30th YEAR

RANGER, TEXAS, TUESDAY, SEPTEMBER 21, 1948

PRICE FIVE CENTS No. 95

UN Assembly Elects Australian President

FIRST SALE TO BE HELD THIS SATURDAY

Beginning Saturday afternoon at 1 o'clock sales at the Ranger Livestock Commission Company's Sales Barn on Highway 80 east, will be held each Saturday of the week instead of on Thursdays as in the past.

Extensive plans have been made for the sales since the company and sales barn were purchased by J. M. Robinson of Ranger with the pledged support of the Junior Chamber of Commerce and the Senior Chamber of Commerce.

Robinson and a number of other cattlemen are busy this week contacting buyers and cattlemen and indications are that there will be a good run of cattle at the sale and the market promises to be good.

Cattlemen Kuykendall of Clifton, formerly of Ranger, will be the starter at the sale Saturday and the livestock will be auctioned by Joe Coates of Cisco and Auctioneer Treweek who will assist Coates. Kuykendall operates a sales barn at Clifton.

Robinson stated today that commission on singles will be \$1.25 and on pairs of cows and calves \$1.50. There will be no charge for brand inspections nor yardage. Commission on hogs will be \$1.00 per head and 25 cents will be charged for "P.O."

In speaking of the sales, Robinson stated that he proposes to make them the liveliest possible and that no effort will be spared to boost the sales to the top of the ladder.

Robinson is a veteran farmer and rancher, having engaged in the two pursuits in Eastland county all of his adult life. He is thoroughly acquainted in livestock circles and well versed in livestock sales and trading.

Buyers from some of the leading packing houses are expected at the sale Saturday.

Final Rites Held Monday At Carbon For Mrs. McMillan

Final rites for Mrs. M. J. McMillan, 88, member of a pioneer Eastland county family, who died Saturday at the home of a son, J. E. McMillan, in Dallas, were held Monday afternoon at 5:00 o'clock at the Baptist church in Carbon. Rev. Lee Fields, officiating assisted by Rev. B. F. Clements and Rev. Mr. Holt. Interment was in the Carbon cemetery.

Survivors include three sons and one daughter: R. E. (Ed) McMillan of Fort Worth; Miles McMillan of Gorman, J. E. McMillan of Dallas and Mrs. A. H. Lockhart of Cisco. Nineteen grandchildren and 19 great grandchildren also survive.

The McMillan family, were among the early pioneers of the Carbon community and resided many years about four miles south of the town of Carbon. Mr. McMillan passed away a number of years ago.

J. C.'s Announce Stock Payments Start Tomorrow

Payments to all rodeo stockholders will commence tomorrow announced the Junior Chamber of Commerce at its meeting last night in the Gholson Hotel. The payments will be 10 per cent of the principal of the stocks held by the contributors.

A special committee was selected to establish and plan future projects for the welfare of the community. Serving on this committee are W. F. Taylor, Ralph Wagner and Bill Brown.

C. E. May reported on his recent inspection of the Texas prison system. May toured the prisons with a group of Junior Chamber of Commerce members representing all parts of Texas.

A film which was made during the tour will be shown shortly giving a graphic picture of conditions in the prisons.

More Cities To See Giant B-36

FORT WORTH, Tex., Sept. 21 (UP)—Some 25 cities in a six-state area were promised a view of the giant B-36 in flight in the near future today by an Air Force spokesman.

Cities in Florida, Michigan, Wisconsin and in some sections of Texas failed to get a view of the super bomber in flight during Air Force Day last Saturday because of weather and, in some instances, mechanical difficulties, a spokesman said.

Authorities said the extra trips would be made as "asides" during regular training operations and time for the alternate flights could not be fixed definitely.

CENTER OF HURRICANE DUE AT KEY WEST EARLY THIS AFTERNOON

MIAMI, Fla., Sept. 21 (UP)—A hurricane slammed into the island city of Key West today.

Winds roaring in from the Florida Straits 95 miles per hour and up hit the sprawling U. S. Naval Air and Sea Base where President Truman has his "Little White House."

