

III, Pardon: It's about rodeo time again. And we'll be looking for you on July 20-23 at the 4th annual Jaycee Rodeo in Ranger.

RANGER DAILY TIMES

Ranger's annual homecoming dates are July 20-23. Gala events planned for former residents. Make your plans now to attend.

31st YEAR RANGER, TEXAS, MONDAY JUNE 27, 1949 PRICE FIVE CENTS No. 23

House Passes Soil Conservation Appropriation Bill

Well... I Dunno, But...

In case you didn't know, those extra clean lots about town are that way because the owner is civic-minded enough to spend money getting 'em cleaned up. Hall Walker has had a number of men employed for several weeks getting all of his property in Ranger in spottless condition. Frank Ames has been bossing the work and he'll point with pride to the results.

If all property owners would take such steps it wouldn't be difficult to carry on a clean-up campaign and really get the town in good order.

And we hope that one particular side of the "landed gentry" reads this item.

We've heard a lot of fish stories but this one is about the biggest. H. C. Berry, one of the men in our composing room, has just returned from a vacation trip to Grand Saline. He reports that in one day he caught 70 pounds of fish.

But there's a catch to it. A lake in that area was being drained while Hack was visiting over there and he and a friend were allowed to seine for the fish.

We don't think anybody has to be sold on the big traffic directing sign being erected to guide traffic over Highway 80 through Ranger, but another word may not hurt.

Boosters of the highway are working trying to raise the first year's cost of putting up and maintaining the sign and will ask for help.

The business people downtown to help.

As we have pointed out before the number of businesses on the highway through Ranger and the number of people depending on those businesses are considerable and mean a big business for the people in town. And helping pull the traffic over Highway 80 is helping business in town both direct and indirect.

It's a job for us all and contributions for the first year will be welcomed by the Boosters.

Rites Today For Manly Hanks

BRECKENRIDGE, Tex. June 27. (UP)—Funeral services for Basil Manly Hanks, 40, business manager of the Breckenridge American, the past four and a half years, were scheduled for 3 P. M. today in Abilene.

Hanks died at his home here Sunday morning after being at his desk Saturday in apparent good health. He had been bothered with a heart ailment, however, in 1943, shortly before he joined the American.

Hanks had been connected with the Abilene Reporter News for 30 years, 20 of which he served as advertising manager. He also had worked as advertising manager on the Mineral Wells Index, published by Walter Murray, who publishes the American.

A brother, Bernard Hanks, died of a heart ailment Dec. 12, 1948. The brother was publisher of the Abilene Reporter-News.

Burial will be in Odd Fellows Cemetery in Abilene. Survivors include the widow and a daughter.

Linda Darnell's Sister Injured

Blame Crash On Loose Gravel

DALLAS, Tex. June 27 (UP)—A bus crash that killed two passengers and injured five others seriously was blamed today on loose gravel.

The Continental Trailways bus struck a soft shoulder near suburban Garland yesterday and careened into a bridge railing. The impact sheared the side off the bus.

Officials said the body of Billy McHam, 12, Cooper, Tex., who had been asleep aboard the bus, was cut in half. His mother said he had fallen asleep after reading some comic books.

The other victim was Norma Floyd, 20, Corsicana, Texas, who was en route to East Texas State Teachers College at Commerce. Her feet were cut or mashed from her body, which was thrown into a creek near the scene of the accident.

Miss Floyd's body was fished out of the creek several hours later.

Trailways officials said 38 passengers were aboard the bus, driven by Wayne Dawson of Dallas, who had been driving for the bus company for about a year.

The bus was bound for Texarkana, Texas.

Crash Claims Four Lives

WELLINGTON, Tex., June 27 (UP)—A three-vehicle crash on a bridge six miles north of Wellington Saturday claimed its third and fourth lives last night.

Two persons were killed instantly in the accident. They were Billy Everett Lawson, 20, and his brother, Bonhan C. Lawson, 29, both of Pilot Point, Tex. Lloyd Leo Evans, Solomon, Kans., and Bennie Odell Lloyd, 24, Wellington, died last night of injuries sustained in the accident.

A passenger car was sandwiched between a gasoline truck and a wheat truck, going in opposite direction on the Red River bridge. The vehicles and bridge caught fire. The bridge was damaged extensively and the vehicles were destroyed.

Little Damage In Two Fires

A small fire Sunday morning and another one this morning were reported to have done very little damage.

Early Sunday morning the fire department was called to the Southland Hotel to extinguish a mattress which had been set afire by a cigarette and this morning the fire department answered a call to the 500 Cleaners where a small fire had broken out in a ventilator.

More than 60 per cent of all flour, to mineral necessary in making steel, is mined in Kentucky.

DROUGHT IN EAST UNBROKEN AS NATION SWELTERS IN HEAT

By United Press
No England's drought seared on today as most of the nation sweltered in muggy weather.

Although temperatures hit new highs for the year in some spots, including New York, forecasters said it wasn't the heat so much as the you-know-what.

Almost everywhere, from the Plains states to the Atlantic coast, humidity counts stood above 90 per cent. That meant, for practical purposes, that the atmosphere was 90 per cent moisture.

And the weatherman said there was no relief from the collar-wetting weather in sight.

Weekend rains failed to help New England crops thirsting in a month-long drought and the situation was described as "critical."

The hot sun seared hay, hit hard at the Cape Cod, Mass., strawberry crop and threatened many truck gardens.

Many New England communities had curtailed the use of water for lawns. Forests in the southern part of the region were ripe for disastrous fires.

The sultry, tropical weather which drove millions of city dwell-

True Identity Of Narcotics Smuggler Sought

ROME, June 27 (UP)—The true identity of a man who tried to smuggle \$500,000 worth of cocaine out of Italy and into the United States was sought today by American and Italian authorities.

Officials said the man arrested at Ciampino Airport was linked with a vast international narcotics operation master-minded by Charles (Lucky) Luciano, one-time New York Vice Lord who was deported to Italy after serving a term in sing sing.

