Truman On Triumphal Return To Washington

And Still President

With his arms spread wide as his smile President Truman acknowledges an ovation accorded him as he left the Hotel Muhleback in Kansas City. Thousands of cheering Kansas citizens jammed the streets to cheer victory of their most famous citizen. (NEA-Telephonephoto).

ROUSING WELCOME BEING SET UP FOR HOMECOMING

EN ROUTE WITH TRUMAN, Nov. 4—(UP)—President Truman began his triumphal return to Washington and four more years in the White House at 8 A. M. CST., today. A tremendous celebration is being planned in Washington. The man from the "show-me" state who showed the world his stunning victory at the polls boarded his special train at Independence, Mo., with his wife, Mrs. Bess Truman, and daughter Margaret. The president was in great form at the railroad station. "There's going to be a lot of red faces in Washington," he told the trackside crowd. He joked with reporters and photographers and shook hands with friends, among them H. R. Burgess, an expressman at the Independence station. As he shook hands with Burgess and flash bulbs popped, Mr. Truman laughed and said: "It's terrible for an old rabbit like you to get all this advertising."

The sendoff crowd was smaller than usual, mostly because Independence had virtually knocked itself out the last two nights listening to the election returns and celebrating Mr. Truman's remarkable victory. The president got his first noisy welcome en route at Sedalia, Mo., where an estimated 1,000 persons crowded around the rear of the train during its 10-minute stop. In the group were many girls from a Sedalia shoe factory who asked the president to present Mrs. Truman and Margaret. The president spoke only briefly and informally. "I just wanted to thank the people of Pettis county for their support," he said. "I'm glad to be back in Sedalia but this time I'm not looking for votes."

Mr. Truman apparently was enjoying immensely an invitation from the Washington Post to attend a banquet in the capital for newspapermen, pollsters and radio commentators. Except for Mr. Truman, the guests will leave Iowa. The president chatted with several personal friends, including Frank Morris, real estate agent; editor Kelly Scruton and Mayor Julian Bagley. More big celebrations were in store as the presidential train rolled eastward with stops scheduled at St. Louis, Mo., East St. Louis, Ill., Vincennes and North Vernon, Ind., Cincinnati and Chillicothe, O., and Parkersburg, Grafton and Keyser, W. Va. President Truman's special train stopped at Sedalia, Mo., at 9:30 A. M. for five minutes today. The time table for the remainder of the trip: 10:50 A. M.—Jefferson City, Mo., five-minute stop. 1:30 P. M.—St. Louis, one hour stop. 2:48 P. M.—East St. Louis, Ill., one minute. 5:04 P. M.—Vincennes, Ind., five minutes. 7:21 P. M.—North Vernon, Ind., five minutes. 10:30 P. M.—Est.—Cincinnati, O., 30 minutes. 12:17 A. M. (Friday) EST—Chillicothe, O., eight minutes. 2:20 A. M.—Grafton, W. Va., 15 minutes. 7:30 A. M.—Keyser, W. Va., five minutes. 11:00 A. M.—Washington, D. C.

Europe today hailed the election of President Truman as a guarantee of continued American aid and an unchanged American foreign policy. In London, government circles expected the president to give the green light to talks for financing the military phases of the Western European Alliance with the United States and Canada. Premier Einar Gerhardsen of Norway said the victory served to stabilize U. S. foreign policy. Premier Hemicostes Sophoulis of Greece was "pleased." Jean Driesser, Belgian chief of cabinet, was "delighted."

A Vatican source said the election proved that there were no dangerous subversive elements in the United States. A Syrian delegate to the United Nations said the Truman victory meant more Jewish money and more Jewish support for the Jews in Palestine. Russia made no comment. Its newspapers reported the election without comment in brief items on the last pages.

People Thanked For Cooperation
Dr. G. C. Boswell today expressed his appreciation and that of all who are in charge of RJC home coming Saturday, to the merchants of Ranger for their cooperation in closing stores at 7:30 o'clock Saturday night. It was announced earlier in the week that the merchants had made this decision in order that all employees might attend the Weatherford-Ranger game Saturday night at 8:15 o'clock.

JESTER MAKES STRONG APPEAL FOR PARTY UNITY

By United Press
Gov. Beauford Jester, Texas' chief executive for another two years, urged the victorious Democratic party today to "re-dedicate itself to true Democratic principles." He added that Texas would continue its fight within the party for states rights. The governor, who won easily over his Republican opponent in Tuesday's general election, declared his intentions of working closely with the legislature during the next two years "in a program of state services that will strengthen our claim to states' rights." He said, however, that unless the Democratic victory provides an opportunity for reunion of "the various elements of the Democratic party . . . it will be a temporary and perhaps a costly victory." The statement from the state's head man preceded the latest returns from the Texas Election Bureau in Tuesday's general election which still gave a wide lead to all Democratic contenders. The election bureau giving its report at 6:15 P. M. yesterday, announced that the next report would be a county-by-county tabulation late Friday. At the last report, 873,346 votes had been tabulated from 253 of the 284 counties, with 70 complete. It gave the following results: Presidential: President Truman 578,085; Gov. Thomas E. Dewey, 213,962; Gov. J. Strom Thurmond, States Rights, 76,233; Claude Watson, Prohibition, 1,905; Henry Wallace Progressive, 2,680; Norman Thomas, Socialist, 481. Senatorial: Lyndon B. Johnson, 563,638; Jack Porter, Republican, 274,639; Sam Morris, Prohibition, 5,302. Judge retirement proposal: For, 201,582; Against 188,168. For Texas' senior lawmakers, U.S. Sen. Tom Connally and Congressman Sam Rayburn, the election means resumption of the posts they lost in the Republican-dominated 80th Congress. The Democratic landslide also gave Lyndon B. Johnson apparently an easier road to travel to the Senate seat he won over former Gov. Coke R. Stevenson and Republican Candidate Jack Porter of Houston.

