Evacuation Of Tsingtao By Chinese Rumored

Well...
I Dunno,
But...

Well, if predictions hold good the pattern of the weather for this winter will be unchanged.

You remember that a recent check revealed that all of the severe northers this year have come in on Sunday or Monday, and that last year they were all blown in on late Wednesday or Thursday morning.

No we're not trying to figure it out, merely observing that that's what has happened.

Jack Williams and Tom Williams got a special enjoyment out of the showing of the film "Don Juan" in Ranger this week. The reason, their niece, Camille Williams was one of the cast. She is the daughter of Dick Williams a Warner Bros. sound man at the studio in California.

They say she didn't have the lead but got to talk to Errol Flynn in the picture.

With the approach of spring we just naturally begin to think of that spring clean-up and beautification for our town.

Saturday morning the street department was busy removing the sleet and ice deposited dirt from Ranger's main streets which is a commendable effort. But at the same time that the men were working at this task, a wind of March-like force was sweeping a veritable storm of loose papers and other trash about the town.

And we just thought, the effort of those street workers were about as effective as a good housecleaning before a Texas sandstorm.

But the workers and the city officials can't combat such as we witnessed Saturday morning without the cooperation of the people of the town. Those flying papers and other trash had to come from somewhere and you can bet on it that the street workers and city officials didn't put 'em out to be swept up again.

This issue has been raised over and over again and appeal after appeal has been made for cooperation of business houses in keeping trash cans and boxes covered against just such as occurred Saturday.

Like we've said before, keeping our town clean is a year round job and not one just for the spring and there's no time like the present to do our part in keeping our town clean and reminding other to do their part.

We get a great deal of cross-country traffic through this town and the results of such a blow as we had Saturday would add nothing to pride of our town, especially for outsiders to see.

And this is sure a job for everybody in town and not just a few. If one fellow keeps his property clean and the next door neighbor doesn't, a howling March wind can sure do things to both properties and that's unfair to the fellow that's trying.

Unionists Win Irish Election

BELFAST, Northern Ireland, Feb. 12 (UP)—The strongly pro-British Unionist Party of Prime Minister Sir Basil Brooke has won 35 of 48 parliamentary seats in Northern Ireland, soundly defeating advocates of merger with the Republic of Ireland, final election returns showed today.

The Irish Labor party, which took no stand on the partition issue, did not win a single one of the nine seats its candidates contested. The party is a counterpart of the British Labor Party.

Four other seats in the 52-member parliament will be decided Feb. 22 in voting at Queens University, traditionally a Unionist stronghold. Unionists held a total of 35 seats in the last Parliament. This should be increased when the Queens University voting is completed.

FIRE SWEEPS WAX PLANT

Fire sweeps through the Warwick Wax Co. in Kilgore, Texas. The fire started in a trash blaze and spread to a small tank farm. The tanks burned furiously for several hours, destroying telephone lines and disrupting rail traffic. (NEA Telephoto)

MEDICAL SOCIETY ASKS SUPPORT OF MINIMUM STANDARDS BILL

"A campaign to discredit Texas doctors is designed to block passage of legislation vitally important to the health of the public," the Eastland-Callahan Counties Medical Society charged here today.

The society referred to the Minimum Standards Bill, now pending in the public health committee of the Texas Legislature. They said that doctors of Texas were being attacked in statewide advertisements to divert attention from the real purpose of the bill.

"This law serves no one but the public. It will help abolish ignorance from the sick room, protect patients and save lives," society members stated. "It establishes minimum educational requirements for all future practitioners in any branch of the healing arts, and it asks that Texans' health be guaranteed by requiring each future applicant to undergo an omniscient fair examination."

They cited recent advertisements which charged that the bill represented a plan to step up medical fees by reducing numbers of practitioners in the State.

"That's not only untrue, it's ridiculous," they declared. "No group is trying harder to increase medical training facilities than the State Medical Association. The Association already has called on the legislature this session to aid in plans to expand facilities to provide more doctors."

The Medical Society stated it would be hard to write fairer legislation than the Minimum Standards Bill.

"It affects no one now practicing a healing art. It guards the future. It removes all partisanship from the examining board by allowing no one connected with

Lanita Creager Jimmie Ice Named School Favorites

In a recent election in Ranger High School, Lanita Creager and Jimmie Ice were selected by popular vote as the most representative girl and the most representative boy.

Tony Lewis and Leta Ervin were named the two most likely to succeed.

The four favorites will have a full page each in the school annual The Bulldog.

Other nominees for the favorite places were Doris Courson and Mary Lou Townsend, most representative girl; Alton Stiles, and Dean Elder, most representative boy; Gene Ready, and Weidon Cunningham, most likely to succeed and Jane Hardy, Nancy Phillips and Jeannette Kirkpatrick, girls most likely to succeed.

