Believe Iran Seeking Showdown With Russia

Well...
I Dunno,
But...

Whit Hagan, son of Mr. and Mrs. Fred Hagan of Conway and grandson of Mr. and Mrs. M. H. Hagan of Ranger, literally "sings for his supper" and makes it pay.

Whit, about six years old recently got a yen for a certain kind of notebook. His dad put him off, so Whit went to work on a play of his own. Each night his dad noticed that Whit had a large portion of his lunch money in his pocket. His questions brought no satisfactory answer and Whit showed no sign of being underfed.

So, not being able to learn anything from the boy, the dad queried Whit's sister, Betty. Betty reported that on the 15 mile school bus drive from Conway to Panhandle where the two attend school, Whit carried along his banjo and entertained the passengers with banjo music and songs.

At the end of the performance, Whit calmly passed the hat with satisfactory results. And he got his notebook.

Two senior university students home for the Easter holidays visited Ranger's Community Public Library for the first time Friday and came away wide-eyed with wonder at what has been accomplished in such a short while.

Both expressed complete surprise that Ranger has anything as fine as that library and one of the young ladies offered her assistance in a program that is being led by the librarian for months.

The library is something that you've got to see if you haven't visited it yet, and you'd get a nice surprise in store for you when you do.

Speaking of the Library, more new books have been added and among them is the treasured volume of TWENTIETH CENTURY AUTHORS, a 1577 page biographical dictionary of modern world literature.

In preparation for over four years, TWENTIETH CENTURY AUTHORS presents narrative sketches of more than 1850 world literary figures who have published in English since the turn of the century. Included with the American and British authors are the better known Russians, Germans, Frenchmen, Poles, Swedes, Finns, etc., whose writings have been translated into English. More than 1700 portraits accompany the biographies. Information about hundreds of these authors is nowhere else available.

Other additions to the library are, "Point of No Return", J. P. Marquand; "Cutlass Empire" by Thomas Costain; "Sports Stories for boys"; three special books for girls by Laura Ingalls Wilder and a set of little Golden records for the small fry. The records purchased are "Pinocchio", "Snow White", "Little Peewee", "The Little Kitten" and Tchaikovsky's "Humoresque" and Mozart's "Turkish March".

Girl Glad Saint Stopped Weeping

WALLACE BEERY FAMOUS CHARACTER ACTOR DIES

HOLLYWOOD, April 16.—(UP)—Grizzled Wallace Beery, who recently celebrated his 34th year as the "lovable old rascal" of Hollywood's rough and tumble movies, died at his home last night of a heart attack. He was 65.

It was the last of many seizures suffered by the lusty character actor since he strained his heart last summer cranking an outboard motor.

He had been under constant care of his doctor ever since, and for the past several weeks a private nurse had been at his home to make sure the once-active Beery lived quietly.

"He has been confined to the house for the past two months," a sobbing nurse said. "We allowed him to do nothing strenuous. He couldn't even go out in the garden and putter around."

"He ate a fairly large dinner last night and was resting. He was reading a book and seemed in very good spirits."

"Then suddenly he seemed to crumple before our very eyes. He collapsed to the floor and died immediately. There wasn't time to do a thing for him."

Present with the jumbo-sized actor when he collapsed were his adopted daughter, Carol Ann, her mother, Mrs. Reta Beery, Beery's brother Will and his wife, and his nephew, actor Noah Beery Jr.

They said the hard-boiled actor passed away suddenly.

"It all came so fast," they said. "He apparently felt no pain or fright."

Thus ended a Hollywood career that began 45 years ago when a huge, lumbering young man cranked show business as an elephant trainer. But he liked to shock interviewers with the story he entered the entertainment field as a piano player in a Kansas City bawdy house.

As a young man he was a chorus boy and a railroad wiper in a roundhouse. As the gray-haired, hard-boiled movie actor he made more than 250 pictures and kept the nation alternately chuckling and weeping for almost four decades.

