UN Overrides Russia, To Air Berlin Crisis

Well...
I Dunno,
But...

Sometime ago we wrote something about S. J. Heffner having a hen that had laid two eggs in one day. But today Mr. Heffner says he is ready to haul in his record.

His son-in-law, Robert Cooper of Baytown has sent him a clipping that makes his hen look like a sluggard. A hen belonging to an eight-year-old boy near Huntsville, laid 14 eggs in one day. He has witnesses to the accomplishment. Twelve of the eggs were laid in four hours. The next day the hen laid seven eggs, then skipped a day and the next day laid four eggs. After that she laid one and two eggs a day until a few days later laid three and two days later laid six. All are normal size eggs.

Some hens must be out to beat the high cost of living for the owners.

Called to our attention today was the fact that there is some confusion about the Cisco Junior College-Ranger Junior College football game.

The game is to be Thursday night at 8 o'clock on the Cisco field and not Saturday night as previously announced.

Remember that open house tonight at the Community Clubhouse. The Ranger Civic League is host and you're invited to attend.

Jimmie Latimer and George Murphy were determined that Ranger's football players got water when they called for it and out of nice new bottles that hold plenty of water.

They got the idea of doing something about it and mentioned the fact to Mr. Kilgore of the Kilgore Creamery. He got the idea right quick and right back came 16 brand new bottles in two brand new wire racks. Furthermore, Kilgore will replace the bottles if any of 'em get broken. The bottles will go into service this week.

Speaking of football, S. A. Hightower says that he's got the tickets for the Cisco-Ranger high school game here Friday night and if you want one you can get it by calling at his Texas Electric Service company office.

ITALIAN COUNT DIES
ROME, Oct. 5 (UP) — The death of Count Alberto Marchetti, career diplomat who for 34 years served Italy as counselor of the embassy in Washington, Minister to Mexico, ambassador to Turkey and personnel director general of the foreign ministry, was announced today. Marchetti, 57, died in Turin.

HURRICANE CONTINUES DESTRUCTION; EXPECTED TO STRIKE KEY WEST

BY FRANCIS MCCARTHY
United Press Staff Correspondent
HAVANA, Oct. 5 (UP)—Hurricane winds reaching 130 miles an hour spread death, injury and destruction through this Cuban capital city of 500,000 persons early today and then headed for Florida, where they were expected to strike Key West by noon.

Lone Gunman Gets \$15,000

MALONE, Tex., Oct. 5 (UP)—A lone gunman who sneered at small money and kept demanding \$100 bills robbed the Malone State Bank of an estimated \$15,000 or more shortly before noon today.

E. M. Mann, vice president of the bank in this sleepy little central Texas farm town of 500 persons, said the robbery might have netted the unmasked bandit as much as \$18,000.

As he fled Malone in a black Ford sedan of undetermined age, the robber narrowly missed colliding with a farm tractor, backing from a curb into the town's main street.

The robber, described by Mann as between 40 and 45 years of age, locked Mann, assistant Cashier Mrs. Weidon Kaddatz, and Billy Gelpmeier, a customer, in the vault.

Mann fixed the time of the robbery as 11:35 P. M.

"This fellow came in a side door just as I was taking Billy Gelpmeier back to the vault, where he wanted to get some insurance papers," said Mann.

"He asked where the cotton office was, and Billy spoke up, telling him it was across the street. 'He didn't move off very fast, and that created some suspicion. That, and the look in his eyes. 'Billy and I started into the vault and I said to Billy, 'that fellow is going to stick us up. I'd better get back up there with the lady.'"

"Just as I came out of the vault to look about him, he stuck a gun in my side and ordered Billy and me to go up front. He handed me a sack and ordered the lady to get up from her posting machine."

With all three under the gun, the robber marched back to the vault.

"I thought I'd try to give him my one dollar bills and save my big money," said Mann.

"But he kept calling for \$100 bills. I told him I didn't have but one in the bank and that was up front."

"He said, 'let's go get it,' so we went up there and I put it in the sack. He made me put in everything else, except some silver and a few one's."

Mann used a screwdriver to free himself, Gelpmeier and Mrs. Kaddatz from the vault. Authorities throughout the area set up road blocks. As it left Malone, the robber's car was speeding in the direction of Hillsboro, 10 miles to the southeast.

Mann said the gunman wore a hat, jammed down over his head, and a handkerchief, tied around his neck as if ready for use as a mask.

"He never did pull it up, though," said Mann.

