

Ranger is the center of the agriculture and livestock industries of the area with relative industries bringing much business to the town. It is also the home of Ranger Junior College, one of the best public junior colleges in the state.

RANGER DAILY TIMES

THE RANGER DAILY TIMES is the oldest daily newspaper in Eastland county, the first edition appearing on June 1, 1919. World news is furnished the readers through United Press daily wire service.

80th YEAR

RANGER, TEXAS, TUESDAY, JANUARY 11, 1949

PRICE FIVE CENTS No. 188

Texas Legislature Opens 51st Session

Well...
I Dunno,
But...

We guess that politics and the weather cause more arguments than any other subjects and are the two subjects on which more people can be wrong than on any others.

We heard a lot of recalling yesterday and last night about the weather of last year and the weather before that at about this time of the year. Every story varied as to when the icy blasts started in those years or winters perhaps would be more correct since in both cases the blue northerners involved the year ends and the beginnings of the next.

So since the TIMES WEATHER BUREAU keeps very accurate records for the United States Weather Bureau, we did a little checking on past records this morning.

In 1946 the blue norther came in on December 28 with a low of 17 degrees and it was January 8 before the minimum temperature was ever 32 degrees or above. Temperatures in that period ranged as low as 2 degrees below zero, 1 below and 7 above with the highest minimum for that period at 31 degrees. Rain, sleet snow, and a thick coat of ice characterized that period.

In 1947 the first blue norther started on December 31 when the temperature dropped to 23 and did not come back up about freezing until January 3, 1948 when the minimum reading was 33 degrees. Then on January 16, winter really struck and not until February 2 did the minimum come up above freezing to a 37 degree reading. Minimum temperatures in this period ranged from 15 on January 1 to 10 degrees on January 27 and 28. January 29, 1948 registered a 13 degree minimum. On through 1948, February 7 registered the beginning of another drop that ranged from 24 down to 16 and on February 16 back to the first time to 32 degrees.

But last year March waited for its chance to put in the best bid for winter weather. On March 10 the minimum temperature dropped from 33 the day before to 8 degrees above zero, followed by a 9 above, 17 above, 29 above, and finally up to 34 degree minimum. Rain, sleet, snow and freezing mist fell during this period and it was during this time that we murdered the Ground Hog.

And if you don't take our word for it, the records are at our office.

Texas Travel Conditions

The Highway Department in Dallas received the following teletype report on road conditions over Texas at mid-morning.

Amarillo—continues snow and sleet predicted for next 36 hours, all roads open at present travel is difficult and very hazardous. About eight inches of snow and sleet reported in Canadian area.

Wichita Falls—Temperature 24 degrees; all highways glazed with ice and still sleeting; very hazardous traveling.

Lubbock—All roads open but covered with ice snow throughout district. Foremen doing all they can to make highways safe for travel. Fine sleet falling at mid-morning with temperature of 23 degrees.

Abilene—All highways iced over and very hazardous. Light freezing rain falling with temperature around 26 degrees.

Brownwood—All highways glazed with ice and still freezing. Unable to get through Eastland County, all buses stopped. Temperature about 26.

Austin—Temperature above freezing and all roads passable, but slick.

Waco—All roads passable in the district; a few bridges have ice on them but can be used.

Fort Worth—Light freezing mist falling; buses going north and west of Fort Worth are temporarily halted; roads at Cisco closed. Buses going as far as Stephenville.

JANUARY DEALING CITY ANNUAL WINTER BLOW

For the third consecutive year January has brought to Ranger what has become known as "stranded in Ranger weather" and last night Ranger was bulging with travelers who preferred to halt their journey here rather than risk travel on dangerously iced-coated highways.

Every hotel and tourist court in Ranger accommodated capacity crowds Monday night with some guests turned away and others availing themselves of lobby warmth and comfort for the night. Proprietors of lodging places today were making every effort to take care of additional requests for rooms and beds. Cafes were handling a tremendous trade for all meals.

Hospitals and doctors reported only minor accidents and injuries up to noon and it was hoped that urgent traffic warnings would eliminate any major accidents.

A Southwestern Bell Telephone Company spokesman in Ranger stated that so far the company has had no difficulty locally, "but" it was added, "we are keeping our fingers crossed." Considerable difficulty with communications has been reported in other sections of the state.

The Texas Electric Company office in Ranger stated that while there is considerable ice on light wires, there has been no disruption of service yet.

Lee Dockery, manager of the Community Public Service Company in Ranger, stated this morning that his company has encountered no difficulty what ever and indications are that they will be able to handle the situation without interference with service.

Minutes later Malcolm Curtis, Jackson Michigan, in trying to avoid the pile-up collided with another car. Mrs. Curtis suffered deep leg cuts but was reported in a satisfactory condition.

Curtis was returning from California with his wife and daughter to their home in Michigan.

Elsewhere a truck collision tied up traffic for over two hours in Cisco. Over 40 trucks have been stranded until weather conditions clear. Telephone service has not been damaged in this area but major difficulties are reported in and around Abilene. Motorists are requested to avoid going west on Highway 80.

Collins Moved To San Angelo

Bob Collins who has been stationed at the Eastland Army and Air Corps recruiting station since March 1948 has been transferred to San Angelo where he will assume similar duties.

Recruiting Sgt. James Hendrick will continue his duties at the recruiting station. Hendricks has been stationed in Eastland for the past three years.

Collins served three years in the 15th Air Force including 30 months in the European theater. He was discharged in 1945 and re-enlisted in March 1948 and was immediately assigned to the local recruiting office.

Country Club To Meet Tonight

It was announced today that a meeting of members of the Ranger Country Club will be held tonight at 7:30 o'clock at the clubhouse and all members are urged to attend.

New officers and directors will be installed and a buffet supper will be served.

NO LET UP IN WINTER'S WORST STORM IN SIGHT

(By UNITED PRESS) A winter storm pelted the Panhandle and South Plains of Texas with more sleet and freezing rain today, and it promised to get worse before letting up.

Coarse snow was observed at Lubbock and Fort Worth early today. Freezing drizzle multiplied hazards of highway travel and Hamstrung Airline operations in a vast stretch of the state, and there was a fog blanket over most of the remainder.

Temperatures at 5:30 a.m. ranged from Amarillo's narrow-chilling 12 to Brownsville's 69.

Two deaths since Sunday were attributed directly to the wintry blast, powered down into Texas

able to handle the situation without interference with service.

Traffic through Eastland county was halted part of the morning because of the difficulty in negotiating a hill east of Cisco. Highway Patrolmen were assisting some traffic over this rough spot about noon today. However, travel was being discouraged by the patrol.

