### Western Powers To Shift Berlin Situation To U. N.

**BULLETIN**  
PARIS, Sept. 20 (UP)—The Western Powers will break off and throw the Berlin crisis into the United Nations, it was revealed today as the world's eighth largest diplomats converged for a crucial session of the UN General Assembly.

Secretary of State George C. Marshall and the foreign ministers of Britain and France were expected in an urgent extraordinary meeting late today to agree to charge the Soviet Union with violating the UN charter in imposing the Berlin blockade.

The western foreign ministers apparently had abandoned hopes of obtaining results from any further Kremlin conferences, and their envoys in Moscow were preparing to fly here to attend the UN sessions which opens formally at 3 P. M. (10 A. M. EDT) tomorrow.

There seemed no possibility, either, that the four-power negotiations in Berlin at the level of the military governors would be resumed. Gen. Lucius D. Clay, U. S. military governor, is due here tonight, along with Robert Murphy, his political adviser. British Military Governor, Gen. Sir Brian Robertson, also was due here sometime today.

Once the weighty decision definitely to end attempts to negotiate directly with Russia and throw the issue into the UN has been taken, the Western Powers will issue a lengthy "white paper" detailing the summer-long discussions at the Kremlin and in Berlin.

There were 52 cakes given for the cakewalk Saturday night and part of the cakes were auctioned off at the close of the walk. Those in charge stated that for each walk about 88 was made for the fund.

Club members today expressed their appreciation to the people for their cooperation and to Mayor Lee Dockery, Secretary Lester Crossley and to the police for their assistance in making it possible to have the event on Main Street.

Part of that money for the band uniforms was raised at the cakewalk Saturday night. That's the first time we ever saw that kind of a stunt but we guess it's ok since it turned out to be a \$122 show.

The walking part didn't look too fascinating but the cakes at the end of the walk were tantalizing.

### BAPTISTS SEEKING FOOD CLOTHING TO AID NEEDY

(Editor's Note: The following clipping taken from the Fort Worth Star Telegram was handed to this paper today with the request that it be reprinted in the Times because of the interest here in the program.)

"A redheaded, cheery-eyed young man was in Fort Worth Sunday on behalf of 1,155,000 people who didn't know where their next meal is coming from.

Charles R. Gage came to town to secure from every Baptist in Tarrant County at least two pounds of food and clothing for the church's world relief campaign. The county's quota is 100,000 pounds.

As director of promotion for the foreign mission board of the Southern Baptist convention Gage made his appeal Sunday morning at North Fort Worth Baptist Church and Sunday night at Broadway Baptist Church.

Gage cited several sobering statistics—more than 1,000,000,000 people near starvation, of whom 462,000,000 are children under 15.

He told of 31 girls 15 to 18 in a school in East Berlin. Fourteen of them admitted having relatives with men in order to get food.

He told of 41 boys, aged 12 to 14, in a "typical Berlin class." Thirty-seven of the boys went to school without breakfast. Of the 41, 32 admitted they already had stolen.

There are millions of men, women and children in Europe who have not tasted meat or eggs since 1939. Of every 1,000 babies born in France, 69 die of malnutrition before their first birthday. In Hungary, the figure is 120 out of every 1,000.

Food and clothing raised by the Southern Baptist Convention Gage explained, is shipped to New Orleans for packing, and from there is distributed by church agencies all over the world. Packages are even being smuggled by way of the underground into Russia-controlled Eastern Europe.

"We realize people in this country have troubles of their own with the high cost of living," Gage said. "But we're asking for that unused suit hanging in your closet... a can of beans that you might be able to spare."

He said that the United States government again has been charged in an official Russian newspaper with interfering in an American-Russian romance.

The principals this time are Antonina Tarasova Phillips and her husband, Air Force Sergeant William Phillips of Van Arney, Pa., now stationed at Bolling Field, Wash.

Mrs. Phillips said in a letter to newspaper Ivestia that friends of her husband had told her the soldier could not write to her because it was forbidden by the government. It concluded by saying that she wanted to go to America for a visit but decided on a divorce when he stopped writing.

A spokesman for the American embassy said Phillips was sent home because he violated an Army rule against marriages abroad without knowledge of the commanding officer.

### RANGER TO BE HOST TO VFW CONVENTION

Ranger will be host to the annual spring convention of District 8 of the Veterans of Foreign Wars, Department of Texas, in April according to word brought back from the Abilene convention Sunday.