ROTARIANS, WIVES TREATED TO SUMPTUOUS DINNER AT LACASA

The Lacasa Home Demonstration Club was richer and Rotarians and their wives and guests were well fed and happier as a result of a visit paid the community Wednesday night. Rotarians and their wives were guests of the Lacasa club at a 7 o'clock turkey dinner which had all of the trimmings, and which was served in the community clubhouse.

When the three course dinner was over and food still remained, at the suggestion of Dr. P. M. Kuykendall, pies were auctioned off and turkey cuts sold to those present, netting the club \$38.75 above the \$80 paid by the club for plates. F. P. Brasler Sr. was auctioneer. Women of the club stated that the money will be used for improving their war surplus community house where the dinner was served.

H. C. Henderson, president of the Rotary Club, presided at the dinner and introduced Brasher who presented the Ranger Junior College Chorus, under the direction of Miss Jennie Ruth Hooper, in several songs. Members of the chorus are Mary Hilliard, Patsy Morrison, Betty Sue Ames, Doris McCrum, Melba Croeger, Wanda Bailey, Beth Garrison, Kenneth Marshall and Billy Eakin. In response to remarks from Ranger men at the gathering, Lil Bobo, A. O. Tompkins and Bennett Bradford of Lacasa, expressed their pleasure at having the Rotarian group as guests in the community.

Ranger and Lacasa residents at the gathering were: Bennett Bradford, Mr. and Mrs. A. O. Tompkins, Mr. and Mrs. Buddie Whitley, Mr. and Mrs. Zelma Herrington, Morris Newnam, H. P. Earrest, Lil Bobo, Mr. and Mrs. John Caraway, Mr. and Mrs. Clarke Bradford, G. B. Rush, Dr. G. C. Boswell, Mr. and Mrs. Henderson, Mrs. John Ducker, Mr. and Mrs. F. P. Brasler Sr., Mr. and Mrs. J. R. U. S. Proposes New Plan For Israeli Crisis

PARIS, Nov. 4 (UP)—The United States proposed in the United Nations Security Council today a revised and potentially toothless plan for ordering Israeli forces to withdraw from their recently won positions in the Negev. The first post-election stand of the United States on the delicate situation in Palestine was made public by Dr. Phillip Jessup of the American delegation. Jessup proposed basic revisions in an Anglo-Chinese resolution calling for the withdrawal of Israeli troops to their lines of Oct. 14, when the Negev campaign began, with possible penalties in case of refusal. A spokesman for the American delegation here said Jessup's stand today was approved in Washington. The U. S. proposal held out a vague threat of UN punitive measures if the Jews refuse to withdraw from the territory recently seized in south Palestine. But American authorities said the new proposal was intended to weaken the Anglo-Chinese plans raising the possibility of economic sanctions against Israel.

CABINET VACANCIES LOOM FOR TRUMAN 2ND TERM

By Laurence Gonder
United Press Staff Correspondent
WASHINGTON, Nov. 4 (UP)—President Truman may begin his first elected term in the White House with four new faces among his nine cabinet advisers, associates said today. Sources close to the White House said that among those missing from the new cabinet probably will be Secretary of State George C. Marshall, Defense Secretary James Forrestal, Secretary of Interior J. A. Krug, and Secretary of Commerce Charles Sawyer. Reasons for their expected replacement range from personal desire to presidential displeasure with those who paid scant attention to his campaign. Mr. Truman is said to have made no final decisions as yet on whom he will put in their places. But his opportunity will come sometime before inauguration day Jan. 20. It is traditional for cabinet members to submit their resignations prior to that date to give the president a freer hand in making his plans. Certain to remain aboard the White House ship, intimates say, are Secretary of Labor Maurice J. Tobin and Secretary of Agriculture Charles F. Brannan. Both campaigned nightly in Mr. Truman's behalf.

In addition, Tobin passed up a good chance to become governor of Massachusetts when he agreed to take over the labor post during the darkest days of the political campaign. His sacrifice is not expected to go unrewarded. Secretary of Treasury John W. Snyder, an old friend of the president, is expected to stay on, for while at least. He and his family contributed \$8,000 to the election campaign. Postmaster General Jesse M. Donaldson looks good to presidential intimates, too. A career man in the department, his appointment was seen as an indication that Mr. Truman meant to take post office activities out of the "political plump" division. There is no evidence that he has since changed his mind about it.

The question mark, according to administration insiders, is attorney General Tom Clark. He had a thriving law practice in Texas before entering the government, and has been known to express a desire to return to it. However, Clark has started several important anti-trust proceedings lately and may want to remain on the job to see them through, it is said.

