

# RANGER DAILY TIMES

Ranger's annual homecoming dates are July 20-23. Gala events planned for former residents. Make your plans now to attend.

Hi, Partner—It's about rodeo time again. And we'll be looking for you on July 20-23 at the 4th annual Jaycee Rodeo in Ranger.

31st YEAR

RANGER, TEXAS, TUESDAY, JULY 26, 1949

PRICE FIVE CENTS

No. 47

## Says Radiation Not Greatest Danger Of Bomb

CHICAGO, July 26 (UP)—Radiation from atomic bombs perhaps is the most over-evaluated hazard of war, an atomic energy commission physicist said today.

Col. James P. Cooney, who has seen five atom bombs exploded, said that Americans should be more concerned about techniques of fighting fires started by atomic bombs, rather than radiation.

"Casualties by the blast and burns from this weapon will be many times greater than deaths caused by radiation," Cooney said in an article in the July issue of "Radiology."

The intense fear of radiation directed "against forces which cannot be seen, felt or otherwise sensed" grew out of the great care taken in "Operation Crossroads," he said.

"If we are to live with this piece of ordnance and even have to use it again," Cooney said, "we must dispel the erroneous idea that renege work will be impossible due to residual radiation."

Cooney claimed the main purpose of the atom bomb is its blast and the resulting secondary fires, "yet many believe it is primarily a weapon which destroys by mysterious radioactivity."

"Immediately after a detonation such as occurred at Hiroshima or Nagasaki, it is perfectly safe to enter into the bombed area and rescue the thousands whose injuries will be such that they will not be able to walk."

In the event of a war, Cooney said, fear of radiation brought on by ignorance may hamper military missions and cause thousands of persons to burn to death for lack of rescue.

## Russia's Preparation For War To Be Revealed

### California Clues In Thornton Death Checked

AMARILLO, July 26 (UP)—Assistant District Attorney Branch Archer, Jr., said today that FBI Agents in California are checking four possible leads in the Tex Thornton murder mystery.

The search for the man and woman believed to be the slayers has simmered down now to a matter, largely, of watchful waiting. Authorities have run down literally dozens of potential leads in the June 22 murder and all of them have come to naught.

Amarillo authorities sent a form letter to California laundries, resubscribing in detail the laundry mark in a pair of man's slacks left in the tourist cabin where Thornton's body was found. Four replies offered possible help, Archer said, and they were turned over to FBI for checking.

In all, Archer said, about 35 long distance calls and 30 letters of reply have been received from the 7,500 circulars sent to California.

There was no assurance that the trousers left behind in the tourist court here a California laundry mark, but Sheriff Paul Gaither of Potter County had a "hunch" that they did. The trousers apparently belonged to the man who arrived at the motel with a woman companion and Thornton, in the latter's automobile.

The couple left two hours later, in Thornton's car, and the body of the 57-year-old famous oilfield troubleshooter was found in the cabin next morning.

### County Dairy Ass'n Chartered

The Eastland County Dairy Association is chartered under the laws of the State of Texas as this was one of the requirements of getting-up an artificial breeding program, according to A. Z. Myrick, Cisco, President of the organization.

Cows within a radius of 30 miles from Carbon can be artificially bred to high type bulls by calling Harry Crow, Carbon, breeding technician for the Association Myrick said.

Contract blanks can be secured from either Myrick, Crow, L. R. Higginbottom at Kokomo or at the County Agent office in Eastland.

The dairy association cooperates with the North Texas Artificial Breeding Farms at Dallas to make this service available to anyone in the 30 mile radius of Carbon with one or more milk cows. This distance would take up all of the county.

The total cost for the cow to be bred artificially is \$6.00, Myrick said. When the contract is signed the owner puts up \$1.00 per cow. When the cow is bred an additional \$5.00 is paid. If the cow does not conceive with the first service then two additional free services are given.

It is not absolutely necessary to have the contract prior to service as Crow can fix up the contract when he calls at the farm to perform the needed service.

Cows can be bred to either Jersey, Guernsey or Holstein bulls. Should the cow be registered the calf may be registered if it was said. However, it is not necessary for the cow to be bred to secure the service.

### Truman And Connally Examine Pact

President Truman and Senator Tom Connally examine the President's signature on the article of Ratification of the North Atlantic Pact. The President signed the measure Monday in a White House ceremony witnessed by cabinet and congressional leaders. (NEA Telephoto.)

## ADMINISTRATION DUE TO GIVE PLANS TO CONGRESS

### Collections From Meters Being Checked

The first check was being made today on collections in the parking meters in Ranger and literally buckets of money were carried to the city hall where the money was being checked today.

Pennies are proving the most popular for the meters and the collection this morning netted a two gallon water bucket about three-quarters full of pennies, and another two gallon bucket was a-bust half full of nickels.

Lester Crossley, city secretary, also reported today that to date the city has collected \$483.50 for parking zone fees and about \$75 in fines for violations of the parking meter ordinance.

The parking meters were put into operation last Tuesday and the collection made today is the first that has been made since their installation.

### Proceedings In Civil Appeals

The following proceedings were had in the Court of Civil Appeals, Eleventh Supreme Judicial District:

**Affirmed:**  
(Judge Collings) Ben M. David et al, vs. C. F. Carter, et al. De Witt.  
Reversed and Remanded: (Judge Long) E. C. Vail vs. Rosa Eugenie Reese, et vir, Nucleon.  
Reversed and Remanded: (Per Curiam) Jack B. Robert, et al, vs. A. G. Swanson, et al. Stenewall.  
Dismissed:  
(Per Curiam) J. E. Maddox, et al, vs. Commissioners Court of Palo Pinto County, et al. Palo Pinto.  
**Motions Submitted:**  
City of Coleman vs. Geo. D. Rhone, Co., et al, appellee's motion for rehearing.  
Yarbrough's, Inc., et al, vs. Bernice McNabb, appellant's motion for rehearing.  
Roy N. Hickman, et al, vs. Mrs. Hazel Hickman, appellee's motion to dismiss.  
National Life & Accident Ins. Co., vs. Jack Collins, et al, agreed motion for filing briefs.  
Motions Granted:  
National Life & Accident Ins. Co., vs. Jack Collins, et al, agreed motion for filing briefs.  
Mary A. Curd vs. American United Life Ins. Co. appellant's motion for extension of time to file statement of facts.  
J. E. Maddox, et al, vs. Commissioner's Court of Palo Pinto County, et al, appellee's motion to dismiss.  
Motions Overruled:  
City of Coleman vs. Geo. D. Rhone Co., et al, appellee's motion for rehearing.  
Yarbrough's Inc., et al, vs. Bernice McNabb, appellant's motion for rehearing.

**Family Nite At Church Wednesday**

The Mens Fellowship Club of the First Methodist Church will hold a family get-together at the church Wednesday night at 7:30 o'clock.

All members of the church and their families are urged to attend.

## REPORTS CLAIM REDS TAKE CHUCHOW, CHINA

CANTON, China, July 26 (UP)—Front reports said today that Chinese communists armies fighting down the rail line toward Canton have captured Chuchow and have battled their way into the outskirts of Changsha.