J. W. Elder, Jr., Raymond Landtroop, A. L. Sharpe, B. S. Dudley, Jr. and Spud Summers of the Ralph McKinley Post of the VFW of Ranger, went to Abilene well armed Sunday to bring back the convention to Ranger. They stated this morning that their invitation was unanimously accepted at the afternoon session of the VFW district convention in Abilene, and without any forceful arguments having to be advanced.

District 8 is the largest district in the Department of Texas and Elder stated his morning that at least three of five delegates will come from all the posts in the District. He estimates that there will be between 300 and 500 at the convention.

Elder also stated that the hotels of Ranger have pledged their cooperation and that they went to Abilene Sunday with the blessing of the Chamber of Commerce which has pledged its assistance to entertaining the convention in Ranger.

The two-day convention in Abilene closed Sunday night.

### Meeting Tonight For Night Class Prospects At RJC

All persons interested in night school classes at Ranger Junior College are asked to meet tonight at 7 o'clock in room No. 11 of the administration building to make final plans for the classes.

Those who met last week selected the following courses: typing No. 113; business law, No. 213; mechanical drawing, No. 113 and accounting, No. 214.

Any subject that is taught in the regular day classes can be offered at night if there are as many as 10 persons who want the course.

All veterans and others who are interested are asked to be present tonight.

### Registration From Now On To Be In Eastland

R. V. Galloway, chief registrar for the draft in Ranger, stated today that all registrars from now on will have to be done in Eastland.

During the initial registration an office for that purpose was set up at the Chamber of Commerce as an accommodation to the men of Ranger who had to register.

Galloway explained that hereafter as boys become 18 they will have to go to the county seat to register.

### Russia Claims U. S. Interfered In Romance

MOSCOW, Sept. 20 (UP)—The United States government again has been charged in an official Russian newspaper with interfering in an American-Russian romance.

The principals this time are Antonina Tarasova Phillips and her husband, Air Force Sergeant William Phillips of Van Arney, Pa., now stationed at Bolling Field, Wash.

Mrs. Phillips said in a letter to newspaper Ivestia that friends of her husband had told her the soldier could not write to her because it was forbidden by the government. It concluded by saying that she wanted to go to America for a visit but decided on a divorce when he stopped writing.

A spokesman for the American embassy said Phillips was sent home because he violated an Army rule against marriages abroad without knowledge of the commanding officer.

### FINAL BERNADOTE REPORT REVEALS WARNING TO GENERAL ASSEMBLY FOR DECISIVE ACTION

#### Grand Jury Will Not Investigate County Voting

There is no need for a grand jury investigation of recent Eastland county election returns and to institute one would do an injustice to election officials of the county, Judge George L. Davenport of the 91st district court told a grand jury he empaneled this morning.

There have been charges and counter charges of illegal voting in some counties in Texas in the United States senate race and some have even indicated that there were at least errors made in voting in Eastland County. Such charges have been looked into and found to be without foundation, Judge Davenport told the jury.

Davenport told the jury empaneled this morning that they need not have to be in session more than two or three days at most. He told them an emergency had arisen because of the fact that a number of persons were being held in the county jail unable to make bond, and that they were entitled to a grand jury investigation to determine whether or not the charges against them warranted indictments.

The jury was given the usual charges covering such items as it is made mandatory by law that they be investigated.

Drunk driving came in for considerable attention from the court in his charge to the grand jury. E. J. Poe of Cisco was named by the court as foreman of the grand jury.

### U. S. COOL TO REMOVAL OF TROOPS FROM KOREA

WASHINGTON, Sept. 20 (UP)—The United States served notice to Russia that American troops will remain in Korea pending consideration of the whole Korean problem by the United Nations general assembly.

Officials here made it plain that despite Moscow's announced plan to start evacuating the Soviet northern zone next month, American forces will not be pulled while the Korean issue is still being considered by the United Nations.

The Moscow radio announced yesterday that evacuation of Soviet forces would begin the latter part of October and be completed by Jan. 1. At the same time it suggested that the U. S. withdraw its forces simultaneously.

American authorities regarded the Russian move as a "propaganda" attempt to embarrass this government when the UN General Assembly, which meets in Paris tomorrow, gets around to the Korean question. It will put the Russians in position to claim they are the only real champions of peace in Korea.

The United States fears that immediate evacuation of south Korea would in effect turn the entire country over to Communist domination.

Russia will leave behind in the north a Communist Korean fighting force whose strength has been estimated as 500,000. There is nothing so formidable in the southern zone now but Map Gen. John B. Coulter, the American commander, is training a force which it is hoped will eventually be able to defend itself.