Locally all authorities were advising people to remain inside as much as possible and to refrain from all travel wherever possible.

5 Car Collision Injures Three In Cisco Wreck

A five-car pile-up just west of the city limits of Cisco yesterday afternoon at 4:30 resulted in critical injury to one person, possible serious injury to another and painful cuts and bruises to a third.

The initial collision was caused by two skidding cars resulting in no injuries. But a car driven by Herbert Everett of Seminole topped the hill and skidded into the wreckage.

Everett's mother Mrs. J. B. Everett, also of Seminole, was detained in a local hospital suffering back injuries, and possible internal injuries. Her condition was reported critical.

Mrs. Will L. Rivers of Seminole, a third passenger in the car received head injuries but was not reported serious.

Minutes later Malcolm Curtis, Jackson Michigan, in trying to avoid the pile-up collided with another car. Mrs. Curtis suffered deep leg cuts but was reported in a satisfactory condition.

Curtis was returning from California with his wife and daughter to their home in Michigan.

Elsewhere a truck collision tied up traffic for over two hours in Cisco. Over 40 trucks have been stranded until weather conditions clear. Telephone service has not been damaged in this area but major difficulties are reported in and around Abilene. Motorists are requested to avoid going west on Highway 80.

Plans For QB Banquet Complete

At the meeting of the Quarterback Club held Monday night, plans were completed for the football banquet to be held at the First Methodist Tuesday, Jan. 18.

E. F. Arterburn, president, stated today that tickets for the banquet were checked at the meeting and a report on the ticket sales made to those that will serve the banquet. He said that after the check, it was indicated that there were a few more tickets available for the public. These may be had by contacting Arterburn or by calling at the Paramount Hotel. All tickets now available will be \$1.50 as tickets for all football players have been taken care of.

Head football coach, Blair Cherry of the University of Texas will be the guest speaker at the banquet and will show a film of the Orange Bowl game. He will be accompanied to Ranger for the banquet by Mrs. Cherry.

At the meeting Monday night, D. C. Arterburn was elected temporary secretary to fill the vacancy created by the resignation of Marvin Gross who has moved to Eastland.

There will not be another meeting of the Quarterback Club until after the banquet.

Motorist Warning

The sheriff's department has issued a warning to Eastland county motorists to curtail their driving unless absolutely necessary. Chains should be utilized if motorists must use their automobiles. Motorists are also warned not to investigate any accidents on the highway as that practice has been responsible for several multiple car collisions.

IN CALIFORNIA TOO!

Six-year-old Frank "Chappy" Chapman, La Canada, Calif., son of Los Angeles Acme bureau manager Frank Chapman pauses on his way to school to test the snow on his father's car. Snow is an unusual sight in this southern California town. Snow, rain and sleet fell throughout the area early January 10, as a record cold wave broke. (NEA Telephoto.)

WELL CONNECTION TO CITY WATER BEING PUSHED

Mayor Lee Dockery stated today that plans are going ahead as rapidly as possible toward turning water from a well east of town into the city water supply to relieve the current water shortage.

Foundations for pumps at the well have been laid and 6100 feet of pipe have been secured to be laid from the well to the city water main on Highway 80, East near the Roy McCleskey home. Mayor Dockery stated that it will require only five working days to lay the pipe and tie it into the main. He also pointed out that there is a 74 foot drop in elevation from the well to the tie-in point and that this will aid materially in the flow of the water.

He also announced that work has been completed on a ram on the A. H. Powell property east of town and water from a spring above the dam is already being impounded. It is estimated that 150,000 gallons of water will be impounded from the spring each day and this will be held in reserve to augment the well supply.

Tests on the well which is located on the property of Mrs. S. E. Sanderford, have indicated that it will produce 360,000 gallons a day which is about what the city is consuming daily. A contract has been signed by the city with Mrs. Sanderford for use of the water.

Authorities have estimated that there is possibly about two months supply of water for the city in Lake Hagaman which has been Ranger's only source of city water heretofore.

The addition of the well water and spring water, has eased the threat of a severe water shortage in Ranger.

AMG Adviser Due To Face Charges

FRANKFURT, Jan. 11 (UP)—Samuel L. Wahrbag, 33, of New York, \$7,000-a-year political adviser to the American Military Government in Germany left for the U. S. by air today on orders of Army Secretary Kenneth Royall that he face charges of political disloyalty.

Col. James Duke, AMG personnel officer in Berlin, said the nature of the charges will remain secret until Wahrbag is given a hearing in Washington.

But Duke said he had been rushed home in compliance with a confidential cable from Royall. The case was described as the first in more than a year in which disloyalty charges had been brought against an American in the European Command.

"I merely informed him that he was being returned to the United States on disloyalty charges and will be given a hearing by the Department of the Army in Washington at which time he will learn the charges and be permitted to present his defense," Duke said.

"If he is cleared he will be reinstated in his job at full pay," Duke added. "If he is convicted of activities prejudicial to the political security of the United States he will be discharged."

Honored Dead Rest Together
FORT SCOTT, Kan. (UP)—Seven officers and enlisted men, the crew of an American bomber which crashed in Bulgaria nearly five years ago, have been buried in a single grave with full military honors. Relatives agreed upon the mid-America resting place in Fort Scott Cemetery, although the victim's homes were scattered from Pennsylvania to California.

The dome of the Kentucky capitol in Frankfort is a copy of Napoleon's tomb.

RECORD BREAKING APPROPRIATION BILLS, LEFT-OVERS FACE SOLONS

TEXAS JCC HEAD GUEST IN RANGER

Melvin B. Evans of Wichita Falls, president of the Junior Chamber of Commerce of Texas, was the guest of the Ranger Junior Chamber of Commerce Monday night at the annual banquet held at the Gholson Hotel at 7:30 o'clock.

President Evans who was introduced by C. E. May Jr., vice-president of Region 12 of the Texas organization, spoke on the purpose of the movement and on the correct accomplishments it has so far scored.

Prefacing his remarks with praise for the enthusiasm of the Ranger group, and for the speed and success with which they launched their first project, the Jaycee Radio, he went on to emphasize that such daring is characteristic of Jaycees everywhere. He told of the Jaycees' program for Americanization, pointing to instances where it had drawn fire but had achieved results. He told in detail of the Texas Prison System reforms that the Jaycees are backing and asked support locally in this effort.

He stressed the purpose of this organization as being one of usefulness where their efforts are needed and pointed to the fact that their work goes hand in hand with the efforts of Senior Chambers of Commerce in the nation.

