Berlin Gay As Traffic Once Again Flows Into City

LIGHTS GO ON AGAIN AS ELECTRIC POWER RESTORED TO WEST SECTOR

Top Flight U. S. Diplomats Leave For Europe To Begin Big Four Talks

BY UNITED PRESS
Trucks and trains rolled into Berlin today beneath the planes that freed the city from 328 days of Soviet siege, bringing a stream of food and supplies and touching off a celebration.
Eleven months of blockade had been broken by the amazing Allied airlift. The borders swung open at one minute past midnight, permitting a flood of cars, freights, passenger expresses and other vehicles to stream both east and west in a scene reminiscent of an Oklahoma land rush.
Power from the big generating plants in the Soviet Zone flowed freely into Western Berlin for the first time in months. Zonal and sector control posts made only routine checks as the blockade went off in a burst of east-west amity.
The man to whom all this was a personal victory, Gen. Lucius D. Clay, American military governor of Germany, sat with tears brimming in his eyes as the Berlin City Assembly cheered his farewell address.
In his valedictory, Clay said he shared the Germans' dream of a United Nation but not at the sacrifice of freedoms "guaranteed by the Bonn Constitution." He told Berliners they deserved the freedom they had won today, but to guard it jealously.
The first vehicle to reach Berlin after the barriers went up was a car driven by Walter G. Rundle, United Press manager for Germany, at 95 miles an hour along the superhighway from Helmstedt to Berlin. Rundle said he did not see a single Russian soldier in the 110 miles from Helmstedt.

Caddo-Ranger Road Contract Due To Be Let

AUSTIN, Tex., May 12 (UP)—A two-day road letting in which awards are expected to total \$8,351,000 (M) will be held May 24-25, the Texas Highway Department announced today.
Counting in engineering and contingency items, the overall cost was expected to be split to \$9,186,100 (M), the department said.
Projects on which bids will be taken cover 143.8 miles of federal primary highways, 345.6 miles of state primary roads, and 203.1 miles of farm-to-market roads.
The project list includes:
Stephens and Eastland Counties—Grading, structures, flexible base and asphaltic concrete pavement on farm 717, from Caddo to Ranger, 6.168 miles.

Anti-Labor Union Assault Expected

WASHINGTON, May 12 (UP)—The Anti-American World Federation of Trade Unions, for which the late Sidney Hillman stood sponsor here, is organizing today another assault upon just about everything this country holds dear.
This Moscow-managed performance will take place publicly in Rome on June 29. On that date the World Federation (WFTU) will hold its second World Congress under the presidency of Giuseppe Di Vittorio, boss of the Italian General Federation of Labor. Watching over the Italian's shoulder to see that all goes well will be WFTU's general secretary, Louis Sillant, a Frenchman who rarely is out of step with the Communist party line.
The WFTU is a Moscow device designed to obtain Communist control over the world labor movement and, ultimately, to establish its authority to the extent that it could pull world-wide strikes in any industry for political purposes.
It is a vital part of the Communist world revolution machinery. Pending the revolution and the time when it can girdle the world with a strike call, the WFTU has busied itself instructing the foreign policy of the western powers and supporting the policies of Soviet Russia.

Just Chicken Feed

CHARLESTON, W. Va. (UP)—Even fowl consider a dime chicken feed these days. Walter little Barbara Vaughn cracked a hard-boiled egg, she found a 1945 dime imbedded under the shell. It apparently was swallowed by the bird.
About one-third of the total hours of farm work is devoted to field work.

TWO COMMISSIONS DIE AS HOUSE WIELDS ECONOMY AXE

AUSTIN, Tex., May 12 (UP)—Thirty-minded House members opened debate today on the last of four major appropriation bills, a measure financing operation of Texas' higher education institutions.
The biennial spending bill, sponsored by Rep. Ray Kirkpatrick of Trenton, appropriations committee chairman, was pegged at \$58,651,853 (M).
Two departments fell by the legislative wayside last night as the House completed action on a multi-million dollar departmental appropriation.
During the two days of debate on the departmental bill, the third in the quarter of money spenders, the House snipped \$1,102,204 from the total, arriving at a final appropriation of some \$49,000,000.
The bill had been sent to the floor by the House appropriations committee at \$50,539,026.
Abolished in the economy move were the state Aeronautics Commission and the Veterans Affairs Commission.
The State Health Department suffered a loss of \$622,000, which would have been used for maintenance and miscellaneous projects.
Funds for operating the veterans affairs group would have amounted to \$450,000.
The bill went to the Senate on a 124-8 vote after House members battered down a proposal by Rep. J. F. Gray of Three Rivers which would have eliminated a 15 percent pay increase for state employees.

Truman Staunch In Contention For More Taxes to Avoid Federal Deficit

WASHINGTON, May 12 (UP)—President Truman insisted today that \$4,900,000,000 (B) in new taxes will be necessary this year to avoid a federal deficit.
This was the request Mr. Truman made of the Congress in January. The \$4,900,000,000 (B) would be in general revenue. In addition the administration wants some \$2,000,000,000 (B) in additional social security taxes.
Chairman Robert L. Doughton of the tax-writing House Ways and Means Committee expressed hope yesterday that government spending could be cut sufficiently to avoid new taxes this year. Doughton even expressed doubt that a bill calling for new taxes would be considered at this session of Congress.
Today at a news conference Mr. Truman stuck firmly to his January position, which appeared to be in direct opposition to the feelings expressed yesterday by Doughton.
The President told reporters he is in complete agreement with Doughton on the necessity for rigid economy in the government. He said he had followed the principle of rigid economy in drafting the budget for the 1950 fiscal year, which begins this July 1.
But under succeeding questioning the President said he does not believe it would be possible to avoid a deficit without new taxes. And he said he anticipated no change in his original request for \$4,000,000,000 (B) in new revenue.

Secret Vote Bill Goes To Jester

AUSTIN, May 12 (UP)—A proposal calling for a secret ballot in Texas cleared the House today and was sent to Gov. Beauford Jester for his signature.
The lower chamber, voted 117-6, concurred in Senate amendments placed on the measure, sponsored by Rep. Doyle Willis of Fort Worth.
As finally approved, the bill required that the voter leave a number stub in a sealed box at the voting place.
On the back of the stub would be written the voter's name. The box of stubs would be held by the District Clerk, and be opened on court order only in the event of an election contest.
Another change in the original bill, tacked on the measure by the Senate, tightened a requirement making the voter place his own ballot in the box on the penalty that the vote would not count if anyone else placed the ballot in the box.
The measure was handled in the upper chamber by Sen. Keith Kelly of Fort Worth.