He estimated the man's weight at 180 to 190 pounds and said he was attired in a khaki shirt and gray trousers.

"He had a glove in one hand and a gun in the other," Mann recalled, nervously. "I tell you, it's quite an experience."

"He told us that there was another man outside in the car, but the man on the tractor the robber almost hit said he saw only one person in it."

The Malone bank had never been robbed before.

Segregation Discourages School Girl

Iva Begay, seventeen-year-old Navajo Indian school girl returned to her father in Flagstaff, Arizona after she was ordered into the "Jim Crow" section of a cross country bus in Amarillo, Texas. She continued on to Oklahoma City but on arrival there became discouraged and returned home. Iva was enroute to Sarah Lawrence College in New York to accept a scholarship. She said she may decide to return to New York later but will steer clear of Texas or any part of the "Jim Crow" belt. — (NEA Telephoto).

JUDGES ORDER TO JURY BRINGS OUT SCANDALS

FORT WORTH, Tex., Oct. 5 — Week-end marriage marts, where health certificates may be obtained at any hour of the night without any kind of a physical examination, apparently are in full swing in Parker county, it was reported here today.

Tarrant county judges who handle divorce cases here related said tales from Parker county, particularly in the Weatherford vicinity, of "kid marriages," wedding involving bigamy, drunken youths and adults who become man and wife, if only for a night or so.

Speaking of the health certificates, Judge J. E. Carter yesterday in charging the new Parker County Grand Jury to investigate a so-called marriage market reported in the county. Judge Carter related one case of a girl, 13, being married, and severely criticized weddings of persons under legal age, in addition to rapping drunken marriages.

Judge Frank P. Culver of 17th district court here has granted "hundreds of annulments to persons who got married at Weatherford under illegal conditions," he said. Many of these were due to intoxicated weddings, he added.

Judge Bob Young of the 48th court learned of the health certificate market, he said, from the trial of divorcees where the principals were wed in Weatherford. He has a case currently before him involving a girl under the legal age of 18. She has been married three different times in Weatherford, he said.

Judge Tom Renfro of 96th District Court here has ruled in numerous annulment cases where the marriage occurring at Weatherford involved youths under marriage age, or who were intoxicated, he said.

Annulment petitions selected at random by reporter from the files of the district clerk's office here show five out of eight picked involved Weatherford marriages. One was a youth, 18, and his bride of 22. They lacked age certificates, a few days after their marriage, the youth learned his wife was to become a mother by another man, the petition states.

A couple married June 10 at Weatherford ran into a legal snare when it turned out the husband already had a wife. Two men married women at the Parker county seat, and learned later that the women already had husbands. The information all came from petitions on file in the clerk's office.

A Fort Worth man met a girl in a cowtown night spot, took her to Weatherford—28 miles away—passed her off for 18 when she was 16, and married her. She now wants a divorce, her petition states because she did not know "the seriousness of her act."

TICKET SALE
Tickets for Thursday evening's football game between Ranger Junior College and Cisco will go on sale tomorrow. They may be purchased at Dr. Boswell's office.

Jack Moudy and family will leave today for Columbia, Missouri where Mr. Moudy will take over the duties as manager of the Montgomery Ward and Company Store.

Jack Moudy To Manage Columbia Missouri Store

Moudy stated today that the move is a very pleasant surprise to him as it is one of the company's stores doing a million dollar business annually. Another happy connection is the fact that it is only about 30 miles from his home town of Jefferson City.

He stated today that a Mr. Garrett who has been assistant manager at the Waco store will arrive in Ranger today to take over the management here.

Moudy expressed regret at leaving Ranger and stated that his stay here had been a most pleasant one.

CORNELIUS BUYS CISCO HOSTELRY

Sale of the Laguna Hotel in Cisco to Victor Cornelius of Eastland for an undisclosed consideration was announced here this week. Contract of sale has been executed and transfer of title is expected to be completed within the next few weeks.

The hotel, a 100-room, eight-story steel concrete and brick structure built in 1928 at a cost of approximately half a million dollars is being sold by William Seipel of San Antonio through Edwin Schroeder Co. & Associates of that city. It was purchased by Mr. Seipel from the National Hotel Company of Galveston in 1944. Guy Patterson, Eastland realtor, handled details of the transaction from the sellers.

Included in the sale are several business buildings in the same block.

Purchase of the Laguna is the first substantial venture into hotel property by Mr. Cornelius whose career acquired an Alger-like touch some ten or twelve years ago by his almost fabulous success in developing an obscure idea into a theatrical advertising service of nationwide proportions. His firm operates at Eastland one of the largest printing and graphic arts plants in West Texas.