COUNTY LIVESTOCK ASS'N HAS BIRTHDAY BARBECUE

The Eastland County Livestock Association observed its fifth birthday at Eastland last night by staging its annual barbecue attended by 600 people. A. V. Clark of Cicco was elected president of the association, succeeding M. E. Fry of Cicco, who had served the past two years. Clark was the third president. Other officers elected are Clyde Grisson, vice-president; J. M. Cooper, secretary; and Fred Brown, treasurer. All from Eastland.

Fred Brown acted as master of ceremonies at Wednesday night's meeting. Mrs. Ross Griffith of Cicco sang two vocal numbers. Cecil Hollifield of Eastland furnished the excellent loudspeaker equipment. Clark gave a brief talk accepting the presidency. The association plans to sponsor the annual Eastland County Livestock show to be held in Cicco during the last week of March. Fry said plans were underway for the best show ever staged in the county. Founded five years ago to increase interest in the livestock industry of the County, the association now has more than 200 members throughout the County. Every town in the County and many of the smaller communities were represented at the Wednesday night barbecue. The association plans to resume its annual beef cattle tour next year. This was not held this year because of the poor condition of cattle due to continued dry weather. Clark, who assumed office at the Eastland meeting, said that the association plans an expansion of activities during 1949. The barbecue was served at the Eastland City Park, where it was prepared by volunteers under the direction of M. Burn S. Long, Associate Justice of the Eleventh Court of Civil Appeals of Eastland.

Lufkin Company Charged By NLRB

WASHINGTON, Nov. 4 (UP)—The National Labor Relations Board announced today that it had found the Lufkin Foundry and Machine Company, Lufkin, Tex., guilty of unfair labor practices. The action was on petition of the American Federation of Labor in connection with an election held at the Lufkin plant to determine union representation of the workers. The NLRB, on the basis of its hearing, found the company had violated the National Labor Relations Act by "interfering with, restraining and coercing its employees in the exercise of their rights" guaranteed under the act. POPPY DAY SATURDAY

The veterans in hospitals make the poppies and the officers of the American Legion Auxiliary sell them on the annual poppy day for funds with which to continue their work for the disabled veterans in hospitals. Saturday is Poppy Day and the women of Ranger will be out to tag the public with the flowers and collect a sum for their work.

Well . . .
I Dunno,
But . . .

A note from Mrs. C. C. Cash of Corraoce, California, formerly of Ranger, enclosed a picture of Dad Howe taken from the Los Angeles Examiner and showing Dad at the end of his journey. Dad is the man who represents himself as being 94 years of age and who bicycled into Ranger a few weeks back on a cross-country trip from Georgia to California. He said he was just doing the trip to see if he could, all on bicycle, of course.

As he came into the east edge of Ranger, he stopped long enough to notify the press by telephone that he was on his way to our office. We obligingly gave him a write-up. The 2837 mile trip took three months.

People were sure election minded Wednesday and we thought for certain that Rotarians out to visit with Lacasa citizens Wednesday night were gonna drum up an election out there, before they got away.

Three candidates for mayor of the community loomed, as one by one H. C. Henderson introduced the three as "Mayor of Lacasa." All of 'em, however, denied the responsibility of any such office but offered gracious welcomes to the visitors. Prospective candidates were Lil Bebo, A. O. Tompkins and Bennett Bradford.

And brothe w-at a spread those Lacasa women put on, Turkey that melted in your mouth with trimmings that were equally as luscious, topped off by pecan pie, kept the Rotarians and guests slightly occupied until the plates were literally "licked clean." And then most of 'em came away with pigs or turkeys.

Mr. and Mrs. C. F. Underwood of Amarillo, formerly of Ranger, sit upon a novel idea for celebrating their Silver Wedding anniversary. They are paying a visit to every place that they visited on their honeymoon 25 years ago and that includes Ranger where Mr. Underwood served as circulation manager of the Ranger Daily Times from 1920 through 1926. He is now with the Amarillo Globe News.

The Underwoods visited the Times office Wednesday afternoon and stated that they would remain through Thursday.

Mrs. H. C. Henderson who is chairman of the garden section of the Ranger Civic League and also chairman of the grounds at the Community Clubhouse, by appointment by the board of governors, is knee deep in plans for improvement at the clubhouse. She says that appeals for plants and shrubs for the grounds have netted gifts from Mrs. Saunders Gregg, Mrs. R. L. Snyder, Mrs. Atch Robertson, Mrs. H. X. Wallace, and Mrs. C. A. Strong. V. V. Conper Jr. has promised roses, in fact all they can use. Mrs. Henderson has some very important dreams about a patio between the wings of the building and is hoping that the dreams will materialize soon. Another dream that she is dwelling on is the hope that Boy Scouts will get the bug and beautify their grounds around the Scout house which adjoins the Community Clubhouse grounds.

Revival Meeting At Church Of God

A revival meeting of unusual interest is now in progress at the church of God, Strawn Highway. The meeting is being conducted by Rev. R. E. Davis, famous evangelist for many years. Evangelist Davis has traveled in foreign countries in the interest of church work. He was at one time State Missionary for the Baptists of Texas, and did pastoral work in this state for many years. He was once associated with the late Dr. John Roach Stratton, former pastor Calvary Baptist church New York. An able minister in the Bible, and an interesting orator. The public is invited to attend these meetings nightly at 7:30 P. M. Rev. J. W. Hume is pastor.