The Soviet announcement appeared to provoke a bitter debate in the UN assembly.

PARIS, Sept. 20, (UP)—The assassinated Count Folke Bernadotte urged the United Nations in his last report to recognize the existence of the Jewish state of Israel and to force both the Arabs and the Jews to proclaim formal peace in Palestine.

The final report of the UN mediator for Palestine to the UN was made public today on the eve of the General Assembly meeting. Bernadotte warned that the assembly must act at once and decisively to replace the uneasy Palestine truce with a permanent settlement.

Bernadotte said he was convinced that peace in Palestine was possible if the Assembly talked to the Arabs and Jews in language that is strong and backed by most of the 58 United Nations.

The 160-page report was completed only a few hours before Bernadotte was shot to death in Jerusalem last Friday. In it he advised the assembly that it must make the Jews and Arabs face the unpalatable facts, holding over both the threat of Security Council penalties if they renewed hostilities.

Bernadotte made the following main proposals:

1. Recognition by the UN General Assembly and by the Arab world that a "Jewish State called Israel" should be established in the area of the Holy Land.

2. A formal proclamation ending the Palestine hostilities, to be issued by the UN itself if the Arabs and Jews refuse to agree on such a step.

3. Formation of a Palestine conciliation commission to replace the UN mediation machinery in Palestine and help nail down a permanent peace.

4. Internationalization of Jerusalem under UN authority.

5. Steps by the UN, either in the form of a declaration or "other appropriate" action, to assure that the boundaries separating Israel and the Arab part of Palestine shall be "respected and maintained."

6. A program for enabling the Arabs of Palestine, through consultation with other Arab states, to determine whether they shall form their own state, incorporate with Trans-Jordan, or make some other disposition of their part of the Holy Land.

7. Alteration of the original UN partition plan to give the southern desert area of the Negev to the Arabs instead of to the Jews. At the same time Galilee would go to Israel instead of the Arabs, as the UN originally recommended.

8. Make Jewish-held Haifa a free port, open to Arab use, and Lydda a free airport.

9. A UN program for handling the Jewish and Arab refugee program in a non-political manner and for assuring to the Jewish and Arab minorities all the political, economic, social and religious rights.

JERUSALEM, Sept. 20, (UPI)—More than 200 Stern Gang members arrested in the wake of Count Folke Bernadotte's assassination will be impressed into the Israeli army, it was reported today.

The Israeli cabinet, meeting into the early hours today in Tel Aviv, approved emergency legislation outlawing all terrorist organizations in the Holy Land. The laws are expected to be promulgated this afternoon.

The first group of some 200 Sternists rounded up over the week end were transferred yesterday to Jaffa Prison. They will be held there until they are absorbed into the army.

A heavy artillery and mortar bombardment rocked Jerusalem last night, with many shells falling in the residential area of Jewish-held modern Jerusalem.

Observers said it was too early to predict whether the shelling heralded the renewal of large scale warfare in the Holy Land which some expected as a result of Bernadotte's assassination last Friday.

The firing started along the entire four-mile Jerusalem front before dawn Sunday. During the morning, Jewish sources said, Arabs crossed no-man's-land and blew down a fall of Jewish-held Notre-Dame convent, across the street from one of the gates of the Arab-held old city.

The first iron warship ever built in America was the Wolverine, launched in Erie, Pa., in 1843.

Well... I Dunno, But ...

Guess we can lay aside all fears of Russian attack so far as we're personally concerned. Yep, we're armed and with a most un-suspicious appearing missile. It's a handy sized bomb that you carry right along with you.

C. W. Alworth presented the bomb to us Saturday night. It's his own handiwork and is carved from amber plastic material and has a little ring in the end so that it can be attached to a purse chain or watch chain.

No really it doesn't shoot, but it's a cute little trick.

Charles P. Ashcraft is the proud possessor of a certificate of appreciation from the president of the Woodmen of the World, Farrow Bradbury.

The certificate was issued to Ashcraft for better than a quarter of a century service as financial secretary. He received the certificate Saturday and says that if they'd just waited until December it would have been 30 years of service.

The Ranger Daily Times carriers had a field Sunday when Mr. and Mrs. Joe Dennis took 'em all to the circus in Eastland. The boys had a wonderful time, we hear. Mr. and Mrs. Dennis didn't say what kind of a time they had but the whipped look they bore when they got back, told a tale all its own.