Since building his advertising business, however, Mr. Cornelius has invested heavily in real estate, principally in apartment properties and business houses at Eastland, and in oil holdings, some of which are in the immediate Cisco area.

Purchase of the Laguna, Mr. Cornelius said, was prompted by the steady and widespread oil and gas development in this area and the favorable outlook for new production. He plans a thorough renovation of the property to place it in the top rank of small city hotels.

The Laguna was opened to the public in March, 1929, and was then regarded as one of the best appointed hotels in this section. It was built by William C. Witt and Associates after a campaign by Cisco Chamber of Commerce and civic leaders who raised \$140,000 as Cisco's contribution toward a cost of nearly \$500,000. During the depression and after a flush East Texas oil field and ten-cent oil had spelled a temporary decline in oil activity in West Central Texas, the hotel suffered the fate of numerous other properties in West Texas and went under the hammer. For several years, however, and since the revival of oil and gas activity here, it has been unable to meet the growing demand for accommodations.

Mr. Cornelius' purchase of the property is hailed with satisfaction by Cisco business and civic leaders as a positive step toward restoring the hotel to its former prestige and necessary service to the community and the public at large.

Dr. Wier To Welcome Singers

Dr. A. K. Wier of Ranger will deliver the welcome address when the Eastland County Singing Association meets in Ranger Saturday night and Sunday.

The opening meeting of the association will be Saturday night at the high school auditorium and quartets and song leaders from all of the area are expected to attend. Song leaders from several associations have indicated their intentions to attend.

A meeting has been called for Friday afternoon at 4:30 o'clock at the Chamber of Commerce to discuss final plans and details for the convention. All interested persons are urged to attend.

Little Toes Shrink
JEFFERSON CITY, Mo. (UP)—Future Americans may have no little toes if the present trend continues, in the opinion of Dr. Frederick A. Pelletier, a local chiropodist. Pelletier says many little toes already have lost one of three bones because of the shoe styles and disuse.

VOTE 9 TO 2; SOVIET, UKRAINIAN MINISTERS THREATEN WALKOUT

Speaker Pleads For Preservation Of U. S. Freedom

Mrs. Johnnie Dean of Stephenville, a French woman who has been in this country only two years closed a talk on the German occupation of France at the Jaycee luncheon Monday at noon, with a touching appreciation of the freedom of this country and an appeal to keep it that way.

Mrs. Dean related some of the brutalities of the Nazis and the suffering they brought about. She told about 90 students of the University of Paris who were executed for participating in an Armistice Day demonstration and of the friend of her family that returned from Buchenwald so emaciated and frightened that he died shortly after his return. One Christmas, Mrs. Dean and her mother and father had only two eggs for Christmas dinner and these at a price of 80 cents each. She was able to get the eggs from a farmer through the fact that she was a teacher. She said that they were forced to patronize the black markets where, as an example, butter sold for \$10 a pound.

Mrs. Dean was introduced by Mrs. Rufus Higgs of Stephenville who explained that she came to this country with the intention of teaching at Columbia University, but married instead. Mrs. Dean is a graduate of the University of Paris and has an M. A. degree from the Sorbonne.

The program was arranged by Price Crawley and C. E. May, Jr. May introduced Mrs. Higgs.

The luncheon was held at noon at the Gholson Hotel and was attended by members of the Junior Chamber of Commerce and a number of guests. Morris Newham, president, presided at the luncheon.

Lewis Calls For Truman Defeat

CINCINNATI, O., Oct. 5 (UP)—John L. Lewis today criticized President Truman as a "malignant scheming sort of individual who is dangerous not only to the United Mine Workers but dangerous to the United States of America."

"It devolves upon you," Lewis told the opening of his union's 40th convention to "decide whether he is to be a future president."

The 2,900 delegates shouted "no!" They applauded almost every critical reference made to Mr. Truman during his opening address. And there were many in the 25 uninterrupted minutes that consumed most of Lewis' speech.

"Harry Truman is totally unfit for the position," Lewis said. "His principles are elastic. He is careless with the truth. He has no special knowledge of anything. He is a malignant scheming sort of individual who is dangerous not only to the United Mine Workers but dangerous to the United States of America."

Lewis made no reference to Mr. Truman's Republican rival, Gov. Thomas E. Dewey.

The miners' boss said that Mr. Truman prosecuted the union for twice striking against federal court orders and recommended big fines "because he was so cowardly to send me to jail."