Authorities questioned him about his passport which identified him as Vicent Trupia of 377 Broome St. New York.

At that address in New York Vincent Trupia, and his son, Vincent, Jr., said the man arrested in Rome had to be using false papers and traveling under an assumed name since neither of them had ever left home.

U. S. Consular officials here refused to discuss what amounted to the biggest post-war seizure of narcotics in Europe.

International Police (interpol) authorities protested that the arrest was premature, and warned leaders of the narcotics syndicate that they were being trailed.

Interpol authorities said that if the man had been allowed to fly to New York with the cocaine, agents there would have seized him when he tried to make delivery to his superiors.

The interpol organization grew up in the post-war period of black markets and smuggling. A number of countries decided that Local and National police groups could not handle international crime groups. Hand picked police agents were named by each government to form an International Police Force.

Money Voted For Negro University

AUSTIN, Tex., June 27 (UP)—A \$400,000 emergency appropriation for the Texas State University for Negroes at Houston was approved today by the House, 101-8, and sent to the Senate.

The measure, sponsored by Rep. Jim Heflin of Houston, would enable the Negro University to set up classes in medicine and pharmacy.

Heflin said that a vote on his bill "means whether or not you are going to have segregation."

The new courses will meet a demand made by a group of negroes who staged a march on the Capitol and the University of Texas recently.

The emergency measure, requiring 100 votes in the lower chamber for immediate enactment, fell shy at first by two votes. However, the vote was held open to permit additional votes so that the appropriation would be made for the current biennium, prior to Sept. 1.

lers to the beaches of Boston, New York and Chicago yesterday hit again today in the same places and the only part of the nation with cooler temperatures predicted was the Pacific coast.

There would be scattered showers throughout the whole sticky area, the weatherman said, but no where were they expected to be heavy.

The more fortunate parts of the northwest got liberal showers during the weekend.

Half-inch rainfalls were reported in some sections of Vermont, Maine and New Hampshire. Massachusetts and Connecticut got less than a quarter-inch. As much as 2 1-4 inches fell on parts of Pennsylvania.

Seven inches deluged Loganport, Ind., knocked out some electric and telephone service and disrupted traffic on two highways.

City officials estimated the damage would reach \$500,000.

At Pekin, Ill., a bolt of lightning struck two couples out fishing, killing Mrs. Josephine Kessler and paralyzing Mrs. Elsie Rusk.

GILMER - AIKIN BILL REGARDED AS SOLONS' TOP ACHIEVEMENT

Editor's Note: The 51st. Texas Legislature is drawing to a close. It has been one of the longest sessions on record. O. B. Lloyd, Jr., head of the United Press Staff at the State Capitol in Austin has prepared a series of five articles, bringing into focus the accomplishments of the legislature. The first of these articles follows:

By O. B. Lloyd, Jr., United Press Staff Correspondent AUSTIN, Tex., June 27 (UP)—

Texas' greatest undertaking in school reform in many a year, wrapped in three Gilmer-Aikin measures, is regarded as the 51st Legislature's top achievement as well as its hottest issue.

The proposals, setting up a streamlined, \$180,000,000 (M)-year education program, represented the core of recommendations made after a 16-month study by the Gilmer-Aikin Committee and the State's leading educators.

Enactment of the program climaxed one of the session's bitterest legislative fights, marked by a filibuster in the Senate and House debate covering more than a month.

The sweeping new plan was yet to be tested in actual operation. But the program's machinery was set into motion immediately

upon the signing by Gov. Beauford Jester of two financing measures, which gained enough votes to take automatic effect.

The first and most controversial bill, abolishing the post of State Superintendent I. A. Woods and creating a new 21-member State Board of Education to be elected in congressional districts, will go into effect 90 days after the session's end.

State Auditor C. H. Cavness, under one financing bill designating local level support of the program at \$45,000,000 (M), took over the reins until the state board is elected and in turn named the commissioner of education.

Actual election of the board was still far ahead as the way-overtime 51st session struggled to put finances in order.

The election will be held within 30 days after the measure's effective date, pegged at November or later.

The \$180,000,000 (M) figure, meaning an increase of some \$30,000,000 (M) a year over present public education costs, was regarded as conservative.

However, Jester said in signing the two final bills, "this program, will be expensive admittedly but if it accomplishes its manifold purposes, the people will approve of it."

FOUR INJURED IN HEAD-ON COLLISION AT EASTLAND

Four persons were hospitalized, one in critical condition, and two others received minor injuries as the result of a head-on collision between two automobiles Sunday afternoon at 5-50 o'clock, one mile south of Eastland on State Highway 6, between Eastland and Carbon.

Following emergency treatment at the Caton-Cowan Clinic in Eastland, the four persons more seriously injured were transferred to the West Texas Hospital at Ranger.

Those in the hospital and their injuries are: William H. Stringfellow, 80, of DeLeon, broken neck.

Clarence J. Aishman, 60, Iraan, broken leg.

Mrs. Clarence J. Aishman, 58, Iraan, broken arm.

Bobby Lee Whitlock, 17, Iraan, scalp laceration and a concussion.

Hospital attendants described Stringfellow's condition this morning as being critical, because of his age and the nature of the injury. Young Whitlock was said to be in a serious condition, but his injuries were not believed to be critical.

The accident was investigated by State Highway Patrolmen Oscar Avera and Terry Barrett, both of the Eastland office. The patrolmen stated that young Whitlock was driving a 1948 blue Dodge sedan, going south. Occupying the car with him were his great grandparents, Mr. and Mrs. Stringfellow, and his grandparents, Mr. and Mrs. Aishman. Mrs. Stringfellow received only cuts and bruises and was released after receiving emergency treatment at the clinic.

Norman Harr, 54, who lives at 308 North Walnut Street in Eastland, was driving a 1936 black Chevrolet, the other vehicle involved; traveling north toward Eastland. He is employed by the Carbon Concrete Materials Co.