If all the red faces of all the political prophets could be brought together in one place today, it would rival the gaudiest sunset ever seen, and burn up the landscape. There is no use trying to decide whose face is the reddest, but the political poll takers could easily be picked out of the mob scene.

All the prophets—including this one—based their predictions on the results of the polls. And the polls were wrong. Well, there's another good racket ruined.

Apparently the only three people in the country who believed that the Democrats had any chance to do what they did were President Truman, his vice-presidential candidate, Senator Alben W. Barkley, on their campaign manager, Senator J. Howard McGrath. Never were so many people so wrong. As for whether Truman won or Dewey lost, it's a little of both. Truman and Barkley produced the upset by courage, tireless campaigning, speaking frankly and clearly on every issue. When President Truman boldly faced up to his Civil Rights program in his speech in New York at the close of the campaign, his battling average went to 1,000. Dewey apparently lost his "sure thing" victory by pussy-footing, procrastinating and never letting the voters know precisely where he stood on any issue.

Here should be a lesson for politicians of all time. The American people don't like and won't stand for that kind of talk. In other words, the American people are more intelligent than the Republican politicians. You can't hand the public hooey and vague generalities and expect them to like it or take it.

The Democratic Party comes out of the election in an amazing position. It won a victory over itself. It defeated the Dixiecrats and it defeated the Wallaceites. In other words, the Democratic Party is purged of its two extremist factions—the States' Righters and the extreme left-wingers. And it doesn't have to take either of them back.

Dewey's final and almost his only wisecrack of the campaign, as it closed at Madison Square Garden in New York, now sounds sillier than ever. Dewey then pictures the poor old Democratic party as a crippled thing whose left wing didn't know what its right wing was doing. But the Wallace and Thurmond splinter movements are now being beaten by the Democrats, than they would have been if the Republicans had won.

Under a sweeping GOP victory, the third and fourth parties might have claimed a share of the crops of the Democratic donkey. They can't do that now. And if the Democratic Party leadership wants to finish the job, it can completely liquidate these minority groups which stabbed it in the back.

If the Dixiecrats and the Wallaceites had not broken away from the Democratic Party, Truman's victory would have been overwhelming. In the rash of political post-mortems that will now break out, there will probably be many reactionary charges that it was "the New Deal radicals and Communists" that put the Democrats in power again. That's one the average citizen will want to eye rather carefully.

There is no question but that the labor organizations with their political action committee and their drives to get out the vote helped the Democratic totals. But it must be remembered that the leadership of the AF of L, and CIO and the Railway Brotherhoods all repudiated their Communist elements, and the Commies themselves supported Wallace.

There are a couple of states where this pattern does not fit perfectly. In Illinois the Wallaceites had no chance to vote for their candidates because they couldn't get the Progressive Party on the ballot. It must be assumed that they wanted Democratic and were responsible for the Republican upset in that state. But in Michigan, where there is a well organized Labor Movement, it was politically in potent, and Dewey carried the state as a native son.

What gave Truman his strength was apparently his of fierce chiseling of the 80th Congress. That was something the voters could understand.

As for the Democrats having a "mandate" to carry out any extreme program, that is pure poppycock, as such talk always is. The result of the race was too close for that. The majority and minority parties are too near the same size, as shown by popular vote totals, for any sweeping reforms.

The American Legion Auxiliary memorial poppy, made by disabled veterans will go on sale Saturday. Give gratefully and generously to help these disabled veterans and their families. They have earned our help! They need our help.

Cool Front Moving Into Texas From Northwest; Warnings Out On Gulf

By United Press
A blustery cool front from the Pacific Northwest pushed into the Texas Panhandle today and the U. S. Weather Bureau ordered small craft warnings hoisted along the Gulf from Brownsville to Morgan City, La.

Minimum temperatures in the Panhandle tonight were expected to drop as low as the freezing mark of 32 degrees in some spots, ranging up to 36 degrees in others. Southerly winds from 25 to 35 miles an hour lashing the waters of the Gulf were expected to shift to northerly tonight, after the coolfront has moved across the state.

The Weather Bureau explained the shifting weather, pointing to an intense low pressure area now centered in northern Oklahoma and moving across the central belt of the nation from west to east.

The low pressure system was draining the air from the Gulf, causing mild, windy weather over all of Texas except the northwest portion.

A large high pressure system centered over Oregon, composed of cold, dry air, was responsible for the cooler temperatures and shift in wind direction in the Panhandle.

The cool front was expected to move across the state during the day.

No rain was reported anywhere in the state today, and none had fallen during the last 24 hours.

Minimum overnight temperatures ranged from 49 at Amarillo to 72 at Brownsville, while yesterday's maximum readings included the extremes of 70 at Amarillo and 89 at Dallas.

The forecast called for partly cloudy skies today, with fair skies in West Texas tomorrow. A few showers were expected in the Panhandle this afternoon, with cooler temperatures over the entire western portion of the state tonight.

Couple Die In Kansas City Fire

KANSAS CITY, Mo., Nov. 4 (UP)—A Kansas City couple lost their lives in a fire in their front room of a south side rooming house here early today, shortly after police had been notified that they were arguing and "disturbing the peace."

The victims were identified as Chester A. Walters, about 65, and his wife Mary, about 54.

Firemen found their bodies near a hall door. They were clasped in each other's arms, firemen said.

Robert Wadley, police dispatcher, said he received a call from a woman, who complained of the couple's arguing. As she was reporting the incident, Wadley said, she suddenly screamed: "My heavens, they've set the house on fire."