Chuchow, a major nationalist rail station, is 35 miles south of Changsha. Its capture cut off last ditch nationalist forces in Changsha from retreat southward toward Canton and safety.

An American business firm report from Changsha to Canton said that Chuchow fell Monday when 10,000 communist troops under Gen. Lin Piao attacked the city from the rear after circling in from the east.

Changsha itself is under heavy attack with the fighting now centering around Changsha Airfield, this report said. It added that a steady chorus of machinegun and rifle could be heard in the city, along with the occasional boom of artillery.

Changsha's streets are barricaded and the besieged city is under strict martial law, this report said. The nationalist rear-guard appeared determined to put up stiff resistance but it was doubtful if they could stand off the communist attack for long.

Other communist forces are moving up toward the suburbs of Hengyang, 65 miles south of Chuchow and about 250 miles north of Canton, the Changsha report said.

## Theta Sigma Phi Sees Style Show

DALLAS, July 26 (UP)—Delegates to the national convention of Theta Sigma Phi, women's journalism fraternity, turned today to a subject near their hearts, "Fashion Is News."

The skirt-wearing "news-papers" turned out to make for a "Fashion is News" luncheon. Stanley Marcus served as emcee and introduced an accompanying style show staged by Neiman-Marcus.

Yesterday, the opening day of the three-day convention, the delegates heard E. B. Anderson of Vernon tell of Texas' "Oil Economy."

Anderson, president of the Texas Mid-Continent Gas and Oil Association, stated:

"The number one threat to Texas' ability to share in a free competitive fuel market lies in the attempt by our coal competitors and their allies to cut and the federal government to throttle the supply of Texas petroleum."

Anderson said continued growth of the southwest can be assured only if petroleum products can continue to be sold in a free competitive market.

Tomorrow's sessions will be devoted to the theme, "Agriculture Is News."

## Madison, Russell To Be Married

HOLLYWOOD, July 26, (UP)—Actor Guy Madison, 27, and actress Gail Russell, 24 will be married "probably within 10 days," they said today.

The pair took out a marriage license yesterday and told newsmen the ceremony would be private.

Both Miss Russell and Madison, who gave his real name as Robert Orzell Moseley, said this will be their first marriage.

## Lightning Kills Farm Woman

BROWNFIELD, July 6, (UP)—Mrs. Leafy Gibbs, 33-year-old farm wife living 22 miles west of here was killed around 7 P. M. yesterday when struck by lightning as she walked through a pasture in search of a calf. A light shower was falling at the time.

## SUIT CONTESTING BEER ELECTION IN PALO PINTO COUNTY DISMISSED

A suit by J. E. Maddox and others against the Commissioners Court of Palo Pinto County contesting a local beer option election, has been dismissed by the Court of Civil Appeals, Eleventh Supreme Judicial District, of Eastland.

In the District Court trial, plaintiffs based their pleadings on the allegation that a similar election was held in Palo Pinto County on Nov. 2, 1948, with the option carrying in favor of prohibiting the sale of beer. It was claimed that the March 12, 1949, election in which the county voted to legalize beer sales, constituted two elections within the period of one year on the same matter in violation of State statutes.

The defense claimed the two elections were not the same.

Other plaintiffs in the suit—Maddox seeking an injunction against the sale of beer in Palo Pinto County were: H. C. Vandave, F. E. Houx, Ernest M. Smith, W. L. Pearson, Claud Harris and Homer Hall. Plaintiff's counsel was Sam M. Russell of Stephenville.

Defendants were the Commissioners Court, including the Attorney, R. A. Moran; and County Clerk R. M. Hall. Defense attorney was J. R. Creighton of Mineral Wells.

## Funeral For Eli H. Adams Held

Funeral services for Eli H. Adams of Route 3, Ranger were conducted Tuesday afternoon at 3 o'clock at Killingsworth's chapel with the Rev. Jessie Collings of Eastland officiating. A graveside service was held at the Veale cemetery where the body was interred.

Mr. Adams died at his home Sunday, July 24. He was born at Tifton, Ga. on March 23, 1870, and had resided at the Route 3 address for 61 years. He was a member of the Primitive Baptist Church at Harpersville in Stephens county and was a retired farmer. He was married in Stephens county in December 1902, to Novella Smith who survives him.

Survivors are Mr. Adams' five sons, A. M. Adams, C. H. Adams, J. E. Adams, T. F. Adams and J. V. Adams all of Abilene; three daughters, Mrs. Herman Scoggins, of Bivins, Mrs. R. E. Glenn of Lawton, Oklahoma, and T. J. Veale of Pampa; one brother, T. L. Adams of Stratford; one sister, Mrs. D. J. Veale of Route 3, nine grandchildren and one great grandchild.

The five sons and grandson, Robert H. Scoggins of Breckenridge were pallbearers.

## Seek To Form Reserve Unit

An attempt is being made to secure enough enlistments to form two more U. S. Army Reserve units in Eastland county with headquarters in Eastland.

Harry J. Walter, major in the Quartermaster Reserve, was in contact for further information.

Lt. Floyd E. Potter Jr., of the Waco Reserve Officer Headquarters, was in Eastland recently relative to the matter and queried reserve officers and enlisted men as to their willingness to be assigned to a headquarters and Headquarters Detachment, Replacement Battalion and the formation of and additional Replacement Company.

The personnel called for such a unit is a lieutenant colonel, commanding with a major for executive officer, two captains, two lieutenants, two medical officers of the company grade attached. There are 21 enlisted men for the full strength unit.

Anyone interested in the unit should contact Walter at Eastland.

## Stamps Quartet To Be Presented Here Tuesday

It was announced today that members of the Auxiliary of the Ralph L. McKinley Post of the Veterans of Foreign Wars will present the all-star program here Tuesday night.

The program will be given at 8 o'clock at the High School auditorium and proceeds will be used for the work of the Auxiliary. Tickets will be 50 cents for adults and 25 cents for children and advance sale of tickets will be made by members of the Auxiliary.

The public is invited to attend.

## Amateurs To Perform At Story Hour Wednesday

An amateur hour will be conducted Wednesday morning at 9 o'clock at the weekly story hour at the Community Clubhouse with Billy Jean Crawley and Jo Oyler directing.

## St Paul's Church To Have Barbecue

Members of the Mission Society of St. Paul's Baptist Church, color guard, will have a chicken barbecue Friday afternoon at 5 o'clock at the church annex.

The barbecue is a benefit for church funds and the public is invited to attend.

## AT LEAST 20 KILLED AS TYPHOON HITS SHANGHAI

SHANGHAI, China July 26, (UP)—Twenty persons were killed, 70 injured and 200,000 made homeless today when the Typhoon Gloria hit Communist-held Shanghai after smashing two big American air bases on Okinawa.

Marked by 60-mile an hour winds and torrential rains, the typhoon howled northward into the Yellow Sea and last was reported heading for the big port of Tsingtao on the Shantung peninsula.

While Gloria swung northward, another typhoon named Hester raged out of the Pacific, lashed two Jima with winds of 70 miles an hour and headed for the Japanese home islands.