Patrolmen described the mishap as being "practically a head-on collision." They said there were no eye-witnesses to the accident, but that an unidentified man was sitting on the front porch of his home, located near the highway, and heard the crash. The man called Hamner Funeral Home of Eastland for an ambulance.

Both vehicles were badly damaged with the fronts being smashed, and the left side of the Dodge. A King Motor Co. wrecker hauled the wrecked cars to Eastland.

Harr was brought by ambulance to the clinic, where he received treatment for cuts and bruises and then was taken to his home. Patrolmen stated that Harr told them early in the investigation that another man was occupying the car with him, but ran off after the accident occurred.

He later told officers that he was alone in the car. A charge of aggravated assault with a motor vehicle was filed by Patrolmen against Harr in county court this

morning. Bond was set at \$750.

Mr. and Mrs. Aishman are the parents of Mrs. C. E. Noland, 408 South Green Street, Eastland. Mr. Noland is employed by Texas Electric Service Company. The Aishmans, Mr. and Mrs. Stringfellow and young Whitlock had visited during the day in the Noland home and fishing at the Leon Power Plant lake. They were en route back to De Leon at the time of the accident. The Aishman's and Whitlock had been visiting for the past week in the home of the Stringfellow at DeLeon. Aishman is employed as an engineer for the Humble Pipe Line Company of Iraan, and is on vacation.

Seek To Form Elderly Ladies Recreation Club

It was reported today that a number of interested people in Ranger are sponsoring what is to be known as the Over-65 Women's Recreation Club. Consultant on the project is Elsie Glenn of Eastland and also interested in the club in establishing a career dressing station in Ranger is Mrs. Joseph Perkins, State Commander, American Cancer Society, of Texas. Miss Glenn is not acting in any official capacity as a member of the state welfare program, but has, on her own personal time and as an interested citizen, offered to assist the sponsors in any way that she can.

The object of the club is to establish a meeting place where the older women, 65 years or older, may meet at their leisure, sew for the cancer dressing station, participate in the Red Cross Nursing courses to be given, and otherwise occupy their time. It is hoped that this group of women in Ranger will take an active interest in the club and develop it into a real community project.

Hall Walker has donated a large room at 120 1/4 North Walnut Street in Ranger and a drive is to be made to collect clean, old sheets, pillow cases, linens, men's shirts no longer usable for the project. These materials are made for cancer dressings, which will be sewn by hand and forwarded weekly to headquarters for distribution to hospitals and needy cancer victims who need dressings.

Anyone interested in donating sheets, etc., which are ready for discard, or in helping to furnish the recreation center with usable furniture, or donating books, current magazines, etc. for the reading rooms are invited to contact Miss Glenn in Eastland or leave a message for her at the Ranger City Hall. Also, any and all of the older women who wish to join the club are invited to get in touch with Miss Glenn. There are no dues or fees; it is free.

Funeral services will be conducted Tuesday afternoon at 3 o'clock at the First Methodist Church with the Rev. Cecil Ellis and the Rev. Jasper C. Massege officiating. Interment will be in Evergreen cemetery with Killingsworth's in charge of arrangements. The service will be a military one with veterans organizations participating.

Sgt. Weaver who had resided in Ranger most of his life was killed in action over France during World War II.

Fallbearers will be members of the veterans organizations in Ranger.

Jaycees To Meet

A meeting of the Junior Chamber of Commerce will be held tonight at 7:30 o'clock at the rodeo arena for work in repairing the arena for the coming rodeo.

All Jaycees are urged to be on hand.

TO VISIT CHURCH

The Governor was one of the chief backers of the Gilmer-Aikin study, and in the session's early days, tagged the three measures as emergency legislation.

Texas' 40,000 teachers will reap benefits from the plan starting in September, when their paychecks will be increased.

A floor of \$2,400 was set under teachers pay for Bachelor Degree teachers, a boost of \$400.

Cavness, departing from his full-time duties as State Auditor to take temporary administration of the education system, set about his task immediately.

By July 8, he announced, 32 area conferences will have been held by field men to acquaint local school leaders with the program.

The local support plan, sponsored by Sen. Otis Lock of Lufkin, created a minimum foundation program, and a mean of determining local level share through an "economic index."

A second financing measure, providing for the state's aid, created a foundation school fund, to siphon money from the state's Omnibus Tax Clearance Fund, was sponsored by Sen. A. M. Aikin, Jr. of Paris.

The controversial administration bill carried the name of Sen. James E. Taylor of Kernes.

BIG HIGHWAY TRAFFIC SIGN NOW GOING UP

The big traffic directing sign contracted for by the Highway 80 Boosters Association is now under construction and will be completed within the very near future.

The sign is being erected east of Weatherford and will be electrically lighted.

J. E. Meroney, president of the Boosters Association, and Edwin George, secretary-treasurer, were busy today soliciting financial support for the sign from merchants and business people of Ranger.

Meroney stated that they have already secured about \$400 of the first year's expense for the sign from business people along the highway and they are attempting to secure the remainder from downtown business.

Meroney also stated that some of the difficulties which have been encountered relative to advertising Highway 80 have been corrected and the association has received assurance from the AAA that there will not be any discrimination against Highway 80 in making, etc.

Body of S-Sgt. Weaver Arrives

The body of Staff Sgt. Joseph Pickens Weaver, son of Mr. and Mrs. E. P. Weaver, arrived today on the west bound Eagle and was met by a military escort of veterans.

The body of Staff Sgt. Joseph Pickens Weaver, son of Mr. and Mrs. E. P. Weaver, arrived today on the west bound Eagle and was met by a military escort of veterans.

The story hour will be conducted each Wednesday morning at 9 o'clock and the eligible children are urged to attend.

Ranger Students At San Marcos

SAN MARCOS, June 27.—Gene C. Boney and Delbert D. Boney of Ranger are among the 1,949 students who have registered for the first summer semester at Southwest Texas State Teachers College.