V F W Auxiliary Essay Contest Being Sponsored

Mrs. Ethel Brookes Gilmore has announced that the Ladies Auxiliary has launched a local essay contest in connection with the National competition being sponsored by national headquarters of the Auxiliary.

Theme of the essays has been designated as "My Part in America's Future" and members of Mrs. George Robinson's ready writers class and senior and junior students of Ranger High School will participate.

There are four top prizes beginning at \$1,000. Second prize is \$500, third \$250 and fourth \$100. There are also ten prizes of \$10 each and ten prizes of \$5 each.

This is the fourteenth annual contest and winner in last year's competition in the nation was a Texas girl.

Essays must be in the hands of Mrs. Gilmore, contest chairman by April 1, 1949. These will be judged and the essays of winners in Ranger will be sent to the state. State winners will be sent to national headquarters. Final winners will be announced about the middle of the summer.

Sen. Rogers Kelley of Edinburg has introduced legislation calling for a constitutional amendment on the question of whether the poll tax will be retained as a prerequisite to casting a ballot in Texas.

High School Has Scout Program

The Ranger High School assembly program, Thursday, February 10, was in observance of National Boy Scout Week. Tony Lewis, President of the Student Body, presided in the assembly and introduced the Boy Scouts.

Gene Ready gave a history and summary of Scout activities. A group of Scouts presented a skit of a Boy Scout Meeting. Tommy Wilson acted as scout master. Donald Dooley gave the Scout Oath, and a demonstration of artificial respiration was given by James Starr and James Varner. The Club repeated the Scout Motto in unison. Tom Starr then told how a Boy Scout determines directions.

The assembly closed with Tommy Wilson and the Scouts leading the Student Body in the Pledge to the Flag.

Group Attending Jaycee Meeting

C. E. May Jr., vice-president of Region 12 of the Texas Junior Chamber of Commerce, is in Wichita Falls to attend a joint meeting of Region 12 and Region 11.

He was accompanied on the trip by Mrs. May and Mr. and Mrs. R. B. Thomas Jr.

Willard Balch Commissioned Army Lieutenant

Willard Balch, son of Mrs. Lela Mae Balch, Ranger, formerly a Pharmacist's Mate First Class in the United States Navy, was recently commissioned a Second Lieutenant in the Corps of Military Police-Reserve, and called to extended active duty with the Army.

Lieutenant Balch attended Ranger Junior College where his major study was science. He was, prior to his being commissioned, a funeral director, having graduated from a School of Mortuary Science.

Lieutenant Balch appeared before the Officer Qualifying Board of the Dallas US Army and US Air Force Recruiting District for processing. His commission was effective 27 February 1949. He will attend the Provost Marshal General's School, Camp Gordon, Georgia with the class beginning March 2, 1949.

Lieutenant Balch served with the Navy in the Southwest Pacific campaigns. He was awarded the following medals: Southwest Pacific Campaign Medal with 3 Battle Stars, Good Conduct, American Defense, Philippine Liberation, and Victory Medal.

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 13.

The Golden Text is: "The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; he leadeth me beside the still waters. He restoreth my soul" (Psalms 23:1-3.)

Repeal Of Poll Tax Is Doomed

AUSTIN, Tex. Feb. 12 (UP)—Attempts to repeal the poll tax as a prerequisite to voting appeared today to be riding a precedent of defeat dating back to 1923.

Sen. Rogers Kelley of Edinburg has introduced legislation calling for a constitutional amendment on the question of whether the poll tax will be retained as a prerequisite to casting a ballot in Texas.

However, the measure appeared earmarked for no more success in the 51st session than similar legislation had in 1923, 1933, 1935, 1937, 1939, 1941 and 1945.

Kelley's resolution, which would retain the tax as a source of revenue, cleared committee hearing by the narrow margin of one vote. That was a vote reportedly switched as the hearing progressed.

Expectations were that the measure would be buried in committee.

Despite this initial victory, most observers saw slim hope for final passage.

Negative votes in committee came from Sen. Dorsey Hardeman of San Angelo, R. A. Weisner of Seguin and George Moffett of Chillicothe.

Expectations were that the measure would be buried in committee.

Survey Report Rescheduled For Tuesday Feb. 19

The once-postponed economic survey meeting as prepared by officials of the Texas and Pacific Railway and West Texas Chamber of Commerce will be held Tuesday at 10 A.M. in the 88th district courtroom at the courthouse.

Invitations has been extended to Eastland County business leaders and professional men to attend the important meeting to improve the industrial capacity of the county. Results of a year long survey will be presented the survey being prepared by the Bureau of Business Research of the University of Texas.

Efforts will be made following the presentation of the survey report to lure industries from all sections of the county to locate in this area.