An 8:30 A. M. EDS advisory said the center of the hurricane, where the winds were whirling counter-clockwise at 100 miles per hour, was 45 miles due south of Key West and bearing steadily northward on the city at eighty miles per hour.

Winds in the city of 17,000 population, sitting on the westernmost of the long chain of Florida Keys, were blowing steady at 75 miles per hour with gusts passing 95. The weather bureau said the center of the storm should pass over

GOP Candidate For Governor To Broadcast Tonight

DALLAS, Tex., Sept. 21, (UP)—Alvin H. Lane, Dallas attorney and the Republican candidate for Gov. Beauford Jester's past of governor, put the final touches today on his "active campaign" that he will launch tonight.

Lane planned a statewide radio broadcast over a 13-station network tonight at 7 p. m.

"I believe the people of Texas should be given an opportunity to cast their votes for someone else besides the present governor, who has proved by his actions of the past few months that he has not kept faith with the people who elected him," the attorney said.

Brother Of J. R. McLaughlin Of Ranger Dies

Mr. and Mrs. J. R. McLaughlin of Ranger received word this morning of the sudden death in Dallas of Mr. McLaughlin's brother, Marcus McLaughlin.

Details of the death were not known, only that it was sudden. Mr. and Mrs. McLaughlin left immediately for Dallas and were accompanied by their daughter, Mrs. Charlie Owens of Eastland.

Funeral plans were incomplete pending arrival of relatives from West Virginia.

Mr. McLaughlin was a retired Magnolia official and had visited in this section many times while transacting business here and visiting his brother and family.

DRAFT BOARD ROUNDING UP FINAL REPORT

By United Press — Texas' draft boards worked into the night Monday trying to round up their final reports on the state's post-war registration, which ended Saturday.

Pending final reports from all the boards, Texas Selective Service Director Gen. K. L. Berry estimated 540,000 young men signed up.

Early estimates—before the registration started—were that about 560,000 Texans would put their names on the list.

Of that number, only a relatively small percentage will be eligible for drafting under present regulations. Married men and World War II veterans are automatically exempt.

Harris County (Houston) signed up approximately 70,000, Administrative Chairman J. S. Griffith estimated.

The Dallas County registration was estimated at between 30,000 and 40,000.

Bexar county (San Antonio) draft boards registered 30,000. Other reports, most of them unofficial, from leading cities and counties showed the following:

Travis county (Austin) "well about" 9,000; Galveston County, 8,340; Jefferson County, approximately 13,000; Gregg County, 4,200.

At Orange, where the draft board serves Orange, Jasper and Newton counties, more than 4,000 men registered.

El Paso's total was more than 10,000. McLennan county signed up 7,585, and serving number 37 at Odessa — serving Ector and Andrews counties — registered 3,090.

Convict Amazed At Working Of Texas Rangers

HOUSTON, Tex., Sept. 21 (UP)—A cool, North Carolina convict pondered the workings of the Texas Rangers today, amazed at the series of swift moves that put him behind bars again.

Sandy-haired Doyle William Duckett, 30-year-old killer, was picked up early today. Rangers roused him from his bunk on a farm near Pasadena, Tex., where he worked two weeks.

"How they got me," said Duckett, "I'll never know. I figured I was free as the breeze."

He had been at liberty three weeks after an escape (his third in six years) from a North Carolina prison. Duckett was serving a 30-year sentence for second degree murder and robbery.

The man signed extradition papers and told police he was sure "they'll put me in solitary when I get back."

"The Rangers just told me they 'had information,'" he mused.

Ranger Captain Hardy Purvis had nothing to add.

Charges Being Filed In Death Accident Victim

Oscar Avera, Highway Patrolman for the State Department of Public Safety stationed in Eastland, stated this morning that charges would be filed to lay at Baird against Chester L. Alexander of Lubbock charging him with negligent homicide in the death of Mrs. Elizabeth Pate, 18, who died Monday morning in a Cisco hospital from injuries alleged to have been sustained in a car-truck collision Friday, September 11 between Cisco and Baird on Highway 80.