With the largest enrollment in the history of the college, administration officials are completing plans for a number of new buildings that will almost double present campus capacity. Construction on the first of these buildings is expected to begin early in the fall.

Group Attends Stephenville Rites

Mr. and Mrs. M. A. McGee, Mr. and Mrs. Alonzo McGee, Mrs. W. C. Long and Mr. and Mrs. J. D. Howard were in Stephenville Sunday afternoon to attend funeral services for Mrs. Dolly Cox.

Mrs. Cox was an aunt of Mrs. Long, Mrs. Howard and Mr. McGee.

LARGE VOTE FAVORS FIVE MILLION BILL

BY O. B. LLOYD, JR. United Press Staff Correspondent AUSTIN, Tex., June 27 (UP)—

Members of the House, awaiting action on four major spending bills designed to break the financial deadlock without adding new taxes, cut deeper into the state's dwindling funds today by approving a \$5,000,000 (M) Soil Conservation bill.

A report of House and Senate conferees on the plan, sponsored by Dr. J. A. Luedemann of Brenham, was given a vote of 106-13.

The action was taken without debate.

Legislators, going into their 168th day of the 51st session, received final drafts of four major appropriations calling for spending \$131,829,856 (M), meaning an expected deficit of some \$12,000,000 (M) over revenue estimates.

Building projects were omitted from the "must" bills, and were expected to be worked out in separate legislation.

The soil conservation plan was the center of controversy earlier when a Senate amendment upping the amount to \$10,000,000 (M) was placed on the wrong bill.

The motion to adopt the conference report was made by Rep. Lamar Zivley of Temple.

The draftmakers whacked about \$37,000,000 off the Senate's recommendations on the four major appropriations.

Sen. James E. Taylor of Kernes, chairman of the Senate Finance Committee, said that latest figures from the state comptroller show that \$120,000,000 now rests in the general fund.

The four "must" bills cover operation of State Departments, the Judiciary System, Eleemosynary Institutions and Higher Education during the next biennium.

House speaker Durwood Mansford said he thought final adjournment of the 51st session would come before next Saturday, but Lt. Gov. Allan Shivers said he considered the prospects for adjournment "fair."

Continued On Page 4

Story Hour To Open Wednesday

A story hour for boys and girls up to 12 years of age will be opened Wednesday morning at 9 o'clock at the Community Club-house under the direction of Mrs. David D. Pickrell. The hour is being sponsored by the Community Public Library.

Stories, moving pictures and singings will feature the program. Mrs. Pickrell stated today that Delbert Capps is providing the film for the hour and the projector will be operated by the Rev. Cecil Ellis.

Mrs. Lowell Rainwater, pianist, will accompany the group for a singing. Uncle Remus stories will be told at Wednesday's hour.

The story hour will be conducted each Wednesday morning at 9 o'clock and the eligible children are urged to attend.

The Weather

East Texas — Partly cloudy this afternoon, tonight and Tuesday.

Scattered thundershowers this afternoon and in north and central portions Tuesday. Not much change in temperature. Fresh to locally strong southerly winds on the coast.

West Texas — Partly cloudy this afternoon, tonight and Tuesday. A few late afternoon or evening thundershowers in the Panhandle, the South Plains, and from the Pecos Valley eastward. Not much change in temperature.

WHO'S HOT?—If you're sweltering in a June heat wave, this ought to be a sight for your tired eyes. This engineer is testing cold-weather starting under ice and sleet conditions on a new car at the Ford plant in Dearborn, Mich. The temperature in the wind tunnel is 30 degrees with a 60-mph gale.

Gorman Oil News

By Ruena Van Winkle

R. H. Patterson No. 1 James out near Rucker plugged at 3,350 after having advanced to perhaps 40 or 50 feet into the Ellenburger, and having found nothing to speak of. They were pulling their 8-inch in the middle of the week.

Continental No. 1 N. L. Box have had a burn-out in the derrick

and have had motor trouble, but have managed to take at least 3 drillstem tests. The burn-out was occasioned by the gas they encountered, catching fire.

The Jay and Parker Company will move in on their No. 1 Wilson location as soon as the final papers on the lease are filed and recorded. All the signatures are in and most everything is ready for the cleaning up and going into the old hole left over there by J. W. Baldwin. This hole was abandoned by Baldwin because at

the time it was drilled everything that was running that low was proving no good, however, some of the later operations, such as the wells on the Kinney Estate, on the E. L. Park, etc. are running much lower than the Wilson well is drilling to. The No. 1 E. L. Park was given up as a dry hole until the Kinney wells came in and Roy Caines got the log on the No. 1 Kinney and decided that the pictures of his well and the No. 1 Kinney were so similar as far as his well had been drilled that he had better drill his deeper so he went down and made a well out of the No. 1 F. L. Park. For that reason the Jay and Parker company have hopes to make a well out of the Wilson.

There is to be a deep test out on the Reeves place, but we are not to give out the full information until they get set, and then we are promised a complete writeup, which we will pass on to you as soon as we have it. We have this from Roscoe Reeves himself.

McClung No. 1 Rube Christian near Clairette drilling at 2,650 ft. they may have to go deeper for the payoff than they have in some of the wells further up near the Kirk Field, but they should be encountering it at any time now. Shut down orders are in the hands of the pipeline gauger on several of the wells which about this time last year were coming

in producing well over the allowable. This Marble Falls plays out too fast, and it may be that the theory of the old Geologist that the Marble Falls is simply the escaping oil and gas which comes up through fissures and cracks from the Old Hickory which is reputed to be the parent formation for the Marble Falls, in this area.

MINNEAPOLIS (UP)—The University of Minnesota American Veterans Committee is conducting a campaign to kill veterans' pension bills sponsored by Rep. John Rankin, D., Miss. The campus AVC spokesman Jack Elliott said the Minnesota group is "following our motto of citizens first, veterans second."