Michael Rafiel, a roomer in the same rooming house, reported to police that he heard the couple enter the house shortly after 1 o'clock. Two women arguing, he said.

A short time later, Rafiel noticed smoke and went to their room. He kicked the door open and found the couple still alive.

"I yelled to them to jump through the front window," Rafiel told police, "but Walters, who was screaming, fell across his wife's body."

Rafiel said he was driven back by the flames and smoke. He went immediately to call the police and the fire departments.

Slayer Of Boy Girl Confesses

EAU CLAIRE, Wis., Nov. 4 (UP)—A 32-year-old ex-convict was charged today with the brutal slaying of a pretty high school senior and her teen-age escort.

Sheriff Lloyd Thompson said Marshall Johnson, Eau Claire roofer, confessed to the killing of Gertrude Baumann, 17, and Raymond Smith, 18, who were found shot to death on a golf course here Oct. 24.

The girl had been raped, but Thompson said Johnson denied that charge.

Johnson was arraigned on two counts of first degree murder last night. He pleaded not guilty on advice of his attorney.

The sheriff then whisked Johnson away to a secret location, pending a preliminary hearing Nov. 17. Thompson said he ordered the move because he noticed "some disturbing people" near the jail.

Johnson, who has a long police record as a burglar, forger and sex offender, was arrested in Seattle last week after police in several states had joined the investigation. At first he steadfastly denied having any knowledge of the killings.

RAYBURN, CONNALLY GUARDED IN POST-ELECTION COMMENT

BONHAM, TEX., Nov. 4 (UP)—U. S. Rep. Sam Rayburn of Texas was perfectly willing today to let "someone else" talk about his assuming the post of speaker of the House of Representatives in the 81st Congress.

Rayburn, although he didn't say it, indicated in so many words that he would be glad to have the job.

"I'm going to let someone else talk about this matter of my being speaker," he said. "There will be plenty of them doing it, I guess, within the next few days."

"I will say this, however—I'm not a candidate for speaker."

Did that mean, he was asked, that he would not take the job.

"No sir it does not."

Did it mean that he expected to get the job?

"I don't want to say that," he said. "Let's leave it for someone else to talk about."

ate convene next January.

The veteran lawmaker, however, was chary of predictions on his resumption of the post of chairman of the Senate foreign relations committee, a position he held before the Republican-dominated 80th Congress.

"I'm the ranking member," he admitted under questioning, "but I don't like to talk about the chairmanship. That'll all be decided in a caucus."

Connally said that Rep. Sam Rayburn "doubtless" would become speaker of the House of Representatives and that Sen. Walter F. George of Georgia would become chairman of the important finance committee which deals with taxation.

"The election showed that the people rule," Connally said. "The dopsters and columnists do not control the public opinion of the United States."

Farm Prices Drop For Third Month

AUSTIN, Tex., Nov. 4 (UP)—Prices received by Texas farmers dropped for the third successive month, with the mid-October level down 10 points from a month earlier, the United States Department of Agriculture reported today.

The department's bureau of agriculture economies pegged the Oct. 15 level at 299, down 3 points from the mid-September figure.

Sharp drops in the prices of meat animals and corn, and moderately lower prices for cotton seed, sweet potatoes and butter fat, were only partially offset by limited gains in the prices for other grains, poultry products and wholesale milk.

JAPANESE CONVICTED OF WAGING AGGRESSIVE WAR

TOKYO, Nov. 4. (UP)—The Far East Military Tribunal convicted Japan of waging aggressive war today in the opening pages of a lengthy judgment containing the verdicts and sentences in the war crimes trial of former Premier Hideki Tojo and 24 other war leaders.

Final judgment against the defendants may not be known for another week. Verdicts and sentences, guarded with great secrecy, are contained in the final pages of the judgment.

Tribunal President Sir William

Webb of Australia, pronouncing the preliminary judgments, declared that the Japanese military seized control of the government from civilian leaders in a struggle that started during the Meiji era, considered the dawn of modern Japan.

The decision to launch Japan on wars of aggression was made at a cabinet meeting on Aug. 7, 1936, Webb said, and one month later the Japanese armies plunged into China from their foothold in Manchuria.

The policy called for Japan to seize a foothold on the Asiatic continent and then spread through the South Seas, waging war against the British and Americans already established there, Webb said.