Guests were welcomed to the banquet by Morris Newham, outgoing president of the Ranger club. Newham introduced guests who were Mayor and Mrs. Lee Dockery, Rev. and Mrs. Cecil Ellis, R. V. Galloway, Mr. and Mrs. Jack Austin of Wichita Falls, Mr. and Mrs. Evans, Dr. and Mrs. F. M. Kuykendall, and Mr. and Mrs. John Ducker.

C. E. May Jr. who served as toastmaster presented the president's pen to Wilson Guest, incoming president, who spoke briefly. Other incoming officers are R. B. Thomas Jr., vice-president; Ralph Wagner, secretary and F. P. Braisher Jr., treasurer.

Directors of the Ranger club are Howard Oliver, W. M. Brown, Jr., M. G. McDowell, May, Joe Daskovich and Newham.

To Fight State Tideland Title

KASHINGTON, Jan. 11 (UP)—Rep. Emanuel Celler, D. N. Y. said today he will use his position as chairman of the House Judiciary Committee to kill any legislation giving states title to the oil-rich tidelands.

"I will not permit any tideland legislation to come out of the committee," Celler said. "The President's position is against any cession of the tidelands to the states and I am going to see to it that his program is carried out."

California To Mississippi River In Winter's Icy Grip

By United Press
Doctors were forced to operate on patients under emergency lights in several towns today as freezing rain, sleet and snow tore down power lines and blocked highways from California to the Mississippi river.

Southern California children to whom snow is a rare experience were delighted by the second successive day of snow yesterday. They took advantage of the fall to build snowmen and engage in snowball battles.

From the Rockies to west central Illinois, heavily-laden clouds laid down a sheet of sleet and ice that stretched from Central Texas as on the South of Nebraska and Iowa in the North.

The sleet piled high on communications and power lines which broke under the strain and isolated scores of communities. In some areas the sleet was followed

BY O. B. LLOYD, JR.
UNITED PRESS STAFF CORRESPONDENT

AUSTIN, Tex. Jan. 11 (UP)—The 51st session of the Texas Legislature opened today wrapped in record-smashing appropriation bills and controversial measures promising to keep the lawmakers busy at least to mid-May.

Of the 31 members of the Senate 11 were new. The House, with a membership totaling 150, counted 62 new members.

A record-breaking estimated \$318,000,000 will be available for state services over the next two years. A blossoming crop of appropriation bills, together with the proposals of the Gilmer-Aikin committee, "ghost bills" and "left-over" measures from the 50th session, were expected to keep the legislators in Austin for at least the regular 120 day term.

Representatives were sworn in by Chief Clerk Clarence Jones, while Secretary of State Paul Brown presided over the lower House as members elected their speaker for the coming session.

There were two contenders, Rep. Durwood Manford of Smiley, starting his fifth session, and Rep. Joe Kilgore of McAllen, a sophomore legislator.

Lt. Gov. Allan Shivers, rapping the members to order with a two-pound, two-ounce steel and plastic gavel presented by students of Lamar Junior College at Beaumont, administered the oath to the Senate.

Election of a president pro tempore to serve in the absence of the lieutenant governor was among the first orders of business for the Senate.

Prior to the balloting, there were three top contenders: Rogers Kelley of Edinburg, Kyle Vick of Waco, and G. C. Morris of Greenville.

Nationalist Force Crumbling Before Nanking

By Chang Kuo-Sin
United Press Staff Correspondent
NANKING, Jan. 11 (UP)—Unusually reliable sources said today that one of the main Nationalist forces north of Nanking was disintegrating under the twin pressures of hunger and Communist attack.

This force, originally composed of 180,000 men in three army groups under Gen. U. Yi-Ming, has been trapped 3 miles southwest of Suchow for weeks. Although surrounded, their presence has pinned down large Communist forces which might have been used for a direct assault on Nanking.

The report quoted airdrop pilots as saying that "disorder and violence" have broken out among the rapped Nationalists. The pilots, returning from airdrop missions, said they saw Nationalist soldiers wrestling for airdropped food and turning machine guns on each other.

The source said a cable was received from Tu's headquarters two days ago reporting that some starving troops were now eating "tree barks and leaves" after eating all their horses and cattle.

It is known that the government airdrop service never has been able to drop sufficient supplies of ammunition and food to the trapped Nationalists because of bad weather and lack of planes.

Garden peas require cool weather for growing and should be planted early.

Rep. Jack B. Brooks of Beaumont said the Governor did not commit himself while conferring with the group yesterday.

But Brooks said the Governor told him he would give the matters consideration.

Slight Injuries In Auto Accident

Roy Simmons who had been visiting friends in Cisco was slightly injured yesterday morning in an auto accident two miles west of Eastland on Highway 80.

He was taken to Ranger hospital where he was treated for cuts and bruises and dismissed.

According to police his car went out of control, when he apparently fell asleep at the wheel.

RANGER DAILY TIMES

Ranger is the center of the agriculture and livestock industries of the area with relative industries bringing much business to the town. It is also the home of Ranger Junior College, one of the best public junior colleges in the state.

THE RANGER DAILY TIMES is the oldest daily newspaper in Eastland county, the first edition appearing on June 1, 1919. World news is furnished the readers through United Press daily wire service.

80th YEAR

RANGER, TEXAS, TUESDAY, JANUARY 11, 1949

PRICE FIVE CENTS No. 188

Texas Legislature Opens 51st Session

Well...
I Dunno,
But...

We guess that politics and the weather cause more arguments than any other subjects and are the two subjects on which more people can be wrong than on any others.

We heard a lot of recalling yesterday and last night about the weather of last year and the year before that at about this time of the year. Every story varied as to when the icy blasts started in those years or winters perhaps would be more correct since in both cases the blue northers involved the year ends and the beginnings of the next.

So since the TIMES WEATHER BUREAU keeps very accurate records for the United States Weather Bureau, we did a little checking on past records this morning.

In 1946 the blue norther came in on December 28 with a low of 17 degrees and it was January 8 before the minimum temperature was ever 32 degrees or above. Temperatures in that period ranged as low as 2 degrees below zero, 1 below and 7 above with the highest minimum for that period at 31 degrees. Rain, sleet snow, and a thick coat of ice characterized that period.

In 1947 the first blue norther started on December 31 when the temperature dropped to 23 and did not come back up about freezing until January 3, 1948 when the minimum reading was 33 degrees. Then on January 16, winter really struck and not until February 2 did the minimum come up above freezing to a 37 degree reading. Minimum temperatures in this period ranged from 15 on January 17 to 10 degrees on January 27 and 28. January 29, 1948 registered a 13 degree minimum. On through 1948, February 7 registered the beginning of another drop that ranged from 24 down to 15 and on February 16 back to the first time to 32 degrees.

