Eastland Doctor And Wife Killed In Plane Crash

Well... I Dunno, But...

Well, just blow us down and get an ear full of this. Bob Moore, editor of the Eastland Telegram takes exception to our column last week about the ladies of the press and the gentlemen of the press. But just wait until we get through with him. Here's what he has to say in answer to our comments.

"Seems this column today is going to be devoted chiefly to comment about fellow members of the press. Next to come under 'Going Forward' (that's the name of his column in the Telegram) microscope is, of all things—a lady newspaper editor, being none other than our pal, Mrs. Ruth Ducker of the Ranger Daily Times.

Now this is a rare specimen indeed to consider under the microscope 'cause lady editors of daily newspapers are just about as scarce as the proverbial hens teeth.

Mrs. Ducker started out as a respectable school teacher, somehow got side switched into newspaper work and has been editing the Times for 10, these many years. Recently in her front page column, "Well I dunno but" she took a fellow male member of the press to task for daring to start out on an attack about the ladies of the press.

Seems this fellow didn't say near what he could have said about "the ladies" and Mrs. Ducker adds "that it was fortunate for him." Then he goes on to quote us some more and adds, "Well, we've already stated that Mrs. Ducker is our pal and will add that she comes the closest we've ever seen doing as good a job as a man in newspaper work. But, let us consider the facts that the microscope reveals. In the first place there should be a law against a woman even working in a newspaper office.

Now that the opening gun has been fired, we will rush our reinforcements for the kill, and we're not going to mince any words. Women are emotionally, mentally, and physically unsuited for the work. Much journalism is confidential and who ever heard of a woman that could keep a secret. Reporting should present the straight facts and who ever heard of a woman that could tell anything without "coloring it up." Speed is essential in newswork and what woman doesn't spend hours "keeping her face straight" and talking fashions. After all, it's a man's world and the woman's place is in the home. There, that ought to hold these shemalae journalists for a while.

Now can you beat that! So here we go. Bob, bein' a bachelor crowdin' 30 has a lot of room to talk about keepin' women in the home. Besides that he doesn't like noisy kids. Remember we told you last week that gentlemen of the press try sulking first, then insulting when they try to down a woman of the press. And Bob is in the second stage. Fiddlesticks, emotionally, mentally and physically unsuited to the work. We don't emote near as much as some men we know and we have respect for our mentality even if Bob doesn't. As far as the physical goes, we'll just bet him anything he wants to bet that we've missed fewer days from work because of our physical "unsuitableness" than he or any other male.

I refers to the ladies' inability to keep a secret. Well, we hear more confidential reports that are supposed to be secret from men than we ever hear from a woman. Men like their gossip a lot better than they like to admit and as for "coloring" the story, that's a journalists' privilege with intent to make the matter more readable. Maybe Bob needs a little coloring ability.

For keeping our face straight, we spend less time each day on that than it takes Bob to shave, which he doesn't do regularly. Fashions, we've already discussed our status there, pointing out that fashions require more than

Stores To Close For Clean-Up

It was announced today that stores and business houses will be closed Thursday afternoon beginning at 2 o'clock in order for everybody to be free to join in the clean-up campaign.

Trucks are being assembled to use in removing collected trash from the town and business men have been assigned to the various areas to supervise the clean-up in those sections.

The campaign has been thoroughly organized, the cooperation

of the public is urged. The move is being made at the request of Dr. A. K. Weir, city health officer, and Dr. George Cox, state health officer, and Ranger city officials.

Its objective is to eliminate any health hazards and to improve the appearance of the town.

The population is asked to cut all weeds, put kerosene on stagnant pools of water and to collect and have ready for removal all trash.

The following letter is being left at every home and business establishment in Ranger.

"At the urgent request of the State Health Department, the City Health Officer, the Mayor and City Commission of Ranger, and the various civic organizations and ladies' clubs, you are asked to stack all trash immediately around your premises and pour kerosene on all puddles of water. These measures are being taken to aid in combatting the spread of

infantile paralysis and other sicknesses caused by unsanitary conditions in the city.