Alexander is alleged to have been operating the truck that figured in the collision which occurred on a bridge.

Mrs. Pate, along with her husband less seriously injured in the accident, was taken to a Cisco hospital where death occurred following the still-birth of a baby son. Mrs. Pate's home was at Monument, N. M. Accompanied by her husband and two year old daughter, she was enroute to Corsicana where funeral services are scheduled to be held this afternoon.

VOTE SQUABBLE ENTERS FEDERAL COURT TODAY

FORT WORTH, Tex., Sept. 21 (UP)—Each flanked by an impressive array of attorneys, Lyndon B. Johnson and Coke R. Stevenson went to federal court today for the first round of their legal battle over the nomination for U. S. Junior Senator.

Attorneys for Stevenson—"Calculatin' Coke"—had asked an injunction barring Johnson from the November general election ballot. Attorneys for Johnson, 40-year-old 10th district representative, were expected to argue that Federal Judge T. Whitfield Davidson's court was without jurisdiction.

Stevenson's attorneys charged fraudulent returns in precinct 13 of Jim Wells county during the Democratic Aug. 28 primary runoff election. They charged that 202 votes were stuffed in ballot boxes in the precinct after the polls were closed and that 201 of them were for Johnson.

The former governor obtained the temporary restraining order from Judge Davidson seven hours after last week's Democratic Convention declared Johnson the nominee. His order prohibited secretary of state Paul Brown from including Johnson's name on the general election ballots.

The state convention at Fort Worth certified Johnson as the winner by 87 votes over Stevenson in the run-off.

The court case even caused trouble in Dallas county, 30 miles away.

The county judges and commissioners' association of Texas, holding its annual convention in Dallas had planned to invite "the newly elected junior senator of Texas" to make an address today.

Judge E. C. Grinstead of Ballinger, Russell county president of the association, said that part of the program had been changed.

"We weren't sure who to invite," he said.

PARIS, Sept. 21, (UP)—Australian Foreign Minister Herbert V. Evatt was elected president of the United Nations General Assembly today in a runoff ballot with Foreign Minister Juan Bramuglia of Argentina.

The final vote was 31 to 20 with one abstention and six invalid ballots. The voting was secret, but obviously the Russian block of six countries refused to vote for either of the candidates who went into the runoff.

On the first ballot Evatt received 25 votes, Bramuglia 22, Zygmunt Modzelewski of Poland, 6, and Josef Bech of Luxembourg 2, with one abstention and one invalid vote.

Bramuglia, who was temporary president, had to announce his own defeat. Evatt took over the gavel immediately.

The United States, faced with a complete breakdown between the east and the west over Germany, opened its third General Assembly today on the grim keynote of fear of war.

The temporary assembly president, Juan Bramuglia of Argentina, opened the assembly in the theater of the ultra-modern flag bedecked Palais De Chaillot overlooking the Seine.

Before the leaders of both sides of a cold war which appeared to have reached the showdown stage, Bramuglia said: "We are confronted with a threat of new and dreadful human conflict."

Even as he spoke, the foreign ministers of the western powers, meeting without Russia represented, were weighing the Berlin crisis and apparently preparing to turn it over to the UN.

Bramuglia appealed to all nations to "show force and to abandon all thoughts of resorting to war, even in the cause of re-estimating peace. Obviously with the Berlin crisis in mind, he said: "War as the final point in a phase of disagreement cannot be either the goal of hope or the goal of despair. Influence must be directed in all countries away from the stimulation of warlike energies."

"They must, on the contrary, be persuaded that humanity should accept peace as a solution and hard work as a means of achieving progress."

"Humanity needs to work in peace. That is what all the peoples of the world want, even those who might seem most dangerously warlike. However many may be striving toward war, there may yet exist a world of peace."

And then he concluded solemnly: "I call upon you to reflect. I call you to peace."

Bramuglia spoke of the hope that it still might be possible to reach an understanding "between those groups who are now classified as antagonistic, and which many countries are hastening daily to take sides."

His expression of fear of war reflected the sentiment of many UN delegates and apparently of most of the inhabitants of unstable Paris.