BY R. H. SHACKFORD United Press Staff Correspondent

PARIS, Oct. 5 (UP) — The United Nations Security Council, over the bitter objections of Russia, voted today by 9 to 2 to give a full public airing of the Berlin dispute. Soviet Delegate Andrei Vishinsky immediately announced that Russia will boycott the council's debate of the issue.

Taking the floor immediately after the vote by which the council agreed to place the Berlin crisis between the Western Powers and Russia on its agenda, Vishinsky said: "The Soviet delegation wishes to state that it will not participate in the deliberations of the Security Council."

I was not immediately clear, however, whether Vishinsky actually would walk out of the council meetings, as Soviet Delegate Andrei Gromyko did in 1946 on the Ukrainian issue, or would remain in the sessions but not take part in the discussions.

Ukrainian Delegate Dmitri Manuiski immediately announced similar to Vishinsky's. The Ukrainian has been the only nation which voted with Russia in placing the Berlin question on the agenda.

Both Vishinsky and Manuiski remained in their seats after making their announcements, and Argentine Delegate Juan Bramuglia, chairman of the council, immediately adjourned the session until tomorrow morning.

It remained to be seen at that time whether Vishinsky and Manuiski and their aides would attend.

Bramuglia had ordered the council to vote on the question of including the Berlin issue on its agenda at 5:20 P. M. (11:20 A. M. EST) and the actual vote came a few moments later.

It was a foregone conclusion, Vishinsky in two speeches of protest against Security Council consideration had been able to elicit no support except from the Ukraine, always a Soviet satellite.

Vishinsky protested that the Security Council had no jurisdiction in the case, that the Western Powers were seeking to wreck the Big Four Council of Foreign Ministers, which he said was adequate to deal with the problem, and that consideration by the council would violate the UN charter, and the Potsdam and Yalta agreements.

But all nine nations of the council except Russia and the Ukraine joined in asking, in effect, why Russia should oppose a Security Council airing of the whole Berlin question unless it were, indeed, creating a threat to peace by its actions there.

The Soviet Union has maintained a surface blockade of the German capital for three and one-half months, forcing the Western Powers to supply the 2,500,000 Germans in their sectors of the city by an air lift which has cost millions of dollars and several lives.

Vishinsky had foreshadowed the Russian boycott of council discussions of the Berlin question in his fiery speech yesterday when he told the council that consideration would be a violation of its charter.

"The Soviet Union will not be a party to such violations," Bramuglia did not give Vishinsky and Manuiski enough time to stage a walkout today, even if they had desired to do so. No sooner had Manuiski finished parroting the words of his Russian leader than the chairman banged his gavel and announced adjournment until tomorrow.

Outside the chamber, Vishinsky brushed off queries from reporters as to whether he and Manuiski would attend tomorrow's session by saying: "You will see that tomorrow."

Mrs. Ernst Back From Funeral For Relative

Mrs. A. E. Ernest has returned from New York where she was called by the death of her brother-in-law, Owen F. McGee, of Dallas, formerly of Ranger.

Mr. McGee died suddenly while in New York on a vacation. Death occurred at Warsaw, New York, where services were conducted at St. Patrick's church, Sept. 24. Interment was in St. Patrick's cemetery at Java Center, New York.

He is survived by his wife, who is Mrs. Ernest's sister and daughter, Mary Margaret McGee.

Okinawa Hit By Typhoon In Nite

TOKYO, Oct. 5 (UP)—A typhoon that struck Okinawa late last night caused at least \$10,000,000 damage to installations and airfields loaded with B-29's and the newest type fighter squadrons, fleet reports indicated today.

First reports said there were no casualties, although fears were expressed earlier for the safety of 55 dependent families on the island.

Allied Headquarters announced at 6 P. M. (Tokyo time) that communications with Okinawa were restored. There was no detailed description of the damage. Terse Army reports said a "close inspection" revealed "that some warehouses were damaged severely and that pira B and C received some damage."

Southerners Welcome
CONCORD, N. H. (UP)—For the first time, New Hampshire apple growers are planning to use southern migrant farm labor in harvesting their crop. Albert Page of the state employment service said local workers would, as usual, get "first chance," but that arrangements are being made to fill out the labor supply with migrant farm hands.

RANGER DAILY TIMES SPORTS MARVIN GROSS Sports Editor

RANGERS QUIT CONTACT DRILLS AS INJURIES WEAKEN LINE-UP

By MARVIN GROSS Curtailing all heavy scrimmages until the Cisco game Friday evening, Ranger Coach Boone Yarborough is hoping old man injury won't wreak further havoc with his ball club.