Northern Goes To Chair Right After Midnight

HUNTSVILLE, Tex., April 16 (UP)—Buster Northern quietly said the Lord's Prayer, a few minutes after midnight and then died in the electric chair for a murder he denied he committed.

The 20-year-old youth, twice convicted and twice sentenced to die for the murder at Dallas of Mrs. Fanny McHenry, 69, McAlester, Okla., appeared pale as he walked into the execution chamber.

Prison guards strapped him in to the chair at 12:04 A. M. two minutes later, the first shock shot through his body. At 12:12 A. M., after the dynamo that supplied the chair with its lethal electricity had died down, Northern was pronounced dead.

Northern exercised his right to make a final statement.

"I appreciate everything that everyone in the State of Texas has done to obtain a commutation of sentence for me," he said. "I am glad I am going to meet my maker, and I know I am going to Heaven, but before I go me and Father (Frank) Brauman are going to say a word of prayer."

Northern repeated the Lord's Prayer.

Father Brauman had been Northern's constant companion in the last days of his life. He told prison officials that Northern was deeply religious and a devout Catholic.

Only one of the men who had entered the prison to witness the execution left before it started.

H. C. Pulley, the Dallas police officer who arrested Northern, said he had known the youth and "just couldn't stand it."

Northern's body was immediately returned to Dallas where Mr. and Mrs. J. R. Davis, whom he described as his foster parents, had made funeral arrangements.

County auditor Don Parker and County Judge Lewis Crossley will meet with the representatives of the other counties in Austin Tuesday.

Eastland County will join with 32 other counties in a meeting at Austin on April 19 in concerted effort to have the state pay its full share of the cost of operating the officers of prosecutors in the counties.

In total, the state is about \$1,000,000 in arrears. During the past 12 years the county should have received \$99,450.39 but actually received only \$60,300.

County auditor Don Parker and County Judge Lewis Crossley will meet with the representatives of the other counties in Austin Tuesday.

District attorney, Everett Grisham was supposed to accompany the county officials but could not be reached for confirmation Saturday.

Dr. Huff left Ranger to become superintendent of the Rusk State Hospital. In the new position, he replaces Dr. L. MacKechney.

Dr. Huff is a graduate of Baylor Medical School and served on the staff of the Wichita Falls hospital in 1946.

Discovery Related BOULDER, Colo. (UP)—Mrs. Elsie Hohl has had her 31-year-old marriage annulled. District Judge George H. Ranger Invited To Concert In Eastland Tues.

Todd Webb, concert violinist, will be presented in a concert in the Eastland High School Auditorium April 26 by the Music Study Club of Eastland.

Mr. Webb has toured the East and North as a concert violinist and a list of the orchestras with which he has appeared would include some of America's finest: St. Louis Symphony, soloist with Max Steindel's String Ensemble, Universal Pictures, Hollywood, W.G.N. Symphony of Chicago, Guy Claridge's Chez Parce Orchestra, Mexico City Symphony, many appearances as guest soloist with outstanding orchestras and extensive radio broadcasts.

As a result of this varied experience, Todd Webb today is equally at home with sparkling show tunes, an enduring classic, or generally speaking, music that appeals.

Mrs. T. E. Richardson, president of the club is inviting the music lovers of Ranger to enjoy this concert with us.

Tickets are now available and may be obtained from any member of the committee, Messames T. E. Richardson, W. E. Brasher, Don Parker, A. B. Cornelius, Frank Jones, and Donald Kinnaird or at the door the evening of the performance. They are priced \$1.50 for adults, 75 cents for students and 25 cents for children.

Planes Break All Previous Airlift Records

BERLIN, April 16 (UP)—Anglo-American planes smashed all airlift records today by flying 12,834 tons of food and coal into the city in a dramatic 24-hour display to Russia that its blockade had failed.

The four-engined aerial freighters roared into each of western Berlin's three airfields at three-minute intervals from noon Friday to noon (5 a. m. EST) today. They topped the old airlift record of 8,246 tons, set only five days ago, by more than 4,500 tons.

In the final hour of the big push some planes were landing only one minute apart. The total number of flights in the 24 hours was 1,398 compared with the previous high of 922. It was largely an American show. The British made only 272 flights.