Bramuglia even called upon President Juan D. Peron of Argentina to support his thesis that the world must strive for peace and pass up all thoughts of war. In a special message to the UN, read by Bramuglia, Peron said: "Banish hatred, set your minds at rest, and fortify your spirit. We are against no one and against nothing."

Bramuglia made no direct but many indirect references to Russia and Communism — guarded references to nations which use force to impose their will on people, and political control of the cities.

Three Uninjured In Forced Landing
TURIN, Italy, Sept. 21 (UP)—Orson Wells, Italian Actress Lea Padovani and American Singer Michael Tor escaped serious injury last night when a private plane in which they were flying made a forced landing near here.

The three artists were flying from Rome aboard a Beechcraft plane to make an appearance in Turin at the International Automobile Show for the benefit of tubercular children.

Secretary of State George C. Marshall, right, was met at the Paris airport by W. Averell Harriman, left, director of European Recovery Program, as Marshall arrived in the vanguard of a gathering of top-flight diplomats for urgent consultations on the Berlin crisis. — (NEA Radio-Teletype photo).

Russians Ran Danube Parley; U. S. 'Never Had a Chance'

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—The U. S. team of diplomats that took a 7-to-3 beating from Vishinsky's Balkan satellites at the Danube River conference in Belgrade, Yugoslavia, has now come home, tail dragging.

"We got one field goal," one of the team alibied, "but they scored the touchdowns and extra point. We never had a chance."

There were only a few lighter moments to relieve the monotony of the three weeks' beating. There was only one party. It was given by Yugoslav Foreign Minister Stanoje Simich. The 200 conference workers from the 10 national delegations were there and several hundred local dignitaries besides.

It was supposed to be cocktails from six to eight, but it turned out to be white wine, exclusively, with the usual hors d'oeuvres. Around 9:30 word spread through the crowd that Marshal Tito would show up, so nobody went home. Most of the delegates went home about midnight, but the party went on till dawn. Tito never showed.

RUSSIAN expert on Danubian affairs at the conference was Prof. V. N. Durdenevsky. He is a slender, bespectacled, walking encyclopedia with Trotsky mustache and thin shoulders. But to the Americans he became known as "the man with the spiky shoes."

At formal conference sessions the chairman sat at the head of a long table. The Americans under Ambassador Cavendish Cannon sat at his right. British, French and others sat beyond the Americans. The Russians sat at the chairman's left, with other delegations down that side of the table.

Durdenevsky sat behind Vishinsky. At one session Durdenevsky rose, walked behind the chairman, behind the American, British and French, down to the head of the Romanian delegation. Durdenevsky openly handed the Romanian several sheets of typewritten paper, then walked back to his seat, his shoes squeaking loudly all the while. Durdenevsky then walked down the Russian side of the table to the Hungarian delegation, on Vishinsky's left. Again several pieces of paper were passed. Durdenevsky squawked back to his seat.

Immediately thereafter the Romanian delegate read "his views" as given him by the Russian. The Hungarian followed. The whole proceeding was as raw as that.

MOST significant development at the conference, from the American point of view, was Russian refusal to consider submitting to the World Court any future disputes arising out of the Danube agreement. In one of his customarily sarcastic speeches, Vishinsky flatly rejected this proposal. His argument was that the Court of International Justice reflected the composition of the United Nations, which he said was controlled by the Western majority.

Vishinsky charged that the judges on the court would therefore be influenced by the political views of their native countries. And he indicated that the Russian government would have nothing to do with settling future international disputes by judicial methods.

This was an amplification of a point of view expressed by Vishinsky at the United Nations General Assembly last November. The General Assembly was then considering an Australian proposal that UN members make more use of the court for advisory opinions.

Interpretation of the UN Charter and the settlement of disputes between member countries were political matters, Vishinsky maintained, and not legal matters in which the court should be limited. Soviet Russia, Poland and Yugoslavia each has a judge on the 15-member International Court of Justice. But if the Soviet purpose is to make no use of the court in the settlement of disputes, then here is just one more UN agency which the Communists intend to sabotage. The alternative is to settle all issues by power politics.