Town Is Peaceful
UXBRIDGE, Mass. (UP)—Patrick J. Carmody, 75, retiring as chief of Uxbridge's eight-man police force, boasts that in 33 years with the department he never has fired his revolver.

Coal was discovered in Washington state in 1833.

Bloodhounds Corner Escapees

HOUSTON, Tex., June 27 (UP)—Bloodhounds cornered two escaped convicts 16 miles south of here today, and a well-armed posse was closing in on its quarry.

The escapees were identified as Jesse Frank Howard, 22, who prison authorities said was a potential killer, and Homer Lee Clay, 24.

Howard, Clay and two other companions sawed their way out of Central Prison Farm number two near Sugar Land last night, and scaled the wall while guards blasted down with a barrage of lead.

The other two men were captured after running only 300 yards. They were Benjamin F. Reap, 24, serving 10 years for robbery from Dallas County, and Albert Birch, 40, serving 25 years from Galveston County for burglary. Reap was wounded in the leg and was found limping through

Ft. Worth Livestock

FORT WORTH, June 27 (UP)—Livestock:

Cattle 4,000; grainfed steers strong to higher; other slaughter steers and yearlings around steady; cows steady to weak; bulls steady to strong, stockers slow, a field.

Howard, small and black-haired led a group of teen-agers in 57 armed robberies here three years ago he was captured on a downtown street in January, 1947, and drew a 35-year prison term.

Clay, from Bandera, is serving a 25-year sentence for robbery and burglary.

The hounds, put on the trail immediately after the break, trailed the men along highways 6 from Sugar Land. Early today, when the trail freshened near Fresno, on the prairie 16 miles south of here, Harris County Sheriff Buster Kern and his deputies were alerted.

about steady. Good fed steers and yearlings 23.00-25.50; cutter, common and medium 14.00-22.75. Beef cows 14.00-17.00, few higher; canners and cutters 9.00-14.00. Slaughter bulls 14.00-18.50, beef bulls to 19.50. Stocker steer yearlings medium and good grades 17.00-21.00.

Calves 1,000. Good and choice slaughter and stocker calves strong to higher around steady. Good and choice slaughter calves 22.00-25.00. Common and medium 14.00-20.00. Culls 12.00-14.00. Stocker steer calves medium to choice grades 17.50-25.50.

Hogs 1200. Butchers and sows 25-50 lower than Friday's average. Pigs steady. Most good and choice 190-270 lb. butchers 20.75, top 21.00, few sales down to 20.50. Good and choice 160-185 lbs. and few 275-325 lbs. 19.00-20.50. Bulk sows 16.00-16.50, odd head to 17.00 and some under 16.00. Feeder pigs 16.00-19.00.

Sheep 9,000. Spring lambs and yearlings about steady; aged sheep active and strong. Medium and good spring lambs 22.00-23.00, culls 15.00 down. Medium and good slaughter yearlings 18.00-

Houston Surgeon Rites Scheduled

HOUSTON, Tex., June 27 (UP)—Funeral services were scheduled today for Dr. Joseph Beverly Foster, 54, who died suddenly at his home here Saturday.

The well-known Orthopedic surgeon and professor at Baylor University College of Medicine was a native of Ennis, and had practiced here since 1915.

Dr. Foster was consultant for the K. D. Anderson Hospital for Cancer Research, and had for many years served as consultant for the Harris County Chapter of the National Foundation for Infantile Paralysis.

20,000, few loads fed yearlings 21.00, two-year-old wethers 18.00 down, cull to medium aged sheep 7.50-8.50, good grades 9.00 and few choice to 9.50, common to good stocker spring lambs 15.00-20.00, medium and good stocker yearlings 15.00-17.00.

TEXAS News Briefs
By United Press

DALLAS, June 27 (UP)—Broadway Stars Marion Bell and John Raitt today became rehearsals for the Starlight Opera's second production of the summer, "Rose Marie," by Rudolf Friml. The musical will play a week's engagement starting July 4 at State Fair Casino.

DALLAS, June 27 (UP)—Deputies were looking today for a blond-haired woman grocery clerk who gave an old age pensioner a "\$20" coupon and \$18 in bills for his \$38 pension check.

DALLAS, June 27 (UP)—John Hughes, the pensioner said he had no use for the coupon, which was good for a pair of nylons.

DALLAS, June 27 (UP)—A German-born Dallas banker today had nothing to say about a Federal Court's refusal to make him a citizen of the United States. Federal Judge William H. Atwell granted citizenship to 34 other applicants but rejected the

lided with another car. His wife and son received emergency treatment at a local hospital and were released.

Doyle Tackett, 29, and George Griggs, 40, both of Buna, riding in the other vehicle, were hospitalized with minor injuries.

The other fatality was Joseph Edward Kelly, 30, credit manager for a Beaumont loan firm. Kelly died yesterday in a hospital here from injuries received Saturday night when his motorcycle left the

road and plowed into a culvert.

One Dog Exempt
BOSTON (UP)—Teddy, a 12-year-old mongrel, lives in an apartment house where dogs are barred. In the lease signed by Teddy's owners, Mr. and Mrs. William R. Dougherty, a clause was inserted for his benefit. It states that all dogs are barred from the building "except Teddy."

HOMECOMING JULY 20-23

Sleuths Make Good in Time
INDIANAPOLIS (UP)—B. H. Campbell received a pocket watch for his 65th birthday. It was the same watch his wife had given him as a birthday gift 47 years ago. The watch was stolen in 1932 and recovered in good condition, recently by Indianapolis detectives.

It is not considered burglary in Texas, according to The American Magazine, to steal goods hanging on the outside of a house.

RED ARRESTED — Laszlo Rajk, 40, former Hungarian minister of foreign affairs, was denounced as an American spy by the official newspaper of the Hungarian Communists in Budapest. Arrested with 19 "accomplices," Rajk was earlier expelled from the Communist Party. Western diplomats believe he is a victim of a Cominform purge for putting Hungary's interests before the Soviet Union's.