Carriers who attended the circus, most of whom came away broke and bulging with circus drinks, popcorn and candy, were Johnnie Gay, Joe Kirk Dorsey, Gentry, Dickie Getts, Shaffer, Claud Koenig, Cantrell, Dick Heppard and his brother, Perrin Jete Jameson and Granklin.

The Band Boosters Club certainly deserves commendation for a program which they have carried nearly to completion and which when completed will furnish brand new uniforms for the Ranger School Band.

Last spring they launched a campaign to raise money for the uniforms, a bill for which is \$3,250 and all of which has been raised except a little under \$200.

The Boosters deserve the glad hand of the town for such a fine piece of work. That hand is called upon to take part in most everything in Ranger and in many events in this section and it is important to them and to the town that they be well groomed.

Yes, sir, you just never can tell what can be accomplished until a few faithful workers put their shoulders to the wheel and take after the job.

Members of the Band Boosters Club announced today that a total of \$122 was made Saturday night on the cakewalk staged on Main Street.

This amount will reduce the indebtedness on the band uniforms to a little less than \$200 and plans will be made Tuesday night at the regular meeting of the club at 7:30 o'clock at the band hall, for raising the remainder of the fund.

There were 52 cakes given for the cakewalk Saturday night and part of the cakes were auctioned off at the close of the walk. Those in charge stated that for each walk about \$8 was made for the fund.

Club members today expressed their appreciation to the people for their cooperation and to Mayor Lee Dockery, Secretary Lester Crossley and to the police for their assistance in making it possible to have the event on Main Street.

## WASHINGTON COLUMN

### Twenties Get New Balcony, But No Portrait of HST

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—Bureau of Printing and Engraving is preparing to issue a new \$20 bill. If you'll look at the back side of one of the present twenties, you'll see why. It shows a picture of the front of the White House. But it doesn't show Harry Truman's balcony on the South porch.

Most people think this is the back of the White House. The 1600 Pennsylvania Avenue, entrance side of the White House grounds, is usually considered the front, but it isn't.

Bureau of Engraving Director Alvin H. Hall says new official photographs showing the balcony have already been taken, and engraving plates have been made. Printing hasn't begun yet. But the new "twenty bills" should begin to show up in circulation in about six months.

Andrew Jackson's picture appears on the front of the bill. It will stay there. There isn't any chance that Harry Truman's likeness will be substituted, to go along with his balcony. It's against the rules to put any President's face on a coin or stamp while he's still living. The present \$20 bill design, first to use the White House, was originally issued in 1929. That was when the present small-sized bills were substituted for the big bills of previous issues. There hasn't been a new design since.

BUREAU OF THE MINT wishes that people would stop asking why Joe Stalin's initials appear in very small type below the profile of Franklin D. Roosevelt on the 1947 Roosevelt dime. The J. S. doesn't stand for Joe Stalin at all, but for John Sinnock, famous engraver of the mint, who died a year ago last April. Somehow this Stalin rumor got started by word of mouth, and it won't die. During his years of service with the mint, Sinnock designed many memorial coins and many foreign coins which the U. S. mint made for other countries.

Housing experts now look to the "expandable" house as one of the best solutions for present high costs of home building. The principle is to build a minimum house for present needs of the family, then add rooms or wings as needed.

This idea is not new. Federal Housing Administration has issued an excellent basic booklet on six approved types of expandable house. But the idea has not been pushed by contractors.

One pre-fab builder has made designs and estimates on a house that would cost \$14,000 if completed. But by eliminating basement, putting in one bedroom on the first floor and leaving the entire upstairs unfinished, he figures the cost can be cut to about \$7500.

FIRST real test of Henry Wallace's Progressive Party strength may show in the Wisconsin primary, Sept. 21. Wisconsin Progressive Party has candidates running for governor and for seven of the 10 seats in Congress.

One factor that may cut down Progressive Party vote, however, is that the Socialist Party is offering a complete slate of candidates in Wisconsin. All 10 of Wisconsin's members of the 80th Congress are Republicans. All 10 are seeking re-election. Republican Gov. Oscar Rennebohm is also seeking re-election. He is opposed by one other Republican, Ralph M. Emmel, by Democrat William D. Carroll and Carl W. Thompson, Progressive Henry J. Berquist and Socialist Walter H. Upborn.

Only two of the Republican congressmen are unopposed by members of their own party. They are Glenn Davis and Frank Keefe. So there may be some upsets within the GOP. Most of the Democrats, Progressives and Socialists are unopposed. This lack of contest may cut down the vote in these three parties. But total vote of all four parties should give some idea of proportionate strength for the November election.