Deadlock Over New White House Leak Out Today

WASHINGTON, May 12 (UP)—The White House hasn't been in such a fix since the British burned it in 1814.
It came back from that ordeal, although the comeback took three years.
But there's a chance it may not survive its present trouble. Congress may decide to wreck it and build a new and different executive mansion.
Anyway, a Senate-House conference committee has been deadlocked more than a month on the issue of whether to repair the old building, retaining its present walls, roof and architectural character, or to erect a brand new structure.
The repair job might cost a little more than a new building. But it would leave the White House with its outward appearance unchanged and would preserve traditional aspect a lot of people would hate to see scrapped. But a new building might last longer.

Rotarians Hear Solos From Band

Edwin George was in charge of the program at the regular meeting of the Rotary Club Thursday at noon at the Gholson Hotel and introduced Mrs. Lowell Rainwater who presented four members of the Ranger School Band in instrumental solos.
Those appearing were Joyce Garvin, Gene Hamilton, Bob Crawford and Eugene Sutton. Mrs. Rainwater accompanied each at the piano.
H. C. Henderson presided at the meeting and urged members to continue their efforts toward the 100 per cent attendance goal.
Visitors were Jack Multhead and Pierson Grimes, both of Eastland.

SAYS GERMANS WELCOMING LIFTING OF BERLIN BLOCKADE

EDITORS NOTE: Walter G. Rundle, United Press manager for Germany, was the first person to reach Berlin from the British zone after the blockade was lifted. His dispatch follows.
By WALTER G. RUNDLE, United Press Staff Correspondent
BERLIN, May 12 (UP)—I drove the 110 miles from Helmstedt to Berlin early today without seeing a single Russian soldier between the two cities.
Driving an automobile over the broad straight Autobahn Super Highway at a blistering 95 miles an hour, I was mobbed on arrival in Berlin as the first real proof that the blockade no longer existed.
Heinrich Link, a German radio technician, accompanied me.
When we arrived, it was as if we had liberated the city. Jubilant Germans tossed lilacs at us. One offered a bottle of Schnapps.
In Helmstedt, where the race started, a smiling Russian colonel and a major waved us on after only a cursory examination of our travel orders and other papers we carried.
We didn't see another Russian until we reached the Soviet checkpoint on the edge of Berlin.
With a bright moon lighting the way, we drove across the Elbe River Bridge, which the Russians had sealed as unsafe six days before they clamped down their total blockade.
Along the road we were hailed again and again by small groups of Germans standing about in the early morning moonlight. One group threw flowers in front of our car.
Once, a few miles after we crossed the Elbe, we saw a Soviet zone German policeman. A high white arrow pointing to a detour took us off on a wrong turn. The policeman signalled us back on the right road.
The Germans we passed shouting "Gute Fahra"—Good driving—and waved us on.
We started the trip to the cheers of hundreds of Germans

End Of Hague's Political Reign

Mayor Frank Hague's undisputed rule over Jersey City, N. J., politics came to a sudden end when his five hand-picked candidates for the Municipal Commission were defeated by the Freedom Party led by John V. Kenny. Kenny, once a trusted lieutenant of Hague's, receives congratulatory kisses from his wife, left, and daughter, Mrs. Paul Hanley. (NEA Telephoto.)

Athlete Charged With Murder

Le Scott, 16, a choir boy and high school athlete has been charged with the brutal murder of Dana Marie Weaver in Roanoke, Virginia. The girl's battered body was found Monday in the Parish House of the Christ Episcopal Church. (NEA Telephoto.)

Jaycee Wooden Nickles Getting Into Circulation Far And Near

Skeptics were silent today, as it became evident that the special issue of money put out last week by the Junior Chamber of Commerce, is going over big with tourist trade and is getting well into circulation in Ranger.
The special issue, the wooden nickles issued to advertise the annual Jaycee Rodeo here July 20-23, was passing freely between customer and merchant today and business houses on the highways reported that tourists clamored for them for souvenirs to be sent back to their home towns.
A check revealed this morning that the wooden nickles have already been sent to as many as 15 states and it is expected that they will reach all 48 states before the deadline for their redemption.
Various tales were circulating as to how tourists on receiving the wooden nickles in change, asked for more in order that other members of the family or friends might have them for souvenirs.
Bud Fuller worked out a unique idea for getting the nickles in circulation. In making out-of-town payments on various accounts, Fuller deducts one nickel from the amount of the check made in payment and incloses one of the wooden nickles. Fuller said, "I figure that it'll take at least three cents for 'em to get 'em back to me and I count on them not figuring it's worth the trouble."
Members of the Junior Chamber of Commerce today appealed to boosters of the rodeo to mail the nickles to out-of-town friends as a means of advertising the rodeo and helping the cause along.
Frank Mariani just back from Odessa where he was building a rodeo arena similar to the one in Ranger, stated today that he took to Odessa two dollars worth of the wooden nickles and declares that he had seven dollars worth of fun out of them. He stated that they were like hot cakes and every person that took one, said "sure" he'd be here for the rodeo.

C. W. Breckenridge Buried Here Today

Last rites for Clarence Walter Breckenridge of Hollywood, California, formerly of Ranger, were conducted Thursday afternoon at 2 o'clock at the graveside in Evergreen Cemetery with the Rev. David C. Ham officiating. Killingsworth's was in charge of arrangements.
Mr. Breckenridge died in Hollywood Monday, May 9, 1949. Prior to moving to Hollywood six years ago he had resided in Frankfort.
Surviving are two sons, Walter Breckenridge and Aaron Breckenridge, both of Hollywood.

