Administration Backed Farm Program Revealed

PERMANENT HIGH PRICE SUPPORTS, SUBSIDIES PROPOSED IN NEW PLAN

BY VINCENT BURKE UNITED PRESS STAFF CORRESPONDENT

WASHINGTON, April 7—(UP)—The administration today proposed a sweeping new farm program of permanent high price supports, coupled with government subsidies to give consumers a break. Secretary of Agriculture Charles F. Brannan unveiled the program before a joint meeting of the Senate and House agriculture committees. He said its aim is to help avoid a "farm-led and farm-fed depression."

The administration program was offered in place of the Aiken law which becomes effective on 1950 crops. Under that law, passed by the Republican-controlled 80th Congress, price supports for key crops next year would probably drop 10 to 20 per cent below present high wartime support levels. The administration last year generally endorsed the lower supports of the Aiken law.

The program offered today was designed (1) to appeal to farmers who want high supports continued and who don't mind government production controls; (2) to win consumer support; (3) to aid in shifting production away from surplus crops to livestock and dairy products by providing extra high supports for these items.

Brannan admitted the program "will cost money." He didn't say how much.

The administration plan calls for:

1. Bigger and better price supports—for virtually all basic commodities would be higher than maximum price proposals permitted under the Aiken law. Support emphasis would be shifted to livestock and dairy products. For the first time, there would be permanent and very high supports for all major meat animals as well as for milk, eggs and chickens.
2. Guaranteed farm income—price supports would be calculated to provide a "minimum farm income." The old "parity price" concept would be scrapped. Supports would insure that farmers get a purchasing power equal to that of a recent 10-year period. To make up for inflation, the system would set supports for farm commodities next year 25 per cent higher than the average price at which each commodity sold during 1939-48. The following year, the base period would be 1940-49. In 1952, the base period would be 1941-50.
3. Consumer angle—The high price supports offered to farmers for meat, milk and eggs would tend to bring about a big increase in the production of these commodities. The increased supply would be expected to drive prices down.
4. Family-Sized Farms—A specific limit would be set to the amount of production for which any farmer could receive price support. The limit would be the same in all cases, roughly about \$25,000 a year gross output. Brannan said this would promote family-sized farms and insure that price supports wouldn't encourage concentration into large farming units. Less than two per cent of the nation's farms would be affected by this limit, he said.
5. More government controls—To be eligible for any price support, producers would have to comply with all government production adjustment and soil conservation programs. Authority to call for acreage allotments and marketing quotas on additional crops was requested.

Rotarians Name New Officers

G. B. Rush was elected president of the Rotary Club Wednesday at noon at the regular meeting at the Gholson Hotel and W. A. (Archie) Robinson was named vice-president. H. P. Earnest was re-elected secretary-treasurer and Edwin George and Rev. Cecil Ellis were selected as directors.

The new officers will take over their duties during the summer. Dr. A. W. Brazda was in charge of the program at the meeting and introduced James Smith, owner of the West Texas Vocational School who told of the school and its operation.

He stated that it is for veterans and non-veterans and that three crafts are taught, cabinet making, radio repair work and electronics. Classes start the first of each month and the beginners are kept in separate classes from the advanced students. He says that students from the school are being placed in very good jobs.

The personnel of the school includes 10 instructors and workers with a total of \$3,000 in salaries each month. Veterans attending the school are bringing in \$1,000 each month in subsistence checks under the GI education bill and that most of this money is spent in Ranger.

During the business session, Smith was elected to membership in the club.

Public Invited To Senior Play

Members of the senior class have extended an invitation to the public to attend the class play presentation at the Recreation building Friday night at 8:15 o'clock.

The play entitled "Dead Man's Gulch" is a comedy with much humor and promises to be very entertaining.

Following is a synopsis of the play which gives an idea of the fun it offers.

"Here is the routine, tootin', est, funniest satire on the old West to ever gallop across a stage. Now it all started when Ambrose Groves and Bert Miller, a couple of would-be vaudeville comedians, were crossing the desert, heading California way. But right out in the middle of said desert, they were bootied off the train and onto their own, 'cause someone had picked their pockets—the pockets where their tickets and all of their money was. So picking themselves up, they start trudging across the desert, and in a couple of days they blow into Dead Man's Gulch, the wildest, the wildest, the roughest spot in the whole West, where everybody fights everybody else and blood flows like Old Faithful.