American Air Force weather stations alerted Tokyo and the southern Japanese islands to meet the storm. It was expected to be 450 miles due south of Kobe at 9 A. M. tomorrow. Experts said it may or may not increase in intensity on its northward journey.

Shanghai was flooded with water from one to six feet deep in the wake of the storm. Water stood knee deep in the main downtown streets and the city was paralyzed for 24 hours.

The first part of the storm hit western Shanghai Sunday night, cutting a 10 mile swath of destruction. Winds and rain ripped down houses, trees and billboards.

The Communist radio said one third of the slum district in western and northern Shanghai was destroyed. More than 200,000 residents, made homeless when their rickety shanties collapsed, swarmed into downtown Shanghai seeking shelter and food.

Press dispatches said at least 20 persons were killed and 70 injured. Many of the casualties were caused by fallen wires. One ship in the Whangpoo lost its funnel and main mast in the gale.

## Two Wildcats Slated For Area

Two wildcats which will test the Ellenburger unless production is struck at a lesser depth will be drilled in this territory. It is announced by Pete Robinson, veteran driller, who has been in Ranger for the homecoming and rodeo.

Associated in the enterprise, Robinson said, are several Easterners, including A. E. Riley, who has been prominent in mining, agriculture and other enterprises.

Robinson, whose home is Colorado, has assembled two blocks—one in southern Stephens County, the other in Shackelford County. Announcement of the locations of the wildcats is to be made soon.

He has been a driller for 40 years and has worked in Oklahoma, Kansas, Illinois, Wyoming, California, New Mexico and Texas as oil fields. He was in Ranger during the days of the big boom.

## Wrong Horse Pays Big Profit

DETROIT, July 26 (UP)—William Cribard made the best mistake of his life when he bet on the wrong horse at the Detroit fairgrounds.

He was one of 12 ticket holders yesterday in the largest daily double payoff here in five years. The happy dozen got \$1,702.40 for \$2.00.

The winning combination was Mojo and Winstorm. Gibard thought he was betting on Mojo, a horse that raced at the fairgrounds last summer.

He didn't complain.

## Only 67 Votes Cast By 11 A. M.

Only 67 votes had been cast at 11 o'clock this morning in the election being held to determine the school tax rate in Ranger.

The school district is seeking a rate of \$1.50 in order to meet the requirements of the new educational setup in Texas. Authorities directing the new foundation under the Gilmer-Alkin bill have estimated that Ranger will have to have the \$1.50 rate in order to raise the \$25,000 that has to be paid into the foundation fund and to meet other requirements under the new program.

Election returns will be announced after the polls close to night.

## Water District Board To Meet

A meeting of the seven directors of the Eastland County Water Supply District will be held tonight at 8 o'clock at the Chamber of Commerce.

A chairman and other necessary officers for the board will be named and other matters relative to organization and the work of the directors will be discussed.

**For Good Used Cars (Trade-in on the New Olds) Osborne Motor Company, Eastland**

By Edward V. Roberts

United Press Staff Correspondent WASHINGTON, July 26 (UP)—The administration is preparing to lay before Congress secret intelligence reports which indicate that Russia is arming for war, it was learned today.

Informed sources said American and allied agents have cracked the curtain of secrecy surrounding Soviet military preparations. Their reports, it was said, will be used to back up President Truman's request for a \$1,450,000,000 (45) arms aid program for free nations.

Latest figures available here indicate that Russia and her satellites have 6,000,000 (M) men under arms. U. S. officials said Russia alone has 170 combat divisions, and her satellites 90 more. Last year, it was estimated that Russia's ground strength could be raised to 200 divisions within 60 days.

Aviation experts estimate that Russia has between 12,000 and 15,000 operative war planes.

A recent foreign analysis of Soviet air strength said Russian production of a copy of the American B-29 bomber has reached 75 to 100 per month. American authorities believe this figure too high.

However, the U. S. specialists are inclined to go along with the foreign report's estimate that Russia can put more than 1,000 jet fighters in the air at once. In fact, they said this estimate probably is low.

The foreign report said Russia has between 750 and 1,000 four-engine bomber and probably could put 600 in the air for an initial assault. This estimate, however, was greeted with a measure of skepticism here.

One aviation authority said that in the overall picture, Russia probably has an equally operative war planes as the U. S., but that the American planes are of better quality.

There is little doubt, however, of Russia's overwhelming superiority in numerical ground power. Intelligence estimates on her ground equipment, notably tanks and artillery, are closely guarded secrets which may be given only to a limited number of congressmen during hearings on the arms aid bill.

Although Russia's surface navy is in no way comparable with that of the United States, she has a powerful submarine fleet—bigger and better than that with which Hitler entered World War II, according to the experts. The strength of the Red U-boat fleet is estimated at up to 300.

## Escapee Faces Prison Term

LAMESA, July 26 (UP)—One of three men who recently escaped twice from the Dawson County Jail today faced a five-year penitentiary term.

A district court jury deliberated an hour last night before finding Lewis Eugene Ables, 27, guilty of participating in the armed robbery of a service station here.

Counsel for Earl Sidney Abbott, 21, and Roy Gene Brown, 23, also charged in the same robbery and who had twice escaped jail, said they probably would enter their pleas today. All three are from Ada, Okla. They have been held in the Lubbock jail since their second recent break here.

## The Weather

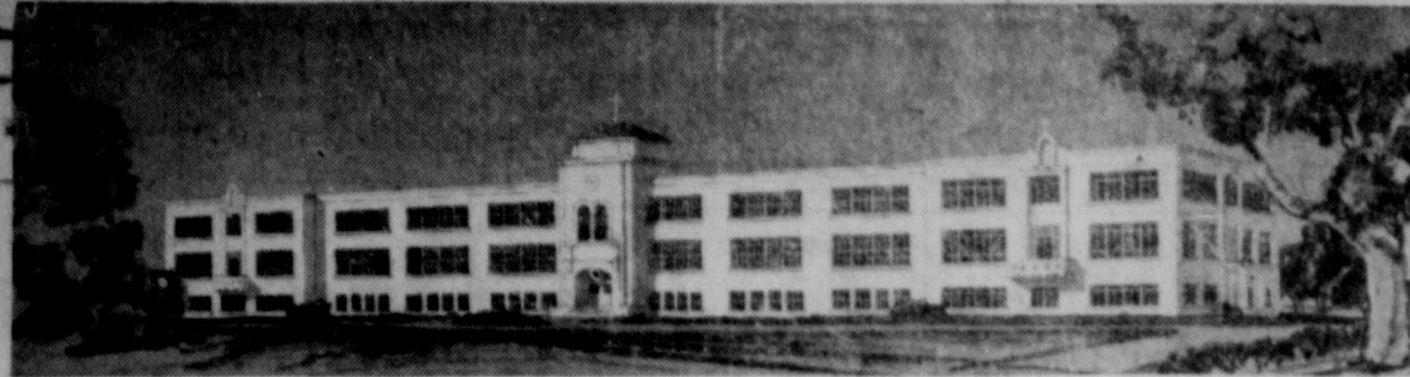

By United Press EAST TEXAS—Considerable cloudiness with scattered thunder-showers tonight and Wednesday. Partly cloudy tonight. Not much change in temperatures. Moderate to locally fresh southeast winds on the coast.