DALLAS PLANT WORKERS IDLED BY FORD STRIKE

DALLAS, May 12 (UP)—Some 1,100 production and maintenance workers at the Ford Motor Company's Dallas Assembly plant were idle today as a result of the strike at Ford's main Detroit works.
The Dallas workers, who had been producing 272 cars a day, were laid off yesterday, pending settlement of the strike. A lack of parts was the cause.
Regular office workers, other monthly salaried workers and 13 hourly workers reported for work today. The hourly workers were retained for police, parts shipping and maintenance duties.
C. F. Jesse, plant manager, said it will take about 10 days after the Detroit strike is settled to get the Dallas unit to capacity production. Only then, will the idled Dallas workers be placed on the Ford payroll, Jesse said.
The Peace Talks Continue
DETROIT, May 12 (UP)—Peace talks between the Ford

Well... I Dunno, But...

Jealous, Suspicion and Fear, are characteristics born of ignorance. The individual that allows such to color his life has labeled himself ignorant just as clearly as if his color were changed to green. Just as truly is jealousy born of blind ambition in the person that is smart enough to realize his inadequacy, and would ride to fame over the rights, knowledge and wills of others.

Suspicion and fear have been deliberately planted in the minds of peoples by the crafty ignorant whose ambition spurs them on. And the crafty ignorant we might define as those who rely solely on their own judgement for their guidance. That judgement is lacking because it ignores the existence of Divine Guidance. And that is a dangerous state. Man is not sufficient unto himself and the quicker misguided peoples learn that, the better off will be the world—here in America as well as in other parts of the world.

What's puzzlin' us is, just from what point that Electra citizen had to start before he can be labeled a "long haul" passenger that'll make the FW&DC Zephyr stop at Electra Friday. Somehow or 'nother, we don't think we'd care to be the citizen that was chosen to be the passenger that would force the train to stop. Betcha, he doesn't get a warm reception on the train. At least, it'll be a luke warm one given with a grudge.

And we don't know who's handling the publicity for the stunt, but he's doin' a good job. Just one thing he's overlooked—Friday is also the 13th.

Walter Rundle, United Press manager in Germany, who was the first to cross the border into Berlin this morning, stated in his dispatch that he didn't see a single Russian soldier along the route. He also stated that he was driving 95 miles an hour. Well, it occurs to us that the resulting blur from 95-miles-an-hour speed, might make his identification of anybody doubtful.
Better slow down, Walter, there could have been a Russian sniper in that blur.
Personally, we think we'd rather have had a better look for the Russians than to have to ride at that rate of speed to get into Berlin first.

Summer Range, Pasture Feed Prospects Bright

AUSTIN, Tex., May 12 (UP)—Summer range and pasture feed prospects on the first of the month were better over the entire state than they have been since 1941, the United States Department of Agriculture reported today.
"Generous to excessive April rains," the USDA said, "added further to the already good moisture reserves."
Cattle and calves were gaining flesh rapidly on the plentiful supply of green feed over the state, the department said, as were ewes which it said have made "remarkable improvement."

Waltz into Darkness

BY WILLIAM IRISH

JULIA'S STORY: "Julia" tells Desdemona her name is really Bessie Caine. She revealed the river boats as partner of a crooked gambler. "And what of Julia? The other Julia, the actual one?" he asks. "I've come to that now," she says.

XXVII
"At last, just when I was beginning to feel I could bear no more of it, she discovered that— for her—lateness of the hour and fled in the direction of her own cabin like a tardy child."

"We had a bitter quarrel later that night, he and I. He accused me of neglecting our 'business.' Unwisely, in self-defense, I told him about her. That she was on her way, eight unseen, to marry a man worth \$100,000, who—"

He straightened alertly. "How could she know that?" he said sharply. "I only told the 'you' that was supposed to be she after you'd once arrived and were standing on the dock beside me."

"I tried to shake her off at first, but without succeeding. She attached herself to me, followed me around. It was as though she were starving for a confidante. She gave me your name, and, stopping by a lighted doorway, insisted on taking out and showing me the picture you had sent her."

97-TON ATOM SMASHER

THIS ATOM-SMASHING coil may also have its place in trucking history, too. After many months of controversy because of its weight—97 tons—the coil was delivered to Carnegie Institute of Technology's Nuclear Research center at Saxonburg, Pa. The coil was wound in Brooklyn Navy Yard as the Bureau of Naval Research's contribution to the atomic research program. But highway commissioners blocked overland delivery, forcing a 3600-mile water voyage via the Gulf of Mexico, the Mississippi, Ohio and Allegheny rivers. Despite claims of highway experts that such heavy loads would crush the Pennsylvania roads, Pittsburgh papers reported: "the coil, carried on I-beams equipped with heavy-duty 1400x24 General tires, was trucked 33 miles from the Kittanning, Pa., locks to Saxonburg, Pa., without damage to the highways. Most of the highways traveled were secondary roads, at that." Navy officials, claiming this one of the largest hauling jobs ever undertaken by them, attributed the successful hauling to "proper sized tires and mechanically perfect equipment."

Rapids Rescue

James Hurst, 18, a Georgetown University student from Lynn, Mass., dangles in water as safety line fouls during a breeches-bouy rescue of Hurst and his fellow student Henry Owens, 18, (on rock at upper right). The boys were stranded on rock after falling in attempt to shoot the rapids in their canoe. The rapids are near Washington, D. C. and the boys suffered only from exposure after their five hour wait. (NEA Telephoto.)

Driver Charged in Collision

P.F.C. Dwayne Caudle of U.S. A.T. Hensley Field Grand Prairie visited his parents, Mr. and Mrs. J. T. Cardel this past week-end.

Mrs. Minnie Bailey left Monday to visit her daughter in California.

Fort Worth, May 12 (UP)—The critically injured driver of a truck involved in a collision with a loaded church bus faced charges of negligent homicide today.

The complaint against James A. Hollingsworth, 54, of Sanger, was filed by Highway Patrolman J. O. McMains.

It alleged that Hollingsworth was driving his truck at an excessive speed and was on the wrong side of the road when the Fort Worth North Side Assembly of God Church bus and his gravel truck collided late Tuesday night.

C. B. Brown, 42, driver of the bus, died yesterday in a Fort Worth hospital of injuries.

Mrs. Bailey plans on spending the summer visiting.

Big Three

Benny Civitello is the phenomenon of the current flowie meeting. The young apprentice booted home 19 winners in nine days. He rode the last six winners of a card to equal the Maryland track's record of some 20 years.