Overize Radishes Make County Famous

MINNEAPOLIS (UP)—Ramsay County might be the smallest and most rural of Minnesota's 87 counties but it still can boast four crops a year agriculturally.

The Ray La Salle family has been growing the overize radishes in rich loamy soil that were unutilized peak. Radishes grow so quickly in the soil that the time from planting to harvesting is only 18 to 20 days.

Most of the crop is shipped to northern Minnesota, Michigan and Canada.

Norris-Newton Feud Continues

ATLANTA, Ga. Sept. 21 (UP)—Dr. J. Frank Norris, pastor of the First Baptist church of Fort Worth, Tex., today continued his feud with Dr. Louie D. Newton, Atlanta Baptist minister, over Communism.
 An informal disposition hearing was scheduled in Newton's study during which Norris said he would ask Newton to answer 17 or more pointed questions about the Atlanta clergyman's relations with Russia.
 They were the same questions, plus a few more, that Newton refused to answer during last year's Baptist Convention of St. Louis, Norris said.
 Norris claimed he had the chance now to force Newton to answer the questions or be in contempt of court. Today's hearing reportedly was to be oral with no court officer higher than a justice of the peace present.

BULLDOGS PREP DEFENSE TO STOP ALBANY BACKS

BY MARVIN GROSS A. V. Jones, Albany ace ran all afternoon against the Bulldog line yesterday and couldn't gain enough to keep respectable. But the only fly in the ointment was that Mr. Jones was not exactly there in person—Billy Wayne McKinney donned a number 18 jersey and ran the double wing plays.

Warden realizes all too well it won't be quite that easy to trot the Lion threat come game time but he's working his boys like Trojans trying to get them acclimated to defending against the double wing attack.

In the Albany offensive game the backfield lines up in a T-formation — then usually shifts to their double wing. But at times they do run off their T which makes things a little muddled for the opposition.

Yesterday the version of the Albany attack as practiced by the reserves caused the first stringers no trouble in fact the bench warmers couldn't get out of reverse gear all day. Marvin Wilson and Frog Langley made a shambles out of the inside plays while ends Jimmy Lee and Keith Munnerlyn were too tough to sneak around.

Two line-up changes will alter the Bulldog starting formation when kick-off time rolls around. From here it looks as if the place kicking demon Jimmy Comancho has the inside track on the left half spot formerly held by Kenneth Williams. Williams will be shifted over to right half replacing Billy Simpson.

Little Jimmy Patterson, 134-pounds of fiery lineman looks to take over the left guard spot, replacing Charles Wheat. Then again Warden intends to make more offensive and defensive switches.

Twin touchdown errors on the Albany squad are the aforementioned Jones and quarterback Ronnie Miller. Jones moves the scales to 170-pounds while Miller tips in at 180—which beats anything the Bulldogs can offer in the way of backfield talent.

The remainder of the starting backfield Cloyd Knight and Ronnie Macon are more average sized weighing 145 pounds.

The Lions will field a slightly heavier line than the local gridironers. Left tackle Bill Webb is listed at 210 pounds while his running mate at the other tackle David Lewis displaces 185 pounds.

"This will be our toughest hurdle of the season and if we sail through this Albany gang we should be on our way to one of our best seasons in years," said Warden yesterday.

But it will be a steady diet of double wing plays for the Bulldogs up until Friday evening. Then the boys promise a heap of trouble for a couple of highly touted Albany backs.

Oliver Wins Playoff TACOMA, Wash., Sept. 21 (UP)—Ed (Porky) Oliver, the poly-shotmaker from Seattle, took home a \$2,150 first prize today as a result of his triumph in the Tacoma open golf tournament.

Oliver won the playoff-off-a-playoff for first place yesterday, beating Gary Middleoff of Memphis, Tenn., with an eagle three on the first hole of a sudden death playoff.

Richard (Pancheo) Gonzales, right, holds trophy after he defeated South Africa's Eric Sturges, left, at Forest Hills, New York, to take the National Amateur Tennis Championship. Pancho took the match in straight sets, 6-2, 6-3, 14-12. — (NEA Telephoto).