But last year March waited for its chance to put in the best bid for winter weather. On March 10 the minimum temperature dropped from 33 the day before to 8 degrees above zero, followed by a 9 above, 17 above, 29 above, and finally up to 34 degree minimum. Rain, sleet, snow and freezing mist fell during this period and it was during this time that we murdered the Ground Hog.

And if you don't take our word for it, the records at our office.

Texas Travel Conditions

The Highway Department in Dallas received the following teletype report on road conditions over Texas at mid-morning.

Amarillo—continue snow and sleet predicted for next 36 hours, all roads open at present travel is difficult and very hazardous. About eight inches of snow and sleet reported in Canadian area.

Wichita Falls—Temperature 24 degrees; all highways glazed with ice and still sleeting; very hazardous traveling.

Lubbock—All roads open but covered with ice snow throughout district. Foremen doing all they can to make highways safe for travel. Fine sleet falling at mid-morning with temperature of 23 degrees.

Ahliene—All highways iced over and very hazardous. Light freezing rain falling with temperature around 26 degrees.

Brownwood—All highways glazed with ice and still freezing. Unable to get through Eastland County, all buses stopped. Temperature about 26.

Austin Temperature above freezing and all roads passable, but slick.

Waco—All roads passable in the district; a few bridges have ice on them but can be used.

Fort Worth—Light freezing mist falling; buses going north and west of Fort Worth are temporarily halted; roads at Cisco closed. Buses going as far as Stephenville.

JANUARY DEALING CITY ANNUAL WINTER BLOW

For the third consecutive year January has brought to Ranger what has become known as "stranded in Ranger weather" and last night Ranger was bulging with travelers who preferred to halt their journey here rather than risk travel on dangerously ice-coated highways.

Every hotel and tourist court in Ranger accommodated capacity crowds Monday night with some guests turned away and others availing themselves of lobby warmth and comfort for the night. Proprietors of lodging places today were making every effort to take care of additional requests for rooms and beds. Cafes were handling a tremendous trade for all meals.

Hospitals and doctors reported only minor accidents and injuries up to noon and it was hoped that urgent traffic warnings would eliminate any major accidents.

A Southwestern Bell Telephone Company spokesman in Ranger stated that so far the company has had no difficulty locally, "but" it was added, "we are keeping our fingers crossed." Considerable difficulty with communications has been reported in other sections of the state.

The Texas Electric Company office in Ranger stated that while there is considerable ice on light wires, there has been no disruption of service yet.

Lee Dockery, manager of the Community Public Service Company in Ranger, stated this morning that his company has encountered no difficulty what ever and indications are that they will be able to handle the situation without interference with service.

Last Rites For Alyane Gholson Kolp Held Today

Funeral services for Mrs. D. D. Kolp of Fort Worth, the former Alyane Gholson of Ranger, were conducted Tuesday afternoon at 2 o'clock in Ft. Worth.

Mrs. Kolp died at her home in Fort Worth Sunday, apparently of asphyxiation from escaping natural gas in her home. She was born in Ranger, the daughter of the late Charlie Gholson, a pioneer resident, and Mrs. Gholson, the former Virginia Duncan of Ranger.

She attended school in Ranger and graduated from Ranger High School after which she left Ranger to attend the University of Texas. She made her home in Ft. Worth after her family moved there from Ranger and was married to Mr. Kolp in Ft. Worth.

After her marriage, she and M. Kolp made their home in Ft. Worth where they lived a number of years. They returned to make their home in Fort Worth about 18 months ago.

Mrs. Kolp was the niece of Mrs. Hayden Neal of Ranger and of the late John M. Gholson of Ranger.

Country Club To Meet Tonight

It was announced today that a meeting of members of the Ranger Country Club will be held tonight at 7:30 o'clock at the clubhouse and all members are urged to attend.

New officers and directors will be installed and a buffet supper will be served.

NO LET UP IN WINTER'S WORST STORM IN SIGHT

(By UNITED PRESS)

A winter storm pelted the Panhandle and South Plains of Texas with more sleet and freezing rain today, and it promised to get worse before letting up.

Coarse snow was observed at Lubbock and Fort Worth early today. Freezing drizzle multiplied hazards of highway travel and Hamstrung Airline operations in a vast stretch of the state, and there was a fog blanket over most of the remainder.

Temperatures at 5:30 a.m. ranged from Amarillo's narrow-chilling 12 to Brownsville's 69.

Two deaths since Sunday were attributed directly to the wintry blast, powered down into Texas

able to handle the situation without interference with service.

Traffic through Eastland county was halted part of the morning because of the difficulty in negotiating a hill east of Cisco. Highway Patrolmen were assisting some traffic over this rough spot about noon today. However, travel was being discouraged by the patrol.

Locally all authorities were advising people to remain inside as much as possible and to refrain from all travel wherever possible.

5 Car Collision Injures Three In Cisco Wreck

A five-car pile-up just west of the city limits of Cisco yesterday afternoon at 4:30 resulted in critical injury to one person, possible serious injury to another and painful cuts and bruises to a third.

The initial collision was caused by two skidding cars resulting in no injuries. But a car driven by Herbert Everett of Seminole topped the hill and skidded into the wreckage.

Everett's mother Mrs. J. B. Everett, also of Seminole, was detained in a local hospital suffering back injuries, and possible internal injuries. Her condition was reported critical.

Mrs. Will L. Rivers of Seminole, a third passenger in the car received head injuries but was not reported serious.

Minutes later Malcolm Curtis, Jackson Michigan, in trying to avoid the pile-up collided with another car. Mrs. Curtis suffered deep leg cuts but was reported in a satisfactory condition.

Curtis was returning from California with his wife and daughter to their home in Michigan.

Elsewhere a truck collision tied up traffic for over two hours in Cisco. Over 40 trucks have been stranded until weather conditions clear. The phone service in this area has not been damaged in this area but major difficulties are reported in and around Abilene. Motorists are requested to avoid going west on Highway 80.

Collins Moved To San Angelo

Bob Collins who has been stationed at the Eastland Army and Air Corps recruiting station since March 1948 has been transferred to San Angelo where he will assume similar duties.

Recruiting Sgt. James Hendrick will continue his duties at the recruiting station. Hendricks has been stationed in Eastland for the past three years.

Collins served three years in the 15th Air Force including 30 months in the European theater. He was discharged in 1945 and reenlisted in March 1948 and was immediately assigned to the local recruiting office.

To tell whether red mites are on your fruit trees, rub the undersides of a few leaves on a sheet of white paper. If red streaks are left on the paper, mites are present.