Possible Sites for New Test Range

These maps show closeups of the Point Mugu, Calif., and Banana River Naval Air Station, Fla., areas, which Defense officials are considering as sites for the proposed \$200,000,000 guided missile test center. Both sites are now used as test ranges but are inadequate for longer range missiles. Point Mugu uses Begg's Rock for its present target area, as shown. The proposed, extreme long range test center eventually would have a community of 13,000 persons.

Fort Worth City Council To Delve Into Reported Racketeer Payoffs

FORT WORTH, May 12, (UP)—Fort Worth's City Council will make a two-week study of rumored payoffs by racketeers before ordering an investigation of the reports.

The inquiry was requested yesterday by City Councilman M. M. McKnight, an important figure in a startling expose last week of a purported attempt to buy protection for gambling.

McKnight disclaimed concern about gambling in Fort Worth. "It's the talk about payoffs—a widespread belief that is openly expressed—that members of the city government, high or low, or influential friends of such municipal servants are taking money for shutting their eyes," he said. McKnight suggested a look-see by the district attorney, chief of police and city attorney.

If the triple-pronged investigation fails to uncover "something conclusive," McKnight said he would page the council to request a special Tarrant County court.

"Every municipal official should either be cleared or accused," he said. "There's too much smoke to avoid the conclusion that there's a flame." McKnight assisted Fort Worth police in laying a trap last week for Norman D. Bailey, former Dallas police captain. Bailey was accused of approaching McKnight with an offer of \$500 a week for as many as five councilmen if

POLISH SHIP STOWAWAY IDENTIFIED AS EISLER

NEW YORK, May 12 (UP)—A radio message from the Trans-Atlantic Liner Hatory indicated today that a stowaway aboard the ship is Gerhart Eisler, who has been called the No. 1 U. S. Communist.

A message from the ship, in answer to an immigration service query said the stowaway said he was born Feb. 20, 1897 at Leipzig, Germany.

Records in the office of Eisler's attorney show the same birthdate and other records indicate that Eisler was born in Leipzig of Austrian parents.

At Washington Immigration Commissioner Watson B. Miller said he considered the identification "positive."

Eisler has been free on \$24,500 bail pending his appeals to the Supreme Court on two federal convictions, for passing fraud and contempt of Congress. Deportation proceedings have also been pending against him.

Justice Department officials said Eisler would be jailed immediately if he is returned here.

Earlier two Justice Department agents searched the Greenwich Village apartment in which Eisler and his wife had been living for the past year and apparently found no trace of Eisler.

Although the Gdynia American Line was making every effort to cooperate with immigration officials in the investigation, there have been reports by seamen that the S. S. Hatory is a Communist-dominated ship.

Justice Department spokesman said that "we certainly won't let this fellow run around loose if we get our hands on him."

The department announced last night that it had received reports that a man "identified as Gerhart Eisler" had stowed away on the Polish ship S. S. Hatory when it left New York last Friday for Gdynia, Poland.

Eisler, once characterized by the House Un-American Activities Committee as the "No. 1 Communist," is free on bond pending the outcome of his appeal.

"protection" could be guaranteed grand jury, and a special prosecutor, a New York syndicate which would take over gambling in Fort Worth.

Bailey, now a patient at a Waco Veterans' Hospital, was charged with attempted bribery of a public official.

peals from court convictions for passport fraud and contempt of Congress and from deportation proceedings. Under such circumstances, he must stay within the jurisdiction of U. S. courts.

The City of Good Breezes is the capital of the Republic of Silver, says the National Geographic Society, translating Buenos Aires, Argentina, Buenos Aires is Spanish, while Argentina is a Latinized name.

Once, during a nine-year period, six different Presidents occupied the White House. That was between 1841 and 1850 when Van Buren, Harrison, Tyler, Polk, Taylor and Fillmore served successively.

Dim Your Lights And Save A Life

"NEW LOOK" FOR ROOMS

Greater flexibility of furniture arrangement and a more distinctive modern appearance are made possible in rooms using the new style heating units. In the attractive living room above, a new convective radiator is installed flush against the wall beneath the window, where it makes practically no space demands on the floor area of the room and blends effectively into the adjacent wall areas. Thanks to the gentle nature of convected heat, furniture is grouped close to the unit without danger of damage. Free-standing units, such as the convective shown, are simple to install as part of Spring and Summer modernization projects.

Bowling Briefs

The Junior League started its summer schedule with the Indians defeating the Stinkers three out of three games. The Indians team consists of Bill Brasda, Grub Bush, and Joe Kirk Dorsey. The Stinkers consists of Jerry Rushing, Scott Forney, and T. L. Bush. Joe Kirk Dorsey led the way for the Indians with a 153 high game and a 407 high series. T. L. Bush was high for the Stinkers with a 142 and 386.

The Rangers, in a very close match, took two out of three games from the Reds. The Rangers team consists of Johnny Carver, Lynn Nickleson, and Charles Massegee. The Reds team consists of Dan Mitchell, Charles Martin, and Barney Smith.

Dim Your Lights And Save A Life

A Puff of Wind Blew Her Away

Arleise Rudolph of Cleveland, Ohio, is old and weighs only 99 pounds. Her friends have often humorously predicted that a puff of wind would blow her away one day. That's just what happened. On a windy, rainy night as she hurried to catch a bus, the wind caught her umbrellas and lifted her off her feet. She fell to the pavement and suffered a broken collar bone and a black eye. Here in the hospital, Miss Rudolph worries only about missing her 91st birthday party, while Sister Alice fixes her hair.

During 1948 American ate an average of more than an egg per day—a total of 338.