## EYES OF TEXAS

Bob Woddlie  
United Press Staff Correspondent  
Votes which were cast in the first Democratic primary in July showed great significance at the time. But the significance is less now.

The 170-pound master of the forty-niners T-formatics passed for three touchdowns and ran for another yesterday to lead his team to a 36 to 14 victory over the big, aggressive Los Angeles Dons.

It was the only AAFPC game played yesterday and left undefeated San Francisco and Cleveland tied for the western division lead with four and three victories respectively.

In National Football League exhibition games, the Chicago Cardinals defeated the Pittsburgh Steelers, 35 to 14, at Chicago's Wrigley Field, and the Chicago Bears beat the Washington Redskins, 17 to 14, at Baltimore. The AAFPC's Brooklyn Dodgers, who have failed to win in three league starts, crushed the Charlotte Clippers, an independent pro team, 63 to 7, at Charlotte, N. C.

Yesterday's Star — Pitcher Steve Gromek of the Indians, who gave up only three hits, no walks, and struck out one to give the Tribe a 2 to 0 win over the A's in the nightcap of a doubleheader.

And speaking of Waco voting, Mayor J. E. Hawkins of the central Texas city figures on voting against his own interests. Then he probably be mad at himself. Waco board of alderman is slated to vote on a new tax

## GROSS UNDERSTATEMENTS

BY MARVIN GROSS  
Hate to talk about our prognosticating prowess—but a little pat on the back will probably stand in good stead during the next weeks. We sort of hit 100% in our first little effort which should be about tops.

This humble column, as our Oriental friend Lin Tan would say, picked the Longhorns by three touchdowns or more and that 33-0 score was slightly over three six-pointers. And way up East we liked Villanova because of its scoring punch and the Wildcats did roll up 34 points over Texas A & M.

Continuing the personal accolades we picked T.C.U. to squeeze past Kansas, which happily they did and to make everything easy Arkansas piled it on Abilene Christian College. But those pesky upsets usually don't crop up until the third week of the season so its only a temporary glow we're wearing.

Coach Warden and his men weren't exactly pleased with the Albany Lion eleven. They shaped up a little too powerful and smooth for the home boys. The Lions scarcely stepped up their respiration in humbling Eastland.

A slasher name of Jones and a tosser name of Miller could cause a lot of trouble for the Bulldogs come Friday night. But our boys promise the rattle the bones of M. A. V. Jones, and a toothless killer out of Lion heaven Ronnie Miller.

Folks who saw the tilt say Longhorn quarterback Paul Campbell is the slickest thing around when it comes to handling the T. At times slender Paul faked himself but more often it was the L.S.U. bunch who were playing "button-button-who's got the button."

And that mammoth Texas line shapes up as worthy new edition of the famous Furdham "Seven Blocks of Granite." The Fizeps found day-light for only 38 yards all day and the Bayou gang had some pretty big boys on their side.

The Cats finally got unslung and dumped Shreveport to take their play-off series. But they tried their mightiest to give the ball game back to the Sports especially Dee Fondy who pulled two damaging honors in the eighth. Plucky Dwan also came within two outs of finishing the game but round George Brown had to put out the fire with the able help of Wally Fiala.

Before a large turnout of bowling enthusiasts at the opening of the Ranger Bowl under the management of C. T. Bahain, Garner Wells of Fort Worth bested Ranger's Rolfe Kenny 599 to 529 in a three game series.

The nationally known Wells posted a 225 single high while Kenny's best effort was a 180 game.

In an exhibition game J. D. Johnson and R. V. Caloway beat out Vivian Fleckenstein and Eloise Needham 246 to 209.

# TEXAS VS. N. CAROLINA HEADS SOUTHWEST CARD

By United Press  
The whole Southwest Conference football field swings into action this week, but two games will hog the spotlight—Texas vs. North Carolina and Southern Methodist vs. Pittsburgh.

Those games are expected to answer some big questions which hang over the two highly-touted Southwest grid machines making bids for national honors.

Baylor and Rice, along with SMU, will be making their season's debut, while the other four clubs will go into this week's fray with one game under their belts.

Baylor tackles a weaker-than-usual Tulsa Hurricane; Rice plays host to lowly Sam Houston State; Texas A. & M., which lost a 34-14 verdict to Villanova Saturday, meets Texas Tech at San Antonio; Arkansas, which romped to a 40-6 win over hapless Abilene Christian College, takes on another breather in East Texas State at Fayetteville, and Texas Christian which nosed out Kansas 14-13, will have its hands full at Stillwater, Okla., against the Oklahoma Aggies.