Coaches Speak At Quarterbacks Club

Coaches Boone Yarborough and Stubby Warden discussed their respective team's chances in future games, last night at a meeting of the Quarterback Club at the Chamber of Commerce office.

Yarborough said he was pleased with his team's showing in the Kilgore yards and figured the Rangers had passed their toughest game. He praised the offensive drive shown by the team, stating that rival coach Will Walls had called the slickest T's in football "free."

Warden noted that Friday's game with Albany would be the most difficult test his Bulldogs will face this year. The Lions have tremendous power off their double wing attack and the Bulldogs will have to be at their peak to come off with a win, the coach added.

A committee was appointed to start plans for the promotion of amateur boxing bouts in Ranger in the near future. Proceeds from these matches will be used to aid the football team.

Midland Shooter Wins Skeet Title

LAS VEGAS, Nev., Sept. 21 (UP)—George Glass, Jr., Midland, Tex., sharpshooter, held the National Junior Skeet Championship today with a perfect 100 score.

Parker Prentiss of Fabens, Texas, took the sub-junior title with a 95.

B. E. Di Iorio of Utica, N. Y., and Pete Read of San Angelo, Tex., were forced into a shoot-off for first in the champion of champions event after cracking perfect 100's, along with Kerry Batten of Chicago. Batten dropped into third place in a preliminary shoot-off.

Port Arthur Top Schoolboy Team

DALLAS, Tex., Sept. 21 (UP)—Coach John Tomlin's Port Arthur Yellow Jackets held tightly to their first place in the Dallas News' schoolboy football poll today for the third week with 20 of the 22 votes cast by sportswriters over the state.

Port Arthur held a total of 216 votes out of a possible 220 while Amarillo, which captured the other two first-place votes, held 141 points. Amarillo moved up from fifth to second after defeating Childress 39-6 last week.

San Antonio's Brackenridge pulled up from eighth to third on the strength of its 27-6 victory over Abilene while Wichita Falls 26-13 win over Denison pulled the Coyotes into fifth place. They were not ranked in the top 10 last week.

Waco climbed two notches to fourth.

Mexican League Lacks Players; Closes Operation

MEXICO CITY, Sept. 21 (UP)—The Mexican Baseball League, organized by Jorge Pasquel with plenty of pesos, today ended up with plenty of nothing.

The official death knell of the hot tamale circuit was sounded last night by Col. Octavio Rueda Magro, league secretary, who said that mid-season departures of "A great number of players, both Mexican and foreign, placed the stability of the league in a serious predicament."

"Not being able to present the worthy spectacle that the public merits, it has become necessary to end the 1948 season, as of today," the colonel said.

One league official said that the circuit was losing from \$9,000 to \$10,000 a week recently, with a budget of only \$15,000.

The New Mexico game department spends about \$365,000 annually in its program of reclamation, fish hatcheries, and law enforcement.

Navy Has Taken Pastings, but Comes Back for Plenty More

BY HARRY GRAYSON NEA Sports Editor

NEW YORK—(NEA)—Speaking of tough schedules, how about Navy's? You've got to hand it to the Midshipmen. They take their pastings, and come back for more, and never as much as think about picking spots.

This fall's schedule is typical—California, Cornell, Duke, Missouri, Pennsylvania, Notre Dame, Michigan, Columbia and Army, in the order named.

A trip to Ann Arbor after a joust with Notre Dame in Baltimore, alone is enough to test the Chicago Cardinals, let alone a band of young Midshipmen under a new coach.

Notre Dame may be having a tough time arranging a satisfactory schedule, but the Irish retain their backs office magic. There will be no public sale for their eastern appearance in Baltimore's Municipal Stadium, Oct. 20. The Naval Academy Athletic Association is already swamped with requests, but alumni of the two institutions will utilize all 63,000 seats, with each old grad limited to four.

Navy is giving Baltimore, its home lot, a whale of a football program, bringing in California, Cornell and Missouri prior to Notre Dame. California's lone eastern showing in the opener, Sept. 25, is also proving a magnetic attraction, for Pappy Waldorf's men, who capped nine of 10 last year, are given a grand chance to go to the Rose Bowl.