Now it so happens that Homer the Kid and his pal, Gun Smoke Carter, the two most hard-shootin' hard-ridin' cow-pokes whatever straddled a saddle, were expected to breeze into town at any moment to quell the shootin'. So when Ambrose and Bert hobbie in, they are mistaken for the West's most fearless cowpunchers, and ooh, what happens to them! Ambrose is taken for the hero, Homer the Kid, and from there on out, it's a knockdown on the stage, and a dragout of laughs from the audience, 'cause bungling Ambrose, here Ambrose, winds up by join' everything opposite from what the cowpunchers' union calls for. He gets everything in a terrible state. He doesn't get the goods on the crooked sheriff; he's completely beaten and soundly trounced by Hoot Owl Pete; and he's practically hung by Stinkwee, Nancy, either. But he does get things in the most devastating of devastating messes. He makes this the funniest rodeo of fun you've ever witnessed. You'll "brand" this the best yet."

Three hour devotions will be conducted on Good Friday by the Rev. McClain on the subject "Seven Last Words." This service will be from 12 o'clock noon to 3 o'clock in the afternoon.

On Saturday before Easter, at 7:30 P. M. there will be a baptismal service and reception of new members.

On Easter Sunday the worship and sermon will be at 11 A. M. The Rev. McClain has extended a cordial welcome to the public to attend all of these services.

Israel Rejects UN Proposal

TEL AVIV, April 7, (UP)—Israeli Premier David Ben-Gurion today rejected "once and for all" the United Nations proposal that Jerusalem be internationalized, informed government sources disclosed.

At the same time, Ben-Gurion refused to discuss a settlement of the refugee problem on any basis other than exchange of Israelis for Arabs, the sources said.

The premier laid down his terms at a meeting with the United Nations Palestine Conciliation Commission here. The commission was scheduled to leave for Jerusalem later today.

Israeli sources said Ben-Gurion told the commission he was willing to discuss outstanding issues but would maintain his stand on the question of Jerusalem and refugees.

Balmy Weather To Continue

"Warm, sunny weather prevailed in Texas today and the weatherman said it should continue through tomorrow. The mercury soared into the mid and high 80's at many points yesterday, with the state's high of 88 degrees at Henrietta. Fort Worth, Llano and Haskell all recorded 87s. The "coolest" maximum reading was 71 degrees at Galveston. Dallas had a high temperature of 85 degrees, its highest since last Nov. 4 when the mercury stood at 82.

No rains were recorded in the state yesterday or this morning and winds were light. Stainless steel can be drawn in wire so fine that one pound will stretch out for 25 miles.

Pre-Easter Plans For Episcopal Church Listed

The Rev. James W. McClain, priest of Holy Trinity Episcopal Church in Eastland, announced today that a series of pre-Easter services have been scheduled for the church.

On Tuesday, April 12, at 7:30 P. M. the Rev. O. D. Reed will speak at the church on the subject "The Religious Confusion of Our Times." On Wednesday, April 13, the Rev. Homer Rogers will discuss "The Economic Confusion of Our Times" and on Thursday, April 14 the Rev. E. Malone will talk on the subject "The Political Confusion of Our Times."

Three hour devotions will be conducted on Good Friday by the Rev. McClain on the subject "Seven Last Words." This service will be from 12 o'clock noon to 3 o'clock in the afternoon.

On Saturday before Easter, at 7:30 P. M. there will be a baptismal service and reception of new members.

On Easter Sunday the worship and sermon will be at 11 A. M. The Rev. McClain has extended a cordial welcome to the public to attend all of these services.

Farm Income May Drop This Year

WASHINGTON, April 7 (UP)—Some type of farms suffered a drop in net income last year and it is "highly probable" this will happen to more farms this year, the Agriculture Department said today.