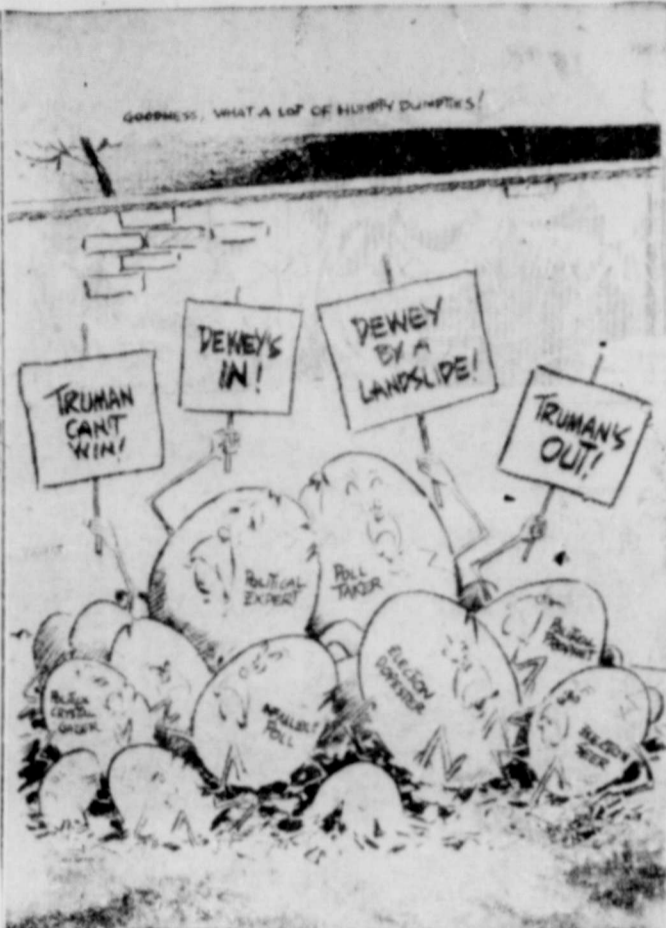

Before pronouncing Japan guilty of waging aggressive war, Webb dismissed 38 of the original 55 war crimes charges against Tojo and the others. Seventeen charges remain. The lengthy verdict is about 1,700 pages and it was estimated that Webb would read about 200 pages a day.

Webb announced that the 38 charges were dropped because they duplicated other charges in the sweeping indictments brought against the Japanese war leaders.

Among the counts dismissed was number 39, which charged Tojo and 16 other defendants with "murder" in the undeclared attack on Pearl Harbor.

The court was jammed and

heavily guarded today when the defendants were brought in to hear their fate pronounced after two and one half years of trial proceedings and deliberation.

Only 22 defendants appeared in court. Three others were too ill to attend.

Tojo appeared with his customary expressionless demeanor in the prisoners' docket, doodling and taking notes as Webb announced the findings of the court.

U T. President, Dean Draw Fire From WCTU

AUSTIN, Tex., Nov. 4. (UP)—A college stunt designed to swell the coffers of the University of Texas campus chest threatened today to embroil the school's president and dean of women in a controversy with the Womens Christian Temperance Union.

The W. C. T. U. was scheduled to meet to pass a resolution con-

It took David De Lones, of Miami, Fla., just one minute and 23 seconds to devour a two-layer, one-pound cake and win a cake-eating contest sponsored by a local super-market. The icing on Dave's face indicates the real with which he attacked his job.

demning the action of President T. S. Painter and Miss Dorothy Gebauer, the school's dean of women, for appearing at a downtown tavern Tuesday night.

The stunt was in conjunction with the current campus chest drive, with proceeds going to the fund. Services of leading university personalities were "solicited" off.

Painter drew the assignment of going in a downtown tavern with Miss Gebauer. He was to act as chauffeur for a student couple as part of the stunt.

The calls began pouring in yesterday, most of them terming the stunt as "regrettable" and "deplorable."

Mrs. Claude Devan Watts, state W. C. T. U. president, charged that "both the president of the university of Texas and the dean of women have broken faith with the parthenhood of Texas." She said the "whole picture is a disgrace and most deplorable to the state of Texas."

The W. C. T. U. president said she had not talked to Dr. Painter about the incident.

Backache, Leg Pains May Be Danger Sign Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste clogs up the blood. This clogging may start dragging backache, rheumatic pains, leg

pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with burning and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 45 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

One look!... One ride!... You'll know it's... **the modern design for '49 new Hudson**

Come in, see the car that's years ahead—drive the New Hudson—experience the amazing roadability, comfort and safety of the only car you step down into!

Here's your chance to get the thrill of a real discovery—to see and feel what one of the great advances in motor-car history offers you.

You'll see a Hudson of distinguished, streamlined beauty and low-built silhouette that is instantly recognizable because it is the natural result of a basically new design principle—a principle that puts this car so far ahead it is a perfected ingredient in motor-car value!

The key to this new design principle is a recessed floor. The New Hudson is the only car you step down into!

By using a "step-down" floor in an exclusive all-steel Monocoque Body-and-frame, Hudson achieves the lowest car on the highway—only five feet from ground to top—while maintaining more head room than in any mass-produced car built today!

But no amount of looking at this amazing car—beautiful as it is—can equal the thrill of a Hudson ride! And you are invited to enjoy that ride today!

Hudson has a smooth, hug-the-road way of going in cross-winds and on every conceivable kind of highway. When you see the car it takes over the sharpest curves, you'll know once again that this car has the modern design for '49—and for years to come!

Hudson's remarkable ride is largely due to the fact that its "step-down" design provides the lowest center of gravity in any American stock car—yet road clearance is ample! It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.

You sense a delightful conformity to the road the minute you begin your ride, and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, is a grand experience in serene, safe well-being.

This grand feeling is further heightened by the remarkable ease with which this car is controlled. You enjoy the generous roominess in complete relaxation as the New Hudson glides smoothly along.