Gen. Lucius D. Clay hailed the record as a "marvelous achievement" and said that the airlift can keep supplies on a level with pre-blockade shipments. He said that "given the aircraft we can maintain an average daily of 8,000 tons."

MISS VRAZ FREED AFTER FIRM PROTEST FROM U. S.

PRAGUE, April 16 (UP)—Miss Vlasta Vraz of Berwyn, Ill., was freed from prison by Czech authorities today after a stiff protest by the American Embassy against her arrest last Saturday on suspicion of "political activities."

Government authorities notified U. S. Ambassador Joseph E. Jacobs that Miss Vraz told him she had not been mistreated. He said she was questioned only once during her week in jail. She was held in a large room with another woman prisoner.

Jacobs said, however, that Czech police still contend that she was guilty of espionage.

Miss Vraz appeared at the Embassy early this afternoon after her week in jail.

Zdenek Fierlinger, Deputy Premier and acting Foreign Minister, notified Jacobs of her release.

The Embassy protested yesterday against the "arbitrary" arrest of Miss Vraz, and demanded that she be released. The note of protest was delivered to the Czech foreign office. It said Czech officials had promised her when

District Court Tries Four Cases

Four cases were tried in 91st district court Friday. Gordon Cannon of Cisco pled guilty on two counts, one for theft of automobile and another for burglary and was assessed two years in the State penitentiary in each case, with sentences running concurrently.

Richard Grainger pled guilty of the burglary of the home of Mrs. A. F. Taylor, in which a pistol, a watch and several other things were stolen, and was sentenced to two years in the penitentiary.

He was arrested in Corsicana and returned here by local officers several weeks ago. All stolen articles were recovered.

Dale Kellogg was tried on the case of car theft and the Court indicated that under a plea of guilty by the defendant punishment would be 10 years in the State penitentiary, but that by the recommendation of Mr. Jimmie Cox of Breckenridge, who was owner of the car, the defendant will be paroled as soon as suitable arrangements could be made for a home for the defendant, meanwhile he was to remain in custody of the Sheriff of Eastland County.

TEXAS WEATHER To Favor Easter

By UNITED PRESS

The weather man said today, madam, go ahead and wear your fancy Easter bonnet tomorrow. Easter will be a good day in Texas.

There is, the man with the weather maps said, nothing more serious in sight than partly cloudy skies.

Temperatures will be warmer than in the past few days.

It will be, in other words, a good day for picnickers as well as those given to fancy "uptown" dress.

The high yesterday was 79, degrees at Brownsville. The lowest this morning was 55, at Lufkin in East Texas and Salt Flat in West Texas.

WASHINGTON, April 16.—(UP)—The Weather Bureau predicted "fair weather" for tomorrow's Easter parade in practically all sections of the nation.

In a special Easter forecast, the bureau predicted possible showers only along the lower coast of Florida and in the Lake Superior area. The rest of the nation should have clear, cool weather with lots of sun.

Ex-Convict Taken Without Struggle By Dallas Police

DALLAS, April 16 (UP)—Detectives surrounded a house before dawn today and captured a youthful ex-convict sought for the hijacking Thursday night of three women and three children at their Hood County farm home.

Twenty-year-old Billy Ray Hemphill gave up without a struggle to 10 detectives and two uniformed officers who threw the cordon around his mother's home.

At police headquarters he talked freely of entering the home of Mrs. Conde Wood with a shotgun and forcing her, her two daughters-in-law and their three daughters to go to the barn on their farm near Tolar. Hemphill, detectives said, signed a statement.

The hijacking set off a wide manhunt in the area between Dallas and Tolar, capped by the dramatic capture today.

Hemphill said he fled Mrs. Wood's home in the family car, which was later found abandoned near Tolar. He told of hiding out in a thickly wooded area until last night and then stealing back into Tolar, once again armed with the shotgun.

Negotiations For Peace In China In Agreements

NANKING, April 16 (UP)—An official source said today that Nationalist and Communist peace negotiators at Peiping have agreed to revise China's constitution and political institutions.