Each year an average of 40,000 fires, causing an estimated U. S. stores and store buildings.

Plans For QB Banquet Complete

At the meeting of the Quarterback Club held Monday night, plans were completed for the football banquet to be held at the First Methodist Tuesday, Jan. 18.

E. F. Arterburn, president, stated today that tickets for the banquet were checked at the meeting and a report on the ticket sales made to those that will serve the banquet. He said that after the check, it was indicated that there were a few more tickets available for the public. These may be had by contacting Arterburn or by calling at the Paramount Hotel. All tickets now available will be \$1.50 as tickets for all football players have been taken care of.

Head football coach, Blair Cherry of the University of Texas will be the guest speaker at the banquet and will show a film of the Orange Bowl game. He will be accompanied to Ranger for the banquet by Mrs. Cherry.

At the meeting Monday night, D. C. Arterburn was elected temporary secretary to fill the vacancy created by the resignation of Marvin Gross who has moved to Eastland.

There will not be another meeting of the Quarterback Club until after the banquet.

Honored Dead Rest Together

FORT SCOTT, Kan. (UP)—Seven officers and enlisted men, the crew of an American bomber which crashed in Bulgaria nearly five years ago, have been buried in a single grave with full military honors. Relatives agreed upon the mid-America resting place in Fort Scott Cemetery, although the victim's homes were scattered from Pennsylvania to California.

The dome of the Kentucky capitol in Frankfort is a copy of Napoleon's tomb.

IN CALIFORNIA TOO!

Six-year-old Frank "Chappy" Chapman, La Canada, Calif., son of Los Angeles Acme bureau manager Frank Chapman pauses on his way to school to test the snow on his father's car. Snow is an unusual sight in this southern California town. Snow, rain and sleet fell throughout the area early January 10, as a record cold wave broke. (NEA Telephoto.)

WELL CONNECTION TO CITY WATER BEING PUSHED

Mayor Lee Dockery stated today that plans are going ahead as rapidly as possible toward turning water from a well east of town into the city water supply to relieve the current water shortage.

Foundations for pumps at the well have been laid and 6100 feet of pipe have been secured to be laid from the well to the city water main on Highway 80, East near the Roy McCleskey home. Mayor Dockery stated that it will require only five working days to lay the pipe and tie it into the main. He also pointed out that there is a 74 foot drop in elevation from the well to the tie-in point and that this will aid materially in the flow of the water.

He also announced that work has been completed on a ram on the A. H. Powell property east of town and water from a spring above the dam is already being

impounded. It is estimated that 150,000 gallons of water will be impounded from the spring each day and this will be held in reserve to augment the well supply.

Tests on the well which is located on the property of Mrs. S. E. Sanderford, have indicated that it will produce 360,000 gallons a day which is about what the city is consuming daily. A contract has been signed by the city with Mrs. Sanderford for use of the water.

Authorities have estimated that there is possibly about two months supply of water for the city in Lake Haganam which has been Ranger's only source of city water heretofore.

The addition of the well water and spring water, has eased the threat of a severe water shortage in Ranger.

AMG Adviser Due To Face Charges

FRANKFURT, Jan. 11 (UP)—Samuel L. Wshraing, 33, of New York, \$7,000-a-year political adviser to the American Military Government in Germany left for the U. S. by air today on orders of Army Secretary Kenneth Royall that he face charges of political disloyalty.

Col. James Duke, AMG personnel officer in Berlin, said the nature of the charges will remain secret until Wshraing is given a hearing in Washington.

But Duke said he had been rushed home in compliance with a confidential cable from Royall. The case was described as the first in more than a year in which disloyalty charges had been brought against an American in the European Command.

"I merely informed him that he was being returned to the United States on disloyalty charges and will be given a hearing by the Department of the Army in Washington at which time he will learn the charges and be permitted to present his defense," Duke said.

"If he is cleared he will be reinstated in his job at full pay," Duke added. "If he is convicted of activities prejudicial to the political security of the United States he will be discharged."

Motorist Warning

The sheriff's department has issued a warning to Eastland county motorists to curtail their driving unless absolutely necessary. Chains must be utilized if motorists must use their automobiles. Motorists are also warned not to investigate any accidents on the highway as that practice has been responsible for several multiple car collisions.

RECORD BREAKING APPROPRIATION BILLS, LEFT-OVERS FACE SOLONS

TEXAS JCC HEAD GUEST IN RANGER

Melvin B. Evans of Wichita Falls, president of the Junior Chamber of Commerce of Texas, was the guest of the Ranger Junior Chamber of Commerce Monday night at the annual banquet held at the Gholson Hotel at 7:30 o'clock.

President Evans who was introduced by C. E. May Jr., vice-president of Region 12 of the Texas organization, spoke on the purpose of the movement and of the successful accomplishments it has so far scored.

Prefacing his remarks with praise for the enthusiasm of the Ranger group, and for the speed and success with which they launched their first project, the Jaycee Radio, he went on to emphasize that such daring is characteristic of Jaycees everywhere. He told of the Jaycees' program for Americanization, pointing to instances where it had drawn fire but had achieved results. He told in detail of the Texas Prison System reforms that the Jaycees are backing and asked support locally in this effort.

He stressed the purpose of this organization as being one of usefulness where their efforts are needed and pointed to the fact that their work goes hand in hand with the efforts of Senior Chambers of Commerce in the nation.

Guests were welcomed to the banquet by Morris Newnam, outgoing president of the Ranger club. Newnam introduced guests who were Mayor and Mrs. Lee Dockery, Rev. and Mrs. Cecil Ellis, R. V. Galloway, Mr. and Mrs. Jack Austin of Wichita Falls, Mr. and Mrs. Evans, Dr. and Mrs. P. M. Kuykendall, and Mr. and Mrs. John Ducker.

C. E. May Jr. who served as toastmaster presented the president's pen to Wilson Guest, incoming president, who spoke briefly. Other incoming officers are R. B. Thomas Jr., vice-president; Ralph Wagner, secretary and F. P. Brashear, Jr., treasurer.

Directors of the Ranger club are Howard Oliver, W. M. Brown, Jr., M. G. McDowell, May, Joe Daskovich, and Newnam.

To Fight State Tidelands Title

KASHINGTON, Jan. 11 (UP)—Rep. Emanuel Celler, D. N. Y., said today he will use his position as chairman of the House Judiciary Committee to kill any legislation giving states title to the oil-rich tidelands.

"I will not permit any tidelands legislation to come out of the committee," Celler said. "The President's position is against any cession of the tidelands to the states and I am going to see to it that his program is carried out."

Garden peas require cool weather for growing and should be planted early.