Please have all of these things done by Thursday, June 16, so that volunteer workers may be able to pick it up and carry it to the disposal ground.

PRICE CRAWLEY, Mayor and General Chairman Cleanup Campaign.

ALL TRASH MUST BE PICKED UP BY TRUCK."

MINERS OBEY LEWIS, WALK OUT OF NATIONS' MINES

PITTSBURGH, June 13 (UP)—John L. Lewis' 450,000 United Mine Workers obediently closed the nation's coal mines today for a one-week shutdown ordered by their union boss to "stabilize" the industry.

The walkout, if it ends on schedule June 20, will have little effect on related industries, except coal-hauling railroads. They will be hit hard, although above-ground coal reserves are at a peak.

Some coal operators and steel executives feared, however, that the walkout will extend into the miners' annual 10-day vacation, beginning June 25, and finally end up as a full-fledged strike.

That could happen if the union and coal industry fail to sign new contracts by June 30, expiration date for the present agreements.

Lewis' call for the walkout was an admitted maneuver to reduce the country's fuel reserve and strengthen his hand in negotiations.

Plains, Panhandle Begin Harvest

By UNITED PRESS
If old man weather smiles on the South Plains and the Panhandle today, harvest that may last three weeks.

Harvest equipment, moved into the South Plains from North Texas, stood idle in the fields last week as rain made the golden grain soggy.

John M. Hazz of Goodnight, Tex., delivered the first load of wheat in Claude. He told elevator men his wheat was still somewhat tough and that he would halt his harvesting until the fields dry out.

But he collected a premium on his first load.

Henry Zweifel, Fort Worth, will drill a 3,800 foot cable, too, west one mile southwest of Olden.

To be known as No. 2 O. L. Woods et al, the test will be 4-103 feet from south and 330 feet from east lines or west half of section 5, block 6, ET&R survey.

There will be an all-ladies choir, ladies will be ushers and will take the collection.

The public is invited to attend the service.

Week-End Rains Fall Over Texas

By United Press
Scattered weekend rains gave much of Texas a soaking, and a Sunday afternoon light twister did considerable property damage at a Gainesville airport.

Saturday and Sunday rainfall in San Antonio measured 1.63 inches, the U. S. Weather Bureau said. Of the amount, 1.26 inches fell Saturday.

Other weekend rain reports came from Waco, 1.37; Palestine, 1.24; Marfa, 1.10; Austin, .75; Bryan, .70; Wink, .47; Lufkin, .40; San Angelo, .40; Lubbock, .36.

The heaviest rains came Saturday. Bryan's .65-inch and .64 at Waco were the heaviest Sunday.

The Weather Bureau said the flow of a warm air mass northward from the Gulf continued and the weather outlook for Texas in the next 36 hours was the old familiar "cloudy with scattered thunderstorms" mostly in the afternoon and early evenings.

Presidio in the Big Bend country clung to its dubious honor of being Texas' hottest spot Sunday, with a 101 degree top. Amarillo was the coolest point in the state overnight, with a minimum of 60.

The Sunday twister struck its force onto an airport four miles west of Gainesville. It destroyed 10 airplanes.

NEW COMPROMISE PROPOSAL ON GERMANY EXPECTED FROM RUSSIA

By United Press
Russia reportedly will reveal a final set of compromise proposals on Germany tomorrow at the Big Four Ministers Conference in Paris.

There was wide speculation but no official comment on what the proposals included. The sage for their delivery was believed set at a super-secret meeting among the four foreign ministers last night.

After an open session devoted primarily to exchange witticisms, the ministers went behind closed doors for 90 minutes. When the secret meeting ended, they announced that the next get-together would be tomorrow. No meeting was scheduled today.

Speculation on the contents of the new Russian proposals ranged from reports of an honest offer to settle the German problem to a possible suggestion that the four heads of state meet bringing together Premier Josef Stalin and President Truman.