This, coupled with previous reports that the Communists have withdrawn their demand for punishment of Red-designated "war criminals," disposes of the first three of the eight conditions laid down by the Communists for permanent peace in China.

The original three Communist demands were for punishment of Generalissimo Chiang Kai-Shek and other traditional political institutions, and revocation of the Kuomintang Chinese Constitution.

Still under negotiation at Peiping are technical details of the remaining five Communist "conditions," including whether and when Communist troops will cross the Yangtze River, how the opposing armies shall be recognized, makeup of a coalition government and confiscation of the property of Chiang and China's other three big families, the Soongs, the Kungs and the Chens.

Shao-Hsiung, a member of the Nationalist delegation, returned to Nanking from Peiping today to report to the Nationalist government.

... visitors from other states sometimes marvel at the bigness of our way of doing things. And, too, it is a constant source of pride to our own people when they look about them and witness, among other things, the magnitude of some of our business institutions and their capacity to render service. Here in Eastland County we are proud of our title plant and along with a host of others we think it's the best in the Southwest.

YAQUI INDIAN LENTEN RITUALS NEARING CLIMAX

GUADALUPE, Ariz., April 16 (UP)—Arizona's Yaqui Indians danced a weird ritual representing worship at Christ's tomb today as their centuries-old half-pagan observance of Lent neared its Easter climax.

Music from goat-sking drums, pebble-filled gourds and crude flutes was slow and sorrowful, in contrast to last night's wild pagan dance following the re-enactment of the Crucifixion.

Tomorrow at sunrise, the Yaquis will chant a paean of glorification and victory as they march to the village Catholic Church, restore the statue of Christ above the altar and hear mass.

Hundreds of visitors flocked here to watch the celebration of Christ's passion, which the Indians picked up from 16th century Spanish missionaries. Some of the tribesmen set up cold drink and hot dog stands to serve the crowds.

The ancient ritual began Wednesday when a group of Yaquis representing "Los Fariseos" (The Pharisees) started a daily search for Christ, represented by the statue. Thanks to the betrayal of Judas, he was found last night in a cottonwood bower which passed for the garden of Gethsemane.

Then "Los Pilatos," or soldiers of Pontius Pilate, masked and armed with spears, seized Christ and put him through the trial and crucifixion, all accompanied by the throbs of native music. Meanwhile, the true believers spared the dummy representing Judas.

The music reached a wild crescendo as half-naked, painted Indians garbed in weird headresses swung into their pagan dance, a mock celebration of "the false prophet."

The Indians who conduct these annual ceremonies only 12 miles from Proenxi, Ariz., are a hardy tribe who cling to their traditions.

Sleepless Elephant Goes On Rampage

LEVELLAND, April 16 (DP)—Carnival bosses were looking for sleeping pills today — sleeping pills for elephants.

Queenie, a 63-year-old youngster, couldn't sleep Thursday night. She escaped from her keeper early yesterday and lumbered almost a mile to A. M. Parker's home.

She turned over a barn at the Parker farm, knocked down a power line, ate three sacks of cow feed, ripped open the remaining feed sacks and trampled a garden.

Her sleepy-eyed keeper captured her a few hours later.

TCU's triumph came as Dick Osburn swept a love match from Carroll Dreyer, John Baker trounced Bob Mape 6-0, 6-3, Jack Levinson stopped Bill Johnson 6-4, 6-3, Osburn and Manning trined Bailey and Dreyer 6-4, 6-4 and Levinson and Baker defeated Mape and Johnson 6-3, 63-36.

Exhibition Bout Booked For Houston

San Francisco, April 16 (UP).—Welterweight Champion Sugar Ray Robinson has signed to fight a four-round exhibition bout April 27 in Houston, Texas against Chicago's Gene Burton, it was announced today.

Highway Not Much Use

PAOLI, Ind. (UP).—Motorist who have occasion to travel Ind. 337 often say the state might as well close the road permanently; it's blockaded most of the time anyhow. The route has been closed to traffic since early January because of flood water. Back in 1945, it was closed for 21 days in a row for the same reason.

