11 hits for his first victory over the Bayou City nine in six decisions. The Cats drove Buff starter Pete Bryant from the mound with a four-run burst in the fourth, featured by Walt Fiala's triple, and coasted to a 5-2 win.

The Sports' victory over Tulsa, coming in the ninth on a wild throw by shortstop Elbio Flint, pulled them back within a game and a half of the first division and a possible play off berth as the fourth-place Missions fell before the Dallas Rebels 3-2.

It was the Rebs' first victory in eight starts as Quentin Altizer chalked up his 13th victory in beating Ray Shore in a hurling battle. Shore whiffed 11 Rebels, but bunched blows in the first and second inning beat him.

Mike Garcia racked up his 17th triumph of the season as the Oklahoma City Indians tripped the Beaumont Exporters 6-3 on Johnny Hernandez' three-run homer in the seventh.

The Southern clubs switch sites tonight with Houston invading Dallas, San Antonio moving to Fort Worth, Beaumont to Tulsa and Shreveport to Oklahoma City.

LONE STAR LEAGUE

It was beginning today to look like the Henderson Oilers would make the first division playoffs in the Lone Star League.

The Oilers nosed out the Tyler Trojans 5-4 last night on Blomberg's four-hit hurling to hold their 2 1-2 game lead over the Bryan Bombers, who pushed across a pair of runs in the last of the ninth to win 8-7 over Marshall and stay in the running for a first division berth.

With the season ending Monday, the Bombers' chances were slim.

The one-two clubs in the league,

Kilgore and Longview, split twin bills. The pace-setting Drillers dropped an 8-3 decision to Gladewater in a seven-inning opener, but came back to win over the Longview Oilers in the regulation night-cap. Longview snapped back to down Lufkin 7-4 in the final after the Foresters had blasted the Texans 5-3 in the abbreviated first game.

Marshall moves into Lufkin tonight, Gladewater to Henderson, Kilgore to Tyler and Bryan to Longview.

BIG STATE LEAGUE

The Sherman-Denison Twins rocketed along toward the close of the Big State League season with an eight-game lead today.

Big John Whitehead scattered nine Paris Rocket hits last night while his mates bunched their 10 for five runs in the first, three more in the fourth and one in the ninth for a 9-2 triumph.

Runner-up Wichita Falls started early with four runs in the opening frame to defeat Austin 6-4 in a pitch battle 12-12.

The defeat, coupled with Waco's 8-5 verdict, over Gaienville, dropped the Pioneers 2 1-2 games behind third place Waco.

Texasarkana nosed out Greenville in the loop's remaining game. The same pairings will be on the menu for tonight.

LONGHORN LEAGUE

The Odessa Oilers weren't giving up today in their drive to take over the Longhorn League lead in the final days.

The Oilers swept a pair from Del Rio last night to gain a game and a half on pace-setting Big Spring, which was losing to Vernon.

The Oilers knocked off the Border City nine 7-2, and 10-9, while Big Spring lost a 1-0 thriller in 11 innings to the Dusters, who stayed within a half game of third place Midland by winning.

Midland blasted Ballinger 11-1 and Sweetwater defeated San Angelo 10-5 in the league's other two games.

**WEST TEXAS-NEW MEXICO
LEAGUE**

The makeup of the West Texas-New Mexico League playoffs seemed all but set today with only a slender possibility that there'll be any changes in first division standings before the season ends Labor Day.

Albuquerque boasts a five-game lead over Amarillo's Gold Sox, who have a two-game edge over third-place Lubbock. The Hotbers have a three game margin over fourth place Pampa.

The league-leading Dukes came from behind to batter Berger roughly last night, winning 14-7 after trailing 6-2.

Amarillo broke in front with a 10-0 lead, but finally succumbed to Clovis 12-11 when the Pioneers pushed across a run in the last of the ninth.

A big nine-run sixth proved too much for Lamson as the Pampa Oilers converted 17 hits and two errors into a 15-7 victory.

Lubbock coasted to a 15-6 victory over Abilene.

Berger moves to Clovis tonight, Amarillo into Albuquerque, Lamson to Lubbock and Abilene to Pampa.

Muscle In On Rival

CHARLESTON, W. Va. (UP)—The Charleston Daily Mail did well in the soap box derby sponsored by its rival newspaper, the Charleston Gazette. The boys who placed first and second in the derby were Daily Mail newspaper carriers.

Woof-Woof Does It

MEMPHIS, Tenn. (UP)—You couldn't blame the baby for crying. The bus was hot and crowded. Suddenly an elderly passenger started barking. Passengers chuckled, but the baby quieted down searching for the man with the bark.

Area OIL News

The Tex-Harvey Oil Company's No. 1 City of Eastland, located near Lake Eastland and between the town and the Lake, is definitely a producer of oil, according to information furnished city officials. The well is good for at least 35 barrels per day and will be acidized, company officials have informed Mayor Dan Childers.

EASTLAND COUNTY — Gorman Area

Following is a report on activities in the Kirk Field, Gorman Sept. 1.

Coast Oil Corp. No. 1 George Bell Potential Test Figures were 14 bbls. per well or 336 bbls. per 24 hour period.

Coast Oil No. 1 Richardson drilling at 1100 ft. This is the rig which is going to be moved to the W. H. Anderson lease South of Gorman.