In a review of the farm cost situation, the department said the outlook is for continued high farming costs with many farm products bringing lower prices this year than last year. For the country as a whole, the department said, 1441 farming costs may be about five per cent lower this year. But not all farms will benefit. With feed prices down, livestock feeding will have lower cost rates than a year ago, the department said. However, operators of other types of farms probably will be faced with higher costs.

Man Indicted In Stabbing

WEATHERFORD, Tex., April 7 (UP)—Jesse Akers, 46, Weatherford auto mechanic, today faced grand jury indictment for assault with intent to murder in connection with the stabbing March 28 of his estranged wife.

A Parker county grand jury returned the indictment yesterday against Akers, who is under guard in a hospital here with stab injuries that authorities said were self-inflicted. The stabbing affray occurred when Akers' estranged wife visited him at the house where he roomed.

U.S. ENEMIES WARNED TRUMAN WOULD USE ATOMIC BOMB AGAIN

WASHINGTON, April 7.—(UP)—Potential enemies of the United States were on notice today that President Truman would not hesitate to use the atom bomb again if he believed the welfare of the democracies was at stake.

But the president solemnly told a gathering of Congressmen: "I hope and pray that that will never be necessary."

He recalled in a speech last night that soon after he became president in 1945, he was called upon to authorize use of the atom bomb against two Japanese cities, Hiroshima and Nagasaki. "Now I believe," he said, "that we are in a position where we will never have to make that decision again. But if it has to be made for the welfare of the United States, and the democracies of the world are at stake, I wouldn't hesitate to make it again."

Mr. Truman said he hopes the "North Atlantic Security Pact" is a step that will prevent our having to make a decision of that sort.

The chief executive may be asked to elaborate on his remarks at his press conference later today (4 P. M. EST).

The dinner was arranged by the Democratic National Committee in an attempt to establish closer relations between the White House and freshman Democrats in Congress. The 81st Congress has been somewhat cool thus far on the president's legislative program.

But Mr. Truman made no direct

Demonstration On Grasshopper Dusting Planned

A demonstration on dusting for grasshoppers by plane on the F. E. Clark farm 7 miles S. W. of Cisco is scheduled for 9 o'clock Monday morning April 11, according to Tom Smartt, farm manager.

Smartt told J. M. Cooper, Eastland County Agent today that Charles L. Lewis, Grand Prairie, and a chemist whose name was not disclosed would be there in their plane at that time to dust for the young hoppers.

They will use both Chloridane and Toxaphane, the new dusts that have proven very satisfactory in grasshopper control it was said. The material when used properly does not harm livestock.

All farmers and ranchers of Eastland County and surrounding counties are invited to attend the demonstration.

Smartt said the small hoppers were very thick on the grasslands on the farm there in the Leon bottom and that they were still in bunches.

Entomologists have been using the press and radio for the past several weeks for warning farmers and ranchers of a severe hopper outbreak in the next 90 days.

M H Hagaman Better

It was reported this morning that the condition of M. H. Hagaman of Ranger, is some improved.

Mr. Hagaman has been critically ill at his home, suffering from pneumonia.

SENATE OKS MOORE MASHINGTON, April 7, (UP)—The Senate has confirmed the nomination of U. S. District Attorney Warren G. Moore of Tyler, Tex., for the eastern District of Texas.

Well... I Dunno, But...

Thought of somethin' last night that we hadn't thought of in a long time and it's somethin' to remember. As we recall it goes like this: "There's so much good in the worst of us, and so much bad in the best of us that it behooves all of us to make the most of us."

That may not be the exact wording of the original quotation but the idea is there anyway and a good one to hang onto. And we find it a lot more fun to find the good in people, than we do to look for the bad in people. The latter usually sticks out, while sometimes the good is obscured but it's always there.

Haven't heard a word about any spring cleaning for Ranger and heavens knows the town needs it.

And we oughta begin right on Main Street where the dust blows like it was an open prairie.

Some one complained yesterday about trash being dumped in the Willows Park and adjacent to the grounds of the Community Clubhouse, which the ladies of the Civic League are keeping in beautiful condition.

It's about time for the fishing stories to start flying. One of the surest signs that it's about that time is the languid attitude in general about town. Nobody wants to work on balmy days like we're having now.