ACCIDENT OCCURS NEAR MERIDIAN, MISSISSIPPI

Dr. and Mrs. M. B. Murdock of Eastland were killed instantly in a crash of their two-passenger Luscomb airplane during a storm near Meridian, Miss., Sunday afternoon at 5 o'clock, according to a telephone message received by the Eastland County Sheriff's office this morning at 11 o'clock, from Meridian officials.

The wrecked plane and bodies were not discovered until this morning when a farmer started past an emergency air strip about 18 miles from Meridian and sighted the plane. Officers at Meridian stated that they believe the Murdocks ran into the storm about 5 o'clock Sunday afternoon and attempted to make a landing. Apparently something went wrong with the plane causing it to go into a nose dive, killing the Murdocks instantly when it hit the ground.

Papers carried by the victims identified them as Dr. and Mrs. Murdock.

Funeral services are pending notification of relatives, with the bodies lying in state at a Meridian funeral home.

The couple was en route to Eastland at the time of the crash, after attending the American Medical Association convention in Atlantic City, N. J. They had left Eastland Thursday, June 2, in their private plane to attend the convention.

Dr. and Mrs. Murdock had been living in Eastland for the past year, residing in Richmond, Va., prior to that. Dr. Murdock maintained offices in the Exchange Building. He was a member of the Eastland Lions Club.

FAMOUS DETECTIVE TO WORK ON COLORADO CASE

BOULDER, Colo., June 13 (UP)—A famous detective was enroute here today to track down the killer of college student Roy G. Spore, Jr., who died defending his girl friend in a campus lovers lane.
Two suspects were being held. They were Charles Cooper, 34, and Paul Colbert, 28.
Cooper was picked up by Larame Wyo., police who said he matched description of the killer given by Doris Ann Weaver, Spore's companion in the secluded nook along Boulder Creek, a tumbling mountain stream.
Colbert was taken into custody as he tried to hitch a ride on the outskirts of Boulder. Miss Weaver was to view Cooper and Colbert at a show-up today.
Ace sleuth E. O. Heinrichs of Berkeley, Cal., was hired by Colorado University President Robert L. Stearns in an effort to crack the slaying, the second brutal murder of a university student here in seven months.
Heinrichs, who served as Boulder's first city manager in 1918-19, is internationally famous as a modern-type Sherlock Holmes.
The campus was deserted today. More than 8,000 students hurried home for term-end vacations over the week-end. But the university still required the few remaining students to double-date when they went out to prevent the unknown killer from striking again.
The school's commencement exercises were held today amid an atmosphere of fear and gloom.
Spore was clubbed to death Thursday evening. The killer struck first at Miss Weaver, sneaking up behind the couple to hit her several times with a length of pipe or metal rod.
Spore told Miss Weaver to run, then turned toward the "tall and blond" killer and here the brunt of his attack although his leg was encased in a heavy plaster cast.
Miss Weaver ran for help. Spore later was found dead in the creek, his head smashed by repeated blows.
Authorities said the case bore a close resemblance to the killing last November of Theresa Foster, 18-year-old coed whose ravished and nearly-nude body was found in a nearby gulch.
A Boulder metalworker, Joe Sam Walker, 32, has been found guilty of second degree murder in connection with Miss Foster's death. He has claimed, however, that she was killed by a "blond, chubby" youth who knocked him out during the fight.

Luckies Launch Big Ad Campaign

Scheduling nearly 1600 daily newspapers in the United States, Alaska and Hawaii for twice-a-week insertions ranging from 1440 to 600 lines Lucky Strike has embarked on one of the greatest summer advertising campaigns in history. The ads which began appearing June 7, will run on Tuesdays and Thursdays.
Theme of the campaign is that at auctions Luckies pay millions of dollars more than official parity prices for fine tobacco to provide finer cigarettes.
All the ads feature testimonials of independent tobacco experts—warehousemen, auctioneers, and buyers—with pictures of the men quoted.
The same theme will prevail in magazine advertising, with Lucky Strike using the publications on its schedule, and will be coordinated in radio commercials. "Your Hit Parade" will continue on Saturday nights over NBC, while "Your Hit Parade" will be heard on Sunday nights over CBS until Jack Benny's return to the air in the Fall.
A stepped-up merchandising program accompanies the huge advertising campaign.