California To Mississippi River In Winter's Icy Grip

By United Press

Doctors were forced to operate on patients under emergency lights in several towns today as freezing rain, sleet and snow tore down power lines and blocked highways from California to the Mississippi river.

Southern California children to whom snow is a rare experience were delighted by the second successive day of snow yesterday. They took advantage of the fall to build snowmen and engage in snowball battles.

From the Rockies to west central Illinois, heavily-laden clouds laid down a sheet of sleet and ice that stretched from Central Texas on the South of Nebraska and lows in the North.

The sleet piled high on communications and power lines which broke under the strain and isolated scores of communities. In some areas the sleet was followed

UNITED PRESS STAFF CORRESPONDENT

AUSTIN, Tex. Jan. 11 (UP)—The 51st session of the Texas Legislature opened today wrapped in record-smashing appropriation bills and controversial measures promising to keep the lawmakers busy at least to mid-May.

Of the 31 members of the Senate 11 were new. The House, with a membership totaling 150, counted 62 new members.

A record-breaking estimated \$318,000,000 will be available for state services over the next two years. A blossoming crop of appropriation bills, together with the proposals of the Gilmer-Aikin committee, "ghost bills" and "left-over" measures from the 50th session, were expected to keep the legislators in Austin for at least the regular 120 day term.

Representatives were sworn in by Chief Clerk Clarence Jones, while Secretary of State Paul Brown presided over the lower House as members elected their speaker for the coming session.

There were two contenders, Rep. Durwood Manford of Smiley, starting his fifth session, and Rep. Joe Kilgore of McAllen, a sophomore legislator.

Lt. Gov. Allan Shivers, rapping the members to order with a two-pound, two-ounce steel and plastic gavel presented by students of Lamar Junior College at Beaumont, administered the oath to the Senate.

Election of a president pro tempore to serve in the absence of the lieutenant governor was among the first orders of business for the Senate.

Prior to the balloting, there were three top contenders: Rogers Kelley of Edinburg, Kyle Vick of Waco, and G. C. Morris of Greenville.

Nationalist Force Crumbling Before Nanking

By Chang Kuo-Sin

United Press Staff Correspondent

NANKING, Jan. 11 (UP)—Usually reliable sources said today that one of the main Nationalist forces north of Nanking was disintegrating under the twin pressures of hunger and Communist attack.

This force, originally composed of 180,000 men in three army groups under Gen. U. Yi-Ming, has been trapped 3 miles southwest of Suchow for weeks. Although surrounded, their presence has pinned down large Communist forces which might have been used for a direct assault on Nanking.

The report quoted airdrop pilots as saying that "disorder and violence" have broken out among the rapped Nationalists. The pilots returning from airdrop missions, said they saw Nationalist soldiers wrestling for airdropped food and turning machine guns on each other.

The source said a cable was received from Tu's headquarters two days ago reporting that some starving troops were now eating "tree bark and leaves" after eating all their horses and cattle.

It is known that the government airdrop service never has been able to drop sufficient supplies of ammunition and food to the trapped Nationalists because of bad weather and lack of planes.

Garden peas require cool weather for growing and should be planted early.

Among the top-line appropriation bills include one totaling \$4,700,000 for the Texas Prison System and another amounting to some \$20,000,000 for Rural Roads.

One of the measures expected to touch off legislative fireworks is the controversial Gilmer-Aikin educational proposal. Gov. Beauford Jester announced previously that he would recommend the report for emergency consideration.

One of them, the bewhiskered "fair trades" act, has been submitted eight times since 1931. During seven sessions it died a natural death in one of the houses.

Gov. Jester met yesterday with representatives seeking quick passage of three "ghost" bills that perished in the 50th legislature because of lack of funds.

The group asked the governor to submit the measures as emergency legislation.

It especially wanted speedy action on the bill to convert Lamar Junior College into a four-year state college and \$90,000 for a museum at West Texas State Teachers College and a medical branch of the University of Texas at San Antonio.

The bills, and three others which would authorize a soil conservation program, put a \$125,000 new wing on the Texas Memorial Museum at Austin and furnish \$90,000 for a Museum at Texas Tech, Lubbock, were passed by the 50th legislature. But they died when state comptroller George Sheppard would not certify them because he did not believe the treasury had enough money to cover the expenditures.

Rep. Jack B. Brooks of Beaumont said the Governor did not commit himself while conferring with the group yesterday.

But Brooks said the Governor told him he would give the matters consideration.

Slight Injuries In Auto Accident

Roy Simmons who had been visiting friends in Cisco was slightly injured yesterday morning in an auto accident two miles west of Eastland on Highway 80.

He was taken to Ranger hospital where he was treated for cuts and bruises and, dismissed.

According to police his car went out of control, when he apparently fell asleep at the wheel.

GOOD SAMARITAN FAITH UNSHAKEN BY THIEF

UVALDE, Tex., Jan. 11 (UP)—William Evans, whom almost everyone refers to as "Uncle Billy," stood behind the counter of his jewelry store today, happy in the knowledge that virtue is its own reward.
 The happenings of the last several days may have embittered one with less faith in his fellow men. But not Uncle Billy.
 He is the man who remembered by most of his 8,500 citizens of Uvalde for his attention to the youngsters and his kindness toward everyone.
 His kindness was rewarded materially last September when his fellow townsmen recommended him for his "Golden Rule Award" of a National Radio Network Program, "Tell Your Neighbor."

And the man who has been the town's good samaritan since the 1890's received an expensive wrist watch from the program, simply for doing unto others as he would have others do unto him.
 He treasured the watch so much that he wore it only on Sundays.

And Uncle Billy kept right on following the Golden Rule.
 Last Friday a man came into his jewelry store about closing time. He was broke and hungry, so he said. He needed Uncle Billy's help badly.

To ask of Uncle Billy was to receive. The kindly man gave the stranger \$5. He took him to a cafe for a square meal and succeeded in getting him a job in the

cafe.
 Then Uncle Billy took the man home with him for a night's sleep in a clean, warm bed.
 The stranger slept so well that when morning came, Uncle Billy left him still asleep and went to work in his jewelry store.

The man came to the store later in the day and asked, on the strength of his new job, to buy a tie chain on credit. His credit was good, as far as Uncle Billy was concerned.
 When Uncle Billy returned home that night, however, he found his prize watch which he wore only on Sundays was gone. Gone also was the stranger who had eaten his food and slept in his bed.

But the good samaritan of Uncle Billy of Uvalde still wore a smile on his face today. He was still willing to help a fellow out.
 And most of the citizens of the little Southwest Texas town gave strength to his faith in humanity.
 They had written the radio network program to see if it could spare another watch for Uncle Billy.