FLORIDA GOVERNOR WEDS

Gov. Fuller Warren and his wife, Barbara Manning, 24-year-old California society girl, fill out the necessary forms in the Los Angeles License Bureau before their wedding. The couple will honeymoon at Ft. Walton, Fla., before moving into the widely-publicized "ramshackle" executive mansion at Tallahassee. It is the 43-year-old governor's third trip to the altar, his bride's first. (NEA Telephoto)

Your Opportunity
 BUY U.S. SAVINGS BONDS
 This "Opportunity Bond Drive" poster tells its own story. Buying U. S. Savings Bonds is the safest, best investment a person can make. A nest-egg of Savings Bonds, according to economic experts, means "preservation for yourself, your family and your country. Distribution of the National debt is one way of maintaining a sound economy, both individually and nationally."
 Note to Editors: This "Opportunity Drive" poster is available in both 1- and 2-column size mats.

Large Vote Cont'd

Both believed a special session would be necessary. It was possible that the 51st session would set a new record for length. In 1941, legislators went home after 171 days of lawmaking. The 51st would reach that mark Friday.

The appropriation bills will be placed on members desks Tuesday for action. Taylor said, however, he would not call for Senate study until after the House had acted on a plan for state building projects.

It was understood that such a plan would need a constitutional amendment authorizing allocation of \$5,000,000 annually from the general revenue fund during the next four years.

It also would provide for use of a \$3,000,000 surplus in the confederate pension fund and peg 1 1/2 per cent of all state revenues, estimated at \$3,000,000 yearly, as a permanent building fund. Estimates indicated the plan would raise about \$37,000,000 for building purposes over the next four years. It would be a substitute to a \$20,000,000 bond issue plan offered by Sen. Searcy Bracewell of Houston and passed by the Senate.

"Senate conferees," Taylor said, are approving these electrolytic and Higher Education bills with the understanding that the buildings will be taken care of before we leave."
 Manford said the House was "just as interested in taking care of buildings as anybody else."
 Salary increases authorized earlier this session generally were not reduced below the present scale during the dollar-chopping by the impact readers.
 Taylor said he did not think the four major appropriations would put the state "in the red."
 Part of the deficit, he said, would be cut by money reverting to the general revenue fund.
 He remarked that the \$12,000,000 deficit would be only about four per cent over the anticipated revenue for the next biennium.

Smooth Bandit Covers Trail, No Clues Found

HOUSTON, (Tex., June 27—(UP)—The suave, well-dressed "businessman bandit" who lugged \$5350 out of the Northside State Bank here Saturday at noon, was smooth in more ways than one, police admitted today.

His escape route was covered up without a flaw, detective Capt. George Seber said, noting that the bandit "may be three states away by now." Nothing has been found of the new brown two-toned Oldsmobile which pedestrians saw the robber enter and speed away.

The man, who lady employees of the bank recalled was "very, very handsome," gave assistant cashier C. F. Sewell a threatening look, demanded "the money," and pocketed wads of greenbacks without even displaying a gun.

Sewell later told police the bandit kept his hand in his coat pocket at counter-level. "I'm sure he had a gun," Sewell said.

The daring, mid-day holdup went off so smoothly that eight customers and six bank employees were ignorant of it until the man had fled and Sewell spread the alarm.

Capt. Seber said it now seemed that the next move would be up to the Federal Bureau of Investigation, since the bank is insured by the Federal Deposit Insurance Corp.

"Banks throughout the United States should be alerted," Capt. Seber suggested. "Sooner or later the man will be trapped when he tries to change the bills into smaller money."
 The loot was all in \$50 and \$100 bills.

TRAPS SWINDLER

Mrs. Genevieve Parro, above, a 59-year-old Chicago widow, was instrumental in trapping international swindler Sigmund Engel. Mrs. Parro was an intended victim of the "love pirate," but tipped off police when she recognized him as the man sought for bilking another Chicago woman of \$8,700 on a promise of marriage. (NEA Telephoto)

Bank Closed Over Miller Loan

SAN JUAN, Tex., June 27—(UP)—San Juan's only bank was out of business today because of a \$50,000 loan it made to Sam L. Miller, missing McAllen, Tex., financier.

J. L. Stone, president of the Valley State Bank, posted notices that the bank was closed. He said his capital had not been insured by the Federal Government.
 San Juan businessmen and bankers met to raise enough capital to

open a new bank as soon as they receive permission from the State Bank Examiner.

Miller, owner and president of nine lower Rio Grande Valley firms, has been missing for a week. In that time, lawsuits totaling \$100,000 have been filed against him.

The latest suit against him or his firm was filed by Lee M. Green of San Juan, who asked judgment of \$35,000 against Mission Goods, Inc.

The Citizens National Bank of Brownwood also has sued Mission Goods for \$25,000 on an unpaid note, and the Hidalgo Packing Co. for \$25,000 in another suit.

Miller was a stockholder and director of the bank, which listed its deposits as \$705,000.

The Valley State Bank closing was said to be Texas' first in 12 years.

240 Golfers In NCAA Tourney

AMES, Ia., June 27 (UP)—A record-breaking field of 240 golfers for 63 colleges opened qualifying rounds for the Annual NCAA Golf Tournament today with those from the East already proven slightly better than the westerners.

The East team beat the West 7 to 6 in 13 matches over the Iowa State Links in a pre-tournament joint yesterday.

Francis Winger, Oklahoma A. & M. and Bob Watson, University of Texas, turned in the best scores with 638 in the East-West clash. Ben Aiyas, UCLA, won the driving match with a three-ball average of 248 yards. Keith Le Clair, Michigan, had the longest drive—259 yards, two feet, eight inches.

The 18-hole qualifying rounds will continue tomorrow, with the top 64 going into match play. Elimination rounds of 18-holes will be played until Saturday's 36-hole final.

Bob Harris, San Jose State, defending champion, was not entered in the tournament, but San Jose entrants will be out to defend their team title.