Accurate figures and facts have been compiled to show that Eastland County is both rich in resources and area and can successfully undergo a wide expansion in industrial activities.

Among officials attending the meeting will be J. J. Finegan, assistant to the president of Texas and Pacific, Dr. Robert A. French of the Bureau of Business Research and D. A. Bandeen and Max Bentley of the West Texas Chamber of Commerce.

Veterans Aided By Farmers Home Administration

About 41 per cent of the \$81,000,000 loaned by the Farmers Home Administration, U. S. Department of Agriculture during the year went to returned service men to buy or equip farms it was pointed out in the agency's annual report for 1948. Veterans who are becoming established in agriculture made up about a quarter of the 320,000 farmers participating in the program.

Supervised credit has proved well suited to the needs of the many young veterans and their wives whose financial assets and farm management experience are limited but who desire to become successful operators of miliary type farms, the report stated. Veterans receive preference for all loans. Special loans were made to 141 disabled veterans who bought farms suited to their abilities.

Citrus Fruit Loss Heavy

AUSTIN, Tex., Feb. 12 (UP)—An estimated 28 per cent of the unharvested grapefruit and one-third of the orange crop was lost in the recent valley freeze, the United States Department of Agriculture reported today.

The USDA, in a special citrus report, indicated that damage was heavier than anticipated.

Remaining production of lemons was a total loss.

There was an "almost total loss" of unharvested pink and red varieties of grapefruit, while the loss to the orange crop was predominantly in the Valencia.

NEW STORMS RAGING IN MID-WEST STATES

A violent storm raged through the northern Rocky Mountains today and spilled into the range states, thwarting the efforts of relief crews to clear roads of the big snowdrifts.

The storm, resulting from a vast blanket of cold air spreading over the northern half of the nation, lashed northern and eastern Wyoming with winds that sometimes hit 80 miles an hour.

Strong gusts swept the Dakotas. A 46-mile-an-hour gale whipped up the old snow at Rapid City, S. D., cut visibility to less than an eighth of a mile and pushed the mercury to one below zero. At Dickinson, the mercury fell to six below.

Early today, the cold wave swept over all of Nebraska and was moving into northwestern Iowa and southeastern Minnesota.

Forecasters said it would cover most of the northern and northeastern part of the country by Sunday night.

Julius Badner, forecaster in the Chicago Weather Bureau, said there were "evidences of a storm developing over the southwest and tending to move north-easterly."

Such southwesterly storms have caused wide spread property damage this winter from dangerous icing conditions over Missouri, Illinois, Arkansas, Oklahoma and Texas.

A northeasterly moving storm might be particularly bad at this time, Badner said, because the warm air from the south would spread over the cold air from the north, giving heavy freezing rains and sleet.

The new spell of bad weather added to the misery of western states suffering from a savage series of heavy snows, floods, severe freezes, avalanches — and even earthquakes.

San Francisco was hit by a quake that lasted several seconds last night. No damage was reported immediately. Earlier in the day, a tremor was reported at Fresno.

TO ABANDON HOLD GRADUALLY ON COMMUNIST CIRCLED PORT

NANKING, Feb. 12 (UP)—Authoritative sources said today that the Chinese high command has decided to abandon Tsingtao, the North China port which since the war has been headquarters for the United States Western Pacific Fleet.

Evacuation of the port, these sources said, will be a gradual process similar to the withdrawal now taking place of American Marines and Naval forces which have been stationed there.

Communist forces have encircled the port, which is on the Shantung Coast, for months, but have not attacked it, apparently because of the presence there of the American forces. About 5,000 Marines were stationed there at one period, but a considerable number already have been withdrawn.

To Hold County Orchard Program At Stephenvills

The annual Eastland County Orchard Field Day will be held at the Agricultural Experiment Station at Stephenville, Friday, February 18, as announced by J. M. Cooper, county agent.

Mr. Cooper is extending an invitation to all Orchard farmers in the county to attend the program. The Experiment Station has conducted experiments on varieties, fertilization, cover crops, pruning and control of diseases and insects.

Plans call for the attending group to leave from the Court house 8:30 February 17. Stops will be made en route to pick up other farmers in the county.

B. C. Langley, superintendent of the station, will open the program at 10:15 with a welcome and explanation of the work of the station. Then leading agriculturists will discuss and explain various phases of orchard farming the rest of the morning.

Afternoon activities will cover demonstrations of cultivation fruit thinning and the use of spraying equipment. The afternoon program will be under the direction of T. E. Denman.

Another feature of the station is the use of hotbeds heated with electric cables.

V.F.W. Meet Monday

The Ralph McKinley Post of the Veterans of Foreign Wars will meet Monday night at 7:00 o'clock.

All members and interested veterans are urged to attend.