TEXAS NEWS BRIEFS

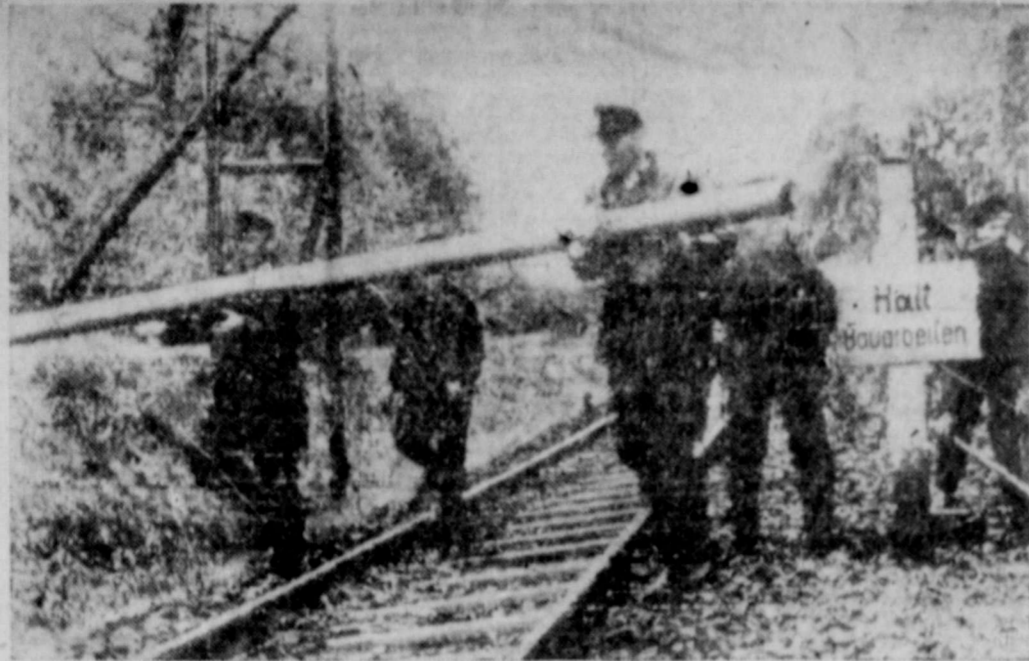

By United Press
MCALLEN, May 12 (UP)—J. E. McDonald, state commissioner of agriculture, was expected to return to the Lower Rio Grande Valley soon to hear protests on his relaxing of tomato shipping regulations.

•Meanwhile, the Valley Farm Bureau yesterday officially joined the groups protesting McDonald's action.

Rail Traffic To Be Resumed

Barriers which have blocked rail traffic between Germany's British zone and the Soviet zone for the past 11 months are being removed by German rail worker. Trains will begin rolling again at 12:01 A. M. Thursday when the Red Blockade ends. (NEA Radio Telephoto.)

aid's action. President Loren V. Williams said the state commissioner's action "would undo all that the growers have accomplished toward systematic marketing of quality products."

MCALLEN, May 12 (UP)—Damage between \$35,000 and \$40,000 was estimated today as the result of a fire which flared in a warehouse of the Sugatex Corporation here yesterday.

AUSTIN, May 12 (UP)—Fish and wildlife experts were nonplused today over the catch of a local fisherman here. Joe Smith yesterday hooked an oddity—a shiny golden catfish.

Clemency Only Hope Of Ross

AUSTIN, May 12 (UP)—A law banning Communist Party candidates from being listed on Texas ballots went into effect today.

The bill, passed by both chambers of the legislature, was signed yesterday by Governor Beauford Jester.

MCALLEN, May 12 (UP)—The Chamber of Commerce here voted yesterday to back up Houston and back down on its fellow valley cities in the question of an auction spot for the first bale of 1949 cotton.

The chamber thought it would be best to give the port city first rights to the cotton. . . . action contrary to a committee of the Valley Chamber of Commerce, which figured there might be more publicity and profit in a valley auction.

COLLEGE STATION, May 12 (UP)—Two Texas 4-H club members will be given scholarships to the American Youth Foundation Camp at Shelby, Mich., as a result of their work.

WHARTON, Tex. May 12 (UP)—A Harvard-educated doctor had only one more chance of escaping the electric chair today for murdering four members of a Texas family.

Sheriff T. E. Lane said he had told Dr. Lloyd I. Ross that the Court of Criminal Appeals had denied Ross' petition for a rehearing of his conviction by a La Grange, Tex., jury.

Only clemency from Gov. Beauford Jester can save Ross from the death sentence.

Ross, a graduate of Harvard was convicted of killing Mr. and Mrs. Willard York, their nine-year old son, John, and York's mother, Mrs. Mary York, 67, in an ambush shooting in May, 1947.

Lane said Ross will be moved back to the La Grange jail in Fayette County where he was convicted. There he will hear his sentence formally pronounced and his execution date set.

"The doc didn't say a thing. He just sat and looked at me like—well, I just can't describe how he looked at me," Lane said.

Ross pleaded at his trial that he was insane because of heavy financial losses in his dealings with York, an investment broker.

After Ross is formally sentenced, he will be transferred to the Huntsville State Prison.

all of their outstanding club work this year.

Joyce Ann Mankie, Victoria County, and Fred L. Suttan, Menard County, yesterday were named for their enterprise and leadership in Texas Four-Square 4-H Club work in 1949.

The Danforth foundation at St. Louis will present the scholarships.

NEWS FROM GORMAN

Mrs. J. Frank Dean has just returned from a visit with Mr. Dean's people in Pine Bluff, Arkansas. The gathering was in the nature of a family reunion held at the home of Mr. Dean's mother who is 88 years-old—the occasion was on her birthday. Before Mr. Dean's passing a few months ago, he had seldom missed spending his birthday with his mother—in fact, when he received his injury which hastened his death, he had started on one of his annual visits to Pine Bluff when he fell and hurt himself. Even so, since his fall he had had himself pillowed up and had made one trip through in his car to be with his family—most of whom live in and around Pine Bluff, Arkansas.

Accompanying Mrs. Dean were her daughter, Mrs. Paul Ormsby and son Paul Dean Ormsby.

Elsie Gates spent her vacation visiting her daughter and husband, Mr. and Mrs. Dick Oliver of Magnolia Arkansas. Mrs. Gates went as far as Magnolia with the Deans in their car.

Mrs. Jimmie Dean and baby Sandra Sue visited the week-end in the home of Mrs. Dean's mother, Mrs. A. A. Anderson. Mrs. Dean lives in Waco.

Little Helen Hefley of Fort Worth spent last week with her grandparents Mr. and Mrs. J. W. Richardson.

Mrs. Odie Alsbrook and son Roger of Dallas were visiting in the home of Mr. and Mrs. C. O. Alsbrook for several days and through the week-end.

Sunday Mrs. Odie Alsbrook had as her guest Mrs. Osborne from Abilene.

Mrs. L. A. Shugart underwent a serious operation Tuesday at the Blackwell Sanitarium but is feeling pretty well as we write this.