Fort Worth Livestock Report

FORT WORTH, Tex., Jan. 11 (UP)—(USDA)—Livestock Cattle 500. Active, most classes around 50 higher for two days some cows up more. Medium and good slaughter steers and yearlings 19.00-24.50, truck lot choice 663 lb. yearlings 27.75, few common lots 17.00-18.00, beef cows 17.50-20.00, load medium and good cows 19.35, canners and cutters 12.00-17.00, mostly upward from 13.00. Saugee bulls 16.00-21.00. Few medium and good stocker and feeder steers and yearlings 19.00-22.00.

Calves 300. Active, around 50-100 higher for two days. Good slaughter calves 23.00-25.00, common and medium 18.00-22.50, culis 16.00-18.00, stocker calves scarce.
 Hogs 800. Butcher hogs and sows steady to 50 lower than Monday's average, feeder pigs steady. Top 20.50 paid for most good and choice 190-280 lbs. good and choice 150-185 lbs 18.00-20.25, soft and oily lights 14.00-17.00, sows mostly 15.00-16.00, a few 16.50. Feeder pigs 18.00 down.

Sheep 500. Slaughter lambs and yearlings strong to 50 higher than Monday's average, slaughter ewes and feeder lambs scarce. Good and choice horn lambs No. 2 pelts 23.50, good fresh shorn lambs 21.00. Woolled slaughter yearlings 20.50.

Buckeye, Ariz., 35 miles west of Phoenix, bears the name of the state from which the first settlers there came—Ohio.

He-Man Now

After going around for three years with long blond curls, Billy Gilbert, 3, of Chicago, had them clipped. He seems to think that the change is a decided improvement for a husky he-man like he is.

TEXAS NEWS BRIEFS

By United Press
AMARILLO, Jan. 11 (UP)—The Panhandle Water Conservation Authority will hold its first meeting since the dust bowl era today.
 John McCarty, former Amarillo newsman and president of the authority, will be in charge of the afternoon session.
 The Authority will discuss the proposed dam site on the Canadian River, north of Amarillo, and other surface water problems of the Panhandle.

BOSTON, Tex., Jan. 11 (UP)—Bowie County had one less judge of the peace today.

The county commissioners court yesterday abolished a precinct and ordered the justice of the peace and constable of precinct 1 to absorb the new territory.

TEXARKANA, Jan. 11 (UP)—Policemen from the Texas and Arkansas side of this border city went back to school today.

They attended the opening two-hour class of an 11-day police school sponsored by the Texas Department of Public Safety.

Capt. J. O. Musick of Austin, the department's chief instructor, gave a lecture on accident prevention.

ABILENE, Jan. 11 (UP)—A boxing match scheduled tonight between Hardin-Simmons and the Cameron Aggies has been cancelled because of bad weather.

GONZALES, Jan. 11 (UP)—

Lula Butler, 7-year-old negro woman died here yesterday, raising to two the death toll of an auto-truck collision south of here Saturday night.

The driver of the truck, C. K. Coker of Cuero, died instantly in the crash. Still in critical condition from injuries suffered in the accident was Ollie Bell, 52-year-old daughter of the driver of the car.

SUGARLAND, Jan. 11 (UP)—Two convicts serving terms for theft were once again behind the fence at the central prison farm today, after a brief escape attempt ended with their peaceful surrender.

The prisoners, J. R. Turner, 48, Floyd County, and Glenn Phillips, 29, Potter County slipped away yesterday from a dehydrating plant at the prison farm, but were captured near Dewalt by armed guards, Sugarland residents and highway patrolmen.

Texan Dies In Crash Son Hurt

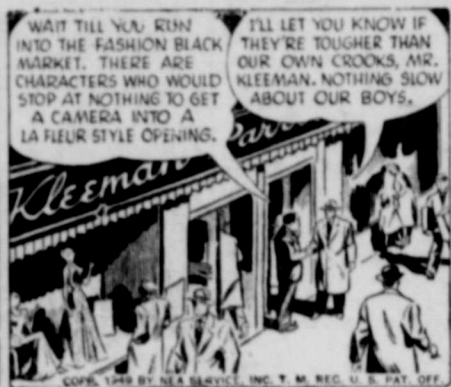

PIERRE, S. D., Jan. 11 (UP)—A biplane trip today resulted in the death of a prominent Amarillo rancher and serious injury to his son.

Arthur W. Sorelle, 69, died in a Pierre hospital early today of injuries received when the plane in which he and his son were flying crashed in poor visibility. Charles Sorelle, 21, was reported resting well in the same hospital.

The Texans were inspecting the father's stock in the Philip area for storm loss when they crashed.

Charles was able to reach a farm a quarter of a mile away to get help for his father, who was pinned in the wreckage. A snow plow took them to a hospital.

Mangrum Wins Riviera Tourney

LOS ANGELES, Jan. 11 (UP)—Lloyd Mangrum today credited a change in equipment and a lucky pair of pajamas for his three stroke victory in the \$15,000 Los Angeles open golf tournament.

The lanky veteran shot a one-under par 70 yesterday for a four round total of 284 to break a four-way third round deadlock. It was Mangrum's first win in the 23-year-old classic and he called it the "one I'd rather have than any other."

Although he plays out of Chicago, Mangrum has long been a Los Angeles resident. He good-naturedly gave the rest of the star-studded field the secret of his success.

"I changed shafts on my woods yesterday," said handsome Lloyd. "and then, for luck, wore pajamas under my pants. It was mighty cold out there."

His total was just par for the course and gave him \$2600 first place money. E. J. (Dutch) Harrison pocketed second place and \$1900 with a 287 score.

Four linksmen were deadlocked behind Harrison with 288. They were youthful Eric Monti, Santa Monica, Cal., Bill Vary Phoenix, Ariz., Leland Gibson Kansas City and flashy Jimmy Demaret, Ojai, Cal. Each of these won \$1112.50.

Biggest disappointment of the tournament was the failure of favorite Ben Hogan to shoot the brilliant golf at Riviera which had club caddies calling the course "Hogan's Alley." Bantam Ben finished in a tie for 11th place, far off the pace with a 292.

Low amateur honors went to musician Frank Stranahan of Toledo, O., and Bruce McCormick of Los Angeles who each had a 295.

New Lynch Contract Erases Speculation
AMARILLO, Tex., Jan. 11 (UP)—Howard Lynch, head coach at Amarillo High School, ended much speculation on his coaching future today by signing a new two-year contract here at \$6,000 annually.

Lynch, whose Sandies advanced to the State Finals this past season, got a \$550-a-year increase by signing the new contract.