Ship Railway Plans Revealed

LOS ANGELES, April 16 (UP).—A Mexican government official today described a plan to build a giant "railway for ships" from the Gulf of Mexico to the Pacific, saving 1,600 miles over the Panama Canal route.

White haired Modesto C. Roiland, 67 year old director of Mexico's free ports, said frankly that he was here on a "drum beating" trip seeking some \$500,000,000 in American capital which he estimated would pay for the project. A regular canal across the Isthmus would cost \$5,000,000,000 (B), he said.

At the terminal points of Puerto Mexico and Salina Cruz, ships would be floated into huge bathtub-like boxes and run 162 miles across the Isthmus of Tehuantepec on as many as 24 rails. Electric motors would push them along at 18 miles an hour.

Under this plan it would cost \$1 a ton to transfer goods across the Isthmus in contrast to the present cost of \$5 for shipping them by railroad, Roiland said.

AAA To Query Company About Gasoline Price

WASHINGTON, April 16 (UP).—The American Automobile Association intends to ask individual oil companies why gasoline prices have gone up and not down. The association in a sharp letter to the American Petroleum Institute asked why 33,000,000 motorists had to pay high gasoline prices.

The institute said in reply that it had to be "deaf" dumb" and blind" about prices because of the anti-trust laws. It suggested the AAA ask the oil company for an answer.

The Association will do just that, Russell E. Singer, executive vice president of the AAA, told newsmen. He said his organization will ask each individual company why the price of all petroleum products except gasoline has dropped this spring.

Yankee Meat Square

Lagging spring appetites will perk up at the sight of Yankee meat square with creamed vegetables, buttered asparagus, and spiced crabapples.

Add another tempting casserole dish to your spring menus by serving this Yankee meat square. It combines cooked cubed meat, enriched bread cubes, eggs, and meat broth or milk in a nourishing main course. This is not a fluffy mixture, but has more the consistency of bread pudding.

Yankee meat square makes a simple company dish, for the mixture may be pressed into a nine-inch ring mold. After baking, unmold and fill center with creamed vegetables. Buttered asparagus may be the green vegetable on the menu, with a needed spicy accent supplied by pickled crabapples.

Cubes of meat scattered through the square give "bite" and meat flavor to it, while the enriched bread supplements the food value with B-vitamins, iron, and food energy.

The bread cubes used in making this dish may be made from day old bread, but they should not be dry and hard. The meat square or ring is easy to unmold if pans are lined with waxed paper.

YANKEE MEAT SQUARE

- 4 cups enriched bread cubes
- 2 cups cooked meat, cubed
- 2 eggs
- 2 cups meat broth or milk, or liquid from canned vegetables
- 1 1/2 teaspoons salt
- 1/4 teaspoon pepper

Mix bread cubes and meat. Beat eggs, add broth or milk, salt and pepper. Pour over bread mixture. Mix well. Pour into greased eight-inch square pan. (Lining the bottom of pan or ring mold with waxed paper prevents sticking).

Press firmly into pan. Bake in moderate oven (350 degrees F.) 45 minutes. Unmold, cut into squares, and serve with creamed vegetables or tomato sauce. Makes six servings.

Alice The Chicken Freed Saturday

HOUSTON, Tex. April 16.—Alice the chicken was due to sample the rude shocks of the big outside today when a bottle-breaking ceremony frees her from a five-gallon jug, the only home she has known.

Clyde Roco, grain dealer who imprisoned the dominicker when she was just a baby, said he planned to cut short his "experiment" by a day or two.

Roco's original plan was to keep Alice bottled for seven weeks as a "promotion stunt" to prove that fowls thrive on good food and a minimum of exercise. The seven-week period would end Monday, but Roco's attorneys had apparently suggested he go along with the Humane Society, whose members decided two days ago to rescue Alice from her glass tomb.

"Alice will be free and happy, ready for her new and wonderful state in life," said Roco. Admitt-

ing the move was a "compromise," Roco said he certainly intended to "stay within the bounds of the law."