Nominally, that 33-0 pasting Texas handed Louisiana State last Saturday at Austin would have answered any questions Longhorn supporters may have had about the Bobby Layne-less Orange and White team. But the LSU Tigers were not supposed to be up to their old-time strength.

This week the Texans will make the long trek to Chapel Hill to meet a club that's known to pack plenty of power and savvy. Coach Carl Snavely's tarheels in addition to having Charley (choo-choo) Justice and a wealth of material also have the incentive of revenge for the 34-0 humiliation handed them by Texas at Austin last fall.

If Texas can overcome those hurdles, then it will have really stamped itself as a fearsome machine.

SMU's defending champion Mustangs have never beaten Pitts-burgh despite the fact they've been favored in the past and this year Pitt is stronger than anytime in recent years.

The Rangers flashed promise of future offensive power but the dynamite-laden, Kilgore eleven had too much second half dash as it registered a 34-14 victory Saturday night at Kilgore.

Offsetting the brilliant play of Kilgore ace Bobby Dill, the Rangers put on long sustained first-half drives to stay just about a half jump behind their Ranger namesakes. Putting the ball in play twice after Kilgore six-pointers the Rangers moved overland for 70 and 77 yards to leave the hometowners down 20-14 at intermission.

Freshman halfback Claude Neeley and fullback Leonard Boyd smashed over for the scores and end Ben Blitch made good on both conversions.

Then while the local gridders found the heat a trifle too oppressive in the second half, Kilgore discovered a cool breeze somewhere in the stadium night and rolled to two third period tallies. Again it was the hard-running Dill who paced Kilgore, teaming up with end Bill Lipscomb.

Acting Coach G. B. Rush emphasized the bench in the final period trying to get a line on the players under game pressure. Both passing games clicked in high gear although the Rangers managed to pluck off three ering Kilgore heaves while the winners stole one away from the Ranger receivers.

The Rangers unwrap their home campaign Thursday evening against Texas Military College.

Fifty per cent of all patients entering hospitals in the United States are admitted because of injury by violence.

## Red Sox Slump Tightens Race

The front-running Red Sox took a mighty fall yesterday, dropping a twin bill to the Tigers and seeing their lead melt to a half game. Detroit took a 12-inning 4-3 opener, then blasted their way to an 8-6 nightcap victory.

It was Cleveland who stole the chief contending role sweeping two from the Athletics. After a 5-3 opening win, Lou Boudreau, the peevish manager-shortstop, poled two home runs to aid Steve Cromeck in a 2-0 triumph.

The Yankees with a great chance to move into a tie, split a double header with the Browns. They dropped an 8-6 opener but on the heels of two Dinaggio homers came back to take a 9-6 finale.

And the Washington Senators finally slammed the breaks and broke that 18-game losing skid. The nats drubbed the White Sox twice, 10-7 and 8-6 in a six-inning second game.

The Braves are still six games to the good today after Sunday's 4-2 victory over the Red legs it was their 12th victory in their last 13 games.

The Dodgers stayed in second place with an 8-1 win over Chicago while the Pirates dropped two to the Phillies, 9-6 and 5-3.

## Young Net Stars Bolster U.S. Hope

FOREST HILLS, N. Y., Sept. 20 (UP)—As young Dick Gonzales and veteran Mrs. Margaret Osborne Dupont sported her brand-new national tennis titles today, it looked as if the United States would remain the tennis power of the world for many years to come.

Gonzales, the swarthy, 20-year-old Mexican, emerged as the sensation of the tournament and the main hope of the United States as the backbone of future Davis Cup squads. His 6-2, 6-3, 14-12 win over steady Eric Sturgess of South Africa in the finals capped a brilliant season.

Mrs. Dupont, still stricken with grief over the death of her father in an auto accident four days ago, had the whole crowd of 10,000 in famed west side stadium rooting for her as she came from behind to down defending champion Louise Brough of Beverly Hills, Cal., in the women's finals, 4-6, 6-4, 15-13.

**Hearing On Senate Race Due Tuesday**

FORT WORTH, Tex., Sept. 20, (UP)—Coke Stevenson's efforts to keep Lyndon Johnson, the certified nominee of the Democratic party for the U. S. Senate race, from going to the upper chamber will open here tomorrow when Johnson's attorneys will question jurisdiction of federal court to hear the case.

An attorney for Johnson indicated that it would be contended that only the U. S. Senate has that power.