Make A Date With The "36" Osborne's "New Tenth" Osborne Motor Co., Eastland

The Sisters of the Order of the Sacred Heart announce the opening of their new school for boys in San Antonio. The spacious new quarters, comprising a renovation and additional structures in connection with the original buildings, are located on Blanco Road on the slopes of the picturesque foothill country of our State.

Mother Rose, superintendent of the school, which educates boys from the first through the eighth grades, says the new building will make it possible to treble the original scholastic enrollment, increasing it to one hundred boarding students and two hundred day scholars. The superintendent also emphasizes the fact that Mount Sacred Heart School for Boys will be second to none in the State as far as athletics are concerned. Negotiations are now under way with the University of Notre Dame for em-

ployment of a trained physical and athletic director.

The Sisters of the Order of the Sacred Heart, who have dedicated their order to education throughout the world, will formally dedicate the school for boys in mid-September, with foremost church dignitaries and laymen from the Southwest in attendance. The dedication ceremonies will be held shortly after the beginning of the fall semester, awaiting the arrival of the famous Carrara marble altar now being constructed in Italy.

Meanwhile, the Sisters make it plain that the school will be dedicated to the education of boys by installing small size fixtures throughout. Mother Rose sums it up in this manner, "We want to remind the students that the school is for them."

The barometer of Texas pride is on the rise this summer. For the first time, out-of-staters who come thousands of miles to ogle the wonders of this "great, wide, wonderful" state can be accommodated in vacation luxury and beauty surpassing that which Texans, themselves, usually go to far away Waikiki to enjoy.

This added Texas "first" is the Shamrock in Houston. It boasts of 1100 individually air-conditioned rooms, private swimming pool, night club offering Hildegarde-level entertainment, French cuisine, tropical setting and convenient golf and tennis facilities.

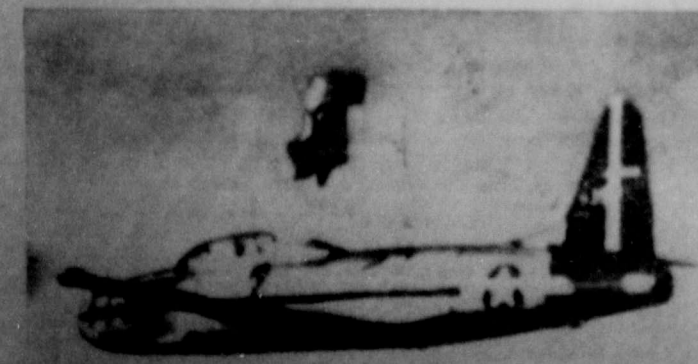

The advent of this complete-vacation hotel portends more Texans' vacations will be spent in Texas and a greater influx of vacationers from all over the world. Evidence of the latter trend occurred on a recent broadcast from the Shamrock, when guests from Ireland, Quebec, Venezuela, Hawaii and New England States were introduced.

The location of this mad-made resort mecca is considered doubly ideal by vacationers because of its proximity to the Gulf of Mexico, where boating, crabbing and fishing are the favorite sports.

### Journey For Shirley

Shirley May France, 16-year old school girl from Somerset, Mass., hugs her father and mother before sailing for Europe, where she will try to swim the English Channel. If she makes it, she will be the youngest person to have succeeded. Her dad, J. Walter France, former distance swimmer, is accompanying her on the trip. (NEA Telephoto.)

**INTO THE WILD BLUE**—Still strapped in his seat, Capt. Vincent Masza is shot from an Air Force plane going 855 miles per hour during successful test of emergency pilot-ejection chair over San Pablo Bay, near San Francisco. He parachuted safely. Another pilot in the two-place plane brought it back to its base.

### Finds Lost Relatives

For twenty-eight years, Al Mann, a Amarillo, Texas radio newscaster, thought he had no relatives. Earlier attempts to locate his next of kin were nullified by a misspelled name. Here, Mann, center, is greeted at the Washington, D. C. airport by his half brother, Staff Sgt. Andrew H. Beavers, Alexandria, Va., and his half sister, Mrs. Dorothy B. Matz, Arlington, Va. A birth record gave Mann his clue by which he finally found them. (NEA Telephoto.)

### DESPONDENT MAN DIVES PLANE INTO CEMETERY

STOCKTON, Calif., July 26 (UP)—A 23-year-old youth last night "power-dived" his small private plane into the graveyard where his wife was buried four months ago after first terrorizing residents here with repeated buzzing.

The youth, Russell (Bud) Higby, Jr., son of a prominent Stockton and Bakersfield produce merchant, was described by his parents as "despondent" over the death of his wife, Beverly, during the birth of their second

child. Witnesses said the light plane leveled off at about 2,000 feet over the Stockton rural cemetery, and then "noosed-over into a 70-degree power dive."

The "craft" simply disintegrated on impact, sheriff's deputies said, with parts scattered over a 1,500-foot area. It did not burn. The torn and mangled body of young Higby was thrown nearly 85-feet from the wreckage.

### Mother Charges Father In Kidnapping of Son

Mrs. Edythe Horowitz went before the grand jury in Brooklyn, N. Y., seeking an indictment of her husband, Irving, whom she charged with kidnapping their 3 1/2-year old son, Steven. Mrs. Horowitz believes her husband is enroute to Palestine with the boy. (NEA Telephoto.)

Sheriff Carlos Souza said Higby took off from Orange Trenches Airport, five miles north of Stockton, at about five P. M. Almost immediately, police and sheriff's deputies were flooded with calls from terrorized residents. Deputies were sent to the airport to arrest Higby when he landed.

Higby repeatedly power-dived his cessna monoplane over the northeast section of the city, and then swooped down over main streets at "hair raising" low levels.

"For awhile, we thought we might have to shoot him down," Sheriff Souza said. "Some of his dives came as low as 40-feet."

### Ft. Worth Livestock

FORT WORTH, July 26 (UP)—USDA — Livestock: Cattle 4,000; bulls around 50 lower, other classes fairly active, fully steady, spots stronger. Medium and low good slaughter steers on yearlings 17.00-23.00, cutter and common 13.00-16.50. Common and medium cows 14.00-16.00, few good loads 15.50-17.25, canners and cutters 10.00-14.00. Medium and good sausage bulls 17.00-18.50, cutters and common lightweights 13.00-16.50. Medium and good stocker yearlings 17.00-20.50, common 15.00-16.50.

Cows 1300; fairly active, steady to strong. Good and choice slaughter calves mostly 21.00-23.50, few choice up to 25.00. Common and medium 14.50-19.50, culls 14.50 down. Medium and good stocker steer calves 17.00-23.00.

Hogs 600; butcher hogs and sows 25-50 higher than Monday's average, feeder pigs steady. Top

# LUCKIES PAY MORE to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! It's a finer, milder, more enjoyable cigarette!