It's even a few cars go by with fishing rods attached.

Well, Russia broke loose today the United Nations meeting and apparently they just can't think of enough mean things to say about the United States.

Among other things, they claim the Atlantic Pact is a shield covering the aggressive aims of the U. S.

Again, we say it's all by way of turning the public mind away from their own trickiness. Goodness knows if there's been any aggression since the end of World War II, Russia's the guilty party. And if there are any "aggressive aims," we'd say the finger of guilt points to Russia.

It's also accusing the U. S. of being the violator of the UN Charter by protesting the recent elections in Europe.

We don't see any violation of the charter which all that's been done is to protest the violation of human rights.

And in the face of such falsifying how an American citizen can align himself with the Communist Party, is something more than we can understand.

Student Recital Sunday at 3:15

It was announced today that a Pre-Easter recital by students of the fine arts department of Ranger Junior College and High School will be presented Sunday afternoon at 3:15 o'clock in the high school auditorium.

Lilla Jean Brown, head of the department, stated today that soloists and the High School Chorus will present a program of sacred and secular music.

The public is invited to attend the recital which, it was stated, will not be a lengthy program.

Murphy Thanks People For Votes

George Murphy stated today that he deeply appreciates the fine vote given him in Tuesday's election by the people of Ranger. He stated that even though he was defeated he felt that the large vote given him was a tribute and he is very grateful. Murphy further stated that he held no grudges over the election and his defeat and that the winner in the race for street commissioner has his best wishes.

Tax Office To Be Closed Sat. P. M.

Neil Day, Eastland County tax assessor-collector, announced today that effective April 16 the tax office in the courthouse will be closed on Saturday afternoons. This closing policy will remain in effect until Oct. 1 this year. During the rush of tax paying and auto registrations the office was kept open on Saturday afternoons but now that those rushes are over the office will be closed.

Area OIL News

By Buena Van Winkle

R. H. Patterson No. 1 Brown drilling at 3515 and still carrying some oil with them.

Commercial Production Co. No. 1 Alvin Parker are waiting to decide just what to do with this operation. They are not going to set pipe right now—that they have told this reporter.

Commercial Production Co. No. 1 Harvey Parker are laying the pipe and will take a picture, probably a Halliburton Jeep Wednesday afternoon. They have drilled this operation to something lower than 2865 and came back and bottomed at the 2865 depth.

Jay and Parker Company have moved to their No. 2 location on the T. N. Watt lease. They are now in the process of rigging up. As soon as they finish this operation they will move to the Northeast corner of the G. D. Lindley tract where they have made a deal for the Northeast 30 acres of the Lindley which is held divided and separate from G. D. Lindley's 90 acre lease. Mr. Paschall of Los Angeles California holds the 30 acre tract and also a one-third mineral undivided interest in the 90 acres of the Lindley. He has been in Gorman for the past few days making a deal with Jay and Parker.

WERB No. 1 Byrd will be plugged, in all probability. At 1500 feet they lost a whole string of tools and evidently do not think it worth while to pull them out. This operation is just east of Mangum. It was to have been a shallow test anyway, possibly not more than 1700 foot depth, so it seems they do not think clearing the hole of the tools is worthwhile.

C. M. Crawford of Dallas, W. Camden of Fort Worth, and Nick Carter of Dallas were in Gorman Wednesday morning inquiring the way to the David Smith land. J. C. Cook is taking the gentlemen to the Smith lease which joins Cooks land to the North. The gentlemen from Fort Worth and Dallas are interested in securing and developing the Smith land, we gathered in talking with them. As we have mentioned before, the Smith tract is in the Deaf and Dumb Asylum Lands west of Gorman and adjoins the Buck Anderson tract which Nita Springer of Amarillo took up last year and which Star Oil Co. have already drilled one well for Mrs. Springer

and have promised another soon. Also, Edwards Drilling Co. are due to drill another well for Mr. Cook within the very near future. The well which is being put down on the Day place right across the road from the rock crusher near Carbon (the Day place is the old Courtney property—80 acres we understand) is drilling at something lower than 1000 feet.