The field includes Oklahoma Aggies Lodie Kempa, National Left-handed Champion, and Bob Winger, former NCAA co-Medalist.

Texas Gets Five New Golf Champs

By UNITED PRESS
Texas had five new golf champions today.

Earl Stewart of Longview won the trophy in the 12th Annual Marshall Country Club Invitational yesterday by defeating Johnny Garrison of Tulsa, 1 up, after outshooting Lt. Col. Jamie Gough of Barksdale Field, Shreveport, 3 and 1, in the morning semifinals.

Ed Hopkins of Austin had too much driving power for James Dixon of Abilene whom he defeated, 4 and 3, in finals of the Seventh Annual Breckenridge Invitational.

Hopkins eliminated Dick Stovall of Abilene, 1-up, in the morning round at Breckenridge.

At Galveston, where the 22nd Annual Texas Public Association Tournament was held, Howard Johnson defeated Ed Kingsbury, a fellow Houstonian, 5 and 4, in the 36-hole finals.

Don Cherry outed defending champion Bill Roden, 5 and 4, in an "All-Odesa" final in the 10th Annual Odesa Country Club Invitational Tournament.

At Fort Worth, Billy Bob Coffey of Weatherford defeated Bill Turner of Denton, 6 and 5, in the 36-hole finals of the Annual River Crest Country Club Golf Tournament.

It was the Third River Crest conquest for Coffey. He won crowns in 1939 and 1940.

Pot Holders to Rescue
MEMPHIS, Tenn. (UP)—The handles to a hand plow were being blisters on A. G. Wolfe's hands until his wife gave him her pot holders for protection.

Big Spring Broncs Leading League

By UNITED PRESS
The Big Spring Broncs were sporty; five again today in the Longhorn League.

They recovered from a Saturday relapse and repaid a compliment to the San Angelo Colts by corralling them, 6 to 2, yesterday. The Colts stopped the league-leaders, 5 to 1, Saturday.

The Yanks launch their road tour at Boston Tuesday night.

The Vernon Duster, seeking to break down the Big Spring lead, shaded the Ballinger Cats, 3 to 1, in a pitcher's duel. In the free-sluggingest game of the day, the Sweetwater Swatters outscored the Roswell Rockets, 15 to 13, in 10 innings. Midland stopped Odessa 10-8 in the loop's other contest.

Leo Durocher Gets Suspension

CHICAGO, June 27 (UP)—Manager Leo Durocher of the

New York Giants was under a five-day suspension today for "bumping" an umpire and using "abusive language." National League President Ford Frick imposed the penalty yesterday following Durocher's clash with Umpire Lee Ballanfant in Saturday's game with the Chicago Cubs.

Durocher's suspension began at the same time Manager Frankie Frisch of the Cubs resumed direction of his team after a similar suspension. The Giants managed to get along without Durocher yesterday and beat the Cubs 6 to 2.

Albuquerque Trounces Lamesa

By UNITED PRESS

Albuquerque's Dukes celebrated their monopoly of the West Texas-New Mexico League's All-Star Team by edging the Lamesa Lobos, 7 to 6, last night.

The Lobos had to go 10 innings to beat the Lobos, but pushed across the winning tally in the extra frame.

The Lubbock Hubbers, four and one-half games behind the Dukes, squelched the Borger

Gassers, 9 to 6, in a free-hitting game.

Pampa and Abilene showed power at the plate in defeating the Amarillo Gold Six and the Clovis-Pioneers, respectively. Pampa smashed the Gold Six, 12 to 6, and Abilene touched three Clovis Hurriers for 14 hits to win handily, 11 to 8.

Think Nothing Of It
BECKLEY, W. Va. (UP)—In Grandview state park is a sign that says: "picking flowers or shrubs in park prohibited." But on the same post is a pointer with the single word "Overlook."

Men Selected For European Tour

FRESNO, Cal., June 27 (UP)—Lan Ferris, secretary of the National AAU, today said that 48 men had been named for a summer Track and Field Tour of Europe. Five more will be selected, three from the National Decathlon Champions, and two marathomers.

The athletes will be accompanied on the trip by four coaches, two trainers and Ferris on the six-week invasion.

Those already named for the trip included:
Sprints — Andy Stanfield, Long Branch, N. J. Shore Athletic Club; Bob Work, UCLA; Charley Peters, Indiana; Art Brown, Ric.; and Don Campbell, Colorado.

400-meter run — Hugh Malocco, New York Pioneer Club; Frank Fox, Long Branch Shore A. C. John Cox, Rice, and Dave Bolem, Colorado.

Dimaggio To Join Mates Tonight

NEW YORK, June 27 (UP)—Joe Dimaggio will make an attempt to rejoin the New York line up tonight for the first time since spring training.

The ailing slugger will participate in a home run hitting contest before the Giant-Yankee exhibition game. If his bad heel does not hurt, he will be installed in the Yank starting lineups for the game.

And if he survives that game without pain, he may return to his regular job in centerfield when

FACTS ABOUT SERIES "E" U. S. SAVINGS BONDS You Should Know

- SAFETY:** Because they're the obligations of the strongest nation in the world—Uncle Sam.
- RISKLESS:** They can always be redeemed on an upward scale of value, but never at a loss to the investor. They're non-transferable, and can only be sold back to the Government thus being removed from market fluctuations.
- LIQUID:** Any bank will convert your Bonds into cash at a moment's notice. In the meantime they accumulate interest equivalent to \$4 for every \$3 invested if held ten years. In other words, cash plus interest.
- RESERVE:** When the going gets rough they are available for your distress. And always they are a reserve for your future financial independence.
- S. & ECONOMY:** Their purchase helps stabilize the economy by removing surplus funds from the spending channels; they're an investment in your country; sales do not increase the national debt as proceeds are used to retire the less manageable debt held by banks, transferring it to individuals.
- LOSS-PROOF:** Unlike cash, these securities will be replaced if lost or destroyed.
- AVAILABILITY:** On sale at banks, post offices, building and loan associations, Federal Reserve Banks and branches, local industries maintaining payroll savings plans, Bond-A-Month bank plans, and other saving agencies.
- OWNERSHIP:** Restricted to individuals, who may purchase up to \$10,000 each year, in registered form. A co-owner, or survivor, may be designated.
- TAXABLE:** Interest subject to Federal income taxes, but exempt from taxes imposed by any State, Federal possession, or other local taxing authority. Their value not exempt from estate, inheritance, gift or other excise taxes, whether Federal or State.