JOHN H. TYNDALL of Kinston, N. C., independent tobacco buyer, says: "Year after year, I've seen the makers of Luckies buy really fine tobacco that makes a swell smoke. I've smoked Luckies for 18 years." Here's more evidence that Luckies are a finer cigarette!

**L.S./M.F.T. — Lucky Strike Means Fine Tobacco**

**TEXAS News Briefs**  
By United Press

**AUSTIN, July 26 (UP)**—The State Board of Insurance Commissioners has taken under advisement a proposed reduction in insurance rates, including those for fire insurance of homes.

Ralph Soape, Dallas insurance consultant, urged the cut in fire, windstorm and extended coverage on dwelling rates, in addition to 32 changes in insurance regulations.

Soape told the commission his figures showed owners of Texas homes were paying premiums in excess of the amount necessary to cover the risk involved.

**AUSTIN, July 26 (UP)**—Rep. Philip L. Willis, sponsor of a proposal in the 51st Legislature to remove the \$25,000,000 ceiling on old age assistance and other welfare grants, said today the old folks' only hope was in adoption of a proposed constitutional amendment calling for annual legislative sessions.

Willis said he would introduce his plan again next January if the annual session amendment is approved. It failed during the past session.

**AUSTIN, July 26 (UP)**—Gov. Allan Shivers has accepted the general chairmanship of Texas' campaign to reactivate the USO. The chairmanship previously had been held by the late Gov. Beauford Jester.

**AUSTIN, July 26 (UP)**—The newly-appointed Youth Development Council will hold an organizational meeting today in the governor's reception room. The council, created by the 51st Legislature as a new approach to the problem of juvenile delinquency, was named last week by Gov. Allan Shivers.

**WICHITA FALLS, July 26 (UP)**—Efforts to select a jury in the murder trial of David Beck, 40, will continue today, with four talesmen already chosen.

Beck is charged in the death of Thomas H. Gibbons, 47, of Sulphur Springs, who died shortly after he was admitted as a patient at the State Hospital last March.

Another attendant, T. C. Snicker, 39, already has been sentenced to die in the electric chair for the murder of Gibbons.

**COLLEGE STATION, July 26 (UP)**—Allan B. Kline, president of the American Farm Bureau Federation, will address the first annual Texas Farm Bureau Institute at its closing session Friday night.

The institute opened here yesterday under sponsorship of the Texas Farm Bureau Federation and Texas A. & M. College. Some 250 delegates from 100 Texas counties were attending.

**GALVESTON, July 26 (UP)**—Morris W. Jamison, 36, well-known Houston attorney, died at a hospital here yesterday after a lengthy illness.

Jamison established his private practice in Houston in 1937, after graduating from Baylor University.

Funeral plans are incomplete.

**HOUSTON, July 26 (UP)**—Juan Galaviz, 33 became the city's 26th traffic fatality of the year today.

Galaviz died in a hospital yesterday from head injuries received Sunday in a collision. He did not regain consciousness.

His death ended a string of deathless days that had mounted to 25.

**COURTHOUSE NEWS AND RECORDS**

**Suits Filed, Court Judgments Real Estate Transfers, Marriages Orders, Etc.**

The following instruments were filed for record in the County Clerk's office last week:

Robert L. Ables to Mrs. J. H. Welch, warranty deed.

**NO POBATE**  
**NO CIVIL**  
**MARRIAGE LICENSES**

The following couples were licensed to wed last week:

R. E. Duvall to Mrs. Mignon Peninger, Ranger.

Marcus B. Turner to Mary Jo Clark, Strawn.

Jodie Thomas Robinson to Mrs. Oma Lee Boyett, Eastland.

Vollie J. Cox to Mae Lee McDonald, Cisco.

John Luther Waggoner to Mrs. Dora L. Smith, Wichita Falls.

Dode Hankins to Marie Woodard, Cisco.

**SUITS FILED**

The following suits were filed for record in the 91st District Court last week:

Willie Swartz v. Donald Swartz, divorce and custody of children.

Ex Parte: Homer Courtney Callaway, removal of disabilities as a minor.

Louise Holder v. B. J. Holder, divorce.

Hazel T. Jankowiak v. Louis Joseph Jankowiak, divorce.

Wanda Frances Hodder-ton v. Charles H. Hodder-ton, divorce.

**ORDERS AND JUDGMENTS**

The following orders and judgments were rendered from the 91st District Court last week:

Ellouise Crossen Goldstein v. Mark Goldstein, judgment.

Mary Fuller Capers v. Aubrey C. Capers, judgment.

Isa Madara v. J. F. Madara, order appointing attorney.

Isa Madara v. J. F. Madara, judgment.

**Pair Charged In Whim Robbery**

**NEW YORK, July 26 (UP)**—A seaman and a salesman were charged today with the \$368,500 "whim" robbery of a Fifth Avenue jewelry store.

The pair, John Broderick, 39, of Boston, who identified him as a "college man" salesman, and Joseph Quinn, 36, a seaman, of Seattle, Wash., were captured with their loot within five minutes after the robbery yesterday.

Broderick told police he and Quinn happened to be passing the Brand-Chatillon store and decided it looked like a "soft touch" since they were broke.

They entered, holding 13 employees at gunpoint, while they broke into the firm's diamond room and grabbed a diamond tiara and three necklaces valued at \$368,500.

When the pair ran outside, a shoe clerk, William Van Zandt, 26, who noticed the disturbance, tackled Quinn and held him until a nearby patrolman took him into custody.

Broderick was captured by another patrolman who fired one shot before the robber surrendered.

"We didn't see a single cop when we went into the store," Quinn said, "but when we came out that was all we could see."

**You Can't Win**

**PAWTUCKET, R. I. (UP)**—Vincent F. Shea won \$100 betting on the horse races at Narragansett Park but also lost his shirt. Shea was hitchhiking home with his winnings when two men in an automobile picked him up, knocked him out and left him beside the road at Seekonk, Mass., stripped of his shirt, shoes and \$100.

**Just Free Lunch**

**WINDSOR, Ont. (UP)**—Windsor police are looking for a man who, after drinking beer smashed the glass and ate it. One bartender got so excited after watching the man swallow the glass that he forgot to charge him for it.

**Dim Your Lights And Save A Life**

**Booked**

Tony Brancato, ex-convict and small-time hoodlum from Kansas City, smiles and smokes a cigarette as he is questioned in Los Angeles in the shooting of mob leader Mickey Cohen. Brancato was booked on suspicion of attempted murder.

Quinn said, "but when we came out that was all we could see."

**On your vacation trip... stop for an afternoon at Baytown**

If your vacation leads you down our way, you'll find a visit to Humble's Baytown refinery a highlight of your trip. It is one of the great oil refineries in the world, processing about 200,000 barrels of crude oil daily into such diverse products as gasoline and asphalt, motor oils and insecticides.

Tours of the refinery start at 2:00 p.m. every day. First, you find out what you're going to see; then you're taken on a comfortable bus tour of the plant with a guide to tell you what goes on. The children are welcome.