French Wins West Texas Championship

BROWNWOOD, June 13 (UP)—Bobby French, 22, Odessa, credited an unflinching putter for giving him the 1949 West Texas golf association championship.

French's inflexible putting enabled him to defeat Don Cherry, 25, Odessa, 6 and 5, in a 36 hole match yesterday. He led two up at the end of the morning rounds and sank a string of birdies to give him the title on the 31st hole.

Billy Maxwell took consolation honors with a one-up victory over Jack Williams of Plainview.

The acreage planted to wheat this year in the United States will be by far the largest on record.

YANK HATS ON RED HEADS—Hey, doughfoot, recognize those helmets? Yep, they're the same ones you wore from Guadalcanal to Tokyo. Here, they're worn by Communist troops in Shanghai. They got them from captured Nationalist soldiers, who got them from Uncle Sam's war surplus. (Radio-Teletype photo by NEA-Acme staff correspondent Warren Lee.)

Intracoastal Canal Near End

PORT MANSFIELD, Tex., June 13 (UP)—Two huge dredges were less than 500 yards apart early today, working at full steam to complete a \$75,000,000 intracoastal gulf canal before midnight tonight.

The dredges Caribbean and Miami were operating about 32 miles outside of Port Mansfield, the Willacy County connection with the intracoastal waterway, dredging at the rate of 500 feet a day.

If finished tonight, the Texas coast operation, costing \$7,900,000 would furnish the last link in the 18-year-old canal project.

L. R. Thornton, engineer in charge of the Caribbean, has been with the project since 1931. He started the original east coast section in Florida.

The Caribbean will have dredged about 12,000,000 cubic yards of rock, silt, mud and laguna madre bottom, Thornton estimated.

Then only a few feet separate the two dredges, the Miami will withdraw to permit the Caribbean to finish the project.

5 Feet of Soldier

FORT WORTH, Tex. (UP)—T-Sgt. Robert H. O'Farrell, 27, stationed at Carswell Air Force base here, is one of the Army's shortest soldiers.

O'Farrell, who wears specially-made GI shoes because of his small feet, is only 4 feet 11 inches.

He said he sneaked into the cottage, using matches to light his way, and hit Edward three times with a sledge borrowed from a gas station.

"I'd just groaned," he said. "I wanted to kill them all, except my mother. I'd have killed my stepfather, Bert, except I didn't want to bother mom."

Have someone come and pick me up," he said, "but don't handcuff me until you get me in the car."

Police said Johansen once was a state mental home patient and has a long record for petty crimes, including a penitentiary term for auto theft in New York State. He was arrested only last week.

The attack occurred Friday night, Johansen said.

Edward was found unconscious in a cottage behind the family home Saturday. He died a few hours later.

Late Saturday night, Johansen called police from Lake Merritt Bathhouse where he spent the night.

"They framed me. Edward broke into a locker and then blamed me for it. The family was in an uproar. I just thought I'd get even."

Johansen appeared to suffer no remorse as he surrendered and confessed that he bashed in the head of his sleeping brother, Edward, 15, with a sledge hammer.

He said he wanted to wipe out his entire family, except his mother, because "they framed me" for a petty theft.

Mrs. David Lee Jameson

Miss Mayo, Mr. Jameson Wed In Dallas Ceremony Saturday

In a candle lighted setting at the Highland Park Methodist Church in Dallas Saturday night at 8 o'clock Marianne Maxey Mayo, daughter of Mr. and Mrs. Joshua H. Mayo of Dallas, became the bride of David Lee Jameson of Ranger and Austin, son of A. M. Jameson of Ranger and Mrs. Gertrude Harwood of Los Angeles, California.

Eleven branch candelabra, each branch holding seven candles lighted the altar which was decorated with baskets of greenery and white flowers. Floor candelabra linked with ropes of fern, hair braid and flowers tied with white satin ribbon lined the aisled. Dr. Humphrey Lee, president of Southern Methodist University read the service.