THE WEATHER

For East Texas — Cold wave in the extreme northwest portion tonight with temperatures falling to 14 to 22 degrees Sunday morning. Advise stockmen. Considerable cloudiness and windy with a few scattered showers in the West portion this afternoon and tonight, changing to snow in the extreme Northwest late tonight. Sunday, cloudy and colder in the West and North. Showers in the East and South, snow flurries in the Northwest portion Sunday. Strong southeast and southwinds on the coast.

West Texas — Cold wave in the Panhandle and South Plains tonight with temperatures falling to 4 to 12 in the Panhandle, 12 to 18 in the South Plains Sunday morning. Advise stockmen. Cloudy and windy with showers this afternoon, tonight and Sunday, except snow flurries in the Panhandle and South Plains late tonight and Sunday.

OUR PART IN NORTH ATLANTIC MILITARY EISENHOWER'S NEW JOB

By DAYTON MOORE
United Press Staff Correspondent
WASHINGTON, Feb. 12 (UP)—Planning U. S. military commitment under the North Atlantic Defense Pact shaped up today as Gen. Dwight D. Eisenhower's major task in his new advisory role.

The general was "drafted" from his civilian post as president of Columbia University for temporary duty as presiding officer of the joint chiefs of staff, and military consultant to President Truman and Defense Secretary James Forrestal. He begins his assignment Monday.

Eisenhower's experience as commander of Allied troops in World War II and later as Army chief of staff was felt to have made him the best qualified individual to answer the military questions involved in the proposed defense alliance.

These questions included how much in munitions the United States will give the western European countries and what military pledges this nation should make. The North Atlantic Pact now is being drafted here by representatives of the United States, Canada, Britain, France, Belgium, Luxembourg and the Netherlands.

Besides having a thorough knowledge of the military capabilities of the United States and

the western European nations, it was pointed out, Eisenhower will be dealing with other military figures whose confidence he gained during the war. Among these are British Field Marshal Viscount Bernard Montgomery, now head of the Western European Military Committee; Gen. Omar N. Bradley, present Army chief of staff, and Gen. Hoyt S. Vandenberg, Air Force chief of staff.

Both the White House and defense authorities denied that Gen. Ike's recall indicated any critical turn in the cold war with Soviet Russia. The general is expected to remain in Washington seven or eight weeks.

During that time, he will tackle other jobs in addition to the defense pact planning.

A defense department spokesman said he will go to work on a sizable backlog of business which has piled up on the joint chiefs of staff. As presiding officer of that body, Eisenhower will have the say on what matters are to be considered. It is expected that the chiefs are unable to agree, Gen. Ike can of-

fer his own recommendations to Forrestal and the defense secretary can make the decision himself.

Eisenhower's prestige on Capitol Hill also is being counted on by the administration to win speedy approval for the \$14,268,000,000 (B) defense budget.

Congressional reaction to Eisenhower's appointment was favorable. Congressmen expressed confidence that he would be able to get the Army, Navy and Air Force working together more smoothly.

Texas Golfers May Give Way To Out-Of-Staters

SAN ANTONIO, Tex., Feb. 12 (UP)—Texas domination of the winter golf tour tottered on the brink of an untimely end today as a 64-man field turned into the third round of the \$10,000 Texas open with John Palmer of Baldwin, N. C. fighting to hold his one stroke lead.

It was ironical that the golfing nomads had to get to the Lone Star state before thrgatening the dominance of the money-financing trio of Lloyd Mangrum, Jimmy Demaret and Ben Hogan—all native sons.

Demaret was the only one of the top money winning trio entered here and he was six strokes off Palmer's sizzling pace of nine-under-par 133 for 36 holes.

Hogan was convalescing in an El Paso Hospital from auto wreck injuries and Mangrum passed up this tournament.

Demaret's 139 total left him tied with eight others and faced with a tough task of catching the front running Palmer or some of the six others with better than 139 marks at the halfway point.

Palmer's lead was a thin one over Dick Metz, who is based at the swank Cavalier Yacht Club in Virginia Beach, Va. Metz, playing about as consistently as Palmer—who was had rounds of 67 and 66—Two strokes back of him was

Diet Dilly

Here's a bathing suit that's ideal for girls who gain (or lose) lots of weight fast. It's called a "swimskin," it clings to a girl's figure like a second skin. It's figure-hugging because it's made of more than a mile of elastic yarn. Jean Leonard wears it in Hollywood, Calif.

The modern design for '49

Why not get all this in YOUR new car?

Owners of low-built Hudsons have it!

Owners of New Hudsons are seeking for themselves that lower car can be built, the more graceful its lines can be made, the better it will ride, the more surely it will handle, and the safer it will be!

Because people who drive Hudsons "step down" into an exciting, new kind of automobile, they enjoy more head room and roomier seats—in an automobile only five feet from ground to top—than in any mass-produced car built today! Yet Hudson has ample road clearance!