Film Famed Easter Pageant in America's Own 'Holy City'

This year, enjoyment of the 22-year-old annual Wichita Mountain Easter Pageant will not be confined, as in the past, to those who can make the pilgrimage to Lawton, Oklahoma, scene of the spectacle. The noted Passion Play, with its cast of 3000 non-sectarian citizens of Lawton and surrounding communities, has been made into a \$2,500,000 motion picture, entitled "The Lawton Story." Its principal actors are "just folks"—their names unknown to Hollywood. For instance, the Christ is played by ex-GI Millard Coody, of Lawton. He earns his living as a bank clerk. Another "star" is six-year old Ginger Prince, of Atlanta, Ga. The pageant was filmed in the Holy City, 22 miles from Lawton. Said to be the only permanent replica of ancient Jerusalem ever built, the Holy City was constructed in 1935 and paid for by federal grants totaling \$150,000.

Above, Millard Coody, as Christ, sits with his disciples at the Last Supper. His striking resemblance to the Savior won him the role. At left, he does a scene with Ginger Prince beneath the lighted window cross in the Little Rock Church in the Holy City. Below, Coody is shown in his workaday role of bank clerk, accepting an elephant bank deposit from his little co-star.

Europe is producing only three per cent less food than it did before the war, but its population has increased about ten per cent.

Study Mysterious Movement Of Arms

MATAMORAS, Mex., April 16 (UP)—Border officials continued an investigation today into the mysterious movement of rifle ammunition southward into Mexico.

Some 287,000 rounds of .22 rifle ammunition were found hidden in 500 empty beer cases on a truck near San Fernando by customs officials Wednesday. The truck driver told agents he was just going to a brewery when halted on the Victoria-Matamoros highway.

The two occupants of the truck were returned to Matamoros for

Air-Conditioned Hats

MERGER of interest is the coming together of the half-hat and the whole net to make a hat-net fashion for spring and summer. The hat-net promises to keep heads cooler and hair tidier even in an open roadster or in a fiercely-competitive tennis game. White pique, lenora, visors, lined with green eye-shade fabric, combine with wide swags of coarse mesh for hair control. This is also the idea behind the union of mesh nets and cotton half-hats; of nets and printed scarves which make scarf-nets. A scarf-net is a smartly-tied scarf attached to a hair-confining snood of mesh.

—EPSIE KINARD, NEA Fashion Editor.

These cool headliners for summer are half hat and half mesh net which keep the hair smartly confined. Red and white polka-dotted crepe scarf, tied at the side, is combined with a net of metallic thread to make a head-bugging turban (top right). Motorist (top left) wears a net cap which has a ruffled blue cotton visor-brim banded with navy ribbon. For active sports, the tennis player (bottom left) models a white pique sun visor which is attached to a snood-like net of heavy white nylon mesh. Headband size is adjustable to insure a snug fit.

Special Services For Week Planned

Special Worship Services will be held at The First Methodist Church on Easter Sunday and through the week, Rev. Cecil Ellis, pastor, announced today.

At the Sunday morning service Rev. Ellis will bring a message on "The Easter Faith".

Rev. Oran Stephens, the District Superintendent of the Cisco District, will preach at the Sunday evening service using as his subject: "The Doctrine of Sin."

Rev. Stephens will preach each week-day night at 7:45 P. M. on some of the Doctrines of Christians. See Church Ad.

These subjects will be presented from the standpoint of Biblical teaching, and not from the argumentative standpoint. The public is invited.

If the farmer gave away his milk, it would cost the consumer 12 cents a quart delivered to the door, federal experts estimate.

Some of nature's creatures are bigger when young than as adults. The tadpole of an odd South American frog, notes the National Geographic Society, grows to be more than 10 inches long. It then starts sinking, until it is a frog that is only two to two and a half inches long when full grown.

The baker and the retailer get the largest share of the price of a loaf of bread. A survey shows the following division of the retail price of 14.5 cents: farmer, three cents; miller, 8 cents; baker, and retailer 9.7 cents; elevator, transportation and other agencies, one cent.