He was reported to have wanted one for five years or longer and had been in conference with Beaumont school officials in regard to an opening there which was when the contract of L. B. Griffith was not renewed.

Football Rules Action Due Today

PALM SPRINGS, Cal. Jan. 11, (UP)—The N. C. A. A. rules committee today examined football's free substitution rule with indications that the chief change would eliminate substitution while the clock is running.

The committee opened its three day meeting here yesterday, ending action begun at the full meeting of the association last week in San Francisco.

Representatives of eight geographical locations met in sub-committees yesterday to give recommendations to be considered at a meeting of the full committee Monday and Tuesday.

Leading coaches and athletic directors were present to participate in debate on possible rule changes, mass substitution in particular.

Lou Little of Columbia, chairman of the coaches' committee was the leading proponent of a change in the platoon system of substituting. He indicated that the major change would provide for substitutions en masse only when possession of the ball changed or a time out was called.

The group was expected to hear Coach Omie Solom of Springfield, Mass., college today. He wants reinstatement of a rule which permits the "reverse center," banned in 1941.

Ranger-Temple Clash Postponed
Tonight's conference battle between Ranger and Temple has been temporarily postponed until later in the month.

Next rival clash on tap for the Rangers is Friday's away contest with Hillsboro. Coach Boone Vantreigh's quietest has broken even in two conference starts. They dropped the opener to Clifton by a 45-42 count—then came back to nip Weatherford by the same score.

Masquers Dramatic Club Has Meeting

The Masquers, dramatic club of Ranger Junior College, held its first meeting of the year on Tuesday evening, January 4 in room 11 of the Administration Building of Ranger Junior College.

Mrs. Hal Hunter, the sponsor, read a letter to the club inviting the members to attend the presentation of Shakespeare's Hamlet at John Tarleton College on Saturday, February 5. Margaret Webster is presenting the production. The club voted to attend.

Wanda Bailey was program leader for the evening and presented a program on drama over the world. Robert Williams discussed Life With Mother, Gloria Rogers "European Drama," Wanda Rose in the West," and Sara Whatley "The Japanese Presentation of Hamlet."

Hamlet will be studied at the meeting of the club on February 1 in preparation for the John Tarleton College production. Jack Townzen president of the club presided at the meeting.

New Era Club Meet Has Been Postponed

The meeting of the New Era Club which was scheduled for Wednesday afternoon at 4 o'clock in the home of Mrs. Howard Oliver has been postponed until Wednesday, Jan. 19 at which time it will meet with Mrs. Oliver at 4 o'clock.

All members are urged to note the change in meeting dates.

1947 Club Meeting Called Off Today

The meeting of the 1947 Club which was scheduled for tonight will be postponed until a later date because of the weather. An out-of-town speaker scheduled to appear on the program could not reach Ranger because of icy highways.

Willng Workers' Party Postponed

The party for members of the Willing Workers Class of the First Methodist Church which was scheduled for tonight at the home of Mrs. A. N. Larson has been postponed because of the weather.

The party will be held at a later date.

In Wyoming there are only 275 settlements, 151 of which have a population of 100 or less.

Continued From Page 1

the 20's elsewhere.

The long arm of frigid air was moving eastward across the state, and colder weather was in store for the southeast and extreme south portions today and tonight. The north and west sections of East Texas could gain some hope from the weather bureau's report that temperatures tomorrow will be "not so cold."

As far south as Central Texas, temperatures were on the freezing mark or below as today began.

Glazed highways in the Panhandle and South Plains forbade normal traffic, and even limited automobile movement was discouraged further by fog.

The fog accompanied rain and sleet, cutting visibility to a mile at Amarillo. Clarendon reported a similar mixture of the elements. But along the Gulf Coast, the fog was heaviest. At Galveston and Houston, where temperatures were 61 and 52, respectively, the murky fog limited visibility to little more than a third of a mile.

The picture in West Texas at 5:30 a. m. showed: Amarillo, light freezing rain and sleet, 12 degrees. Lubbock, light snow, sleet, 25; Clarendon, sleet, fog 18; Childress, light freezing drizzle, 20; Wichita Falls, Abilene and Mineral Wells, freezing drizzle, 25; Fort Worth, light coarse snow, 27; San Angelo drizzle, 28.

Guadalupe Pass was boxed in. It reported zero - zero visibility, the result of fog, and 23 degree weather. Southern most point in the state, El Paso, got a break from its cold spree with 42 degrees.

neighborhoods. Traffic was paralyzed.

Three major hospitals at Joplin were forced to rely on emergency facilities to provide light while doctors performed surgery on patients who could not wait for regular service to be restored.

At the Mt. Carmel Hospital in Pittsburg, Kans., doctors performed an appendectomy and delivered a baby while a portable generator furnished emergency power to light the operating rooms.

Nurses used candles and lanterns to make their rounds.

Many radio stations were forced off the air as power failed. They included WTAD at Quincy, Ill., KOAM and KSEK at Pittsburg, and several stations at Joplin. The Missouri state police short wave station at Joplin also suspended operations.

Ten inches of sleet piled up on the road between Pittsburg and Ft. Scott, Kans., Columbia, Mo., was virtually isolated.

The Kansas City Weather Bureau said the storm was "growing steadily worse" and probably would continue through tomorrow morning.

Highways were dangerously slick as far south as Abilene, Tex., and many school bus runs were halted. Seven persons were hurt seriously near Waurika, Okla., when their auto skidded into a bus.

Southwestern Bell Telephone Company said 11 Missouri towns, including the state capital of Jefferson City, were isolated from telephone service. A spokesman estimated damage at \$250,000. He said 3,000 telephones were knocked out, mainly around Joplin.

"We have no idea when the lines will be repaired because the ice is getting worse all the time," he said.

In some places, the weight of ice stripped all the branches off trees, leaving the trunks standing bare like telephone poles. Branches littered streets and highways increasing the hazards to traffic.

The snow in Southern California closed all roads out of the Los

Tito Nabs Him

Dr. Obren Blagojevitch, above, deputy finance minister of Yugoslavia, has been arrested while trying to flee the country, according to Belgrade. One of Yugoslavia's top economists, Blagojevitch supposedly confessed that he intended to "flee the country and defraud it."

Mr. and Mrs. S. B. Zuccaro recently of Aspinwall, Pa., are the guests of Mrs. Zuccaro's sister, Mrs. Nicol Crawford and Mr. Crawford.

Angeles area and motorists were warned to stay out of the mountains for the duration of the storm. Five hundred cars were stalled near Redlands when a truck skidded and jackknifed across a highway.