But roominess is only one of the wonderful advantages that go with the automobile that is so far ahead it's a protected investment in motor car value.

Here are more:

Authentic beauty—the "step down" style is so basically right it frees designers of the need for makeshift styling, enables Hudson to achieve pleasing proportions, symmetric, free-flowing lines.

A hug-the-road ride, and a smooth, steady way of going, because Hudson has the lowest center of gravity in any American stock car!

Performance? You bet! Hudson's all-new, high-compression Super-Six engine—or the masterful Super-Eight, get every chance to perform at their brilliant best, because this car is so low-built, so streamlined!

A new measure of safety, because you ride completely encircled by the sturdy, box-section steel girders of Hudson's Monohilt body-and-frame.*

We invite you to visit your nearby Hudson showroom, to see all the advantages you are entitled to in your new car!

Faith Triumphant Subject of Film

"Faith Triumphant" will be the title of the life of Paul film which will be shown at the Second Baptist Church Sunday evening at 7:30.

This picture is a gripping portrayal of Paul's arrest at Jerusalem and his imprisonment at Caesarea. The characters speak in the words of the Scripture. The role of the Apostle is excellently acted.

Paul Portrayed In Film Sunday Night

"Faith Triumphant," a religious motion picture, portraying the Apostle Paul in his preaching and in his defense of the Christian Gospel before King Agrippa, will

First Baptist Services Listed

The following schedule for services of the week at the First Baptist Church has been announced:

SUNDAY—

PLOWS FINALLY BREAK THROUGH TO AVALANCHE-BOUND COMMUNITY

ANDERSON RANCH DAM, Ida., Feb. 12, (UP)—Rotary plows today chewed their way through the last few miles of snow clogged roads into this terrified valley.

Avalanches, which poured tons of snow, ice and rocks into this tiny construction community, had ceased. People were beginning to breathe easier and the once-terrified population calmed down.

An emergency radio was dropped by the Civil Air Patrol yesterday, in case the single-strand telephone line goes out again, as it did the day before the most critical period of the snowslides.

The wife of a construction worker told the following story via the strand of telephone line that still connects the chasm of horror with the outside world.

By Mrs. Effie Freudenstein
As Told to United Press
ANDERSON RANCH DAM, Ida., Feb. 12 (UP)—It's the silence that gets you.
You can see the avalanche coming and you can feel it. But there's hardly a sound.
There's turmoil in your heart and a lump in your throat. The snow doesn't give any warning. The whole hillside starts to move. And it keeps on coming.
My husband, Bob, is a hoisting engineer on this project. We came here from Tacoma, Wash., in June with our three children—Bobby, 10, Judith, 6, and Nancy, 4.
Everything was fine until they got us out of bed Wednesday night and rushed us out of our home over to the bunkhouse. The slides had started. The kids were scared. They started crying. But they're all right now. They've really been swell through all this.

It was terrifying that first night and day. We didn't know whether the next slide would have our name on it. We'd sit and watch them coming down. They'd hit bottom and rip through whole buildings. Sometimes they just spread out at the bottom and covered everything, maybe 20 to 25 feet deep.
It's a lot better now and I want the folks outside to know we're all okay. We're not worried anymore. They tell us the slide danger's over. We've got plenty of good food and we're warm and comfortable. Most of us are taking it pretty calmly but there are some who are still pretty jittery.
We've all been grouped in the bunkhouses and are sticking pretty much together.
We're running into a milk shortage for the kids but I understand they're going to bring plenty in soon. Otherwise we've got plenty of grub and no one is griping. We're all pitching in, helping each other with chores.
This has really been the most exciting experience of my life. But I wouldn't want to go through those hours of Wednesday night and Thursday morning again.
When they open the road down

Quantity Lower Prices Promised In Cotton Goods

NEW YORK, Feb. 11 (UP)—Sufficient quantity and variety of cotton yard goods will be on hand this spring and summer to fill the needs of every home dress-maker, and their prices will average 10 to 15 per cent lower than last year, fabric and department store officials said today.

The era of tight supply and allocation has disappeared, department store buyers said. One shop which last year told customers in mid-season it would be unable to replace a sold-out staple cloth assured them today it will have the same material in stock all season. The great bulk of cotton yardage sales will be at \$1 a yard, the stores said, as compared with a \$1.20 average last year.

But prices are not uniformly lower. Fine quality domestic and imported gingham, imported linens, and high-style metallic-shot cottons are all selling at about the same prices as last year. Handkerchief type linens are reported reduced in price, however, from \$2.50 to \$2 in one store.

into this place—maybe today, maybe tomorrow—some of the women and kids are going to leave.
But not me. Me and my kids are sticking with Bob.