Sees No Need For Synthetic Oil

HOUSTON, April 7 (UP)—An executive of Standard Oil Company (New Jersey) last night questioned the "economic, conservation, or national security need" for embarking now on large-scale construction of synthetic oil plants.

In any discussion of such a synthetic program, Chester F. Smith, Jersey Standard vice president, told the division of refining of the American Petroleum Institute, "our large supplies of residual fuel should be considered as a better potential source of light products."

He added that there may be a time when synthetic production may well be justified on all three counts or economic, conservation and national security need. But for the present, he said, "let's use the better alternative first."

TOUCH OF SENTIMENT SPRINGFIELD, Mass. (UP)—Patrolman Christopher J. Aspell, who claims he issues more parking tickets than any other law officer in the world, became sentimental on St. Patrick's Day. Aspell, who wrote out 32,000 parking slips last year, observed the Irish saint's birthday by using green chalk to mark the tires of parked automobiles.

Officers Set Trap For Ward

NACOGDOCHES, Tex. April 7 Highway patrolmen, county officers and Texas Rangers guarded the fringe of a wooded section six miles east of here today as they waited for an escaped life-timer to come out of hiding.

Baying bhobhous were brought into the search for Willard Ward, 35, last night after a man answering his description ate at a negro farmer's house.

Ward and Walter LeMay, another convict, escaped from the Clemens Prison Farm in Brazoria county Monday night. LeMay was captured Tuesday midnight at Henderson but refused to tell officers which direction Ward, sentenced to life as an habitual criminal, had taken.

The negro farmer said the man who ate at his farmhouse had severe bruises on his head, arms and legs.

Officers said they believed if the mysterious diner was Ward, he probably had caught a ride for a short distance on one of dozens of logging trucks which move almost constantly in the region.

It is theorized that Ward had sought refuge in the dense piney woods to nurse his injuries. Officers believed he received them when the automobile in which he and LeMay were riding was forced from the road by a police vehicle.

Man Held In Bank Robbery

HOUSTON, April 7 (UP)—A man accused of being the swaggering bandit who stole \$4,500 from the Alameda State Bank last Monday will appear before U. S. Commissioner W. F. Carothers today.

FBI agents trapped the man, whom they identified as Sigmund Weil, an unemployed radio sales-

man, last night and charged him with the holdup.

Agent Galen Willis said the entire loot was found at Weil's Houston address (133 Alabama) in a clothes hamper along with clothing of the type worn by the bank robber.

The FBI arrested the bespectacled, heavy-bearded man as he was driving his 1942 model two-toned Cadillac around Houston streets.

He surrendered without a struggle and was taken to the Alameda Bank, where vice-president William P. Traylor and Teller Bob Schmitt identified him as the pistol-wielding robber.

Weil, arrested by agents following a "tip" Monday, refused to make a definite statement until today's hearing. The F. B. I. said the source and nature of their tip-off could not be revealed.

But the swarthy man did tell questioners he was a native of New Orleans and had lived here 20 years.

The robbery took place in broad

daylight, when the bandit demanded the money "in \$100 bills," which he put in a paper bag before strolling out of the bank building.

Texas Steer Tops Kansas City Sale

KANSAS CITY, Mo., April 7 (UP)—A grand champion steer from the Plainview, Tex., fat stock show, owned by Weldon McClung of Tulla, Tex., topped the Kansas City cattle mark yesterday, drawing \$27 a hundredweight.

Twenty-eight boys sold Plainview show stock here yesterday. The show was held April 1 and 2.

There were 519 stake races over the flat on the North American turf in 1948. Of that number, 427 were raced in the United States, 57 in Canada, 19 in Mexico and 16 in Cuba.

CARD OF THANKS

We wish to express our most heartfelt thanks and appreciation to each and every one for their gracious kindness and beautiful floral offering during our sorrow and grief due to the loss of our husband and father.