And in Don Faurot's Missouri varsity, people along the Atlantic seaboard will see a fine brand of Big Six football.

WHAT kind of a squad is Annapolis sending on this men-sized assignment? It's not too bad, and for the first time in 15 years the Sailors are coached by a competent career coach. He is George Sauer, formerly of Nebraska, the Green Day Packers, New Hampshire and Kansas. With the professionals, Sauer was exposed to such stick-outs as Don Hutson, Arnie Heber and Cecil Isbell, and obviously kept both eyes open. He brought his assistants with him.

Football men will tell you a lot of excellent material was wasted at Navy the last two autumns. There are players still around who contributed to the near upset of supposedly invincible Army in the smashing closing game of 1946.

California and Columbia beat Navy by no more than a touchdown in 1947. Duke was tied, Cornell smacked, and Georgia Tech required an illegal pass play to shade the Midshipmen.

Sauer's principal problem is lack of depth at center, the tackles and ends. Co-captain Scott Emerson has already been shifted from guard to tackle.

Navy has had a full measure of tough luck the past two disastrous campaigns, so has the law of averages on its side. As George Sauer says, the Midshipmen will need it, but there'll be a better job of casting and fewer mistakes made on the Severn.

Longhorn League championship. The Dusters moved ahead in the series standings, 3 games to 2, by beating the Midland Indians, 7 to 5, last night.

By winning tonight, Vernon would end the best-of-seven series at six games. If Midland ties the series count, the final game will be played Wednesday night in Vernon.

WEST TEXAS—NEW MEXICO LEAGUE PLAY OFF Amarillo can win the championship of the West Texas-New Mexico League tonight in the fifth game of the final playoff, scheduled at Pampa.

The Gold Sox won last night, 12 to 6, to stretch their lead to 3 games to 1 in the series. It was a free-hitting affair, with Amarillo banging out 16 blows to 11 for Pampa. Pampa helped the Gold Sox along by committing 5 errors afield.

LONE STAR LEAGUE Kilgore was two games out in front today in the final playoff series with Longview for the Lone Star League championship.

The Drillers made it two in a row by swamping the Texans, 11 to 0. Kilgore, No. 1 team in the League during the regular season, scored in every inning played except the seventh and did not bat in the last of the ninth. The Texans were held to six hits.

The teams move to Longview for the third game of the series tonight.

INJURIES PLAGUE Mustang Reserves DALLAS, Tex., Sept. 21 (UP)—Three reserves were on the injured list today as the Southern Methodist Mustangs prepared for their Saturday renewal of inter-sectional rivalry with the University of Pittsburgh.

Most serious injury was that of guard Herbie Wales, former Highland Park guard whose back ailment may keep him out of uniform for several weeks. A bad knee handicapped blocking back James Marion and a sultry treatment bothered guard Bob Welch.

Coaches were stressing a defense for the reputed strong running game they will face in Pittsburgh.

Top Three Teams Dewey Close On Truman's Heels Post Victories

It was still the Red Sox by a game today as the three front-running teams all hung up victories in the American League.

Southpaw Mickey Harris, an in-and-outer all season was in yesterday as he tossed a four-hitter to beat the Tigers, 4-2. And the Yanks had a few headaches with the Browns but the peerless one, Joe DiMaggio singled in two deciding runs in the eighth to give the Yanks an 8-7 victory. The Jeter also clouted his 39th home run.

The Indians clung to second place by downing the Athletics 6-3. Gene Bearden earned his 16th triumph but needed help from Russ Christopher in the seventh.

The Dodgers took over second place by downing the Cubs 4-2. As the Braves-Reds game was washed out, the Boston lead was shaved to five-and-a-half games.

The Phils made it four straight over the Pirates with a twilight doubleheader victory, 5-2 and 7-4. Robin Roberts twirled a six-hitter to win the opener.