Proceeding the ceremony pre-nuptial music was furnished by the Rev. V. Earle Copes, organist and John Rejebian, soloist. Aubrey M. Jameson Jr., brother of the groom, lighted the altar candles.

Matron of honor was Mrs. Richard F. Musgrave of Dallas and bridesmaids were Joyce Garrett of Dallas, Annie Laurie Albin of Austin, Maybela Wheeler of Dallas, Mildred Trout of Lufkin, Peggy Louise Jones of Dallas, cousin of the groom and Mrs. Allen D. Talley of Dallas. All wore a frosted yellow organza dress embroidered in white and carried arm bouquets of daisies. Each wore a halo of daisies and ivy.

The bride who was given in marriage by her father wore an exquisite bridal gown of champagne lace over slipper satin. It was designed with an oval yoke of nylon net outlined with puffs of misty net in drop shoulder effect. The tight fitting bodice was fastened down the back with tiny lace buttons and the long fitted sleeves tapered to a deep petal point over the hands. The full skirt worn over hoops swept into a completely circular formal length train. Her finger tip veil of imported illusion was caught to a bandeau of pearlized orange blossoms with clusters of white orchids and stephanotis.

Mr. Musgrave attended the bridegroom as best man and usher.

the University of Texas.

Mrs. Jameson is a graduate of Highland Park High School and the University of Texas where she was a member of Alpha Chi Omega, Kappa Beta Pi, honorary legal fraternity, Blue Stockings and Sidney Lanier Literary Society.

Mr. Jameson is a graduate of Ranger High School, Ranger Junior College, and Southern Methodist University. He is a member of Lambda Chi Alpha and various scientific honorary organizations.

Miss Jones Becomes Bride Of Mr. Whitacre

Sunday afternoon at 4:30 o'clock Betty Jean Jones, daughter of Mr. and Mrs. Granville W. Jones, was united in marriage with James Bart Whitacre of Stephenville, son of Dr. and Mrs. J. A. Whitacre of Stephenville.

The ceremony took place at the First Baptist Church with the Rev. David C. Ham officiating. The altar was decorated with floor baskets of white gladioluses and lighted by white candles in three and seven branch floor candelabra. A bouquet of white gladioluses topped the center candelabra and ropes of fern connected the candelabra to which they were tied with white satin bows. White satin ropes swung from the aisle posts marked off the space for the bridal party and a carpet of white lined the approach to the altar.

Frances Ruth Hagaman at the piano played as the bride's choice of pre-nuptial music "Because", "Clair de Lune", and "I Love You Truly." Betty Reuwer, organist, played the traditional processional and recessional wedding marches. Preceding the ceremony altar candles were lighted by Evelyn Jones, sister of the bride, and Bill Bone of Moran, a cousin.

Mrs. W. H. Mitchell of Mineral Wells attended her sister as matron of honor. Mrs. Mitchell wore a light blue crepe dress with pink accessories and carried a bouquet of pink roses.

The bride who was given in marriage by her father wore a white crepe dress with white picture hat and navy blue accessories. Her bouquet was a white orchid surrounded by bouvardia.

John D. Whitacre of College Station attended his brother as best man and groomsmen were Dr. Ven Scott Jr. of Austin and Benton Pruet of Putnam.

Immediately after the ceremony a reception was held at the Community Clubhouse.

At the reception the bride's table was laid with a white linen cutwork and lace cloth and centered with an arrangement of ferns and Easter lilies. Fern and lilies outlined the base of the three tiered wedding cake and the cut glass punch bowl. Tall flower baskets filled with cream colored gladioluses stood at each side of the table and cream gladioluses were used on top of the piano.

Mrs. Mitchell presided at the guest book and Mrs. Ida Frances Hazard served punch. Assisting in the reception were Betty White of Waco and Mrs. Ven White.

When the couple left for a short trip the bride wore an aqua faille suit with brown lizard accessories.

They will make their home in Dallas where the groom is a student in Baylor Dental College. The bride is a graduate of Ranger High School and attended John Tarleton College in Stephenville. The groom graduated from Stephenville High School.