Hayneby Ownby are setting pipe on their No. 1 Lindsey at 2902. This rig will be moved to the H. T. Platt lease about 1 mile Southwest of Rucker — the South west corner of H & TC Survey Section No. 39.

Man and Griffin acidized their No. 1 Millington Tuesday and do they have a gas well. It was roaring and shooting all over the place Tuesday afternoon.

J. W. Baldwin No. 2 J. N. Watson drilling at 1100 feet. Commercial Production No. 1 J. A. Hirst Potential figures are 68 bbls. per day.

Commercial Production No. 2 J. A. Hirst drilling at 2734 feet. Through error we reported the Repau Rig as moving in on the

Coop's holdings yesterday, when in reality, the trucker in charge of the moving had his lease mixed up and no one else around until later yesterday afternoon to straighten me out on the dope. The rig is really being moved to the Kinney lease held by Harley Sudder. This location is 40 acres out of the Northeast quarter of Section No. 27 H & TC Survey in Comanche County and is to the South of the Kirk Pool.

Wallace Backers Believe Egg Barrages Over

By Dayton Moore
United Press Staff Correspondent JACKSON, Miss., Sept. 2 (UP)—Henry A. Wallace's associates expressed belief today that the "worst" of his campaign swing through the south was past.

By "worst," they meant the danger of egg and tomato barrages and other hostile demonstrations from crowds that have met Wallace at nearly every stop on his Dixie itinerary.

Continuing his week's campaign tour of Dixie, the Progressive Party's presidential candidate entered this stronghold of states rights and white-supremacy doctrines.

Yesterday Wallace cancelled two scheduled public speeches in Alabama because officials insisted on enforcing racial segregation laws on his negro-white audiences.

He faced the prospect of having to call off his only scheduled Mississippi speech today for the same reason. At Vicksburg, Sheriff J. H. Henderson gave Wallace permission to speak on the Warren County courthouse steps and said he had no plans to string up ropes to separate negroes and whites, as was done yesterday in Birmingham.

But, Henderson said, "we expect negroes to conduct themselves along the lines of the old Vicksburg traditions," indicating that a self imposed segregation, without barriers, was anticipated.

Johnson Says He Still Thinks He's Elected

AUSTIN, Tex., Sept. 2 (UUP)—Lyndon Johnson said today that he is "absolutely confident that when the official vote is canvassed in the race for the United States Senator, I will have a majority."

"The only thing I ask my friends to do," he said, "is to remember that we have won the race."

The latest unofficial tabulation by the Texas Election Bureau gave Cade Stevenson a lead of 381 votes.

In a prepared statement, Johnson said, "the results have been officially canvassed in only-third of the counties. I am confident that when the results have been canvassed in the remaining two-thirds, I will have a comfortable majority."

He urged that his friends "assist election officials in making a correct canvass. I do not charge and I have not charged any official with dishonesty. But it is easy to see that honest errors might change the result."

Duties Explained
MEMPHIS, Tenn. (UP) — "You don't have to talk—you just listen," Judge R. G. Kinkle told a potential juror who wanted to be excused because of a new set of false teeth.

AUSTIN, Tex., Sept. 2 (UP)

—Shipments of livestock in Texas during July fell 33 per cent below June, the University of Texas Bureau of Business Research reported today.

The total of 6,000 carload shipments marked a drop of 32 per cent from the figure for July 1947.

Sheep movements, the report said, dropped 58 per cent from June; calves, 33 per cent; hogs, 25 per cent, and cattle, 24 per cent.

SAN ANTONIO, Tex., Sept. 2, (UP) — P. W. McQuellan, a San Antonio police officer, was in serious condition today from two bullet wounds suffered last night when he attempted to separate two nightwatchmen who were in an argument.

When McQuellan tried to separate the men in front of a laundry, one of the watchmen pulled a pistol and fired twice, both

Zhdanov Funeral Held Late Today

MOSCOW, Sept. 2. (UP)—Funeral services will be held late today in Red Square for Col. Gen. Andrei A. Zhdanov, one of the top four Russian leaders. Zhdanov died Tuesday.

Generalissimo Josef Stalin and Soviet Foreign Minister V. M. Molotov were among members of the Politburo who stood guard at intervals last night at Zhdanov's coffin in the House of Trade Unions.

Central Moscow was cleared of all traffic yesterday afternoon to make room for hundreds of thousands of mourners marching to view Zhdanov's body.

Zhdanov will be buried in Red Square. It was estimated that more than

500,000 Muscovites filed past the bier in nightlong homage to their dead leader.

All newspapers for the second successive day devoted three-fourths of their total space to Zhdanov including an eight-column photograph of the flower-bedecked bier.

The photograph showed Stalin, Molotov, Georgi Malenkov and L. P. Beria, head of the Soviet secret police, standing guard at the bier.

Not Enough Ballots

DILLWYN, Va. (UP)—Nearly all of this town's 90 eligible voters turned out on municipal election day. But by mid-afternoon, after 84 votes had been cast, the supply of official ballots gave out. R. K. Ranson, who lost a town council seat by three votes, is considering a contest.

Cherry County, Neb., could be cut into five states the size of Rhode Island.