Go To Church + Easter Sunday

... HAPPIEST TIME OF THE YEAR

It's a late Easter this year—an Easter that comes in the full flood of green-and-golden springtime! The tender shoots of autumn-planted bulbs have long since sprouted—the buds are swelling—the sunshine itself has substance, body and a drowsy warmth.

You're shedding your winter tensions and dullness as a chick sheds his shell. You see the world in a magic new perspective—your spirits soar, your hopes are kindled. In a word, you are NEW!

Why try to fight it! why be an old sober-sides while the whole world rejoices? It is a happy season—give yourself to it! Surrender to that craving for color, brightness, joy. Look as youthful as you feel!

Frozen Orange Juice Concentrate Takes Chore From Breakfast Menu Planning

It's no chore to give the family fresh-tasting orange juice every morning if you take advantage of the new quick-frozen concentrated sort. This orange juice comes in six-ounce cans that can be easily stored in the freezing compartment of the refrigerator. When it's time for orange juice, just turn the contents of one of the small cans into a shaker or a pitcher, and add three cans of cold water. That is 18 ounces or 2 1/2 cups of water. Then shake or stir vigorously and pour. Without any of the mess of squeezing and straining, you will have six 4-ounce glasses full of juice that can't be distinguished from the fresh-squeezed kind.

It's not only at breakfast that the new quick-frozen concentrated juice is a convenience. When the children come dashing in from play with the cry, "I'm thirsty!" you can give them this wholesome drink in a jiffy. It's a delicious between-meal or bedtime pick-up for grown-ups, too. And it's an easy and flavorful addition to fruit juice and cold tea punches, and the basis of many tempting desserts.

Here's another point that makes quick-frozen concentrated orange juice easy to use: You will be spared that early morning worry

about how many oranges are needed for the breakfast setup. Each little can, reconstituted with water, always gives just so much — six full 4-ounce glasses.

ORANGE JUICE FROSTING
1/2 cup butter
3 cups sifted confectioner's sugar (about)
1/2 cup quick-frozen orange juice, thawed

Cream butter. Add sugar and orange juice alternately, beating until of right consistency to spread. Makes 2 cups, or enough frosting to cover tops and sides of two 8-inch layers generously.

Romania Fires Two Premiers

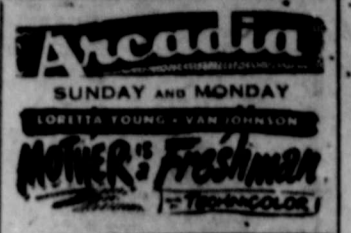

BUCHAREST, April 16 (UP) —Romania replaced two of its three vice-premiers today and gave one of the jobs to Communist Boss Ann Pauker.

Already foreign minister, the gray-haired, Moscow trained Mrs. Pauker thus moved up another notch in the Romanian government hierarchy. She is regarded as one of the most important Communists in the Balkans.

The Presidium of the Romanian People's Republic named Mrs. Pauker to succeed Agriculture Minister Prof. Traian Savulescu as second vice-premier.

Finance minister Vasiliu Luca, another old-line Communist, was appointed third vice-premier, succeeding Cultural Minister Stefan Voitec.

Major interest centered in the elevation of the 56-year-old Mrs. Pauker to the No. 3 position in the government. Although her influence has been felt in the conduct of Romanian affairs since she returned to her native Romania with the Russian army in 1944, she did not enter the government until Nov. 7, 1947.

CHECKER-ETS

Purina Research tests proved it — then last year, local turkey raisers found that Checker-Ets help keep more poult alive — made them grow faster.

THE FORM — is part of the reason. Poults take to Checker-Ets quicker and like them better. Fewer poults "starve to death" before they learn to eat. And the whole batch grows faster because they eat more feed.

THE FORMULA — does the rest. The Purina Turkey Startena Checker-Ett formula is balanced and blended scientifically for life and growth. This year, start your poults the Purina way. See us about the Checker-Ets — just 4 lbs. per poult does the job.