A visit to Baytown will give you a glimpse of the results of scientific research by the oil industry; for unless you see a modern refinery, you'd never suspect that it can break up crude oil molecules and reconstruct them into other molecules of wider service to you in your daily life . . . A visit to Baytown will show you how the petroleum industry supplies many of the necessities of modern living, and how energetically the industry works to supply them. For throughout the United States, oil refineries like Baytown work night and day to supply you with petroleum products of continuously improved quality and continuously increased diversity.

**HUMBLE OIL & REFINING CO.**

More than six thousand men and women work in shifts 24 hours a day at Baytown to help supply your needs for petroleum products.

If you can't visit Baytown in person, ask for a copy of this book; address your request to

Plants Manager, Baytown Refinery  
Humble Oil & Refining Company  
Baytown, Texas

Baytown refinery makes: **MOTOR GASOLINE • AVIATION GASOLINE • MOTOR OIL • HEATING OILS • DIESEL FUELS LUBRICANTS • ASPHALT • KEROSENE • SOLVENTS • RUBBER • AND 43 OTHER PETROLEUM PRODUCTS**

## FLOOD WATERS IN SOUTH TEXAS RECEDING TODAY

**By UNITED PRESS**  
Flood waters receded today in the South Texas area of Pleasanton where yesterday a nine-inch rain flooded 50 homes and part of the town's business district.  
The Atascosa River and Bonita Creek, one of its tributaries, flooded considerable farm land yesterday and damaged probably will run as high as \$500,000, J. F. Andrews, publisher of the Pleasanton Express, estimated after consulting County Agent Dale Freiburger.  
A second crest on the Atascosa River hit the town about 3 A. M. today but it caused no additional new damage. "It was not nearly as large as we had anticipated," Andrews said.  
The town of 2,000 took immediate steps to borrow a fogging machine to spray the city with DDT. "There is so much water standing around," said Andrews, "that folks got scared about polo and decided on the spraying campaign."  
The Atascosa River was almost within its banks this morning and with no new rains in the area, it was expected to return to normalcy during the day.  
All roads in the Pleasanton area are open to traffic but some were badly washed. The Highway Department moved in and was making repairs.  
The Red Cross opened a temporary relief headquarters and a local disaster committee was busily taking care of the 35 families whose homes were damaged so badly by flood waters that they could not re-enter them.  
"The worst damage to the area was loss of top soil," Andrews said. "Some grain was lost, but fortunately most of it had been harvested."  
Rivers in East Texas were receding, too, after heavy weekend rains.  
Over the state, temperatures generally were several degrees lower than during last week's intense heat wave. Yesterday's high was 98 at Laredo and the low maximum 75 at Guadalupe Pass. Overnight, the low was 60 at Guadalupe Pass and the high minimum 81 at Galveston.  
Thundershowers were reported this morning at Abilene and Wichita Falls. Rainfall reports for the 24 hours ending at 6:30 A. M. today included 1.16 inches at San Antonio; Bryan .99; Austin .56; Tyler .41 and Houston .78.  
More thundershower activity was in prospect over the state, the weather bureau said.

## Shaw Celebrates 93rd Birthday

**AYOT ST. LAWRENCE, Eng.** July 26 (UP)—George Bernard Shaw celebrated his 93rd birthday today by telling friends that he well certainly live to be 100.  
The day marked a double event for Shaw—his birthday and a victory over auction sale bargain hunters.  
It was hard to say which pleased the bearded playwright most. Reaching 93—he thought he was going to die once when he was 91—is a sort of milestone for him on the way to the coveted century mark.  
The auction sale victory tickled Shaw because, in his incredible career of more than 75 years as a writing man, he has become known as the most rigidly businesslike of all successful authors.  
He is a rich man. His income tax is in the highest bracket in England. He lives in a large, beautifuly-kept mansion. There are two cars in his garage, one of them a Rolls Royce.  
But his eye for a royalty payment never has dimmed. Anywhere in the world where there is a Shaw play being performed there is a Shaw play being performed the sage of Ayot St. Lawrence is there in spirit watching the till for his share.  
"Don't be afraid of growing old," he told one birthday visitor. "All you have to worry about is getting over certain hurdles. The age of 35 to 40 claims many brilliant lives. And from 50 to 60 you must guard against ill health. After that you have a chance for 80 and you can really begin to enjoy life."  
**Hardly Worth While**  
**PORT HURON, Mich (UP)**—Gilbert Mailowski, 18, stole 82 cents and nearly paid with his life. The youth, who admitted breaking into a garage and taking the money, was captured after four police bullets narrowly missed his head.

## Alternate On Red Trial Jury

**NEW YORK, July 26, (UP)**—Federal Judge Harold R. Medina ordered an alternate to replace an ailing juror in the conspiracy trial of 11 top Communists today so the trial could be resumed.  
Medina instructed Mrs. Jane Schultz to take seat no. 5 in the jury box after he dismissed George L. Smith, a negro, from further jury service.  
Dr. Joseph E. Snyder of the Columbia University-Presbyterian Medical Center said Smith would be confined to the hospital for a minimum of five weeks for treatment of a vascular condition. His illness had delayed the trial since the middle of last week.  
Judge Medina warned reporters, the public, attorneys, and other jurors not to try to see Smith or write to him while the trial was in progress. The jury now consists of eight women and four men.

## It's a Small World

**HOLLAND, Mich (UP)**—C. Van Beekom, district agriculture supervisor in The Netherlands, and Dr. Johannes Linthorst Homan, head of town and farm planning in The Netherlands, worked on some of the same projects in their homeland but didn't meet until they had journeyed separately 4,000 miles to this community.  
**Takes Amputation Only**  
**SPOKANE, Wash. (UP)**—The courage of a man who had both legs amputated above the knees by a train amazed police officers here. Walter Howe, a transient from Texas, was found fully conscious and calmly asking for a cigarette. He said he thought he had been knocked out by a blow on the back of the head.

## 'Floor Plan' for a Gracious Entrance

First impressions are lasting and this distinctive hallway will be remembered for the gracious welcome it extends. The simple elegance of the entrance hall, with its Chinese theme, is carried through to the formal 18th century living room beyond. A floor of oak, which harmonizes with any setting, blends together the color and styling of the two rooms. In addition to serving as a transitional medium, the oak floor adds its own beauty of line and grain. The selection of flooring materials is an important part of successful home decoration. A helpful booklet on the subject, "Oak Floors for Your Home," may be had free by writing the Oak Flooring Information Service, 221 North LaSalle St., Chicago 1, Ill.

## Pope To Go To Summer Home

**VATICAN CITY, July 26, (UP)**—Pope Pius XII will leave the Vatican this weekend for his summer residence at Castel Gandolfo, 15 miles south of Rome, Vatican sources said today.  
The Pope already has ordered the suspension until October of "A tabella" audiences, those reserved for leaders of political administrative officers and the church authorities of the holy congregations.  
The sources said the Pope was expected to return to the Vatican in mid-November.