Raymond Buck, Fort Worth attorney representing Johnson, said an answer would be filed to Stevenson's charges, and it would contend that Federal Judge Whitfield Davidson is without authority in the matter.

The hearing tomorrow will be on a temporary injunction granted Stevenson in which the secretary of state is restrained from listing Johnson's name on the Democratic ballot.

### Right Key But In Wrong Place

HOUSTON, Tex., Sept. 20 (UP)—Elevator Operator T. P. Booker is a calm man.

So, he was undisturbed Sunday night when a man demanded, "take me to my room."

Not recognizing the visitor Booker inquired, "what room?"

"Why, the room where I'm staying, of course," the indignant guest replied.

"Well, we have plenty of rooms. Which one do you want?" Booker asked.

The visitor hurriedly pulled out a key with a room number on it. Then, Booker directed him to his hotel.

### Installment Curb In Effect

WASHINGTON, Sept. 20 (UP)—Government control on installment buying went into effect today.

To buy a new or used car from now on, you'll have to lay at least one-third on the line. And the balance must be paid off in 18 months.

For refrigerators, washing machines, radios, television sets, vacuum cleaners, rugs, furniture, sewing machines, and many other home furnishings, the minimum down payment is one-fifth of the sales price. Again the limit is 18-monthly installments.

The credit restrictions are intended to help fight inflation. They were authorized at the extra session of Congress this summer, and will expire next June 30 unless a new law is passed extending the time.

### Chemicals And Flame Fight Forest Fires

SALEM, Ore. (UP)—Newly developed chemicals and flame throwers are being used to wipe

out roadside brush in Oregon, eliminating one of the most dangerous forest fire hazards.

Vance L. Morrison, research forester, described the chemicals as "2-D-Ammate" and "2-D-Esters." He said they have been used successfully on salmoneberry bushes in Clatsop County, and now are being used in other areas.

The chemicals are sprayed on the brush under 1,000 pounds of pressure. Morrison said results have been "very satisfactory" with use of flame throwers. The brush is burned under carefully guarded conditions to prevent the spread of fire.

## SOUTH FLORIDA ALERTED AS GALE COURSE VEERS

MIAMI, Fla. Sept. 20 (UP)—South Florida was put on a "preliminary precautions" status today as a hurricane whirled out of the Caribbean toward the mainland after sending a British freighter on the rocks off Little Cayman Island in the West Indies.

The southern point of the state and the chain of islands tapering off to Key West were alerted as the storm changed course in mid-morning.

As the new tropical disturbance powered by winds of over 100 miles and hour roared up through the Caribbean, rescue craft stood by the British freighter, Lochmonar, battering herself to pieces on the jagged reefs 500 yds. off Little Cayman, South of Cuba. The 73 men aboard were believed in no immediate peril.

A rescue tug reported that seas were too high to permit an immediate rescue of the seamen.

A 10-45 advisory said the storm was expected to strike the South Cuba coast with its 100 miles per hour winds sometime this afternoon.

The Weather Bureau indicated its slow curve in direction might

FORT WORTH, Tex., Sept. 20 (UP)—Buying was heavy in the few Fort Worth stores remaining open yesterday as customers could beat the deadline before credit controls went into effect today. But merchants received a surprise.

Most of the customers paid cash for their goods. As one merchant explained: "We stayed

Another merchant told a man and his wife and five children who entered and bought a dining room suite, bedroom suite and washing machine and paid for it with \$500 in cash.

## KANSAS CITY YOUTH KILLS FATHER, ADMITS KILLING

KANSAS CITY, Sept. 20 (UP)—An 18-year-old youth killed his father, a prominent executive, with a pistol given him by his mother because the father had terrorized the family for 10 years, police said today.

L. Charles Welch of the homicide squad said David Heidenreich admitted killing his father, John P. Heidenreich, 48, owner of a large tent manufacturing company. Young Heidenreich claimed his father threatened him.

Welch said there was bad blood between the father and son because the latter believed the elder Heidenreich was unfaithful to his wife, who is sick and confined to a hospital.

David told police that he and his mother were mortally afraid of Heidenreich because he had threatened him repeatedly during the past decade.

Some time ago, David said, his mother purchased a pistol to protect the family from her husband. He said his father seemed "to hate me most of all." When she went in the hospital, the mother gave the pistol to David.

Yesterday, the father told young Heidenreich that he had engaged a third nurse for his wife. He said the 24-hour nursing service was proof of his devotion to his wife.