Mrs. W. T. Lewis

Dodger, Giants Head To Confer

FORT WORTH, Tex., April 7. (UP)—President Branch Rickey of the Brooklyn Dodgers and Manager Leo Durocher of the New York Giants were scheduled to confer here today in a meeting with possibilities. This was the first time that Durocher and Rickey have met officially since Lippy Leo quit the Dodgers for the Giants under Rickey's none-too-gentle prodding.

Rickey came to Fort Worth today somewhat with hat in hand. The Mahatma of Montague Street was trying to play cagey, but he could not withhold the secret that he was in dire need of a slugging first baseman and that Durocher had one to offer in the person of Johnny Mize.

Rickey has said he is not interested in Mize. That, however, could be so much blatherwater designed to disarm the Giants and make a sale or trade easier on the Dodger first sack headcase was accented yesterday.

Gil Hodges, the man currently assigned to first mostly on the basis of squatter's rights, showed his batting prowess by striking out three times in a game against the Tulsa, Okla., Oilers of the Texas League.

The desperation was further pointed up when Brooklyn sent one rookie first baseman, Dee Fondy, off to its Fort Worth farm club and immediately called up another, Chuck Connors, from Montreal.

Through all of this Branch Rickey, Jr., has been conferring with the Giants to set the stage for trading.

Rickey probably will find Durocher a mighty hard man with whom to deal, brassy Leo will be remembering those painful days he spent last season when Rickey was trying to shove

Olympia At Head Of Derby List

ST. LOUIS, April 7 (UP)—Fred Hooper's Olympia, a three-year-old colt with speed to burn, moved to the head of the class in the Kentucky Derby winter book today at odds of 2-1 to 1. Oddsmaker James J. Carroll, elevated the Hooper standard into the favorite's role for two reasons:

1. Olympia's run-away victory in last Saturday's experimental handicap No. 1 at Jamaica.

2. The withdrawal of J. M. Roebing's Bug Peter from the probable derby entry list.

Creentree Stable's Wine list and Capot represented the second choice for the big race at Churchill Downs, May 7, quoted at 5 to 1.

The big mystery in Carroll's latest listing was the absence of Maine Chance Farm's Mr. Busher a standout colt last year who was a 10 to 1 choice in previous seasons. Mr. Busher arrived at Jamaica yesterday, along with 16 other Maine Chances Farm charges, from winter quarters at Columbia, S. C. A spokesman for the stable said Mr. Busher still was a derby entry.

Stricken Town Burying Dead

EFFINGHAM, April 7. (UP)—This heartstricken town began burying its dead today as the Catholic chancery office announced a "final" toll of 73 lives lost in the fire which destroyed St. Anthony's Hospital.

The chancery said 61 bodies had been accounted for, most of them dug from the charred ruins of the three-story hospital. Twelve victims were listed as missing and believed buried in the debris.

"This estimate is considered final," said a spokesman for the chancery office.

He said that 128 persons were in the hospital when the fire flashed through the old building early Tuesday. These included patients, visitors, nurses, staff members and Franciscan nuns who ran the hospital.

There were 55 survivors, the chancery said, leaving 73 dead or missing.

Mental Cases Pile Up
OKLAHOMA CITY, (UP)—Oklahoma's mental health director says many patients in the state's six mental hospitals will become chronic cases because of lack of personnel to care for them. Dr. Charles P. Obermann reported the hospitals discharged only 355 patients last year while the institutions now have a total of 9,941 patients.

Five More Jurors Needed For Trial

WICHITA FALLS, Tex., April 7 (UP)—Five more jurors were sought today in the trial of Ben Langford, Sr., prominent Wichita Falls oil man charged with the murder of his wife.

A seventh juror was chosen late yesterday from some 80 veniremen questioned by state and defense attorneys on their views of

capital punishment.

Three jurors were picked in yesterday's lengthy proceedings; four the day before.

The whereabouts of Ben Langford, Jr., who was in the house at time of the shooting, still was secret today. District Attorney Clyde Fillmore won custody over the boy in a legal battle with the Langford family.

Mrs. Langford's body was found in her bedroom by Ben, Jr., last Jan. 3.

Defense attorneys have suggested the possibility that Mrs.

ing engineer, T. U. Nichols, pulled the throttle back and sent the front cars speeding to safety.