We cordially invite you to see and drive the New Hudson, to thoroughly enjoy the ride that comes only with "The modern design for '49"

CRIPPLED RANGERS WORK ON PASS DEFENSE GAME

By MARVIN GROSS
Some sort of season's record was set at the Ranger's practice yesterday when the entire session unfolded without a solitary Ranger added to the injury list. But Coach Yarbrough still remains about seven down in his battle with Mr. Jinx. The two latest additions to the unwanted roster Bob Herrington and Quack Ivy will probably save wear and tear on a uniform for Saturday's Homecoming battle with Weatherford. Yarbrough has indicated both Herrington and Ivy are very doubtful starters.

slightly less than speedy rounding into shape. Ben Blitch is practically fit and ready again but Yarbrough may not take any chances with his top notch terminal while Claude Neeley remains in a semi-crippled condition.

The Rangers centered their activities on the pass defense problem again. The only noticeable flaw in the Rangers' defense armor was beginning to be ironed out as the defenders started to shorten the daylight between defender and receiver. Yarbrough expressed satisfaction at the improvement shown.

While the Rangers' passing attack has been far and away more potent than the opposition in every contest save Navarro, Yarbrough may give the word to go all out in the air department. He has the throwers and he has the receivers but heretofore the air game has taken a back seat to the ground onslaught.

Howard Frazier looms as the top Ranger pass grabber. Frazier is deceptively fast, running with a long, loping stride and has a pair of hands that put a basket to shame. Also well schooled in how to hold on to them are Ben Blitch, Dale Jones and Frankie Ford.

Saturday's hall game will be somewhat of a double Homecoming for Coach Boone Yarbrough. Just a few years back Yarbrough was an all-conference section

Texas Invades North Carolina; Tar Heels Yell for Revenge

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—The entire Texas situation rests on Paul Campbell, replacing Bobby Layne, and the Steers' supporters will know soon enough. . . . The Longhorns go to Chapel Hill with the vaunted Tar Heels screaming for revenge for the 34-0 pasting they got a year ago. . . . Rutgers is the east's dark horse, with the same strong team of 1947 and a remarkable passing attack. . . . Dartmouth's unexperienced squad of last autumn steps up, especially if sophomore Bob McCraney comes through as the man down under in the T. . . . The Green hasn't had an accomplished passer for some time. . . . Buff Donelli picked up Boston University's new huddle at a coaching clinic in Canada. . . . Only the quarterback has his back to the line of scrimmage. . . . Jim Tatum still has Maryland working out behind a seven-foot fence. . . . Wonder what he thinks he's hiding? . . . Mississippi State believes it has the finest college backfield in the country in Shorty McWilliams, Harper Davis, Jim Bailey and Truett Smith. . . . Wally Butts is still searching for the breakthrough back that has been missing since Charley Tripp left Georgia. . . . Minnesotans say that if Bernie Bierman can guide an assortment of misfit backs to the Rose Bowl there should be no question about the Coach-of-the-Year. . . . Watch Bernie Custis, a Negro sophomore with Syracuse. He's a sprinter who passes as well as anyone in the land.

MISSOURI, the Big Seven choice, returns everybody from last year except two guards and a fullback. . . . Patsy Clark, new at Nebraska, has the finest backfield material in his conference, and most of last year's linemen. . . . The people on the prairie have an idea Kansas is being rated too highly. . . . The Jayhawks' losses were terrific. . . . Graduated are All-America Ray Evans, the T quarterback, Bill Hogan and Lynne McNutt, both ends, both tackles and all-conference guard Don Fambrough.

California and Oregon are the popular favorites on the Pacific coast. . . . A great many may be selling Southern California and UCLA short, however, for they have the horses. . . . Troy slaughtered the Bears last year. . . . Berkeley has two complete teams of lettermen. . . . Oregon has the far western slope's premier quarterback in Norm Van Brocklin. . . . Northwestern's entire starting backfield of 1947, Frank Aschenbrenner, Art Murakowski, Tom Worthington and Don Burson, will answer the starting whistle when the Wildcats open against UCLA in Los Angeles. . . . The last time Purdue opened its football season with Notre Dame, in 1939, the Bullermakers were nosed out in a great battle, 3-0. . . . Much of the philosophy of Indiana's new coach, Clyde B. Smith, an English Lutheran, stems from the Bible. . . . It goes without saying that Hoosier supporters are hoping Smith's boys find a passage through Wisconsin's veteran line.

while doing his ball carying for the Weatherford Coyotes. The burly menter was also selected as the most valuable member of the team in his final season with the Coyotes. So Yarbrough will probably be torn between two loves although the Rangers rank a strong first.

The Rangers can ill afford to drop any one of their remaining three conference ball games—Weatherford, Decatur and Hillsboro. Like the locals Hillsboro is currently boasting an unblemished mark in league play. And in all probability both elevens will come up to their November 25 setto in the same condition—but there remains the chance that an improving Cisco team will take care of Hillsboro.

In the other zone of the conference the race has narrowed down to Navarro, who is no stranger, and Henderson. Henderson has swept through seven games with but one tie marring their mark, the deadlock being with a surprising Texas Military College team. Henderson meets Cisco tonight at Cisco in a non-conference tilt.

TRINITY AND SOUTHWEST TEXAS TOP DEFENSE TEAMS IN CIRCUIT

COMMERCE, Tex., Nov. 4 (UP)—Trinity University and Southwest Texas boasted the best defensive records in the Lone Star Conference today, official statistics revealed.

Trinity has allowed the opposition only 800 yards in six games, or an average of 141.7 yards per game, while the Bobcats have permitted only 898 yards to be gained against them for an average of 148.3 yards per game.