David reported that he had seen his father with another woman only a week ago. Heidenreich became enraged. He told his son to get out of his bedroom, where they were talking.

"It's none of your damn business what I do," he shouted. "Keep your nose out."

David, according to Welch, replied that it was his business since his father was being hurt. When his father advanced toward him, David pulled the gun from his pocket and emptied it at his father. All five bullets struck Heidenreich and he died instantly.

Mrs. Heidenreich had asked her husband for a divorce or a separation but he had refused both. Police said. A week ago she took \$65,000 in bonds and placed them

which he met boarded his special train in the Rock Island Railroad yard on Chicago's south side.

in a safety deposit box for an emergency.

Welch said that family friends told him Heidenreich was an alcoholic and left a hospital after treatment two weeks ago.

Mrs. Heidenreich said she had sufficient proof of her husband's alleged unfaithfulness but had refused to get a divorce on grounds of adultery because she did not want publicity.

## Ranger Women At VFW Aux. Meet

Mrs. Don Butler, president of the local VFW Auxiliary and Mrs. Bonnie McCleskey, were in Abilene Sunday to attend the district convention there.

Mrs. Frances Summers, department conductress, spoke to the Auxiliary, stressing the possibilities ahead and the necessity for tireless efforts on the part of all.

In the reports given by the various auxiliaries, Ranger had an outstanding report indicating that it is making progress.

Each woman attending the convention was presented a red rose as a favor from the VFW.

The Auxiliaries went on record as being pledged to assist the VFW in staging its convention in Ranger during the spring.

## Hodges P.T.A. Meet Tuesday Afternoon

A called meeting of the Hodges Oak Park Parents-Teachers Association will be held at the school Tuesday afternoon at 2 o'clock.

Date for the meeting was confused in an article appearing in the Sunday edition of this paper, but the meeting is on Tuesday afternoon and has been set at the 2 o'clock hour to avoid a conflict.

## Name Omitted By Oversight

Through an oversight the name of Mrs. F. L. McCurdy of Mission, who is the guest of her mother, Mrs. Lena McDonough, was omitted from a story appearing in this paper last week. Mrs. McCurdy was one of the hostesses when the Happy Hour Club met at the home of her mother.

## West Texas Fair To Open Sept. 27

ABILENE, Sept. 20—The annual West Texas Fair will be officially opened here on Monday, September 27 at 2:00 P. M. with a gala parade of pageantry, cowboys, floats, and school bands from several towns in West Texas. Immediately following the parade, the gates at the Fair Grounds will be thrown open and the 1948 edition of the West Texas Fair will be presented to the public. The Fair is scheduled to run through Saturday, October 2.

A variety of educational and entertainment features is expected to draw a record crowd to this regional show. Of primary interest to the many ranchers and farmers of this area will be the fine registered livestock which will be shown. The livestock shows will be the most diversified in the history of the Fair with several of the shows having special divisions open only to members of the 4H Clubs and FFA Chapters of West Texas. Shows will be held for the following types of livestock: Herefords, Jerseys, Sheep, Goats, Swine, Milk Goats, Poultry, Palomino Horses, Quarter Horses, and Rabbits. And added attraction to the farmers and ranchers will be the exhibition and demonstration each day of the latest farm equipment.

In the lighter vein, the Fair will present a Broadway Variety Show each night to be followed by a Performance Horse Show, and for the horse race enthusiasts, a three day race meet will be held for Quarter Horses during the last three days of the Fair. Of more than passing interest, is the "Queen For A Day" radio show which will be brought directly from Hollywood for nationwide broadcasts from the Fair Grounds at noon on September 30 and October 1.

## TEXAS NEWS BRIEFS

HILLSBORO, Tex., Sept. 20 (UP)—Leroy Townsend, 22, of Covington, Tex., died last night in a Hillsboro hospital of injuries suffered in a car accident about noon Sunday.

The accident occurred on State Highway 291 (the John Stevens highway) about six miles northwest of Itasca. Officers who investigated said the car overturned and rolled into a ditch.

Earl Marbury, 17, of Grandview, Tex., was injured in the accident and was hospitalized in Hillsboro.

TYLER, Tex., Sept. 20 (UP)—The 33rd East Texas fair ended yesterday with an auction by the Texas Jersey Cattle Club which brought \$15,340 to the owners of 40 registered Jersey heifers.

Signal Observer Dandy Girl, owned by J. Chester Eliff of Tulsa, brought the top price of \$1,000.

The Texas Jersey Cattle Club show and auction will be held in Tyler again next year.