Texas Priming For Tarheel Game

AUSTIN, Tex., Sept. 21 (UP)—The rough and ready Longhorns from Texas University, in for a possible revenge scrap from the Tar Heels of North Carolina, embarked on the first of a two-day rough workout today in preparation for their trip to the coast state.

Texas meets North Carolina at Chapel Hill Saturday. The Longhorns dropped the Atlantic Coast last year, 34-0.

Yesterday's workouts were composed principally of light physical workout, review of tactical errors and a re-employment of the offensive attack for the Saturday game. Coach Blair Cherry also went over his defense set-up, which he hopes will stop the Tar Heel's Charley Justice.

Dick Harris, who suffered a wrenched knee in Texas' 35-0 victory over Louisiana State University last Saturday, was limping today and it was problematical whether he would see service against the Tar Heels.

Title Bout Postponed

HOUSTON, Tex., Sept. 21 (UP)—Illness of defending title Dolph Quijano of El Paso forced postponement today of tonight's scheduled Texas Light-heavyweight championship battle.

Promoter Jimmie Guest said he received notice from Quijano's brother and manager that the champion had been stricken with pneumonia poisoning.

The new date, agreed upon by Quijano and challenger Eddie Lamarr of Oklahoma City, was Sept. 28.

Moines that a United America under his leadership would restore the peace of the world.

En Route With Dewey, Sept. 21 (UP)—Gov. Thomas E. Dewey, the Republican presidential nominee, followed President Truman into Colorado today to talk about the same subject—development of western resources.

Dewey speaks in Denver tonight at 8:30 P. M. MST.

Paul Lockwood, the New York governor's secretary, said the candidate would talk about "our land as the basic source of our country's material strength."

That was the same subject the President used in his Democratic campaign speech at Denver yesterday. He accused the Republicans of "undercover sabotage of the west" and attempting to turn the country back "to the day when the west was an economic colony of Wall Street."

Lockwood said Dewey "will discuss the need to conserve our natural resources and to develop our country for the future."

"He will pledge an administration that understands our land and water problems and that will keep our country strong as it works earnestly for peace in the world," Lockwood said.

Dewey hit hard on the peace theme in three speeches which he launched his western campaign swing yesterday.

He told train-side audiences at Dock Island, Ill. and Davenport, Ia., and a huge crowd at Des Moines that a United America under his leadership would restore the peace of the world.

Border Consulates Not To Be Closed

WASHINGTON, Sept. 20 (UP)—The State Department, in the face of protests from seven senators and congressmen, today reversed its decision to close down the American consulates at Matamoros and Agua Prieta in Mexico near the U. S. border on Sept. 30.

The department said both consulates would be kept open for at least four more months. The question then will be reexamined, it said.

Matamoros is located across the Rio Grande river from Brownsville, Tex. Agua Prieta is located opposite Douglas, Ariz.

pha Russell and Gwindola King, negroes, about eight blocks from police headquarters.

The officers found a drinking party in progress. Among those present were the Bell brothers, Miss Russell, Miss King, and a girl named Ora Bell who was identified as George Bell's girl friend.

The officers told the Bell brothers they would have to go to headquarters to be booked for disturbing the peace, according to Miss Bell.

The brothers went for their coats, but instead, George pulled a shotgun from the closet and shot Neaves, according to Miss Bell. Washington turned to run down the stairs but was felled by another blast.

Then the brothers discovered Neaves was still alive, Miss Bell said.

"You ain't dead yet," she quoted William Bell.

Miss Bell said he took Neave's service revolver from his holster and shot him in the head.

A LITTLE BUTTER HELPS ON TELEPHONE PARTY LINES ... TOO

Everyday expressions of politeness such as "Excuse me" and "Thank you" please your party-line neighbors and help build good will.

If you happen to pick up the receiver and hear someone else talking, a simple "Excuse me" will make the other person feel much better about the interruption. Chances are he will be equally courteous the next time he happens to interrupt one of your calls.

Today many people are making out with party-line service when they need and prefer a line of their own. Later on when all the people who are waiting get telephones... we'll again be able to install private lines. Meantime, courteous telephone habits should insure satisfactory and pleasant service on your party line.