Richard Nutt, North Texas has scored 49 points and run 617 yards to lead in those departments. His chief rival is Gerald Levermann, Trinity, who has run up 36 points and gained 334 yards on the ground.

North Texas, in seven games, has run for 1,427 yards to lead on the ground and has amassed a total of 1,990 yards in total offense for honors there also. Stephen F. Austin has the next best record in both categories—1,242 in rushing and 1,968 in total offense. Top passing team is Stephen F. Austin with 726 yards net in seven games closely followed by East Texas with 700 yards.

Bobby (Red) Griffin, East Texas, still is tops in passing with 649 yards and six touchdowns, in total offense with 849 yards, and in punting with 49 punts for 2,096 or an average of 42.8 yards per kick.

Cecil Martin, North Texas, has passed for 529 yards and five touchdowns. Nutt is second in total offense with 640 yards. Second best punter is still John Had away, Sam Houston, who has booted 30 kicks for 1,209 yards for a 40.3 average.

Charles (rough house) Williams is the ranking receiver in the conference with 17 catches for 229 yards and three touchdowns. He is followed by Billy Nichols, Stephen F. Austin, who has caught 8 passes for 175 yards and two touchdowns.

perhaps 38,000 persons in the stands when the game opens Saturday and if the weatherman doesn't listen to the pleas of that crowd and it turns out rainy and muddy, the Tigers believe they will be prepared for this, too.

North South Golf Has 3-Way Knot

FINEHURST, N. C., Nov. 4 (UP)—Delayed for one day by rain, the 40th annual North and South Open golf tournament was slated to resume firing today with Chick Harbert, Glenn Teal, and Julius Boros leading a field of 102 into the second round.

Harbert of Detroit, Teal of Charlotte, N. C., and amateur Boros of Bridgeport, Conn., took the lead in the opening round on Tuesday by shooting four-under-par 68's. Heavy rains yesterday forced a postponement of the second round until today.

One stroke behind the leading trio was veteran pro Clayton Heaford of Charlotte with a 69 and then came Sammy Snead of White Sulphur Springs, W. Va., with 70.

Steers Practice Offensive Attack

AUSTIN, Tex., Nov. 4 (UP)—The Texas Longhorns dwelled today on the offensive they plan to pit against Baylor in their meeting with the Bears Saturday at Waco.

In yesterday's practice, Coach Blair Cherry's squad drilled against a freshman eleven carrying out Baylor offensive patterns, and worked on a few of his own tricks which the Longhorns hope to unleash against the undefeated Bears. Texas' punting also took the spotlight as charging fullback Rag Borneham, Bobby Coy Lee, Frank

Guess and Tommy Landry shone in the practice. Guess, injured against Arkansas and who took part in a few plays against SMU, will be ready for full service.

From where I sit... by Joe Marsh
"Husbands, Wives, and Marriage"
"Maybe you read that survey published recently in a national magazine, entitled 'Husbands, Wives, and Marriage.' It showed that among happily married couples, those who criticized themselves outnumbered those who criticized the other person. Among unhappily married couples, it was just the opposite—each one tended to criticize the other. That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe tobacco and an evening glass of beer or ale, is a sure start towards unhappiness. As for what made happy marriages, companionship within the home was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!"

Missouri, Sooners Meet Saturday In Top Battle

KANSAS, City, Mo., Nov. 4 (UP)—The University of Missouri football squad goes through a final, light practice session today and then boards a bus for Kansas City tonight on its way to Norman, Okla., and the "game of the year" with the sooners Saturday afternoon.

The Tigers will spend tonight in Kansas City and then will take a train early tomorrow for the Oklahoma engagement. A total of 35 will form the traveling Missouri squad, coach Don Faurot said.

Anticipating "the toughest one yet," the Tigers haven't overlooked a thing in their preparations, they believe. They respect Oklahoma's fast, powerful line as one of the best in the nation; they are well aware of—Jack Mitchell's abilities in punt runbacks; they have heard all about Darrel Royal's passing talents and the manner in which Bobby God snares those passes.

"They're tough," the Tights all agree. But there's another thing they agree on, too. "We're going to beat 'em." There will be a record crowd of

WEARY STATE'S RIGHTERS REMAIN AT CROSSROADS

By Jack Harvey
United Press Staff Correspondent
ATLANTA, Nov. 4 (UP)—State's Rights Democrats, with 38 electoral votes from four states in their pockets, wondered today which way to turn.

Some wanted to go ahead with the States' Rights movement which failed utterly to sidetrack President Truman's drive to smashing victory in Tuesday's election.

But there were signs that others in the rebellious party would like to turn back and be "regular" Democrats again.

In any case, the national party organization was almost sure to do some serious thinking before deciding who to recognize as the real Democrats in South Carolina, Alabama, Mississippi and Louisiana. Those states delivered their vote to States' Rights candidate J. Strom Thurmond.

Thurmond himself wished the president well in a telegram and then remarked that, after all, the civil rights rebellion was only "a fight within our own party."

The South Carolina governor said the State's Rights movement would "continue" but insisted he is still a Democrat, just like all the other States' Righters.

That was open to debate. Only a few days before the election National Democratic Chairman J. Howard McGrath "recognized" a reorganized group of "loyal Democrats" in South Carolina who ousted Thurmond as national committeeman and considered putting the States' Righters on two-year probation.