## They Mean Business

When the Tupelo Consolidated Schools annexed the Eubanks school district, a little community about 20 miles Southeast of Ada, Okla., and ordered the school house moved, the residents said no. They want to keep the school-house as a community building. Men of the community have armed themselves with guns and taken up a round-the-clock watch to see that the building stays in place. From left to right: Roy Mooney, Newt Hood, Frank Scott, Arnold LeFevers, and seated, Pat Ellis. (NEA Photo)

## Summer Fun

Katherine Bassett, Dallas, plays at White Rock Lake, one of her city's summertime diversions, as she urges her neighbors of the Southwest to come to Dallas for a week-end holiday or vacation. "Dallas Invites You" is the name of a civic hospitality program to help visitors to Dallas obtain hotel rooms, go sight-seeing and have fun. The committee, headed by Mayor Wallace Savage, has its headquarters in the Chamber of Commerce building.

## COMBINES COMBINE

**COMBINES COMBINE**—Martin S. Zimmerman, New Holland, Pa. farmer, is a man in a hurry when it comes to harvesting his big wheat crop. So he fixed up the unusual machine, above, by joining a standard automatic baler and a combine to make one machine that does several jobs. Here a two-man crew is cutting the ripe wheat, threshing it to separate chaff from grain, bagging the grain and baling the left-over wheat straw in one continuous operation. At left, an automatically twice-tied bale is ready to drop from the baler's chamber.

## Archbishop Hits Bathing Suits

VATICAN CITY, July 26 (UP)—The Archbishop of Genoa said today that modern bathing suits "violate the moral law and open the gates to the worst immorality."

Archbishop Giuseppe Siri condemned the beach attire of men as well as women in a pastoral letter published in the Vatican newspaper Osservatore Romano.

"The licentious attitudes and brazen exhibition, even for reasons of publicity, commonly admitted on the beaches certainly violate the moral law," he said. His letter asked priests to withhold absolution at the confessionals from those who continue in the "sinful self exhibition" on and near the beaches. It asked the faithful to conform to the standards of decency.

## Comedians Thru With Promotion Of Prize Fights

HOLLYWOOD, July 26 (UP)—Comedians Bud Abbott and Lou Costello said today they'll stick to movies and radio from here out and leave the business of promoting prize fights to somebody else.

They learned that their first fight-promotion—a light-weight title bout between Ike Williams and Enrique Bolanos here last week—earned only \$18,450 profit for the Lou Costello Jr. Youth Foundation although it drew a gross \$108,297.92.

They needed \$53,000 to avoid foreclosing of a mortgage on the \$347,000 boy's club on Los Angeles' east side and they had hoped to realize at least \$40,000 on the fight promotion.

"We're through with the fight game," Abbott said. "We were amateurs, but we thought we could do something with this."

The fight grossed \$108,297.92, but taxes cut the net down to \$85,873.51. Williams got \$6,376.11 and Bolanos \$14,877.58. That left \$64,619.82 for expenses and profit. The expenses were big.

## Race To Hospital Was False Alarm

SEATTLE, July 26, (UP)—Norman Flood, 26, was cited today for negligent driving after he tried to get Mrs. Lela Mae Drewery, 20, to the hospital ahead of the stork.

Flood, with Mrs. Drewery and her husband in his car, zipped through a stop sign, hit another car, sheared off a telephone pole and turned over. An ambulance took Mrs. Drewery the rest of the way to the hospital, where attendants found it was a false alarm. No one was injured.

**JUST HORSIN' AROUND**—Mrs. Angie Potvin hitchhikes her horse to a parking meter in Lawrence, Mass. Before doing her shopping. She's well within the law too. When a somewhat confused cop issued a ticket, Mrs. Potvin complained to the traffic division. The police chief cited a traffic ordinance describing a horse as "a means of transportation." So Mrs. Potvin—and the horse—are in the clear. The cop's still confused.

## Man Sentenced To Death For Twitchell Murder

KOUNTZE, Tex., July 26 (UP)—Alex (Frog) Leviness was under sentence of death today for his part in the slaying last Sept. 28 of Mrs. Eloise Twitchell, attractive Beaumont housewife.

The jury deliberated only about 45 minutes last night before finding the 27-year-old defendant guilty in the brutal slaying of Mrs. Twitchell on a remote country road near here.

Leviness took the verdict without show of emotion, and asked for a poll of the jurors.

Leviness did not testify in his own behalf. However, a confession which he made at the time of his arrest was used as evidence against him. It implicated his accomplice as the "trigger man" in the slaying.

Mrs. Twitchell's mutilated body was found beside a logging trail near here last Oct. 4, a week after she left her Beaumont home to visit her mother at Colmesneil.

Her automobile containing her personal effects, had been found several days earlier near Houston.

A widespread search was conducted for her murderers before Sheriff Buster Kern of Harris County arrested Leviness and Darius Goleman, 31, on June 29.

of court.  
 According to Leviness' statement, the two men used a pistol which they bought in a Beaumont pawnshop to kill Mrs. Twitchell. Leviness said Goleman shot the young wife of a merchant seaman twice as she pleaded with him to put the gun away, take her car and leave her alone. Then, he added, he finished beating her to death with the empty gun.

Mr. and Mrs. Raymond Walker spent the week-end in Dallas where they visited Mr. and Mrs. J. S. McBride.

### Red Hijackers Attack Americans

BRUNSWICK, Germany, July 26 (UP)—Lt. Harvey Konitz and his wife of San Antonio, Tex. were recovering today from injuries received in a mysterious attack by Russian-speaking hijackers Sunday night.

The couple was driving from Brunswick southward to Goslar when the gangsters driving a truck forced Konitz's car to halt. He was immediately seized by the hijackers who tried to force him into the truck.

Konitz's wife ran to his assistance. In the short battle that followed Konitz received a slight head injury and his wife's nose was broken. As they fled, a burst of automatic rifle fire was fired at their car.

Oregon's first telegraph company started operating in 1855.

## Society-Clubs

### WSSC Circle Meets Monday

The Betty Brittingham Circle of the Woman's Society of Christian Service of the First Methodist Church met Monday afternoon at 4 o'clock in the home of Mrs. J. A. Bates.

Mrs. S. M. McAnelly, circle leader, opened the meeting and the group joined in singing "Dear Lord and Father of Mankind." Mrs. Vernon Deffebach gave the devotional, based on the eleventh verse of the eighth chapter of John. She spoke on praising the Lord and the peace of the nation. Mrs. J. A. Johnson discussed the United Nations and Mrs. D. B. Holmes talked on the Security Council of the UN and other sections of the UN.

Mrs. Arthur Deffebach led the group in a quiz contest and at the close of a business session refreshments were served to the following members, Meses. McAnelly, A. H. Powell, S. B. Baker, Arthur Deffebach, Frank Williamson, R. L. Willis, J. T. Killingsworth, J. A. Johnson, Holmes, Vernon Deffebach, E. L. McMillan, W. C. Garrett, Charles P. Asherava, W. F. Cragger, Reba Veatch, of Fort Worth and Miss Mary Kohler.

The next meeting will be in the home of Mrs. J. J. Kelly with Mrs. Johnson and Mrs. Baker assisting the hostess.