Mrs. R. B. Lane wife of the undertaker at Higginbotham's Funeral Home is in Blackwell Sanitarium with a touch of Sciatica.

Mrs. Ruth May has returned with her mother, Mrs. Ellen Oldham to help her to see about the completion of her new home.

I. C. Underwood is out of the hospital, where he was placed for observation and a general check-up for several days. The whole town misses the general manager of Higginbotham's Store when he is not out and about. He has been in this particular job for over 46 years, which is a record in anybody's business.

Several of our business men

were attending the meeting of the Katy People in DeLeon Tuesday night at a meeting concerning the discontinuing of service of the 5:00 o'clock train from Stamford through here to Waco—better known locally as the Doodle Bug. We do not have the results of the meeting, but will try to get them when the decisions are final.

If the farmer gave away his milk, it would cost the consumer 12 cents a quart delivered to the door, federal experts estimate.

Confession Brought Into Guam Trial

GUAM, May 12 (UP)—The prosecution today introduced a confession in the trial of Pvt. Herman Dennis, 20, Calverton, Miss., naming him and two other negroes as the rape-slayers of pretty Ruth Farnsworth, Navy civilian employe, last December.

The prosecution asked that the confession be admitted as evidence. It was signed by Dennis and his half-brother, Pvt. Calvin Dennis, 27, Seguin, Tex. They named Sgt. Robert W. Burns, 32, of Spokane, Wash., as being involved with them in the crime.

Miss Farnsworth, a former WAC known as the "prettiest girl on Guam," was abducted from a jade shop where she worked nights, beaten unconscious and raped. She died in an Army hospital 48 hours after her senseless body was found in the jungle.

8 Sons In Service

MORLEY, Mich. (UP)—Joining the armed forces is nothing new in the family of Mr. and Mrs. Ralph Tombe. Their boy Sidney has joined the Army, making a total of eight sons they now have in the various branches of the ploring pre-Spanish ruins in the remote jungle area known as Mexico's "Lost Paradise."

READ THE CLASSIFIEDS

Next Time He'll Know

This 3-year-old boy runs through the missing persons record at a Chicago police station after reporting his name was Billy and that his mother was missing. As it turned out, Billy was missing. And when his mother, Mrs. William Foley, claimed him 5 1/2 hours later, she took time out to teach him—again—to say, "My name is Billy Foley."

News From Olden And Community

OLDEN, May 11 Mrs. Jeff Northcutt and Mrs. Cotton Wilcox from New York City, N. Y., were visiting Mrs. Homer Lawrence, Mrs. Joe Langdon, and other friends here.

Billie Corne from A. & M. College was here for the weekend with his parents, Mr. and Mrs. Carl Crone.

Darwin Croley from Houston is here visiting friends.

Mr. S. M. Holt is at home suffering with a back injury.

Mrs. Stella Jarrett spent the weekend with her parents in Valley Mills.

Mr. and Mrs. A. A. Norton had all of their children at home Sunday. They are: Mr. and Mrs. David Dahlgren and children, David and Charlotte, and Billie Ray Norton, all of Abilene, Mr. and Mrs. Ralph Norton of Ranger, Dale and Doyle Norton of Olden, Mrs. Norton's parents Mr. and Mrs. John Supulver, of Olden.

The last P.T.A. Meeting of the year was held at the Cottage Monday, May 9th. A covered dish luncheon was enjoyed at noon, and a social hour was enjoyed by all before the business of installing new officers and other business was taken care of. The meeting was closed with prayer and a wish from everyone for a good P.T.A. next year.

Mr. and Mrs. George Roades of South, were in Olden visiting friends last week. The Roades formerly lived in Ranger.

Mr. and Mrs. J. A. Justice of Andrews were visiting in the home of their daughter, Mr. and Mrs. Homer Lawrence the last of the week, before going on to Dublin to visit her parents.

Raymond Burns and Rev. and Mrs. Nelson were in Fort Worth Tuesday on business.

Mr. and Mrs. Walbert Norton of Odessa were guests of her parents, Mr. and Mrs. Lee Williamson and his mother, Mrs. B. Norton.

Denton Plans Golf Tourney

DENTON, Tex., May 12—More than 100 golfers of Texas and nearby states are expected to participate in the eighth annual invitational golf tournament at the Texas State College for Women course May 20-22.

Leonard White, champion last year, will defend his title. White toured the TSCW course Saturday, shooting five under par.

Mr. and Mrs. Bill Holder and daughter, Nancy Ann, and Sue of Crane are here for a few days visit with her parents, Mr. and Mrs. Dave Vermillion and his mother in Breckenridge.

Thursday evening of last week Miss Eunice Hamilton, sponsor of the Freshman class, and Miss Mollie Green, who teaches the seventh and eighth grades, along with the students of the three grades and two mothers, Mrs. Oxford and Mrs. Larrimore, went to the Cisco Lake for a picnic and skating party.

Dewey Mitchell of Kermit was a guest of his aunt, Mrs. Oliver Burns, last week.

Mrs. Maurine Gist and children of Willow Springs, Mo., who has been here visiting her mother, Mrs. Jessie Kelley, has gone to Amarillo to visit relatives.

Qualifying rounds for the championship flights must be played on the TSCW course which will be open to contestants May 14-20 for practice. Deadline for the entry fee of \$7.50 is 6 p. m. May 20. Lodging will be available at the college at \$1.25 per night. Last year 106 golfers entered the tournament and an even larger field is expected this year, according to L. H. Moore, tournament director.

The new "Buller Bullet" is smart proof that 19th Century designs can be functional without losing any of their traditional beauty. This magnificent piece with swirl mahogany front and inlaid border is specially engineered to provide plenty of storage space for almost every dining requisite. There are sectional drawers for silver—a small drawer for condiments, place mats, napkins, etc. Three pull-out trays are for convenient serving space. There are also deep drawers for linens—shelves for china—and a specially grooved section for trays and platters. In addition, a surprise feature of the bullet is a concealed drawer in the base which holds extra table leaves and eliminates the storage problem.

The Early Colonial Spinnet Now On Display

If your home, your furniture, reflect your love for the elegant simplicity of American Colonial, the authentic Spinnet is the piano of your heart's desire. With cabinet styled in the classic spirit of pre-Revolution times, yet with acoustic design by today's foremost piano engineer, the Early Colonial Spinnet is a superb example of Story & Clark's genius for the piano. . . . See it and be convinced.