The extra quality of Esso Extra motor oil is hidden inside the engine of your car. But it shows up in the three-way extra protection it gives your car.

Extra 1 Humble Esso Extra Motor Oil gives extra lubrication quality—it covers and stays on metal parts.

Extra 2 Humble Esso Extra Motor Oil gives extra cooling—hot engine parts are quickly bathed with cooling Esso Extra Motor Oil.

Extra 3 Humble Esso Extra Motor Oil keeps engines extra clean—its detergent action picks up, breaks up and disperses soot, sludge, varnish and dirt.

This extra performance is something extra for your money, for Humble Esso Extra costs no more than other premium motor oils. Stop at the Humble station in your neighborhood—today—and have dirty, dangerous motor oil drained from your car—then refill with new Humble Esso Extra. Your Humble station salesman can do this while you wait.

HUMBLE OIL & REFINING COMPANY

Here's How New Humble Esso Extra Motor Oil Protects Your Car

CLEANS!

You probably use a good detergent soap in your kitchen. New Esso Extra Motor Oil contains a detergent specially designed to be added to motor oil to keep engines clean. As a good detergent soap will not injure hands and dishes, the mild detergent in Esso Extra Motor Oil is safe for use in the finest, tightest automobile engines made.

NO RING!

You know how a good soft water carries dirt down the drain pipe—leaves no ring in the tub. Just like that, new Esso Extra Motor Oil breaks up dirt, soot, sludge and varnish and holds it in suspension in particles so tiny—as small as 3871,000,000 of an inch—that they can't injure the tightest bearing. When you drain the oil, you also drain the harmful substances which Esso Extra cleans out of your engine.

**GOOD FOR YOU—
BAD FOR MOTOR OIL**

You need oxygen, but oxidized motor oil forms harmful sludge in the engine of your car. New Esso Extra Motor Oil contains a special anti-oxidizing agent that fights the formation of dangerous sludge.

**HOT OR COLD—
ALWAYS THE SAME**

In cold weather, you want a motor oil thin enough to flow instantly to moving engine parts. In hot weather, you want an oil that stays full bodied and tough. Scientists rate the ability of an oil to stay the same, hot or cold, by its viscosity index, and, generally, the higher the viscosity index, the better the oil. New Esso Extra Motor Oil has the highest viscosity index of any motor oil in Texas—or out!

OVER A MILLION MILES

New Esso Extra Motor Oil has been road tested in cars like yours for over a million miles of driving. In every test, whether the car was driven slow in city traffic or pushed on the highway, new Esso Extra Motor Oil proved to the engineers who made the tests that it gives extra motor oil performance.

INSECTICIDES

Chlordane sprays and powders for the following insects: grasshoppers, cut worms, melon worms, chinch bugs, squash bugs, potato beetles, red ants and cut ants.

DDT in liquid or powder for quick control of mosquitoes and flies.

Conspiracy Trial in 100th Day

NEW YORK, June 27, (UP)—The Communist conspiracy trial went into its 100th day today with Gilbert Green, second of the defendants to take the witness stand, slated to continue his testimony.

A physician appointed by the court is expected to determine this week whether William Z. Foster, acting national chairman of the party, is physically able to give a deposition.

Foster, who was indicted along with his 11 subordinates, was granted a trial severance last winter because of a heart ailment. He is reportedly anxious to present the deposition if his physician will permit since the defense contends his testimony is essential to a fair trial.

Prospects For New Field Good

FORT WORTH, Tex. June 27 (UP)—Prospects of a new ball park loomed today for the Fort Worth Cats, who have been playing in fire-damaged La Grave Field since a blaze destroyed the main grandstand there several weeks ago.

Officials of the Brooklyn Dodgers, who own the Cats, have been looking over several prospective sites, including one in the 5400 block of East Lancaster in the East part of town. (The present field is in the north part of the city.)

However, plans have not progressed as far as actual negotiations, Cat president John L. Reeves said also that the Dodgers have considered the idea of trying to locate near Farrington Field, the City High School Stadium near Will Rogers Coliseum.

Federal Judge James C. Wilson said Dodger officials have discussed with him the possibility of paying \$50,000 for a 43-acre site he owns in the Meadowbrook Area.

Two Deaths Laid To The Weather

By United Press
Most of Texas received light showers during the week-end except at San Antonio where a driving rainstorm flooded streets and underpasses.

At least two deaths were attributed to the weather—One by lightning and one by drowning. Both occurred Saturday. Sally Scally, 15, of Denison, was drowned in Lake Texoma when a small boat in which she was riding overturned during a squall. Earl W. McFall, Dallas oil executive, was killed by lightning while on a San Antonio golf course.

Heaviest rain for the 24-hour period ending at 6:30 A. M. today was .76 inch at Beaumont; Houston had .75; Waco .75; Brown 42; Temple .19, San Marcos .13 and lesser amounts at numerous other points.

The high yesterday was 104 degrees at Presidio and the low this morning 66 at Dalhart. The Weather Bureau forecast little change in temperatures during the next 24 hours.

SOUNDS IN THE NIGHT—Model Serena Sande is supposed to be registering fright as she is awakened by sounds of a burglar in the house. But it's the burglar who's going to be frightened if claims of a Newark, N. J., manufacturer are proved. The little gadget Serena holds is a burglar alarm. She flips a switch and a siren howls like a banshee on a bender. Alarm is small enough to be carried in pocket or purse.