Four other cars on the train were left stranded on the opposite side. The two middle freight cars contained beer and automobiles.

TYLER, Tex., April 7 (UP)—The 39th annual convention of the Texas Tuberculosis Association will be held here tomorrow and Saturday.

Dr. A. L. Chapman, director of the University of Texas' Bureau of Research and Education by Radio will make the session's opening address.

WACO, April 7 (UP)—To any onlooker, it appeared like Baylor University professors weren't exactly the gregarious type.

Dr. L. W. Courtney, professor of English, walked up to a gentleman on the campus yesterday and asked, "I suppose you're here for the speech convention?"

"No," was the reply. "I help train athletes here."

The "stranger" was Bob Woodruff, head coach for the Baylor Bears.

Blames Son For Bank Shortage

MADISON, Wis., April 7 (UP)—A bank president blamed his missing son today for a \$150,000 shortage in their bank's accounts.

John K. Gill, 45, assistant cashier of the Bank of Madison and former Boy Scout leader, has been missing since March 21.

His father, Norman P. Gill, issued a statement on behalf of the bank which said, "losses occasioned by the acts of John K. Gill are approximately \$150,000."

The son left the bank while examiners were making a routine audit. He visited the Elks Club late that afternoon, but has not been seen since.

He left his wife and four children without telling them of his departure. His car was found in a garage here.

"I can't understand it," the father said.

U. S. District Attorney Charles H. Cashin, who obtained a warrant for the younger Gill's arrest, said agents of the Federal Bureau of Investigation had found no clues to his whereabouts.

Joe Moran, Kentucky's first outsider, has led every Kentucky Derby field to the post since the practice was inaugurated in 1917.

Langford committed suicide or was shot to death by an assassin.

COMMUNIST OUSTER BILL FAVORED BY COMMITTEE

AUSTIN, April 7 (UP)—The House state affairs committee last night reported favorably a bill designed to drive Communists, Fascists, and Nazis from state-supported schools in Texas.

The bill, by Rep. J. L. Crosthwait of Dallas, was sent back to the House on a 15-0 vote after the committee heard testimony.

Three University of Texas students appeared in favor of the bill and two against it. The measure would require students to sign a pledge saying "I do not believe in the Communist, Fascist, or Nazi party", and would be part of their registration certificate.

Leader of the opponents to the bill was Wendell Addington, of Lubbock, appearing in behalf of the Texas Committee of the Communist Party, USA. Addington is a University of Texas student and a combat veteran of World War II.

Addington said Fascists would "be happy about the passage of this bill." He warned they would cloak themselves in some other disguise, should it be passed.

Favoring passage of the bill were Woodrow Bean, farmer House member and now a law student at the University; Pat Tenant, a senior law student, and Bob Doss, law student and former Eisenhower for president booster. Addington was supported by

Clarence Ayres, University of Texas economics professor; Peg Lowery, a student, and W. R. Greer, a Houston bank clerk.

Bean said that high school students were obliged to pledge allegiance to the United States and that Communists should not be allowed to enter state-supported universities.

Tenant told the committee that only a handful of students would object to the proposed law.

Miss Lowery said that more than 400 students had filed a petition with University President T. S. Frazier objecting to the bill. She said, "enactment would deny education on the basis of political affiliations."

Prof. Ayres represented the American Civil Liberties Union. He said Texans would wonder if passage of the bill would be first

inroads on other liberties.

The final speaker was Rep. Sam Hanna of Dallas, who has been persistent in his condemnation of Communists.

Hanna stated:

"We're going to get rid of them one way or another and I think we'll get rid of them the legal way. We have tolerated them too long. They should be kicked out head first."

It cost \$2,000,000,000 and 2-12 years intense work by 100,000 physicists and chemists to perfect the first atomic bomb.

Luck's Where You Find It SAGINAW, Mich. (UP) — Deputy Sheriff Zednick's ice fishing party was having no luck on Saginaw Bay. Zednick took his fivegallon can and moved to a new place near a stretch of open water left by high winds. Hundreds of perch clustered at the edge of the ice. With the can Zednick scooped up a full catch for the whole party.