BOURLAND MUSIC CO.

If you ever drive with your family

Read this about the GREAT Gulf tire

ANY DRIVER who takes the family out driving should be glad to know that there is such a tire as the Gulf Tire.

For we have every reason to believe that this tire is one of the safest, most skid-resistant and longest-wearing tires on the market today.

A look below will show you why: The Gulf Tire runs cooler (and safer) at high speeds because of a special ingredient in the rubber.

Less chance of blowouts and carcass failures with this Gulf Tire because a double breaker strip cushions shocks.

Hundreds of sharp sawteeth help the Gulf Tire fight skids. Their flex-wiping action breaks up water film on wet roads.

7 ribs give the advantage of a "riding bar"

right down the center of the tire. Thus, just where the load pressure is greatest, you ride on rubber—not on a groove.

This tire can stand punishment, because it has a stronger carcass with more cords and stronger cords in every ply.

The tire lasts longer—wears more evenly, edge to edge, for its flatter tread design spreads the wear over wider contact area . . . and over many more miles

Sidewall shields protect the Gulf tire against curbstone bruises.

Warranty accompanies every Gulf Tire—is honored by Gulf Dealers everywhere.

STOP IN AND SEE THE NEW GULF TIRE NOW!

LOOKS LIKE A MILLION --YET LOW IN PRICE

Visiting in the Lee Littleton home part of last week was Mr. Littleton's sister from Dublin.

Visitors in the Barton Tankersley home Tuesday night were Mr. and Mrs. Paul Joe Sarum of Breckenridge and Mrs. G. W. Tankersley and son Phillip.

Mr. and Mrs. Leo Gann of Eastland carried Mrs. Winice Graham to Cat Fish bridge for an outing.

Winice Graham received word Tuesday evening that his father

Russian Works Longer for His Food and Clothes

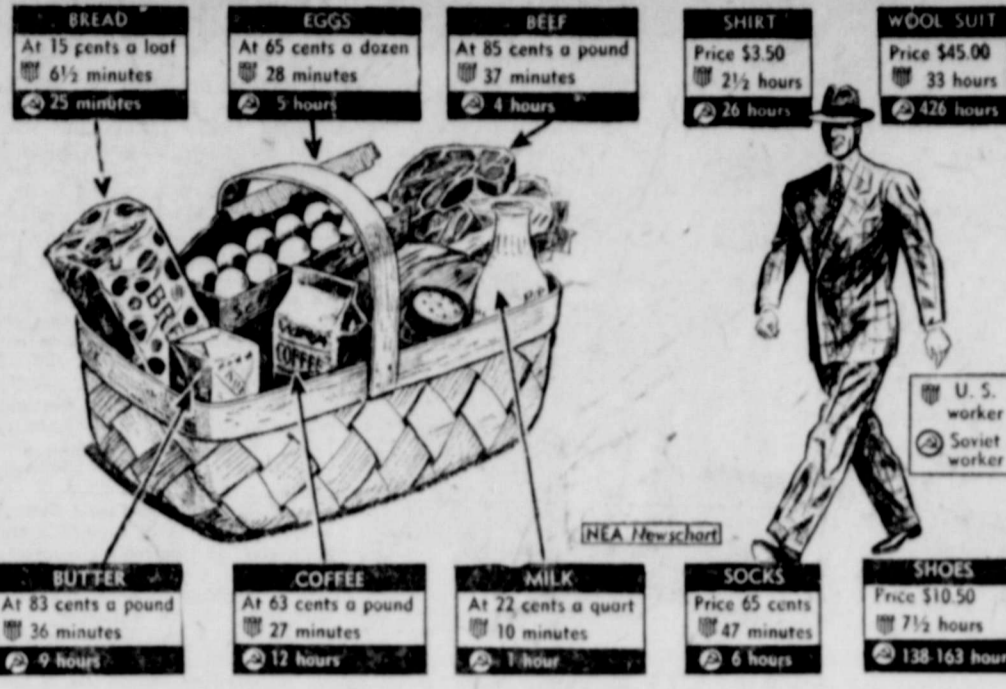

Diagram above compares the length of time the average Russian industrial worker and the average American industrial worker must stay on the job to earn enough money to buy basic food and clothing items. Purchasing powers like these were revealed in a Bureau of Labor Statistics study undertaken after Moscow ordered retail price reductions ranging from 10 to 30 per cent for Soviet consumers. While the American works about 160 hours a month, the Russian must put in the legal 204-hour work month.

Electra In Stew As Citizens Make Plans To Halt Zephyr On 'S' Day

ELECTRA, Tex., May 12 (UP)—All the resources of Electra, including a brass band, were being readied today for a supreme effort to bring the streamlined Zephyr train to a halt tomorrow. The brass band is scheduled to tootle away at 5:51 P. M. when the Fort Worth and Denver City railway streamliner dashes into Electra and, local citizens hope, stops.

Electra, out to erase a "whistle stop" stigma brought on by a recent Texas Railroad Commission order, was in a general dither. Mayor T. Leo Moore was serving as generalissimo of the "anti-whistle stop" forces. Only yesterday he proclaimed tomorrow as "S"—for "Stop"—day in this Northwest Texas town.

A new city ordinance designed to implement the stop order will become effective tomorrow.

Citizens of Electra were keeping their fingers crossed about their chances of halting the speedy train. But they didn't appear too pessimistic as they buzzed away with preparations for a fiesta-type celebration to welcome the Zephyr tomorrow.

Soda pop, hot coffee, hot dogs, doughnuts—and the brass band—were on the program. They'll all be free for train passengers and hundreds of townspeople expected to turn out.

Under the Railroad Commission order passed this week, the Zephyr

has to stop in Electra only to pick up or discharge "long haul" passengers.

Nothing like praise from the family to make life seem sweeter, is there? And, believe me, it comes your way often when you plan appetizing, healthful Spring menus around fine foods from your A&P. And you can actually save money while your meals are bringing you well-deserved applause!

PARTY TIP THAT'S TOPS
My family gets enthusiastic fast when I serve JANE PARKER POTATO CHIPS from A&P. Made with pure vegetable shortening, they're always crisp and delicious! Serve them as an appetizer with a side-sauce of bleu or cream cheese softened with milk and spiced with Tabasco or Worcestershire sauce. JANE PARKER POTATO CHIPS are a hit anytime!