To Fete Gratitude Train Monday

FORT WORTH, Tex., Feb. 12 Welcome ceremonies will be held here at 4 P. M. Monday for the French "Thank You" box car of gifts to Texas.
All Texas District Governors of Lions Clubs held invitations today from Gov. Benson Jester to take part in the ceremonies. H. J. Job, French Consul at Houston, also had received an invitation to represent his country at the reception at Santa Fe Depot here.

Both manufacturers and retailers emphasized their belief that price declines today are a "readjustment" rather than a wholesale break in yardage markets. The recent breaks in the raw cotton market, they said, no not necessarily foretell an equal lowering of finished goods prices. Finishing costs, they said, have not dropped. One yardage retailer feels strongly that the present decreases are a long-overdue adjustment of prices.

Medical Prices Will Increase
Shortages always raises prices. The Texas Medical Association, by restricting enrollment in Texas medical schools to barely enough to replace deaths and retirement has cut down our supply of doctors, especially in our rural areas, thereby causing a shortage and higher fees for services, while 3,000 pre-med students find the gates barred against them.
This same association now plans to get control of the supply of all competitive healing professions, so they can cut off replacements in these professions and make the shortage even more acute and thus raise prices higher than today.
The Basic Science Bill (S. B. 63) is designed to give the Medical Association complete control of all branches of the healing arts and it is being pushed by unlimited funds and a high-priced lobby. If we, the people, do not write, phone or visit our senators and representatives, we will have this infamous legislation forced upon us.
This is a call for action. If you want to know the names of your legislators, phone this newspaper. Address letters to them at Capitol Station, Austin. Stop that Basic Science Bill! Wire, write or phone today.
(Paid adv.)

Police Help Out
FRANKFORT, Ky. (UP)—Kentucky's new state police department takes seriously the matter of being a friend to motorists. Commissioner Guthrie Crowe said all patrol cars will carry extra cans of gasoline to give to motorists who run out of gas along the way.

When hanging the family wash, hang each garment straight and by its longest part to make it last longer, look better and easier to iron.

26 Years of Continuous Service —
... is a long-time record for any business or profession to achieve. Some do it, but many others do not. Common with the experiences of our contemporaries we have witnessed good years mingled with the bad. Some booms and more busts. And always the inevitable failure and consolidations. But we are still here with a fully equipped abstract plant of state-wide reputation, a force of trained employees, and a long record of successful operation in this county.

SOCIETY <>> CLUBS <>> WOMEN'S FEATURES

Gold Star Mothers Have Meet Friday

Members of the Gold Star Mothers Club met Friday evening in the home of Mrs. Con Hazard who was assisted in entertaining by Mrs. Jim Young.

During the evening officers were elected and are as follows: president, Mrs. Hazard; first vice-president, Mrs. Addie Frasier; secretary, Mrs. Frona Ames; treasurer, Mrs. Julia McCleskey; chaplain, Mrs. Gertrude Mitchell; sergeant-at-arms, Mrs. Young and historian, Mrs. Elsie Fonville.

Mrs. Ames retiring president was presented a gold and white corsage by the incoming president, and Electra Pearson was presented in a reading.

At the close of the meeting refreshments were served to the following: Mmes. W. E. Norwood, Frasier, Fonville, Ames, Young, Frank Hanson, Mitchell, Miss Maxine Fonville and Miss Pearson.

Child Study Group Meets Thursday

The Child Study Association was entertained Thursday evening in the home of Mrs. Lee Russell who was assisted by Mrs. Arlie Carver.

After a short business session, Mrs. Carver spoke on Founders' Day and Mrs. J. D. Johnson discussed the subject "Play Time is Growing Time".

At the close of the meeting refreshments were served to the following: Mmes. Joe Nuesse, C. L. Beck, R. E. Robinson, Norman Huffman, Alton Redwine, Allen Smith, Glenn Covington, Roscoe Hopper, Delbert Capps, Johnson, Carver and Russell.

Almost seven out of every ten farms in the United States now have electric power.

RECENT VISITOR

Kay White, daughter of Mr. and Mrs. B. L. White of Firt Weib, has recently been the guest of her grandmother, Mrs. O. M. Grant, Strawn Road.

Friendship Club Entertained Fri.

Members of the Friendship Club were entertained Friday evening at a Valentine party at the home of Patricia Ann Fleckenstein.

For the occasion the home was attractively decorated in the Valentine motif and the refreshment table was covered with a lace cloth and centered with an arrangement of red and white carnations. A large red heart hung back of the table.

During the evening a series of games was enjoyed and refreshments served to the following:

Ann Wolford, Dianne Plumley, Sara Beth King, Eddie Marie Chambers, Cecil Lynn Robinson, Patsy Hise and Mary Fleckenstein, and Mary Ann Wallace and Eddie Wallace, Charles Martin, Louanne Shaffer, Dick Heppard, Johnnie Gene Carver, Bobbie Justice, James Trawick, and Billie Nichols.