Big Charley Sullivan came up with a bad knee on the final play of Friday's scrimmage while half-back Claude Neeley has been nursing a bad elbow for the past few days.

Yarborough rates the Cisco set to be a key ball game. The Wranglers are rated as one of the top teams in the conference despite their lack-lustre performance thus far this season.

In their season's opener, the Hardin Simmons freshmen 14-7 in a give or take ball game, decided in the final quarter. Then opening conference play Cisco squeezed past Clifton, 13-7.

But in last Friday's tilt against Navarro Junior College, a non-conference affair, the Wranglers stayed mired in their own territory throughout the game and any resemblance to a winning football team just wasn't.

"I think that bunch will be on the rebound when we face them," commented Yarborough. "They showed me too much in the Clifton game and I know they're a better ball club than what they looked in that 19-0 loss to Navarro."

Despite the setback, Cisco is currently tied with Hillsboro for the conference lead. Each eleven has one victory against no defeats.

The Wranglers will line up in the single wing, running mostly through tackle and ground end. Blessed with a set of speedy backs, Coach Jack Everett disdains power football, championing the razzle-dazzle stuff mixed with a quick striking aerial game.

The Rangers intend to throw the book at Cisco come Thursday evening. Although they rolled up 45 points against Texas Military College the Rangers used but five or six different plays. But Yarborough intends to break the seal and give the Cisco fans a complete eight act performance.

For the remainder of pre-game time the Rangers will polish up their defenses for the Cisco single wing attack. And offensively the team will keep plugging away at the potent aerial game. Again the Ranger batteries will be Ar-

terburn to Veepier and Arterburn to Blitch.

Hunt Is Choice In Senior Golf

SAN ANTONIO, Tex., Oct. 5, (UP) — Willy Hunt of Houston, defending champion of the Texas senior golf championship tournament, led 192 linksmen into today's 18-hole match play at the San Antonio country club.

Yesterday, 32 of Texas' best golfers, all over 50, shot their way into the championship flight of the 12th annual tournament. Hunt did not have to qualify yesterday.

All 12 flights of the championship matches were set for Saturday.

About 200 golfers were in the running before Monday's qualifying play. The championship flight — the elder statesmen — was expected to provide some of the tournament's history.

Eighteen-hole match play was scheduled to begin at 7:15 a. m. today. The tournament has 12 flights of 16 each.

Bad Eggs Expensive SALEM, Ore. (UP) — Judge George R. Duncan awarded \$2,000 to D. A. Heinz for 32 cases of rotten eggs. Heinz a hatchery operator, sued an air transportation company which failed to deliver 5,616 turkey eggs before they spoiled.

INDIANS RATED FAVORITE OVER BRAVES IN SERIES

BOSTON, Oct. 5 (UP) — One of the strangest World Series ever conceived — the Cleveland Indians against the Boston Braves — was at last a reality today and the baseball world was enthralled over the possible outcome.

It was a strange alignment, because the Indians, the team almost unanimously conceded to be the winner, almost didn't get into it at all. And the Braves, the poor and supposedly mediocre club rated little better than a pre-season second division outfit, won their race by a comfortable margin.

When the teams get down to business tomorrow at 1:30 P. M. (EST) at Braves Field, Cleveland will be at 13 to 5 favorite to win the series and a 9 to 5 choice to win the opening game. The oddsmakers made no provision for the kind of pennant races the two teams had gone through — all they were interested in was how the teams stacked up man for man.

And on that basis it had to be conceded that the Indians deserved their role as favorites. For their crew, which had to battle into an unprecedented American League playoff game with the Boston Red Sox, winning it 8 to 3, to gain the pennant, generally stacked up as a superior outfit to the amazing Braves.

Manager Lou Boudreau, as much of a cold and calculating gambler as if he presided over a dice table instead of at shortstop, had all the blue chips.

Florida waters produce nearly half of the country's shrimp.

SOONERS SELL OUT NORMAN, Okla., Oct. 5 (UP) — It didn't take long to dispose of tickets to the O.U. Texas U. Game when they went on sale to O. U. students. More than 5,000 were sold within 5 hours yesterday. The ticket windows opened at 7:20 A. M. and 5,000 were gone by noon. The remainder of the 6,000 tickets were sold out by early afternoon.