FOR LUCKY DOGS!
If you want to see a grateful dog, just feed your pet DAILY DOG FOOD regularly—Fish Flavor one day and Meat Flavor the next. For DAILY DOG FOOD will help him feel healthier and happier, because there's wholesome nourishment in every ready-to-serve can. DAILY DOG FOOD is an A&P exclusive—and it's dog-gone thrifty, too!

SORCERY WITH SAUCE
Here's menu magic for you, in an easy, creamy-smooth sauce for cottage pudding or left-over cake. Simply cook ANN PAGE SPARKLE CHOCOLATE PUDDING according to package directions, using 3/4 cups milk instead of 2 cups. You can fix A&P's ANN PAGE SPARKLE VANILLA or BUTTERSCHOTCH PUDDING the same way, for a gingerbread dessert that will win compliments.

YOU'LL SAY "BEST TEA FOR ME!"
Dotry Flavor Tasted NECTAR or OUR OWN TEAS—they're the choice of 3 out of 5 people who buy Tea at A&P. Many who prefer NECTAR and OUR OWN TEAS save up to 15c on a pound, according to national survey averages. A&P will give you double your money back if you do not like these Teas as well as or better than any you've ever tasted.

From where I sit ... by Joe Marsh

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South, "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U.S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

Joe Marsh

Ford Workers Receive Unemployment Compensation

Workers idled by the Ford Motor strike in Detroit through no fault of their own, are eligible for unemployment compensation. An estimated 6,000 supplier workers have been idled so far. Here, some of these 6,000 workers line up to make application for their compensation in Detroit. (NEA Telephoto)

Here's '49 Model of Flying Boxcar

A passenger car prepares to climb the ramp leading into this new C-119 cargo plane, latest of the flying boxcar line, in Hagerstown, Md. The clam-like door is 14 inches wider than those used on the C-82, providing an entrance opening as wide as the cargo hold itself. Not comparable size of man standing in doorway. It also allows for the simultaneous jumping of two sticks of paratroopers. The Air Force now has 100 of them on order.

Riley Leads 8 Top Golfers In Quarterfinals

FORT WORTH, Tex. May 12 (UP)—The chips were down today in the Women's Texas Golf Assn. tournament as eight top golfers teed off in the quarterfinals of the annual event.

Polly Riley, top choice to take the crown, was paired with Betsy Rawls of Austin. Her chief opponent on the basis of early-round results, Mrs. Frank Goldthwaite of Fort Worth, was bracketed with Betty MacKinnon of Mount Pleasant.

Other quarterfinal championship flight pairings matched Mrs. Jed Roe of San Antonio vs. Mrs. L. M. Keating of Houston, and Mrs. H. Weibacher of San Antonio vs. Betty Dodd of San Antonio.

In yesterday's second round play, Miss Riley, U. S. Curtis Cup Team member from Fort Worth, breezed to a 7-and-5 victory against Mrs. Nelson Dunn of Dallas.

Mrs. Goldthwaite slipped by Mrs. W. K. Stripling, Jr., of Fort Worth, 1 up.

Other results: Mrs. Keating beat Mrs. George Nobel, Dallas, 4 and 3.

Miss MacKinnon beat Mrs. Lee Christopher, San Antonio, 4 and 3.

Miss Dodd beat Mrs. M. B. Killian, San Antonio, 2 and 1.

Mrs. Weibacher beat Pat Garner, Fort Worth, 5 and 4.

Mrs. Roe defeated Lesbia Lobo, San Antonio, 5 and 3.

Miss Rawls downed Mrs. Bill Tracy, Dallas, 3 and 1.

Washington is the only state where a jury can specify whether a sentence shall be death or life imprisonment.

PREMEDIATED MURDER PROOF SOUGHT IN RUTLEDGE TRIAL

CEDAR RAPIDS, Ia. May 12 (UP)—Dr. Robert C. Rutledge visited Cedar Rapids the weekend before he allegedly killed his wife's lover in a hotel room here, several witnesses claimed today.

Edwin Stewart and Clarice James, clerks at the Montrose Hotel, testified yesterday that Rutledge stayed there on Dec. 5 and 6 and again on Dec. 13 and 14.

Rutledge, 28-year old St. Louis baby doctor, is charged with murdering Byron Hattman, 29, St. Louis engineer, on Dec. 14. The defense contends that Rutledge acted in self defense after attempting to dissuade Hattman from pursuing his affair with Rutledge's pretty wife, Sydney, 23.

Stewart said he found "an object like a piece of pipe or a stick of wood" in the dresser drawer of Rutledge's room during the doctor's first stay at the hotel. Stewart had gone to Rutledge's room to determine whether he intended to stay another day.

"I found an object like a piece of pipe or a stick of wood about 12 inches long in the dresser drawer," Stewart said. "It was about 1-4 inch in diameter and looked like there was tape or cloth wrapped around one end."

Hotel maid Mrs. Mamie Culp testified that the object was not in the drawer before Rutledge occupied the room and that it was not there after he checked out.

Rutledge rose impressively while Miss James pointed him out as the man who rented the hotel room for the week-end of Dec. 5 and 6. It was the first time a witness had pointed directly at Rutledge since the trial started.

In calling Stewart and Miss James to testify, the state apparently was attempting to show that Rutledge visited Cedar Rapids with the intent of laying plans to kill Hattman.

Hattman was stabbed to death.

The defense claims he pulled a knife on Rutledge and that the weapon "changed hands" during a fight.

During cross-examination, defense attorneys brought out that Rutledge had registered at the hotel on both occasions in his own name and had made no attempt to conceal his identity.

Following a conference with the defense and the court in the chambers of District Judge J. E. Heiserman, the prosecution gave up an attempt to have a witness, Kenneth L. Ebershoss, testify to Hattman's character. The defense had objected to Ebershoss' testimony on grounds of hearsay.

No Thoroughfare
BROOKLINE, Mass. (UP)—In addition to one-way streets, this town has a no-way street. The 100-foot-long cut-off has a "No Right Turn" sign at one end and a "Do Not Enter" sign at the other. Town officials are thinking of grassing over the unused street.