BY GAYNOR MADDOX NEA Staff Writer

START the day with a "stack of wheels" with butter and syrup. The man of the house will be happy.

Griddle cakes are versatile. They can be served of many meats. Meat roll-ups, a variation of the basic recipe, use up every last scrap of leftover meat or chicken and make a delicious supper entrée. Another variation is the apple pancake dessert which provides a hearty ending to an otherwise light supper of soup and salad. Corn griddle cakes, new and different, will please all the family no matter what hour of the day they are served.

Corn Griddle Cakes (Makes 12 to 15 griddle cakes)

One and one-half cups sifted flour, 3/4 teaspoon double-acting baking powder, 1/4 teaspoon salt, 1/2 teaspoon pepper, 1 teaspoon sugar, 1 egg, well beaten, 1 cup milk, 1 cup cooked or canned corn, 2 tablespoons melted shortening.

Sift flour once, measure, add baking powder, salt, pepper, and sugar and sift again. Combine egg, milk and corn. Add to flour mixture, add shortening, then mix only enough to dampen flour. Bake thoroughly on hot, greased griddle. Serve hot with butter and maple-blended syrup.

Meat Roll-Ups (6 servings)

Use your favorite pancake recipe. Spread each pancake with about 2 tablespoons of meat mix-

TOMORROW'S MENU

BREAKFAST: Orange juice, griddle cakes, butter or fortified margarine, maple-blended syrup, crisp bacon, coffee, milk.

LUNCHEON: Potato soup with croquettes, whole wheat crackers, vegetable salad, rye toast, butter or fortified margarine, cheddar cheese, stewed fruit, cookies, tea, milk.

DINNER: Boiled tongue spiced tomato sauce, creamed potatoes, buttered Swiss chard, crusted bread, butter or fortified margarine, celery, apple pancake dessert, syrup, coffee, milk.

ture, made by mixing together 1 1/2 cups ground cooked meat or chicken, 1/2 teaspoon salt, dash of pepper, 1/2 teaspoon onion juice, and few drops of Worcestershire sauce. Roll carefully. Serve at once with gravy or well-seasoned white sauce to which a bouillon cube has been added.

Apple Pancake Dessert (6-8 servings)

Use your favorite pancake recipe, making six 7-inch pancakes. (Allow about 1/2 cup batter for each.) Stack in two piles, spreading spiced sweetened apple sauce or apple butter between cakes. Sprinkle top with confectioners' sugar, if desired. Cut in pie-shaped wedges and serve at once with maple-blended syrup.

Bathany Class To Meet On Tuesday

The Bathany Class of the First Baptist Church will meet Tuesday night at 7:30 o'clock in the home of Mrs. Jimmie Jones.

Members and associate members are invited to attend.

North Carolina has launched a million-dollar program of research and development of its marine fisheries resources.

Assisting in entertaining were the hostess' mother, Mrs. J. D. Fleckenstein and Mrs. H. X. Wallace.

Civic League To Meet Wednesday

The February meeting of the Ranger Civic League will be held Wednesday afternoon at 3 o'clock at the Community Clubhouse.

A. W. Warford will be the guest speaker and tell the story of how he turned a hobby into a profession. He is the founder of Social Sciences, Inc., a visual education project that has been installed in schools all over the United States, a project which was started when Mr. Warford was a teacher in Ranger High School.

This meeting is also the annual business session and officers for the next year will be elected.

Junior Hi P. T. A. To Meet Tuesday

The Junior High School Parents-Teachers Association will meet Tuesday afternoon at 3:30 o'clock in the high school auditorium.

J. A. Winder will speak on the subject "Democracy In The Town" and Mrs. Arthur Deffenbach will give the Founders Day observance.

An important business meeting will be held and all members are especially urged to attend.

O.E.S. Stated Meeting Monday

A started meeting of the Order of the Eastern Star will be held Monday night at 7:30 o'clock at the Masonic Hall.

An initiation will be conducted and all members are urged to attend and visitors are welcome.

Rebekah Teams To Meet Monday At 1

Monday afternoon at 1 o'clock the past noble grand team of the Rebekah Lodge will meet at the I. O. O. F. hall for practice.

All members are urged to attend.

Personals

Rosemary Bruce who is teaching at Ballinger is here to spend the week-end. While here she will go to Gorman to sing in the wedding of Charlene Cook, a former schoolmate.

Mr. and Mrs. Bud Guess are the parents of a baby boy born Friday night at the West Texas Hospital. The baby has been named Donald Edward.

Ray Neely who recently underwent emergency surgery at the Ranger General Hospital has been removed to his home.

Mr. and Mrs. Albert Jackson and son, Ralph of Stephenville and Andy Jackson a student at Baylor University at Waco are the guests of their mother, Mrs. W. L. Jackson.