Frogs Perk Up For Indiana Tilt

FORT WORTH, Tex., Oct. 5, (UP) — Texas Christian University gridders put their 27-14 defeat by Arkansas behind them in their minds as well as in the records today and planned some hard work before their inter-sectional tilt with Indiana at Bloomington Saturday.

The players held a nuddle of their own yesterday, minus their coaches, and admitted they played a bad game against the Parkers. But, consoled themselves on the fact they were doing better than this time last year when they finished so well.

When the coaches made their appearance, the Frogs had a lengthy punting session designed to better the 19-yard average the club made against Arkansas, and ends got in a hard session of blocking.

All players appeared in good condition.

HAAS IS TOP MAN PORTLAND, Ore., Oct. 5 (UP) — Fred Haas, Jr., a lanky golf pro from New Orleans, today regained as the newest champion of the Portland Open Tournament. Haas gained the crown and its accompanying \$2,450 prize money yesterday when he outshot Ben Hogan of Hershey, Pa., and Johnny Palmer of Badin, N. C., in a sudden death 18-hole playoff.

Television Permit Granted WASHINGTON, D. C., Oct. 5 (UP) — The Harbenton Broadcasting Co., Harlingen, Tex., an applicant for a new television station permit on channel nine, has been given approval by the Federal Communications Commission to withdraw its application.

Claims Find Of \$100,000 Of Jesse James Loot

GADS HILL, Mo., Oct. 5 (UP)—This little Ozark community was abuzz today with reports that a timber worker has found \$100,000 in gold coins and certificates in a cave once used as a hide-out by Jesse James' band of robbers.
Treasury department agents talked for several hours yesterday with the timber worker, Wallace Wilcox, 30, father of five children. The federal officers drove to Gads Hill in an armored car.
Wilcox, who has refused to disclose the location of the cave, admitted talking to the agents but declined to say what the conference was about or whether they took his reported find with them when they left.
One banker who declined use of his name, said he had seen at least \$10,000 in gold which Wilcox said he found in the cave. The banker said he believes the total find of Wilcox would run to about \$100,000.
Wilcox promised to open the cave to the public next Sunday, previously he had disclosed only that he found a hatful of two-cent pieces, minted in the 1860s and an 1863 U. S. Army rifle, and four packs of currency, moulded beyond description.

Fugitive From Prison Shoots Deputy Sheriff

HENDERSON, Tex., Oct. 5 (UP)—A man, being sought for failure to return after a prison leave, was arrested yesterday after shooting and seriously wounding a deputy sheriff.
The clemency violator was identified as H. T. Shaver, Route 2, Garland. The wounded deputy was Homer Pool.
Deputy Sheriff Pool had been summoned in connection with a disturbance between Shaver and his wife. Deputy Sheriff Sam Broome said Pool approached Shaver on a street near the Rusk county jail and Shaver fired before Pool could disarm him.
Broome immediately placed the man under arrest. Mrs. Shaver was held for questioning.
Shaver, 28, was sentenced from Dallas county in August to serve three years at Huntsville prison on a burglary charge. A few days after he reached the prison he was given a ten-day emergency furlough. He failed to return and a state-wide search for him was begun on Sept. 9.

British Protest Red Parachuting

BERLIN, Oct. 5 (UP)—The Russians informed the air safety center today that they would hold practice parachute jumps in the Buckeburg-Berlin air corridor and the British immediately protested on grounds the jumps would violate two four-power safety regulations.
The British charged the Russians with violating the safety provisions banning parachuting in corridors except during emergencies and dropping anything that might interfere with planes.
No time was given for the jumps. But the weather was ideal today, with a bright sun and clear sky offering splendid visibility.
The Russians said the jumps would be made near Ezlin, which lies in the corridor within 15 miles of two Soviet Air Fields, Dalgow and Stataen, just beyond the western British city limits of Berlin.
The Russians said the parachutists would be dropped from 2,600 feet.
This would endanger British aerial operations, since the British customarily fly at altitudes of less than 2,000 feet.

Our X-RAY Shoe Fitting Service Reveals the Cause of Foot Troubles

If you've never had "foot trouble" in your life, you should be thankful... and careful! Remember, it takes only one pair of misfitted shoes to start serious foot ailments that may bother you for years. Why take chances, when our X-Ray Fitting Service makes certain that the shoes you buy fit properly?
If you already suffer discomfort or pain from foot troubles, a Free X-Ray Foot Examination may reveal the cause. Chances are we can put your feet back on the path to foot health with the right size and style of shoe... or suggest other corrective measures. This service costs you nothing, yet may save you or some member of your family from years of needless suffering.