### Alice Dennison Circle Meets

Mrs. L. R. Pearson, president of the Alice Dennison Circle, Women's Society of the First Methodist Church, presided at the monthly meeting, which met Monday afternoon in the home of Mrs. M. L. King.

The devotional was led by Mrs. R. E. Johnson, and the program chairman, Mrs. L. H. Hagaman gave a talk on the United Nations organization. Its policies, aims, and purposes were the highlights of an interesting discussion.

At the program's conclusion, refreshments were served to the following: Mesdames Mollie Patterson, A. J. Ratliff, E. C. Simmons, A. W. Brazda, J. L. Turner, L. H. Hagaman, L. R. Pearson, R. E. Johnson, Lee Dockery, T. L. Wilson, M. L. King, G. D. Nicholson, J. F. Killingsworth, and C. T. Babain.

### W. M. S. Has Bible Study Program

The Woman's Missionary Society of the First Baptist Church met Monday afternoon at 4 o'clock at the church for the monthly Bible Study.

Mrs. David C. Ham led the study which was based on "Faith." Mrs. Ham discussed faith from the standpoint of its importance, examples of faith and trials of faith.

### Young Women's Circle Has Meet

The Young Women's Circle of the Women's Society of Christian Service of the First Methodist Church met Monday afternoon at 4 o'clock in the home of Mrs. James Ratliff.

The devotional was led by Mrs. R. B. Thomas Jr. and the scripture was read by Mrs. Joe B. Scott.

The theme of the program was the United Nations with talks given by Mrs. Pat Thomas, Mrs. Bruce Maddox and Mrs. Scott. The program was followed by a short business session in which the name Gladys Betts Circle was adopted for the group.

Refreshments were served to Meses. Carrol Boone, Willis Clarke Jr., Morris Newnham, Deane Crawley, A. L. Rainwater, R. B. Thomas, Pat Thomas, Scott, Maddox, and Genevieve Boswell and the hostess.

### Vida Elliott Group Has Meet

The Vida Elliott group of the First Christian Church met for Bible Study Monday afternoon at 3 o'clock in the home of Mrs. Dick Jones.

Those attending were Meses. E. T. Matthews, Glenn Simon, R. F. Walker, Harry Warner, O. R. Ervin, B. S. Dudley, Henry Martin, A. H. Briden, Earl Bisset, B. H. Clifton, F. M. Moffett, R. A. Jones, W. E. Moore, Jim Wilson, Lottie Davenport, and Mrs. Jones.

Next Monday the group will meet in the home of Mrs. Matthews, 414 South Marston with Mrs. Davenport as the leader.

### Party Honors Joanna Berry

Mrs. James H. Berry entertained at her home Saturday with a lawn party honoring her daughter, Joanna on her third birthday.

During the afternoon the children enjoyed games and were given circus favors after which refreshments were served.

Children who attended were Lavanda Sly, Mary Ann Herweck, Richard Herweck, Mary Ruth Suffody, David Ham, Larry Jim Harris, Rickey Moore, Charles Casey and Judy Casey, Jennel Boyd, Darnell Boyd, Dana Lee Edwards, Katherine Stroud, and Melinda Sue Blackwell.

### Rutledge Wins Postponement

CEDAR RAPIDS, Ia., July 26 (UP)—Attorneys for Dr. Robert C. Rutledge, Jr. 28-year-old St. Louis baby doctor convicted of murdering his wife's seducer, today won a postponement on a hearing of a motion for a new trial.

Rutledge, held in Linn County jail in lieu of \$50,000 bond, could receive a minimum sentence of 10 years imprisonment or a maximum of life for the second-degree murder of Bryon Hattman, 29, St. Louis.

Rutledge's attorneys seek a new trial on grounds that a juror was prejudiced against Rutledge in the trial here last May.

The hearing originally was set for tomorrow, but District Judge J. E. Heiserman advanced it to August 1 after the lawyers told him they needed more time to prepare an answer to the state's argument against their motion.

## RAID ON RECLAMATION FUNDS REVEALED

### \$993,307,000 FOR 17 STATES

Library of Congress tabulation shows that total government appropriations for building reclamation projects in the 17 western reclamation states amounted to \$993,307,000 during the entire 11 year period from 1939 through 1949.

### \$738,000,000 FOR ONE STATE

Arizona is making Congressional bid for one irrigation project costing a minimum of \$738,000,000 for initial development only. Additional tunnels and dams would raise total project cost to an estimated \$1,500,000,000.

Backers of western reclamation development have expressed grave concern over possible fate of numerous state programs if Arizona's request for a huge irrigation project should be granted. They point out that this proposal gives Arizona the lion's share of all available funds. To meet such a threat, a fight is being waged behind the scenes in Congress over Senate Bill 75 and House Resolution 934. These are the controversial bills calling for the largest reclamation appropriation ever made to a single state. The reclamation states involved in this vital matter are: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming.

### Flood Control For Two Texas Rivers Sought

AUSTIN, July 26 (UP)—Top state officials sought action today by the Texas delegation in Washington on the Sabine-Neches River question.

U. S. Senator Lyndon Johnson and Tom Connally were asked yesterday to support a Sabine-Neches River authority to help prevent disastrous floods in Texas.

Gov. Allan Shivers, Attorney General Price Daniel and Railroad Commissioner William Murray, Jr. wired the senators that such a step would materialize help flood conditions as well as attract industry to the area.

They pointed out that "crops have been lost repeatedly in the Sabine and Neches Valleys, and oil wells damaged by the recurring floods."

The state officials added, "The location of large industry is being rendered difficult by lack of adequate water reserves."

In another petition for the river authority, Carl Estes, Longview newspaper publisher, urged the Texas delegation to work for an appropriation of \$137,000,000 for flood control improvements on the Sabine River.

### Dog Attacks Man Testing Fireplug

CINCINNATI, O. July 26 (UP)—Sam Rue, 26, city fireman, eyed his chewed ankle today and vowed to keep an eye on any and all nearby dogs when he tests another fire plug.

Rue was testing a plug yesterday when a dog walked up and bit him on the ankle.

"He acted like he owned that plug," said Rue. "He braced his legs and growled. I said, 'go away, I'm just testing it.' Guess he didn't believe me."

The dog's owner, John L. Jones Jr., said it was the first time his dog had ever bitten anybody.

"But it's the first time anybody's fooled around that plug," he added.

### Urges Caution On Rural Roads

AUSTIN, Tex., July 26, (UP)—Hundreds of Texans will be killed on the state's farm-to-market roads unless rural people learn to use the country roads properly, Charles A. Miller of Houston, president of the Safety Association, said today.

Miller pointed out that this is National Farm Safety week. Last year, he said, some 221 persons were killed on country roads. Only 77 have been killed thus far this year.

"Rural people must remember that a good farm road is a sub-standard highway," Miller said. It is "likely to be narrower and to have sharper turns and grades."

Another dangerous factor, he said, is the tendency people have to think they have the road all to

themselves. W. J. Elliott, chief of the highway patrol, pointed out that his