Mrs. F. S. Pearsall and daughter, Marjorie Pearsall, are visiting in Fort Worth.

Mr. and Mrs. L. S. Neher and daughter, Kim, of Dallas are the guests of Mr. and Mrs. J. R. McLaughlin.

Mr. and Mrs. Richard Fluschie and daughter, Sue, of Dallas are the guests of Mr. and Mrs. Harry Herman.

W. L. Brown of Strawn Road is reported to be seriously ill at his home.

Mr. and Mrs. John North and son, Bobbie, of Crane are the guests of Mr. and Mrs. R. J. Taylor.

A hotel in St. Paul emphasizes an added service feature — its guests can choose between sleeping under an electric blanket or a stack of regular ones.

'New Dior Look': Parisian Tailors Fashions for U. S.

(Photographed in Helena Rubin, 25th New York penthouse)

BY EPSIN KINARD
NEA Fashion Editor

NEW YORK—(NEA)—Christian Dior, the Frenchman who created the future remembered as the "New Look," has turned his talents to a new fashion ready-to-wear.

A Spring collection, designed and made in New York and distributed throughout the country, more than makes good Dior's boast of 1947 that "nothing can stop the new fashion from sweeping America."

Never has the look which brought about a fashion revolution in this designer's U. S. Collection, stamped by what is called

portion which flare about slim-line skirts like a flower flares over its stalk.

Typical of the "Dior Look" is the "Dior Look" This is French with a strong American accent. Suits, coats, and dresses for town and spectator sports wear interpret Mr. Dior's idea of the casual way American women should look. He avoids stiffness. He doesn't like to see buttoned-up jackets buttoned up all the way. Faithful to his French traditions, he stresses cut and detail. What is known as "typically Dior" are subtle combinations of color and fabric. Favored by this designer are little jackets of a new pro-

portion for America tastes are the two dresses shown. Each makes much of the little jacket.

The jacket topping the brown-and-white checked woaden dresses (left) with a pegged-top skirt, is a black wool bolero with shortuffed sleeves. This jacket has extra-contrast flare, a "well-swept" neckline which sways its name to its swirling scarf, and brown lining that repeats the soft check of the dress.

The dress (right) of navy blue flower-print cotton combines a slim-line skirt with a full jacket, belted in with navy silk-fabric. The uneven neckline of the jacket—shorter in front than in the back—is a typical Dior touch, and so is the usual unbuttoned look of the jacket.

County Council Has 1st. Meeting

The Eastland County Home Demonstration Council met in its first meeting of the year Feb. 9. Eleven clubs were represented, with twenty nine present.

Club officers for the year are: Chairman, Mrs. M. F. Farnsworth; Vice-chairman, Mrs. W. E. Tankersley; Secretary, Mrs. Cyrus Justice; Treasurer, Mrs. Bill Tucker; Reporter, Mrs. M. W. Grieger. Committee Chairmen: Year

Book, Mrs. Earnest Shaffer; Extension, Mrs. Frank Moseley; Education, Mrs. Dee Rodgers; Finance, Mrs. J. S. Turner; Marketing, Mrs. Dee Ball; Recreation, Mrs. Chas. Mahaffey; Reporter, Mrs. M. W. Grieger; Sponsor, Mrs. Floyd White; T. H. D. A., Mrs. D. E. Welch.

Mrs. Beas Edwards, District Agent for this district, met with the council, and spoke on "Organization." All Clubs were urged to send in their T. H. D. A. contribution as soon as possible. This fund goes to pay expenses of the Association, and to maintain a scholarship for an outstanding 4-H Club girl.

Plans are being made for the District Texas Home Demonstration Association meeting which will be held in Eastland April 27 and 28. Mrs. Moseley presented recommendation of expansion exhibit rooms.

1. Each Club test cooker of an adjoining community club.
2. Each club invite another club to an achievement day in the home of the bedroom and landscape demonstrators (everybody to bring scarf, pillow cases, and quilts).

3. Each club to be responsible for a 12-mer arrangement on council achievement day, and all members bring their pillow cases and scarfs to be exhibited and judged and that these be awarded ribbons.

Russell, Kan. (U.P.)—What could have been a fatal accident turned out happily for two small children, Cloyd Jones, four and his sister, Pamela, three, fell from an automobile going at 60 miles an hour. They suffered many bruises and small cuts but no serious injuries.

This is it!

NEW
Frigidaire
Fully
Automatic
Washer

And this "Live-Water" action is really marvelous! Just put in clothes and soap, set the dial and forget it.

- Washer fills and empties automatically.
- Washes 8 lbs. of clothes in less than a half-hour.
- They're spun damp dry.
- They're cleaner, whiter.
- Hands never touch water.
- See a demonstration!
